

## **The Order 6151**

Chapter: 6151

“Well, you guys should set off as well. Don’t take action on the road. It’s just a good time to use the people like Guanghan Palace to fight in the front line and take action when you reach the pole.”

“Do things quickly, don’t be sloppy, and don’t leave anyone alive, otherwise Guanghan Palace will catch you.”

Aunt Mu Kui said coldly!

“I understand, Miss...”

Mu Yao nodded, then waved his hand and left with everyone in the Mu family!

When everyone in the Mu family was heading to the Pole, several groups of people were heading towards the Pole hundreds of miles away!

After all, there is temptation, and many people want to have adventures in the polar regions!

Among these men and horses, one of them was wearing a strange black robe with a monster beast embroidered with teeth and claws on it!

This person is Qi Peijia who was injured by Chen Ping!

After this guy was injured by Chen Ping and escaped from the Tianmo Sect, he recovered from his injuries. Later, he heard that the Pole was the place where immortals fell, so he hurried here!

This time, the polar regions are probably going to be lively!

And in Guanghan Palace, the palace owner was sitting in the main hall!

“Palace Master, the Mu family has already set off, and there are also teams from several families heading towards the pole.”

“There are also many casual cultivators, the total number of them is no less than a hundred.”

A disciple of Guanghan Palace reported!

“I know!” The palace master waved his hand and asked the disciple to go down!

“Palace Master, the news that resources have been discovered in the polar regions is the place where immortals fell, why do you want to spread it?”

“We openly promoted it in Nanjing City. Although it attracted a large number of monks to sign up, there will also be many people competing for resources with tens of thousands of dollars!”

A disciple next to the palace master asked in confusion!

The palace owner smiled faintly: “Let me ask you, compared with the strength of our Guanghan Palace and the Mu family, who is more powerful?”

The Guanghan Palace disciple was stunned for a moment, then shook his head: “I don’t know...”

The palace master knew that this disciple did not dare to say anything, so he said: “Our Guanghan Palace has just started, and the strength of the disciples in the sect is still too low, and there is no way to compete with the Mu family.”

“The reason why I spread the news is to cause chaos in the polar regions. Only in this way can we have the opportunity to take advantage of the chaos.”

After the palace owner finished speaking, he raised the corners of his mouth slightly and smiled.

Chapter: 6152

Chen Ping is currently on his way to the polar regions with tens of thousands of saints. He didn't know that there would be so many people coming to the polar regions!

It was an easy journey, and they were getting closer and closer to the Pole!

“Stop...”

Suddenly, Chen Ping, who was walking at the front, frowned.

“Mr. Chen, what's wrong?”

Binglu stepped forward and asked doubtfully!

Someone had already walked this road in advance, so there shouldn't be any danger. She didn't know why Chen Ping stopped!

“Do you smell blood?”

Chen Ping asked!

Binglu shook her head: "No..."

The other saints also shook their heads, no one smelled the smell of blood!

Chen Ping closed his eyes slightly, and his consciousness spread instantly!

In an instant, everything within miles was covered by divine consciousness!

But there was no danger, nor any living creatures.

"It's strange. I always feel like the air is filled with the smell of blood. How come there's nothing there?"

Chen Ping frowned and looked around!

"Mr. Chen, nothing should happen. After all, someone already explored the road yesterday."

Binglu said!

"Maybe I'm too sensitive. All of you, please keep your distance and be vigilant!"

After Chen Ping finished speaking, he walked forward again!

The saints all followed Chen Ping's arrangements, distanced themselves one by one, and increased their vigilance!

After walking forward for a few miles, a saint suddenly shouted!

“Ouch...”

A saintess actually fell down in the snow, and then said angrily: “Who tripped me?”

Chapter: 6153

Everyone’s eyes were focused on the saint, and her hands, which had been stiff, were exposed from the snow at her feet!

Seeing this scene, everyone’s hearts suddenly tightened, and Chen Ping even jumped up and landed next to the saint!

Immediately after Chen Ping slapped his palm, a heat wave swept across and the snow melted instantly!

After it continued to melt, the body of a woman was revealed!

“This is our outer disciple of Guanghan Palace...”

When a saint saw the woman’s body, she immediately exclaimed!

Chen Ping looked at the woman’s stiff body and the scars on the body. It was obvious that she died of an attack!

“Mr. Chen, what...what is going on?”

Binglu asked with a frown!

Chen Ping didn't speak, but looked around as he thought, and then the aura on his body exploded, and strong winds suddenly swept across!

The surrounding snow was blown all over the sky by the strong wind!

Soon, the snow was blown away, and the stiffened corpses were exposed!

Bodies were lying in a mess!

There are the outer disciples of Guanghan Palace and those monks who have passed the examination!

Looking at everything in front of them, all the saints were stunned!

These people who were photographed by Guanghan Palace and took the lead all died tragically here!

You must know that this place is still some distance away from the Pole. These people all died miserably before they reached the Pole!

“Who is it? Who did it?”

Anger burst out from Binglu's eyes!

So many people were all killed, Binglu felt like it must have been done by a certain sect!

Chen Ping just glanced at it, then shook his head and said: "These people were not killed by people, but encountered monsters. Are there any powerful monsters in this place?"

"A very powerful monster?" Binglu frowned slightly, thinking deeply!

"Sister Binglu, isn't there the Snow-Stepping Cloud Beast in our area?"

A saint suddenly spoke!

Chapter: 6154

"The Snow-Stepping Cloud Beast has not been seen for a long time. Isn't it said that it is already extinct?"

Binglu said in confusion!

"What is the Snow-Stepping Cloud Beast?" Chen Ping didn't know much about the monsters here!

"It is a monster beast similar to a cheetah. It moves very quickly and is huge. It runs on the snow as if it is flying in the clouds and mist."

"So people in this area call it the Snow Cloud Beast, but I haven't heard of this kind of monster for many years!"

Binglu explained to Chen Ping!

After hearing this, Chen Ping fell into a brief moment of silence, then waved his hand and said: "Let's go through here quickly. No one is allowed to touch the bodies here!"

Chen Ping's words made these saints a little nervous, but they all listened to Chen Ping!

But just as Chen Ping and the others took a few steps forward, the ground suddenly shook!

From the snow-capped mountains not far ahead, I saw streaks of snow and mist rising into the sky, and five monster beasts rushing towards me at extremely fast speeds!

These monsters are very fast, and the snow under their feet turns into streaks of snow mist, which is really like soaring clouds and driving mist!

"The Snow-Stepping Cloud Beast, it's really the Snow-Stepping Cloud Beast. Now I'm in trouble..."

When Binglu saw this, his expression changed instantly!

The other saints' faces were also pale, and frost swords instantly formed in their hands!

We haven't even reached the extreme yet, but we encountered such a powerful monster. What a bad luck!

The five monster beasts arrived in front of Chen Ping and the others in an instant. These monster beasts were huge in size, each like a hillock. Their bodies were covered with thick snow, hiding from the detection of divine consciousness!

No wonder Chen Ping's consciousness didn't detect any living things just now, nor did he detect these corpses!

These corpses were covered in heavy snow and could not be detected at all!

The five snow-stepping cloud beasts were filled with icy air, and the mist sprayed from their nostrils quickly condensed!

Moreover, these monster beasts have thick fur on their bodies, and the fur is covered with frost, forming a layer of armor!

One of the leaders, the Snow-Stepping Cloud Beast, glanced at the crowd with piercing eyes, and roared from his mouth, as if he was provoking!

“Mr. Chen, what should we do?”

Binglu was a little overwhelmed!

Although there are many of them, the Snow-Stepping Cloud Beast is too powerful!

Chapter: 6155

A snow-stepping cloud beast at the eighth level of the Tribulation Realm, and four snow-stepping cloud beasts at the seventh level of the Tribulation Realm. This lineup is too outrageous!

“Leave the leader, the Snow-Stepping Cloud Beast, to me. You can allocate the remaining four as you wish. With a dozen of you, it shouldn’t be a big problem to deal with four seventh-grade monster beasts in the Tribulation Realm!”

Chen Ping looked at Binglu and asked!

“Well, we’ll do our best...”

Binglu nodded, but she didn't seem to have much confidence!

After all, this kind of snow-stepping cloud beast is said to be quite difficult to deal with, and they have never dealt with it before!

Chen Ping suddenly flew up, and then slammed towards the leading Snow-Stepping Cloud Beast!

The snow-stepping cloud beast roared, the ground trembled, cracks appeared, and the deafening sound made the void distort!

"Let you call..."

Chen Ping punched the Snow Cloud Beast's body hard, and the huge body was instantly blown away!

Chen Ping was still confident about dealing with the Snow-Stepping Cloud Beast at the eighth level of the Tribulation Realm. Although he couldn't kill it instantly, this monster probably wouldn't be able to withstand a few moves!

Chen Ping has now reached the third level of the Tribulation Realm, and has just realized the origin of time. He is still very confident when facing the eighth level of the Tribulation Realm!

But Chen Ping's only worry is whether these dozen saints can deal with the remaining four snow-stepping cloud beasts!

Seeing Chen Ping take action, Binglu raised the frost sword in his hand and said loudly: "Set up the formation. We must work together to kill these four monsters. We cannot let Mr. Chen underestimate us!"

A dozen saintesses raised the frost swords in their hands, and a stream of pure white breath suddenly flowed out from the sword tip, and then formed a ball of sharp sword energy in mid-air.

In an instant, more than a dozen saints collided with four snow-stepping cloud beasts!

More than a dozen saints cooperated tacitly. The frost swords in their hands kept changing their moves, and the condensed sword energy also kept changing!

The four monster beasts were quickly slashed several times, but because their defense was too strong, they were not fatally injured!

“Sister Binglu, if this continues, we’re probably going to be consumed sooner or later!”

A saint girl gritted her teeth and said!

Chapter: 6156

Binglu also gritted her teeth. Although they had the numerical advantage, these four monster beasts had rough skin and thick flesh, and their bodies were extremely hard, and they seemed to have inexhaustible strength!

If they continue to be consumed like this, even if they are not bitten to death by monsters, they will still be consumed alive!

“Everyone, hold on. Only by working together can we have a chance to win. If we are in chaos now, no one will be able to escape by then, and everyone will die.”

Binglu shouted to everyone!

In fact, these saints also know that if they get into chaos now and retreat, they will definitely be slaughtered by these snow-stepping cloud beasts!

“Fight!”

“Fight!”

The saints shouted one by one, their eyes glowing red, and they unleashed all their potential!

The Frost Sword exudes sword energy one after another, and these sword energy then gather together!

Boom boom boom!

More than a dozen saintesses unleashed their greatest potential, and every sword energy struck hard on those snow-stepping cloud beasts!

The snow-stepping cloud beast roared, and spurts of cold air kept coming from its mouth. The bodies of these saints began to be covered with frost!

Fortunately, these saints practice ice-based techniques, so they have natural resistance to the cold attacks of the Snow-Stepping Cloud Beast!

If this was a monk who practiced other techniques, he might have been frozen into an ice sculpture by now!

However, each of their sword energy was filled with ice-cold energy. If it hit the Snow Cloud Beast, it would not cause much damage!

Both sides have natural resistance to the cold air!

Just when Binglu, the others and the four monster beasts were anxious, a heat wave suddenly swept over them!

“Ice and fire are compatible, use this ultimate fire to attack...”

Chen Ping shouted loudly at Binglu and the others!

This heat wave turned out to be a ball of ultimate fire swung over by Chen Ping. Even when he was fighting with the eighth-level monsters in the Tribulation Realm, Chen Ping was always observing Binglu and the others!

Binglu nodded, and then shouted loudly: “Sisters, ice and fire are compatible, cheer up...”

More than a dozen saints unleashed their greatest potential one by one!

Then streaks of white spiritual power gathered crazily above the head along with more than a dozen frost swords!

That ball of ultimate fire was wrapped in this white spiritual power, like a ball of ice, with fire burning in its heart!

Chapter: 6157

Immediately afterwards, this group of spiritual energy quickly headed towards the four snow-stepping cloud beasts!

Bang!

This ball of spiritual power exploded in front of the four monster beasts!

Then a heat wave swept across, and a sea of fire directly engulfed the snow-stepping cloud beast!

A roar came from the mouth of the snow-stepping cloud beast!

There was even a burning smell that kept coming out!

“The opportunity has come, Saint Slayer...”

When Binglu saw this, he shouted loudly!

More than a dozen saints swung the frost swords in unison, and countless sword energies gathered together to form a huge long sword!

The long sword waved, and the heaven and earth shook!

brush!

The sword light instantly passed through the sea of fire, and the screams of the Snow-Stepping Cloud Beast also stopped at this moment!

When the flames gradually disappeared, the bodies of the four snow-stepping cloud beasts had been separated!

Gradually, the huge sword slowly dissipated.

At this time, Chen Ping also waved his dragon-slaying sword, and the entire space came to a standstill!

Then a white light flashed away!

The snow-stepping cloud beast at the eighth level of the Tribulation Realm was cut into countless pieces!

A bead exuding white mist floated in the air.

“Beast elixir?”

Looking at the bead, Chen Ping could see that it was the beast elixir of the Snow Cloud Beast.

Within this beast pill, there are still bursts of cold light emanating outwards!

Chen Ping held the beast elixir in his hand, and a biting coldness spread throughout his body!

You know Chen Ping’s current strength, he is not afraid of the cold at all, not to mention that he still has the source of fire!

“The beast elixir of the Snow-Stepping Cloud Beast is really a good thing.”

Chapter: 6158

Chen Ping directly threw the beast elixir of the Snow Cloud Beast into the storage ring!

Binglu also led people to collect the beast elixirs of the other four snow-stepping cloud beasts.

This extremely rare monster, the beast elixir is very precious!

“Okay, let’s leave quickly. It’s not advisable to stay here for a long time, but you have to be energetic for the road ahead!”

Chen Ping said to many saints.

After all, there is no one exploring the way behind, so I don’t know what danger there is.

Binglu and the others nodded, and then continued to move forward with Chen Ping.

Not long after Chen Ping and the others left, Mu Yao arrived with people from the Mu family.

Seeing the corpses lying on the ground, everyone in the Mu family felt numb.

“Uncle Mu, these are the corpses of Guanghan Palace disciples, as well as the casual cultivators who were deceived. I’m afraid not a single one of them survived.”

A member of the Mu family said to Mu Yao!

Mu Yao frowned slightly and his expression became serious.

We haven't even reached the extreme yet, but so many people have died. They must have encountered something terrible, or maybe a monster.

What happened that caused so many people to die?

"Keep walking, everyone, please be careful."

Mu Yao led everyone forward and soon discovered the tragically dead Snow-Stepping Cloud Beast.

"The Snow-Stepping Cloud Beast, this is the Snow-Stepping Cloud Beast..."

When the Mu family saw the Snow-Stepping Cloud Beast, they all shouted in shock.

After all, this kind of monster has not been seen for many years, and some people say it has become extinct.

"So many Snow-Stepping Cloud Beasts were killed, and the beast elixirs were also taken away. Could it be those saints from Guanghan Palace who did it?"

Mu Yao looked at the dead body of the Snow-Stepping Cloud Beast and felt a little nervous in his heart.

If these Snow-Stepping Cloud Beasts were really killed by the Saint of Guanghan Palace and Chen Ping, then the strength of these people should not be underestimated!

“Uncle Mu, it should be those saints from Guanghan Palace who did it. After all, they are the only ones in front of us.”

“It seems that the eldest lady’s guess is correct. The palace master of Guanghan Palace secretly develops the saint girl, probably because he wants to compete with our Mu family.”

Chapter: 6159

“This Guanghan Palace has just started. It relies on our Mu family, but it didn’t expect to develop secretly behind the scenes.”

A member of the Mu family said.

“No matter how Guanghan Palace develops, it cannot be our Mu family’s opponent. Our Mu family has been developing for thousands of years, and Guanghan Palace has just started.”

“After this time, I will report directly to the head of the family and destroy Guanghan Palace...”

After Mu Yao finished speaking, he waved his hands and everyone moved on!

Chen Ping and the others didn’t even know that people from the Mu family were following them, getting closer and closer to the pole!

But just as they were about to reach the pole, a row of footprints appeared on the white snow.

The footprints were very clear, and it was obvious that they had just been stepped on. If they had been stepped on very early, they would have been covered by heavy snow.

“Mr. Chen, did someone get there first?”

Binglu looked at the footprints and asked nervously.

Chen Ping did not speak, but squatted down and looked at the footprints carefully. He gently touched the footprints with his palms, and a huge amount of spiritual consciousness instantly surged in the direction of the footprints!

Lan Yingying, who was walking hard in front, was suddenly surrounded by a sense of consciousness, and her whole body became nervous!

She was injured, and she managed to escape from the mouth of the Snow-Stepping Cloud Beast, but now she didn't want to be targeted again!

Lan Yingying didn't know who was targeting her, but she knew that once she was caught, there would be no need to think about the consequences!

As a female cultivator, if you are injured and caught, what awaits you is endless humiliation!

Lan Yingying gritted her teeth and walked forward desperately. As long as she entered the polar region, there might be hope of survival!

After all, there are many dangers in the polar regions, and there are all kinds of monsters. Lan Yingying would rather face monsters than other monks!

Often times, humans are scarier than monsters!

“It’s her, she’s still alive...”

Chen Ping withdrew his consciousness, with deep shock on his face!

He didn’t expect Lan Yingying to escape from the mouth of the Snow Cloud Beast!

“Mr. Chen, who is it?”

Binglu asked quickly!

“The person in charge of Guanghan Palace’s registration office in Nanjing City, Lan Yingying...”

Chapter: 6160

Chen Ping said.

“Sister Yingying, she is still alive...”

After hearing this, Binglu seemed a little excited.

“Let’s go quickly. We must stop her before she enters the Pole. With her current condition, she will definitely die if she enters the Pole.”

After Chen Ping finished speaking, his figure suddenly disappeared!

Using the fire-bending step, he was several miles away in an instant!

Upon seeing this, Binglu and others hurriedly chased after him!

Lan Yingying felt that someone was chasing her, so she could only grit her teeth and run forward as hard as she could!

But the aura behind her was getting closer and closer, so Lan Yingying could only turn back suddenly and slap it out with one palm!

boom!

Flying snow swept across the sky, this was Lan Yingying's fierce attack!

Chen Ping relaxed his palms and easily resolved it!

"Miss Lan, it's me..."

Chen Ping said quickly!

Lan Yingying breathed a sigh of relief when she saw it was Chen Ping!

But she didn't know that Chen Ping came with the Saint of Guanghan Palace!

"What are you doing here?"

Lan Yingying was very surprised. After all, with Chen Ping's strength, he would die if he came to the pole!

What's more, how did Chen Ping pass through the territory of the Snow-Stepping Cloud Beast?

"Sister Yingying..."

At this time, Binglu and the others also arrived!

Seeing Binglu and others, Lan Yingying was completely relieved. However, when she relaxed, Lan Yingying felt dizzy and fainted instantly!

Just now she was just holding on with her breath, but now that Binglu and others are here, Lan Yingying has relaxed her breath!

Chen Ping stepped forward to check Lan Yingying and said solemnly: "She is seriously injured and must be treated in time."
