

The Order of the Dragon King Chapter: 6

2-3 minutes

Several of the bald men rushed towards Chen Ping.

Chen Ping glanced at his mother, then flicked his hands suddenly, and several white lights flashed through. Those people all felt their legs go numb and they all fell to their knees!

At this moment, the bald man was startled and looked at Chen Ping with disbelief, and a chill came out of his heart!

When the neighbors outside saw the scene in front of them, their eyes widened and they couldn't believe it!

“Apologise to my mother!”

Chen Ping's cold voice sounded again!

The bald man hesitated for a moment, but seeing Chen Ping's cold eyes, he could only kneel on the ground.

“sorry.....”

The bald head and several of his subordinates began to apologize!

“Go away!” Chen Ping waved his hand!

He didn't want to kill anyone in front of his neighbors or his mother. If he wanted to kill these gangsters, it would only be a snap.

The bald man stood up with the help of his men, gave Chen Ping a vicious look, and limped away. Obviously he was very unconvinced, but Chen Ping was not afraid of the bald man's revenge!

“Mom, are you okay? Those people are gone!”

After the bald man left, Chen Ping asked Tang Hongying with concern.

“Hey! What did you do to provoke him when you came out just now?”

Tang Hongying complained to Chen Ping: “Hurry up and pick up the money on the ground. This is all saved by us.”

Chen Ping knelt down and put back all the scattered banknotes on the ground.

“Mom, I will just make money from now on. You and Dad should have a good rest, and I will also find a way to keep your eyes open.”

Chen Ping collected the money and handed the bag to Tang Hongying.

“As long as you have this heart!” Tang Hongying said, and actually started crying: “Now that you are back, Mom is relieved. If I hadn’t been worried about you in the past few years, Mom would have died long ago...”

Looking at his mother’s appearance, Chen Ping’s eyes began to turn scarlet!

Bang...

Chen Ping couldn’t bear it anymore and punched the only table!

Wow.....
