

The Order 5961

Chapter: 5961

But when Chen Ping heard that Sect Leader Jiang actually had to wait for several days, he couldn't help but frown slightly!

Because Sect Leader Jiang is burning his true energy to maintain his current life. How can he reshape Zhe Yan's body after everyone dies in a few days?

Seeing Chen Ping's expression, Jiang Yulian hurriedly explained: "Mr. Cheng, master has just recovered from a serious illness. He needs to recover before he can be more confident. You must know that there is a chance of failure in rebuilding the physical body."

"And to reshape the physical body, we also need to prepare a lot of things, and it doesn't happen overnight."

Jiang Yulian thought Chen Ping was unhappy!

"Miss Jiang has misunderstood. Since Sect Master Jiang has agreed, it doesn't matter if we wait for a few days..."

Chen Ping quickly squeezed out a smile and said!

After dinner, Chen Ping was arranged in the largest room. Although the room was a bit crude, it was the best for the Soul Demon Sect!

"Mr. Chen, the life of Sect Leader Jiang is about to expire. If you say he won't live for three days, then..."

Zhe Yan was a little worried. If Sect Leader Jiang could not live for three days, how could he reshape his body?

"Don't worry, don't talk about his declining life. Even if he dies, I will take him back from the underworld and reshape his body for you."

Chen Ping said with a smile!

“Mr. Chen, do you have a way to end the decline of Sect Master Jiang?”

Zhe Yan was a little surprised!

“How can I change the way of heaven and stop the decline of lifespan, but I can help Sect Master Jiang improve his cultivation realm. As long as his realm improves, the decline of lifespan will naturally end, and his lifespan will be increased a lot.”

Chen Ping explained!

“Improve your cultivation level?” Zhe Yan said a little speechlessly: “Then it seems that Sect Leader Jiang should be at the seventh level of the Tribulation Realm. Improving your cultivation level is not easy...”

“Then Sect Master Jiang does have the seventh level of the Tribulation Realm, and he is at the peak of the seventh level. With a little improvement, he can break through to the eighth level.”

“It’s just that his current physical condition cannot withstand thunder tribulation at all. Even a small level of thunder tribulation can wipe him out.”

“Now we can only find a way to help him improve his realm and at the same time enable him to withstand the attack of thunder tribulation. As long as he survives the thunder tribulation, the decline of Sect Leader Jiang’s life will naturally disappear.”

Chen Ping said calmly!

When Zhe Yan heard that Chen Ping had already figured out a solution, he felt relieved. After all, it was very rare to find an opportunity to reshape his body!

Chen Ping started refining the elixirs overnight. He wanted to prepare all the elixirs he needed when Sect Leader Jiang's lifespan declined!

For two days, Chen Ping refined a lot of elixirs. These elixirs can completely increase the strength of Sect Master Jiang to the eighth level of Daodu Tribulation Realm!

Chapter: 5962

"Mr. Cheng, Mr. Cheng..."

Just two days later, Jiang Yulian suddenly found Chen Ping anxiously!

Chen Ping opened the door and saw Jiang Yulian's face full of tears. She had already cried!

"Miss Jiang, is Sect Master Jiang ill again?"

Chen Ping had already guessed it when he saw Jiang Yulian arriving!

"Yes, Master, he is in a coma, his whole body has aged, and his hair has turned white again. Mr. Cheng, please go and have a look quickly..."

Jiang Yulian was very anxious and started crying again.

"Miss Jiang, don't worry, I'll go and have a look with you..."

After Chen Ping finished speaking, he followed Jiang Yulian and left quickly!

When Chen Ping arrived at Sect Master Jiang's room, he found that it was full of people. Sect Master Jiang was lying on the bed. He was extremely thin and his hair was gray!

Chen Ping stepped forward and immediately poured in a burst of spiritual energy, and then Sect Leader Jiang slowly woke up!

“Master...”

Seeing that Sect Master Jiang was awake, Jiang Yulian, Zheng Jian and others all shouted!

“Ms. Jiang, if you two stay, let the others leave. Too many people will affect the treatment!”

Chen Ping frowned slightly when he saw the room full of people crying!

Jiang Yulian nodded and hurriedly drove everyone out!

“Sect Master Jiang, how do you feel?”

Chen Ping asked Sect Leader Jiang!

Sect Leader Jiang glanced at Chen Ping, and then lamented: “It seems that my life span is really declining. Mr. Cheng is right. My Yang Yuan is about to expire and I am dying. It is not because of illness.”

“Then Divine Doctor Liu deceived us and took away the Demonic Dragon Ginseng. I can feel that my end is coming.”

After Sect Master Jiang finished speaking, he glanced at Jiang Yulian and Zheng Jian and said, “Listen, you two, after I die, I will immediately take the Soul Demon Sect to a more remote place. There will be no need to track down any traitors. We are all captured by that.” Doctor Liu was deceived.”

“He must have leaked your whereabouts, and then gave the soul-fixing pearl to the other party. He knew that I was suffering from longevity, and deliberately said that the Heavenly Demonic Dragon Ginseng could cure me, just to get the Heavenly Demonic Dragon Ginseng!”

“Master...” Jiang Yulian and Zheng Jian knelt on the ground and started crying!

Jiang Yulian even saved Chen Ping's leg: "Mr. Cheng, please save my master. As long as you can cure my master, I can do anything you ask me to do..."

Chen Ping has transformed into a middle-aged uncle at this moment. Jiang Yulian can still say such things, which proves that she cares too much about her master!

"Miss Jiang, I will try my best to restore Sect Leader Jiang, don't worry!"

Chen Ping helped Jiang Yulian up, then looked at Sect Master Jiang and said: "Sect Master Jiang, I have known for a long time that your life is about to decline, so I have specially refined a lot of elixirs in the past two days. You can take these elixirs. ."

Chen Ping took out the elixir he refined and handed it into the hands of Sect Leader Jiang!

"Mr. Cheng, thank you for your kindness. It's just that my life is declining because of heaven. It's due to the end of my Yang Yuan. No pill can stop it."

"Everyone has to die, even monks cannot avoid it. This is the law of heaven and cannot be changed. It's just a pity that I can't help your friend reshape his body!"

Jiang Zongzong is dead, but he is still thinking about reshaping Zhe Yan's body!

"Sect Leader Jiang, the laws of heaven cannot be violated, but if your realm improves, your lifespan will also increase. This does not violate the laws of heaven."

Chen Ping said!

"Mr. Cheng, I know what you mean, but even if I improve my realm now, I won't be able to withstand the thunder tribulation at all. When the time comes, I will be reduced to ashes and not even a whole corpse will be left. I might as well die slowly like this!"

Sect Leader Jiang slowly shook his head and said!

“Sect Leader Jiang, I can find a way to help you survive the thunder tribulation. Now the improvement of your realm is your only chance to survive. Although the thunder tribulation cannot be overcome 100%, there is always a chance.”

“But if you continue to waste it like this, you will definitely die, and there will be no chance...”

Chen Ping persuaded Sect Master Jiang!

After all, this kind of thing can only be done if Sect Leader Jiang agrees and he has a strong desire to live. If he wants to die, there is nothing Chen Ping can do!

Chapter: 5963

Listening to Chen Ping’s words, Sect Master Jiang hesitated, but at this time Jiang Yulian and Zheng Jian hurriedly said: “Master, just listen to Mr. Cheng, maybe it can really succeed. If you continue to use it now, I’m afraid There really is no chance!”

“Okay, let’s try...”

Sect Leader Jiang nodded and said!

Since it’s all about death, let’s treat a dead horse as a living horse doctor!

When Chen Ping saw that Sect Master Jiang had agreed, he stepped forward and put his hand on Sect Master Jiang’s wrist. A stream of spiritual energy entered Jiang Sect Master’s body instantly, and then began to quickly circle around Sect Master Jiang’s body!

“The internal organs have decayed, and there is a strong sense of death in the body. What is even more difficult is that the soul has also shown signs of dissipating.”

Chen Ping frowned and said calmly!

“Mr. Cheng, our Soul Demon Sect has soul-enhancing elixirs, so you don’t have to worry about the soul. We have ways to protect Master’s soul from dissipating.”

“I also ask Mr. Cheng not to let Master’s body decline and Shou Yuan not disappear...”

Jiang Yulian said to Chen Ping!

“Well, Miss Jiang, please go get the elixir. Without further ado, I will let Sect Master Jiang achieve a breakthrough now.”

Chen Ping said to Jiang Yulian!

Jiang Yulian nodded and quickly went to get the elixir, while Chen Ping asked Sect Master Jiang to take the elixir he had refined in the past two days!

After Sect Leader Jiang took the elixir, a breath began to surge in his body, and the bottleneck of his realm was about to be broken through!

But this is also the most dangerous time. When the bottleneck breaks through, there will definitely be a thunder disaster!

With Sect Master Jiang’s current physical condition, he is afraid that the first lightning tribulation will wipe him out!

Jiang Yulian also brought the elixir to protect the soul from being dissipated and asked Sect Leader Jiang to take it!

“Mr. Cheng, can master in this situation be able to block the thunder tribulation? You must know that thunder tribulation cannot be directly replaced by others. If it can be replaced by others, dozens of disciples of our Soul Demon Sect are willing to block the thunder tribulation for the master. Robbery.”

Zheng Jian asked Chen Ping in confusion!

He didn't understand what method Chen Ping used to allow his master to survive the terrifying thunder catastrophe in such a weak condition?

"My method is not 100% perfect, but there is always a chance!"

After Chen Ping finished speaking, he looked at Sect Master Jiang solemnly and said, "Sect Master Jiang, how long will it take to break through the realm?"

"You can do it at any time. I'm just trying my best to control it now, otherwise the thunder will strike at any time."

Sect Leader Jiang was also panicking at the moment. Although his life span was over, no one wanted to die!

Chapter: 5964

If there is a chance to live, I will seize it!

"Sect Leader Jiang, please break through. It's a blessing, not a curse. It's a curse that cannot be avoided..."

After Chen Ping finished speaking, he grabbed Sect Master Jiang with one hand, and a dragon's power poured into Sect Master Jiang!

"This...this power..."

Sect Leader Jiang suddenly opened his eyes and looked at Chen Ping in disbelief!

He felt that this place was so strange that Sect Leader Jiang's voice trembled!

"Sect Leader Jiang, my power may be able to help you, but you must rely on your own thoughts and your own belief in living."

Chen Ping said to Sect Leader Jiang!

“I see.....”

Sect Leader Jiang nodded vigorously!

At this moment, Sect Leader Jiang’s eyes were full of hope, and he seemed to be energetic instantly!

Regarding the changes in their master, Jiang Yulian and Zheng Jian were very curious about what kind of power Chen Ping used on their master!

While Chen Ping was injecting the power of the dragon into Jiang Sect’s main body, he also used his spiritual consciousness to look at the little sky-swallowing beast in his storage ring. This little guy was sleeping soundly and sweetly.

Chen Ping knew that his divine dragon power could not completely help Sect Master Jiang block the thunder tribulation. Sect Master Jiang would eventually need to use his own body to resist!

But this little sky-swallowing beast is different. If this little guy is willing to help, even this little thunder calamity will be swallowed by it!

At that time, Demon Mountain Ghost Lao met Demon Jie Yun, and he was swallowed directly by this little guy!

This little sky-swallowing beast is a magical beast from the heavenly world. Its strength is beyond the reach of monks like the heavenly and human world!

What’s more, Sect Leader Jiang is breaking through to a small realm, so the thunder tribulation will not be as fierce as when breaking through to a big realm!

For this little sky-swallowing beast, this kind of thunder disaster is like drizzle!

But Chen Ping is not sure now whether this little guy is willing to help, and Chen Ping can't control it, it all depends on his mood!

The reason why Chen Ping inspired the power of the divine dragon and injected it into Sect Master Jiang was so that he could exude the aura of the divine dragon when the thunder calamity bombarded him!

You must know that the dragon is the master of all beasts in the heaven. This little sky-swallowing beast may feel the dragon's breath and help!

Chen Ping also used the power of the divine dragon when he helped Demon Mountain Ghost Elder, but Chen Ping was not sure whether this little guy helped because of the power of the divine dragon!

Now I can only try it!

Chapter: 5965

"Mr. Cheng, no matter whether the farmer escapes this disaster today, you are still the benefactor of our Soul Demon Sect."

"Yulian, Zheng Jian, listen carefully. Even if you die as your teacher, you must treat Mr. Cheng as a guest without any slight or resentment."

Sect Leader Jiang explained!

He was afraid that he would die in a thunderstorm, and many disciples of the Soul Demon Sect would complain about Chen Ping.

"Master, please obey your instructions!"

Jiang Yulian and Zheng Jian knelt on the ground and said!

“Sect Master Jiang, don’t be so pessimistic and start making breakthroughs!”

Chen Ping said to Sect Leader Jiang!

Sect Master Jiang nodded, and then suddenly a breath rose from his body to the sky. This was a breath that broke through the realm!

As this aura rose, thunder clouds began to gather in the sky!

When Chen Ping saw this, he closed his eyes slightly, putting himself in a state of complete meditation, and the power of the dragon continued to enter the body of Sect Leader Jiang!

Rumble.....

Suddenly, a thunder catastrophe crashed down, and the thunder catastrophe shuttled through the clouds, it was very scary!

The first thunderstorm hit Sect Leader Jiang!

Jiang Yulian and Zheng Jian were kneeling on the ground, extremely nervous!

As the thunder tribulation hit Sect Master Jiang, Sect Master Jiang remained motionless, but it was obvious that the aura in his body had weakened a lot. As the aura weakened, Yang Yuan was losing more rapidly, and the death energy in his body continued to grow!

Sect Leader Jiang’s breathing began to become rapid, and his body had aged a lot again!

The current Sect Leader Jiang is like a corpse, with only weak breathing and a mouthful of Yang Yuan hanging from it!

Although this first thunder tribulation did not wipe out Sect Master Jiang, it did make Sect Master Jiang seem to be dead!

Even with the blessing of Chen Ping's divine dragon power, Sect Leader Jiang's fragile body simply cannot withstand the complete thunder tribulation!

Seeing this scene, Jiang Yulian and Zheng Jian panicked!

If another lightning disaster strikes now, their master will definitely be wiped out in ashes!

Chen Ping also frowned, and then stared closely at the little sky-swallowing beast!

But the little guy was still sleeping soundly, and there was no movement at all!

Chapter: 5966

Chen Ping was a little anxious!

"Baby, wake up and do me a favor..."

Chen Ping screamed in his heart, hoping that the little swallowing beast would wake up and help!

He could help Sect Leader Jiang barely resist the first thunder catastrophe, but he was incapable of resisting the second one!

Chen Ping no longer injects the power of the divine dragon into Sect Master Jiang's body. The power of the divine dragon has also dissipated under the thunder tribulation just now!

Now Chen Ping can only bet on whether this little sky-swallowing beast can wake up and eat the thunder calamity!

Rumble.....

In an instant, a red light flashed in the thunder cloud, followed by another thunder strike!

Feeling the thunder tribulation crashing down, Chen Ping was instantly discouraged. He bet that the little sky-swallowing beast could help, but he was afraid he would lose the bet!

Jiang Yulian and Zheng Jian even looked ashen!

Seeing the thunder calamity falling from the sky, they had no choice but to watch their master disappear into ashes in front of them, not even a body left behind!

Seeing the thunder calamity reaching the top of Sect Master Jiang's head!

Suddenly, a golden light emanated from Chen Ping!

Then the golden light went straight towards the Thunder Tribulation, but in the blink of an eye, the Thunder Tribulation suddenly disappeared!

Jiang Yulian and Zheng Jian were both dumbfounded!

They have never seen a thunder calamity disappear halfway!

Chen Ping looked up, with a smile on his face!

In the astonishment of Jiang Yulian and Zheng Jian, the golden light shot straight into the sky and headed towards the thunder cloud!

The originally dark sky became clear in an instant after the golden light shot into the thunder clouds!

And the black thunder cloud disappeared!

“Lei Jie Yun is missing?”

Zheng Jian’s face was full of surprise: “This...there were only two thunder tribulations, why did the thunder tribulation cloud disappear?”

“What’s going on? What was that golden light that came out of Mr. Cheng’s body just now?”

Jiang Yulian also looked confused!

Chapter: 5967

Chen Ping also showed a slightly surprised expression. He didn’t expect that this little sky-swallowing beast would actually swallow the Thunder Tribulation Cloud!

Being able to swallow thunder calamity is enough of a pervert, but I didn’t expect that he would even swallow the thunder calamity cloud!

Even the old nest was taken away, and the thunder calamity disappeared directly!

With the disappearance of the Thunder Tribulation Cloud, Sect Master Jiang had finally passed through the Thunder Tribulation. His whole body was instantly full of vitality. He no longer looked like he had declined before. He was full of energy and his cultivation aura was much stronger!

The white hair has turned black again, and there are no wrinkles on his face, as if he has returned to middle age!

Breaking through a small realm in the Tribulation Realm and increasing your lifespan by hundreds of years is nothing!

If you can ascend to immortality, you don’t have to worry about longevity. Very few immortals die because their longevity is exhausted!

“Master, Master.....”

Jiang Yulian and Zheng Jian were so excited that they shouted loudly!

Sect Master Jiang slowly opened his eyes. He could feel that his body was full of vitality. As for what method Chen Ping used to help him survive the thunderstorm, he didn't know, but he knew that it was all Chen Ping's credit!

“Thank you Mr. Cheng...”

As Sect Leader Jiang said, he knelt down in front of Chen Ping!

“Sect Master Jiang, I am just doing something with my hands. This is why Sect Master Jiang's life should not be cut off...”

Chen Ping quickly helped Sect Master Jiang up and said!

“Mr. Cheng, I'm very curious, how did you help me block the thunder disaster?”

Sect Leader Jiang asked very curiously!

“Master, Mr. Cheng did not help you block the thunder tribulation, but directly dispersed the thunder tribulation cloud and made the thunder tribulation disappear.”

Jiang Yulian said quickly!

“What? Dispel the thunder clouds?”

Sect Master Jiang's eyes widened: “I have never heard that thunder clouds can be dispelled...”

“Master, it’s true. After the first thunder tribulation, there was the second thunder tribulation. But before that thunder tribulation hit you, you were directly hit by a golden light from Mr. Cheng, and the thunder tribulation disappeared. , and then the golden light went straight into the thunder cloud!”

“In just a blink of an eye, the thunder tribulation cloud disappeared, and you also survived the thunder tribulation...”

Zheng Jian also said quickly!

This shocked Sect Leader Jiang. He had never heard of such a situation before!

Chapter: 5968

“Mr. Cheng, can you tell me what magical power you used to disperse the thunder clouds?”

Sect Leader Jiang asked very curiously!

Chen Ping could only smile awkwardly and said: “Sect Master Jiang, there are some things that I can’t tell you, so please don’t take offense to me!”

Chen Ping couldn’t tell them that the Thunder Tribulation Cloud wasn’t driven away, but was eaten by the Sky-Swallowing Beast, right?

I guess these people won’t believe it either!

“I understand, I understand...”

Sect Master Jiang nodded repeatedly. After all, Chen Ping’s current identity is very mysterious!

Ever since Chen Ping injected the power of the dragon into him, Sect Leader Jiang already knew that Chen Ping was deliberately hiding his aura!

Maybe the appearance in front of him has also changed, but no matter what the reason is for Chen Ping, Sect Leader Jiang does not intend to go into details. After all, Chen Ping saved his life!

“Master, there is a residual soul in Mr. Cheng’s body. It is his friend and has been living in his body. He wants to reshape his friend’s body...”

Jiang Yulian followed Sect Leader Jiang and said!

When Sect Leader Jiang heard this, he immediately smiled and said: “It’s not difficult to reshape the body. Mr. Cheng, come with me...”

Sect Master Jiang stood up and then led Chen Ping towards the depths of the sect!

It wasn’t until they reached the place where the soul flower was blooming that Sect Leader Jiang stopped!

“Mr. Cheng, please release your friend’s remnant soul. There is a soul flower here to protect your friend’s remnant soul. Your friend’s remnant soul will not dissipate.”

Sect Master Jiang said to Chen Ping!

“good.....”

Chen Ping nodded, and then said to Zhe Yan: “Zhe Yan, are you willing to reshape your body now?”

After all, Zhe Yan must agree to this kind of thing!

“Mr. Chen, I am willing, I am willing...”

Zhe Yan said excitedly!

Although it is good to be in Chen Ping's sea of consciousness and gain a lot of knowledge, Zhe Yan may have his own body, especially after seeing Jiang Yulian, he hopes even more eagerly!

He fell in love with Jiang Yulian at first sight and his heart beat wildly, so after he recovered his physical body, he could pursue Jiang Yulian!

Seeing that Zhe Yan agreed, Chen Ping made a move!

Chapter: 5969

Suddenly, from between Chen Ping's eyebrows, Zhe Yan's remnant soul flew out and fell into the soul flower!

Zhe Yan's remnant soul was very weak and not a complete soul. At that time, Chen Ping controlled Zhe Yan's remnant soul because he only wanted to know some things about the demons from his mouth and had no intention of letting him reshape his body!

However, after this period of contact, Zhe Yan cooperated very well with Chen Ping, and Zhe Yan's mentality also changed, and she admired Chen Ping endlessly!

Sect Leader Jiang looked at Zhe Yan's soul and couldn't help but frown and said: "What a weak remnant soul. It will take a lot of effort to rebuild the body."

Zhe Yan's remnant soul is looming. If it weren't for the breath of the soul flower protecting it all around, Zhe Yan's remnant soul might have been blown away by the air of heaven and earth!

"Yulian, Zheng Jian, you two assist me and prepare the soul-suppressing tower immediately..."

Sect Leader Jiang said to Jiang Yulian and Zheng Jian!

"As ordered..."

After saying that, the two waved their hands, and a breath came from all directions of the Soul Demon Sect!

Immediately afterwards, four golden towers flew from all directions, and then landed in the four directions of Zhe Yan's remnant soul!

As Sect Leader Jiang injected a burst of spiritual energy into the four soul-suppressing towers, faint white smoke slowly emerged from the four soul-suppressing towers!

This white smoke carries a peculiar fragrance, and then surrounds the other flame!

Surrounded by this smoke, Zhe Yan felt extremely comfortable!

And his remnant soul became more and more solid, and he could see it clearly, without the looming feeling!

Zhe Yan's breathing became rapid, and it was hard to express the excitement in her heart!

Especially when Zhe Yan was facing Jiang Yulian, their eyes were facing each other, and the radio waves were stimulating each other frequently!

Jiang Yulian's heart began to beat wildly, and her face became rosy!

She didn't expect that the remnant soul friend Chen Ping mentioned would actually be quite young and handsome after he truly solidified, not an old man!

"Friend, you don't need to be nervous. Even if you fail to reshape your body, you will not be in any danger. At most, you will return to Mr. Cheng's body."

"Now I need to restore your remnant soul first, and then I can reshape your body. This process may be a bit long and even painful, so you have to persevere!"

When Sect Master Jiang heard Zhe Yan breathing rapidly, he thought he was nervous, so he comforted him!

Little did he know that Zhe Yan was excited to see his female disciple!

The white smoke in the four soul-suppressing towers continues to surround Zhe Yan, and then the smoke returns to the soul-suppressing tower again, and emerges from the top of the soul-suppressing tower again, and the cycle repeats!

Because of this, Zhe Yan's remnant figure became clearer and clearer, and in the end it was as if he was standing alone in front of everyone!

Chapter: 5970

At this time, Zhe Yan is no longer a remnant soul, but a complete soul body. Later, he only needs to use materials to reshape his physical body!

"Did someone blow up your physical body before? It seems that the other party wanted to kill you. Even the soul was injured, leaving only a trace of the soul. The attack was cruel enough. If Mr. Cheng hadn't asked you Living in the body, a remnant soul like you cannot find a host at all, and is blown away by the power of heaven and earth."

Sect Leader Jiang wiped the sweat from his forehead and said!

Zhe Yan's remnant soul was lacking too much, so Sect Leader Jiang spent a lot of spiritual power in order to completely restore Zhe Yan's soul!

However, Sect Master Jiang's words made both Zhe Yan and Chen Ping embarrassed!

This is what Chen Ping did. You can't say it at this time!

"Sect Master Jiang, can my friend reshape his body now?"

Chen Ping asked Sect Master Jiang!

“That’s enough. His soul has completely recovered. Next, we just need to reshape his body.”

Sect Leader Jiang nodded, and then released a breath that directly penetrated Zhe Yan’s soul!

Zhe Yan was stunned for a moment, then his eyes became confused, and finally he closed his eyes and passed out!

When Chen Ping saw this, he was immediately shocked!

Zhe Yan is now a soul body. If he has a physical body, how can he still faint?

The soul body cannot be knocked out unless it is directly scattered or burned with spiritual fire!

Seeing the shocked look on Chen Ping’s face, Sect Leader Jiang smiled faintly and said: “Mr. Cheng, don’t panic, your friend will be fine. It will be too painful to reshape the body later. I just let your friend faint temporarily, so that you can keep him from panicking!”

Chen Ping nodded, but he admired the Soul Demon Sect even more. It was indeed a sect that specialized in studying souls!

As the saying goes, there are specialties in martial arts, and Chen Ping wanted to follow Sect Leader Jiang to learn a few techniques that specifically target the soul!

Sect Leader Jiang waved his hand, and the four soul-suppressing towers suddenly flew away and returned to the four directions of the Soul Demon Sect. It seems that this soul-suppressing tower is the soul-suppressing treasure of the Soul Demon Sect!

Sect Leader Jiang cast a large number of spells with both hands, and then left Zhe Yan with formation marks all around him. Then he stepped forward and stood in front of Zhe Yan’s soul!

Chen Ping looked at the formation imprint in front of him and found that there was nothing strange about the formation formed by the formation. Anyone could easily pass through it!

This kind of magic circle should be specifically targeted at the soul body, so for normal people, it has no effect at all!

Sect Leader Jiang put his fingers together, and a purple aura penetrated into Zhe Yan's soul like a small snake!

Zhe Yan's soul began to tremble violently, looking very painful!

Sect Leader Jiang's forehead also gradually became covered with a layer of sweat!
