

## **The Order 6761**

Chapter: 6761

The natal divine pattern is like Chen Ping's left arm, becoming a part of his body!

And the natal magic pattern is like Chen Ping's right arm, and it is also part of his body!

In the center of Chen Ping, a light the size of a walnut connects the natal divine pattern and the natal magic pattern!

Every time this light beats, it will create a connection between the natal divine pattern and the natal magic pattern!

At the same time, both life patterns are growing!

Spiritual energy and demonic energy are gathering crazily from all directions!

The aura emitted by the magic patterns all over the sky was also absorbed crazily by Chen Ping!

A mysterious aura spread out from Chen Ping's body!

The two life patterns are slowly merging, creating a strange aura!

This kind of breath is constantly filling the air, and Chen Ping's whole body feels like he is soaking in a hot spring, feeling very comfortable!

“This breath... this breath is so strange. It doesn't belong to your divine pattern, nor does it belong to my magic pattern!”

The Array Demon felt the aura permeating Chen Ping's body and said in surprise!

The ancestor of the divine pattern said nothing, and his expression became very strange!

Chen Ping was suspended in the air quietly, and a new world seemed to have opened in the entire sea of consciousness!

He was now surprised to find that whether it was a divine pattern or a magic pattern, or even the formation patterns carved by ordinary formation masters, these things were not used alone to set up formations!

All formation patterns can evolve into all things if they are cultivated to the extreme!

Those ancient powers can transform all things with just a finger. These things do not appear out of thin air, but are formed by interweaving formations!

It's just that the interweaving and arrangement of each texture is different, and the effects produced are different!

Laying down formations is just one way of using this pattern, not the only one!

At this time, Chen Ping seemed to have opened the door to a new world, and he was extremely excited!

It turns out that a true master of formations can not only set up formations, but can also transform all things!

Formation mages have always been on the weaker side, just like pharmacists, although formation mages and pharmacists are rare in the human world!

He is very respected, but in terms of actual strength, whether he is an array master or a pharmacist, he is weaker than other monks!

But now it seems that the formation masters are not weak, but many formation masters have not understood the use of formation patterns!

Chapter: 6762

Chen Ping's natal divine patterns and natal magic patterns are flowing in glory!

The connection between the two is getting closer and closer, and strange auras are constantly emanating from Chen Ping's eyebrows!

Then a striped road lit up in front of Chen Ping!

Then Chen Ping quickly carved with one hand, and the lines in front of him kept changing according to Chen Ping's wishes.

Soon a divine pattern appeared completely, followed immediately by the second one!

Then Chen Ping began to carve the magic patterns. After the magic patterns appeared, they covered the divine patterns!

At this time, the two lines cannot be completely integrated, but they are not exclusive!

When Chen Ping saw this, his mind continued to strengthen. As long as these lines merged together, an object would be produced!

He can evolve objects, and in the eyes of outsiders, this object is created by Chen Ping out of thin air!

“It’s bad, this kid is going crazy...”

The ancestor of the divine pattern who was observing Chen Ping was suddenly shocked and said!

Chen Ping’s current cultivation level is not enough, but he wants to forcibly fuse the two lines. This is simply asking for death!

You must know that once you go crazy, even if you are immortal, you will become dementia, that is, you will be a cripple!

The Patriarch of Divine Patterns cannot let a man as talented as Chen Ping go crazy!

I saw the body of the Divine Mark Patriarch moved in front of Chen Ping!

Then he shouted: “Stop practicing, stop it quickly...”

Chen Ping’s eyes were red and he couldn’t listen at all. He was already deeply involved in it now!

He already understands the mystery of the array pattern, so he wants to fuse the two array patterns!

Seeing this, the Divine Pattern Patriarch reached out to grab Chen Ping!

When Chen Ping saw that the ancestor of the divine pattern was trying to stop him from practicing, he immediately shot out a ball of flames!

The shocking flames enveloped the Divine Pattern Ancestor, and the Divine Pattern Patriarch waved his hand, instantly shattering the surrounding flames, and grabbed Chen Ping's shoulder!

Chen Ping is now unconscious. He puts all his attention on the fusion of the array patterns!

Now he attacks anyone who comes close to stop him, purely out of instinct!

The ancestor of the divine pattern grabbed Chen Ping and wanted to forcefully release Chen Ping's consciousness!

Chapter: 6763

If Chen Ping continues like this, he will definitely become obsessed with it, just like an ordinary person who is obsessed with something. If he cannot be released, it will become extremely painful!

Chen Ping tried his best to attack the Divine Pattern Ancestor, but the Divine Pattern Patriarch withstood Chen Ping's attack and did not fight back at all!

"Senior brother, you are too spoiled to this kid. Even if he is extremely talented, he has to fight back."

When the array demon saw this, he immediately became anxious!

The whole person jumped up, and the magic pattern that filled the sky was instantly caught in his hand!

“Boy, if you dare to hit my senior brother, I will teach you a lesson.”

The array demon instantly shot out a black light and headed straight for Chen Ping!

Chen Ping’s body trembled, like a deflated rubber ball, and his whole body became limp.

At the same time, the red eyes slowly disappeared, and the whole person passed out!

The array demon has cut off the magic pattern, and Chen Ping has no way to fuse the magic pattern and the divine pattern!

Chen Ping has only cultivated the natal magic patterns now, and there are many more magic patterns that he has not had time to carve and practice at all!

The ancestor of Shenwen handed Chen Ping to Baixiao and asked him to take Chen Ping to rest!

“Brother, are you okay?”

The array demon asked the ancestor of the divine pattern with concern!

The ancestor of the divine pattern shook his head and said: “It’s okay. Fortunately, this kid put all his energy into the fusion of the pattern, otherwise I would definitely be injured too.”

“This guy looks like he’s not at a high level, but he’s really ruthless in his attacks.”

“Don’t teach him the magic patterns in the future. Let him practice the divine patterns well and then practice the magic patterns. If he practices two kinds of patterns at once, something will definitely happen!”

“Although this kid is extremely talented, his strength is still too low. He can’t bear it all at once. If he were to fuse forcefully, he might be completely useless.”

“But this guy can integrate the divine pattern and the magic pattern into one, so that the two patterns are not mutually exclusive, which is already very good.”

“Perhaps we really have to count on this kid to open the Heaven and Earth Formation...”

“I know!” The array demon nodded!

Although the two people are constantly fighting and no one is convinced by the other, they still have feelings at the critical moment!

The Array Demon still listens to what this senior brother says!

Now that the two have been trapped in the world of heaven and humans for so many years, they are the only ones closest to them!

Chapter: 6764

I don’t know how long it took, but Chen Ping slowly opened his eyes. Thinking back to his state when he merged with the formation patterns, Chen Ping felt frightened!

“Boy, you almost went crazy. What kind of divine patterns are these? Can the magic patterns peek into the heavens and make you uneasy and almost crazy?”

Demon Lord Chiyun didn't know anything about divine patterns or magic patterns, so he spoke!

"It's not like peeking into heaven, but it's like opening up a new world. It's just that I'm not strong enough now, and I almost went crazy."

"When I am strongest enough, I will be able to change everything!"

Although Chen Ping was a little scared, he was still very happy!

"Hahaha, when you ascend to heaven, you will open up more new worlds..."

Demon Lord Chiyun laughed, and there seemed to be a bit of ridicule in his laughter.

After all, to him, Chen Ping is like a frog in the well!

Chen Ping was not angry at Demon Lord Chiyun's ridicule. After all, this old guy did have the strength to laugh at himself!

"Junior brother, you're awake. Master told me to take you to see him when you wake up!"

Baicaï saw that Chen Ping was awake and said!

Chen Ping nodded, got up and followed Baicaï!

Soon Chen Ping was taken to a thatched hut. This was not the thatched hut where Chen Ping condensed his natal divine patterns!

The thatched houses here are obviously more luxurious, and they have all kinds of furniture for daily use!

Before he even entered the thatched house, Chen Ping could smell the aroma of wine!

“Master, junior brother is awake, I brought him here.”

Baica said outside the thatched house.

He didn't dare walk into the house casually!

“Let him come in!” The voice of the Divine Pattern Ancestor sounded!

Chen Ping walked in and found that the ancestor of Shenwen was sitting at the table drinking with the demon, and there were several plates of side dishes on the table for the two of them!

It looks very pleasant, but for monks of their strength, drinking and eating food is a bit of a waste of time!

You must know that time is very important to every monk in the heaven and human world. If they want to ascend to immortality, they must practice hard!

For them, eating is a waste of time!

Chapter: 6765

Not to mention having a leisurely time drinking and chatting!

“Sit down and have a drink together...”

The ancestor of the divine pattern waved towards Chen Ping and said!

Chen Ping was not polite, he sat directly at the table and poured himself a glass of wine!

A strong spiritual energy, accompanied by the aroma of wine, filled the whole room with spiritual energy!

Just from the smell alone, you can tell that this wine must be good, and it is also a high-end spiritual wine!

“This wine is a good thing for you. It is carefully brewed with various kinds of jelly grass.”

The array demon said to Chen Ping!

Listening to the Array Demon’s words, Chen Ping was very confused and asked: “Isn’t this spiritual wine a good thing for the two seniors?”

Upon hearing this, the Array Demon looked at the Divine Pattern Ancestor, then laughed loudly and said: “Of course this spiritual wine is of no use to us. What we need for cultivation is immortal energy, not spiritual energy.”

“Although there is plenty of spiritual energy in the heaven and human world, there is very little immortal energy. Otherwise, the two of us would not have been trapped in the heaven and human world for so many years.”

After hearing this, Chen Ping was convinced that both of them were from heaven!

However, although there is not much immortal energy in the world of heaven and earth, Chen Ping has encountered a lot, especially at the ruins of the Wuji Holy Sect, there is also immortal energy and spiritual liquid!

That's a pool of fairy spirit liquid. If this were given to two people, wouldn't they go crazy with joy!

It's a pity that Chen Ping didn't get the fairy spirit liquid in the end, and it was all absorbed by the leader of the Wuji Holy Sect!

"Boy, your talent is the best I have ever seen. If you practice hard, you will definitely become a master of formations in the future."

"However, along the way of cultivation, remember to be impatient and impetuous, and you need to gradually and gradually get there."

"Although you don't worship me as your teacher, the divine patterns I have learned will be passed on to you."

"If you don't understand anything, feel free to ask."

The ancestor of the divine pattern said to Chen Ping.

"I can't teach you the magic patterns for the time being. When you fully master the divine patterns, you can come and learn the magic patterns with me. We won't leave this place anyway!"

The Array Demon also spoke to Chen Ping!

"Thank you two seniors. I just have something unclear. Why are the two seniors trapped in the world of heaven and humans?"

Chen Ping was very curious, how could two people from heaven be trapped?

Chapter: 6766

Like Demon Lord Chiyun, his body was destroyed and his remaining soul was hiding in the heaven and human world. There was no way to return to the heaven!

There are also blood demons, wind demons and others, and their remaining souls have been suppressed!

But looking at the array demon and the ancestor of the divine pattern, they don't look like the bodies captured by the residual souls. If they were the real bodies, how could they be trapped?

The ancestor of Shenwen knew what Chen Ping meant by asking, so he smiled bitterly and said: "It's not just the two of us who are trapped in the heaven and human world, there should be many people from the heaven and earth."

"The war between gods and demons back then was extremely cruel. Many immortals and demons perished, and many great immortals from the beast race also died tragically in this world of heaven and humans."

"I don't know how many people have died in this world of gods and humans. You can imagine how many people have perished in the entire universe."

"We were also seriously injured because of the war that year. In addition, someone set up a great formation of heaven and earth in the heaven and human world, making it impossible for everyone in the heaven to return to the heaven."

The ancestor of the divine pattern explained!

"Senior, what happened to the war between gods and demons? And who set up this great formation of heaven and earth?"

“You have to know that these trapped people are both immortals and demons. If the powerful demon clan sets up the heaven and earth formation, he can’t possibly trap people from their own demon clan, right?”

“But if it was done by a certain immortal, then why did he seal these immortals?”

Chen Ping was very surprised, who did it?

Could it be that the person who set up the great formation of heaven and earth does not belong to either immortal or demon side?

Or maybe this person is the one who provokes the war between gods and demons and creates turmoil. He does not belong to any party and is just using this to reshuffle the cards in heaven!

“How would I know who it is? As for what the war between gods and demons is about, I can’t tell clearly, but now that I think about it, the war between gods and demons is more like a conspiracy.”

“It’s a pity that so many years have passed. Even if it’s a conspiracy, what can we do? Now we can’t even go back to heaven.”

“Only by breaking through this great formation of heaven and earth can we have a chance to return to heaven.”

The ancestor of the divine pattern said.

“Then who can break through this great formation of heaven and earth?”

Chen Ping asked!

“You, you in the future, you can’t break through now, but you will definitely be able to break through in the future...”

The ancestor of the divine pattern pointed at Chen Ping and said!

Chapter: 6767

Chen Ping was speechless for a moment when he heard the words of the Divine Pattern Ancestor. He didn’t expect that the Divine Pattern Patriarch’s evaluation and expectations for him were so high!

Chen Ping himself does not have such great confidence, but even if Chen Ping does not break the formation of heaven and earth, as long as he cultivates to the realm of immortality, he can fly to the heaven!

It’s just that these people who are trapped in the world of heaven and humans have no way to return to the world of heaven, nor can they use cultivation to improve their realm and then ascend!

So Chen Ping doesn’t have to break through the great formation of heaven and earth!

It’s just that he accepted the divine patterns from the ancestor of the divine patterns, and also condensed the magic patterns of the demon formation himself. Now if he says that he is not good enough and can’t break the heaven and earth formation, Chen Ping feels a little guilty!

“If I have this ability in the future, I will break through the great formation of heaven and earth and let the two seniors return to the heaven.”

Chen Ping had no choice but to agree temporarily!

“You can, if you are willing to wait, you can.”

“But this matter of breaking the great formation of heaven and earth must be done voluntarily by you. We will not force you. After all, this involves the entire world of heaven and man.”

“And it may affect your cultivation and ascension, but there is one thing. If you really break through the great formation of heaven and earth, I think many people will be grateful to you after you ascend to heaven.”

The ancestor of the divine pattern said!

“Senior, don’t worry. I am volunteering. When my strength improves, I will come to Senior Array Demon to learn the magic patterns. Then I will find a way to break through the great formation of heaven and earth and give you your freedom.”

Chen Ping said solemnly!

“Hahaha, okay, I’m waiting for you...”

The Array Demon laughed loudly!

“Senior, I still have things to deal with, so I can’t stay with you here, and I can’t leave after learning all the divine patterns.”

“I also hope that senior can be noble and let me leave!”

Chen Ping prayed to the divine pattern ancestor!

If you really finish practicing all the divine patterns, you won’t even know how old the monkey is!

“Of course, I’ll let Baixiao take you out. I’ll also ask Baixiao to help you with the things you promised Gu Tianchao.”

“It’s just that Gu Tianchao has bad conduct and is not suitable to be the leader of the Liangyi Sect. Let him be the deputy sect leader. You should still be the sect leader.”

“When you are away, Gu Tianchao will manage the Liangyi Sect, so that you can have some control over him.”

The ancestor of the divine pattern said to Chen Ping!

Chen Ping saw that the ancestor of Shenwen already knew about it, so he couldn’t say anything more. If he was asked to be the leader of the sect, he would do it. Anyway, he didn’t really have to stay here to manage it!

Chapter: 6768

The management is still left to Gu Tianchao. There is no difference between Gu Tianchao, the deputy sect leader, and the sect master!

“Everything depends on the senior, but Senior Brother Bai has never left this place. Can he take me out?”

Chen Ping was puzzled. You must know that Baicao said that he had never left here!

“He just doesn’t want to go out and has been hiding in this small world to practice. I don’t control him.”

“He can go out whenever he wants. Moreover, he has been to Liangyimen many times. People from Liangyimen who want to see me are brought in by him.”

The ancestor of the divine pattern said!

When Chen Ping heard this, he was speechless!

Baicao talked about his feelings for a long time, because he didn't want to leave here at all. At that time, Chen Ping felt pity for this guy, but now that he thinks about it, he is really worrying about it!

"Thank you, senior..."

Chen Ping stood up and prepared to leave here!

But just when Chen Ping turned around, the Divine Mark Patriarch spoke again: "Don't take all the blood jade away. There are only two left. Let us brothers recover."

"We won't compete anymore from now on. We will just wait quietly for you to break through the great formation of heaven and earth and return to heaven."

When Chen Ping heard this, he immediately blushed. He agreed to Gu Tianchao just for the blood jade from Liangyi Sect!

Now that the ancestor of the divine pattern said it directly, I feel a little embarrassed!

"I see!"

Chen Ping nodded!

After Chen Ping walked out of the thatched house, Baicai grinned at Chen Ping and said, "Junior brother, come with me..."

Baicai took Chen Ping to Liangyimen!

But the Divine Pattern Ancestor and the Array Demon continued to drink!

"Senior brother, how long do you think it will take for this kid to break through the great formation of heaven and earth and let us return to heaven?"

The array demon asked the ancestor of the divine pattern!

The ancestor of the divine pattern slowly stretched out a finger and did not speak!

"A hundred years?" The formation demon looked surprised: "This is impossible, this guy probably won't be able to break through the Tribulation Realm in a hundred years. How can he break through this great formation of heaven and earth?"

"It's not a hundred years..." said the Divine Pattern Ancestor!

Chapter: 6769

"That's a thousand years?"

The Array Demon calmed down: "It's still possible in a thousand years, but we two brothers will continue to waste time here. When we return to the heaven, the entire heaven will be different."

"Those old guys who are with us have thousands of years of training and are probably much stronger than us. They will inevitably be laughed at."

“Hahaha, junior brother, why are you so pessimistic? Can’t it be just one year?”

The ancestor of the divine pattern laughed and said!

“One year?” After hearing this, the Array Demon hurriedly shook his head: “Stop making trouble. This kid broke through the Heaven and Earth Formation in one year. How is it possible? It’s absolutely impossible.”

“Junior brother, haven’t you noticed that this boy’s identity is very unusual?”

“Don’t think about it, a sixth-level monk in the Tribulation Realm can kill a Mahayana monk, and he has the aura of the three races in his body.”

“He is such a young monk, but he has a vast origin space and has mastered several kinds of supreme fire. In just a few days, he condensed the natal divine patterns, and within a few hours, he learned several kinds of fires. Divine pattern.”

“Your magic patterns are also condensed in a moment, and it can also make the divine patterns and magic patterns related to each other.”

“Have you not thought about the reason for these strange behaviors?”

The ancestor of the divine pattern said!

“Why?” the array demon asked curiously!

“You guy, you don’t use your brain at all. Now you can find out the natal magic patterns he has condensed by yourself.”

The ancestor of the divine pattern smiled and said!

“Don’t tell me, I haven’t checked this guy yet.”

After the array demon finished speaking, he lightly touched the void with his finger, and a magic pattern flashed away!

In just a moment, the array demon’s eyes widened, and the wine glass he was holding fell to the ground with a crash!

“Senior...brother, he...he is actually the true form of the golden dragon, the son of the dragon...”

“Is he that person’s child?”

The array demon said in horror.

“Yes, that’s why I said that within one year, this great formation of heaven and earth may be broken.”

The ancestor of the divine pattern nodded and said!

After the Array Demon calmed down for a while, he said with excitement: “Hahaha, maybe in not even a year, but in half a year, we can return to the heaven.”

Chapter: 6770

“The two of us still want to accept someone as our disciple. This is really embarrassing. If those bastards in heaven find out about this, they will laugh at us forever!”

“If he hadn’t condensed the natal divine patterns, I wouldn’t have used the natal divine patterns to investigate. Who would have thought of his identity.”

“His identity is now well hidden. I’m afraid not many people will be able to see it, so we must keep this matter secret.”

The ancestor of the divine pattern said!

“Senior brother, don’t worry. We’ll be here all day, and we won’t be able to tell anyone else.”

“With an identity like his, the stronger the strength, the deeper the identity is hidden. I’m afraid he will only be exposed in the end.”

“A small place like the Heavenly Realm can actually hide the Son of the Dragon.”

The array demon sighed for a while!

“Perhaps he doesn’t even know his true identity, so the two of us can just wait.”

The ancestor of the divine pattern smiled lightly!

The Array Demon and the Divine Pattern Ancestor raised their glasses and drank more and more happily!

Liangyimen!

Gu Tianchao was extremely depressed at this time. He had agreed with Chen Ping, but now Chen Ping has seen no one alive, no dead body, and no news at all!

The day for the selection of the sect leader was coming soon. Gu Tianchao knew that with his qualifications, he would not be able to become the sect leader, otherwise he would not have to join forces with Chen Ping!

“Elder Gu, Master, please come over here!”

At this time, a Liangyi Sect disciple came over and said!

Gu Tianchao nodded, then got up and headed to the main hall!

There are many people in the main hall, most of them are senior officials of Liangyi Sect!

Peng Wu, the master of Liangyi Gate, was sitting on the throne.

The system of Liangyi Sect is different from that of other sects. Every twenty years, the sect will hold a sect leader election!

If the sect leader is not strong enough, or is not popular with the people, and is pushed down by others, then he can only sit back as an elder and continue to wait for the next opportunity!

This selection system has an advantage, that is, anyone has the opportunity to be the leader of the sect, and it can also prevent the sect leader from making a single comment.

However, after hundreds of thousands of years of replacement, although this system still exists, it has become ineffective!

After every sect leader comes to power, he will work hard to cultivate his own power, and use the power in the hands of the sect leader to speed up his cultivation!
