

The Order 6181

Chapter: 6181

But in one fight, Snow Wolf was lost in half!

The leader of the snow wolf was so angry that he opened his mouth with blood and came towards Chen Ping. It could see that Chen Ping was the leader of these people!

A violent breath surged out, and a billowing cold air rushed towards him!

When Chen Ping saw this, he snorted coldly and swung the dragon-slaying sword in his hand!

Snow Wolf only felt a wave of heat coming, and it collided with the billowing cold air!

Snow Wolf's body was directly knocked out. After rolling a few times, he slowly stood up!

Looking at Chen Ping, Xue Lang had fear in his eyes!

"Ouch..."

With a roar, Snow Wolf began to slowly retreat with his men.

However, the retreat path of these snow wolves was actually heading towards the chaotic space!

When Chen Ping saw this, he frowned!

Don't these snow wolves living here know the horror of this chaotic space?

How dare they get close?

The saints also looked at it in confusion!

Originally, they wanted to pursue the victory, but when they saw the snow wolves retreating towards the chaotic space, they were stunned!

They don't dare to get close!

Under the gaze of Chen Ping and many saints, the snow wolves slowly retreated into the chaos!

At this time, everyone was confused!

Could it be that these snow wolves deliberately committed suicide and entered chaos?

Chen Ping didn't believe that these snow wolves would commit suicide. It seemed that they were not afraid of this chaotic space, as if they were living in that chaos!

"Did any of you discover where those snow wolves came from just now?"

Chen Ping suddenly remembered that those snow wolves seemed to appear out of thin air!

He had checked beforehand, but no snow wolf was found!

But the snow wolves suddenly appeared. There were dozens of snow wolves, it was impossible to hide their presence!

Chapter: 6182

All the saints shook their heads. No one noticed where the snow wolf came from!

Chen Ping looked towards the chaotic space. The sudden appearance of the Snow Wolf should have appeared suddenly from the chaotic space!

Only in this way can we avoid Chen Ping's detection!

But the chaotic space is full of time and space turbulence, and you will definitely die after entering!

Why aren't these snow wolves afraid?

Chen Ping fell into deep thought and confusion, not understanding what was going on!

"What's so confusing about this? The so-called chaotic space at the border is just a barrier. The power that created this human world can completely set up monsters to be able to cross the barrier, but humans can't!"

"I create a secret space at will, and I can also create a formation barrier that does not allow humans to enter, and monsters can move freely through it."

"It's very simple. You don't have to be confused anymore. This chaotic space should only be for humans."

Demon Lord Chiyun spoke at this moment!

“Senior, what is the place outside this chaotic space?”

Chen Ping really wanted to know what else existed beyond the boundaries of the heavenly and human worlds!

“I can’t tell for sure. Maybe it’s another world, maybe it’s the world of heaven and humans, or maybe it’s nothingness. I didn’t create the world of heaven and humans. If you ask me, I don’t know!”

Demon Lord Chiyun said!

Seeing that he couldn’t get anything out of the question, Chen Ping stopped asking. Instead, he looked at Binglu and the others and said, “You go collect the pole stones and pay attention to safety...”

Chen Ping asked Binglu and others to collect the pole stones, but he stopped collecting them. After putting them in the storage ring, he was afraid that the sky-swallowing beast would eat them again!

But just when Binglu and the others were collecting the Extreme Stones, Mu Yao and the Mu family arrived on the opposite side of the crack!

They must have felt the atmosphere of fighting here, so they ran over!

Seeing Mu Yao bringing people here, all the saints’ hearts trembled!

After all, now Guanghan Palace has fallen out with the Mu family!

And the Mu family also knows about the existence of Jishi and has a need for Jishi!

If you meet people from other sects and aristocratic families, there is no need to be afraid. After all, many people do not know about Jishi or its existence!

The most important thing is that for people from other sects and aristocratic families, getting the Extreme Stone will not help them!

When Chen Ping saw Mu Yao, he smiled coldly, not worried at all!

Chapter: 6183

“Uncle Mu, look, there are thousands of extreme stones, and they are all very pure!”

A member of the Mu family said excitedly to Mu Yao!

“I’m not blind, I saw it!”

Mu Yao glared at him, and then said with a playful expression: “It’s really effortless to get here without trying to find anywhere. If we meet here, none of you can even think of running away.”

“These pole stones belong to us, please keep your lives...”

Listening to Mu Yao’s words, Binglu and many saints drew their frost swords and prepared their formations one by one!

Chen Ping took two steps forward unhurriedly, looked at Mu Yao through the crack and said: “You dare to say such arrogant words even if you are a defeated general, does that mean he beat you too lightly?”

Chen Ping was not afraid of Mu Yao because he knew that they could not cross this crack. When they got around, Chen Ping and the others had already run away!

In addition, Chen Ping has a life-saving artifact on his body, so it is very easy to block Mu Yao's attack!

Seeing Chen Ping mentioning how he was beaten and running away in embarrassment, Mu Yao instantly became cold and cold: "Boy, don't be so quick to talk, I will peel off your skin later and let you know how powerful I am!"

"When the time comes, I want you to watch these women in Guanghan Palace being humiliated by men from my Mu family. I want to make Guanghan Palace infamous..."

Mu Yao gritted his teeth and became more and more excited as he spoke!

After all, these saints are carefully selected, but in terms of appearance, they are all top-notch beauties!

Hearing Mu Yao's words, everyone in the Mu family's eyes gleamed, and they wished they could rush over immediately and suppress these saints under their bodies!

"You're just bragging. If you have the ability, come here and we won't move!"

Chen Ping had a sneer on his face and waved to Mu Yao!

Mu Yao's face turned green when he saw Chen Ping being so arrogant, but even if he was angry, he was not stupid!

Chen Ping is so unscrupulous, there must be some conspiracy!

Seeing Mu Yao's hesitation, Chen Ping mocked him even more: "Why, are you afraid? Aren't your Mu family very awesome?"

“I think they are just cowards. Let me tell you, I was the one who killed Mu Kui, the eldest son of your Mu family.”

“At that time, he knelt down and called me grandpa. Please spare him.”

Chen Ping stimulates all the Mu family!

Binglu and the others looked at Chen Ping and listened to Chen Ping mocking the Mu family. They all became more relaxed from the tense mood just now!

Mu Yao gritted his teeth and clenched his fists, but he did not rush over!

Chapter: 6184

However, two members of the Mu family couldn't bear it anymore!

“You brave boy, dare to humiliate my Mu family like this, you are seeking death...”

Two Mu family masters jumped towards Chen Ping!

But just as their bodies jumped over the crack, a sharp breath suddenly rushed out from the crack!

The two Mu family masters were instantly chopped into pieces, and their body fragments fell into the cracks one after another!

But this time, there were bursts of noises coming from the cracks!

Chen Ping was stunned. He didn't expect that there were still creatures surviving in the cracks!

Listening to this roar, it sounded like a monster, but also like a scream coming from the abyss of hell!

Mu Yao was also stunned. Looking at the two Mu family members who died tragically in an instant, his eyes were full of anger!

He knew that they were still fooled by this guy Chen Ping!

He must have known that this crack could not be penetrated easily, so he deliberately angered himself!

"Don't be fooled, everyone. No one is allowed to cross this rift. There is something weird in this rift!"

Mu Yao warned everyone in the Mu family!

Chen Ping saw that Mu Yao would not be fooled, so he simply ignored him and directed Binglu and others to quickly collect the pole stones!

"Senior, why does it seem like there are living things living in the cracks you made with your sword?"

Chen Ping asked Demon Lord Chiyun!

"How did I know? It's been thousands of years. It's not surprising that there are other creatures living in it!"

Demon Lord Chiyun said!

Chen Ping thought it right, so he stopped asking, but the creatures that could survive in this crack were definitely very powerful!

After collecting thousands of pole stones, Chen Ping led Binglu and the others and continued to move forward along the crack!

Mu Yao could only watch helplessly, gritting his teeth in anger!

“Uncle Mu, how did they get through this crack? They can’t go around it, right?”

A member of the Mu family asked!

“Yes, they may have gone around it. Let’s find a way around it!”

Chapter: 6185

Mu Yao left with the Mu family!

And right now!

In the polar region, a team of a hundred people entered!

This is the largest team in the polar regions!

But this team of a hundred people wore five different colors of clothing!

Of the five people walking in front, four are all at the eighth level of the Tribulation Realm, while the other one has an obviously stronger aura and has just been promoted to the ninth level of the Tribulation Realm!

These people are from the five major sects!

“Sect Master Hai, we have traveled thousands of miles to come here. I hope what you said is true.”

Sect Leader Luo of Tianluo Sect said!

Sect Master Luo has just been promoted to the ninth level of the Tribulation Realm at this moment, and his status as the head of the five major sects has been further consolidated!

After experiencing Chen Ping’s incident, the five major sects have already become estranged!

Sect Leader Luo also knew that Hai Dafu and others had rebellious intentions!

Therefore, I have been practicing hard during this period and never leave the five major sects!

Not long ago, Sect Master Luo broke through to the ninth level of the Tribulation Realm!

I was very happy inside, so I relaxed my vigilance towards Hai Dafu and others!

After all, he is now at a higher level than others. As long as Hai Dafu and the others are not stupid, they will not turn against him!

I don't know where this rich man from the sea heard that the Pole is the place where immortals fell, and there are many treasures, so he lured the five major sects to come!

Sect Leader Luo was tempted by the treasure, and with his improved strength, he had nothing to fear, so he followed along!

"Sect Master Luo, how could I lie to you? Our five major sects send so many people to travel long distances. If I lie, how can I stay in the five major sects in the future!"

"I have heard a long time ago that the sect forces in the nearby area have already arrived at the pole. We should be the last to enter now."

"But this polar region occupies a huge area. It's probably not that easy to find the specific location where the immortal fell."

Hai Dafu said quickly!

"Then let's speed up and try not to conflict with people from other sect families."

"And when you encounter demonic cultivators, try to hide away. After all, this is the edge of the Southern Territory and there are many demonic cultivators."

Chapter: 6186

Sect Leader Luo warned everyone!

Everyone nodded, they were here to hunt for treasure, not to kill!

As long as there is no conflict of interest, there is no need to take action!

Sect Master Luo took the lead, exploring the way in front, while Hai Dafu was behind, followed by Sect Master Yue of Tianyue Sect and Sect Master Yang of Tianyang Sect, exchanging glances!

Upon seeing this, Sect Master Chen of Tianchen Sect lowered his head slowly, as if he didn't see it. It seemed that Sect Master Chen was also threatened by several people!

Hai Dafu deceived Luo Zong to come here not for the treasure, but because they had already taken the initiative to kill Luo Zong!

The improvement of Sect Leader Luo's realm gave them an even greater sense of crisis!

Originally, they had a disagreement with Sect Leader Luo about Chen Ping!

Now that Sect Master Luo has broken through to the ninth level of Tribulation Realm, if Sect Master Luo defeats them one by one and drives them out of the five major sects, there will be nothing they can do!

So Hai Dafu wanted to take a preemptive strike, so he tricked Sect Master Luo into coming to the polar region. This place was far away from the five major sects and was very remote!

It's a good place to attack Sect Master Luo!

Sect Leader Chen of Tianchen Sect, who originally stood with Sect Leader Luo, now chose to remain silent!

The reason why Hai Dafu and the others have entered this polar region and have not taken action against Luo Zongzong is because they also want to get the treasure of the fallen immortal!

As long as the treasure is found and in hand, it's time to take action against Luo Zongchen!

This is what is called killing two birds with one stone!

Sect Master Luo doesn't know that he is already in danger, but he is still exploring the way ahead!

Chen Ping and the Holy Girl followed the crack closely, killing several monsters in the process, and harvested a lot of pole stones!

However, these extreme stones are only a drop in the bucket for the development of Guanghan Palace!

Now Chen Ping and the others must find the pole stone mine!

This time, Chen Ping and the others walked for nearly a day before reaching the end of the crack!

When they saw the end, everyone breathed a sigh of relief!

You know, caught between the cracks and the chaotic space, you are always on tenterhooks!

Falling into the crack is a dead end!

Being sucked into the chaotic space is also a dead end!

Chapter: 6187

Under the threat of death at any time, everyone is under tremendous pressure!

Chen Ping led everyone away from the chaotic space and cracks, and found a cave to rest, where they could feel more comfortable!

“Mr. Chen, you have been exploring the road ahead. It’s too hard. You can rest. I will lead people to guard the surroundings!”

Binglu said to Chen Ping!

In the past two days, Chen Ping took the lead and it was indeed very hard!

“You guys should rest, I’m afraid if something unexpected happens, you won’t be able to handle it!”

Chen Ping said straightforwardly!

When Binglu heard this, she said nothing more. Indeed, with their strength and experience, they would not be able to deal with emergencies!

A dozen saints are resting in the cave!

Chen Ping sat down at the entrance of the cave, letting the wind and snow hit him!

The dark night in the polar region is like day at this moment. The moonlight is reflected by the white snow, and the light it emits is very strong!

Chen Ping dispersed his consciousness, and then quietly closed his eyes slightly!

Chen Ping did not practice, but kept thinking about what was in the chaotic space!

Those snow wolves can travel through the chaotic space, but humans can't!

Just when Chen Ping was deep in thought, he suddenly frowned slightly, and he noticed a familiar aura, looming!

When this happens, there is only one possibility, and that is that the distance is too far, and Chen Ping's divine sense is not very clear!

Chen Ping slowly stood up and walked towards the direction where the breath came from!

And dozens of miles away from the cave where Chen Ping and the others were resting, Qi Peijia was pressing a woman under him!

This woman is Lan Yingying who left Chen Ping and the others!

Qi Peijia originally wanted to search for treasure resources in the polar regions, but after searching for a long time, he found nothing!

Moreover, all the people here are from all major sects and families, and they are all in teams, and he is the only casual cultivator!

Therefore, Qi Peijia was very cautious. After entering the polar region, he did not have any contact with other monks!

In the past two days, Qi Peijia got nothing and was very frustrated, but he didn't expect to meet Lan Yingying!

Lan Yingying turned out to be a person, and she was very beautiful, which immediately made Qi Peijia have evil intentions!

Chapter: 6188

Lan Yingying's strength is no match for Qi Peijia!

He was directly pinned down by Qi Peijia!

"You beast, let me go. I'm from Guanghan Palace. If you dare to touch me, our palace master can't spare you, you demon cultivator!"

Lan Yingying yelled at Qi Peijia!

Qi Peijia couldn't care less at this moment, so he stepped forward and tore off Lan Yingying's clothes!

Lan Yingying really wants to cry but has no tears!

She could die, but suffering this kind of insult would be worse than death!

It's just that now Lan Yingying can't even die even if she wants to!

Qi Peijia tore Lan Yingying's clothes, his eyes full of lust!

No matter how Lan Yingying screams, who can save her in this empty polar area?

Lan Yingying finally gave up her struggle, and tears fell down from the corners of her eyes!

She regretted it...

Why leave?

If she hadn't left now and stayed with Chen Ping and the others, this kind of thing would never have happened!

Just when Lan Yingying was about to be stripped naked and Qi Peijia Overlord forced her bow, a joking voice suddenly came out!

"You, a grown man, are so shameless when you bully a woman like this?"

Hearing this voice, Qi Peijia trembled all over and stood up quickly!

When he saw Chen Ping, Qi Peijia's face turned extremely ugly!

Lan Yingying took the opportunity to get up and hurriedly ran behind Chen Ping!

At this time, Lan Yingying was disheveled, but she didn't care about her image, and she didn't say that Chen Ping took advantage of her!

Qi Peijia looked at Chen Ping and felt the aura on Chen Ping's body. His face was ashen!

When Chen Ping was in the second level of the Tribulation Realm, he fought with him and even injured him!

Now that Chen Ping has reached the third level of the Tribulation Realm, and his aura is obviously powerful, Qi Peijia knows that he is no match at all!

“Chen Ping, why are you meddling in other people’s business? If you like this woman, I’ll give her to you.”

“Let me tell you, I haven’t touched this woman yet, and she’s still a big girl!”

Qi Peijia said to Chen Ping!

Lan Yingying’s face turned red as she listened to Qi Peijia’s words. If she could beat Qi Peijia, she would have killed him long ago!

“If I wanted a woman, I wouldn’t be as shameless as you.”

“Since we encountered each other today, let’s put an end to it...”

The dragon-slaying sword instantly appeared in Chen Ping’s hand, and the cold light made Qi Peijia tremble all over!

Chapter: 6189

Qi Peijia looked at Chen Ping, his eyes full of fear!

In the battlefield between gods and demons, Qi Peijia could beat Chen Ping around like a dog chasing a rabbit!

But in just ten days, Chen Ping's strength had grown so much that he became scared!

"Chen Ping, we have no grievances at all. If I don't fight you today, our grudges will be wiped out. How about that?"

Qi Peijia asked Chen Ping.

Listening to Qi Peijia's words, Chen Ping smiled!

"Do you want to be shameless? When I was not as strong as you, you chased me like a lost dog. Now that I am stronger than you, you want to cancel me?"

"Why is your face so big? Did you learn how to be shameless in the Demon Swallowing Cave?"

Chen Ping mocked Qi Peijia!

"Ahem... Boy, scold him if you scold him. Don't take me with you. I didn't teach him. He learned it all by himself."

Demon Lord Chiyun said very dissatisfiedly in Chen Ping's sea of consciousness!

Qi Peijia blushed when Chen Ping said it, but still suppressed the anger in his heart and said: "Chen Ping, with your current status, if you fight with me and attract other people, do you think you can escape?"

"You are a walking resource bank, a century-old enshrinement of the Demon Sealing Alliance, how many people are jealous..."

Qi Peijia wanted to threaten Chen Ping and prevent Chen Ping from taking action!

“You think I’m afraid?”

Chen Ping smiled coldly!

Qi Peijia knew that Chen Ping would not let him go today, so he stopped talking and the aura on his body began to rise.

Since there must be a battle, he will fight tooth and nail, and there may be a chance to escape!

Seeing Qi Peijia preparing to take action, Chen Ping raised the corner of his mouth with disdain in his eyes!

Chen Ping can now get back all the humiliation he suffered in the battlefield between gods and demons!

Lan Yingying felt the aura on Qi Peijia’s body and felt extremely nervous!

“If the two of us do it together, we might still be able to escape!”

Lan Yingying saw that Qi Peijia was about to take action, so she said to Chen Ping!

“Escape? Who escaped? Did he escape?”

Chapter: 6190

“Didn’t you hear just now that he begged me not to hit him?”

“Can you do anything now that you are like this? If you do something, it will be exposed. Aren’t you afraid of people seeing it?”

Chen Ping looked at Lan Yingying and said calmly!

Although Chen Ping couldn’t say he disliked Lan Yingying much, he didn’t like her much either!

Lan Yingying killed two saints with a few words, and Chen Ping has always been worried about it!

Listening to Chen Ping’s words, Lan Yingying fell into silence!

She is naked now. If she does something, she will definitely be naked. Then she will be seen naked!

Whoosh!

In an instant, Qi Peijia moved. When Chen Ping was talking to Lan Yingying, he moved!

This is the best opportunity, Chen Ping is distracted, he can take it by surprise!

Qi Peijia’s body erupted with a shocking aura, and he shot out streaks of black mist that tore through the void!

In front of Chen Ping, Qi Peijia’s Tianming Eye and Black Demon Armor were useless!

So he could only choose a sneak attack!

“careful.....”

Lan Yingying didn't expect that this guy Qi Peijia would take advantage of Chen Ping's speech to launch a sneak attack, so she quickly reminded Chen Ping!

Chen Ping, on the other hand, remained calm and waved his palm in an instant, and a flame swept away like a huge wave!

For a time, the sky was filled with red light, and half of the sky turned red!

Seeing the huge wave of flames in front of them, Qi Peijia was dumbfounded!

Chen Ping's strength was so outrageous that he couldn't even imagine it!

The third level of the Tribulation Realm actually erupted with such shocking flames!

The people from the five major sects, a hundred miles away from Chen Ping and the others, were resting at the moment. When they saw the sky suddenly turn red, they knew that someone must be fighting!

If there is a fierce battle, there is only one possibility: fighting for treasures!

“Let's go over and take a look. Maybe someone has discovered the place where the immortal fell.”

Sect Leader Luo looked at the red light in the distance and said!
