

## **The Order 6131**

Chapter: 6131

“This is Snow Creek Valley, and it’s named after this ever-flowing stream.”

“No matter how low the temperature is here, this stream will never freeze. It’s amazing.”

Shen Jizi followed Chen Ping and said!

Chen Ping bent down and touched his hand in the stream. It was warm.

“I didn’t expect there to be a hot spring here. The hot spring water comes up from the ground, so of course it won’t freeze.”

Chen Ping stood up and said calmly!

There is no reason for hot springs to freeze!

“This is not a hot spring, nor does it come up from the ground. These are formed after the snow melts.”

Shenjizi said!

“It was formed by melting snow? Then how come this stream is warm? Is there a fire in the center of the earth here?”

Chen Ping didn't understand how the snow could melt!

Unless there is a fire in the core of the earth here, in this case, the ground temperature will be high and the snow will melt!

But if it is the fire in the center of the earth, then it is not this small stream. I am afraid that the snow here will melt, and it will be a flash flood!

Chen Ping took the magic machine with him and went upstream along the stream!

He wanted to see where the source of this stream was!

"Boy, there must be my remains here, I can feel it!"

Just when Chen Ping and Shen Jizi were heading deeper into the Snow Valley, Demon Lord Chiyun suddenly spoke!

When Chen Ping heard this, he was immediately overjoyed!

If all the remains of Demon Lord Chiyun can be found here, then Demon Lord Chiyun can be reborn!

Following the creek, all the way forward, when he reached the end of the creek, Chen Ping saw that the snow that was constantly rolling down from the mountain would melt when it reached this place and turn into a slowly flowing stream!

There is no hot spring water coming out here, it all comes from melting snow!

Where the snow melted, the stones on the ground turned a brownish red color, as if they had been burned!

Chen Ping reached out and touched the stone on the ground, and it turned out to be very hot!

“What is going on? Is there something buried here?”

Chapter: 6132

Chen Ping stared at the area without snow and frowned!

“This is it, my bones should be here!”

The voice of Demon Lord Chiyun sounded again!

Listening to Demon Lord Chiyun’s words, Chen Ping took out his Dragon-Slaying Sword and decided to blast away the rocks on the ground to see what was underneath!

“Get out of the way, there must be something underground, otherwise it wouldn’t be like this.”

Chen Ping asked Shen Jizi to step aside a little, and then he held the dragon-slaying sword and slashed it hard on the stone!

boom!

The stone shattered instantly, forming a big pit right here!

But as the stone shattered, waves of black energy rose into the sky. Among these black energy, there were countless light spots flickering!

These black energies gather into the figure of an adult, exuding hundreds of auras!

“Who is this guy? Why did he appear suddenly?”

Chen Ping was startled and quickly retreated!

Shen Jizi was shocked when he saw this scene. None of them had ever thought about how there could be such a thing underground!

“This is brain-eating Gu. There must be skulls buried in this place, otherwise there wouldn’t be so many brain-eating Gu.”

Demon Lord Chiyun said to Chen Ping!

“Brain-eating Gu?” Chen Ping looked confused. He had never heard of these things. What’s more, there were probably millions of dead monks in the heaven and human world, and he had never seen anyone’s skull after death. There is such a thing!

Demon Lord Chiyun saw Chen Ping’s doubts, so he said: “This brain-eating Gu can only be produced when I have such strength. It seems that what is buried here must be my skull.”

“Then I’ll burn these brain-eating Gu to death with extreme fire, and then take out your skull!”

As Chen Ping spoke, a flame burned in his palm!

“You must kill all the brain-eating Gu with one hit. If you leave one behind, it will enter your brain without your knowledge and kill you instantly.”

Demon Lord Chiyun warned Chen Ping!

At this moment, Chen Ping panicked a little and didn't dare to use the ultimate fire in his hand!

Seeing the countless light spots flashing in front of him, Chen Ping was not sure that he could kill all these brain-eating Gus at once!

“Use your strongest blow, otherwise no one will survive!”

Chapter: 6133

Demon Lord Chiyun said.

Chen Ping thought for a while, and then he opened his hand, and the God King's Bow appeared in his hand. Now there was only the God Machine. Chen Ping used the God King's Bow, and he didn't necessarily know what it was!

Only by using the God King's bow, combined with the ultimate fire emitted by the fire element in his body, can Chen Ping achieve his strongest blow!

If this still fails to kill these brain-eating Gu, then you will have no choice but to admit it is bad luck!

As soon as the God King's bow appeared, it burst into flames!

The surrounding temperature increased sharply, and the snow melted instantly, turning into more streams flowing!

The water rushed through Chen Ping's legs, but Chen Ping remained motionless, staring at the brain-eating Gu in front of him!

Not far away, Shen Jizi looked at everything in front of him with an indescribably complicated expression!

He didn't know the God King's Bow, but he could see that the bow Chen Ping took out was definitely not an ordinary bow!

He was really curious about Chen Ping's identity. What kind of family prince was he who could have endless money and carry so many magical weapons?

The flames rose on the God King's bow, and Chen Ping pulled the bowstring!

Suddenly, countless spiritual energies gathered around him, and finally condensed into an arrow on the God King's bow. With the blessing of Chen Ping's fire element, this arrow also burned with flames!

This arrow was filled with a manic aura. Even Shen Jizi, who was hiding aside, fell to the ground involuntarily after feeling the aura!

“What a terrifying aura. Even a ninth-level master of the Tribulation Realm cannot stop this aura, right?”

Shenjizi opened his mouth wide and sighed!

Whoosh!

As soon as Chen Ping let go, the arrow feathers went straight towards those brain-eating Gus with blazing flames!

The void twisted for a while, and a black hole appeared in mid-air!

This arrow actually opened a rift in time and space!

boom!

The arrow feathers exploded in front of the countless brain-eating Gus, and the terrifying fire instantly enveloped these brain-eating Gus!

In an instant, these countless brain-eating Gu turned into ashes under the ultimate fire!

The cracks in time and space slowly closed under the explosion!

“terrible.....”

Shenjizi swallowed, and the breath on his body kept shaking!

Chapter: 6134

Shen Jizi has now truly seen how terrifying Chen Ping is. The arrow just shot would be difficult for even the ninth level of the Tribulation Realm to resist!

Shenjizi looked at Chen Ping with a bit of horror in his eyes!

He didn't know if he had received so much money from Chen Ping, would Chen Ping want the money back in such a deserted place?

If Chen Ping wants to go back now, Shenjizi probably won't even dare to fart!

Chen Ping glanced at the stunned Shenjizi, smiled lightly and said: "You have to help me work even after accepting my money. Come over and help dig..."

"Okay, okay..."

Shen Jizi quickly got up, and then helped Chen Ping start digging down!

Waves of heat continued to pour out from where they were digging!

While Chen Ping was digging with Shen Jizi, in a courtyard in Nanju City, Mu Yao was in a state of embarrassment and was cursing angrily!

"You brat, if I touch you, I will definitely tear you into pieces."

Mu Yao's body was burned to pieces by the fire, and his face was black!

"Uncle Mu, the eldest lady is here and has been waiting for you for a long time."

At this time, a young man from the Mu family stepped forward and whispered!

When Mu Yao heard this, he hurriedly walked towards the living room without even having time to change his clothes!

In the living room, Mukui's aunt was sitting upright with a grim expression.

"Miss..."

Seeing this, Mu Yao hurriedly stepped forward to salute!

Aunt Mu Kui glanced at Mu Yao's embarrassed appearance and frowned involuntarily.

"Mu Yao, what did you do? Are you in such a mess?"

"I asked you to lead the team here this time because I have something to entrust you with. Look at how you look now?"

Aunt Mukui asked sharply!

Although Mu Yao is over sixty years old and very old, he is just a collateral member of the Mu family and has no status, so he is called by his first name and yelled at!

You must know that only those directly in the family can assume the position of head of the family and have a high status in the family!

Some of the more distant collateral lines are not even as high as the steward!

Chapter: 6135

After being scolded, Mu Yao only dared to lower his head, and then told him everything that happened to him!

When Aunt Mu Kui heard that Mu Yao was in such a mess by a third-level cultivator in the Tribulation Realm, and that he could reach the source of fire, her eyes instantly narrowed!

Because she knew that Chen Ping's strength was the third level of the Tribulation Realm, and he also had the ultimate fire source. Chen Ping used the ultimate fire source to break her ice-sealing technique at that time.

"The young man you met is the guy who killed Kuier. His name is Chen Ping, and he is also the person who was killed by the Demon Sealing Alliance with a hundred years of sacrifice."

Aunt Mukui gritted her teeth and said!

"What? Is it him?" Mu Yao was stunned: "The eldest lady brought us here just to kill that guy, right?"

"Yes, but you must keep it a secret. After all, this guy is a person who has been worshiped and killed by the Demon Sealing Alliance for hundreds of years. If others know his identity, someone will definitely fight with us."

"In addition, Guanghan Palace is shielding that guy and falling out with our Mu family, so we have to give Guanghan Palace some color."

"On this trip to the polar regions, in addition to killing Chen Ping, you also need to be the first to find polar resources in Guanghan Palace, and when you see the disciples of Guanghan Palace, kill them without mercy..."

Aunt Mu Kui, as the elder of Guanghan Palace, has issued a killing order to the disciples of Guanghan Palace!

“Don’t worry, Miss, I know what to do!”

Mu Yao patted his chest and promised!

“Go and change your clothes quickly, you are really embarrassing our Mu family!”

After saying that, Aunt Mukui left!

Chen Ping on the other side is still digging hard with Shenjizi!

“It appeared, it appeared...”

Demon Lord Chiyun roared excitedly!

Chen Ping also saw that several meters deep underground, a skull was placed quietly!

The skull has also become jade, showing a transparent shape, and the skull emits a lot of heat waves!

The reason why the snow here melts is because of this skull!

Looking at the skull in front of him, Chen Ping couldn’t imagine that it belonged to the great demon Lord Chiyun!

Picking up the skull, a breath instantly poured into Chen Ping's sea of consciousness, and Demon Lord Chiyun almost jumped with excitement!

"I remembered something..."

Demon Lord Chiyun actually flew out of Chen Ping's sea of consciousness!

Chapter: 6136

When Chen Ping saw this, he was shocked. The remnant soul of Demon Lord Chiyun could still survive in his own sea of consciousness. If he left it, it would probably disappear soon!

And the magic machine was shocked when he saw a remnant soul suddenly flying out of Chen Ping's body!

"Senior, you are in danger!"

Chen Ping quickly reminded!

Demon Lord Chiyun did not speak, but took his own skull!

From the skull, faint rays of light continued to interweave with the remnant soul of Demon Lord Chiyun!

After a while, Demon Lord Chiyun showed a painful expression, and then returned to Chen Ping's sea of consciousness!

Shen Jizi stared at everything blankly, not daring to say a word!

“Senior, what did you remember?”

Chen Ping asked quickly!

“This mountain range is my burial place. My body is buried under the entire Demon Mountain.”

Demon Lord Chiyun said with dull eyes!

“this.....”

Chen Ping didn't know what to say. This Heavenly Demon Mountain was the largest mountain range in the entire Heavenly Realm, running through the entire Southern Territory.

And the body of Demon Lord Chiyun was buried in such a large mountain range.

This is harder than finding a needle in a haystack!

How to find it?

“Senior, do you know who killed you, buried you in the Demonic Mountain, and trapped your remnant soul here?”

Chen Ping asked!

The person who can kill Demon Lord Chiyun, dismember his body and bury it in Heavenly Demon Mountain, and suppress his soul in Heavenly Demon Mountain, must be very powerful!

Demon Lord Chiyun shook his head: "I don't know, my memory is still very vague now, but sooner or later I will know, and sooner or later I will take revenge."

Demon Lord Chiyun began to have murderous intent in his eyes!

This proves that he is slowly recovering his memory!

"Senior, now we only have your hand bones and skull. It may be difficult to regenerate. If there are opportunities and clues, I will find other parts of the body for you."

Chapter: 6137

Chen Ping said to Demon Lord Chiyun!

For Demon Lord Chiyun, Chen Ping can only serve carefully. If this guy is really reborn, he may be Chen Ping's most powerful backer!

"Boy, you are serious. If I can really be reborn, I can ensure that you are free in heaven!"

Demon Lord Chiyun said very gratefully!

When Chen Ping heard this, he knew that this guy was bragging!

There are so many masters in the heavens, and there are still many heavens in the sky, and Demon Lord Chiyun is only in the ninth heaven!

If he was really awesome, he wouldn't be killed and dismembered to suppress him!

But being invincible in the world of gods and humans and helping him ascend would be great for Chen Ping!

After leaving Xuexi Valley, Chen Ping is going back to Guanghan Palace!

Shen Jizi's mission has been completed, and he will continue to make money in Nanju City!

"Fellow Taoist, although I don't know your identity, but with those magical weapons you carry, I can be sure that you are definitely not an ordinary monk."

"I have twenty Purple Gold Spirit Coins here. I'll give them all to you. Everything I did before was considered a help. I also want to make you a friend!"

Shen Jizi is not stupid, he is always afraid that if he cheats Chen Ping of his money, Chen Ping will take revenge!

What's more, it's worth spending this little money to make friends with people like Chen Ping!

Looking at Shen Jizi's appearance, Chen Ping knew that this guy was scared after seeing what he was capable of!

"Just take the money, you deserve it, and I won't trouble you for this little money."

"Maybe I will bother you again in a while. After all, you are more familiar with this place!"

Chen Ping said with a faint smile!

Upon hearing this, Shen Jizi quickly collected the spirit coins, and then said with a smile: "No problem, I am the most familiar with this area. If you let me lead the way, I will definitely be free!"

After saying goodbye to Shenjizi, Chen Ping returned to Guanghan Palace!

It was already late at night. Chen Ping originally wanted to go back to his room to rest, but he didn't expect that the master of Guanghan Palace was already waiting for him!

"Mr. Chen, you came back so late. Is there something wrong?"

"If you are going to solve a need, I have said that I, the disciple of Guanghan Palace, can choose whatever you want, so you don't have to be embarrassed!"

The palace owner asked Chen Ping!

Chapter: 6138

When Chen Ping heard this, he quickly explained: "Palace Master misunderstood, I just went to Nanjing City to purchase some things."

"Since traveling to the polar regions is dangerous, you must prepare in advance."

"How did Mr. Chen gain?" the palace owner asked!

“It’s not bad. The things I bought should be useful on the road.”

Chen Ping said!

“Then I won’t disturb your rest, but you must remember that in the most dangerous time, you must ensure your own safety and escape, and you can ignore those saints.”

“I will also ask them to cooperate with you as much as possible. These saints are all arrogant, so sometimes they don’t listen to what they say, so don’t worry about it, Mr. Chen.”

The palace owner said to Chen Ping!

“I understand, I won’t care!”

Chen Ping smiled lightly!

“That’s good!” The palace master left!

Chen Ping returned to his room, then took out the black tortoise shell and carved formation patterns on it!

Carving formation patterns in such a small place takes the most energy and energy!

It took a whole night for Chen Ping to finish carving more than a dozen black tortoise shells!

The black tortoise shell, coupled with the formation patterns carved by Chen Ping, is enough to withstand attacks from level eight or above of the Tribulation Realm!

For these saints of the sixth level of Tribulation Realm, self-defense is enough!

After putting away the black tortoise shell, Chen Ping took a long breath and got up to find the master of Guanghan Palace!

He wants the palace master to take him to the place where the saints practice and give them these black tortoise shells!

At this time, the palace owner was sitting in a courtyard, with the cold air surrounding her constantly surrounding her.

The temperature here is extremely cold, but the palace owner is wearing a gauze skirt, which is as thin as cicada wings and very transparent!

Maybe he forgot about Chen Ping's existence and felt that there were only female disciples in Guanghan Palace, so the palace owner just sat in the courtyard to practice!

When Chen Ping came to the Palace Master's courtyard and saw the Palace Master in a see-through outfit, Chen Ping was stunned for a moment!

He didn't expect that the palace master would dress like this when he was practicing!

At this moment, Chen Ping didn't know what to do!

Chapter: 6139

Should I leave or stay here?

Although Chen Ping tried his best to dodge his eyes, Chen Ping's eyes seemed to be disobedient and always glanced at him inadvertently!

The palace master also noticed that someone was spying on him, he suddenly opened his eyes, and a cold light came out!

When Chen Ping saw this, he quickly dodged and was not hit!

"Mr. Chen..."

The palace owner was stunned when he saw it was Chen Ping!

Chen Ping also looked embarrassed and did not dare to look directly at the palace master. He hurriedly said: "I want to ask the palace master to take me to the place where the saints practice."

"Okay!" The palace master nodded, and then went back to the room to change his clothes!

When the palace owner changed her clothes, she found that Chen Ping's face was red, as if he had a fever!

Seeing Chen Ping like this, the palace owner covered her mouth and smiled. Of course she knew why Chen Ping was like this!

"Mr. Chen, you have saved my life. Normally, if you want it, I should give it to you. It's a pity that I am now responsible for the mission of Guanghan Palace and cannot practice dual cultivation with Mr. Chen until I pass on the position of palace master to the next generation. As a saint, I can be at Mr. Chen's disposal."

The palace owner said calmly to Chen Ping!

“Palace Master misunderstood, I didn’t mean that, let’s leave quickly...”

Chen Ping blushed and walked quickly towards the back hill of Guanghan Palace!

The palace master took Chen Ping to the space where the saints practiced again!

As soon as I entered, I heard bursts of yelling and the sound of explosions in the void!

These are the saints sparring with each other!

Only in this way can these saints achieve the greatest tacit understanding!

Tomorrow we will set out for the Pole. As for how many of these saints will be able to come back alive, no one knows!

“Everyone stop it!”

The palace master shouted, and soon a dozen saints appeared from everywhere!

“Palace Master, I am training hard with my sisters. On this trip to the polar regions, we will not disgrace our mission and will definitely help our Guanghan Palace find resources.”

Binglu stepped forward and said to the Palace Master of Guanghan Palace!

“Thank you for your hard work. We will set off tomorrow. You have been practicing hard today, but it is not of much use. You might as well relax.”

Chapter: 6140

“You can leave this space today and go outside for a walk.”

The palace lord said!

Upon hearing this, the saints were very happy. After all, they have been here for several months and have never gone out!

“Thank you, Palace Master!” the saints said in unison!

“Mr. Chen came here today to bring you gifts.”

After the palace owner finished speaking, he glanced at Chen Ping!

And those saints all looked at Chen Ping, but there was not much happiness in their eyes. On the contrary, their contempt for Chen Ping became even greater!

They thought Chen Ping gave them gifts to bribe them so that they would be obedient along the way!

Chen Ping ignored the gazes of these saints and took out the refined black tortoise shell.

The black tortoise shell exudes a faint light, and formation patterns appear and disappear!

“Black turtle shell?”

Binglu suddenly looked shocked!

You must know that this black tortoise shell is extremely hard and can be used as a shield!

Especially if the black tortoise shell has formation patterns carved on it, it will be even harder!

“Yes, I bought these black tortoise shells from Nanjing City. I carved formation patterns on them overnight. Each of you should take one with you.”

“In times of crisis, it can be used to save lives. This black tortoise shell can withstand a blow from an eighth-grade monk or above without any problem.”

After Chen Ping finished speaking, he waved his hand casually, and more than a dozen black tortoise shells accurately fell into the hands of these saints!

When they heard that the formation patterns on the black tortoise shell were carved by Chen Ping himself, the faces of the saints were filled with disbelief and a bit of confusion!

You must know that an array master is very rare in the world of heaven and man, especially an array master who can carve array patterns on this kind of tortoise shell!

No matter how Chen Ping looked at it, it didn't look like he was a high-level formation master!

Chen Ping also saw the doubts of these saints and smiled lightly: “Are you questioning the hardness of the black tortoise shell?”

The saints did not speak, but they were indeed worried. After all, the formation patterns were carved by Chen Ping. If the formations were not advanced, the Black Tortoise Armor alone would not be able to withstand a blow from a monk above the eighth level of the Tribulation Realm!

Chen Ping glanced at the Palace Master of Guanghai Palace, who nodded. She understood what Chen Ping meant!

Chen Ping then threw the remaining black tortoise shell in his hand into the air, and the palace master waved his sleeves!
