

The Order 6231

Chapter: 6231

After saying that, a magic whip suddenly appeared in Chen Ping's hand!

Snapped!

Accompanied by a loud noise from the magic whip!

The black mist storm was instantly defeated, and the man in black robe suddenly retreated!

"Boy, is this a magic whip in your hand?"

The man in black robe asked Chen Ping!

"That's right, I didn't expect you to know the magic whip."

After Chen Ping finished speaking, he waved the magic whip again and whipped it towards the man in black robe!

The man in black robe quickly dodged, he didn't dare to take the whip forcefully!

"Who are you? Why can you absorb the evil spirit? You don't have the evil spirit in you!"

The man in black robe asked Chen Ping!

After being whipped twice by Chen Ping, the man in black robe calmed down and stopped saying that this evil spirit belonged to him!

“Absorbing Yin evil spirit is nothing, I can even absorb Dao pattern evil spirit!”

After Chen Ping finished speaking, the evil spirit of Dao Mark in his body began to fill the air!

The man in black robe was stunned and looked at Chen Ping in disbelief: “How is this possible? This is the Dao Mark evil spirit that only Yin Mo can master.”

“You...who are you?”

“Can’t you see this?”

Chen Ping looked at the man in black robe coldly and asked!

“I.....”

The man in black robe frowned: “Are you the ancestor of the Yin Demon, reincarnated?”

“Shit was reincarnated, my soul was suppressed, and I managed to escape and return to the world of gods and humans.”

“I didn’t expect that I, from the Yin Demon lineage, would now become someone else’s lackey, which makes me so old and embarrassed!”

Chen Ping said pretentiously!

“Ah, possessed and reborn? Are you really the ancestor of the Yin Demon?”

The man in black robe was full of shock!

Even Sect Leader Luo on the side looked at Chen Ping in disbelief. Why didn't he see that Chen Ping was possessed?

“Nonsense, can I still fake the evil spirit of my Dao pattern?”

“You disciples and grandsons, you can't even learn one percent of my essence. You only absorb some evil energy all day long, and you also harm innocent creatures, just for that ray of evil energy. You are worse than pigs and dogs, you beasts. Same.”

“Why do I have disciples like you? When I rebuild my body and return to the top, I want to see who of you are my disciples. I will kill them!”

Chen Ping pointed at the man in black robe and cursed him!

The man in black robe didn't dare to fart, he lowered his head and stood tremblingly!

Chen Ping's scolding was so enjoyable, but I don't know how Chen Ping would feel if the Yin Demon knew that Chen Ping was pretending to be him and scolding his disciples!

“That's not right...”

Suddenly, the man in black robe raised his head and said with confusion: “If you were possessed by the Yin Demon Ancestor and reborn, how could you have the ultimate fire?”

Chen Ping was stunned. He started to attack the black-robed man with extreme fire!

You must know that the Yin evil spirit is most afraid of the fire. Of course, when both parties are equally matched, the ultimate fire can suppress the Yin evil spirit!

Therefore, the Yin Demon cannot reach the extreme fire at all, and there is no way to practice it!

When Chen Ping saw that he was discovered, he stopped pretending and said, "Actually, I am a friend of your Yin Demon Ancestor, but what I just said is definitely what your Yin Demon Ancestor feels."

"You have done all kinds of evil, and you are still acting like a dog to the Demon Sealing Alliance. If the Yin Demon finds out, you will be angry to death."

Chen Ping's words made the man in black robe fall into extreme anger!

Chapter: 6232

Although the man in black robe knew that he was defeated by Chen Ping, he still roared and rushed towards Chen Ping!

The endless evil energy is roaring and sweeping like a big wave!

"You actually dare to take action..."

Chen Ping's face was full of disdain, and the evil aura of Dao marks on his body instantly filled the air!

When those Yin evil spirits encounter Dao pattern evil spirits, they seem to be frozen and become very slow. Where are the big waves?

The figure of the man in black robe also froze for an instant, his breath felt very blocked, and his movements became sluggish!

Bang!

Suddenly, a flame instantly rose from the body of the man in black robe!

The evil energy around him quickly dissipated, and the man in black robe screamed miserably!

Sect Leader Luo looked on, feeling nothing but shock in his heart!

In just a moment, the man in black robe was reduced to ashes!

He deserves to be like this. If he honestly admits his mistake and begs for mercy, maybe Chen Ping can get around them for the sake of Yin Mo's face!

But this man in black robe still dared to attack Chen Ping. He was really like a sick cat because he didn't show off his power!

How could Chen Ping keep such a person!

After the man in black robe died, Chen Ping began to quickly absorb the endless evil energy around him!

These things are also excellent resources for Chen Ping!

The Heart Condensation Art can refine everything, and this endless Yin evil energy can make Chen Ping's strength improve a lot!

Sect Leader Luo was waiting quietly at the side!

As the evil spirit continues to decrease, the bottom of the crack valley is no longer dark, and the temperature is getting higher and higher!

In the end, Sect Master Luo actually felt the heat and was sweating profusely!

You must know that he is currently at the ninth level of the Tribulation Realm. No matter whether it is scorching heat or cold, he will not be able to feel it if he is protected by spiritual power!

But now this kind of scorching heat makes Sect Leader Luo a little unbearable!

Chen Ping absorbed the evil spirit and also felt the change in temperature!

But the last trace of evil spirit was absorbed, and Chen Ping opened his eyes!

Chapter: 6233

At this moment, the bottom of the crack valley turned red, and the surrounding area was like an oven!

The thick white bones on the ground were all vaporized by the heat wave and disappeared without a trace!

Chen Ping was a little dumbfounded and didn't understand what was going on!

"Damn it, hurry up, this is the fire from the center of the earth, if it erupts, you will be finished..."

At this time, Demon Lord Chiyun suddenly shouted!

When Chen Ping heard this, he was also confused. He didn't understand why the fire from the center of the earth suddenly appeared here!

But just when Chen Ping was confused, suddenly a heat wave erupted not far away!

Accompanying the heat wave is rolling lava!

Wherever the magma passes, the rocks begin to burn!

"Run quickly..."

When Chen Ping saw this, he called Sect Master Shangluo and started to jump up quickly!

The magma keeps erupting, heading towards Chen Ping and the others with the fire from the center of the earth!

No matter how fast Chen Ping and the others are, they are not as fast as the magma erupts.

After all, they are leaping upward, not moving on flat ground. Due to the magnetic field, the speed of their leap is limited and very slow!

Seeing that the magma flames were about to wrap up Chen Ping and Sect Master Luo, Chen Ping could only push Sect Master Luo hard and said: "Sect Master Luo, you run away first, don't worry about me..."

Chen Ping has the origin of fire, so he still has a certain resistance to the fire in the center of the earth!

But Sect Leader Luo is different. If this was wrapped in magma, he would probably be burned to death soon!

"Fellow Daoist Chen..."

Sect Master Luo shouted, but under Chen Ping's push, his body quickly flew towards the crack!

But Chen Ping was wrapped in the magma and was then brought into the hot magma!

Chen Ping's Indestructible Golden Body was activated, and he felt countless heat waves all around him, constantly attacking!

Everything you see is red!

Chen Ping knew that he had fallen into the magma. It looked like it would be difficult to escape!

Chen Ping desperately wanted to escape from the magma envelope, but the magma was like a quagmire. No matter how hard Chen Ping struggled, he couldn't break free!

Chapter: 6234

Chen Ping tried to use his fire origin to absorb the surrounding heat waves and flames!

But there is no way to absorb it at all, as if the flame in the magma is not one with my own ultimate fire!

Chen Ping's indestructible golden body actually began to fall off bit by bit under the heat wave!

Chen Ping knew that if the immortal golden body fell off, his physical body would not be able to withstand the magma flames!

But just when Chen Ping was desperate, suddenly there was a cool feeling around him!

I saw the Fire Essence obtained by Chen Ping flashing red!

The red light of the Supreme Fire Essence flashes, and the heat waves and flames in the magma are quickly absorbed into the Supreme Fire Essence!

This time, Chen Ping instantly became comfortable!

"Boy, this is a God-given opportunity. If you can refine the fire from the center of the earth, you will have an additional kind of supreme fire, which is much more powerful than your original supreme fire."

Demon Lord Chiyun said!

Chen Ping just wanted to feel comfortable. When Demon Lord Chiyun said this, his eyes suddenly lit up!

Now that there is a supreme fire spirit that absorbs the fire from the center of the earth, Chen Ping can take the opportunity to refine some of the fire from the center of the earth!

Without this supreme fire essence, with Chen Ping's current strength, let alone refining, he would have been burned to ashes!

Chen Ping closed his eyes slightly, feeling the flames all around him!

The fire in the core of the earth is bound and absorbed by the fire essence, so there is no way to cause harm to Chen Ping!

Chen Ping began to peel off traces of flames from the fire in the core of the earth absorbed by Zhihuo Essence, and slowly absorbed the flames into his body using the power of his own fire source stars!

Chen Ping didn't dare to be greedy. After all, with his current strength, he didn't even know if he could tame even a trace of the Earth's Fire!

If this cannot be tamed and refined, and the fire from the center of the earth is raging in Chen Ping's body, it will be in trouble!

Chen Ping was very careful and slowly refined the fire from the center of the earth!

At this time, Sect Leader Luo had already rushed out of the crack and returned to the ground!

Seeing Sect Master Luo, Sect Master Chen and the disciples of the sect were all very happy!

"Sect Master Luo, are you okay?"

Sect Leader Chen stepped forward and asked!

“I’m fine, it’s just...it’s just Mr. Chen Daoyou...”

Chapter: 6235

Sect Master Luo looked at the bottomless crack, his expression became sad!

Seeing Sect Leader Luo’s expression, everyone instantly knew what happened!

Everyone was silent!

They knew that if it weren’t for Chen Ping, none of them would have survived!

But now, in order to save Sect Master Luo, Chen Ping stayed in this big crack forever!

“Our five major sects will always owe you a favor to Fellow Daoist Chen...”

Sect Master Luo said sadly!

“Sect Master Luo, the matter has reached this point, and we have nothing to do.”

“What should I do with the second elder of Guisha Sect?”

Zongzhu Chen asked!

Now the hunchbacked old man is still in their hands!

Sect Master Luo glared at the hunchbacked old man. If it weren't for the sneak attack by Gui Sha Sect, how could so many disciples of their five major sects have died!

Is it possible that Chen Ping is trapped in a large crack and his life or death is unknown?

"All the beasts of Gui Sha Sect deserve to die..."

"Throw him into the big crack and let him die without a burial place..."

Sect Master Luo said through gritted teeth!

When the hunchbacked old man heard this, he was immediately frightened to pee.

"No, don't kill me. I know I was wrong. I promise I will never cause trouble to the five major sects again."

"And as long as you let me go, I can be your spy. If the Ghost Demon Sect wants to deal with you, I will notify you in advance."

The hunchbacked old man desperately begged for mercy!

After finally cultivating to the current state, he doesn't want to die!

Sect Master Luo wouldn't listen to all this. He wanted to direct all his anger at this hunchbacked old man!

But just when he was about to throw the hunchbacked old man into the big crack, the mountain suddenly shook!

Then from the big crack, a ball of flames shot up into the sky and shot straight into the sky!

Chapter: 6236

The rolling heat wave made Sect Leader Luo and the others retreat one after another!

The snow on the ground also evaporated in an instant, revealing brown rocks!

Above the flames, a figure sat cross-legged!

As the flames fell, the figure also fell down with it!

“Fellow Daoist Chen...”

Sect Leader Chen saw that above the flame was Chen Ping!

On Chen Ping’s palm, a red flame danced, like a dancing little person!

But soon, this red flame disappeared into Chen Ping’s body!

Chen Ping finally refined the fire in the center of the earth and possessed the second kind of ultimate fire flame!

Even if there is only a small flame in the center of the earth, the heat wave that breaks out sweeps for dozens of miles!

All the snow was evaporated, and the cold air became dry and hot in an instant!

But as the flame entered Chen Ping's body, the cold air swept across again. The dry air collided with the cold air, and heavy snow fell like goose feathers!

"Fellow Daoist Chen, are you...are you okay?"

Sect Leader Luo asked with excitement!

"I'm fine!"

Chen Ping shook his head!

Seeing that Chen Ping was fine, Sect Leader Luo finally breathed a sigh of relief!

"Fellow Daoist Chen, you saved me this time and saved our five major sects. You are a great kindness that will never be forgotten."

Sect Leader Luo is sincerely grateful to Chen Ping!

"Sect Leader Luo is too polite. It's just a small effort. What's more, the five major sects are well-known and upright sects who punish evil and promote good, so they should help."

Chen Ping still recognized the character of Sect Master Luo!

After all, when he knew that the Demon Sealing Alliance was hunting him down with hundreds of years of offerings, Sect Leader Luo didn't do anything to him because of profit!

"Fellow Daoist Chen, save me. I know I was wrong. I will never dare to do anything to you again."

The hunchbacked old man followed Chen Ping and begged for mercy!

Chapter: 6237

He knew that the people from the five major sects must hate him to death. If he really fell into the hands of the five major sects, he would probably be tortured to death!

Now he can only beg Chen Ping!

"What good will it do if I let you go?"

Chen Ping looked at the hunchbacked old man and asked!

"Yes, there must be. I will truthfully report it to the sect master, and I will never do anything to you again."

"Actually, we don't want to be the lackeys of the Demon-Sealing Alliance, but if we don't obey, the Demon-Sealing Alliance will destroy us, and there's nothing we can do about it."

"If you let me go back this time, I will definitely persuade the sect leader to find a way to break away from the Demon-Sealing Alliance and stop being a dog to the Demon-Sealing Alliance."

The hunchbacked old man was full of desire to survive and said to Chen Ping!

“Okay, I believe you for the time being. You are of the Yin Demon lineage and you have done such evil. When the Yin Demon returns to its true form, you will not get any good results.”

After Chen Ping finished speaking, he asked the five major sect disciples to release the hunchbacked old man!

The hunchbacked old man thanked him profusely, turned around and ran away!

Although Sect Master Luo and the people from the five major sects hated the people of Gui Sha Sect deeply, but now that Chen Ping wanted to release him, they didn't dare to say anything!

After all, Chen Ping also captured the person, and it was Chen Ping who had the final say whether he should be released or not!

“Fellow Daoist Chen, we are going back too. We have suffered such a big disaster this time, and our five major sects have to cultivate for a while.”

Sect Master Luo followed Chen Ping to say goodbye!

“Okay, please be safe on the road. In addition, let Sect Master Chen take the soul-fixing bead and go to the Soul Demon Sect to find Sect Master Jiang. When he sees the soul-fixing bead, he will reshape the body of Sect Master Chen.”

Chen Ping knew that when Sect Master Jiang saw this soul-fixing bead, he would know that Sect Master Chen had recommended it!

The Soul Demon Sect is still capable of reshaping the physical body!

After listening to Chen Ping's words, Sect Leader Chen said with gratitude: "Friend Daoist Chen, I cannot thank you enough for your kindness. I will remember this kindness and say goodbye!"

Sect Leader Luo and the others left, while Chen Ping went to find Binglu and the others!

Chapter: 6238

When Chen Ping rushed to the place where Binglu and others were originally waiting, he found that there was no one there!

Chen Ping's brows frowned instantly. He had said that Binglu and others would wait here!

But now there is no one there.

This gave Chen Ping a bad feeling in his heart!

Chen Ping worked hard to emit his spiritual consciousness, hoping to find the whereabouts of Binglu and others!

But after searching for dozens of miles, there was still no trace of Binglu and the others!

Just when Chen Ping didn't know what to do, he suddenly discovered that there were blood stains on the pure white snow!

Following the blood stains, we found the bodies of several saints lying coldly on the ground!

Chen Ping was shocked and hurried over to check!

It was found that these saints were already dead, and there were still signs of being violated!

The most important thing is that the black tortoise shells on these saints have been broken, indicating that they have encountered masters.

Looking at the disheveled saint, Chen Ping felt murderous intent filling his heart.

Chen Ping didn't know who attacked Binglu and others, but he would never let these people go.

Even if I am the King of Heaven, he will not let me go.

Chen Ping hit the bodies of these saints with a ball of fire, and the bodies began to burn violently.

He couldn't let these saints die in the wilderness, otherwise they would become food for wild beasts.

After disposing of the saint's body, Chen Ping's figure disappeared instantly.

At this time, in the borderland of chaos hundreds of miles away from Chen Ping, Binglu and Lan Yingying were walking with difficulty with several saints.

Almost all of these people had injuries on their bodies, their breaths were very weak, and they were obviously unable to hold on.

"Sisters, hold on, even if you enter the land of chaos and are strangled by the turbulence of time and space, you must not fall into the hands of the Mu family."

“These beasts won’t even spare the bodies of our dead sisters.”

Binglu gritted her teeth and said with grief in her eyes!

“Yes, even if we die, we can’t take advantage of these Mu family beasts.”

Lan Yingying also nodded and said!

Chapter: 6239

“good!”

The remaining saints also nodded in agreement!

You know, as the saints of Guanghan Palace, their chastity is the most important, and their lives are nothing!

But these beasts from the Mu family know what the Saint of Guanghan Palace cares about most, and they don’t even let go of the corpse!

Therefore, even if Binglu and the others die, they will not die in the hands of these Mu family members.

Binglu and his party walked towards the borderland of chaos with determined eyes!

Not far behind Binglu and the others, Mu Yao and the Mu family were chasing after them.

Next to Mu Yao was a middle-aged woman.

This person is Mu Kui's aunt Mu Nai Yi, the eldest daughter of the Mu family.

If only Mu Yao had brought the Mu family, Binglu and the others would not have suffered such heavy casualties.

But who knew that this Mu Naiyi was here. As the elder of Guanghan Palace, Binglu and others knew that the Mu family was hostile to Guanghan Palace, but they were not prepared.

He was directly attacked by Mu Nayi and suffered heavy casualties. He had to fight to the death to escape here.

"Miss, these Saints of Guanghan Palace are rushing to the land of chaos on the border. Are they going to enter the land of chaos to seek death?"

Mu Yao looked at the direction in which Binglu and others were escaping and said.

"It's not that they want to enter the land of chaos, it's that we want to drive them in."

Mu Nayi said with a cold smile!

Mu Yao was stunned for a moment, with a puzzled face: "Miss, why are you driving them into the land of chaos?"

Mu Nayi didn't say anything, but pointed to the southwest not far away!

Mu Yao looked in the direction of his finger and found that there was a faint curtain of light flowing in that direction, and within the curtain of light, there seemed to be a towering mountain!

At this time, Mu Yao was confused, because he had never seen this light curtain in the past few days in the polar region, let alone such a high mountain!

The polar region is already in the Demonic Mountain. Isn't this mountain that suddenly appears now a mountain within a mountain?

"That's Ji Mountain. The real Ji Stone Mine is on top of Ji Mountain."

"It's just that Jishan is blocked by a barrier and can't be seen at all. It will only appear when the time and space in the borderland of chaos are distorted."

"Only in this way can we have the opportunity to enter the Ji Mountain to collect the Ji Stone. This is what I just learned, so I came to the Ji Ji to look for you."

Chapter: 6240

Mu Nayi followed Mu Yao and explained!

Only then did Mu Yao understand and why Mu Nayi suddenly came to the Pole!

No wonder they have only found scattered pole stones in the past few days, but not the pole stone mine. It turns out that it was blocked by a barrier!

Moreover, this Jishan Mountain is located in the borderland of chaos. No one dares to get close to it, so no one discovered it!

“Miss, you drove these Saints of Guanghan Palace into the Land of Chaos just to distort the time and space of the Land of Chaos so as to create conditions for entering the Extreme Mountain, right?”

Mu Yao understood instantly!

“Yes, you are very smart!”

Mu Nayi smiled lightly!

At this time, Binglu and others have reached the edge of the Land of Chaos. If they move forward, they will be sucked into the turbulent currents of the Land of Chaos!

If you do that, you will definitely die, and you won't even be able to keep your corpse!

“Sisters, let's hold hands and don't be afraid of anyone.”

“If you enter the land of chaos, you will be strangled by the turbulent currents instantly. There will be no pain.”

Binglu held everyone's hands, and then walked towards the land of chaos with firm eyes!

“Don't do anything stupid!”

At this time, Chen Ping's voice came, and then he saw a figure, approaching like a leap!

“Mr. Chen...”

Binglu was overjoyed, but she didn't expect Chen Ping to find this place!

Now that Chen Ping is here, they may be saved!

After all, they have all seen Chen Ping's strength with their own eyes!

But just when they stopped and waited for Chen Ping, a huge suction force suddenly began to suck Binglu and the others into the chaotic land!

The two saints were sucked up and flew high into the air!

Fortunately, these people were holding hands and were not sucked in!

“Hurry up...”

Binglu gritted her teeth and held on tightly!
