

## **The Order 6741**

Chapter: 6741

The middle-aged man put the food and wine on the old table and said!

Chen Ping nodded and started eating and drinking with the middle-aged man!

Although the two of them had never met each other, Chen Ping had a good impression of the so-called senior brother in front of him!

Through conversation, Chen Ping also found out that his senior brother, who had transformed into a little white mouse, was named Bai Ju!

This name was given by the ancestor of Divine Patterns!

“Senior Brother Bai, I wonder how Gu Tianchao is doing?”

Chen Ping asked Baicai!

Chen Ping is still worried about Gu Tianchao, because he promised Gu Tianchao to help him become the sect leader, and he can get the blood jade!

If Gu Tianchao couldn't wait any longer and took action himself, how would Chen Ping get the blood jade by then?

“Junior brother, are you still thinking about blood jade?”

Baicai said with a smile!

Chen Ping was stunned for a moment, and then said awkwardly: "Senior Brother Bai, how do you know this?"

"Hahaha, there are some things about the Liangyi Sect that can escape the master's eyes, but don't worry, Gu Tianchao is very good."

"You put all your energy into learning the divine patterns now. When you are done and leave here, all you need to do about the Liangyi Sect is to open your mouth."

Baicao laughed loudly!

After hearing this, Chen Ping smiled awkwardly. As the ancestor of the Liangyi Sect, it should be easy to recommend someone to be the leader of the sect, but he still worried about it!

After chatting with Baicao for a long time, Chen Ping began to admire this senior brother more and more!

A person who took the form of a little guinea pig actually knows a lot, and even some of the simplest truths can be spoken clearly and logically!

It doesn't look like a mouse at all!

More like a master who has attained enlightenment and become an immortal!

After chatting, Baicao left, and Demon Lord Chiyun said: "To be able to teach a little mouse to such a state, it seems that you, the so-called master, are really talented!"

"I'm sure this guy is connected to the heaven. Either his master is from the heaven, or he came from the heaven and was trapped in the heaven and human world."

“With the cultivation and knowledge of these people in the heaven and human world, it is simply impossible to understand this, and it is impossible for their ideological realm to reach this level.”

After hearing what Demon Lord Chiyun said, Chen Ping became very interested in the Divine Pattern Ancestor. Unfortunately, he didn't have much contact with the Divine Pattern Patriarch!

Chapter: 6742

It was this Senior Brother Bai who was in contact with me all the time!

And now that the Liangyi Sect has such celestial things as blood jade, it is even more proof that the ancestor of the divine pattern is a person from the celestial realm!

Chen Ping didn't take much rest and continued to carve the divine patterns. Only after he truly learned the divine patterns and condensed the divine patterns could he leave this place!

As for those pairs of red eyes, they still appeared, but Chen Ping didn't pay attention to them!

Chen Ping focused all his attention on carving the formation patterns, and the brilliance of the divine patterns continued to flow in his mind, imagining that he and the divine patterns were integrated!

As Chen Ping continued to carve, Chen Ping no longer had to look at the yellow cloth, and the divine patterns could be picked at his fingertips!

At this time, on a mountain top, there was no star in the dark night sky!

The ancestor of Shenwen looked in the direction of the thatched house, and a pair of red eyes appeared again.

Bai Jue stood next to the Divine Pattern Ancestor and said with some curiosity: "Master, do you think this junior brother can really condense the Divine Patterns? When the time comes, if he really condenses the Divine Patterns, if he leaves that thatched hut, these people from the Array Demon , I'm afraid he won't be able to deal with it."

"You don't have to worry about this. If he can't deal with people like Demons, even if he condenses the divine patterns, it will be useless. Useless people can only be used as bait." The ancestor of the divine patterns said lightly!

"Master, you said that your junior brother is more talented than you. Could it be that he could activate the great formation of heaven and earth and help my master return to the heaven?"

Baicao continued to ask!

The ancestor of Shenwen gave Baicao a cold look, and then said expressionlessly: "I know what you mean, you also want to fly to heaven and become an immortal and a Buddha."

"But you have to remember that ascending to immortality requires you to practice hard and endure the test of thunder and lightning."

"If you try to take advantage of opportunities and rely on people's help, even if you ascend to the heavens, your foundation will be unstable and it will be difficult to gain a foothold."

"Heaven is not as good as you think. It is even more cruel than here."

"Ascension to immortality is the ultimate goal for all monks, but when you actually reach the heaven, becoming an immortal is just the first step."

"How many people have gone through hundreds of years and thousands of years of cultivation, and after ascending to immortality, they soon fell."

“Countless immortals die every day in the heaven. When gods and demons fight, how many immortals and demons die.”

“I don’t know how many people from the heaven are trapped in this world, but they are definitely not a few.”

“Some will revive through corpses, some will survive with their remnant souls, and some will have their strength faded to a corner.”

“Then there is a heavenly demon soul in Chen Ping’s sea of consciousness. I just don’t know the identity of this demon soul.”

Baicaï listened quietly. He listened to his master talking about the things in heaven. He didn’t know how many times he heard it!

It can be seen that the ancestor of the divine pattern misses the heaven very much and wants to return to the heaven, but it is a pity that he has never been able to go back!

Chapter: 6743

“Master, this disciple has never known whether your current physical body is occupied by you, or is it your original physical body?”

Baicaï asked curiously.

The ancestor of Shenwen looked at Baicaï, smiled slightly and said, “You have been practicing with me for so many years. Do you feel that my body is your own?”

“Yes, I feel that the master is trapped in the heaven and human world, his own strength has declined, and there is no way to return to the heaven.”

Baicao said!

Hearing what Baicao said, the ancestor of the divine pattern sighed softly, looked at the dark night sky and said: "Hey, I was inexplicably involved in the war between gods and demons. I can't even figure out why now."

"Back then, a huge force sealed the entire Heaven and Human Realm, making it impossible for all of us on the battlefield in the Heaven and Human Realm to leave."

"Deaths and injuries, after so many years, the strength of all those who came from the heaven has probably declined a lot. The immortal energy in this world is extremely rare, and it is not suitable for us to practice at all."

"I know that some people cannot break through the great formation of heaven and earth in the heaven and human world, so they start to find another way, tearing apart the void to go to other worlds, and find a way to return to the heaven."

"But it's all too difficult. Each world has its own laws of heaven and earth, and each has its own seal. This seems to be God's punishment for the war between gods and demons."

"I have studied the Heaven and Earth Formation for so many years and found nothing, and my strength is still declining. I know that it is almost impossible to break through the Heaven and Earth Formation by myself and return to the heaven."

"Although you are a genius, it is a pity that you have no talent, so this important task cannot fall on you."

The ancestor of Shenwen was talking about the past, and he seemed to be much older all of a sudden!

"Master, you always talk about talent. What exactly is talent? Does this junior brother have talent?"

Baical asked in confusion!

The Divine Pattern Patriarch shook his head and said, "I don't know if he has talent or not. I'm just gambling now."

"In the world of gods and humans, a place where formation skills are scarce, Chen Ping can forcefully break through the blood refining cage, which proves that he is extraordinary."

"And talent is something you are born with and cannot be compensated for by hard work."

"How long did it take you and me to learn the divine patterns before you were able to draw them yourself without looking at them?"

"This disciple is so stupid that it took nearly ten years." Baical said awkwardly!

"But this Chen Ping, in less than three days, he can now carve divine patterns. This is his talent..."

"It's not that you don't work hard, it's that no matter how hard you work, it's worthless in front of your talent!"

The ancestor of the divine pattern explained!

Bai Jue seemed to understand something after listening to the words of the Divine Pattern Ancestor!

Chapter: 6744

“Master, that formation demon has been fighting with you for so long. What exactly does he want to get from you?”

Baica asked in confusion!

Ever since he followed the Divine Pattern Patriarch, he often found that the people of the Demon Array were causing trouble for the Divine Pattern Patriarch!

“Hahaha, that old guy, he fought with me over you...”

“When you were accepted as my disciple, the demon formation saw that you were very talented, so it frequently tried to steal you away.”

“Now what about Chen Ping? The Array Demon has been observing for so many days. I believe the Array Demon has already known that I have accepted another talented disciple.”

“I just want to piss this old guy off to death. He has been fighting with me from the heaven to the heaven and the human world. He wants to compete with me everywhere.”

The ancestor of the divine pattern burst out laughing!

It can be seen that there does not seem to be any deep hatred between the Shenwen Patriarch and the Array Demon. It is more like two little old men competing against each other!

“Master, then why don’t you cooperate with the formation demon? Maybe the two of you can break through the great formation of heaven and earth and return to the heaven.”

Baicho asked!

“Hmph, how could I possibly cooperate with that old man? He’s not worthy...”

The ancestor of the divine pattern snorted coldly!

But after finishing speaking, confusion and regret flashed in his eyes!

If the two of them cooperated from the beginning, they might really be able to break through the great formation of heaven and earth!

It’s just that no one was convinced back then, and it was impossible to cooperate!

But after such a long time, their strength has declined seriously, and even if they cooperate, it is impossible to break through the great formation of heaven and earth!

“Okay, stop talking. I’m going to rest. As long as the demon doesn’t appear, don’t call me!”

After the Divine Pattern Patriarch finished speaking, his body disappeared instantly!

Baicaï looked at the thatched house not far away with envy in her eyes.

Talent is something that really cannot be changed!

But he is also satisfied. From a little white mouse to what he is now, he has become the envy of many monsters!

“Junior brother, come on...”

Baica said silently!

Chapter: 6745

At this time, in the thatched house, Chen Ping was still assiduously continuing to carve the divine patterns!

He has completely ignored those red eyes outside!

No matter what kind of monster it is, or what kind of demon cultivator it is, if it is protected by the formation and can't hurt him, Chen Ping won't care!

I don't know how long it took, but when Chen Ping opened his eyes, he found that Baica had already arrived!

“Junior brother, you are really hardworking. This is what Master asked me to bring you...”

With that said, Baica took out some grass jelly and put it on the table!

“Senior Brother Bai, let me ask you something.” Chen Ping said!

“Ask me, is there anything you don't understand about the divine pattern?”

Baicho asked!

“That's not true. I have memorized these divine patterns and understood them. I just need to condense the natal divine patterns and integrate them with the divine patterns.”

“I just want to ask senior brother, is the master a person from heaven?”

Chen Ping wants to know whether the ancestor of the divine pattern is a person from the heaven!

Bai Jue was stunned for a moment, then smiled and said: “Junior brother, you are really asking too much. There is a heavenly demon soul living in your sea of consciousness. Wouldn’t he tell you?”

“Whether Master is a person from the heaven or not, you just need to remember that Master has no intention of harming you. You should practice well.”

“When the time comes, don’t listen to other people’s flattery and fail to live up to Master’s expectations of you!”

“Senior Brother Bai, don’t worry, I am a person who knows how to repay his kindness.” Chen Ping said, patting his chest!

“That’s good!” Baixiao nodded, then glanced at the yellow cloth and asked: “Since junior brother has memorized the divine patterns in his heart, then there is no need for this piece of yellow cloth to carve the formation patterns, right?”

“Yes, Senior Brother Bai can take it away.”

Chen Ping nodded!

Baixiao nodded and waved his hand, and the yellow cloth flew directly up. However, the yellow cloth did not fall into Baixiao’s hands, but fell on Chen Ping like a cloak!

Chen Ping was a little surprised. Why did Baicai do this? When he suddenly felt an inexplicable force moving through his body!

The divine patterns on the yellow cloth began to flash with white light!

Chen Ping quickly closed his eyes, his whole body was wrapped in divine patterns!

Baicaï took one look and slowly exited the room!

Just after exiting the room, a ray of light soared into the sky, a dazzling light shot straight into the sky, and spiritual energy from all directions gathered crazily towards the thatched house!

Wisps of divine light, like the rising sun, illuminate the surrounding sky!

This kind of vision can be seen clearly even from thousands of miles away!

“Talent, it is indeed a talent...”

Baicaï felt the strange fluctuations of heaven and earth, and kept muttering the word “talent” in her mouth!

Chen Ping condensed his natal divine patterns, and within just a few days!

Although Baicaï helped Chen Ping in the last step, it was Chen Ping himself who was gifted!

Bai Qiu has long seen that Chen Ping has reached a critical moment. Even if Bai Qi doesn't help Chen Ping in the end, it won't take long for Chen Ping to condense his natal divine pattern!

Chapter: 6746

Baicaï couldn't help but return to the thatched house, and saw the translucent divine pattern floating in front of Chen Ping, with a face full of surprise!

Moreover, in the palm of Chen Ping's hand, there is a large divine palm pattern, which is crystal clear and covered with thousands of lines!

Every line is exuding brilliance, and from Chen Ping's palm, a stream of blood can be seen with the naked eye entering the divine lines!

The lines began to be filled with blood and turned into a bright red color!

This is the characteristic of the fusion of divine patterns. Chen Ping's body merged with the divine patterns!

"Junior brother, you are so powerful. You have condensed the divine patterns so quickly. Now you can try to use your divine patterns to break the formation around this thatched house."

"As long as you break the formation, you will be free!"

Baicaï said to Chen Ping!

Chen Ping nodded, slowly walked out, and then prepared to use divine patterns to break the formation!

But Chen Ping tried several times without success!

"Senior Brother Bai, why can't I control this divine pattern?"

Chen Ping asked in confusion!

“Can’t control it? How could this be? This is the divine pattern you have condensed, and it has obviously become one with you. How can it be impossible to control it?”

“Ordinarily, this divine mark has become a part of your body. Shouldn’t this be the case?”

Baicaï was also very surprised and didn’t understand what was going on!

“Senior Brother Bai, don’t you know what’s going on? Why don’t you go and invite Master here to see what’s going on?”

Chen Ping was a little depressed. He finally condensed the divine pattern, but he couldn’t control it!

“Let me help you find out what’s going on first!”

Baicaï approaches Chen Ping!

But after taking just two steps, he immediately stopped and said with a serious look on his face: “Why is there something weird here?”

After saying that, Baicaï slapped his palms towards the ground blankly, and then a burst of black light burst out from under the ground!

boom!

Almost in an instant, Baicao's body was blown away!

And Chen Ping's head also buzzed, and then his whole body's connection with the formation pattern instantly became closer!

Chapter: 6747

The surrounding formation patterns appeared in Chen Ping's mind for an instant. Chen Ping just waved his hand, and the original formation around the thatched house was destroyed!

"Senior Brother Bai, are you okay? What happened around you just now?"

Chen Ping rushed over, helped Baicai up and said!

"It's okay, it's the Array Demon's people who did it. These guys do this all the time."

Baicao shook his head and said!

"Array Demon?" Chen Ping was stunned!

Baicai found out that she had let the slip out of her mouth and immediately shut it up!

"Senior Brother Bai, what is the Formation Demon? Those pairs of red eyes every night, are they the people you call the Formation Demon?"

Chen Ping asked Baicai!

Seeing that Chen Ping already knew, Bai Yu nodded and said: "Since you already know, it doesn't hurt to tell you, and now you have condensed the formation patterns."

“That formation demon is a big demon. Like Master, he is very knowledgeable about formation techniques, and his magic patterns are also very powerful.”

“His ability to follow the master is evenly matched. Neither of them is convinced by the other. However, the formation demon is also looking for people who are talented in formation techniques and wants to teach his magic patterns.”

“Seeing that you have good talent this time, the demon array probably wants to take you as its disciple, but now that you have condensed the divine patterns, it is impossible to condense the magic patterns.”

Baicaï’s words shocked Chen Ping. He didn’t expect that there was an array demon in the world of heaven and man!

However, those wind demons, blood demons, shadow demons, and fire demons all had their bodies destroyed and their remaining souls sealed or hidden after the war between gods and demons. These demons are all from the heaven!

It’s just that because the physical body was destroyed or the strength was damaged, there was no way to return to the heaven. They all stayed in the heaven and human world, or were sealed in the secular world!

So are the array demons that appear now also from the heavenly realm?

And the Array Demon is on par with the Divine Pattern Ancestor. Does that mean that the Divine Pattern Patriarch is also a person from the heaven?

This confirms what Demon Lord Chiyun said, the ancestor of the divine pattern should be a person from the heaven!

“Senior Brother Bai, is Master a person from the heavenly realm? He is not a monk from the heavenly realm at all.”

Chen Ping asked Baicai!

Bai Jue saw that Chen Ping had condensed the divine patterns and was considered an official disciple, so he did not intend to hide it and said directly: “Yes, the master is indeed a person from the heaven, and the demon is also a person from the heaven. It is all because of the gods.” The devil is trapped in the world of heaven and humanity.”

“Trapped in the heaven and human world?” Chen Ping was a little confused at the moment. He didn’t understand what it meant to be trapped in the heaven and human world!

Chen Ping didn’t know that many people from the heaven and earth were trapped in the heaven and human world, and the entire heaven and earth formation was set up!

Chapter: 6748

“I can’t talk about this anymore. If Master wants to tell you, he will tell you.”

Baicai shook his head and said!

“Senior Brother Bai, can I leave now? I’ve been here for several days and I still have things to do.”

Chen Ping is still thinking about Gu Tianchao!

After dealing with Gu Tianchao’s matter, he will go to find Bai Qian, Huo Feng and the others, and then help Huo Feng destroy the Feng family and take back Hu Huangcheng!

“Leave?” Bai Jue was stunned for a moment, then smiled and said: “Junior brother, you are overthinking. I just said that after you have condensed the divine patterns of your destiny, you can leave the thatched hut. But if you want to leave here, you need to learn all the divine patterns. That’s it.”

“You don’t naively think that the divine patterns are only the ones I gave you, right? Those are for you to condense the divine patterns and integrate them with the divine patterns.”

“There are many divine patterns on this mountain, all carved in different locations by Master. You need to learn all these magical patterns.”

“Each divine pattern has its own secret. The more you learn, the more beneficial it will be to you.”

“Damn...” When Chen Ping heard this, he immediately cursed!

Feelings are trying their best to carve divine patterns, so they can only leave that thatched house?

I still need to learn all the divine patterns. Is this going to be in the Year of the Monkey?

“Senior Brother Bai, what if I don’t want to learn anymore?” Chen Ping asked!

“Then you can’t leave here.” Baicai said!

“I don’t believe that there are still people who can trap me and make me unable to leave this place.” After Chen Ping finished speaking, he jumped and flew away!

If you want to trap him, you must use formations or illusions. With Chen Ping’s current strength, no matter whether it is formations or illusions, it is impossible to trap him!

Chen Ping has the origin of illusion, and no illusions have any effect on him!

Baical looked at Chen Ping, smiled and shook his head, but did not chase him!

And Chen Ping used the Fire Control Step to keep jumping in space!

Although this divine pattern is very good, and it will definitely be beneficial to learn more, Chen Ping doesn't have time!

He can't be trapped here and keep learning some divine patterns!

And there is no such thing as recruiting disciples. Isn't this tantamount to coercion?

Chen Ping still has a lot of things to do!

Whoosh!

Chapter: 6749

Chen Ping's figure disappeared again, and then appeared several miles away in an instant!

In this way, Chen Ping flew for half an hour. According to his current speed, he would have reached the Ziyang Gate thousands of miles away!

But when he looked down, he found that there were still mountains, trees and rivers, but no desert area!

“Did I fly in the wrong direction?”

Chen Ping frowned!

But when Chen Ping fell towards the ground and wanted to see where he had landed, he suddenly found Baicai looking up at him with a somewhat playful smile on his face!

“What’s going on? Why am I back?”

Chen Ping’s face was filled with disbelief.

He ran away emotionally for a long time and returned to the original place. Chen Ping didn’t feel that he had changed direction, how could he come back!

“Senior Brother Bai, did you change places and wait for me here on purpose?”

Chen Ping always felt that Baicai knew where he was traveling and deliberately came here to wait for him so that he could feel like he was back where he was!

“Do you think I can be faster than you?”

“Even if I’m faster than you, can I still carry that thatched hut with me?”

Baicai pointed at the thatched house and said!

Chen Ping looked at the thatched hut and his whole body felt bad. He was really back to his original position!

“Impossible, how could this be possible...”

After Chen Ping finished speaking, he stopped his feet and rushed out like a bullet again!

Chen Ping deliberately changed his direction, but after flying for a while, he actually saw Baicai again!

Chen Ping had no choice but to open his Tianming Eyes. He wanted to see if this was an illusion!

Have you fallen into an illusion?

But after looking at it for a long time, I found that there was nothing strange, not even the formation could be seen, but Chen Ping himself couldn't get out!

Always back to where you were!

“I don't believe it anymore...”

Chen Ping suddenly used the Dragon-Slaying Sword, and the flames on the Dragon-Slaying Sword rose, and then he slashed forward with all his strength!

Chapter: 6750

boom!

The huge sword energy, carrying monstrous flames, began to shoot forward continuously!

Mountains were flattened by this sword energy, and Chen Ping followed behind it!

If there really is a magic formation or other formations, then this sword will directly break through for him and break out!

This time Chen Ping was very confident. As long as he followed the sword energy, he wouldn't come back!

But just after flying for a moment, Chen Ping felt a chill on his back, followed by a dangerous breath!

"Who dares to sneak attack me..."

Chen Ping was shocked, turned around in a hurry and slapped out with his palm!

boom!

With this palm, Chen Ping directly hit the sword energy, and then a huge explosion occurred!

Chen Ping was stunned when he saw the scene in front of him. It turned out that this sword energy was the sword energy that he had just slashed with the Dragon-Slaying Sword!

I don't know what happened, but he was directly behind me and almost hurt himself!

"What...what the hell is going on?"

Chen Ping was speechless, and then asked: "Senior, you...do you know what's going on?"

"Don't ask me, I don't know. I don't understand any formation techniques. Only a fool can learn such a complicated thing."

Demon Lord Chiyun shook his head!

Chen Ping had no choice but to fall back to the ground. Seeing Baicai's playful smile, Chen Ping became even more embarrassed!

You just wasted so much time!

"Senior Brother Bai, is this tantamount to forcing me to practice divine patterns?"

Chen Ping said helplessly!

"You can say that!" Baicai nodded!

"Then how long do I have to practice until I can leave? Do I have to practice all the divine patterns?"

Chen Ping continued to ask!

"Then I don't know. Anyway, I haven't fully practiced yet, and I've never left here."
