

The Order 6351

Chapter: 6351

But if he stays, with his current strength, he is no match for the head of the Mu family!

After much thought, Chen Ping decided to return to the Blood Spirit Valley first and hand the Heavenly Demon Stone to Feng Mo, and wait for Feng Mo to reshape his body and regain his peak strength!

Chen Ping doesn't have to be afraid, I believe Feng Mo will definitely help him!

Another point is that Chen Ping plans to go back and find some helpers. There are too few Guanghan Palace disciples now, and they simply cannot withstand the power of the entire Mu family!

At that time, Chen Ping will bring some people over. Whether it is Devil Mountain Ghost Lao, Bai Qian, or Luo Shouhai, they are all great monks at the seventh or eighth level of the Tribulation Realm. They are more than enough to deal with ordinary children of the Mu family!

Chen Ping found Wantong Pavilion and boarded the airship directly with the Elder's Order. Originally, Chen Ping had no place, but this Elder's Order played a big role!

"Mr. Chen....."

Seeing Chen Ping, Elder Sun of Wantong Pavilion was very surprised!

"Elder Sun, I didn't expect you to be here!" Chen Ping saw Elder Sun and smiled slightly!

"I am the reason why these two ran away." Elder Sun of Wantong Pavilion smiled helplessly, and then asked: "Mr. Chen, didn't you go to Guanghan Palace, are you leaving in just a few days?"

“Yes, it’s done.”

Chen Ping nodded!

“It’s better to leave now. It won’t take long. I’m afraid there will be disaster in Guanghan Palace.”

“It is not good for Guanghan Palace to provoke anyone, but it is the Mu family. Now that the Mu family has recalled all the members of the family, it is estimated that they will take action against Guanghan Palace.”

Elder Sun sighed!

“Elder Sun, how much do you know about the Mu family?”

Chen Ping asked Elder Sun!

“I don’t know much about it, but I think Pavilion Master Qian should know about it, and our branch of Wantong Pavilion should have information about the Mu family.”

“It’s just that according to the rules of our Wantong Pavilion, if you want to obtain information, you have to spend spiritual coins to purchase it.”

“Although you saved Elder Xia’s daughter and have Elder Xia’s token, this is Nanjing City after all, and Pavilion Master Qian is in charge, so...”

Elder Sun’s meaning is very obvious. If Chen Ping wants to get information about the Mu family, he must get money. Elder Xia’s token is useless!

“Don’t worry, Elder Sun, I will give you more money than you should, and I will never give you a penny less.”

Chen Ping said!

After all, Wantong Pavilion is doing business, so you can’t do it without paying!

Chapter: 6352

“Okay, I’ll take Mr. Chen there now.”

Elder Sun nodded!

“This airship.....”

Chen Ping knew that the time for the airship to take off was coming soon!

“Just wait a moment, it’s me who has the final say anyway!”

After Elder Sun finished speaking, he then said to a staff member of Wantong Pavilion: “Don’t take off the airship, wait for me to come back.”

“I know, Elder Sun!”

The staff member nodded!

When Chen Ping saw this, he was also glad that this friend had an easier way to travel. This is really the truth!

If he hadn't saved Elder Xia's daughter and didn't have Elder Xia's token, Elder Sun wouldn't have treated him like this!

Chen Ping followed Elder Sun to the Wantong Pavilion branch in Nanjing City!

Chen Ping took a look and found that Wantong Pavilion was wrapped in a formation and the protection was very tight!

And there are two guards standing at the door!

But when Chen Ping looked at the two guards, he was a little surprised, because he couldn't feel the slightest bit of life from these two guards, as if they were dead!

But Chen Ping couldn't say that two people were dead even though they were right in front of him!

Just when Chen Ping was confused, two guards stopped them!

"Please show me your token!"

A guard said with a stiff voice and no emotion at all!

Elder Sun took out the token and waved it in front of the two guards!

After seeing the token, the two guards stepped aside and made way.

Chen Ping was very curious and said with a puzzled face: "Elder Sun, you come here often. Don't the disciples of Wantong Pavilion know you as the elder?"

"I think those two guards are so obedient, they look like fools..."

Chen Ping did not dare to say that the two guards looked like dead people. After all, they were disciples of Wantong Pavilion, which was somewhat rude!

But who would have thought that Elder Sun laughed and said, "Mr. Chen, do you think these two guards are inhumane, but rather lifeless, like dead people?"

Chapter: 6353

Hearing what Elder Sun said, Chen Ping nodded and said: "Yes, yes, it's just that there is no life at all."

"These two people are puppets. Where does the life come from? There is no way they can be humane!"

Elder Sun smiled!

"Puppet?" Chen Ping frowned instantly!

You know, those who refine the puppet corpses are all demonic cultivators, and only heretics would do such a thing!

Seeing Chen Ping's expression, Elder Sun quickly explained: "These two guards are puppets, not puppet corpses. I wonder if Mr. Chen knows about puppets made from various materials?"

As soon as Elder Sun said this, Chen Ping immediately thought of Ouyang Zhenhua. At that time, Ouyang Zhenhua brought many puppets, which they built themselves!

“I know that those who can make puppets are skilled craftsmen. I didn’t expect that there are such people in Wantong Pavilion.”

Chen Ping said enviously!

“We in Wantong Pavilion don’t have such skilled craftsmen. These two puppet guards were also bought from the Ouyang family. Because the Ouyang family often buys the materials for refining puppets from our Wantong Pavilion, they are quite familiar with them. They just sold us two puppets.”

“Mr. Chen also knows that humans will have emotions and desires. Because guards often show favoritism, that’s why we at Wantong Pavilion decided to buy puppet guards. In this way, even if I, an elder, come here, we must act according to the rules. That’s all.”

Elder Sun explained!

When Chen Ping heard this, his eyes suddenly lit up: “Elder Sun, you said that your Wantong Pavilion has the materials for refining puppets?”

Seeing Chen Ping’s somewhat excited look, Elder Sun nodded in confusion and said: “Yes, our Wantong Pavilion sells all kinds of resources and information. We are doing various businesses, operating airships.” It’s just one of them.”

“Great, I’ll buy some materials for refining the puppet later.”

Chen Ping also wants to collect the materials for refining the puppet and then refine it himself!

Now that Wantong Pavilion has everything, it will be much easier!

“Mr. Chen, I wonder what you want those for? Do you know how to make puppets?”

Elder Sun asked curiously!

“You know a little bit, I haven’t tried it yet!” Chen Ping said modestly!

Elder Sun looked at Chen Ping in disbelief. He really couldn’t imagine what Chen Ping, a fourth-level monk in the Tribulation Realm, could not do!

Elder Sun led Chen Ping into a formation, and then the formation lit up with rays of brilliance!

Chen Ping knew at a glance that this was a small teleportation array that could only teleport a short distance!

However, a branch of Wantong Pavilion actually needs a small teleportation array, which shows how strict the defense awareness is!

Chapter: 6354

“Mr. Chen, the people in Nanjing City are complex and various forces are intertwined. We have a lot of secrets and resources in Wantong Pavilion, so we must be careful to prevent sneak attacks.”

Elder Sun said!

Chen Ping nodded to express his understanding. After all, there is almost no order in the human world today, and people can fight for resources at any time!

The area around Tianmo Mountain in the Southern Territory is pretty good. It has its own order, so it won’t be chaotic, and there is still a place for demon cultivators!

Chen Ping couldn’t understand. The five major domains of the human world and the domain lords were in such chaos. What were the domain lords doing?

It took hundreds of years to be born. It is estimated that the domain master has either ascended to immortality or died!

“Boy, please ask for help and ask Wantong Pavilion to help me find the bones. Tianmo Mountain is a vast area. If you, the boy, find my bones alone, it won’t be a year or two.”

Demon Lord Chiyun said after Chen Ping!

After collecting the bones, Demon Lord Chiyun can slowly recover his physical body and then return to the heaven!

Wantong Pavilion’s business is almost all over the Southern Territory, and there are many disciples and a lot of information, so it will definitely be much faster to find it than Chen Ping!

“Elder Sun, I wonder if your Wantong Pavilion is in the business of helping to find things besides selling intelligence resources?”

Chen Ping asked Elder Sun!

“Of course we do. We at Wantong Pavilion are not in the killer business and we don’t help people kill people. We do all kinds of business, as long as the money is in place.”

Elder Sun said!

“That’s great. I hope Elder Sun can help me find the remains of the next corpse. This remains should be distributed in Tianmo Mountain. I don’t know the specific location.”

Chen Ping said.

Upon hearing this, Elder Sun frowned slightly: "Looking for remains? There are remains everywhere in Tianmo Mountain. I don't know how many people died. There is no specific location or mark. It is too difficult to find."

"Me finding this remains made a difference."

As Chen Ping spoke, he took out the skull and hand bones of Demon Lord Chiyun and showed them to Elder Sun!

Elder Sun just glanced at it, and his eyes became a little shocked.

"Mr. Chen, I'm afraid these remains are not from the celestial world. They should be the remains of the immortals from the celestial world, right? Moreover, there is still a trace of breath in these remains."

Elder Sun asked!

Chen Ping nodded: "Yes, this is indeed the remains of a celestial being."

Seeing that Chen Ping trusted him so much, Elder Sun admitted it directly, so he said: "Okay, I will put the skeletal form and aura record in our mission library in Wantong Pavilion."

"Thank you, Elder Sun." Chen Ping put away the remains and then thanked him!

"Mr. Chen, you're welcome. As I said, we are just doing business."

After Elder Sun finished speaking, he waved his hand lightly!

When the formation was activated, Chen Ping felt a flash of white light in front of his eyes, and then he appeared in a room!

The room is very simple in layout, but there are actually many formation patterns carved in the room. If someone starts to cause trouble here, these formation patterns will be activated instantly.

I have to say that Wantong Pavilion is really cautious and wealthy. In a place like the Heavenly and Human Realm, ordinary sound-transmitting jade slips are expensive, not to mention that Wantong Pavilion is decorated inside and outside. These formations.

Chapter: 6355

In the middle of the room, the young Pavilion Master Qian was sitting on a chair and looking at something!

Feeling the fluctuations of spiritual energy, Pavilion Master Qian looked up and saw Elder Sun and Chen Ping. He was stunned for a moment, then stood up strangely and asked: "Old Sun, you should be on the road at this time, why haven't you left yet??"

"I was originally going to leave, but Mr. Chen needed to purchase some information, so I brought him here. It won't be a problem if I take off a little late."

Elder Sun said!

"You guys sit down first..."

Pavilion Master Qian asked Chen Ping and Elder Sun to sit down, made them two cups of tea, and then asked, "I don't know what information Mr. Chen wants to buy."

"Pavilion Master Qian, I want to know information about the Mu family. Is there any information?"

Chen Ping asked!

Pavilion Master Qian was stunned for a moment, then said: "Of course, the Mu family is a famous family. Of course we in Wantong Pavilion have their information."

"I just don't know what Mr. Chen did to buy the Mu family information?"

Chen Ping looked at Pavilion Master Qian and frowned slightly, but said nothing. Pavilion Master Qian smiled awkwardly and said, "Sorry, I said too much. I shouldn't ask."

Doing business is doing business, there is no need to ask customers what they are buying for!

This is professional ethics!

"Mr. Chen, please wait a moment!"

After Pavilion Master Qian finished speaking, he turned around and walked to a wall. Then he pressed his palm lightly, a pattern slowly lit up, and Pavilion Master Qian disappeared!

About ten minutes later, Pavilion Master Qian came back, but he had an extra jade slip in his hand, which contained various information about the Mu family!

"Mr. Chen, this jade slip contains information about the Mu family. However, we at Wantong Pavilion are doing business, so Mr. Chen must have enough money."

Pavilion Master Qian said!

“Pavilion Master Qian, please tell me a price, I know the rules!”

Chen Ping said.

“Because Mr. Chen is already a regular customer of our Wantong Pavilion and has an elder’s token, so for this information about the Mu family, five million spiritual coins will be enough.”

Pavilion Master Qian stretched out his hand and said!

Chapter: 6356

Chen Ping did not hesitate and directly threw out five purple gold coins. For Chen Ping, money is not an issue!

After getting the money, Pavilion Master Qian smiled and gave the jade slip to Chen Ping!

Chen Ping took the jade slip and wanted to put it away, but was stopped by Pavilion Master Qian.

“Mr. Chen, you can’t take this thing away. You can only remember the information in the jade slip here.”

“We only have this jade slip. If someone else buys the Mu family information, we will be gone.”

Pavilion Master Qian said to Chen Ping!

Chen Ping was stunned for a moment, and then he had to admire this Wantong Pavilion!

This is simply done once and for all. You can collect information once and sell it over and over again. This is really a no-brainer!

But Chen Ping didn't say anything, but a burst of spiritual power penetrated into the jade slip, and all the contents inside entered Chen Ping's mind!

Soon, Chen Ping memorized everything and then handed the jade slip back to Pavilion Master Qian!

"Pavilion Master Qian, I also want to buy some materials for refining puppets. Do you have them here?"

Chen Ping asked!

"Of course, I didn't know you..." Pavilion Master Qian was about to ask Chen Ping what the use was, but he quickly shut up, turned around and left!

Professional ethics, don't ask customers too many questions.

Pavilion Master Qian soon brought many kinds of materials, all of which were used to refine the puppets!

"Mr. Chen, the materials used to make the puppet are extremely expensive. Are you sure you want it?"

Pavilion Master Qian asked!

"Of course, Pavilion Master Qian, let's discuss the price!"

Chen Ping is not afraid of price, but he is afraid of not having anything!

“With these materials, there should be no problem in refining the three-headed puppet. The price is 30 million spirit coins.”

Pavilion Master Qian said!

When Chen Ping heard this, he couldn't help but be speechless. It was equivalent to ten million spiritual coins for one puppet!

No wonder the Ouyang family regards the puppet as a treasure!

Chapter: 6357

But Chen Ping still happily paid the money!

After collecting the materials, Chen Ping did not stay long, but left with Elder Sun!

After leaving the branch of Wantong Pavilion, Chen Ping and Elder Sun returned to the airship!

“Elder Sun, can you give me a separate room on the airship? I can give you some more money.”

Chen Ping asked!

“Of course, I can still make the decision on this airship, whether it's money or not.”

Elder Sun smiled faintly, and then prepared a separate room for Chen Ping!

The reason why Chen Ping wanted a separate room was so that he could try to refine the puppet during his time on the road!

Now that the methods and materials for refining the puppet are available, Chen Ping can refine it!

The airship slowly took off, and Chen Ping began to refine the puppet in the room!

Following Ouyang Zhenhua's method, Chen Ping began to fuse various materials!

Shrouded in rays of light, these materials began to slowly change their shapes.

Looking at the puppet that was gradually taking shape, Chen Ping felt a little excited in his heart!

He has a way to refine puppets. As long as he has enough materials, he can form an army of puppets and conquer the entire world of gods and humans!

About three hours later, a puppet with a head that was one foot tall and a body full of oppression took shape!

Chen Ping gently stroked the puppet as if stroking his own child!

Chen Ping had a thought in his mind and wanted to make this puppet move!

But the puppet seemed to be dead, and he didn't understand it at all. Chen Ping's consciousness couldn't contact the puppet at all!

Chen Ping once again emitted his spiritual consciousness and injected his own breath into the puppet's body!

But the puppet remained motionless.

At this moment, Chen Ping frowned, his face full of confusion. He didn't understand. The puppet was obviously successfully refined, so why didn't it move?

After tinkering for a long time, many monks in the entire airship looked towards the room where Chen Ping was!

Chapter: 6358

The atmosphere in Chen Ping's room was flowing wildly, but he just couldn't follow the puppet and command it!

Even if I want to put the puppet into the storage ring, I can't do it!

Chen Ping was a little angry!

"Damn it, what's going on? It was obviously made successfully according to the method, but why can't this puppet be used at all?"

Chen Ping was puzzled!

"Hahaha, you kid was deceived..."

At this time, Demon Lord Chiyun burst into laughter!

“How is it possible? If the head of the Ouyang family lied to me, this puppet would not be refined at all.”

Chen Ping didn't believe that Ouyang Zhenhua would lie to him!

“He only told you the refining method, not the driver. Aren't you being deceived?”

“Although this puppet has been successfully refined, it has no energy source. It would be strange if he could move.”

“You still think this is a puppet corpse that can be driven by the power of the corpse itself!”

Demon Lord Chiyun said!

When Chen Ping heard this, he suddenly realized that this kind of refined puppet corpse needs to be driven by spiritual stones, beast pills or other energy!

Chen Ping hurriedly found a spiritual stone in his storage ring, and then embedded it into the puppet!

This time, the puppet finally made some movement!

But just after it moved, the puppet suddenly stopped moving again!

Chen Ping is confused again!

“How much energy does your spirit stone contain? You want to use that small piece of spirit stone to drive such a huge puppet. Are you kidding me?”

Demon Lord Chiyun said!

Seeing this, Chen Ping rummaged through the storage ring again, and then used beast pills and even some fairy grass, but he couldn't make the puppet move freely!

Chen Ping finally understood now that his desire to form an army of puppets was just a dream. Just the various resources consumed by this army of puppets, he did not have!

Although ten million can be used to refine a puppet, if you want the puppet to be able to fight, you still need an energy source!

It's like buying a luxury car. If you don't refuel it, it's just useless!

This puppet is a long-term consumable. No wonder the Ouyang family doesn't refine a large number of puppets!

Chapter: 6359

“Hey, it seems that this puppet is not as useful as the puppet corpse. No wonder those demon cultivators make puppet corpses, but no one learns to refine puppets.”

Chen Ping sighed, feeling happy for nothing!

Looking at the refined puppet in front of me, I can't throw it away, right?

Just when Chen Ping looked frustrated, he suddenly set his sights on the Supreme Fire Essence!

There are several kinds of ultimate fire in this thing, and the energy contained in it goes without saying!

"What are you going to do? You don't want to use Lord Fire Star's Ultimate Fire Essence as an energy driver to embed it in this puppet, do you?"

Demon Lord Chiyun noticed that Chen Ping's vision was wrong, so he asked!

"is it not OK?"

Chen Ping asked rhetorically!

"Fuck, are you crazy? That's Lord Fire Star's supreme fire essence, which can be regarded as a treasure from heaven, and you actually used it on a puppet?"

"If Mr. Huo Lingxing finds out about this, what will he think?"

Demon Lord Chiyun said!

"I know this thing is very powerful. Only in this way can my puppet be powerful. If I add the Supreme Fire Essence and my puppet can reach the Mahayana realm, then I will have a Mahayana realm bodyguard."

"And this ultimate fire essence does not disappear, it is just used on the puppet, and it can be removed when the time comes."

As Chen Ping spoke, he infiltrated the ultimate fire spirit into the puppet!

In an instant, a terrifying aura spread around, and the entire airship shook, leaving many monks confused and wondering what was happening!

And in the eyes of the puppet, flames rose up, and even the body was burning with flames, and the flames were constantly changing!

Chen Ping felt the aura on the puppet and was a little excited inside, but he still didn't know what the strength of this puppet was!

"Punch me and see..."

Chen Ping ordered the puppet to punch him and let him take a good look!

"Don't, don't..."

Demon Lord Chiyun saw this and shouted quickly!

Unfortunately, it was too late, and the puppet was punched out!

A ball of flame exploded instantly, directly punching a big hole in the airship!

Chapter: 6360

The spacecraft shook, and strong winds continued to pour in from the holes!

This shocked Chen Ping. He didn't expect this puppet's punch to be so powerful!

Miscalculation!

"Mr. Chen, what's wrong?"

At this time, Elder Sun came over and asked loudly outside!

"Oh, it's okay. I accidentally broke the airship while practicing."

Chen Ping quickly put away the puppet and opened the door!

The wind was howling, and Elder Sun was stunned when he looked at the broken airship!

You know, this airship is made of various materials and is extremely strong, and there are formations around the airship to prevent someone from hijacking the airship and causing damage!

If that happens, the reputation of Wantong Pavilion will be affected. Who would take the airship of Wantong Pavilion!

But now I don't want to be punched in a big hole by Chen Ping!

"Mr. Chen, just be okay. I'll have the airship repaired when it lands!"

Elder Sun said!

Chen Ping looked embarrassed and could only use a formation to temporarily seal the hole so as not to affect the airship's flight!

Just like that, the airship broke a big hole and flew to the Wantong Pavilion headquarters and landed!

Chen Ping apologized with a guilty face and took the initiative to compensate a sum of money!

Although Elder Sun tried his best to shirk it, Chen Ping still gave the money!

After all, this airship caused the damage by himself, so he can't just walk away!

After bidding farewell to Elder Sun, Chen Ping left Wantong Pavilion.

Originally, Chen Ping thought of going back to the Blood Spirit Valley directly, but when he thought about passing the Soul Demon Sect on the way, he decided to go to the Soul Demon Sect first!

If possible, summon the Soul Demon Sect and ask them to help us go to Guanghan Palace to resist the attack of the Mu family!

There is one more thing. Chen Ping wants to ask if Sect Leader Chen of the five major sects has gone to the Soul Demon Sect to rebuild his body!

Another thing is to see if this guy Zhe Yan is living a good life!

Soul Demon Sect.
