

## The Order 591

Chapter: 591

“Why are you laughing? Drive well...”

Chen Ping glared at Lin Tianhu!

The group of people soon arrived at the Jiang family villa. At this time, there was no one in the entire Jiang family villa. It seemed that the remaining people had already known the news of Jiang Zhengzhong's tragic death, and they all ran away without a trace!

After getting off the car, Chifeng looked at the luxurious villa of the Jiang family and said to Chen Ping: “Mr. Chen, you happen to have no place to stay in the provincial capital. This villa can be used as a place for Mr. Chen to stay!”

Chen Ping nodded and did not refuse. After all, he could not live in Gu Ling'er's house forever, and now that Su Yuqi was here, it was even more impossible for Chen Ping to live with Gu Ling'er!

When Gu Ling'er saw Chen Ping nodding in agreement, she didn't know why, but she felt a little disappointed, but she quickly adjusted herself and warned herself in her heart: “Chen Ping is your good friend's man, Gu Ling'er You have to respect yourself...”

Walking into the villa and looking at the luxurious decoration and antiques, you can imagine how luxurious Jiang Zhengzhong's life was!

Chen Ping, Su Yuqi and Gu Ling'er were sitting and chatting in the living room, waiting for Chifeng to raid the entire Jiang family!

But not long after that, a person from Chifeng Hall came over in a hurry: “Mr. Chen, the hall master invites you to come over...”

Seeing the anxious look of the people in Chifeng Hall, Chen Ping stood up suddenly: “What happened?”

“I don’t know either!” the person from Chifengtang replied.

Chen Ping followed the people from Chifengtang. Su Yuqi and Gu Ling’er were curious and followed him!

When they arrived at a remote courtyard of the villa, they saw Chi Feng and Lin Tianhu leading people around the courtyard, with anger in their eyes.

“Chifeng, what’s wrong?”

Chen Ping asked Chi Feng.

“Mr. Chen, take a look for yourself!” Chifeng said from a room in the courtyard.

Chen Ping looked inside the room and found that there were more than a dozen girls locked inside. When these girls saw Chen Ping and the others, they all looked frightened and curled up together. They were obviously very frightened!

“What on earth is going on?” Chen Ping frowned tightly.

“Mr. Chen, I just asked. These girls were all captured by Jiang Zhengzhong. The oldest is only eighteen years old.”

“Why did Jiang Zhengzhong arrest so many girls?” Chen Ping wondered. Even if Jiang Zhengzhong was very perverted, he wouldn’t need so many girls!

“These girls don’t know why they were arrested, but Jiang Zhengzhong would send people to select two girls every day, wash and dress them up and send them away. The girls who were sent away never came back. I suspect that something bad happened to those girls! ”

Chifeng’s eyes were full of anger.

As a woman, Chifeng sympathized with these girls. Su Yuqi and Gu Ling'er, too, saw these girls being locked up and so frightened that they all gritted their teeth in anger!

Chen Ping's brows were tightly knitted together. Chi Feng's words about "unexpected encounter" made him feel inwardly!

Chapter: 592

"Send someone to take care of these girls and send them home one by one. You all follow me!"

After Chen Ping finished speaking, he walked out of the room!

Standing in the yard, Chen Ping closed his eyes slightly and muttered something. Suddenly his hands passed in front of his eyes. When Chen Ping opened his eyes again, there was a trace of red light in his eyes!

Chen Ping glanced around the villa, and finally looked to a place not far away in the southwest!

In Chen Ping's eyes, he saw billowing black smoke rising from that place, and then condensed into black clouds in mid-air, and did not disperse for a long time!

"Such a heavy resentment?"

Chen Ping withdrew his gaze and his face became extremely ugly!

Rushing forward with a vigorous stride, Chen Ping headed straight to the southwest. Chifeng and the others saw this and followed closely behind.

After running for about three or four miles, Chen Ping stopped on a small dirt patch and saw freshly turned soil everywhere.

Chen Ping took a glance and suddenly found an earring in the mud. Finding an earring in such a place made Chen Ping's face extremely gloomy!

Although he couldn't believe it, the earring in his hand might confirm his guess!

After a while, Chifeng and the others arrived. Chen Ping was so fast that they couldn't keep up!

"Mr. Chen, is this where????"

Chifeng looked at the newly dug dirt on the ground and seemed to have thought of something.

"Send people to dig up everything here..."

Chen Ping did not answer Chifeng, but asked Chifeng to send people to dig out everything here!

Soon, Chifeng sent people to start digging, and then the bodies of girls were dug out one after another.

The corpses of these girls have scars all over their bodies, and they look terrible!

"Wow....."

Su Yuqi couldn't bear it anymore and vomited it out in one mouthful!

Everyone else's eyes were filled with anger and their teeth were clenching!

"This Jiang Zhengzhong, it would be too easy to kill him..."

Gu Ling'er's eyes were red and she gritted her teeth.

Lin Tianhu, an underground emperor who kills without batting an eyelid, his eyes turned red and his stomach turned upside down when he saw this scene!

Chapter: 593

Chen Ping didn't say a word, the killing intent on his body soared into the sky, and his eyes were extremely fierce!

"Mr. Chen, although Jiang Zhengzhong is ruthless, I have never heard of him doing this in so many years. This may have been done by someone else!"

Chi Feng whispered to Chen Ping.

It's not that Chi Feng is excusing Jiang Zhengzhong. These girls were captured by Jiang Zhengzhong, and it is impossible to exonerate Jiang Zhengzhong. It's just that Chi Feng feels that such a cruel method is not done by Jiang Zhengzhong!

After Chifeng finished speaking, a person suddenly flashed in Chen Ping's mind, that is Master Buhuo, who looked at him with kind eyes and an immortal demeanor!

"Take care of the remains of these girls and bury them properly!"

After Chen Ping finished speaking, he looked up in the air. Suddenly he pointed his finger, and a golden light shot out, and then disappeared instantly in mid-air!

The black cloud of resentment in the mid-air instantly dissipated under the golden light, and finally disappeared without a trace!

These grievances are excellent cultivation resources for Chen Ping, but Chen Ping will not absorb these grievances. He just dispels them so that these girls can be reincarnated again!

When he returned to the villa, Chen Ping's face had always been unhappy, while Su Yuqi kept vomiting, and Gu Ling'er was persuading her!

About a few hours later, the entire Jiang family was searched, and the last pile of contract documents and several large bags of medicinal materials were placed in front of Chen Ping.

Chifeng walked in with a lot of women's underwear and said to Chen Ping: "Mr. Chen, these were all found in one room. I checked the surveillance and found that the room is where Master Buhuo lives!"

"This sanctimonious guy is worse than a beast!"

When Lin Tianhu heard this, his teeth itched with anger.

Chen Ping was not surprised, he seemed to have guessed it.

"Southwest Xuanyue Valley..." Chen Ping's eyes narrowed slightly and he looked toward the southwest: "I will make you pay the price!"

"Mr. Chen, these are some business family contracts cooperated under the name of the Jiang family..."

Chifeng handed the document to Chen Ping and said.

Chen Ping said without even looking at it: "I'll leave these to you. What I want is what's in that bag!"

Chifeng put down the documents, then opened one of the bags and said, "Mr. Chen, here are some precious medicinal materials, but they are all miraculous medicines that are more than a hundred years old!"

Needless to say, Chifeng had already known that Chen Ping had already sensed such a strong aura.

But what makes Chen Ping strange is that the Jiang family has so many medicinal materials that are over a hundred years old. You must know that Chen Ping has not found so many medicinal materials that are more than a hundred years old in Yuncheng, which is known as the medicine capital.

In the entire Jiangbei Province, Yuncheng has the largest medicinal material base. Could it be that the Jiang family did not purchase these medicinal materials from Yuncheng?

“How come the Jiang family has so many hundred-year-old elixirs? I’m afraid these medicinal materials are more abundant than those in Yuncheng!”

Chapter: 594

Chen Ping expressed his doubts!

“Mr. Chen doesn’t know that these medicinal materials were purchased by the Jiang family from the King of Medicine’s Mansion. I found out the contract between the Jiang family and the King of Medicine’s Mansion. They did not purchase them from Yuncheng. Moreover, the century-old medicinal materials that enter Yuncheng usually cost After passing through the hands of Yao Wangfu, those with good quality will be kept by Yaowang Fu!”

Chi Feng followed Chen Ping and explained.

“Yaowang Mansion?” Chen Ping was stunned. He had indeed never heard of it. After all, Chen Ping had only entered this level for just two months. He was just an ordinary person before, so he was not exposed to many things!

“The Medicine King’s Mansion is located in Tianfeng Town under the jurisdiction of the provincial capital. It is known as a small medicine capital. The Medicine King’s Mansion mainly specializes in elixir refining. Many people in the martial arts circles in the provincial capital have almost bought their elixirs, but from now on This is the first time I have heard that the Medicine King’s Palace purchases medicinal materials. After all, these medicines are carefully selected by the Medicine King’s Palace itself and will not be sold easily!”

Hearing Chifeng’s explanation, Chen Ping became extremely excited. He didn’t expect that there was such a place in Jiangbei. No wonder the century-old medicinal materials in front of him were of the highest quality. They had been selected long ago!

“Did the green pill that Jiang Zhengzhong took on the ring be purchased from the Medicine King’s Mansion?”

At this time, Chen Ping remembered the bursting pill that Jiang Zhengzhong had taken.

Chifeng shook his head: “The rules of Yaowang Palace are very strict. They will not refine and sell this kind of elixir. They only sell ordinary marrow-cleansing pills, bone-strengthening pills, and body-building pills. If Yaowang Palace If you sell this kind of elixir that can enhance your strength in a short time at will, I’m afraid the entire martial arts world will be in chaos!”

Chen Ping nodded and understood instantly. It seemed that the Medicine King’s Mansion was not only good at refining elixirs, but also had a deep understanding of business. If they sold all kinds of elixirs at will and caused chaos in the entire martial arts world, what would happen to Yao Wang Valley? , a hundred harms and no benefit.

It was precisely because of the rules of Yaowang Mansion that Jiang Zhengzhong would not hesitate to invite Master Buhuo from the Xuanyue Valley in the southwest to refine the life-sustaining pill. Otherwise, why would he bother to look far away from the near.

“It seems that if I have a chance, I’m going to go to the Medicine King’s Mansion for a tour!”

Chen Ping’s eyes were flashing with excitement. If he could take the King of Medicine’s Mansion as his own, wouldn’t he be able to get a lot of resources instantly?

However, Chen Ping can’t do anything about robbery by force. He can go to the Yaowang Mansion to negotiate and spend money to buy their medicinal materials. If the Jiang family can buy it, then he can definitely do it!

“Mr. Chen, the owner of the Medicine King’s Palace is very eccentric and won’t meet strangers easily. Moreover, the Medicine King’s Palace is backed by a big family in Kyoto. The medicinal materials from all over the country will be screened by the Medicine King Valley before being sent to other places. We need to go somewhere else, otherwise it would be impossible for just one Medicine King’s Mansion to collect so many precious medicinal materials!”

“However, the Jiang family and Yaowang’s Mansion signed a tens of billions of orders, and the medicinal materials here are only part of it. If Mr. Chen needs medicinal materials, we can continue to cooperate with Yaowang’s Mansion in the name of the Jiang family, but... but this follow-up funds... ..”

Chifeng said with some embarrassment.

Tens of billions of funds are really an astronomical figure for Chifengtang, and Chifeng simply cannot afford such a large amount of money!

“Send someone to follow Prince Yao’s Mansion to continue the negotiation in the name of the Jiang family. You don’t need to worry about the funding issue. I will find a way...”

Chen Ping would not give up so many precious medicinal materials just because of money. These are his precious cultivation resources!

Now there is a lack of spiritual energy in nature. As Chen Ping becomes stronger and stronger, this thin spiritual energy can no longer support Chen Ping’s cultivation, so Chen Ping has to find another way!

This journey of cultivating immortality is indeed hundreds of times better than practicing martial arts, but there is one thing: it is too expensive...

Chi Feng left. Chen Ping looked at the bags of century-old medicinal materials in front of him and the thousand-year-old ginseng. He felt a little excited. With these things, he might be able to break through the Qi training stage and enter the foundation building stage. !

Although it is only a level improvement, the strength will increase exponentially. There is a huge difference between the Qi refining stage and the foundation building stage. Only when you enter the foundation building stage can you become a true immortal cultivator, which is what the world calls an immortal. Got it!

Chapter: 595

“Looks like I’m going to try to break through!”

Chen Ping thought, and got up to call Lin Tianhu. Breaking through the foundation building period cannot be completed in an hour or three. It may take several days.

During these few days of his breakthrough, he must not be disturbed. These days are also when he is most vulnerable. If an enemy comes to visit, Chen Ping may not be able to fight back, so he has to ask Lin Tianhu to protect him. , .

“Mr. Chen, don’t worry, even if I, Lin Tianhu, lose my life, I won’t allow others to disturb you!”

Lin Tianhu said confidently.

“If you have any trouble, you can ask Chifeng for help. I’ll leave it to you these days!”

Chen Ping patted Lin Tianhu on the shoulder.

After explaining to Lin Tianhu, Chen Ping called Su Yuqi and asked her to follow Gu Ling’er in the provincial capital these days. He had some things to do.

Su Yuqi was very sensible and didn’t ask any more questions. She just told Chen Ping to pay attention to safety!

After explaining everything, Chen Ping locked himself in the room. A faint flame emerged from his hands, and he waved suddenly. The flames wrapped the medicinal materials. Chen Ping had to refine the Spirit Gathering Pill first, and then eat the Spirit Gathering Heaven. Start breaking through!

After practicing for a day and a night, these medicinal materials were refined into the Spirit Gathering Pill. Chen Ping did not hesitate at all. After swallowing it in one gulp, he felt the spiritual energy in his body rushing out instantly. Chen Ping hurriedly ran the Heart Condensation Technique. Refining these spiritual energies!

At this time, cyclones were spinning rapidly around Chen Ping, and even the house where Chen Ping was located was wrapped in a light white mist!

Lin Tianhu, who was protecting the law outside, looked at the house wrapped in the mist and couldn’t help but marvel!

Just when Chen Ping was in a breakthrough, thousands of kilometers away in Xuanyue Valley in the southwest, seven or eight people were sitting in the hall, headed by a man wearing a robe and a brass mask. It doesn’t matter whether this person is male or female, old or young!

This person is Qian Feng, the master of Xuanyue Valley, and no one knows his true identity.

“Valley Master, the old boy has been there for a few days, and I still can’t contact him. Could it be that this guy ran away with the medicinal materials given to us in Xuanyue Valley?”

One of them spoke.

“It’s impossible. Even if you give him some courage, he won’t dare. Although he doesn’t think that guy is lustful, he still doesn’t have the courage to betray the Valley Master!”

Someone started to refute!

“Then why can’t I contact you?”

After asking this question, the scene instantly fell into silence because no one could explain it.

“Buhuo is dead...”

The leader Qian Feng spoke, and took out a centipede that was more than ten centimeters long from the black clay pot on the side. This centipede was completely black and looked very scary, but this centipede was dead at this time!

“Buhu’s Gu insect is dead, which proves that he is no longer in this world...” Qian Feng threw the centipede to the ground and said lightly.

Chapter: 596

In Xuanyue Valley, everyone has voodoo bugs. These voodoo bugs come in pairs, one male and one female. The female voodoo bug will be put into the person’s body, and the male voodoo bug will be adopted into the money family. In Feng’s black clay pot, because as long as one of these Gu insects dies, the other one will also die together no matter where it is, so Qian Feng uses this method to control the entire Xuanyue Valley!

If someone dares to betray him, he can kill the Gu worm in his hand, and the Gu worm on the betrayer will also die, and the betrayer will die with him!

But the same thing, if the person with the Gu worm on his body dies, the Gu worm in Qian Feng's hand will also die with him!

“this.....”

When everyone saw the Gu worm, they were all surprised!

“Although there are martial arts masters in Jiangbei Province, who has the ability to kill Buhuo? Could it be that the Jiang family rebelled, and after getting the elixir, they didn't want to provide us with medicinal materials, so they killed and silenced them?”

Someone speculated.

“Impossible. The Valley Master has told us that only after obtaining the medicinal materials will he refine the life-sustaining pill for the Jiang family. Besides, no Jiang family dares to go against our Xuanyue Valley!”

Objections were raised.

“Is it the King of Medicine's Mansion? You must know that this is the territory of the King of Medicine's Mansion, and the people of the King of Medicine's Mansion have always claimed to be an upright family and look down on us heretics. Now that our people are on their territory, how can they just sit idly by and ignore us?”

One of the gray-haired old men frowned deeply.

“Third Elder, we have no grievances with Prince Yao's Mansion. Although they can't understand our style, we have been getting along peacefully for so many years. Besides, this is not the first time our people have gone to Jiangbei. It is impossible for them to go to Prince Yao's Mansion this time. Can't you stand it?”

Someone asked the gray-haired old man.

“It’s hard to say. Who knows what’s going on with King Yao’s Mansion? Who else in Jiangbei besides King Yao’s Mansion can kill Buhuo? Just those so-called martial arts masters? They’re just a bunch of reckless men...”

The gray-haired old man snorted coldly, obviously disdainful of the warrior.

“Okay, don’t argue anymore. Send someone to find out and we’ll find out. If it’s really King Yao’s Mansion who takes action, don’t blame us for being rude!”

Qian Feng said in a cold voice.

.....

In Tianfeng Town, the capital of Jiangbei Province, there is a mansion covering an area of several thousand square meters!

This is Yaowang Mansion. There are hundreds of medicine shops around Yaowang Mansion, and what these medicine shops sell are not elixirs, but medicine dregs. The medicine dregs that remain after Yaowang Mansion refines the elixirs, even if they are medicine dregs, They are all hot commodities in the provincial capital!

“Master, there have been a lot of small pills like this in Yuncheng recently. I have sent people to carefully study the ingredients, the refining methods, and even the efficacy. This pill can be said to be a miracle medicine. !”

The steward of Yaowang Mansion walked into the palace master’s room with a small returning pill and said.

“Lao Qiu, you have been refining alchemy all your life, and I have never heard you say whose elixir is a miracle medicine. Please tell me...”

Sun Simiao, the master of Yaowang Palace, took a sip of tea and asked lightly.

Chapter: 597

“Master, this elixir can strengthen the body and cure all kinds of diseases, and it has a very significant effect on men. Compared with our marrow-cleansing elixir, the bone-strengthening elixir is much more effective, but the ingredients of this elixir are what I It turns out that they are just some very common medicinal materials, and the cost is very low. I can’t figure out the refining method yet. If our elixir can be made from ordinary medicinal materials, the profit will be very considerable! ”

The butler explained carefully.

“Oh? Is there such a thing?” Sun Simiao’s eyes lit up and he looked very interested: “Then you go and investigate and find out who refined this elixir. I don’t even know that there is anyone in Jiangbei Province who can. Refining this elixir!”

“Got it!” The butler nodded.

But just as the housekeeper was about to leave, Sun Simiao immediately stopped the housekeeper: “By the way, are the Jiang family’s medicinal materials ready? Let them hurry up and settle the balance.”

The housekeeper asked with a puzzled look on his face: “Master, we are already in short supply of medicinal materials, why would you agree to sell them to the Jiang family?”

“There are people in the Jiang family in Kyoto. This is the boss’s word. You don’t need to ask about other things!”

Sun Simiao waved his hand and asked the housekeeper to leave!

In a small hotel in the provincial capital!

Although it has been several days since Chen Ping killed Jiang Zhengzhong and Master Na Buhuo, the popularity has not diminished, and everyone is still discussing this matter after dinner!

“You didn’t see it at all. That Chen Ping was so magical that the head of the Jiang family even knelt down at that time. Not to mention how embarrassed he was, he was still slapped to death!”

“There is also that guy with an immortal spirit who looks sanctimonious, but is actually a wizard. He has several imps with him, but in the end, Chen Ping devoured them all!”

“Well, Chen Ping is young, and now he is afraid that no one in the entire provincial capital can defeat him. At that time, the Wu family wanted him to be the leader of the alliance, but he didn’t agree. If it had been left to me, I would have agreed long ago. This is martial arts. Alliance leader, how awesome!”

“You don’t know, I heard that Chen Ping was the reincarnation of an immortal. At that time, several immortals descended to earth to protect Chen Ping.”

In front of a table, several young people were drinking and discussing the situation in the ring the past few days!

In fact, most people have not seen the situation at the scene, and they are just hearing about it, but this rumor is getting more and more mysterious as it spreads!

The speaker was unintentional but the listener was interested. At a nearby dining table, a man in a robe was eating with his head lowered. But at this time, the man raised his ears and listened to the discussion of several young people next door!

“Brother, what did you just say? You are both a kid and a god. It’s so mysterious...”

The man in robe walked to the next door with a wine glass in hand and asked the young people who were talking about it.

Several young people looked up and one of them said, “You’re not from the provincial capital, are you?”

The man in the robe shook his head: “I’m from the southwest, and I came here to do business!”

“It’s no wonder. You don’t know about such a big thing. Let me tell you, a big thing happened in our provincial capital recently. There was a handsome young man named Chen Ping, who was just over 20 years old. He directly beat to death a Nei Jin. The Grand Master, and a man named... Master Buhuo, were also beaten to death. I heard that man was from the southwest of you!”

One of the young people explained!

When the man in the robe heard this, a cold light suddenly flashed in his eyes, but it was just fleeting. Then he smiled slightly and said: “This man named Chen Ping is really powerful. He can actually defeat Grandmaster Nei Jin. I don’t know where he lives.” ?”

Chapter: 598

“What? You want to see him for a discussion? But let me tell you, don’t waste your time. He closed the door to thank guests and saw no one. Many clan leaders and hall masters went to ask for a meeting, but they were all welcomed back. Now Chen Ping is here We’re staying in the Jiang family’s villa!”

A young man pointed in the direction of the Jiang family villa and said.

The man in the robe suddenly exuded a cold light. He glanced at the location of the Jiang family villa, turned around and left!

Outside the Jiang family villa!

Lin Tianhu had been guarding the place for several days. Because he was afraid of being disturbed, Chifeng sent hundreds of people to patrol the Jiang family villa non-stop!

Lin Tianhu also mobilized hundreds of people from Hongcheng and surrounded the entire Jiang family villa.

“I wonder if the palace master has made a breakthrough!”

Lin Tianhu looked at the white mist rising in Chen Ping’s room from a distance, thinking in his heart!

At this time, on the street not far from the Jiang family villa, the man in the robe frowned and stared in the direction of the Jiang family villa. Looking at the white mist condensing over the villa, the man in the robe murmured. He said to himself: "Sure enough, his moral conduct is not shallow. No wonder he was able to kill that old boy Buhuo!"

After saying that, the man in the robe took one step forward and disappeared in an instant, appearing in front of the villa the next second!

"who are you?"

The guard outside the villa saw someone suddenly appearing and hurriedly increased his vigilance and asked.

The man in the robe didn't say anything. He raised his hand and knocked the guard away.

Upon seeing this, the other guards picked up their weapons and rushed over. When Lin Tianhu heard the noise, he also hurried over!

When Lin Tianhu arrived, dozens of guards had surrounded the man in robes outside the villa!

Lin Tianhu looked at the silent guard on the ground and said with a cold expression, "Who are you?"

The man in the robe glanced at Lin Tianhu and said calmly: "Let the man named Chen Ping come out to die and kill my Xuanyue Valley man, how can he still be alive in the world!"

"People from Xuanyue Valley?" Lin Tianhu's frown deepened. He had seen Master Buhuo's ability. These people were all warlocks, and each of them had strong Taoist skills. If he were really allowed to fight with these people, he would probably be defeated in one round. Can't hold it up!

Turning his eyes slightly, Lin Tianhu said to the man in the robe: "You can go to Mr. Chen, tell your name first, and I will go and inform you. You must know that there are countless people who come to Mr.

Chen to discuss, and there are also people who want to kill him. There are too many, but Mr. Chen doesn't kill unknown people!"

"Hmph, how could I be an unknown person, the left patrol envoy of Xuanyue Valley, and come to take Chen Ping's head today!"

The man in the robe snorted coldly, and a terrifying aura suddenly erupted from his body!

"Wait a moment, I'll notify you right away!"

Lin Tianhu turned around and walked back to the villa. As soon as he entered the villa, Lin Tianhu anxiously took out his phone!

Chen Ping was practicing at this time and could not be disturbed at all, so he would not notify Chen Ping, but took out his phone and called Chi Feng!

Chapter: 599

Lin Tianhu knew how much he weighed. With his own strength and the addition of these guards, he might not be able to stop the people from Xuanyue Valley. If Chi Feng was to bring people here, they might be able to defeat Xuanyue Valley together. Stop the people!

After receiving the call from Lin Tianhu, Chifeng did not dare to hesitate at all, and hurried towards the Jiang family villa. At the same time, she notified Li Shouyi that if the critical moment came, let Li Shouyi use the official force to suppress it. It can be delayed for a while!

Xuanyue Valley's left inspector waited for a while and saw that Lin Tianhu hadn't come out yet. His brows furrowed involuntarily. Looking at the spiritual energy surging in the villa, Xuanyue Valley's left inspector knew that Chen Ping had not moved at all!

"Damn it, you dare to lie to me?"

Xuanyue Valley's left patrol envoy shouted angrily. He finally knew that this was Lin Tianhu's delaying strategy!

After an angry shout, Xuanyue Valley's left patrol officer rushed directly towards the villa, not caring about the guards around him!

"Stop him..."

At this time, the muscles all over Lin Tianhu's body bulged, and the veins on his face bulged. He used all his strength. Facing the people of Xuanyue Valley, Lin Tianhu did not dare to be careless at all!

"act recklessly....."

Xuanyue Valley's left patrol officer snorted coldly, waved his hand lightly, and directly knocked Lin Tianhu away, as easily as swatting a mosquito!

Lin Tianhu's body fell heavily to the ground, and a mouthful of blood spurted out!

"He must not be allowed to rush into the villa and disturb Mr. Chen..."

Lin Tianhu yelled with all his last strength!

Dozens of guards, with cold eyes in their eyes, each one looking forward to death. These guards are all members of Chifengtang, they have been strictly selected, and they are all extremely loyal!

But just when the guards were about to attack the Xuanyue Valley left patrol envoy, Chi Feng arrived with his people. There were hundreds of people, and they surrounded the Xuanyue Valley left patrol envoy several times. Chi Feng glanced at the injured Lin Tianhu, With a hint of concern on his face, he said, "Are you okay?"

"It's okay, I can't die..." Lin Tianhu said with a look of shame!

Chifeng turned his head and glared at the Xuanyue Valley left patrol envoy, and said in a cold voice: "You dare to seek revenge alone, you really don't take Chifengtang seriously!"

“Hmph, you are just a bunch of reckless people. In my eyes, you are just ants. How can you fall into my eyes?”

The Xuanyue Valley’s left patrol officer sneered, and instantly attacked Chi Feng!

The speed of Xuanyue Valley’s left patrol envoy was so fast that Chifeng almost didn’t react at all, and directly knocked the Xuanyue Valley left patrol envoy away with a palm!

The dignified Grandmaster Jin, in front of the Xuanyue Valley Left Patrol Envoy, had no power to fight back!

“Chifeng...” Lin Tianhu saw this and wanted to get up with difficulty. He went over to take a look at Chifeng, but unfortunately he couldn’t get up at this time!

“Bold maniac, this is a provincial capital. If you dare to hurt someone, don’t you have the righteousness in your eyes?”

Li Shouyi came with the people from the Guardian Pavilion. Because he was afraid that Su Yuqi would worry, Li Shouyi did not inform Gu Ling’er. If Gu Ling’er knew about it, Su Yuqi would definitely know about it too.

Chapter: 600

“Go away...” The left patrol officer of Xuanyue Valley glanced at Li Shouyi: “The Dharma Protector Pavilion is nothing in my eyes. If you don’t want to die, get away!”

Li Shouyi was stunned, his face turned red and white, and he was so embarrassed!

“Come together and kill him...”

Seeing that the other party was not afraid of the Dharma Protector Pavilion at all, Chifeng could only use the advantage of numbers to stop the Xuanyue Valley Left Patrol Envoy!

“kill.....”

Hundreds of people from Chifengtang, armed with weapons, swarmed toward the Xuanyue Valley Left Patrol Envoy!

Facing the attack of hundreds of people, Xuanyue Valley's left patrol officer raised the corner of his mouth, his face full of disdain.

"Crying to hide the truth..."

Xuanyue Valley's left patrol envoy suddenly shouted loudly, and with a wave of his robe, the entire sky suddenly became dark. Rolling black mist poured out from under the Xuanyue Valley left patrol envoy's robe, and immediately covered the sky. Day, I can't see my fingers out of my hand!

At this time, the people in Chifengtang were in chaos, and they couldn't see the direction at all. Then there were bursts of screams. Each scream meant that a person from Chifengtang had encountered something unexpected!

"Hahaha... Hahaha... In my formation, I am the master, and you won't be able to catch me without any help!"

The Xuanyue Valley left patrol envoy suddenly laughed wildly, and his laughter was extremely terrifying!

Chifeng listened to the screams of her men and felt extremely painful. She knew that if this continued, all her people would die sooner or later, but she could not order a retreat. Now she could only use the lives of her men to delay Chen Ping's time. !

Chifeng's heart was full of torment. These subordinates had been loyal to her for many years, and they died tragically one by one. Chifeng's eyes turned red!

"Mr. Chen, please wake up quickly..."

Lin Tianhu felt heartbroken when he saw Chi Feng like that, and screamed miserably!

“Lin Tianhu, even if he dies, I can’t let him rush into the villa. I’ll leave first...”

After Chifeng finished speaking, he rushed into the thick black mist!

“Red Phoenix...” Lin Tianhu clenched his fists and beat the ground hard, his eyes filled with tears!

He likes Chifeng, and he hasn’t confessed his love to Chifeng yet, but soon Chifeng will leave forever!

Li Shouyi and the people from the Dharma Protector Pavilion looked on dumbfounded. Even if Li Shouyi wanted to help, he couldn’t help at all.
