

The Order 6101

Chapter: 6101

The Blood Demon left these Heavenly Demon Stones in Guanghan Palace in the hope that those who were slaughtered in Guanghan Palace could be reborn!

In the past killings, no one was right or wrong, it was more like a conspiracy.

And these people in the Celestial Realm seem to be all chess pieces. Maybe the entire Celestial Realm is just a chess piece!

The Palace Master of Guanghan Palace stood blankly in front of the spiritual throne, with confusion in his eyes!

At this moment, she may really hope that one of her ancestors' souls will return, so that she can feel more relaxed!

It was very stressful for her to support Guanghan Palace alone!

That night, the Palace Master of Guanghan Palace stayed in front of the spiritual throne all night!

The Mu family, thousands of miles away, also received the news that Mu Kui had been killed!

Although this guy Mukui has been doing mischief, he often uses the souls of the Balrog lineage to increase his strength!

But he is the eldest young master of the Mu family after all.

Mu Kui's death made the entire Mu family feel horribly depressed!

Because the head of the Mu family, Mu Kui's father, is still in seclusion, no one dares to make a decision on this matter!

"Are you sure that the young master was killed?"

A thin old man with a beard asked!

This is the chief steward of the Mu family. After the head of the Mu family retreats, all matters big and small will be taken care of by the chief steward of the Mu family!

"It is certain that the news came from Guanghan Palace and was delivered by the eldest lady herself."

At this time, a servant of the Mu family handed a letter to the chief steward!

The chief steward opened the letter and looked at the contents, his expression became grim!

"I didn't expect that the young master would be killed by this guy named Chen Ping. The master of Guanghan Palace was still protecting that guy."

"Immediately pass the order. Everyone in the Mu family is not allowed to cooperate with Guanghan Palace. We will select a few experts to go near Guanghan Palace and wait for the eldest lady's dispatch at any time."

After the butler reads the letter, he will make arrangements immediately!

It seems that Elder Mu has no intention of letting Chen Ping go!

As long as Chen Ping leaves Guanghan Palace, she will take action against Chen Ping!

Even if it is inconvenient for her to do it, she can still let the masters of the Mu family hiding near Guanghan Palace kill Chen Ping!

Chapter: 6102

This revenge must be avenged!

In addition to killing Chen Ping, Elder Mu was also planning a trip to the polar regions. Originally, the Mu family had good relations with Guanghan Palace, and Mu Kui also participated in the trip to the polar regions. This was nothing!

But now that Mu Kui is dead, there are obviously many resources and opportunities in the polar regions, and Elder Mu will not let this opportunity go!

If possible, the Mu family would also like to claim the place where the immortals fell in the polar regions as their own!

The next day, early morning!

Chen Ping slept very well that night. It may have something to do with being too tired due to the big battle yesterday!

At this time, the Palace Master of Guanghan Palace was already standing blankly in the courtyard, looking at the vast white snow-capped mountains!

“Palace Master, morning!”

Chen Ping stretched out and followed the palace master of Guanghan Palace to say hello!

“Mr. Chen, how are you resting?” the Palace Master of Guanghan Palace asked!

“It’s good. I didn’t expect sleeping here would be so comfortable!”

Chen Ping replied!

“Just sleep well. I’m afraid that Mr. Chen will miss the female disciples of Guanghan Palace and won’t be able to sleep at night.”

The Palace Master of Guanghan Palace said jokingly!

When Chen Ping heard this, he smiled awkwardly!

“Mr. Chen, come with me. I will take you to get the Heavenly Demon Stone and take you to meet your companions.”

The Palace Master of Guanghan Palace said!

“Companion?” Chen Ping was stunned!

“Don’t you need companions when you go to the polar regions?” the Palace Master of Guanghan Palace laughed!

“Aren’t those monks who have passed the test just companions? Doesn’t it mean that each of them can choose a disciple of Guanghan Palace and then go to the polar regions together?”

Chen Ping asked in surprise!

“Yes, they are also going to the Pole, but as I said, they are just pathfinders. You must know that the trip to the Pole is very dangerous, and many people may die on the way.”

“Those people are not your companions, and Mr. Chen will not go with them. Those people will set off tomorrow.”

The Palace Master of Guanghan Palace explained!

After hearing this, Chen Ping didn’t know what to say. Although he knew that those people were so-called cannon fodder, Chen Ping always felt weird in his heart just watching them die!

“Palace Master, will the one named Lan Yingying also go with those people?”

Chen Ping asked!

Now in the entire Guanghan Palace, Chen Ping is only a little familiar with Lan Yingying!

“What? Mr. Chen is attracted to her. If you are attracted to her, I can change the team to someone else.”

The Palace Master of Guanghan Palace smiled slightly and said!

“No, I was just asking casually.”

Chen Ping quickly waved his hand!

“Come with me. The companions I have found for Mr. Chen this time are all as good as Lan Yingying’s.”

The Palace Master of Guanghan Palace smiled, then turned around and flew up. Upon seeing this, Chen Ping followed closely behind!

Chapter: 6103

Chen Ping followed the master of Guanghan Palace to Hou Fei’s main hall. After passing through buildings, he landed in front of a house that was not very big!

Two Guanghan Palace disciples were guarding the door of the house. When they saw the palace master coming, they hurriedly saluted!

The Palace Master of Guanghan Palace took Chen Ping into it!

There are actually many spiritual tablets enshrined inside, and in front of these spiritual tablets are placed one after another heavenly demon stones!

“Mr. Chen, these are the magic stones. Take as many as you need!”

The palace lord said!

Chen Ping looked at the magic stones, which were nothing special, and just stepped forward to take one and put it in the storage ring!

“Palace Master, are these spiritual figures the predecessors of Guanghan Palace?”

Chen Ping glanced at it and asked!

“Yes, I put these spiritual places in the hope that some of our seniors in Guanghan Palace can return to their spiritual places. If someone’s soul is still there, with this magic stone, they can be reborn.”

The Palace Master of Guanghan Palace said!

“The companion the palace master told me about, could it be...”

Chen Ping looked at those spiritual tablets and was a little puzzled!

Do you want me to take my soul to the polar regions?

The Palace Master of Guanghan Palace saw Chen Ping’s doubts, smiled slightly, then turned around and walked behind the spiritual tablets!

Behind the spiritual position, there is actually a formation blocking it!

The palace owner took out a jade tablet and pressed it gently on the formation!

Suddenly there was a burst of brilliance, the formation in front of him slowly disappeared, and then a space appeared!

After the Palace Master of Guanghan Palace brought Chen Ping in, they found that there was no ice or snow here, and the mountains and waters were very beautiful.

It's just that this place is not very big, because wherever Chen Ping can see, he can see the border barrier!

This should be a small space world that has been opened up!

Swish, brush, brush...

Just after the palace owner brought Chen Ping in, suddenly figures came from all directions!

Chen Ping suddenly became cautious, and the aura on his body began to surge!

Chapter: 6104

"Don't be afraid, these are the saints of our Guanghan Palace, the successors of the next generation of palace masters!"

The Palace Master of Guanghan Palace explained to Chen Ping!

Soon, twelve heroic female cultivators wearing uniform costumes fell in front of Chen Ping and the others!

"Meet the Palace Master..."

The twelve saints fell to their knees in unison!

However, their eyes all involuntarily glanced at Chen Ping one more time!

Because since they were chosen as saints, they have never seen a man again!

The palace master has never brought a man here, and even the other disciples of Guanghan Palace have never been here!

Chen Ping glanced at these saints. They were all at the sixth level of the Tribulation Realm!

For Guanghan Palace, which has just been reorganized, this strength is not weak!

You must know that the Three Sovereigns and Four Kings of the Beast Clan are not just in the seventh level of the Tribulation Realm!

Although these twelve saints are only at the sixth level of the Tribulation Realm, the aura exuding from each of them can be condensed to form a powerful momentum!

Although there are only twelve people, the momentum is like a thousand troops!

Of course, to be chosen as Saint Ann, there must be something special about these female nuns!

“Palace Master, are the companions you are talking about these saints?”

Chen Ping asked!

“Yes, it’s them. I need them to break through in the polar regions and improve their strength as soon as possible.”

The palace owner himself also knows that the overall strength of Guanghan Palace is too low!

In addition to herself, there is also Elder Mu, who is basically at the sixth level of the Tribulation Realm.

Compared with the previous strength of Guanghan Palace, this is completely different!

You must know that in the previous Guanghan Palace, only those who reached the Mahayana realm were eligible to be selected as saints!

But now the situation is different, the palace owner can only choose the general among the dwarfs!

“Palace Master, should I take these twelve people with me? Is this... this might be a bit too much? I’m afraid I won’t be able to take care of them!”

Chen Ping frowned a little and said!

Chapter: 6105

If there are only one or two people, it would be more convenient for Chen Ping to carry him!

But how could Chen Ping take care of these twelve people?

If he really encounters danger, should Chen Ping run away by himself or with these people?

Chen Ping now has the fire-bending step. Even if he encounters a strong person at the peak of the Tribulation Realm, it is not impossible to run away!

But if you take so many people with you, you won’t be able to run away!

After all, these people are too weak, only at the sixth level of Tribulation Realm!

If they were all experts at the peak of the Tribulation Realm, Chen Ping would be happy to take them with him!

As soon as Chen Ping finished speaking, the master of Guanghan Palace had not yet spoken, but one of the female cultivators was unwilling to come!

Her expression changed, and her eyes were full of anger as she said, "Humph, you are just talking nonsense. You are just a third-level monk in the Tribulation Realm. How dare you say such words? I don't know who will take care of whom."

"Binglu, shut up..."

The Palace Master of Guanghan Palace glared at the female cultivator, and then told the female cultivator to shut her mouth!

Chen Ping also felt that he had gone too far and did not refute!

"Mr. Chen, you take them there, you don't have to take care of them. If you encounter danger, you can leave first without worrying about their life or death."

"In the end, there will only be one true saint in Guanghan Palace, so some of them will definitely be eliminated."

The Palace Master of Guanghan Palace actually said such words in front of these saints!

However, none of these saints seemed to have any surprises. They should all know their mission and results!

"Palace Master, I will try my best to take good care of them!"

Chen Ping said a little embarrassed!

“Binglu, on your trip to the polar region the day after tomorrow, you twelve saints must obey Mr. Chen’s arrangements. When necessary, you must protect Mr. Chen’s safety even if you sacrifice yourselves.”

“This trip to the polar regions is related to the future destiny and development of our Guanghan Palace, and it is also related to your own destiny. The one who will improve the fastest and contribute the most during this trip to the polar regions can become the only saint of Guanghan Palace. The other saints were demoted to ordinary inner disciples!”

The Palace Master of Guanghan Palace said to the ice dew!

“Palace Master, we... we still need to protect his safety?”

Binglu frowned slightly and said!

Chen Ping’s words just now made Binglu feel disgusted and unhappy for a long time. Isn’t it a joke to ask them to sacrifice themselves to protect Chen Ping’s life?

Chapter: 6106

What’s more, Chen Ping, a third-level monk in the Tribulation Realm, can be regarded as a minor monk anywhere in Tianmo Mountain. I am afraid that the monsters on the way to the polar regions can bite him to death!

Letting them protect Chen Ping desperately is simply adding to the burden!

“do you have any opinion?”

The Palace Master of Guanghan Palace frowned, and a chill instantly surged through his body!

“Disciple dare not!” Binglu lowered his head!

But it can be seen that these saints have dissatisfaction in their eyes!

After all, they are all at the sixth level of the Tribulation Realm, and Chen Ping is only at the third level of the Tribulation Realm!

The difference in strength is too great!

Even if they let Chen Ping lead them, they actually have to let them fight to the death to protect Chen Ping’s safety!

This is a bit difficult!

The master of Guanghan Palace also saw that these saints were not convinced by Chen Ping!

In their eyes, Chen Ping is just a third-level monk in the Tribulation Realm!

“Don’t underestimate Mr. Chen’s strength. Although he seems to be only at the third level of Tribulation Realm, even if you twelve saints unite, they are no match for him.”

“Which of you is confident that you can survive a single move under Elder Mu?”

The Palace Master of Guanghan Palace asked sharply!

“Palace Master, Elder Mu is a great monk at the peak of the Tribulation Realm, and he is also proficient in ice techniques. Let alone one of us, even a group of us will not be able to withstand Elder Mu’s freezing technique. !”

Binglu said truthfully!

“You are self-aware. Let me tell you, Mr. Chen not only resisted Elder Mu’s freezing technique, but also easily resolved it.”

“If Mr. Chen uses his full strength, there is no guarantee who will win or lose if he follows Elder Mu!”

The Palace Master of Guanghan Palace said!

When these saints heard this, they all looked at Chen Ping in surprise, with disbelief on their faces!

Isn’t it a little outrageous that a third-level monk in the Tribulation Realm can tie with a great monk at the peak of the Tribulation Realm without even knowing whether he won or lost?

Chen Ping was blushing with embarrassment at this moment. The master of the Guanghan Palace was too good at boasting. He boasted of himself so highly. If he really met a master at the peak of the Tribulation Realm in the polar regions, wouldn’t he be embarrassed?

“The Palace Master has exaggeratedly flattered me, and I can’t resist even two moves in the hands of Elder Mu!”

Chapter: 6107

Chen Ping quickly corrected him!

Chen Ping knew that if the palace master hadn’t appeared in time in the end, he might have been killed by Elder Mu!

Chen Ping's own strength, coupled with the God King's Bow, the Dragon Pattern Bell, and the extremely unstable Sky-Swallowing Beast, might be able to compete with one or two moves at the peak of the Tribulation Realm!

But if you want to win against the opponent, it is simply impossible. After all, the gap in strength is too huge!

However, if Chen Ping can be promoted to the fourth level of the Tribulation Realm, he can have a try with the peak powerhouse of the Tribulation Realm!

Although the chance of winning is not high, he is still very confident of escaping easily!

"Mr. Chen, please stop being modest. I still know your strength, and I also know that you were killed by the Demon Sealing Alliance with a hundred-year sacrifice."

"A huge organization like the Demon Sealing Alliance wants to use a hundred years of sacrifice to kill you. This shows how powerful you are!"

The Palace Master of Guanghan Palace said!

She dared to point out Chen Ping's true identity in front of so many saints, and also revealed the matter of the hundred years of the Demon Sealing Alliance. It can be seen that these saints are definitely loyal people and will not sacrifice for the hundred years of the Demon Sealing Alliance. He worshiped Chen Ping and did something inappropriate to him!

When these saints heard the palace master's words, they all looked at Chen Ping in shock. Apparently they had also heard about the Demon Sealing Alliance, but they didn't expect that the protagonist was in front of them!

“I have changed my appearance in order to avoid pursuit. Please keep it a secret for me, otherwise it will cause unnecessary trouble along the way!”

Chen Ping hurriedly said to the saints!

The saints did not speak, but the Palace Master of Guanghan Palace said coldly: “Are you all mute? Didn’t you hear what Mr. Chen said? His words are orders.”

“I tell you, after leaving Guanghan Palace, Mr. Chen’s words are orders. You must obey them unconditionally. Whoever dares to disobey is disobeying orders. You know the consequences.”

The aura of the Palace Master of Guanghan Palace was extremely cold, and his tone was also cold!

The saints were so frightened that they all knelt down and quickly replied: “I obey the palace master’s order!”

“Palace Master, it doesn’t have to be like this. There are things we can discuss along the way, and I will try my best to protect them.”

Chen Ping felt a little embarrassed at this moment!

“Mr. Chen, on this polar trip, you can just act according to your own wishes and don’t have to consider them.”

“The trip to the polar region is extremely dangerous, and casualties are inevitable. Even if some of them are killed or injured, Mr. Chen does not need to blame himself too much.”

The Palace Master of Guanghan Palace said!

Chen Ping nodded, but the more the Palace Master of Guanghan Palace behaved like this, the more pressure Chen Ping felt on himself, and he had to do his best to protect the safety of these saints!

After all, these people are the mainstay of Guanghan Palace. The future development of Guanghan Palace still needs them, and the palace owner still needs their assistance!

Chen Ping followed the palace owner and left that space, but at this moment, Chen Ping felt a little stressed!

Chapter: 6108

“Sister Binglu, do we really want to listen to Mr. Chen? Does the Palace Master think too highly of him?”

After Chen Ping and the palace master left, a saint asked Binglu!

“Of course we have to listen. This is the palace master’s order. We must obey it. However, the road to the pole is extremely difficult, and even when we reach the pole, there will be various dangers.”

“Whether you can survive then depends on your fate.”

Binglu’s meaning is obvious, she will not really risk her life to protect Chen Ping!

Originally, it was very dangerous for them to go to the polar regions with their strength, but it was even more troublesome with Chen Ping as a burden!

And they have to obey Chen Ping’s command. These saints are not convinced at all!

“Yes, if your life is in danger, who will care when you get to the extreme? I won’t protect that guy!”

The saint rolled her eyes and said!

“We just need to listen to Sister Binglu. That guy gives the orders, let him do it himself!”

Another saint spoke up!

“Okay, let’s continue practicing. We will set off the day after tomorrow. I don’t know how many of us will be able to come back!”

Binglu waved her hand and asked everyone to continue practicing!

Chen Ping on the other side felt a little uncomfortable after leaving that space. After all, what he said was indeed hurtful!

He also knew that these saints would obey his orders under the pressure of the palace master!

But after leaving Guanghai Palace, it is not certain whether these saints will listen to me!

If things fall apart due to disagreements, this is not the result Chen Ping wants!

Chen Ping plans to ease the relationship and follow these saints!

If you want to ease your relationship with a woman, the only way is to buy, buy, buy!

These saints are locked in that space for cultivation, and they will definitely not be able to contact the outside during this period!

And if there are some auxiliary things that can help with cultivation, these saints will definitely be happy!

Thinking of this, Chen Ping left Guanghan Palace and headed straight for Nanjing City!

Chen Ping wants to buy some things that the saint can use in Wantong Pavilion!

It can also be considered as a gift to ease the relationship!

Chapter: 6109

Chen Ping came to Nanjing City, found Wantong Pavilion, and directly showed the token given by Elder Xia!

With this token, Chen Ping can travel unimpeded in Wantong Pavilion!

Chen Ping bought some fairy grass elixirs for those saints, as well as some women's favorite beauty pills and the like!

Although refining these things is not troublesome, in this world of heaven and earth, pharmacists are extremely rare and precious, so even simple pills are precious to many monks in the world of heaven and earth!

Chen Ping also bought some materials for spells and prepared to draw some spells himself, which could help the saints resist for a while when necessary!

"Mr. Chen, you bought so many things, are you going to the Pole?"

At this time, Pavilion Master Qian, who was the person in charge of Nanjing City, saw that Chen Ping had bought a lot of things, so he stepped forward and asked!

Chen Ping nodded and said, "Well, I will leave the day after tomorrow, so I came to your Wantong Pavilion to buy some items for unexpected needs."

Hearing Chen Ping's affirmative answer, Pavilion Master Qian took a look at it in surprise!

"I heard that the test for Guanghan Palace's polar trip was very harsh. I didn't expect Chen Ping to pass it."

In his opinion, it is really not easy for Chen Ping to pass the test with his third-level cultivation in the Tribulation Realm!

"I just got through by luck."

Chen Ping smiled lightly!

After chatting with Pavilion Master Qian for a few words, Chen Ping left Wantong Pavilion and was about to return to Guanghan Palace, but he didn't expect to encounter that magical machine!

When Shen Jizi saw Chen Ping, he was stunned!

Some rubbed their eyes in disbelief!

"You...you're not dead?"

Shenjizi thought that Chen Ping would die in the illusory formation of Guanghan Palace!

“You’re not dead. This isn’t a good thing.”

Chen Ping patted his body and said!

“That’s really strange. Did you pass the illusory formation in Guanghan Palace?”

Shen Jizi asked!

“Of course, I also passed the test of Guanghan Palace. I will go to the Pole the day after tomorrow, so I came to Wantong Pavilion specially to purchase some items.”

Chen Ping said without any secret!

Chapter: 6110

“The things you buy are so expensive in Wantong Pavilion, why don’t you go to the underground market?”

Shen Jizi said with regret!

“Underground trading market?”

Chen Ping was stunned. He didn’t know that there was an underground trading market in Nanjing City!

“Yes, although the things in this underground trading market are uneven, you can still find good things. The most important thing is that they are cheap and can be marked down.”

“The information sold by Wantong Pavilion is pretty reliable, but nothing else is!”

It seems that Shen Jizi doesn't particularly like Wantong Pavilion!

“Where is the underground trading market?”

Chen Ping, who was about to leave, suddenly became interested!

If you can find some good stuff, that's good!

Shen Jizi glanced at Chen Ping and stroked his beard. The meaning was very obvious!

Chen Ping also had no ink marks, so he took out a purple gold spirit coin and threw it to Shenjizi!

Shen Jizi's eyes suddenly lit up, and he quickly put away the purple gold spirit coin and said: “We are all old friends, why are you so polite, I will take you there, I am the most familiar there, and there are acquaintances. If you don't have any acquaintances, You can't get in.”

After Shenjizi finished speaking, he took Chen Ping towards the side of Nanju City!

Soon, Chen Ping was taken to a small courtyard by the magic machine!

But in such a small courtyard, there are actually three monks of the fifth level of the Tribulation Realm inside, and it seems that these three monks are just guards!

“Shen Jizi, are you here to cheat again?”

A guard said jokingly after seeing Shenjizi!

Shenjizi was not angry either, but he smiled and said: "I brought guests here today, they are big customers. You all have bright eyes. If you offend a big customer, you will not feel good."

The three guards looked at Chen Ping. He was at the third level of the Tribulation Realm, and he looked ordinary. He didn't look like a rich man, so they didn't believe him!

But just when the three guards were attacking Chen Ping in large numbers, Chen Ping directly threw out three purple gold spirit coins!

"This is a reward for you..."

Chen Ping said calmly!

The three guards were stunned when they looked at the purple gold spirit coins in their hands!
