

The Order 6461

Chapter: 6461

Although the speed is fast, it should be due to strong strength and strong ability to withstand pressure. It does not mean that the level has failed and the pressure is gone!

Qian Xiu was surprised, but luckily she didn't say it just now!

“Lu San, you can't beat us, so you just accuse us of cheating. How shameless are you?”

“You just surpassed us, so is it okay if I say you cheated?”

Qian Xiu refuted Lu San and sent a message to everyone, asking everyone to quickly show that they were in pain!

Otherwise, if you walk too easily, you will be easily suspected!

If we really investigate, I'm afraid our qualifications for this assessment will be gone!

After hearing Qian Xiu's message, everyone bared their teeth, their foreheads were covered in sweat, and they looked very fed up!

But the speed of his feet is not slow!

Seeing everyone like that, Chen Ping wanted to laugh. These guys are really good at acting!

Everyone struggled, but they soon surpassed Lu San and others, which made Lu San very angry!

“Senior Brother Lu, what’s going on? When did these guys become so powerful?”

“That’s right, the pressure is getting stronger and stronger, and they can still move so fast.”

“It’s really a hell...”

Everyone on Lu San’s side was puzzled!

Obviously they are stronger, but the opponent is faster than them!

“Maybe the stronger the strength, the greater the pressure. Let’s chase him quickly!”

Lu San didn’t know what was going on and could only make random guesses!

Chen Ping and the others have long since disappeared, and Lu San and the others cannot catch up!

“Hahaha, I just saw Lu San and the others looking so embarrassed. It was so enjoyable.”

“Since the level is not broken, why don’t we have any pressure?”

“It’s really strange. Could it be God helping us?”

At this time, everyone remembered that there was no problem with the level, why didn't they feel the pressure anymore.

Some even speculate that God will help!

Chapter: 6462

Chen Ping smiled and said nothing. If God helped, then it was God!

At this time, Liu Shitong, who was outside the assessment level, was also watching the assessment situation!

Wei Qing is also here, after all, a lot of spiritual coins are being staked on this!

When he saw Chen Ping and the others being surpassed by Lu San, Wei Qing's hands were stained with sweat!

But seeing Chen Ping and the others suddenly speeding up and overtaking Lu San and others, Wei Qing had a smile on his face!

Liu Shitong frowned, with a gloomy look on his face!

"What's going on? Is there something wrong with the assessment level?"

"Someone, go check it out immediately."

Liu Shitong roared angrily!

Someone soon went to check the assessment level. After all, if there was something wrong with the assessment level, then the assessment would be meaningless!

“Liu Shitong, if our people surpass you, there is something wrong with the level. You know, your people were in front just now. Why didn’t you check?”

Wei Qing asked Liu Shitong with some pride!

“Wei Qing, it is my responsibility to check the checkpoints. I can check whenever I like. Are you in charge?”

Liu Shitong glared at Chen Ping angrily!

Soon, several disciples went to check the checkpoints, but they returned soon!

“Senior Brother Liu, there is no problem with the level. Everything is moving normally. Whether it is the formation patterns or the spiritual stone reserves, they are all normal.”

After the inspection, he said to Liu Shitong!

Liu Shitong frowned. He couldn’t understand why people like Chen Ping were so fast. Why didn’t coercion seem to have any effect on them?

He could never have imagined that Chen Ping could eliminate this pressure with a wave of his hand!

“Go and check it again, carefully.”

Liu Shitong sent people away again!

At this time, Chen Ping and the others were about to pass through that oppressive place!

It was relaxed and happy along the way, talking and laughing, without digesting my own spiritual power at all!

“We are about to kill the fire spirit beast ahead. Fortunately, no one has consumed their spiritual power along the way, so there is no need to be afraid when facing the fire spirit beast.”

Chapter: 6463

Qian Xiu said to everyone!

After listening to Qian Xiu’s words, Chen Ping felt that the Ziyan Sect’s inner sect assessment was really abnormal. Along the way, people almost consumed all their spiritual power, and then killed the fire spirit beast. Wouldn’t this mean that they would be killed by the fire spirit beast? Are you going to die?

Fortunately, along the way, everyone had Chen Ping’s help and did not consume their own spiritual power, so they were not afraid of the fire spirit beast!

As the pressure disappeared, thousands of beasts burning with flames appeared in front of Chen Ping and the others!

But Chen Ping could tell at a glance that these fire spirit beasts were just phantoms, they were all phantom beasts!

If it were a real fire spirit beast, the Zi Yan Sect’s inner disciple examination would probably turn into a mountain of corpses and a sea of blood, and I don’t know how many disciples would die!

However, these transformed beasts will not really kill the disciples who are undergoing the assessment. After all, these are phantom beasts and are controlled by the Purple Flame Sect!

Moreover, the strength of these fire spirit beasts is also controlled by the chief judge of the assessment, and can be adjusted at will!

Looking at the dark fire spirit beast in front of them, although everyone has preserved their strength, they are still frightened!

“Don’t be afraid, everyone. These fire beasts are not that powerful. As long as you kill hundreds of fire beasts, you can pass this level.”

“However, no one is allowed to help. The killing must be completed alone. If the fire spirit beast is killed by two people or more, it will not count. When the fire spirit beast dies, only the The next person’s breath.”

Qian Xiu explained with everyone!

“Senior Sister Qian, please tell us about the characteristics of these fire beasts, so that we can deal with them more easily!”

Someone asked!

Qian Xiu shook his head and said: “The fire spirit beast has no characteristics, and its strength is ominous. The strength of the fire spirit beast in each assessment is adjusted by the assessment chief judge, so it is not the same, and the fire spirit beast has no fixed characteristics. The purpose is to prevent targeted training.”

Upon hearing this, everyone was a little disappointed. It seemed that they had to go all out, and it was useless to count on the old man!

“Sister, let’s do it!” Chen Ping said!

“Wait a minute, this fire spirit beast must be killed with extreme fire. Other techniques cannot be used, let alone real weapons.”

Qian Xiu warned again!

“Understood!” Everyone nodded, and then stretched out their hands, and flames danced in their hands, and then these flames turned into various weapons!

“kill.....”

Everyone waved weapons transformed into flames and rushed towards the fire beasts!

“Junior brother, your ultimate fire is too weak. The strength of these fire spirit beasts also varies. Follow me behind. If you encounter the weak ones, I will leave them to you to kill.”

Qian Xiu took Chen Ping’s hand and protected Chen Ping behind him like a child!

Chapter: 6464

“Sister, I want to try it myself!”

After Chen Ping finished speaking, he lit up a flaming sword in his hand, then jumped up and headed towards the fire beasts!

“Junior brother!” Qian Xiu saw this and followed closely behind!

But before he reached Chen Ping, he saw that after Chen Ping arrived, he slashed out with his sword, and a fire spirit beast fell to the ground wailing!

Wherever Chen Ping’s sword light passed, all the fire spirit beasts had their heads disfigured!

Chen Ping is like a harvester, harvesting the lives of fire spirit beasts!

Everyone was shocked when they saw this scene!

After all, at first, everyone thought that Chen Ping was just a second-generation rich man who was brought to the Ziyang Sect by Elder Yu because of his wealth and connections!

But now it seems that Chen Ping is also very strong!

“Senior sister, isn’t this young junior rich second generation? Why is he so powerful?”

“Could it be that this junior brother encountered the weakest fire spirit beast?”

Everyone asked Qian Xiu!

“Stop talking nonsense. Who said that the second generation of rich people can’t be powerful? My junior brother is the one with lots of money and strength.”

Qian Xiu looked at Chen Ping’s outstanding strength, and his eyes were full of appreciation!

Rich, handsome, and powerful!

It would be wonderful if we could practice dual cultivation together...

Qian Xiu was mesmerized when she saw Chen Ping's figure, and her nymphomaniacal temper was about to leak out!

The other brothers and sisters all laughed when they looked at Qian Xiu!

"Why are you laughing? Why don't you take action quickly and pick out the weak fire spirit beasts to kill? When Lu San and others come, they won't be able to grab them."

Qian Xiu glared at everyone and said!

Only then did everyone react and started to take action!

At this time, Lu San and his men were also late. When they saw that Chen Ping and the others were already killing the fire spirit beasts, and there were many fire spirit beast corpses on the ground, Lu San was filled with anger!

"These guys are so fast and kill fire beasts so fiercely. They must not be affected by the pressure."

Lu San said angrily!

Chapter: 6465

“Senior Brother Lu, these guys are really evil. They are all so fierce, especially the new guy. He has killed so many fire beasts.”

Someone pointed at Chen Ping and said to Lu San!

Lu San glanced at Chen Ping and found that Chen Ping had killed dozens of fire beasts and was about to pass the exam!

“Let’s take action too, don’t mix with them, let’s go somewhere else.”

Lu San jumped up, left the place where Chen Ping and the others were killing the fire beast, and went to the other side to do it!

Seeing Lu San and others moving away from him to kill the fire spirit beasts, Chen Ping thought that these guys were not taking action here because all the weaker fire spirit beasts here had been slaughtered!

Qian Xiu and the others thought the same way, so they didn’t pay too much attention!

“Senior Brother Lu, why are we hiding from these guys? We also rush forward to kill the fire beasts, and we can also stumble them.”

Someone asked Lu San puzzledly!

“Idiot, the strength of this fire spirit beast is controlled by Senior Brother Liu. After we separate, Senior Brother Liu can make the fire spirit beast on our side weaker and make the fire spirit beast on their side stronger.”

“You can’t understand this, I think you should go back!”

Lu San glared and said!

When the others heard this, they all laughed, feeling that they could use the back door!

“Senior Sister Qian, when Lu San and others saw us, they were so scared that they ran away.”

“That’s right, they must feel they can’t compare to us and are afraid of being embarrassed!”

“Hahaha, I didn’t expect them to be here today.”

Seeing Lu San and the others go aside, the monks from the old sect leader’s lineage all started teasing them!

But Qian Xiu frowned slightly, as if he had a bad premonition!

“Stop talking, kill the fire beast quickly, and then pass this level quickly!”

Qian Xiu reminded!

“OK.....”

The monks replied!

But when these people followed the fire spirit beast, they discovered that the fire spirit beast that was clearly easy to kill just now had become much more powerful now!

“What’s going on? Why did the fire spirit beast suddenly become so powerful?”

Chapter: 6466

“That’s right, it was easy just now.”

Everyone said in confusion!

Chen Ping could also feel that this fire spirit beast suddenly increased its strength!

However, this improved strength is of no significance to Chen Ping, but it is not easy for other monks!

For a long time, everyone failed to kill a fire spirit beast. Instead, they were made very embarrassed by the fire spirit beast!

Lu San and others easily killed the fire spirit beast. Seeing Qian Xiu and the others being very embarrassed by the fire spirit beast, Lu San and others all laughed!

“Senior sister, this fire spirit beast is considered to be more difficult to control. Now we will take people to mix with Lu San and the others.”

“Wherever they go, we will go. The fire beasts on their side must be simple.”

Chen Ping discovered the problem immediately!

Lu San led people to the other side, not because he was afraid of them, but because he deliberately separated them, just to cause trouble!

Qian Xiu glanced at Lu San and others and saw that these murderous fire spirit beasts should not take it easy!

“Damn it, it must be Liu Shitong’s fault. As the chief examiner, he engaged in malpractice for personal gain.”

Qian Xiu cursed and then led his men to rush towards Lu San and others!

Anyway, they are all about killing fire spirit beasts, as long as they kill a hundred of them!

It doesn’t matter where they were killed!

Lu San saw Qian Xiu and others coming, and wanted to follow Qian Xiu and others to distance themselves!

But wherever they go, Qian Xiu will take them!

“Qian Xiu, if you are shameless, why do you take people wherever we go?”

Lu San became anxious and scolded Qian Xiu loudly!

“Lu San, it’s you and Liu Shitong who are shameless. Don’t think we can’t discover your cheating for personal gain.”

“Anyway, for this level of assessment, you only need to kill a hundred fire beasts. You don’t care where I kill them.”

After Qian Xiu finished speaking, he said loudly: “Junior brothers, quickly kill the fire beast and pass this level!”

Everyone started killing them wantonly!

Lu San could only be angry, but there was nothing he could do.

Chen Ping watched quietly from the side, because he had already killed a hundred fire beasts!

As the time for this level ended, Chen Ping and the others all completed the assessment and killed a hundred fire spirit beasts. However, there were actually a few people from the third group of Lu who did not complete the assessment!

Chapter: 6467

“Ah, I have killed ninety-nine heads, only one is missing, just one is missing...”

A monk roared unwillingly, but in the end he was teleported out of the examination site by a ray of light!

Seeing that Chen Ping and the others had all passed, Lu San’s face became very ugly!

“This level has been passed. Pay special attention to the next level, which is also the most challenging place.”

Qian Xiu said to everyone!

She also told Chen Ping that Chen Ping’s Zhihuo was too weak, so the next level was very important!

As a large ray of light shone down, Chen Ping and the others were slowly enveloped by the light, and then everyone's eyes went dark!

When Chen Ping opened his eyes again, he found that the surrounding area was completely white, he could not see anything, and his consciousness could not penetrate it!

At this moment, Chen Ping felt like he was in a closed space!

Chen Ping tried to penetrate this vast white area, but found that he couldn't get out at all!

"Junior brother, don't be afraid. You just need to use the ultimate fire in your body to withstand the test for a while."

"Don't worry, it won't be life-threatening. If you really can't hold on, you can quit."

At this time, Qian Xiu's voice came over!

"I got it, Senior Sister Qian!"

Chen Ping nodded, then sat down quietly, quietly waiting for the test to come!

Soon, waves of heat rolled in, and Chen Ping's whole body seemed to be in flames!

Chen Ping could feel the burning scene of flames around him. Although he couldn't see it, he could feel it!

Therefore, people use the ultimate fire in their bodies to resist this heat wave¹

The burning of the fire in the body will prevent the heat wave from surrounding it from invading the body!

Chen Ping sat quietly. Even if he didn't need to resist the fire, the heat wave with this power couldn't do anything to him!

Chen Ping sat for a while, feeling a little bored, and started to actively absorb the heat wave. He wanted to see what the flames generated by the heat wave looked like!

As Chen Ping absorbed the heat wave, he was surprised to find that these heat waves were actually emanated from the ultimate fire of Zi Yan Sect!

Feeling this breath, Chen Ping suddenly felt happy!

This is the ultimate fire of the Ziyang Sect, something Chen Ping has never seen before. If he could absorb and refine the ultimate fire of the Ziyang Sect and make it his own, wouldn't that mean there is another ultimate fire?

Chapter: 6468

Thinking of this, Chen Ping actually began to actively absorb the heat wave, and his consciousness continued to extend outward along with the heat wave!

Chen Ping must find the location of Zhihuo before he can try to refine and absorb it!

The vast white surroundings blocked his spiritual consciousness, but Chen Ping used this heat wave to extend his spiritual consciousness!

As Chen Ping's consciousness expanded, he discovered that all of them were in a huge space at this moment. The distance between everyone was not far, but they were all enveloped by the formation!

And among them, a ball of supreme fire kept jumping. It was obvious that this billowing heat wave was emanating from this ball of supreme fire!

Just when Chen Ping was about to take a closer look at Zhihuo, suddenly a figure was sneakily approaching Zhihuo!

Chen Ping saw that the figure turned out to be Lu San.

Chen Ping was stunned. He didn't understand how anyone could leave his place during this assessment!

You must know that no matter how he walked, Chen Ping could not leave his area!

But how did Lu San leave his area?

Chen Ping used his spiritual consciousness to explore this guy. He wanted to see what Lu San was up to!

I saw Lu San holding something wrapped in red cloth in his hand. When he opened it, he found a bronze mirror with formation patterns engraved on it!

And this Lu San uses this bronze mirror to travel freely in this area!

When he reached Zhihuo, Lu San stopped, with a sneer on his face!

“If you want to fight with us, you are too young. Senior Brother Liu has already been prepared.”

Lu San raised the corner of his mouth with a proud look!

As Lu San gently pointed the bronze mirror at the Zihuo, the Zihuo soon burned more vigorously, and fierce heat waves continued to hit Chen Ping and the others!

Chen Ping didn't care, but the other monks obviously couldn't bear it!

“Just wait and admit defeat...”

After Lu San succeeded, he rewrapped the bronze mirror, put it in his arms, and slowly retreated.

The heat wave of Zihuo is constantly increasing, but Lu San and the others don't seem to be affected at all!

“Ah... I quit, I quit...”

Finally, some monks couldn't bear it anymore and started screaming!

Along with a ray of light, the monk was teleported out!

Chapter: 6469

Upon seeing this, Chen Ping quickly used the extremely cold ice flames to cover the entire area where they were!

Extremely cold ice flame is also a type of extreme fire, so it will not be excluded from the assessment!

But the extremely cold ice flames exude cold air!

At this moment, Qian Xiu and the others all felt a sudden chill in their bodies, and then the scorching heat wave disappeared!

This feeling was so comfortable that everyone was puzzled!

But they can't see or feel anything, they can only make random guesses!

While Chen Ping was helping everyone resist the heat wave, his consciousness also slowly entered the center of the flame!

In the center of the flame, a brown flame danced.

At this moment, if Chen Ping refines and absorbs this supreme fire, the assessment will definitely be terminated, and the Ziyan Sect will definitely know about it. After all, the supreme fire suddenly disappeared. It is impossible for the Ziyan Sect not to know about such a big thing!

If there were more Supreme Fire here, Chen Ping could refine a little, but there is only such a small Supreme Fire here. If Chen Ping didn't pay attention, all of it would be refined.

He is here to learn the technique of ultimate fire fusion. If just for this ultimate fire, the Purple Flame Sect will doubt his identity, then the gain outweighs the loss!

But an unknown ultimate fire was in front of him. If Chen Ping didn't refine it, it would be too much of a waste!

After thinking for a moment, Chen Ping seemed to have thought of something!

Just now, Lu San used the bronze mirror in his hand to make the fire suddenly become stronger, and the heat wave became much stronger!

From this point of view, there should be the source of the ultimate fire of Ziyang Sect in the bronze mirror, otherwise the ultimate fire here would not suddenly become strong!

As long as he can get the bronze mirror, Chen Ping can try to refine the ultimate fire in the bronze mirror!

But at this time, Lu San had returned to his area, and Chen Ping had no way to get the bronze mirror!

After much thought, Chen Ping decided to snatch the bronze mirror from Lu San's hand!

Now the entire area is sealed off, and everyone is working hard to resist the heat wave, so no one will notice!

As for the impenetrable formation, it would be very easy for Chen Ping to break it!

I saw Chen Ping's palms glowing with light, and he gently moved the white area in front of him, and soon the white area formed a corridor!

Chen Ping walked out easily and slowly came to Zhihuo.

Chen Ping looked at the area where Lu San and others were approaching, and they kept getting closer!

But if Chen Ping directly enters Lu San's area and snatches it by force, it will definitely cause fluctuations in the assessment formation, and Lu San will definitely be able to find it!

Chapter: 6470

Now he can only think of a way to attract Lu San. As long as he leaves his area and Chen Ping uses the illusion array to charm Lu San, Chen Ping can seize the bronze mirror in Lu San's hand!

It's not easy to get Lu San to leave that area on his own. After all, this guy just got into trouble and can't blatantly leave again!

Chen Ping looked at the supreme fire in front of him and suddenly had an idea. He saw the fire from the core of the earth beating on Chen Ping's fingertips, and then gently swung it towards an area in front of him!

Soon, a heat wave surged out and headed towards Lu and the others!

In just an instant, I heard several screams and curses not far ahead!

"Holy shit, what the hell is this? It's so hot, I'm going to be roasted!"

"Quit, I quit, it's so hot..."

Many of the disciples of the new sect leader chose to quit because they couldn't bear it!

Lu San was also sweating profusely and his expression became confused.

"What is going on? Could it be that I made a mistake just now and brought the intense heat wave to my side?"

Lu San suspected that he might have made a mistake just now!

After all, in the entire assessment place now, no one except him can move around freely and control the fire!

Lu San stood up, took the bronze mirror and came towards the fire again!

When Chen Ping saw Lu San coming, he immediately raised the corner of his mouth, and then a fantasy appeared!

Lu San walked into the illusion unpreparedly. The scene in front of him did not change, but he could not find the location of Zhihuo!

Lu San's face was full of doubts, and he kept searching for the Supreme Fire. He even took out the bronze mirror and felt the heat waves emitted by the Supreme Fire, hoping to find the location of the Supreme Fire in this way!

"It's really strange. Why is Zhi Huo missing?"

Lu San frowned. How did he know that he had fallen into the illusion created by Chen Ping and was spinning in circles!

Lu San walked for a long time, but still didn't find Zhi Huo, which made Lu San start to panic!

"What...what's happening? Why am I lost? Can't I go back?"

"Is there something wrong with the assessment this time?"

Lu San discovered that not only could he not find Zhihuo, he could not even find his way back!

He now does not suspect that he has fallen into an illusion, but that there is a malfunction at the assessment venue!

Lu San, who had no choice but to move, sat down cross-legged, and a stream of spiritual power penetrated the bronze mirror!
