

The Order 6271

Chapter: 6271

It was pitch dark inside the cave, but Chen Ping lit up a fire in his palm, lighting up the surrounding area!

Chen Ping himself didn't know how long he had been walking. There was indeed no danger. It looked like an ordinary cave!

But as we went deeper and deeper, there was a glimmer of light inside the cave!

It seems that not far ahead, there should be the exit!

Chen Ping quickened his pace. When he actually walked to the exit of the cave, his whole body was directly shocked!

All I saw was a vast land in front of me, with countless buildings standing there!

But many of them have collapsed and are in dilapidated condition!

And at the very front is a mountain gate that has collapsed in half, with only a few white stone pillars standing!

Looking at this scale, it can definitely be called a large sect, but now it looks like a dilapidated sect!

In the mid-air, there were halos of light floating around, and this halo enveloped the entire sect!

Outside the halo, there is the turbulence in the land of chaos, and cracks in time and space are also suddenly appearing and disappearing from time to time!

Looking at everything in front of him, Chen Ping knew that the Wuji Holy Sect was glorious when it was in the heaven, but now it has become so declining and desolate, and the entire sect has disappeared!

As the saying goes, even in a glorious sect, under the long river of time, there will always be a moment of decline, and at the same time, a new sect will rise. This is the normal evolution of the times. No one can stop it!

But how could such a huge heavenly sect be destroyed?

How did the Wuji Holy Sect appear in the world of heaven and humans?

Was this world of heaven and earth created by the Wuji Holy Sect?

These are all unknowns. Chen Ping wanted to ask the Red Cloud Demon Lord, but this guy is probably still suffering from amnesia and can't remember at all!

"It seems that the only way is to enter it and explore slowly!"

If Chen Ping wants to know all the questions, he can only investigate by himself!

"Wow...this...is there such a huge sect holy land hidden here?"

Binglu and the others caught up, and when they saw the Wuji Holy Sect, they were all shocked by the sight before them!

Especially outside the halo, the chaotic cracks in time and space are frightening to watch!

At this moment, the Wuji Holy Sect seemed to be upside down under a transparent glass cover!

“This... what is this place? Is there really a place where immortals fell in this polar region?”

Chapter: 6272

Lan Yingying took a breath and said!

Originally these were rumors spread by Guanghai Palace, but now looking at the dilapidated sect in front of me, it feels like these rumors are true!

“This is more than just the place where immortals fell...”

Chen Ping sighed with emotion!

Such a huge heavenly sect has countless disciples, all of whom are at the immortal level!

Now that the sect has been destroyed and all the disciples have fallen, this should be the place where hundreds of immortals have fallen!

“Mr. Chen, did you know that this cave leads to here?”

Binglu asked curiously!

After all, Chen Ping suddenly asked them to stop going up the mountain and look for a cave halfway up the mountain. When they saw the cave, they climbed in without hesitation!

It was as if Chen Ping already knew it!

“So be it!”

Chen Ping nodded!

Although Binglu and others wondered how Chen Ping knew, they didn't ask!

If Chen Ping chooses not to tell, then they don't have to ask anymore!

Chen Ping jumped up and jumped out of the cave!

Binglu and others followed closely behind!

When Chen Ping and the others landed in front of the Wuji Holy Sect, they discovered how grand the sect was!

When they looked down just now, although they could see the hugeness of the Wuji Holy Sect, the impact was not strong!

But at this moment, they were standing in front of the door, and those towering stone pillars seemed to be soaring into the sky!

The sect plaque on the ground has been broken into pieces, but the four characters “Wuji Holy Sect” can still be vaguely seen!

“Wuji Holy Sect? What kind of sect is this? Have you never heard of it?”

Binglu said very curiously.

“Is there such a sect in the world of gods and humans?”

Lan Yingying is also full of curiosity!

“This is not a sect in the world of gods and humans, but a sect in the heavenly world.”

Chen Ping said slowly!

“What?”

Binglu and others were immediately shocked!

“Mr. Chen, how come the Heavenly Sect appears here? If this is the Heavenly Sect, wouldn’t the people who died here be all immortals?”

Lan Yingying’s breathing became rapid!

I originally thought this was the place where immortals fell, so it would be great if one immortal fell!

But if a sect's immortal died, wouldn't there be countless treasures left behind in this place?

"probably!"

Chen Ping couldn't explain it clearly!

Chapter: 6273

"Wow, this...is this the place where the immortal fell?"

"What a big sect. It's getting rich. It's getting rich..."

"There must be a lot of treasures here. Fortunately we didn't leave!"

Many monks also rushed to the entrance of the cave. Looking at the magnificent sect below, they all jumped up with joy!

Ouyang Zhenhua was also shocked by the sight in front of him!

He also didn't expect that the cave was connected to such a large sect!

Many monks jumped down one after another, and everyone was amazed!

At this time, Chen Ping and the others had already entered the sect. Looking at the dilapidated houses and collapsed buildings, Chen Ping was filled with sighs!

“Cheer up, everyone, be careful there are traps in this sect.”

Chen Ping knew that even if such a huge sect was destroyed, there would still be traps and the like inside the sect!

There will even be remaining formations!

After all, this kind of sect must have a sect-protecting formation!

At this time, Ouyang Zhenhua and the others had already caught up. Seeing Chen Ping and the others being cautious, Ouyang Zhenhua stepped forward and said, “Fellow Taoist, is there still danger in this ruined Holy Sect?”

Ouyang Zhenhua asked Chen Ping because he felt that Chen Ping should have known about this in advance!

After all, no one dared to enter the cave, but Chen Ping was the first to enter!

How could Chen Ping dare to enter without full assurance and confidence?

“I don’t know, but it’s better to be careful. After all, for such a huge sect, there should be some remaining formations and traps.”

Chen Ping said!

“In this case, let the puppet in my hand explore the way. If there is really danger, we can respond.”

After Ouyang Zhenhua finished speaking, he waved his sleeves and two black shadows appeared instantly!

Then they turned into two puppets as tall as each person. Under Ouyang Zhenhua’s command, they began to slowly move deeper into the sect!

The hierarchy of Wuji Holy Sect is very strict, which can be seen by looking at the sect’s buildings!

Just after entering the sect, there were relatively low rooms. Although some collapsed, some were still intact.

These should be places where ordinary disciples live!

Chapter: 6274

And the further you go inside, the taller and heavier the house becomes!

After passing through those low rooms, independent courtyards appeared one by one. These should be where some of the senior disciples of the sect live!

These people all have their own independent cultivation space!

Chen Ping and the others found a relatively complete courtyard, and then carefully opened the door and entered!

But just as the two puppets walked through the door, they suddenly exploded without warning!

The solid puppet turned into scum in an instant.

This scene shocked everyone!

If there were no puppets to check in front of us, the people who entered first would probably be dead by now!

“What a powerful formation. How many years have it been here? Still so powerful?”

Ouyang Zhenhua said with lingering fear!

Chen Ping frowned, his eyes full of solemnity!

If a disciple’s courtyard is protected by such a formation, then the sect’s main hall behind it, as well as the elders behind the sect and the residence of the sect master, will they still be able to investigate?

“Everyone, please don’t move. Let me see how many magic circles there are in these courtyards.”

Chen Ping wanted to know how the magic formations set up by the Heavenly Sect were different from the current magic formations!

After all, the Wuji Holy Sect has been destroyed for who knows how many years. When Demon Lord Chiyun came to the world of heaven and humanity, the Wuji Holy Sect had already been destroyed!

And Demon Lord Chiyun has been suppressed at the foot of the Demon Mountain for thousands of years, even earlier than the war between gods and demons!

Then the destruction of Wuji Holy Sect will be even longer!

Was there any other terrible war before the war between gods and demons?

Chen Ping pondered, if he could destroy such a huge sect like the Wuji Holy Sect, then the other party's strength must be extremely terrifying!

Anyway, a character like Demon Lord Chiyun would never be able to destroy a sect like Wuji Holy Sect!

Chen Ping was pondering in his heart, but Demon Lord Chiyun said: "You kid, just think, don't always compare me. Although I am a Demon Lord, I am not the master. How can I destroy someone like the Wuji Holy Sect?" Heavenly Sect."

"Although I can't destroy a major sect in the heavenly world like the Wuji Holy Sect, if I return to my true form and destroy the sects in the heavenly and human world, it will be easy."

Chen Ping was speechless for a while, he just thought about it, Demon Lord Chiyun was actually not happy, and he quite wanted to save face!

"Help me open the Tianming Eye. I want to observe how many formations are left in this Holy Sect."

Chapter: 6275

Chen Ping said to Demon Lord Chiyun!

Soon, a light red light flashed on Chen Ping's forehead, and then a shape similar to an eye appeared on Chen Ping's forehead!

Then Chen Ping's eyes turned gloomy, and formations appeared with the help of Tianming Eyes!

I saw a series of complex and mysterious formation patterns, forming one formation after another!

Seeing the formations in front of him, Chen Ping took a breath of air, because the formations in front of him were simply exquisite!

Moreover, this is the courtyard of the Holy Sect disciples, so it is surrounded by various formations!

There are defensive formations, killing formations, and spirit gathering formations to help with cultivation. Many formations are overlapped in a courtyard!

This was the first time Chen Ping had seen this kind of overlapping formations!

You must know that each formation has different functions. If placed in the same position, there will be various restrictions on it!

After all, there are several formations in one place, and the conditions for opening the formation will be restricted!

When should we activate the defensive formation, when should we activate the killing array, and when should we activate the spirit gathering array?

This is a very complex problem!

Chen Ping wants to arrange the formations in a few places, and they must be well-proportioned, so that the formations will be activated in sequence!

But this was the first time that Chen Ping had seen this kind of all-inclusive formation thrown together!

Chen Ping used his Tianming Eye to carefully observe various formations!

He wanted to take the opportunity to do some research and learn some formation techniques, which might be of great help to him!

With the Tianming Eye, Chen Ping can intuitively detect various formations, and research will be much faster!

Chen Ping stared blankly, and many of the monks behind him couldn't wait!

"What is this guy doing? Can he break the formation?"

"Why are you so still? Are you trapped in the illusion array?"

"How long will this take?"

Some monks can't wait!

"Everyone, please be patient. This fellow Daoist Chen took the lead in saving us and led us here. We must choose to believe in him."

"Let's wait and see. It is estimated that this magic circle will be difficult to break..."

Chapter: 6276

Ouyang Zhenhua comforted everyone!

After listening to Ouyang Zhenhua's words, many monks became quiet!

At the same time, Mu Nayi, who was on the top of the mountain, discovered that Chen Ping and the others had not reached the top of the mountain for such a long time!

Mu Yao and everyone in the Mu family also explored the entire mountain top, but found no Youji Stone Mine!

"Miss, the entire top of the mountain has been inspected except for the side wrapped by the land of chaos. We have looked at other places and found no pole stone mine at all."

"But there are a lot of pole stones scattered everywhere. I sent people to pick up a lot of them!"

Mu Yao said!

"A mouse's eyesight is short-sighted, how many can it pick up? Only if we find a pole stone mine, then our Mu family will have a steady stream of pole stone resources."

"Then why don't Chen Ping and others come up?"

Mu Nayi frowned slightly. She didn't know that Chen Ping and the others had found the cave!

"Miss, there is no Jishi mine on the top of the mountain. Could it be halfway up the mountain?"

“Could it be that Chen Ping and others discovered the pole stone mine halfway up the mountain, so they didn’t come up?”

Mu Yao said!

“It’s very possible that we will go down the mountain...”

Mu Naiyi waved his hand and led everyone in the Mu family down the mountain!

The entrance of the cave is still shining with light. It won’t be long before everyone in the Mu family will be able to discover the cave.

At this moment, Chen Ping is still observing and comprehending the formation in front of him!

Suddenly Chen Ping moved, and then walked towards the courtyard!

Upon seeing this, Binglu and others hurriedly stepped forward and grabbed Chen Ping: “Mr. Chen, it’s dangerous, don’t be impulsive.”

The two puppets just turned into scum in an instant. Chen Ping would definitely be in danger if he ventured in like this!

Ouyang Zhenhua and others were also shocked by Chen Ping.

“Fellow Daoist Chen, if you find a way to break the formation, we can try it together. You must not enter it alone, it is too dangerous.”

“My two puppets just turned into scum in an instant. They were made of extremely rare black stone and are very hard, but they still can’t withstand it. Don’t take the chance.”

Ouyang Zhenhua also advised Chen Ping!

Chapter: 6277

Chen Ping’s body was mortal and he didn’t have the slightest protection. If he went in like this, wouldn’t he be seeking death?

Binglu and the others stopped Chen Ping from taking any risks!

“Don’t worry, if I wasn’t sure, I wouldn’t act easily.”

Chen Ping smiled lightly, and then passed between Binglu and the others!

Binglu, Lan Yingying and the remaining saints looked at Chen Ping nervously!

Although Chen Ping said he was confident, they were still nervous!

If there is anything wrong with Chen Ping, they know what will happen to them!

In this polar region, without Chen Ping’s protection, they would not be able to get out at all.

And without Chen Ping, I don’t know what these monks in front of me will do!

Who wouldn't be tempted by a graceful and beautiful woman?

You must not have the intention of harming others, and you must have the intention of guarding against others!

These monks have all seen Chen Ping's power, so they were able to suppress the lustful thoughts in their hearts!

But if something unexpected happens to Chen Ping, who can guarantee that these people will not take action against Binglu and others?

In full view of the public, amid the tension of Binglu and others!

Chen Ping entered the courtyard!

But the puppet scene didn't appear, Chen Ping was fine, and the formations in the courtyard didn't seem to react!

Whether it was Bing Lu or Ouyang Zhenhua, they all looked shocked!

They didn't know what method Chen Ping used to stop this formation from activating!

Chen Ping walked into the courtyard, his palms were in the air, as if he was groping for something!

Soon, Chen Ping smiled slightly: "I see, no wonder so many formations can be integrated together without any activation restrictions."

Chen Ping discovered that the activation of these formations was determined based on the aura. The monks' aura had already been input into these formations!

The formation will automatically be judged based on the aura. The person who enters the aura will enter and the spirit gathering array will be opened, allowing people to practice quickly.

And if the breath of the intruder is not entered into the formation, the defensive formation and killing formation will be activated at the same time to block the intruder!

This point touched Chen Ping deeply.

After all, after many formation masters set up formations, only they can move freely in the formations, and others cannot use the formations.

Especially for the fusion of multiple formations, it is most convenient to use breath to determine when to activate which formation.

As for this method of inputting breath, as long as the breath is input, even if the formation master is not present, the person whose breath is input can move freely in the formation!

This is a good method. After Chen Ping learns this method, he can lay out a variety of formations and then input his breath. These formations can be controlled by multiple people who input their breath.

Chen Ping understood the principle and was able to crack the formations one after another like a duck in water!

Chapter: 6278

It only took a quarter of an hour for Chen Ping to disarm the formation.

“Okay, you can come in...”

Chen Ping said after breaking the formation!

Upon seeing this, Binglu and others cautiously walked into the courtyard and found that no formation was activated!

Only then did I feel completely relieved!

Ouyang Zhenhua and others also followed into the courtyard!

This courtyard is still intact and has not been damaged by the battle!

Although the yard is not big, the layout is very reasonable, including a practice room, an alchemy room, and even a small study room!

Walking in, there were a lot of rune papers inside. There were cinnabar pens for carving runes on the table, as well as various paints!

Chen Ping could not have imagined that this disciple of the Wuji Holy Sect could also make elixirs and draw talismans. He was truly an all-round talent!

Looking at the talisman in front of him, Chen Ping reached out to get it!

But as soon as he touched it, the talisman instantly turned into ashes!

At this time, Chen Ping did not dare to flip through it casually, but looking at the runes on the table, he saw that several runes had been drawn on them, but not all of them were drawn at all. It can be seen that the monk left in a hurry at that time!

“ah.....”

Just when Chen Ping was studying the half-drawn runes carefully, someone suddenly screamed!

Chen Ping rushed out of the study!

I found a monk whose palms seemed to be corroded by something, and white smoke was emitting from them!

Chen Ping, with his sharp eyes and quick hands, chopped off the man's hand with one sword!

Soon, the chopped palm turned into a white smoke, and was completely corroded and disappeared!

“How is this going?”

Ouyang Zhenhua also looked shocked and asked the monk!

“I...I just saw a formation disk in the room and wanted to pick it up and observe it, and it turned out like this.”

The monk who lost his palm said!

Obviously, this monk wanted to get some treasures in this room, but unexpectedly he was plotted against him!

Chapter: 6279

“Don’t move things here. It seems very peaceful here, and there seems to be no danger at all. In fact, there are undercurrents here, full of all kinds of dangers and uncertainties.”

Chen Ping warned everyone!

If someone tries to steal something again, various situations may arise!

After listening to Chen Ping’s words, the monks who originally wanted to search for treasures became obviously much more honest!

This Wuji Holy Sect is full of weirdness, they don’t dare to act recklessly!

Chen Ping walked up to the array that the monk was talking about!

I saw that the formation plate was very beautifully carved. Chen Ping observed it carefully for a long time, but he couldn’t tell what the formation was from the formation pattern!

In the palm of Chen Ping’s hand, a ball of gas flame burst out, and then the flame enveloped the array, followed by bursts of smoke!

The surface of the array disk started to flash with fluorescent green light. It was obvious that someone had tampered with the array disk and sprinkled unknown medicinal powder on it!

Anything it touches will be corroded immediately!

However, under the burning of the ultimate fire, the fluorescent green light became weaker and weaker.

After the fire was extinguished, Chen Ping reached out and picked up the array plate!

Chen Ping's hand was not corroded.

Chen Ping studied it carefully, and a ray of spiritual power penetrated into the formation disk. Chen Ping wanted to activate the formation disk to see what kind of formations were carved in the formation disk of the Celestial Sect!

But no matter how Chen Ping injected spiritual power, the formation plate showed no reaction at all.

Seeing this, Chen Ping could only put the array away and study it carefully when he had time!

After all, this is also the array of the Heaven Realm Sect, which is of great research significance!

Seeing Chen Ping put away the formation disk, although many monks were envious, no one said anything!

After all, if it weren't for Chen Ping, they wouldn't even be able to enter this courtyard!

Chen Ping glanced at it with his Tianming eyes and found that there was no poisonous powder on the other items, so he said: "This is the Tianjie Sect, so some things are priceless. You can find what you need!"

Chen Ping took the formation plate, but he couldn't let Ouyang Zhenhua and others get nothing!

Chen Ping is not that selfish.

“Fellow Daoist Chen, are there any traps in these things?”

Ouyang Zhenhua asked worriedly!

Chapter: 6280

“Senior, don’t worry. I’ve already checked it out. It’ll be fine.”

As soon as Chen Ping finished speaking, everyone began to swarm over the things in the room!

I wish I could move the entire courtyard.

Chen Ping walked out of the courtyard and found another well-preserved courtyard to observe!

After observing, Chen Ping realized that the formations in each courtyard were not connected. They should have been set up by the monks in each courtyard themselves!

After all, everyone’s cultivation level and understanding of formations are different, so it is normal to set up different formations!

But there is one thing, that is, these courtyards are the fusion of multiple formations, with aura instilled in them!

That is to say, other monks who come to the courtyard will not be attacked by the courtyard formation!

Chen Ping broke through the formation with ease, and then walked into the courtyard leisurely, as if he had walked into his own home!

Binglu and the others had finally seen what Chen Ping was capable of, so they followed behind and were no longer afraid at all!

Walking into the courtyard, the layout and furnishings are almost the same!

It's just that there is no room for drawing talismans in this courtyard. This monk should not know how to draw talismans!

After looking around, there was nothing good, and Chen Ping was slightly disappointed!

If there is nothing in these complete courtyards, then there should be nothing in other collapsed and dilapidated places!

“Mr. Chen, look what this is...”

Binglu suddenly took out a scroll that had already been covered with dust from the corner of the room!

“careful.....”

Chen Ping was shocked and quickly snatched the scroll!

If there are any traps here, Ice Dew will be in danger!

But fortunately, there are no traps, and the ice dew is fine!

Chen Ping took the scroll and found that it was just an ordinary thing, and he couldn't feel the meaningful spiritual energy emanating from it at all!

The more this happens, the more strange Chen Ping becomes!

Ordinarily, the things here should not have any aura at all!

After all, they all passed through the hands of immortals. Even if they are random things, they should be treasures in this world of gods and humans!
