

## **The Order 5661**

Chapter: 5661

But Chen Ping didn't know that Qi Peijia came here not to chase him, but to hunt for treasure!

"But don't worry, Master, Qi Peijia left and went to the top of the mountain, so we can't meet them when we go down the mountain now."

Seeing Chen Ping's face, Huofeng said quickly!

"Then what is Qi Peijia doing at the top of the mountain?"

Chen Ping frowned slightly!

"Mr. Chen, who is this Qi Peijia you are talking about? Just now, my daughter said that people from the Tianming Gang came and left without taking action."

At this time, Sheng Bushi came over!

It seems that Sheng Jiahui also told Sheng Bushi about what happened just now!

"It can be considered an enemy. This guy has been chasing me!" Chen Ping explained!

"Chasing Mr. Chen?"

Sheng Bushi was stunned for a moment, and then continued: "Mr. Chen, it seems that this person named Qi Peijia is related to the Tianming Gang. I think you should be careful. The Tianming Gang is ruthless, especially those who helped Zou Qi, the formation The spells are also very powerful."

"And it's rumored that this guy has a celestial eye and can see through everything, so it's better to be careful..."

“Then the Tian Ming Gang is nothing to worry about, but Qi Peijia, who is at the eighth level of the Tribulation Realm, is probably not that easy to deal with.”

At this time, Bai Qian said!

“Eighth level of transcending tribulation realm?”

Sheng Bushi was stunned for a moment, then smiled awkwardly and said: “For the eighth-level monks in the Tribulation Realm, there is really no need to take the Tianming Gang seriously...”

“Master, let’s get out of here!”

Huofeng stepped forward to persuade Chen Ping!

Chen Ping glanced at the towering mountain peak, then shook his head and said: “Go up the mountain, there must be treasures at the top of the mountain...”

“Master, but...”

Huofeng was about to say something, but Chen Ping waved his hand and said: “Needless to say, Qi Peijia must not let Qi Peijia get the treasure on this mountain peak.”

Seeing that Chen Ping had made up his mind, Huofeng said nothing more!

“Since you insist on going, then I will accompany you. Although Qi Peijia is an eighth-level monk in the Tribulation Realm, if he really wants to take action, I can still resist for a while!”

Bai Qian said to Chen Ping!

Chapter: 5662

“None of you should follow me, just wait here. It’s more convenient for me!”

Chen Ping said!

Chen Ping knew that there must be a formation on the mountain peak, and it would be very inconvenient to bring people with him. Moreover, Chen Ping was not afraid of Qi Peijia in the formation!

After all, it would be very difficult for Qi Peijia to forcefully break through this kind of magic circle left over from ancient times!

“Then be careful. If we can’t see you before sunset, we will go to the top of the mountain to find you!”

Bai Qian saw that Chen Ping wanted to go to the top of the mountain by himself, so he said!

“Okay!” Chen Ping nodded!

“Mr. Chen, you have to pay more attention. The spells of the Ming Gang are not simple.”

Sheng Bushi warned Chen Ping!

Chen Ping smiled slightly, and then quickly headed towards the top of the mountain!

Although Sheng Bushi was also curious about what treasures there were on the top of the mountain, he didn’t dare to go up to the top of the mountain when there were the Tianming Gang and the eighth-level monks of the Tribulation Realm!

Just as Chen Ping was rushing towards the top of the mountain, Qi Peijia and others had already reached the top of the mountain!

I saw a magnificent hall appearing in front of everyone!

The hall is surrounded by fairy mist, like a fairyland!

“Gang Leader, this...how can there be such a majestic hall here?”

Zou Qi looked at the hall in front of him and asked curiously!

Qi Peijia didn't know why there was a main hall. After observing for a while, Qi Peijia waved his hand and said: “Let's go in and take a look...”

Zou Qi asked two gang members to clear the way, and they followed closely behind!

Just after everyone entered the hall, there was a sudden soft chant and the whole hall buzzed!

Zou Qi's expression changed and she said: “Back off, back off quickly...”

But just as Zou Qi finished speaking, formation patterns appeared one after another, and then spread to the surroundings at an extremely fast speed, emitting brilliance!

A strange aura also began to fill the air!

But the two gangsters who were opening the way in front let out a scream at the same time, and their bodies fell to the ground with a crash, and there was a sword stuck in their chests!

Zou Qi was shocked and hurriedly took a closer look and found that the swords on the two gangsters were actually their own. Could it be that these two men committed suicide?

Chapter: 5663

Just when Zou Qi was confused, the array of children with array patterns continued to spread, and the entire hall was wrapped in array patterns. Everyone in the Tianming Gang saw this scene with fear on their faces!

“Break the formation, break the formation...”

Zou Qi shouted, knowing that some kind of formation in the hall was activated.

Along with Zou Qi’s shouting, the members of the Tianming Gang all leaned together tightly, and everyone pinched the magic formula, and their fingertips flashed with light!

Zou Qi waved both palms together, causing the formation pattern to stir continuously, while he stared closely at the formation pattern, looking for the formation eye to break the formation!

However, the formation patterns were like turbulence, constantly raging, and it was difficult to observe at all. From time to time, some people were injured by the turbulence of the formation patterns!

“Gang leader, this formation is too powerful, let’s go out...”

Zou Qi couldn’t hold on any longer, so he asked Qi Peijia!

Qi Peijia didn’t speak, but stared closely at the surging formations. Then the Tianming Eye opened, and the entire space instantly turned blood red!

The surging formations became extremely clear under Qi Peijia’s Tian Ming eyes. Even the direction and location of the surging formations were clearly visible to Qi Peijia.

“On the front left, fifteen steps away is the formation eye. These formation patterns all flow out from that place.”

Qi Peijia said loudly!

Upon hearing this, Zou Qi hurriedly followed Qi Peijia’s instructions and headed towards the formation eye against the surging formation patterns!

Just when Zou Qi punched the eye with all his strength, a gap suddenly opened, and Zou Qi was sucked into it!

Upon seeing this, Qi Peijia led Tian Ming and others to catch up quickly, but was also sucked into the gap!

Then the gap disappeared and returned to its original appearance, and the formation continued to surge!

But the few members of the Tianming Gang who were just injured have become abandoned and left behind!

Several people can only wait to be killed by the array pattern again!

At this moment, Chen Ping has also reached the top of the mountain!

Looking at the magnificent hall shrouded in fairy mist, Chen Ping was filled with doubts in his heart!

Although he was confused, Chen Ping still walked towards the main hall. He saw that the door of the main hall was open, and someone had obviously entered!

After Chen Ping took a look around, he also walked into the hall!

As soon as I walked into the hall, I noticed that the light in the hall was flashing and formations were surging. It was obvious that someone had activated the formation!

Looking at the chaotic formations, it looked like someone had just fought a fierce battle here!

Chapter: 5664

Chen Ping did not hesitate and walked directly into the surging formations, and his whole body was instantly surrounded by the formations!

The offensive formations began to attack Chen Ping!

Chen Ping saw several monks sitting cross-legged on the ground. There were wounds on their bodies and their faces were extremely pale. They were obviously seriously injured!

These are the members of the Tianming Gang who were attacked and injured in the formation. They were seriously injured and could not explore with Qi Peijia and the others, so they stayed behind!

Chen Ping took a look and guessed that these must be members of the Tianming Gang!

These people should have been injured by the formation and left here!

Chen Ping just glanced at them and didn't care about them. Instead, he seemed to have entered a no-man's land and walked directly towards the formation's eye!

Although this formation pattern is very powerful and highly aggressive, Chen Ping is not afraid at all!

Those formation patterns were heading towards Chen Ping, and Chen Ping didn't even bother to look at them!

Because Chen Ping had already seen that the attack of this formation could not cause him any harm!

Chen Ping's golden dragon avatar is made of copper and iron bones. His physical body has already reached a point of strength. This mere array pattern cannot hurt him!

The injured members of the Tian Ming Gang were all stunned when they saw Chen Ping walking towards the place where there was no one, as if he were entering a deserted place!

With so many people from the Tianming Gang, they couldn't break through the formation together, and many members of the gang were injured. In the end, it was the formation eye that Qi Peijia found with the Tianming Eye!

Now Chen Ping was alone, unscathed, and found the location of the formation very easily!

I saw Chen Ping lightly press his palm, a gap opened, and the huge suction force wanted to suck Chen Ping in!

But Chen Ping resisted and didn't let himself be sucked in!

Chen Ping's palm flashed with light, and then the light spread toward the surroundings through the array eyes!

In just the blink of an eye, the entire formation was detected, and the golden light kept flashing!

The gap slowly disappeared, and then the formation shattered and disappeared like a large piece of glass!

At this time, the injured Tianming Gang members were even more shocked. It was obvious that this formation only needed to find the formation eye to pass, and there was no need to destroy the formation!

But Chen Ping actually broke the formation directly. When the formation was broken, the magnificent hall just now disappeared without a trace!

Several injured members of the Tianming Gang looked around and found that they were on the top of the mountain, surrounded by mist, and even the shadow of the main hall was gone!

Just when a few people were confused, Chen Ping walked towards them!

“Are you from the Tianming Gang?”

Chapter: 5665

Chen Ping asked!

One of the Tianming Gang members nodded, and then asked timidly: "Fellow Taoist, we are from the Tianming Gang, who are you?"

Chen Ping did not answer, but continued to ask: "Where are the others in your Tianming Gang? Where is your gang leader?"

Chen Ping didn't know what the huge suction force from the gap was for. He was afraid that he would be in danger of being sucked in, so he resisted and destroyed the entire formation!

Now that the formation was destroyed, the gap disappeared, and even the main hall disappeared, Chen Ping did not see Qi Peijia and others. This made him very strange, so he asked!

"I don't know either. They were attracted away by the sudden gap in the formation just now."

"If you had come a step earlier, you might not have destroyed the formation and entered the gap that appeared, and you would have been able to see them!"

The members of the Ming Gang shook their heads and said that day!

When Chen Ping heard this, he was immediately annoyed. It seemed that the formation just now was just the beginning, and there would definitely be more formations later, but the formations were not in the same spatial dimension!

Anyone who can design such a series of formations and dimensions must be an immortal!

"Fellow Taoist, I don't know who you are?"

The Ming Gang members tentatively asked Chen Ping that day!

If Chen Ping were the enemy and they were all seriously injured at this moment, they would definitely die!

“I am the one who killed you...”

Chen Ping suddenly grinned!

Chen Ping’s smile was so terrifying that all the members of the Tianming Gang were shocked!

“Fellow Daoist, what grudge does our Tianming Gang have against you? Do you want to kill us?”

The members of the Ming Gang were frightened that day!

“You have no grievances against me, but I had a grudge against Qi Peijia, and now you are with that Qi Peijia, so you are also my enemies...”

Chen Ping explained with a sneer!

When several members of the Tianming Gang heard this, they were all dumbfounded. But before they could explain, Chen Ping suddenly waved his hand, and a ray of light flashed past. The seriously injured members of the Tianming Gang all had their heads removed. Got it!

After killing these Tianming Gang members, Chen Ping began to study how to enter the next space formation!

At this moment, Qi Peijia and others, after being sucked in, immediately arrived in another space, and saw that they were on a vast grassland.

The surroundings are flat and endless, but in the distance there is flying dust, and the earth is shaking, as if there are thousands of troops!

Chapter: 5666

“Gang leader, then... what is that?”

Zou Qi looked at the dust stirred up in the distance and said with some trembling!

Qi Peijia also frowned and stared into the distance!

Soon, monster beasts came from all directions, hundreds of them in total, and these monster beasts were huge in size, grinning, and extremely manic!

“There are so many monsters, run, run quickly...”

When the members of the Tianming Gang saw so many monsters, they immediately panicked!

“Don’t run, this must be an illusion. We are trapped in an illusion. We are on a mountain. How could we be on the grassland all of a sudden?”

Zou Qi reacted at this moment and quickly stopped the gang members who were about to escape!

When the Tian Ming Gang heard this, they also realized that they must be trapped in the illusion array, and the monsters in front of them were definitely illusions!

Thinking of this, these people were no longer afraid, but Qi Peijia kept frowning. He didn’t understand the magic formation, but the monsters in front of him from all directions gave him a very real feeling and aura!

He felt that none of these monsters were fake, but now he was not sure!

“Hmph, this little magic formation wants to trap me, it’s a joke...”

After Zou Qi knew that this was an illusion, he raised the corner of his mouth, then pinched the magic formula and muttered something!

A spell suddenly flew out of Zou Qi’s body and burned in mid-air!

“The energy of yin and yang, the mother of heaven and earth, the spirit of transformation, is at my disposal. It breaks the clouds and the sky, destroys dragons every day, and kills all things when the divine arrows strike!”

Zou Qi chanted the formula to break the illusory formation, and the flames of the talisman burned even more fiercely!

But the monsters from all directions seemed to be unimpeded and were still rushing towards them!

Looking at the monsters around them, the members of the Tianming Gang began to panic again!

They didn’t understand why Zou Qi’s technique didn’t work anymore!

Seeing that those monster beasts were about to rush in front of him, Qi Peijia had no choice but to open the Tianming Eye again!

Under the eyes of Tianming, all things are equal, and no one can escape this eye!

When the Dark Eye opened, the color of the world changed instantly, but those monster beasts still roared and rushed towards Qi Peijia and the others!

Qi Peijia’s expression changed: “This is not an illusion, these monsters are real. Run, run quickly...”

After Qi Peijia finished speaking, he left for the first month!

Chapter: 5667

Then he used space magic to escape quickly!

Qi Peijia ran away and completely ignored Zou Qi and others!

Seeing Qi Peijia running away, the people in the Tianming Gang also panicked!

Especially Zou Qi, who was sweating profusely, but it was of no use at all!

“Run, run quickly...”

Zou Qi finally stopped hoping for his own spell and turned around and started running!

If you run slower, you might be overwhelmed by these monsters!

At this moment, everyone in the Tianming Gang was scattered by the monsters!

After running for who knows how long, Zou Qi stopped panting, and then realized that there were only a few people around him, and the others and the Qi armors had gone to who knows where!

At this time, Zou Qi was a little exhausted.

“What the hell, what a shabby place. Is there any treasure? How could it be suddenly transmitted here?”

Looking at the endless grassland around him, Zou Qi panicked!

He doesn't want to be trapped here. If the battlefield between gods and demons ends by then, they will be trapped here!

Who knows when the battlefield between gods and demons will open again!

“Gang leader, what should we do?”

A member of the Tianming Gang looked around and asked timidly!

“What else can we do? Find a breakthrough. If we don’t get out, we will be trapped here.”

Zou Qi sighed and could only lead people to find a breakthrough!

Not long after Zou Qi and the others left, where they were originally standing, there was a sudden fluctuation in the void, followed by formations surging like waves!

A gap slowly appeared in the void, and Chen Ping jumped in directly from the gap!

It turned out that this was an illusory formation, but Qi Peijia’s Tianming eyes couldn’t see it and thought it was a real scene.

Chapter: 5668

Chen Ping looked at the situation around him, and he could tell at a glance that this was a phantom formation!

“What a powerful illusion formation, it can actually be so real...”

Chen Ping looked around and sighed!

At this time, bursts of screams came from not far away!

Chen Ping hurried over following the sound and found a group of monsters attacking several monks!

These monks are Zou Qi and the others. Now there are only a few of them left, and there is no way they can face so many monsters!

Seeing this scene, although Chen Ping didn't know Zou Qi and others, he also knew that these people must be from the Tianming Gang!

Chen Ping looked around and found that there were only Zou Qi and Qi Peijia. After thinking for a moment, Chen Ping smiled slightly!

I saw Chen Ping activating the Imitation Breathing Technique, and his whole person was changing rapidly. After a while, he turned into Qi Peijia!

Chen Ping took one look at his current appearance and smiled with satisfaction!

Although Chen Ping hasn't mastered it yet and his breath control is not very good, his appearance is exactly the same!

After Chen Ping transformed into Qi Peijia, he rushed forward, then slapped his palm, and a ripple vibrated in the void. Those ferocious monsters all slowly dissipated like reflections!

Zou Qi and the others were pale at this time, looking at the disappearing monsters, still breathing heavily!

"Gang leader, where did you just go? Fortunately, you showed up, otherwise we would be in danger."

When Zou Qi saw Qi Peijia, he felt a lot more at ease!

Several other members of the Tianming Gang also hurriedly followed Chen Ping to express their thanks!

If Chen Ping hadn't appeared in time, they would all have died here!

Chen Ping saw that none of these people saw through him, so he secretly breathed a sigh of relief!

But when Zou Qi called him the gang leader just now, Chen Ping realized that Qi Peijia had actually become the gang leader of the Tianming Gang!

“I just looked around to see how to get out of here.”

Chen Ping said perfunctorily!

“Gang leader, what method did you use just now? Those monsters have disappeared? It’s like those monsters are illusions.”

Zou Qi frowned slightly and asked in confusion!

“Those monsters are illusions, and now we are all in the illusion array...”

Chapter: 5669

Chen Ping said!

Zou Qi was stunned: “Gang Leader, didn’t you just say that it was not an illusion and that those monsters were real?”

“And those monsters can indeed cause harm, haven’t you seen it with your Tianming Eye?”

When Chen Ping heard this, his heart suddenly thumped, and he hurriedly explained: “I just looked at these monsters with Tian Ming’s eyes. They are indeed real, and they can also cause substantial damage, but they are just advanced phantom formations. My Tian Ming’s eyes are My eyes were deceived.”

“I checked it again with the Tian Ming Eye. I have discovered the eye of this phantom formation. As long as the eye is destroyed, we can leave here.”

“There is such a real illusory formation in the world. It is worthy of being set up by an immortal.” Zou Qi was very shocked after hearing this: “Gang leader, I don’t know where the eye of the formation is. Let’s break it quickly. It’s too scary here. Already...”

Chen Ping nodded and led Zou Qi and others to search for the formation eye!

Although this illusion formation was very advanced, it was nothing in Chen Ping's eyes. Chen Ping quickly found the location of the formation's eye!

"Gang leader, now that you have found the formation's eye, leave it to us to break the formation..."

Zou Qi hurriedly said attentively!

He couldn't show that he was too incompetent, otherwise Qi Peijia might not let him play!

Chen Ping nodded and watched from the side, while Zou Qi led several members of the Tianming Gang forward and began to use the formation eyes to break the formation!

Zou Qi did have a moment. After just a few minutes, the entire sky suddenly became extremely dark!

When the sky lit up again, Chen Ping found that they were already at the top of the mountain, and the simple and solemn hall in front of them appeared again!

"It's out, it's finally out..."

Zou Qi and others looked at the familiar hall in front of them and became excited!

After they entered this hall, they were trapped in various formations and almost lost their lives!

Chen Ping just looked at the hall in front of him. He could really feel that there were waves of immortal energy coming from the hall, and this immortal energy seemed to be different!

But Chen Ping couldn't tell for a moment what the difference was.

When Chen Ping walked into the hall for the first time, he didn't notice this fairy aura. Now that such a fairy aura suddenly appeared, Chen Ping felt very curious!

"You guys just wait here and I'll go in and take a look..."

Chen Ping asked Zou Qi and others to guard outside, and then walked towards the main hall!

Zou Qi and others nodded repeatedly, with faces full of joy. They didn't want to go in again, or they might lose their lives, but it wasn't worth it!

Chen Ping walked into the main hall and found that there was a copper tripod in the main hall, and inside the bronze tripod, there was some black liquid!

Chapter: 5670

And that special fairy energy actually emanated from the copper tripod!

Chen Ping looked around and found that the hall was empty and there was nothing left. This made Chen Ping very strange!

Obviously when he first entered the hall, there was no such bronze tripod!

Chen Ping got closer and took a closer look. The immortal energy was as vast as the sea, rushing straight towards Chen Ping. Chen Ping's pores opened and closed, absorbing the immortal energy crazily!

"Is this fairy liquid?" Chen Ping was a little surprised!

If the immortal energy is strong enough to a certain extent, it will condense into a liquid. If the bronze cauldron contains immortal liquid, you can imagine how much immortal energy this cauldron contains!

Chen Ping's Heart Condensation Technique began to work crazily, and there was a thin layer of fairy mist surrounding him!

Looking at the fairy liquid in the copper cauldron, Chen Ping really wanted to drink it directly. Although the fairy liquid looked dark, it was very helpful for cultivation!

Just when Chen Ping was hesitating whether to start drinking directly!

Suddenly the storage ring vibrated, and the spirit beast egg ran out on its own, and then plunged into the copper tripod!

The spirit beast egg seemed to feel the call of the fairy liquid!

The spirit beast egg jumped into the fairy liquid and began to roll continuously, as if it was taking a bath!

The tidal wave of fairy energy all around is like a tsunami, constantly surging along with the rolling of the spirit beast eggs!

A violent fairy energy formed a vortex with the spirit beast egg as the center!

Seeing this scene, Chen Ping really wanted to scold him!

I finally found the fairy liquid, so I should make good use of it and absorb it. Maybe I can improve my realm by two levels!

But what about now?

This spirit beast egg actually follows me to snatch these fairy liquids!

Chen Ping could only run the Heart Condensation Art as hard as he could, but the speed of absorption was far behind compared to the spirit beast egg!

Chen Ping watched helplessly as the immortal liquid in the copper cauldron became less and less, but there was nothing he could do!

“You have absorbed so much fairy energy, but you hatched it for me? You have always been an egg, and it has a purpose?”

Chen Ping cursed angrily!

This spirit beast egg will only rob him of his immortal energy and won't help at all!

If this could be hatched, it would be awesome if Chen Ping had an extra spiritual beast mount!
