

## **The Order 5891**

Chapter: 5891

“It’s rude to come and not reciprocate...”

Since Hu Er attacked him with light and electricity, Chen Ping also fought back!

“I didn’t expect that you, a mere second-grade monk in the Tribulation Realm, could also understand the origin of thunder and lightning. You really have some talent.”

After Hu Er finished speaking, thunder and lightning suddenly appeared all around his body, and he directly used thunder and lightning to form a shield, blocking Chen Ping’s thunder and lightning attack!

“You actually understood the origin of thunder and lightning...”

Chen Ping frowned slightly and said in surprise!

“Hahaha, my original power of thunder and lightning is much stronger than yours, and I can also directly transform into thunder and lightning. You, who are only at the second level of Tribulation Realm, want to compete with me. What a wishful thinking!”

Hu Er raised the corner of his mouth, then stretched out his hand to grab it, and the surrounding thunder and lightning instantly condensed into a spear!

On Chen Ping’s Dragon Slaying Sword, the power of thunder and lightning continued to bloom, and the power of thunder and lightning was constantly colliding!

Hu Da’s palm moved the black clouds in the sky, and those black clouds turned into giant pythons, roaring continuously!

Chen Ping looked at the two brothers Hu Da and Hu Er, with no trace of panic in his eyes!

Although Hu Er also understood the origin of thunder and lightning, compared with Chen Ping, he was simply dwarfed!

Chen Ping's origin space is the stars in the universe. A single thunder and lightning origin star is probably larger than Hu Er's origin space!

If Hu Er knew that Chen Ping's origin space was the stars in the universe, he probably wouldn't be so arrogant!

What's more, Chen Ping not only has the origin of thunder and lightning, he can completely integrate other origins to make the origin of thunder and lightning more offensive!

As for Hu Da's methods, Chen Ping was even more disdainful.

With the protection of the indestructible golden body, it would be impossible for Hu Da to hurt Chen Ping!

It's just that Devil Mountain Ghost Lao and the others don't know the situation and are still worried about Chen Ping!

Chen Ping fights against two brothers, Hu Da and Hu Er, alone!

After fighting for more than a dozen moves, they were not at a disadvantage!

At this time, both Hu Da and Hu Er were a little anxious, and cold sweat broke out on everyone's forehead!

Two monks of the sixth level of the Tribulation Realm can do nothing against a second-level monk of the Tribulation Realm. This is too embarrassing!

The two of them joined forces and still couldn't take down Chen Ping, which was beyond their expectations!

“I won’t play with you anymore...”

Chapter: 5892

Chen Ping suddenly had a flash of light in his eyes, and then there was a magic whip in his hand!

Then a whip was whipped towards Hu Da.

The demonic whip was still carrying extreme fire, which shocked Hu Da. His body quickly swept back, and the whip passed across Hu Da’s chest, and he almost hit it!

Even though he didn’t hit the mark, the aura on the magic whip made Hu Da feel dazed for a while!

Just when Hu Da was in a daze, Chen Ping slashed at Hu Er with his sword!

A whip and a sword, Chen Ping can actually use them at the same time!

Hu Er snorted coldly when he saw this, and then waved the thunder spear in his hand, instantly bursting out countless thunder!

Immediately afterwards, those thunder bombarded Chen Ping!

And on top of Hu Er’s spear, thunder and lightning were still bombarding!

Every thunder and lightning carries a breathtaking power, and black holes of different sizes are torn apart in the void by these thousands of thunder and lightning!

When Chen Ping saw this, a ball of thunder and lightning formed directly around his body, and then he rushed towards Hu Er without dodging!

“You still want to compare the power of thunder and lightning with me, it’s like hitting an egg against a stone!”

Seeing Chen Ping actually using the power of thunder and lightning to fight with him, Hu Er’s eyes were full of disdain!

The origin of thunder and lightning is his special skill. Not everyone can understand this kind of thing!

Thousands of thunder and lightning formed a huge cage in the void, covering Chen Ping in it, and then continued to squeeze it!

The thunder and lightning cage became smaller and smaller, and finally bound Chen Ping tightly!

boom!

As the thunder and lightning cage closed, there was a deafening explosion!

A burst of white smoke rose up, and Chen Ping’s figure disappeared in the thunder and lightning!

“Hahaha, with this little ability, I dare to resist.”

“But this physical body has all turned into nothing. I have to explain it to the Demon Sealing Alliance!”

Hu Er thought that Chen Ping was directly wiped out by the terrifying power of thunder and lightning!

“Hu Er, be careful...”

Just when Hu Er looked proud, Hu suddenly shouted!

Immediately afterwards, Hu Er felt a terrifying aura coming from above his head!

Hu Er quickly looked up and found Chen Ping, covered in thunder and lightning, looking down at him!

“You actually escaped?”

Hu Er was shocked, and then he pointed the thunder spear in his hand. From the spear, a thunder and lightning force as thick as a bucket hit Chen Ping directly!

However, Chen Ping did not dodge, but allowed the power of thunder and lightning to hit him!

The thunder and lightning around Chen Ping became entangled with Hu Er’s thunder and lightning!

Soon, Hu Er was surprised to find that the source of lightning in his body was being rapidly absorbed!

“Are you actually absorbing my original power?”

Hu Er’s face was full of surprise!

“What? Can’t you suck it?” Chen Ping asked with cold eyes!

“Do you know that my original space is a lake, and you still want to absorb my original power, which will directly burst your body.”

Hu Er didn’t take it seriously. After all, there was a huge source space that stored a lot of lightning sources. Chen Ping wanted to absorb them all. It was just a daydream!

Chapter: 5893

Under the Thunder Palm, Hu Da gritted his teeth, and the black mist around his body continued to solidify, forming a solid shield!

boom!

This palm hit Hu Da's body hard. In an instant, Hu Da's body fell deeply into the ground, and his whole person was submerged in the pit!

Seeing Chen Ping directly defeating Hu Da and Hu Er, Luo Shouhai and the others were also very surprised!

You must know that the other party is a sixth-level monk in the Tribulation Realm, and Hu Er has also understood the origin of thunder and lightning!

Chen Ping is only in the second level of Tribulation Realm!

The men brought by Hu Da and the others were looking at everything in front of them in disbelief.

Everyone opened their mouths and watched quietly, forgetting to run away!

Two monks of the sixth level of the Tribulation Realm were directly defeated by a second level of the Tribulation Realm!

And it's still easy to defeat!

This is simply outrageous!

No one believed their eyes, after all, these demon cultivators had never seen anything like this before!

Hu Da and Hu Er together, even if they fight with a seventh-level monk in the Tribulation Realm, they can probably fight each other!

But fighting with Chen Ping, a second-level Tribulation Realm master, he lost so quickly!

“Mr. Chen, you are awesome, you are so awesome...”

Ji Yun shouted excitedly!

They also didn't expect that Chen Ping could defeat two sixth-level cultivators in the Tribulation Realm so easily!

I originally thought there would be a fierce fight!

“How awesome are you? Do you really think our brothers can be defeated so easily?”

Hu Da's voice came out from the pit, and then the whole person flew out of the pit!

Although he looked a little embarrassed, he didn't seem to be too seriously injured!

Seeing Hu Da like that, Chen Ping frowned slightly!

He didn't expect that his Thunder Palm wouldn't kill this guy in one fell swoop!

It seems that someone who is in the sixth level of the Tribulation Realm is not so easy to kill!

Chapter: 5894

“A mere second-level Tribulation Realm master, who can beat our two brothers into such a state of embarrassment, must be quite capable!”

At this time, in another deep pit, Hu Er also jumped up!

Hu Er's body was covered in blood, and he was obviously more injured than you, Hu Da!

In Hu Er's body, there is not much power of thunder and lightning left, but at this time, Hu Er's body is wrapped in black mist and seems to be recovering quickly.

Seeing that Hu Er was not dead, Chen Ping became even more solemn!

In the five major sects' headquarters, the feeling of powerlessness due to lack of strength reappeared again!

If his realm had improved a little now, I am afraid that these two brothers would have died long ago and would not be still alive!

At this moment, Chen Ping felt very urgent. He wanted to improve his strength as soon as possible!

The demon cultivators brought by Hu Da and Hu Er breathed a sigh of relief after seeing that the two brothers were not dead and were not seriously injured.

It would be so embarrassing if the two of them were beaten to death by Chen Ping, a second-level monk in the Tribulation Realm, with just one palm and one punch!

"Hu Er, the two of us are struggling with him. He can't afford to waste us, so don't fight forcefully."

Hu Da could tell that Chen Ping wanted to win quickly and leave!

After all, if the fight continues like this, if someone comes, Chen Ping will really have no hope at all!

I don't know how many people are looking for traces of Chen Ping now!

A walking resource library that everyone wants to have!

“good.....”

Hu Er nodded, and then the two of them jumped up!

This time, the two of them attacked Chen Ping directly from a distance, and black mist shot out from their bodies!

When Chen Ping saw this, his brows furrowed slightly. He also knew that these two guys were really spending time with him!

So he took the magic whip, and the magic whip was burning with fire!

With the blow of the whip, all the black mist was dispersed, and then Chen Ping used the fire-bending steps to keep approaching the two of them!

When Hu Da and Hu Er saw this, they instinctively stepped back, trying to distance themselves from Chen Ping!

The magic whip in Chen Ping’s hand instantly pulled out with a loud bang!

This loud noise immediately made the two of them mentally stunned and their movements slowed down a bit!

Chapter: 5895

Chen Ping saw the opportunity and whipped the two of them hard with the magic whip!

The two people fell heavily to the ground, their faces full of ferocious pain.

The extreme fire on the magic whip left scars on the two of them, which looked very scary!

At this moment, the demon cultivators who had been relieved became nervous again!

Hu Er and Hu Da stood up, looked at themselves in a miserable state, and then looked at the magic whip in Chen Ping's hand. There was a bit of fear in their eyes!

After all, when the demonic whip hits others, it is painful, but when it hits demon cultivators like them, it is the kind of spiritual attack that is excruciatingly painful, and the whole person is a little confused!

“Brother, I fought hard for the centenary sacrifice of the Demon Sealing Alliance...”

Hu Er looked at Hu Da and said through gritted teeth!

It seems that the two of them still have methods that are useless!

“This is the last resort for us brothers. It seems that we must use it today...”

After Hu Da finished speaking, he stretched out his hand into his arms, and then a black array disk with array patterns flashing on it appeared!

Immediately afterwards, Hu Da forced out a drop of blood essence and dropped it on the formation plate!

The formation disk hummed for a while, and then quickly grew in size, and bloody lines began to appear around the ground!

“Retreat quickly, retreat quickly, this is the sacrificial blood array...”

When Sheng Bushi saw this, his face was filled with fright and panic, and he hurriedly called on the others to step back!

If trapped in this formation, none of them would be able to escape!

Several people tried their best to retreat into the distance!

At the same time, Sheng Bushi shouted to Chen Ping: "Mr. Chen, leave quickly. This is the sacrificial blood array, an array left behind during the battle between gods and demons."

"This kind of formation is very overbearing. Run away quickly..."

Sheng Bushi yelled and told Chen Ping to run away too!

But before Chen Ping could react, the large bloody formation immediately surrounded Chen Ping. The bloody formations around him were flashing and mysterious.

Moreover, this formation is very complicated, and it is difficult to find the location of the formation eye in a short time. The surroundings begin to be filled with bloody air, followed by bursts of shrill wailing sounds!

The wailing sound was not like an illusion, it sounded very real. Chen Ping couldn't help but follow the sound and was surprised to find that the demon cultivators brought by Hu Da and Hu Er were actually shrouded in blood-colored mist at this moment. The blood on everyone's body is constantly pouring out in all directions!

The blood of these demonic cultivators made the sacrificial blood formation even more dazzling. At the same time, within the formation, masses of blood mist were floating irregularly like sharp blades!

Chapter: 5896

When the blood of those demonic cultivators floats into the air, it will be quickly absorbed by the blood mist!

Chen Ping was very surprised. He didn't expect that Hu Da and Hu Er, in order to kill him, would even spare their own people after waiting for the hundred years of the Demon Sealing Alliance!

Soon, those demonic cultivators were all sucked into human bodies by the sacrificial blood array, without leaving even a drop of blood on their bodies!

After Hu Da and Hu Er looked at each other, they took the initiative to fly into the formation, allowing the surrounding blood mist to absorb the blood in their bodies!

The skin of the two people continued to ooze bright red blood, and the blood mist became even thicker!

Chen Ping was stunned. He didn't understand what was going on with Hu Da Hu Er. Did he have to sacrifice his own life?

If the two of them were sucked dry of blood by this sacrificial blood formation and died, what would be the point of killing Chen Ping!

Not to mention that the Demon Sealing Alliance has been enshrined for a hundred years, even if it is for a thousand years, what use will it be for ten thousand years!

Everyone is dead and there is no use for it at all!

But Chen Ping knew that these two guys couldn't be stupid enough to sacrifice their lives to the formation!

Sure enough, the blood on the two people seemed to have reached a certain concentration after being partially absorbed by the surrounding blood mist!

The blood mist started to rain like rain, and blood began to fall. Chen Ping's body was instantly stained red by the blood!

And the blood fell on the ground, and then began to flow along the lines in the ground!

"What are they doing?"

Luo Shouhai was very puzzled!

Sheng Bushi frowned and said solemnly: "These two brothers are too ruthless. In order to defeat Mr. Chen, they even sacrificed their own men."

"They are sacrificing this formation with blood. Only in this way can the power of this sacrificial blood formation be unleashed!"

"Are they crazy? If this continues, both of them will die." Ji Yun asked in confusion!

"The two of them will not die. Their blood is the key to activating the sacrificial blood array. I didn't expect that the array plate of the sacrificial blood array was hidden too deeply in the hands of the two brothers."

Sheng Bushi said in surprise!

"These two guys are actually from the blood demon lineage. They are really hidden deep enough."

"I don't know how these two guys concealed their auras. None of us could detect it at first."

Devil Mountain Ghost Elder also said in surprise!

"It seems that this sacrificial blood array can only be opened by those of our blood demon lineage. Even if others get it, it may not be of much use."

Chapter: 5897

"But these two guys have never revealed their identity as blood demons. They are really amazing!"

Luo Shouhai also looked solemn.

Luo Shouhai's Blood Spirit Valley is also from the blood demon lineage. He didn't even know that these two people were from the same ancestry and lineage as him at first, which showed that these two guys were hiding deep enough.

Formation disks like these left behind during the war between gods and demons are all good things from the fairy world or the demon world, and everyone wants to get them!

With the strength of Hu Da and Hu Er, who are at the sixth level of the Tribulation Realm, they are simply unable to protect the formation disk of the Blood Sacrifice Formation!

However, these two guys kept their composure and kept the formation disk hidden, never showing it to anyone, and no one knew that they had obtained the formation disk!

Moreover, the identity of the two people, who are of the same blood, is also well hidden.

If they hadn't been forced to do anything by Chen Ping today, and the hundred-year enshrinement of the Demon Sealing Alliance was too tempting, they wouldn't have taken out the formation disk!

At this moment, the sacrificial blood array was emitting a red light, the brilliance was getting richer and richer, and the smell of blood stretched out, covering dozens of miles around with this smell of blood!

Chen Ping's body was hanging in the air, looking at the blood soaked in his body, and then at the strange formation at his feet, he also frowned!

When the two of them fought, he could tell that these two were different from other demon cultivators!

"Mr. Chen, these two guys are from the blood demon lineage. It seems that they have been hiding their identities and they were forced to expose them today."

"Since they dare to be exposed, they must be sure to kill everyone, so that their identities will not be leaked."

Zhe Yan followed Chen Ping and said!

"No wonder I always feel that the aura of these two guys is different from other demon cultivators. It turns out that they have been deliberately concealing their identities."

“But why do they hide their identities as blood demons?”

Chen Ping didn't understand that other people would only hide their identities as demon cultivators, but no one would hide their lineage!

But Hu Da and Hu Er are not afraid that people will know their identities as demon cultivators, but they hide that they are of the blood demon lineage. This is very strange!

“I don't know about this. Maybe it has something to do with the sacrificial blood array. Obviously, this array can only be activated by the blood of the Blood Demon lineage.”

“They hide their identities as blood demons because they are afraid that others will know they have the array disk in their hands and start snatching it away.”

“After all, they only have the sixth-level strength of the Tribulation Realm. They are not considered experts in the world of heaven and humans. If someone really tries to snatch it away, it will be difficult for them to protect it.”

Zhe Yan analyzed it for Chen Ping!

“It's very possible that these two guys are very scheming. It seems that they have completely exposed their identities and taken out the array to make the final decision.”

Chen Ping's eyes were slightly focused, and he held the Dragon Slaying Sword and the Demonic Whip tightly in his hands!

Chapter: 5898

Now that Hu Da and Hu Er have revealed their final trump cards, Chen Ping cannot be careless!

“Hu Da, Hu Er, you and I are of the same lineage of blood demons and share the same sect. I advise you to stop.”

Luo Shouhai said loudly to Hu Da and Hu Er!

“Luo Shouhai, don’t play the emotional card on me. When we kill this Chen Ping, it will be your turn.”

“There is no way that our two brothers’ trump cards will be leaked to anyone.”

How could Hu Da stop at this time?

I saw a faint white light suddenly appear in Hu Da’s body, and then I saw Hu Da’s soul detached from the body!

The same goes for Hu Er. His soul instantly separated from his body, and then merged with the red blood mist in the formation!

The bodies of the two remained motionless, but the two white lights continued to collide with the bloody mist, causing the void to tremble!

Soon, two blood-red humanoid figures appeared, and their power continued to grow!

The blood mist in the formation seemed to be constantly providing strength to the two of them!

Chen Ping frowned. He had never seen a way to abandon the body and only use the soul to absorb power and improve cultivation!

Chen Ping didn’t dare to delay any longer, because he didn’t know how far these two guys would improve their strength!

The dragon-slaying sword and the magic whip in Chen Ping’s hand were shot at the same time!

Thousands of sword lights fell like a torrential rain, and the ultimate fire on the magic whip also turned into balls of fire and attacked!

Boom boom boom...

This time, Chen Ping did not dare to be careless at all, and used all his strength as soon as he took action!

But those thousands of sword lights and those balls of fire actually passed directly through the bodies of Hu Da and Hu Er and bombarded the ground!

“this.....”

Chen Ping frowned and was stunned!

“Mr. Chen, these guys are spirits. This kind of physical attack will probably not do much harm to them.”

Zhe Yan hurriedly smelled the fragrance and said!

Chen Ping nodded and understood, and then in Chen Ping’s sea of consciousness, light flickered out, and a series of spiritual attacks spread from all around Chen Ping!

Facing Chen Ping’s spiritual attack, the blood-red spirit bodies of Hu Da and Hu Er actually merged directly into one place!

Chapter: 5899

Countless blood mist swirled around the two spirit bodies like a whirlwind!

Any attack is blocked by this blood mist!

As the blood mist grew faster and faster, a whirlwind formed in the entire formation, causing the entire formation to be shrouded in blood mist!

Chen Ping's body hung in mid-air, also shrouded in the bloody mist!

People outside can't see Chen Ping clearly at all!

At this time, Huofeng and the others began to worry about Chen Ping!

After all, this sacrificial blood formation is too powerful, and Hu Da and Hu Er are also sixth-level monks in the Tribulation Realm, so they are not easy to deal with. Now that they have a large formation to rely on, they are afraid that Chen Ping will not be able to fight against the two of them!

But soon, the bloody mist slowly dissipated, and then Chen Ping's figure slowly appeared!

Chen Ping didn't seem to have changed much at this moment except that his face looked a little ugly!

But when all the blood mist disappeared, everyone was surprised to find that Hu Da and Hu Er's spirit bodies were missing!

On the ground, a humanoid figure more than two meters tall, with blood-red body and ferocious eyes appeared!

A terrifying aura emanates from this red human form!

Chen Ping's face was full of surprise. He had never thought about how the souls of two people could merge, and how could they turn into such an ugly guy?

Obviously, the red human form after the soul fusion of Hu Da and Hu Er has obviously improved a lot in strength and realm!

Following the roar of the red figure, a strong wind of spiritual energy blew up all around, and a force of pressure caused Chen Ping's body to instantly fall from the mid-air!

“This... what is going on? This guy actually has the peak strength of the eighth level of the Tribulation Realm. I can’t even compete with him.”

Demon Mountain Ghost looked at the red human form with a look of surprise on his face.

With the help of this sacrificial blood formation, the souls of two monks of the sixth level of the Tribulation Realm were fused into a body with the peak of the eighth level of the Tribulation Realm!

This is simply outrageous!

You know the strength of the eighth level of the Tribulation Realm, even if you beat ten or eight of the sixth level of the Tribulation Realm, it is no problem!

“As expected of a formation from heaven, it’s so powerful...”

Sheng Bushi sighed.

As a family of formation talismans, Sheng Bushi knew that even if their Sheng family had been practicing for several lifetimes, they would never be able to create such a powerful formation!

The bloody humanoid stared at Chen Ping and suddenly attacked Chen Ping!

Chapter: 5900

The body is like lightning, and the speed is extremely fast!

Chen Ping’s heart tightened. Although he had been promoted to the second level of the Tribulation Realm, it was still impossible to deal with the eighth level of the Tribulation Realm!

What’s more, there is a formation behind this guy that continuously provides power!

This bloody humanoid body is constantly flashing with formation patterns, which are connected to the surrounding sacrificial blood formations!

The priest blood array uses the blood within the array to continuously provide strength to the bloody humanoid.

At this moment, Chen Ping seemed to be in a deadlock!

The other party is at a higher level than you, is stronger, and has a steady flow of resources!

How to fight this?

At this moment, the transformed bloody monster came to Chen Ping in an instant.

An inaudible whimpering sound came from his mouth, and a bloody light shot out.

This brilliance continued to expand in Chen Ping's eyes. Chen Ping's body suddenly retreated, but the brilliance followed him like a shadow, always following him.

Chen Ping frowned, and the fire gathered in his palm, then turned into a huge burning shield in front of him, covering his whole body.

But when the brilliance flew, it did not hit the shield, but passed through it like an invisible object.

"How is this going?"

Chen Ping's pupils narrowed.

boom!

This brilliance hit Chen Ping's chest, causing him to fly backwards.

Chen Ping suddenly spat out a mouthful of blood, his face extremely pale.

"Master!" Huofeng saw this and shouted!

"Chen Ping!" Bai Qian was also extremely distressed.

"Mr. Chen....."

Luo Shouhai and the others were all worried about Chen Ping, but they were nervous at the moment and couldn't help at all.

"Don't be nervous, you won't die..."

Chen Ping forced a smile at everyone, then wiped the blood from the corner of his mouth, with a calm expression, holding the magic whip and making whip shadows.
