

## **The Order 6641**

Chapter: 6641

Chen Ping was mumbling something, and as a flash of spiritual light shot out, the flame suddenly separated and turned into a dozen little mice burning with flames!

The red hair looks like burning flames, and these little mice are squeaking and very cute!

Chen Ping was stunned when he saw this scene, because he could clearly feel the presence of every little mouse!

And the vision of each little mouse will also appear in his mind!

“Don’t be surprised, this is just a trivial matter. I can teach you more when you help me regain my physical body!”

“This kind of red-haired rat is made of flames and contains your blood and essence, so their actions are under your control.”

“Now you can let these red-haired rats explore the road, but they can only be used to explore the road. After all, your blood essence is only a drop, and you are not allowed to let these red-haired rats have combat capabilities!”

“When a drop of your blood essence is consumed, these red-haired rats will disappear!”

Demon Lord Chiyun said to Chen Ping!

Chen Ping nodded, looking at those red-haired rats that were very cute!

Because these red-haired rats are transformed from the flames condensed by the flame filaments in the cave, these red-haired rats have no discomfort at all with the environment in the cave!

This is why Demon Lord Chiyun asked Chen Ping to collect flame filaments!

Soon, Chen Ping directed the red-haired rat to start heading towards different forks in the road, while Chen Ping waited in place!

Chen Ping can accurately detect the movements of every red-haired rat, and even the places where the red-haired rat sees can appear in Chen Ping's brain!

Fortunately, Chen Ping's sea of consciousness is vast enough, otherwise the information brought by a dozen red-haired rats would burst Chen Ping's brain!

More than a dozen species of red-haired rats are extremely fast, constantly shuttling back and forth in the cave!

"Just wait, there won't be any results in a short time. I think while waiting for the results, you should build a defensive circle around it to prevent any beasts from entering the cave!"

After the red-haired rats left, Demon Lord Chiyun said to Chen Ping!

Chen Ping looked at Demon Lord Chiyun blankly. He always felt that this guy should know something, but he just didn't say anything!

Chen Ping didn't say anything, but carved a simple defensive formation around him!

After all, this cave is extremely quiet, there are no monsters anywhere!

Drawing the defensive formation is just for psychological comfort!

After doing all this, Chen Ping was bored waiting for the result of the red-haired rat. He took the magic whip and whipped Elder Tu from time to time, making Elder Tu scream!

Elder Tu didn't mention how much he regretted it at this time. Why did he regret provoking Chen Ping?

This guy is a devil, he can torture himself like this!

Demon Lord Chiyun couldn't help laughing as he watched Chen Ping whip Elder Tu for pleasure!

It seems that this guy is also petty, which makes him even more angry with Demon Lord Chiyun!

Just when Chen Ping was beating Elder Tu, he suddenly stopped and then frowned!

"Did you hit something?"

Demon Lord Chiyun looked at Chen Ping and asked calmly!

Chapter: 6642

Chen Ping looked at Demon Lord Chiyun and said with anger in his eyes: "Damn, you must know, you didn't tell me on purpose..."

As soon as Chen Ping finished speaking, he heard bursts of harsh sounds, and you could even hear the sharp sound of stones rubbing against each other!

The voice sounded so terrifying that Chen Ping had goosebumps all over his body.

At this time, Chen Ping had lost the aura and perspective of those red-haired rats, which proved that these red-haired rats were no longer there!

This kind of sound kept getting closer, and Chen Ping looked around nervously, as if the sound was coming from all directions!

The defensive formation just drawn was also activated by Chen Ping!

Now Chen Ping regrets a little, why didn't he draw a more complicated defensive formation just now!

Seeing Chen Ping's nervous look, Demon Lord Chiyun actually smiled!

"You are still laughing. After you get out, I will not let you enter my sea of consciousness and let you stay here forever!"

Chen Ping looked at Demon Lord Chiyun who was still laughing and said angrily!

"Don't be nervous. It's a blessing, not a curse. It's a curse that you can't avoid. At worst, you'll turn into a remnant soul. The two of us depend on each other."

"What's more, you now have a dharma body. Even if there is only a trace of your soul left, you can slowly recover!"

Demon Lord Chiyun said!

Chen Ping did not intend to pay attention to Demon Lord Chiyun, but carefully observed his surroundings!

“ah.....”

Suddenly, Elder Tu screamed!

Chen Ping looked over and found that there were dark red insects crawling on Elder Tu’s body!

These bugs look like small flames, but when many bugs gather together, they form a flame-like shape!

Chen Ping used a roll of the magic whip to involve Elder Tu in the defensive formation!

And after those insects touched the defensive formation, they all fell from Elder Tu’s body!

At this moment, Elder Tu’s whole body was bitten by the bug, and there was no good place left!

It was impossible for Chen Ping to pity Elder Tu. The reason why he saved him was to prevent him from dying happily!

Soon, there were more and more dense insects, and the dark cave became brighter under these insects!

These insects surrounded Chen Ping and the others, and there was no way they could break into the magic circle!

Chapter: 6643

Chen Ping saw that they seemed to be surrounded by rising flames, and there was a burning feeling!

“What kind of bugs are these?”

Chen Ping frowned slightly and said!

These bugs don't seem to be very powerful, but when they are gathered together, the heat they emit is even worse than the fire in the core of the earth!

“These are red fire bugs that feed on the energy of flames. The energy of flames they emit when gathered together is more powerful than ordinary fires!”

Demon Lord Chiyun said to Chen Ping!

When Demon Lord Chiyun said this, Chen Ping rolled his eyes at him. It was obvious that this guy knew everything but didn't tell himself!

Chen Ping used the Dragon-Slaying Sword, and as the sword light flashed, streams of sword energy were swung out by Chen Ping, heading towards the red fire insects!

boom!

Following several explosions, large swathes of red fire bugs were blown away, leaving a large gap around Chen Ping and the others!

However, these red fire insects that were knocked away immediately gathered again, as if Chen Ping's sword light just now did not cause much damage to them!

Seeing this scene, Chen Ping couldn't help but be shocked and said: "Holy crap, such a small insect is so awesome that it can't be killed?"

Chen Ping never imagined that the few swords he just struck did not cause any damage to the red fire insects!

This is too outrageous. If this were the case, wouldn't they all have to answer here?

After all, Chen Ping's simple defensive formation couldn't withstand it for long!

"If you can't kill me, then try another method. Don't you just need the flame energy to practice?"

"At that time, you were still on the cliff absorbing the flame energy. Now that there is so much ready-made flame energy, why don't you have to wait?"

Demon Lord Chiyun said to Chen Ping!

Chen Ping's eyes lit up. It turns out that these red fire insects feed on the energy of flames. So these red fire insects must have a lot of energy of flames in their bodies.

And when these red fire bugs gather together, their power is much greater than that of the ordinary Fire Capital!

Moreover, he has the Ultimate Fire Essence in his hand and has also cultivated the True Fire Dharmakaya, so he is not afraid of any Ultimate Fire attacks at all!

So these red fire insects can't do any harm to Chen Ping!

But Chen Ping was able to absorb the flames of these red fire insects!

Thinking of this, Chen Ping suddenly understood the intention of Demon Lord Chiyun!

Chapter: 6644

Feelings, I have wronged others. Demon Lord Chiyun knew that there were red fire insects in the cave, so he didn't tell Chen Ping just to attract the red fire insects and let Chen Ping absorb them!

"Senior, I'm really sorry, I misunderstood you..."

Chen Ping said very embarrassed!

"Get out quickly, don't leave any ink marks in the formation, this formation is to protect me."

Demon Lord Chiyun kicked Chen Ping and pulled Chen Ping out of the protection of the formation!

Seeing this, those red fire bugs swarmed up and wrapped up Chen Ping, attacking Chen Ping with all their strength!

But these red fire bugs can't hurt Chen Ping at all!

Chen Ping, on the other hand, was spinning his origin stars, frantically absorbing the flame energy from the Red Fire Insect's body!

I saw flames rising into the sky, and these red fire insects came one after another!

Soon, around Chen Ping, some of the red fire insects that had absorbed the flames turned black and made no sound anymore!

After a while, it was densely covered with a layer!

Chen Ping was so happy that he tried his best to absorb it!

But those red fire insects had no intelligence at all, they just swarmed in one after another, desperately releasing the flames to burn Chen Ping to death!

This was according to Chen Ping's wish. The red fire insects released the flames, and Chen Ping tried his best to absorb them.

I don't know how long it took, but the ground was already covered with red fire insect corpses!

In the end, one of the red fire bugs finally understood, turned around and ran away quickly, no longer attacking Chen Ping!

Chen Ping did not chase after him. After all, it was easy to get lost in this cave!

When the red fire bugs dispersed, Chen Ping's original stars shone brightly!

A strange breath of fire slowly formed in Chen Ping's body!

When these supreme fire breaths condensed into a wisp of supreme fire essence, Chen Ping suddenly discovered that this turned out to be another kind of supreme fire!

Chen Ping already had four kinds of ultimate fire in his body. He originally thought that these red fire insects sucked the breath of flames and absorbed the breath of the fire from the center of the earth!

So absorbing the flames of these red fire insects is just to increase the power of your own earth core fire!

But he didn't expect that the flames of these red fire insects would actually form a unique ultimate fire!

This supreme fire seems to have some spirituality than other supreme fires!

Chapter: 6645

Chen Ping directly sacrificed a ball of fire, then poured in a drop of essence and blood, and muttered something!

In an instant, the ball of fire turned into a dozen red-haired rats!

However, this time the red-haired rat is obviously much smarter, and he also has some intelligence!

You know, these are all transformed from the ultimate fire. They are not real monsters, but they already have intelligence!

It's entirely because the fire formed by Chen Ping's absorption of the flame energy from the red fire insect has a certain spirituality!

None of the red fire insects had opened their spiritual intelligence, and they all acted like fools, but they didn't expect that the ultimate fire formed had spirituality!

More than a dozen red-haired rats surrounded Chen Ping and kept squeaking!

"When you go looking for the exit, you must find the exit, you know?"

Chen Ping ordered a dozen red-haired rats!

The dozen or so red-haired rats all nodded, then began to divide their work, and then ran towards different cave entrances!

While those red-haired rats were looking for a way out, Chen Ping continued to beat Elder Tu out of boredom!

It was boring in the cave anyway, so Chen Ping took advantage of Elder Tu for fun!

Soon, Chen Ping found that a red-haired rat came back, and then kept squeaking at Chen Ping and biting Chen Ping's trousers!

Chen Ping knew that the red-haired rat should have done this after discovering something. But how long did it take for the red-haired rat to find a way out?

Chen Ping followed the red-haired rat towards a fork in the road, and he did not forget to let the magic whip drag Elder Tu!

There is actually another very important reason why Chen Ping doesn't kill Elder Tu, that is, he wants Huo Yuanting to see that even if they collude with the Ghostface Sect, the end will still be the same!

Chen Ping only followed the red-haired rat for a short distance when he found that he was blocked by a stone wall!

"Dead end?"

Chen Ping frowned: "Dead Road, why did you bring me here?"

Chen Ping was a little angry. No wonder the red-haired rat returned so quickly. It turned out that it ran into this dead end!

But why is it a dead end, and the red-haired rat brings him here!

"You guys, even if you have some intelligence, your IQ is still too low!"

Chen Ping sighed, turned around and walked back!

But the red-haired rat stopped Chen Ping, squeaking and yelling desperately, and biting Chen Ping's trousers from time to time!

Chapter: 6646

This time, Chen Ping was a little annoyed!

“Is there a way out after the rock wall?”

At this time, Demon Lord Chiyun spoke!

When Chen Ping heard this, he was stunned for a moment, then walked over and gently pressed his hand on the rock wall!

At this moment, Chen Ping’s eyes widened and he noticed something unusual!

As Chen Ping penetrated the rock wall with his spiritual consciousness, he discovered that there were wisps of flame breath surging behind the rock wall, and this breath was extremely pure and rich, and it followed the flames in the red fire insect’s body. The energy is somewhat similar!

If this was a dead end, then it would be impossible for such a rich flame atmosphere to appear behind this rock wall!

In this situation, there must be a road behind the rock wall, maybe it is the way out!

“Sorry, I misunderstood you...”

Chen Ping looked at the red-haired rat and said slightly embarrassed!

The red-haired rat seemed to understand Chen Ping’s words and squeaked!

Chen Ping swung his palm and hit the rock wall in front of him hard!

boom!

Accompanied by a loud noise, the rock wall in front of him did not move at all!

This time, Chen Ping was very surprised!

You know, it's so easy for him to split mountains and rocks with his palm!

But the rock wall in front of me was not damaged at all!

“What stone is so hard?”

Chen Ping said, took out the Dragon-Slaying Sword, and then swung it down with all his strength!

After swinging a dozen swords in succession, the rock wall still showed no signs of damage.

Chen Ping was sweating on his forehead and breathing heavily!

Chen Ping was a little dumbfounded at this time. Even if he knew that there was a way out behind the rock wall, it would be in vain if he didn't look at the rock wall in front of him!

“Wasn't this rock wall opened with violence?”

Chen Ping began to observe carefully!

If there is a formation mechanism here, then you need to break the formation. There is no way to open it by force!

But Chen Ping checked for a long time and found that it was not a formation mechanism at all, and he could not find any formation fluctuations!

Chen Ping frowned and fell into deep thought!

“Damn, this is really weird, why can’t it be opened?”

Chen Ping was speechless!

Seeing this, Demon Lord Chiyun slowly disappeared and returned to Chen Ping’s sea of consciousness!

Just after Chen Ping returned to Chen Ping’s sea of consciousness, he said: “Open the Tianming Eye and take a look. Maybe you can find out the reason!”

Chen Ping himself can’t use Tianming Eye, only Demon Lord Chiyun can do it!

Chen Ping nodded, and as one eye on his forehead slowly opened, Chen Ping was surprised to find that the rock wall in front of him had disappeared!

What replaced it was a door of white light!

“Teleportation array? Is it teleported out?”

When Chen Ping saw this light door, he was immediately overjoyed!

Chapter: 6647

After taking a few deep breaths, Chen Ping slowly walked towards the light door!

Because he didn't know what was behind the light door, Chen Ping was extremely cautious!

The whole person is in a state of war. If he encounters danger, he can respond immediately!

But when Chen Ping slowly passed through the light door, there was no so-called way out, but a bottomless cave!

"Depend on....."

Chen Ping cursed. He thought he could go out, but he didn't expect he was still in the cave!

This is a fucking cave, why bother building a light door?

Also pretending to be a rock wall, isn't this sick?

But when Chen Ping was about to go back, he found that the light door was gone, and what was behind him was the real rock wall!

This means that even if Chen Ping wants to go back, he can't!

This made Chen Ping a little confused. The hair on his body stood on end and he looked extremely nervous!

It is obvious that whether it is the light door or the rock wall, it is definitely man-made and not naturally formed!

Is this to lure oneself in, then close the door and beat the dog?

Chen Ping was a little scared. After all, what was in the cave was unknown!

I don't know if I can get out!

However, the way back has been sealed, and Chen Ping can only move forward!

"Hahaha, this is a dead end. It must be a dead end. Maybe there will be beasts waiting for you here."

"You tortured me so cruelly, you can't even hope to survive!"

Elder Tu laughed!

The more nervous Chen Ping looks, the happier he is!

Chen Ping glanced at Elder Tu coldly, smiled disdainfully and said, "If you encounter a ferocious beast, I will throw you out as food first."

After saying that, Chen Ping gave Elder Tu two more whips, and then continued walking forward along the cave!

This time, there was no fork in the road, so Chen Ping could just walk deeper into the cave!

I don't know how long I walked, but another light curtain appeared in front of me, but this light curtain was obviously a formation set up by someone to block the people in the cave!

Chapter: 6648

Seeing the light curtain that suddenly appeared in front of him, Chen Ping knew that there might be someone here!

If this cave is really inside the sacred volcano, then who would be in this cave?

Chen Ping stepped forward, observed carefully, and found that the formation patterns on the formation were very old. It was obvious that this formation had been arranged here for many years, probably hundreds of years ago!

Been here for hundreds of years? Who on earth is it?

You must know that the only thing that can be used in this cave is the extremely fine filaments of flames that seep in, and there is no spiritual energy at all!

If there is no spiritual energy in this place, how can we practice?

I wouldn't choose this place for retreat!

Chen Ping tried to emit his spiritual consciousness to see who was behind the light curtain, but his spiritual consciousness could not penetrate the light curtain at all!

Now Chen Ping didn't know if there was someone behind this light, or if it was like the light door just now. After passing through, it was still this cave.

“Senior, this junior has no intention of entering this place. I don't know how I got out. If you disturb me, please don't take offense, senior.”

Chen Ping shouted loudly towards the light curtain!

If there was anyone behind the light curtain, they must have heard Chen Ping's shouts!

After shouting, after waiting for a moment, Chen Ping carefully investigated the formation!

This formation is not difficult. For Chen Ping, it should be regarded as a simple defensive formation!

After just two glances, Chen Ping discovered the formation's center point!

Chen Ping flicked his finger, and several rays of spiritual light flew out and hit the formation's eye!

boom!

The light curtain began to shake violently, and then disappeared instantly. When the light curtain disappeared, rays of light directly illuminated the entire cave!

In the dark cave, the colorful lights are very dazzling.

Chen Ping quickly blocked his eyes, then slowly looked over and found that this was the end of the cave!

And there is a clearly visible stone door at the end. There are various paintings on the stone door that even Chen Ping cannot see!

“There really is life here...”

Seeing the stone gate, Chen Ping could be sure that someone lived here!

Carefully walking over, Chen Ping pressed his hand on the stone door, and then injected a burst of spiritual power into it!

Chapter: 6649

Chen Ping wanted to try to see if there was any mechanism inside the stone door. He wouldn't dare to open the stone door rashly!

After realizing that there was no mechanism on the stone door, Chen Ping pushed open the stone door with all his strength!

Behind the stone door, there is a small stone room filled with various treasures. These treasures are lifelike and radiant!

Moreover, these treasures are all filled with extremely rich flame energy!

Chen Ping was stunned when he saw these treasures. He didn't know whether these treasures had the energy of fire because they had been here for many years, or whether they were there from the beginning!

And among these treasures, sitting on a one-meter-square bluestone platform, was an old man!

This man was wearing green clothes, his body was extremely thin, his gray hair hung down to his shoulders, and he exuded a weak aura!

However, Chen Ping could tell at a glance that the old man with a faint aura in front of him was not a living person, but a remnant soul!

But under the light of these treasures, it looks like a living person sitting there!

“Who are you?”

Chen Ping asked the old man!

The old man slowly raised his head. Although his breath was weak and his body was thin, his eyes were sharp!

“I should be asking you, who are you? Why are you here?”

The old man asked Chen Ping!

“I am Chen Ping, a disciple of the Ziyang Sect!”

Chen Ping said!

After all, this old man doesn't know Chen Ping, so there is no need for Chen Ping to hide his identity!

The reason why he said that he was a disciple of the Ziyan Sect was because he felt that the old man in front of him must have something to do with following the Ziyan Sect!

Sure enough, after Chen Ping said that he was a disciple of the Ziyan Sect, the old man's sharp eyes became much softer!

"Who is the current master of Ziyan Sect?"

the old man asked!

"Huo Yuanting's acting sect leader!" Chen Ping said!

"Huo Yuanting?" The old man frowned slightly, then slowly shook his head: "I don't remember, it's been too long, I've been here for too long..."

After saying that, the old man turned his attention to Elder Tu behind Chen Ping!

Chapter: 6650

At this time, Elder Tu only had his torso left, and his whole body was miserable!

"People from the Ghost Face Sect, why are the people from the Ghost Face Sect here?"

When the old man saw Elder Tu, he was obviously angry!

“Then Huo Yuanting colluded with the people of the Ghost Face Sect to obtain the Divine Fire Seal and take the position of the sect leader.”

Chen Ping explained!

“Bastard...” When the old man heard this, he immediately shouted!

This sound almost shook the old man’s own thin body away!

It was just a ray of remnant soul, pretending to be a living person. When it got angry, the remnant soul almost dispersed. If it did, it would be completely over!

Seeing how angry the old man was, Chen Ping hurriedly asked: “Senior, I wonder who you are? Why are you here?”

“I?”

The old man was startled, then laughed miserably: “I founded the Ziyan Sect, and I am Hong San, the first sect leader of the Ziyan Sect.”

“The first sect leader?” Chen Ping was shocked!

He didn’t expect to meet the first sect leader of Ziyan Sect here!

Chen Ping thought that this old man might be a certain sect leader of the Ziyang Sect, who was accidentally drawn into the void crack and entered here!

I didn't expect that he would be the first sect leader!

It's just that the name of the first sect leader is a bit too random!

"Senior, since you founded the Zi Yan Sect, did you follow the Ghost Face Sect and have a deep hatred at that time?"

Chen Ping didn't understand. So many years ago, the Ghostface Sect had hatred for following the Ziyang Sect?

Otherwise, Hong San wouldn't get so angry whenever he mentions the Grimace Sect!

"After discovering this sacred volcano, I followed the ancestors of the Grimace Sect to fight for this place."

"In the end, I won, and the Divine Volcano became my territory. I created the Purple Flame Sect here, and spent a lot of money to hire dozens of formation masters to hide the Divine Volcano with formations."

"Later, when I was out, I was attacked by the Ghost Face Sect. My body was completely destroyed, leaving only a trace of my soul, which escaped into the interior of the divine volcano."

"I've been staying here for so many years, quietly waiting for someone to find me."

Hong San said slowly!
