

## The Order 6211

Chapter: 6211

Chen Ping hurried forward, looked at Sect Master Chen's appearance, and asked very strangely: "Sect Master Chen, what's wrong with you? Why are you like this?"

Sect Leader Chen could no longer hold on at this moment and fell from mid-air, his aura was extremely weak!

Seeing that the remnant soul of Sect Leader Chen was about to dissipate, Chen Ping took out the soul-fixing bead from his storage ring!

This was a gift from Sect Leader Jiang of the Soul Demon Sect, and now it is just in use!

After taking out the Soul-fixing Pearl, Sect Leader Chen's residual soul became obviously stable, and his breath gradually recovered. I have to say that this Soul-fixing Pearl of the Soul Demon Sect is really a good thing!

"Sect Master Chen, don't be impatient and tell me slowly what's going on?"

Chen Ping told Sect Master Chen not to worry, and continued to pour spiritual energy into Sect Master Chen's remnant soul!

This can replenish the breath consumed by Sect Leader Chen, so that the remaining soul will not dissipate due to exhaustion of breath!

"Mr. Chen, we were attacked by a sneak attack. Sect Leader Luo and the disciples of the five major sects were all trapped. In the end, I destroyed my body to escape this remnant soul."

"Hurry up and save Sect Leader Luo and the others. If you go too late, they will die!"

Sect Master Chen said anxiously!

“Who made the sneak attack?” Chen Ping was puzzled!

It is said that the five major sects are also well-known sects. Who dares to take the initiative to make a sneak attack?

What’s more, Sect Master Luo has now been promoted to the ninth level of the Tribulation Realm. Who would provoke him?

“It’s the Ghost Demon Sect. I didn’t expect these demon cultivators to come to Jiji...”

Sect Leader Chen said!

“Gui Sha Sect?” Chen Ping frowned slightly. He didn’t know about this sect!

“Gui Sha Sect? Wasn’t this sect destroyed by the Demon Sealing Alliance a long time ago? It must have been many years. How could it suddenly appear and attack you?”

At this time, Lan Yingying said doubtfully!

“The Guisha Sect was wiped out by the Demon Sealing Alliance many years ago. In fact, it has always existed. Our five major sects have been tracking the Guisha Sect for many years and have killed many disciples of the Guisha Sect.”

“These demon cultivators practice weird ghost evil methods to absorb the evil spirit and practice, so we have been secretly pursuing these demon cultivators.”

“No one expected that these people from the Guisha Sect would actually come to the polar region and set up an ambush to attack us.”

“In the past, people from the Guisha Sect only held activities in twos and threes, but this time nearly a hundred people came. It’s so strange...”

Sect Master Chen explained!

Chapter: 6212

When Chen Ping heard this, he immediately understood that this Gui Sha Sect should also be a dog kept in captivity by the Demon Sealing Alliance. Many demon cultivating sects that were exterminated by the Demon Sealing Alliance, as long as they were willing to obey, became dogs of the Demon Sealing Alliance!

And those who were unwilling to obey the Demonic Cultivation Sect were literally strangled directly!

Chen Ping now understood why the five major sects, such an upright sect, were unwilling to cooperate with the Demon-Sealing Alliance and strangle the demon cultivators together!

It turns out that the five major sects have also discovered the Demon Sealing Alliance’s activities a long time ago!

But this time, the Guisha Sect sent hundreds of people, probably not just against the five major sects, but for themselves!

Chen Ping knew that against the five major sects, it was impossible for the Demon Sealing Alliance to go to war in such a big way, even risking the exposure of the Ghost Demon Sect!

The Ghost Evil Sect was wiped out by the Demon Sealing Alliance. If it appears on a large scale now, people will definitely be suspicious of whether the Demon Sealing Alliance has wiped out the Ghost Evil Sect!

Now that the Demon-Sealing Alliance has brought out all the elite members of the Ghost Demon Sect, it must be targeting itself!

This Guisha Sect uses the energy of Yinsha to practice, so it must be of the Yinmo lineage.

At this time, Binglu and many saints also came around!

They want to know what happened!

When she heard that the five major sects were attacked by demonic cultivators, Binglu was willing to go to the rescue!

Now I'm just waiting for Chen Ping to say a word!

After all, Sect Master Luo of the five major sects was kind to Chen Ping, so it was reasonable for Chen Ping to take them to rescue them!

"Sect Master Chen, besides the Gui Sha Sect, are there anyone else who attacked you?"

"And what kind of strength does this Ghost Demon Sect have?"

Chen Ping asked!

If there are only people from the Guisha Sect and they are not strong, Chen Ping can go to the rescue. If the other party is too strong, he cannot let the saint take risks!

These saints are the foundation for the development of Guanghan Palace. The master of Guanghan Palace trusts Chen Ping and gives these saints to Chen Ping. Chen Ping cannot let them take risks!

“Although there are hundreds of people from the Guisha Sect, there are only two elders leading the team, and they are all at the eighth level of the Tribulation Realm.”

“If they hadn’t set up a ghost formation for a sneak attack, we wouldn’t be afraid. Now that Sect Master Luo and the others are trapped in the formation, they would be in danger at any time.”

Sect Leader Chen said!

When Chen Ping heard that two elders of the eighth level of the Tribulation Realm were leading the team, he couldn’t help but raise his lips slightly. It seemed that the Demon Sealing Alliance really underestimated him!

Elders who are at the eighth level of the Tribulation Realm dare to be sent out to hunt him down!

Chapter: 6213

But that’s fine. The more the Demon Sealing Alliance underestimates him, the safer Chen Ping will be!

“Binglu, you and everyone are waiting here. You are not allowed to go anywhere without my order. I will rescue Sect Master Luo!”

Chen Ping said to Binglu!

“Mr. Chen, we will go with you. The palace master has told us to protect you!”

Binglu said quickly!

“Okay, don’t argue. I can go faster by myself. You can just stay here and watch!”

After Chen Ping finished speaking, he grabbed Sect Master Chen and performed the Fire Control Step, and his figure disappeared instantly!

Binglu, Lan Yingying and others looked at each other, not knowing what to do for a moment!

Should I follow you or not?

Just when they were hesitating, Chen Ping had already disappeared, and they couldn’t even follow him!

Sect Master Chen felt the whistling in his ears and couldn’t help but be dumbfounded. You must know that there is a very strong suppression on the flight of monks in this polar region!

If he hadn’t self-destructed his body and let his remaining soul fly out, he wouldn’t have been able to fly for a long time and so fast.

But now Chen Ping, as well as this physical body, seems to be unaffected by flying!

Sect Master Chen didn’t know that Chen Ping’s fire control step was not just flying, but using space magic to move forward in a leap, not flying!

At this moment, hundreds of miles away from Chen Ping and the others, an area was shrouded in thick black mist. The black mist exuded a thick cold air, which was more biting than the extreme cold in the polar regions!

The wind howled, and ghostly chirps rang out in the black mist, making people tremble with fear.

In the black mist, all kinds of souls are rolling around, constantly changing their appearance, and the evil spirit seems to have reached the abyss of hell!

These ghosts are constantly attacking, sometimes appearing and sometimes disappearing into the black mist!

Sect Leader Luo, with dozens of surviving disciples, struggled to hold on in the black mist!

Lines of spiritual light continued to shoot out, killing the attacking ghosts!

But after the beheaded ghosts dissipated, they condensed again in an instant!

As a result, Sect Leader Luo and others could only continue to consume the spiritual power in their bodies, while the people of Guisha Sect used this formation to hide to one side and watch the joke!

“Brother, it won’t take long for the people from these five major sects to collapse from exhaustion and die, without any need for us to take action!”

A hunchbacked old man faced a man in black robe and said with a smile!

Chapter: 6214

“It’s really God’s blessing. We originally came to look for Chen Ping, but we didn’t expect to meet people from the five major sects here.”

“Now, our Gui Sha Sect can follow the grudges of the five major sects.”

The man in black robe said excitedly!

“Brother, just that day, Sect Leader Chen of the Chen Sect exploded his body and escaped with a trace of his remaining soul, but we were unable to stop him.”

The hunchbacked old man said!

“It doesn’t matter, what can you do with the remaining soul? Even if you escape back to the five major sects, it is meaningless.”

“Tell your men to speed up the attack. Once the people from the five major sects are eliminated, we will go to the bottom of the crack valley to have a look.”

“The evil spirit inside is very strong. It is estimated that countless monster monks died in it, which is just for our cultivation!”

The man in black robe said calmly!

“Understood!” The hunchbacked old man nodded!

Soon, in the black mist, the evil ghosts’ attacks became even more fierce!

Seeing this, Sect Master Luo shouted helplessly: “Shield...”

I saw dozens of disciples from the five major sects, all bursting out with aura, forming a shield around them, temporarily resisting the attack!

You must take a breath, otherwise you will really be exhausted!

There are many injured disciples, and they must be healed as soon as possible!

It's a pity that Sect Leader Luo didn't bring too many pills during this trip, so there was no way to treat the injured disciples!

I can only watch some seriously injured disciples slowly die unwillingly!

"Gui Sha Sect, if I go back alive today, I will definitely wipe out all of you Gui Sha Sect. You despicable people only know how to attack in secret!"

Sect Master Luo shouted unwillingly!

He is not afraid of these Guisha Sect people, who can do it with real swords and guns. Who would have thought that they would actually set up a magic circle in the polar regions to attack!

Sect Leader Luo was also careless. He never expected that people from the Guisha Sect would come back here, and that so many people would come!

"Hahaha, Luo, it's useless no matter how hard you scream, you can't leave here today!"

"This formation is our Guisha Sect's last trump card. Now that it's used against you, you should feel lucky!"

“You five major sects have been chasing us hard for so many years, and you have never let go of our Guisha sect. Today is the time to put an end to it.”

Chapter: 6215

The man in black robe laughed disdainfully, the formation in front of him kept surging, and the pitiful chirping made one’s spirit almost collapse!

The black mist surged even more violently, and Sect Leader Luo and their shields were already in danger!

Now they are at the end of their rope and have nothing to rely on!

“Could it be that God wants to destroy our sect? We adhere to our original intention and kill demons. Why do we end up like this!”

Sect Leader Luo didn’t dare to shout!

But that voice was drowned out by the ghost chirps!

At this time, Chen Ping and Sect Master Chen were coming quickly!

Chen Ping’s speed reached the extreme, and two flames were burning under his feet!

The void was shaking, and the entire space was torn apart!

“Fellow Daoist Chen, you...you...”

Sect Leader Chen has also observed at this moment that Chen Ping is not flying fast because the polar environment is not suitable for flying!

Chen Ping should have torn apart the space and moved from one side of the space to the other in an instant!

Although it was only a short tear, taking this step was still miles away.

If it weren't for the Soul-fixing Bead, Sect Leader Chen doesn't know if his remnant soul would still exist. He might have been blown away by the violent aura around him!

You must know that Chen Ping's spatial jump requires extremely strict physical strength, otherwise the body will be torn to pieces under such a rapid spatial jump!

"Don't worry, nothing will happen."

Chen Ping comforted Sect Master Chen!

Chen Ping has mastered the fire-bending step. Although he can only move a few miles in one step, he is still stable and cannot be injured by the turbulence of space!

Zongzhu Chen stopped talking and could only desperately hold the soul-fixing beads to protect his remaining soul from being blown away!

At this time, the last shield of Sect Leader Luo and others who were trapped in the formation suddenly collapsed!

They are powerless to resist!

“If you fight hard, even if you die, you must not give up!”

Sect Master Luo knew that they would definitely die!

The disciples of these five major sects all knew the outcome. The inevitable death situation made all the disciples of the five major sects unleash their strongest fighting power!

Chapter: 6216

Because I knew I was going to die, I had no worries!

Sect Leader Luo’s body turned into a storm and rushed in one direction!

The disciples of the five major sects behind them rushed in the opposite direction. They hoped to attract the opponent’s attack and relieve the pressure on Sect Leader Luo!

“Huh, trying to rush out is simply wishful thinking!”

The man in black robe snorted coldly!

I saw the man in black robe wave his sleeves, a large amount of black energy filled the air, and then rushed into the formation with the disciples of the Ghost Demon Sect!

He lost his patience and didn’t want to be entangled any longer. He wanted to go out and kill the people from the five major sects himself!

“Brother, I’ll leave the one named Luo to you. I’ll take care of the other five sect disciples!”

After the hunchbacked old man finished speaking, he spit out a black light from his mouth and instantly turned into a fierce ghost and headed towards the five major sect disciples!

The body of the hunchbacked old man also turned into a stream of light. In this formation, they were gods and masters!

No matter how the disciples of the five major sects fled, they could not escape from their grasp!

I saw countless fierce ghosts constantly gathering from the black mist, and then attacking the disciples of the five major sects!

Disciples from the five major sects continued to fall, but they had no time to take care of them. Those who could still move ran away desperately!

It's a pity that no matter how they escape, since they can't escape from the area shrouded in black mist!

In the end, the disciples of these five major sects were all breathing heavily and gathered around!

The bodies of the five major sect disciples who died began to shrink rapidly at this moment, and bursts of black energy emerged from their bodies!

"Hahaha, what a pure evil spirit. I want you to be killed slowly, so that the evil spirit will become even more pure."

The hunchbacked old man waved his hand, and instantly several fierce ghosts roared and rushed towards the disciples of the five major sects!

Puff puff.....

In just one encounter, several disciples from the five major sects were killed!

But this time, the hunchbacked old man did not absorb the evil spirit, but turned the resentment after the death of the five major sect disciples into evil ghosts and filled the formation!

The hunchbacked old man is too insidious, he just wants the five major sect disciples to kill each other!

The disciples of the five major sects looked at their former companions and friends, and now they turned into fierce ghosts. They opened their teeth and claws to attack them, and they all seemed to be afraid of rats!

“Fight.....”

Chapter: 6217

A disciple from the five major sects roared and ran straight towards the hunchbacked old man!

The others ignored the evil ghost's obstruction and rushed towards the hunchbacked old man. Even if they couldn't kill him, they could just hurt the old guy!

However, the disciples of the five major sects still overestimated themselves. Just as they rushed towards them, the hunchbacked old man raised his lips, and dozens of fierce ghosts appeared to stop them!

Many of them are former companions and friends. Looking at the familiar faces, they can't let go!

But these companions who turned into evil ghosts attacked them without mercy!

In the moment of hesitation, more than a dozen disciples of the five major sects died tragically at the hands of Li Gui!

This time, the number of Li Gui was even greater, but there were only about twenty disciples of the five major sects left!

One will wax and wane, and if this continues, within a moment, all the disciples of the five major sects will be dead and injured!

“What a shameless method!”

Just when the disciples of the five major sects were about to accept the judgment of fate, there was a sudden shout!

Then I saw the billowing black fog that was so ugly that a ray of light shone in. This ray of light was like the rising sun, causing the black fog to instantly begin to dissipate!

Then a heat wave swept across the sky, and dozens of fierce ghosts were engulfed in flames. They had no time to struggle at all, and were instantly wiped out!

After the flames engulfed the ghost, they swept towards the hunchbacked old man!

The hunchbacked old man's expression changed drastically, and he hurriedly waved out streaks of black mist to block it!

The terrifying heat wave, with its endless pressure, instantly defeated the black mist!

The hunchbacked old man's body was hit, and he quickly flew backwards, hitting the rocks not far away heavily!

Facing the sudden appearance of light, the disciples of the five major sects were all pleasantly surprised!

The appearance of light means that the formation of Gui Sha Sect has been broken!

As long as the formation is broken, they have hope of escape!

But they really wanted to know who it was that broke this formation, easily eliminated dozens of ghosts, and knocked the hunchbacked old man away instantly!

Who is it that has such powerful strength!

In that light, Chen Ping appeared in a golden armor, with an indestructible golden body on his body, making Chen Ping like a god!

Wherever the golden light shines, the black mist dissipates like a tide!

Chen Ping fell next to the disciples of the five major sects and glared at the hunchbacked old man!

Chapter: 6218

"Sect Master Chen..."

The disciples of the five major sects saw Sect Leader Chen next to Chen Ping!

But after seeing that Sect Master Chen was just a remnant soul, these disciples instantly understood something!

But at this time, they didn't have time to be sad!

"Where is Sect Master Luo?"

Sect Master Chen saw that there were only five disciples of the sects and Sect Master Luo was nowhere to be seen, so he asked!

"We broke out separately, and Sect Leader Luo prepared to break out from the other side."

A sect disciple said!

When Zongzhu Chen heard this, his face suddenly became worried!

"Sect Master Chen, you take the remaining disciples and go find Sect Master Luo immediately. Now that the formation has been broken, Sect Leader Luo should be fine!"

Chen Ping said to Sect Master Chen!

"Fellow Daoist Chen, then you..."

Sect Master Chen is afraid that Chen Ping cannot handle it himself!

“Don’t worry, I am still confident in dealing with a small demon cultivator of the eighth level of the Tribulation Realm. I will catch up with you soon.”

Chen Ping said!

“Well, take care of yourself!”

After Sect Master Chen finished speaking, he led the remaining sect disciples and rushed in the direction of Sect Master Luo to break out of the encirclement!

The hunchbacked old man had already stood up at this moment, with a gloomy look on his face!

When he saw Chen Ping clearly, he narrowed his eyes and said: “It turns out to be your boy. I just happened to kill you today so that I can go back and follow the leader of the Zuo Alliance to recover!”

When Chen Ping heard this, he immediately laughed and said: “Sure enough, the Demon Sealing Alliance sent you here, you lackeys of the Demon Sealing Alliance.”

“Are you afraid of being beaten by the Demon Sealing Alliance and are you willing to lie on the ground and be like a dog?”

“I see that you have a very strong Yin evil spirit. You must be demon cultivators from the Yin Demon lineage. I really embarrass your Yin Demon ancestors!”

Chen Ping ridiculed the hunchbacked old man!

“Boy, you’re looking for fucking death!”

Chapter: 6219

The hunchbacked old man seemed to have been touched on a sore point, and immediately became anxious!

I saw him wave his hand, and countless black energy began to fill his body. The breath vibrated for dozens of miles, and the black energy once again filled into a large fog!

The black mist surged, and a shrill ghost chirp sounded, thousands of fierce ghosts condensed together!

These fierce ghosts are constantly changing, gathering and dispersing constantly and roaring!

As the hunchbacked old man waved his palms, those evil ghosts came towards Chen Ping from all directions!

Even under Chen Ping's feet, there are fierce ghosts constantly attacking!

Chen Ping looked at those fierce ghosts with a sneer on his lips!

"You evil spirits are so childish that you can't hurt me at all."

"But if I transform into a fierce ghost, I can make ghosts like you disappear into ashes!"

Chen Ping said disdainfully.

"What a joke, how could you transform into a fierce ghost? You are not a demon cultivator, and you don't know the art of Yin evil. Do you really think that it is so easy to transform into a fierce ghost?"

The hunchbacked old man said with a sneer.

He didn't believe that Chen Ping had the ability to transform into a ghost!

As the black mist in the hands of the hunchbacked old man continued to erupt, there were more and more evil ghosts, and they surrounded Chen Ping!

"If you don't believe it, just watch it!"

Chen Ping suddenly jumped up, and a black ball of light appeared in his palm!

"change....."

Chen Ping gently threw the black ball of light in his hand, and it exploded immediately!

In the midst of a surge of black energy, a fierce ghost with a body several feet in size and a ferocious face appeared!

Moreover, the body of the fierce ghost transformed by Chen Ping seemed to be solid!

I saw this huge ghost, opened its mouth wide, and all the ghosts transformed by the hunchbacked old man were sucked into the body!

In an instant, thousands of fierce ghosts disappeared without a trace!

The hunchbacked old man opened his mouth and couldn't believe what he was seeing!

“This...how is this possible? How can you transform into a ghost?”

Chapter: 6220

“No, yours is not the evil spirit of Yin, but the evil spirit of Dao Mark. It is the evil spirit of Dao Mark of the Yin Demon Ancestor.”

“Why do you have Dao pattern evil spirit? This is a hundred times more powerful than Yin evil spirit. Who are you?”

The hunchbacked old man trembled slightly and asked Chen Ping loudly!

“If I said that I was a good friend of your Yin Demon Ancestor, would you believe it?”

Chen Ping said with a faint smile!

“You fart...” How could the hunchbacked old man believe it?

Who is the Yin Demon? How could he have friends like Chen Ping, a young monk in the Tribulation Realm!

What’s more, after thousands of years of war between gods and demons, the life and death of the Yin Demon is unknown. He is probably dead in the battle long ago. Where does he have friends!

“Hey, I’m telling the truth, but it’s a pity that you don’t believe it, so there’s nothing I can do about it!”

Chen Ping shook his head and suddenly opened his mouth!

A monstrous suction force instantly sucked the fierce ghost into the body, and even all the black mist around it was sucked into the body without leaving any trace!

In an instant, the sky was clear for hundreds of miles, and there was no longer any black fog!

Seeing Chen Ping inhale so much black mist when he opened his mouth, the hunchbacked old man was so shocked that he was speechless!

If Chen Ping was not a demon cultivator, he would not dare to inhale the black mist.

But if Chen Ping is a demon cultivator, he can't detect the aura of a demon cultivator in Chen Ping at all!

What exactly is going on?

The hunchbacked old man looked confused at this moment. A third-level monk in the Tribulation Realm is not yet a demon cultivator, but he can transform into a fierce ghost and possess Dao Mark evil spirit!

This is beyond his cognition!

"Damn it, it's evil, so it's better to take action..."

The hunchbacked old man wanted to give up. He did not dare to fight with Chen Ping anymore!

Just when the hunchbacked old man turned around and ran away, Chen Ping smiled!

“You want to run away, have you asked me?”

Chen Ping used the Fire Control Step and caught up with the hunchbacked old man in just a moment of shaking his body!

The hunchbacked old man was shocked, and he tried his best to speed up again!
