

## **The Order 6251**

Chapter: 6251

“Mr. Chen, you are amazing. It’s so refreshing to see those people in the Mu family in such a mess!”

Binglu stepped forward and said very happily!

But Chen Ping was not very happy. He knew that this was because of his physical strength and the restrictions on the formation here!

If he leaves this area and meets these people from the Mu family, Chen Ping is not sure!

Only Mu Yao and the Mu family could be dealt with by Chen Ping!

Now that Mu Nayi is here, Chen Ping may be difficult to deal with!

A great cultivator at the peak of the Tribulation Realm, and a ninth-level cultivator at the Tribulation Realm!

If these two people join forces, Chen Ping has no chance of winning!

What’s more, there are many other sect monks here. Although these people are coming to the place where the immortal fell, if they can’t find the immortal’s death but know their identity, there is no guarantee that these people will not It’s going to be weird!

Chen Ping knew that his current situation was difficult, but he couldn’t tell Binglu and others because he didn’t want to put too much pressure on them!

“Let’s leave as soon as possible...”

Chen Ping didn't say anything more, but turned around and continued walking towards the mountain!

Chen Ping was afraid that these other sect monks would discover his identity!

"Fellow Taoist, stay!"

At this time, an old man in green shirt shouted to Chen Ping!

Chen Ping's body shook slightly, but he still stopped!

After all, no one here has spiritual power. With Chen Ping's powerful physical body, there is no need to be afraid of these people!

"What's up?"

Chen Ping turned around and looked at the old man in green shirt!

The old man in green shirt stepped forward, walked to Chen Ping, and said very politely: "I, Ouyang Zhenhua, brought several juniors from the family to come to the polar regions to experience. I wonder if this fellow Taoist also came to the polar regions. Looking for the place where the immortals fell?"

Chen Ping looked at the old man. Because his spiritual power was sealed by the formation, he couldn't tell how strong he was, but the look in his eyes suggested that his strength was not low!

"Senior, to be honest, there is no place where immortals fell in this polar region. This is all a lie."

“There are many pole stones in the polar region, but this kind of thing is only helpful to the sect families who practice ice-based skills.”

“We at Guanghai Palace are practicing ice-based techniques, so we came here to look for the pole stone.”

Chapter: 6252

“And the members of the Mu family just now, the female cultivators in their family also practice ice-based techniques, so the pole stone is also useful to them!”

“Seniors, if there is no one among you who practices ice skills, you should leave here quickly. It is too dangerous here.”

“It won’t take long before thousands of monsters will pour in here. I’m afraid they won’t be able to leave by then!”

Chen Ping told the truth just to make these monks leave!

After all, these monks are an uncertain factor for Chen Ping!

Ouyang Zhenhua frowned slightly, looking a little shocked!

“How is it possible? Do you want to deceive us and swallow the treasures of the place where the immortals fell?”

“There are many sects and aristocratic families who came to the polar region, as many as hundreds of them. Could it be that they were all deceived?”

A junior from the Ouyang family obviously didn't believe Chen Ping's words and retorted loudly!

"Believe it or not, I'm just telling you the truth!"

After Chen Ping finished speaking, he turned around and left!

"This guy thinks he can scare us!"

"Let's go. There must be treasures in this mountain that suddenly appeared. Maybe this is the place where the immortal fell!"

"Only a ghost believes what he says. This mountain is surrounded by formations to protect it. I don't believe there are no treasures here!"

"Walking up the hill..."

Among the many monks, no one believed Chen Ping's words and started to go up the mountain one after another!

Ouyang Zhenhua hesitated, but still chose to continue going up the mountain!

They have been here for several days and have found nothing. Apart from hunting a few monster beasts and getting a few beast pills, there is no other treasure!

If I go back, wouldn't I be ridiculed by the family?

Regardless of whether what Chen Ping said is true, go up the mountain and take a look!

But just as they took a few steps, the mountain suddenly shook!

The whole mountain seemed to be shaking!

“Is there an earthquake?”

Someone said with shock on his face!

Chapter: 6253

Then, in the land of chaos, countless monsters of all kinds rushed out and headed straight for the mountain!

These monsters are all very large in size and numerous in number!

The time and space in the land of chaos are disturbed by these monsters, causing time and space cracks to appear constantly!

From time to time, there will be cracks in time and space, sucking away the monsters!

But this can't stop these monster beasts at all!

Looking at the thousands of monsters, everyone was dumbfounded!

It seems that what Chen Ping said is true, there are really a large number of monsters!

Now in this formation, they have no spiritual power and are just ordinary people!

If you are caught up by these monsters, you will be trampled to pieces!

“Run quickly...”

Someone shouted and ran towards the mountain desperately, hoping to get out of the range of this formation as soon as possible!

Everyone is running hard, but every step is very difficult!

It's impossible to move on top of that snow!

Now, everyone began to believe what Chen Ping said!

Chen Ping just looked back at the monster beasts that rushed out of the land of chaos, without saying anything, and walked forward with his head buried in the ground!

Binglu and the others looked panicked and followed closely!

Without their spiritual power, they walked very hard, and everyone was out of breath!

Soon, Chen Ping suddenly felt spiritual energy flowing in his body, like a dry river bed. Finally, water flowed through him. His whole body suddenly felt comfortable and his steps became extremely light!

Binglu and the others felt relieved as well!

“Mr. Chen, we have walked out of the formation area and our spiritual power has recovered. Let’s run quickly!”

Binglu glanced at the dark monsters at the foot of the mountain and said to Chen Ping!

But Chen Ping didn’t move. He observed the terrain, and then quickly carved formation patterns on the ground!

Chen Ping knew that if these monsters were allowed to rush up the mountain, they might not be able to get much of the extreme rocks on the mountain!

With so many monsters, a huge amount of pole stones are needed!

Chapter: 6254

They had worked so hard to find the Extreme Stone. Now that they had found the Extreme Stone, it was taken away by these monsters. How could Chen Ping be willing to accept it!

Chen Ping portrayed many offensive formations.

The reason why Chen Ping carved the formation here was because he wanted to bet that these monsters would turn into ordinary beasts after entering the formation at the foot of the mountain, and they could only hurt people with brute force!

Rumble...

The tide of beasts that rushed out of the land of chaos seemed like wild horses running wild, swarming in!

With every roar, you can hear the excitement of those monster beasts!

Binglu and the others looked at the approaching black wave at the bottom of the mountain, their faces all very ugly!

Everyone sacrificed their frost swords and held them tightly in their hands!

This time, I'm afraid it will be a tough battle!

The most fearful thing at this time is the many monks in the formation!

They didn't believe Chen Ping's words, but now they were facing such a dangerous situation!

If they didn't break out of this formation when the beast tide arrived, they would die miserably!

Everyone was running hard towards the mountain, and some were climbing on hands and feet. There were all kinds of things. They had long since lost the dignity of a monk!

Now they are just ordinary people!

In the face of life and death, the only option is to run away instinctively!

Ouyang Zhenhua was also supported by several juniors and kept running towards the mountain!

But the beast tide is getting closer and closer, and these monks are still some distance away from the range of the formation!

These people looked at Chen Ping and the others and could only cry out for help: "Fellow Taoist, help, help..."

These monks knew that Chen Ping and the others must have run out of the range of the formation, so they stopped and stood ready with their weapons in hand!

Although these people are crying for help, they also know that without any relatives, who will take the risk to save them?

Entering this formation, you are an ordinary person, what can you do to save him!

It's just that their survival instinct made them cry for help!

Chen Ping looked at the monks who were about to be overtaken by the beast tide, and there seemed to be a decision in his eyes!

"Binglu, guard this place. If these monsters break through the formation, evacuate immediately and continue up the mountain!"

Chapter: 6255

Chen Ping said to Binglu!

“Mr. Chen, what do you want to do?”

Binglu asked doubtfully!

“I’m going to save these people...”

Chen Ping said!

“Mr. Chen, don’t do anything stupid. How can you save them by yourself?”

“What’s more, if you step into that formation, your spiritual power will disappear and you will become an ordinary person. How can you save yourself?”

Binglu hurriedly dissuaded Chen Ping!

“I have my own way, I’ll see if it works if I try it!”

After Chen Ping finished speaking, he held the Dragon Slaying Sword in his hand!

“Nine Shadows Sword Technique...”

Chen Ping waved his dragon-slaying sword, and phantoms appeared one after another!

Then six identical Chen Pings stood together neatly!

Everyone has the same breath!

This shocked Binglu and others!

They couldn't tell which one was Chen Ping's true self!

Chen Ping wants the clones produced by the Nine Shadows Sword Technique to enter the formation and stop the beast tide!

However, he didn't know whether this formation would suppress the clone.

Logically speaking, there will be no suppression. After all, the strength of these clones is also supplied from Chen Ping's body!

As long as Chen Ping's body is not suppressed by the formation, the spiritual power in his body will be used by these clones!

It is precisely because of this that Chen Ping gave it a try!

“ah.....”

A monk had already been overtaken by the beast tide and was trampled to death!

As someone was trampled to death, many monks became even more panicked!

Chapter: 6256

With a thought in Chen Ping's mind, several clones rushed into the formation instantly!

Immediately after waving the dragon-slaying sword, sword rays soared into the sky, and then blocked the swarming beast tide!

Sure enough, as Chen Ping thought, the clone cannot be restricted in this formation!

Ouyang Zhenhua and others were shocked when they saw several Chen Pings suddenly appearing, each of them emitting a terrifying aura!

But they didn't have time to be shocked at this time, so they had no choice but to run away desperately!

With Chen Ping in check, the remaining monks all ran out of the formation without any danger!

When the spiritual power returned, everyone gasped for breath!

Several of Chen Ping's clones were also defeated by the beast tide at this moment!

Chen Ping did not use all his strength. He wanted to retain his strength and use it in this formation!

As soon as Chen Ping raised his hand, formations surged out one after another. The formations contained murderous intent, as if they were going to strangle everything that entered!

Chen Ping is holding a dragon-slaying sword and has an indestructible golden body covering his whole body!

The golden dragon roared and surrounded Chen Ping!

The sky and the earth are directly connected, and walls of fire rise from the ground, blocking the way forward of the beast tide!

Binglu and the others were also holding frost swords, and their auras were condensed together!

This is probably going to be a fierce battle!

The beast tide is getting closer and closer, and the smell of blood on those monster beasts can be clearly smelled!

These monster beasts roared and seemed to have no fear!

It's like going crazy!

As the saying goes, people die for wealth and birds die for food!

These monsters would risk their lives for the Extreme Stone!

After recovering, many monks ran away without looking back, without showing the slightest gratitude to Chen Ping!

But some monks also took out their weapons, as if they wanted to resist the attack of this beast wave together!

"Master, what should we do?"

A junior from the Ouyang family asked, somewhat at a loss!

Chapter: 6257

Facing thousands of monsters, they were all scared and wanted to escape as soon as possible!

But Ouyang Zhenhua didn't move, and they didn't dare to move either!

Ouyang Zhenhua looked at Chen Ping, then at the surrounding environment, and said coldly: "Get ready to fight. If we don't deal with these monsters, we won't be able to escape at all even if we escape to the mountains."

Ouyang Zhenhua and many juniors from the Ouyang family also showed their weapons one after another!

Chen Ping's body hung in the air, countless spiritual lights exploded, and all formations were activated!

Walls of fire blocked the monster beasts, but those monster beasts attacked without fear!

Binglu and the others fired a series of frost blades, harvesting the lives of the monsters!

The frost blades all over the sky fell like wind and snow!

Many monks also flew up one after another, waving various weapons in their hands!

Large swaths of monsters fell down in groups, but the monsters behind were still charging forward!

These monsters seem to be restricted by the formation, and cannot perform various techniques, and can only rely on brute force to collide!

The tide of monsters was so powerful that it quickly broke through the first few walls of fire!

The fire element stars in Chen Ping's body dimmed a lot!

Those walls of fire just now almost exhausted Chen Ping's fire element!

Immediately afterwards, the sky lit up with light, and the killing array set up by Chen Ping was activated. All the monsters that rushed in were killed one by one!

But there are too many monsters. Even if there is a killing array, those monsters who are desperate for their lives are still swarming!

At the same time, the skills of these monster beasts recovered, and each one breathed out white mist. The boundless cold air formed a wall of white mist, rolling towards Chen Ping and the others!

Under this cold fog, Chen Ping's killing array was quickly broken through!

Seeing this, Chen Ping swung the dragon-slaying sword with all his might, and the golden dragon roared, spitting out streams of flames from its mouth!

Monster beasts were swallowed up by the flames. At the same time, the flames collided with the cold mist, turning into countless raindrops and falling down!

While wielding the Dragon-Slaying Sword, Chen Ping suddenly waved his palm, and thunderclouds gathered in the sky, making a rumbling sound!

“Thunder Palm...”

A huge palm slowly took shape, and lightning traveled through the palm, pressing down with the force of thunder!

Thunder and lightning struck those monster beasts, instantly making them disappear into ashes!

Chapter: 6258

Looking at Chen Ping’s Thunder Palm, many monks were also surprised!

Now that they have all recovered their spiritual power, they can find out Chen Ping’s realm!

He was only at the third level of Tribulation Realm, but the strength he showed was shocking!

Binglu and the others were also struggling to kill the monsters.

It’s just that they are also at the forefront. The hordes of monsters are attacking without fear of death, which makes Binglu and the others feel very strenuous!

When Chen Ping saw this, the original stars flashed, and he used the source of illusion to set up an illusion array directly in front of Binglu and others!

Although the magic array has no lethality, it can stop the pace and speed of the monster beast’s attack!

Sure enough, after these monsters rushed into the illusion formation, they all became sluggish, like headless flies that got lost!

This also made Binglu and the others breathe a sigh of relief!

Ouyang Zhenhua led the Ouyang family and other remaining monks to resist the beast tide!

Ouyang Zhenhua, who was in the ninth level of the Tribulation Realm, danced his palms and countless black shadows flew out from between his sleeves and robes!

Then these black shadows turned into puppets, like robots, controlling and rushing towards those monsters!

Even if monsters swarmed in, no one would flinch!

There were already countless monster beast corpses on the ground, and blood flowed into rivers, dyeing the white snow red!

The strong smell of blood is too much for even people who are used to killing!

However, the beast pills all over the ground also stimulate people's greed!

Some of the corpses of these dead monsters exploded, and the beast pills fell to the ground!

You know, every monster has a beast elixir in its body!

With so many monsters dead, it will be a huge resource to take out the beast elixir when the time comes!

Many people refuse to retreat, and there should be this reason!

Who doesn't want to get some beast elixirs!

But the monster beasts seemed to be boundless and there was no way to kill them all!

And this kind of fighting is undoubtedly the most spiritually demanding. Some monks can only swallow pills while resisting with all their strength!

The phantom array deployed by Chen Ping temporarily slowed down the monster beast, but soon the phantom array could no longer hold up!

Chapter: 6259

After all, the strength of the temporary formation is not very high!

As the illusory formation was broken, the pressure on Binglu and the other saints increased dramatically!

Monsters began to rush towards us, following Binglu and others to fight at close range!

Some saints are starting to get hurt!

"Sister Yingying, what should we do?"

Binglu was sweating profusely and looked at Lan Yingying helplessly!

Lan Yingying also looked desperate at this moment. How could she know what to do?

Facing the endless monster beasts, it seems that there is no way to kill them all!

They are almost reaching their limit!

No matter how determined they are, their physical limits have been reached. Without the blessing of spiritual power, it will be useless no matter how hard they try!

“Retreat, all retreat...”

Chen Ping, who was suspended in mid-air, had already seen that Binglu and others had reached their limit!

If this continues, sooner or later they will die under the iron hooves of that monster!

Chen Ping still underestimated the strength of these monsters!

Binglu and others looked at each other, and then began to retreat quickly!

But those monsters refused to let go, and Binglu and the others could only fight and retreat at the same time!

Ouyang Zhenhua also looked helpless, waved his hand and said: “Retreat, quickly retreat to the top of the mountain!”

Ouyang Zhenhua knew that if he persisted, he might be wiped out!

When the other monks saw this, they all stepped back. As for the beast pills on the ground, they could only come back to get them when they had a chance!

The dragon crystal on Chen Ping's chest flickered, and all kinds of powers were working hard!

Palm prints fell from mid-air and hit those monsters!

Chen Ping must temporarily stop these monsters, otherwise Binglu and the others will not be able to escape at all!

Binglu and others ran away desperately, not daring to hesitate at all.

"How is this going?"

Chapter: 6260

On the top of the mountain, Mu Naiyi looked in the direction at the foot of the mountain and frowned slightly!

Because at this moment, she saw constant roars at the foot of the mountain, intertwined spiritual energy all over the sky, and various flashes of light!

"Miss, there is a tide of beasts coming from the bottom of the mountain. Then Chen Ping is leading his people to resist the tide of beasts."

Mu Yao stepped forward and said!

“This kid actually dares to directly confront the beast tide. He is really ignorant.”

Mu Naiyi smiled coldly, and then ordered: “Don’t worry about him, they probably won’t come to the mountain alive.”

“Now you immediately lead people to collect the pole stones, find the entrance to the pole stone mine, and collect as many pole stones as possible.”

“If we wait for this wave of beasts to pour into the mountains, we will have no chance!”

Mu Naiyi knew that these monsters must be heading towards the Extreme Stone!

“Yes!” Mu Yao nodded and started to lead people to collect the pole stones!

At this time, Chen Ping was still struggling to kill the monster!

Binglu and the others have already distanced themselves from the monster behind them!

Ouyang Zhenhua and others also retreated to the mountain!

At this moment, there was only Chen Ping, holding the dragon-slaying sword, constantly killing monsters between the thunder of heaven and earth!

Everyone stared at Chen Ping blankly, with surprise and shock in their eyes!

One person versus all beasts!

Ouyang Zhenhua is a ninth-level monk in the Tribulation Realm, but he is not so courageous!

But at this time, only Chen Ping knew that he also wanted to retreat, but was restrained by the beast tide and couldn't escape at all!

Chen Ping is in the bull category, and he is also self-aware!

There is absolutely no way I can stop this beast tide by myself!

Now Chen Ping is trapped in the beast tide and wants to fight his way out, but there are more and more monsters!

The cold air that covered the sky and the sun made Chen Ping gradually disappear!

If Chen Ping didn't have the ultimate fire spirit, the cold air would have frozen Chen Ping long ago!

This is the cold air spewed by tens of thousands of monsters!
