

The Order 6621

Chapter: 6621

“Impossible, you should put away your little thoughts!”

Chen Ping glared at the Red Cloud Demon Lord!

“Boy, let me have fun now. When I recover my body and return to heaven, I will definitely help you.”

The Red Cloud Demon Lord almost begged Chen Ping!

“Bullshit, whether you can restore your body depends on whether I can find the remains you left behind. Don't think about my body...”

Chen Ping shook his head. He would never agree to it. This time, Chen Ping's body almost died!

Chen Ping ignored the Red Cloud Demon Lord, but quietly absorbed the flames in the crystal!

At the same time, the True Fire Dharma Body was constantly strengthening.

With the Supreme Fire Spirit in hand, Chen Ping didn't have to be afraid of even the most powerful Supreme Fire Flame!

It was just a pity that the puppet was wasted!

At this time, Elder Tu had already rushed into the magma river and kept groping in the flame abyss. He had to find Chen Ping's position!

At this moment, he was no longer afraid of the flames. The ghost faces all over his body had helped him offset all the flames!

As Elder Tu kept groping, he soon reached the end of the abyss. The red crystals on the rock wall also attracted Elder Tu!

Just when Elder Tu was about to take a look at the red crystals, he suddenly discovered that it was Chen Ping who was absorbing the fiery energy in the crystals above his head!

At this time, the vortex of flames around Chen Ping had slowly disappeared, and Chen Ping had not yet discovered the existence of Elder Tu!

Chen Ping could never have imagined that Elder Tu would be under his feet!

After all, Elder Tu did not have the ultimate fire spirit, and it was impossible for him to stay in the deepest part for a long time!

After discovering Chen Ping, Elder Tu's breathing began to become a little rapid!

On Elder Tu's palm, a wisp of black flame kept circling and condensed into a sharp black long arrow.

Whoosh!

The long arrow shot out, instantly piercing the magma, passing through layers of flames, and like a meteor, it went towards Chen Ping!

With a loud explosion, the entire magma river began to boil!

When the explosion dissipated, Elder Tu was surprised to find that Chen Ping was still above his head, and it seemed that he had not suffered any attack at all!

Chapter: 6622

At this time, Chen Ping's expression changed, and he quickly removed his hands from the rock wall and looked at Elder Tu below!

Cold sweat broke out on Chen Ping's forehead. Elder Tu was even below him, but he didn't even notice!

Fortunately, Chen Ping had just practiced the True Fire Body, so that his body was wrapped in the flames, so he was not injured by Elder Tu!

But this already shocked Chen Ping!

Chen Ping rushed upward quickly, holding his breath and concentrating at the same time, suppressing his breath to the lowest level. If he couldn't use his spiritual sense to detect it and just looked at it, he wouldn't be able to see very far in this magma river!

Elder Tu saw that the blow missed and Chen Ping was about to escape, so he accelerated his speed and chased after him!

In order to prevent Chen Ping from escaping, Elder Tu desperately stirred the lava river with both hands!

Black fire surged wildly, turning the entire magma river upside down!

In this way, Chen Ping's escape in the lava river will be much slower!

But Elder Tu's whole body was wrapped in that grimace, and he was not stopped at all.

Chen Ping felt the stirring and boiling lava river, and couldn't help but frown!

He felt that Elder Tu was crazy!

If you do this, it won't take long for Elder Tu's spiritual power to be exhausted!

And when this happens, Elder Tu will also be affected and slow down!

In this case, it's not the same!

But just when Chen Ping was thinking whether Elder Tu was crazy, suddenly a figure rushed in front of Chen Ping quickly!

Directly blocking Chen Ping's way!

Chen Ping looked closely and found that it was Elder Tu!

But at this time, Elder Tu was very ferocious, his whole body was covered in ghost faces, and the ghost faces on his face were also separated from the middle, and blood kept coming out of his forehead!

And the blood that emerged was instantly swallowed up by the ghostly faces on them!

Seeing this terrifying scene, Chen Ping was a little confused!

He couldn't figure out what kind of technique Elder Tu used!

"Boy, I have to kill you today, because of you, I even used the secret method of our Ghost Face Sect."

"I'm afraid it will take me a hundred years of seclusion to recover. If I don't kill you, I won't be reconciled..."

Chapter: 6623

Elder Tu glared at Chen Ping, wishing he could devour Chen Ping right away!

Chen Ping also didn't expect that Elder Tu would stare at him and use some secret method to kill him!

I saw black light condensed on Elder Tu's palm again, and then the black light suddenly exploded, blooming with countless brilliance!

In an instant, Chen Ping's area was covered for dozens of miles!

It seems that Elder Tu was afraid that Chen Ping was escaping, so he controlled Chen Ping first!

Chen Ping felt the brilliance around him, and he knew that this time he was really doomed!

It's obvious that Elder Tu is bound to win and will not give Chen Ping a chance!

Chen Ping felt the brilliance that kept coming, and could only dodge in panic!

It's just that as Guanghai continues to shrink, the space for Chen Ping to move is getting smaller and smaller!

"Damn, this guy is really determined to die..."

Chen Ping cursed!

"Boy, give me control of your body now, and I will help you kill him."

Demon Lord Chiyun spoke at this time!

Chen Ping ignored Demon Lord Chiyun. If he really allowed him to control his body, although it was possible to destroy Elder Na Tu, Chen Ping knew that his physical body would be destroyed!

Seeing that Chen Ping didn't speak, the Red Cloud Demon Lord continued to speak: "It's okay if you don't let me control you. You can't escape like this. Try using the flame vortex again..."

After hearing Demon Lord Chiyun's words, Chen Ping quickly looked around, but there was no flame vortex here.

At first, Chen Ping was afraid of the flame vortex, but now he is looking forward to the flame vortex appearing!

“There is no flame vortex here...”

Chen Ping said anxiously!

“You are really stupid. If you don’t have a flame vortex, you can’t build one yourself...”

Demon Lord Chiyun said speechlessly!

“Make it yourself?”

Chen Ping was stunned, and his eyes suddenly lit up, as if he understood something!

Immediately afterwards, a fire from the center of the earth appeared in Chen Ping’s palm, and the fire from the center of the earth continued to rotate in Chen Ping’s palm!

Chapter: 6624

Chen Ping mixed the earth’s core fire with the surrounding magma without hesitation!

The flame breath in these magma is also the fire from the core of the earth, so the two flames are not mutually exclusive at all!

As the inner earth fire thrown by Chen Ping continued to rotate, the surrounding flame breath was slowly absorbed, and a small flame vortex began to form!

In just a moment, the flame vortex became larger and larger, and the suction around it became stronger and stronger!

When Chen Ping saw his success, he was immediately overjoyed and jumped towards the flame vortex!

There is a huge suction force all around the flame vortex, so when Elder Tu's burst of light comes into contact with the flame vortex, it will be absorbed and disappear instantly!

Chen Ping entered the flame vortex without hesitation. With the fire essence present, he didn't have to worry about being sucked into the void crack by the flame vortex!

Seeing Chen Ping rushing into the flame vortex again, trying to escape from the flame vortex, Elder Tu snorted coldly!

"Hmph, this time, it's useless even if you escape into the flame vortex."

Elder Tu snorted coldly, moved his body instantly, and followed Chen Ping!

Elder Tu had a ghost face to protect him this time, so he was not afraid of the flame vortex and followed Chen Ping directly into the flame vortex!

When Chen Ping saw this, he couldn't help being shocked, and headed towards the center of the flame vortex with all his strength!

That's where the suction is strongest, but moving in this flame vortex is as difficult as falling into a swamp!

Not even taking a single step takes a huge amount of energy!

Elder Tu is already anxious, so no matter what, he has to kill Chen Ping!

Although Elder Tu had difficulty moving, his palms kept attacking Chen Ping!

At this moment, Chen Ping had to not only avoid being caught by Elder Tu, but also avoid his attacks!

However, at this difficult time of movement, it is extremely difficult to avoid Elder Tu's attack!

Waves of ultimate fire hit Chen Ping. Although Chen Ping had the essence of ultimate fire, he was not afraid of the raging flames in the flame vortex!

But Elder Tu's ultimate fire couldn't be blocked by the ultimate fire essence!

The powerful fire hit Chen Ping firmly, making Chen Ping extremely embarrassed!

"Hahaha, boy, you are going to die today. I want to watch you slowly be tortured to death by me..."

Seeing Chen Ping unable to dodge his attack in the vortex of flames, Elder Tu laughed crazily!

"It's not certain who lives and who dies..."

Chapter: 6625

After Chen Ping finished speaking, a holy brilliance suddenly bloomed from his body, and then he saw a shadow slowly appear from above Chen Ping's head!

Immediately afterwards, this phantom overlapped with Chen Ping's body, and Chen Ping's body was constantly changing!

The True Fire Dharmakaya was actually activated at this time!

As Chen Ping's thoughts moved, the Dharmakaya figure in the sea of consciousness has now become much more solid. Even Demon Lord Chiyun looked at Chen Ping's Dharmakaya with envy!

With this dharma body, Chen Ping can continue to sublimate and temper his body. The most important thing is that even if his physical body is destroyed and there is no way to rebuild it, Chen Ping can continue to survive with his dharma body!

And this dharma body is exactly the same as Chen Ping's, it is equivalent to Chen Ping's second body!

I just don't know how much of this true fire dharma body can be condensed in the end. If hundreds of dharma bodies can be condensed!

Wouldn't it be possible to be immortal and be reborn as long as a trace of the soul is left behind?

If Demon Lord Chiyun had a dharma body, he wouldn't have to look for body remains everywhere to be reborn!

Chen Ping felt the fusion with Dharmakaya, and an indescribable force was flowing in his body!

Epecially with the surrounding flames, Chen Ping no longer felt hot, but a very comfortable feeling!

Chen Ping's body was radiating light at this time, and he was surrounded by red flames. He was like an immortal descending to earth!

And Chen Ping also truly understood the true meaning of the True Fire Dharmakaya!

The true fire dharma body, to put it bluntly, is a dharma body grown by using the ultimate fire. This dharma body is absolutely immune to any flame!

So when the dharma body merges with Chen Ping, Elder Tu's ultimate fire attack is like tickling Chen Ping!

"I don't know if this true fire dharma body has any weaknesses, and the true fire dharma body is not yet fully developed, and I don't know what intensity of fire it can withstand."

"But since there is a True Fire Dharmakaya in the Ziyang Sect, do other Kung Fu sects also have Dharmakayas of other Kung Fu techniques?"

Chen Ping was in extreme shock and made random guesses!

He still knows too little about the True Fire Dharmakaya!

"This... what kind of skill is this?"

When Elder Tu saw Chen Ping like that, he wasn't even afraid of his own ultimate fire attack!

At this time, Elder Tu looked confused, and his head was full of question marks.

He really couldn't understand how Chen Ping, who was in the fourth level of the Tribulation Realm, could come up with some tricks from time to time!

He has never even seen these methods before, and he doesn't even understand them!

Chapter: 6626

I originally thought that Chen Ping was a turtle in the urn and would definitely die, but what could possibly happen?

Especially the red flame around Chen Ping seems to be much stronger than his ultimate fire!

"I am a monk in the Mahayana realm. How can I be afraid of you, a small fourth-level monk in the Tribulation Realm?"

"No matter what extraordinary means you have, everything is in vain in the face of the realm gap. I don't believe you can defeat me."

Elder Tu didn't believe it at all that Chen Ping could defeat him!

Although Chen Ping's performance is surprising, his realm is here!

How can such a huge leap in realm be compensated by just one or two exercises!

Elder Tu roared angrily, and his two palms met. At the same time, dozens of ghost faces on his body opened their mouths at the same time, and black auras continued to pour out, heading towards Chen Ping at the same time!

But Chen Ping looked at Elder Tu at this moment, but he no longer had the panic just now!

At this moment, after integrating the True Fire Dharmakaya, he felt like a fish in water in this whirlpool of flames!

This body seems to be born for the flames. Only in this place can you feel comfortable and exert your maximum strength!

Chen Ping felt like he was the master of this magma river!

Just when the attack was about to reach Chen Ping, Chen Ping, who was originally slow to move, suddenly disappeared!

Elder Tu was shocked and looked around quickly!

“I’m here...”

Chen Ping’s voice actually came from behind Elder Tu!

Elder Tu’s body trembled, and when he saw Chen Ping appearing behind him, he was in disbelief!

You must know that in this whirlpool of flames, it is difficult to move normally, let alone move so quickly like Chen Ping!

This opportunity is impossible. The flame vortex has long distorted the void, and it has a huge suction force, which hinders movement!

But how could Chen Ping ignore this?

“You...how on earth did you do that?”

Elder Tu’s pupils shrank and he asked in disbelief!

“My strength is far stronger than what you see. Do you think the hundred-year tribute from the Demon-Sealing Alliance is so easy to get?”

“Many monks in the heaven and human world are eyeing me, but none of them succeeded. You don’t think it’s my luck, do you?”

Chapter: 6627

“Everyone who wanted to kill me has now been wiped out, and you are no exception!”

Chen Ping looked at Elder Tu coldly, slowly raised his palm, and a red flame danced on Chen Ping’s palm!

The endless flames around him were absorbed crazily by Chen Ping, and then merged into the red flame!

“die.....”

Chen Ping suddenly had murderous intent in his eyes, and red flames suddenly shot out!

At the moment when the crimson flame took action, Chen Ping also used the Origin of Time. Although Chen Ping’s Origin of Time could not stop time and space, he could slow down the flow of time in this area!

In this way, it would be almost impossible for Elder Tu to avoid Chen Ping's attack!

Chen Ping knew that facing a Mahayana master like Elder Tu, he had to hit it with one hit before he could escape!

He had no intention of killing Elder Tu. Chen Ping knew that Mahayana masters were not easily killed!

Elder Tu is different from Na Mu Nayi. Mu Nayi used secret methods to forcibly improve his strength and reached the Mahayana realm!

But this Elder Tu is a master who has been in the Mahayana realm for many years!

At this moment, Elder Tu only felt that his body's movements were slowing down, and the flow of time around him was getting slower and slower!

However, Chen Ping's attack did not seem to be affected by the flow of time!

Elder Tu was startled and looked at Chen Ping in disbelief!

But then he smiled and said: "I didn't expect that you, just a fourth-level monk in the Tribulation Realm, could actually master the origin of time. This is something that many Mahayana realm masters have not mastered."

"But even if you understand the origin of time, you can't even think of being able to kill me, because your strength is simply not worthy of it."

After all, there is a huge gap in strength, and now Elder Tu has used a secret method to possess Ghostface. Even though Chen Ping can control time and launch attacks, Elder Tu is not afraid!

Because Chen Ping's attack cannot hurt him, Elder Tu has absolute confidence!

Chen Ping looked at the confident Elder Tu, and he knew that his attack could not hurt him!

Not to mention how powerful Elder Tu is in the Mahayana realm, the grimace around him is like a copper wall, protecting Elder Tu tightly!

In the depths of this magma river, the surrounding flames could not cause any harm to Elder Tu at all, it was all caused by those grimaces!

And if Chen Ping didn't have Lord Fire Star's Ultimate Fire Essence in his hands, he would have been unable to hold on now!

However, Chen Ping raised the corner of his mouth and realized that the crimson flame he had used just now was not used to defeat Elder Tu!

What Chen Ping really wants to take advantage of is this flame vortex. Now both of them are in the flame vortex, and neither of them is afraid of the surrounding flames!

Chapter: 6628

But there was one thing that he and Elder Na Tu were afraid of, and that was the cracks in the void caused by the flame vortex!

If you are sucked into the crack in the void that leads to nowhere, you may never come back!

This is the reason why Chen Ping uses the origin of time to slow down the flow of time!

And that crimson firework was also intended to cause cracks in the void to open in the flame vortex!

The void crack will not be affected by the flow rate of time. After all, the void crack is in another unknown world of time and will not be affected by the time flow rate in the world of heaven and man!

Chen Ping planned it from the beginning just to make Elder Tu careless!

Elder Tu was indeed careless now. He thought that Chen Ping's red flames could not hurt him at all, so he was not in a hurry!

But as Chen Ping's crimson flame exploded instantly, the void in the flame vortex was distorted!

Then a void crack appeared in the center of the vortex, and it kept getting bigger!

In the cracks in the void, there is darkness, like a bottomless abyss!

The cracks in the void exude huge suction!

Elder Tu was closest to the crack in the void, felt the huge suction, and began to panic!

He wanted to dodge, but the speed of time made it very difficult for him to move!

At this moment, Elder Tu knew that he had been fooled!

“Boy, you are cheating on me...”

Elder Tu glared at Chen Ping and roared loudly: “If you have the ability to confront me head-on, what tricks are you playing...”

Elder Tu knew at this moment that Chen Ping did not want to kill him, but wanted to suck him into the void crack.

When the time comes, Chen Ping won't care about his own life or death!

“ah.....”

Elder Tu roared angrily. At the critical moment of life and death, all the grimaces around Elder Tu's body became terrifying!

And in the center of Elder Tu's eyebrows, a large amount of essence and blood is constantly seeping out, being absorbed by those grimaces!

Chen Ping's body shook, and he felt an evil energy rushing through his body, and a mouthful of blood suddenly spurted out!

This Elder Tu's death struggle is really powerful!

As Chen Ping spurted out a mouthful of blood, the time source he used stopped instantly, and the flow of time returned to normal!

Chapter: 6629

Elder Tu felt as if his body was loosening and he was about to escape the suction of the void crack!

But it's too late now, the crack in the void is like the big mouth of a giant beast, and it has begun to swallow Elder Tu!

Elder Tu was trembling all over, feeling as if he had fallen into a bottomless abyss. No matter how hard he tried, he could not break free from the crack in the void!

Seeing Chen Ping's proud look not far away, Elder Tu was so angry!

He roared crazily, his heart filled with unwillingness!

It is obvious that he is a master in the Mahayana realm, and he is obviously a hunter!

But now Chen Ping's prey can proudly watch him being swallowed by the void crack!

I used a secret method to possess all the ghost faces, and also fed them with my own blood and essence, so I was no longer afraid of the flames!

But even so, it still resulted in this result!

Elder Tu is really unwilling to give in!

Why, why is it like this?

He couldn't understand. He didn't seem to have done anything wrong, but the result was like this!

“ah.....”

Elder Tu roared unwillingly, and all the dozens of grimaces flew up from Elder Tu’s body, heading straight for Chen Ping!

Elder Tu planned to take Chen Ping with him before he died!

Dozens of grimaces planned to wrap up Chen Ping and drag them together into the crack in the void!

When Chen Ping saw this, he instinctively stepped back, but those dozens of ghost faces were so fast that they instantly enveloped Chen Ping and then headed towards the crack in the void!

“Fuck, let me go...”

Chen Ping held the Dragon-Slaying Sword and attacked those ghost faces with all his strength. He didn’t know what those ghost faces were made of, but he was slashed by the Dragon-Slaying Sword without any damage!

Chen Ping burst out with extreme fire again, trying to burn these ghost faces, but these ghost faces were not afraid of extreme fire!

“Hahaha, stop struggling, it’s useless...”

Elder Tu laughed when he saw this. He had given up struggling. Without the protection of the grimace, Elder Tu’s body quickly moved towards the crack in the void!

At the same time, the flames caused Elder Tu to suffer very painful torture!

But even so, he still sacrificed his ghost face and wanted to die with Chen Ping!

Chapter: 6630

Chen Ping frowned and was pulled closer to the crack in the void!

Soon, Chen Ping and Elder Tu were all swallowed up by the cracks in the void. The two of them were like a lonely boat in the vast sea, falling into the endless darkness!

In the void cracks, there are space-time blades everywhere. The criss-crossing space-time blades can cut off everything!

This huge crack in the void does not lead to one time and space, but to countless time and space!

The atmosphere of each time and space is different, and at the intersection of each time and space, there is a sharp space-time blade!

In the cracks in the void, the dozens of grimaces on Chen Ping's body seemed to have lost their lives and fell one after another!

Then they fell into different time and space, and some were cut in half by the sharp blade of time and space!

Chen Ping held his breath and concentrated, and an eye instantly appeared between his eyebrows. In front of Chen Ping's eyes, the endless black turned into a gray patch, and Chen Ping could clearly see those space-time blades!

The Tianming Eye opens, allowing Chen Ping to easily seize those space-time blades!

Seeing the eyes that suddenly appeared on Chen Ping's forehead, Elder Tu's face was full of shock!

Then there was a scream, and Elder Tu's legs were instantly cut off by the space-time blade.

At this time, Elder Na Tu's legs had separated from his body and fell into different time and space.

Although Chen Ping can now discover those space-time blades, which space is the way to survive?

Not every place teleported by void cracks is another world!

The place where the void crack is teleported is a dead land!

The whole world is a dead place, without a single life!

If you get to a place like this, there is no other way but death, and it will be a lonely death!

Chen Ping doesn't want to think of that kind of place!

"Senior, please help me find out which of these void cracks is the way to survive?"

Chen Ping had no choice but to ask Demon Lord Chiyun for help!

"You are so horribly stupid. I really don't know how you managed to survive until now because you are so stupid."

Demon Lord Chiyun rolled his eyes at Chen Ping, and then said: "There are different auras in every small crack in the void. If you don't want to leave here, just find the one with the most similar aura here, and you will definitely not go wrong."

"Different spaces, different worlds, the breath cannot be the same, unless they are in the same world!"
