

## **The Order 6771**

Chapter: 6771

In this way, even if the twenty-year period is reached, no one dares to choose the sect leader, and the original sect leader will still be in charge!

“Master, are you looking for me?”

After Gu Tianchao saw the sect master, he asked in a panic!

He wanted to seize the position of the sect leader, but he didn't dare to tell anyone about it. After all, people's hearts were separated from each other. If Peng Wu found out, Gu Tianchao would know that it would be difficult for him to gain a foothold in the Liangyi Sect!

That's why Gu Tianchao sought help from external forces. Only with the intervention of external forces can it be possible to overthrow Peng Wu!

“Elder Gu, the day for selecting the sect leader is coming soon. What do you think?”

Peng Wu asked Gu Tianchao!

“Of course, the sect leader is elected for another term. Our Liangyi Sect has become stronger and stronger under the leadership of the sect leader.”

When Gu Tianchao saw this, he quickly flattered him!

Without the absolute strength to overthrow Peng Wu, Gu Tianchao would not go against Peng Wu in any way!

“Hahaha, Elder Gu still understands justice.”

“But I heard that Elder Gu went to see the ancestor of Divine Patterns a few days ago?”

Peng Wu suddenly turned slightly cold and said!

Gu Tianchao shook the divine pattern slightly, then nodded and said, “Yes, I went to see the ancestor of the divine pattern, because I have some confusion about cultivation, and I hope the ancestor can clear up my confusion.”

“Really? You must know that you, the elders, who want to meet the ancestor of the divine pattern, have the qualification only once every fifty years. You just used this qualification because of a little confusion?”

“You didn’t meet the ancestor, did you have other things? Didn’t you go to report on me?”

Peng Wu asked coldly!

“No, no, no, I really want to ask for advice. I didn’t snitch on the sect leader. How could I waste such an important qualification just to snitch on you?”

Gu Tianchao quickly waved his hand!

But at this time, Gu Tianchao’s forehead was already covered with cold sweat!

“It’s okay if it’s not. Someone told me that you, Elder Gu, are determined to be the head of the sect. I don’t quite believe it. After all, I have been very kind to Elder Gu for so many years.”

“Over the years, you have been sneaking out to pick up private jobs and earn private money. I have also turned a blind eye. I’ve treated you well.”

Peng Wu deliberately hit Gu Tianchao!

“The sect master has been so kind to me. How could I have the idea of becoming the sect master?”

Chapter: 6772

“I will raise my hands to recommend the sect leader to continue to be re-elected. In our Liangyi Sect, there is no one more suitable than the sect leader.”

Gu Tianchao quickly started flattering!

If Peng Wu is not happy about this, then his life in Liangyimen will be difficult in the future!

Gu Tianchao is not stupid, on the contrary, he is very smart and flexible, otherwise he would not have snoopied on the position of the sect leader!

Now Chen Ping is missing and no one is helping him. Gu Tianchao knows that he will never be the leader of the sect, so he can only flatter Peng Wu!

As the saying goes, a man can bend and stretch, but at worst he will be looking for opportunities in the next twenty years!

Seeing that Gu Tianchao was so sensible, Peng Wu stopped pursuing anything!

If Gu Tianchao dares to act a little strange today, Peng Wuke will take action!

“Okay, you go back and prepare carefully, and remember not to lose your temper when the time comes to recommend it.”

Peng Wu waved his hand, planning to let Gu Tianchao go back!

But at this moment, a Liangyi Sect disciple hurriedly walked into the hall and said: “Master, Master Bai is here...”

“What? Master Bai is here? Could it be that the ancestor of the divine pattern has any instructions?”

Upon seeing this, Peng Wu hurriedly got up to greet him, and others did not dare to neglect!

You must know that Baicai is the disciple of the ancestor of Shenwen, and the Liangyi Sect was originally founded by the ancestor of Shenwen!

If all of them want to see the Divine Pattern Ancestor, they have to pass through Baixiao, so these people don't dare to offend Baixiao!

Gu Tianchao also followed Peng Wu to greet Bai Jue!

But as soon as he arrived at the gate of Liangyi Sect, Gu Tianchao was stunned because he saw that Chen Ping was actually with Baicai!

Peng Wu and others didn't know Chen Ping. When they saw Bai Jue coming with a young man, they hurried forward and said, “Master Bai, why are you here free?”

“Is this person arranged by the ancestor? I will find a place for him immediately.”

“Master Peng, this person was indeed arranged by my master, so he asked me to bring him here.”

Baica said!

“I’ll make arrangements right away.” After Peng Wu finished speaking, he looked at Chen Ping and said very politely: “Brother, I am Peng Wu, the master of the Liangyi Sect.”

“My name is Chen Ping...”

Chapter: 6773

“Chen Ping?” Peng Wu was slightly startled. He felt that the name was familiar, but he couldn’t get up for a while!

But since it was someone introduced by his ancestor, of course he had to take it seriously!

“Brother Chen Ping, since my ancestor has arranged for you to come here, you must have some skills. You should first become an elder in Liangyi Sect.”

Peng Wu felt that it would be good to arrange an elder for Chen Ping, after all, Chen Ping is so young!

Chen Ping just smiled and said nothing, but Baica spoke!

“Clan Master Peng, my ancestor asked him to be the sect leader, not to be an elder.”

Baica said!

“Sect Master?” Peng Wu was stunned and said in disbelief: “Master Bai, I am still the Sect Master of Liangyi Sect. How could the ancestor suddenly arrange for a Sect Master to come?”

“I haven’t been like this for so many years. In a few days, everyone will start making recommendations. Whoever recommends the most will be the master of the sect?”

“Ancestor has never appointed a sect leader here, and this is not like Ancestor’s style.”

Peng Wu was very suspicious. After all, Chen Ping was so young, and for so many years, the ancestor of Shenwen had never interfered in the selection of the leader of the Liangyi Sect!

So what if a sect leader is suddenly sent here this time?

“What? Do you mean I’m lying?”

Baica said coldly!

“I don’t dare!” Peng Wu shook his head and said, “It’s just that my ancestor has never done this before, so I need to ask the sect leader personally for instructions.”

“You don’t need to ask for instructions. What I convey is my master’s intention. Whoever is the leader of Liangyi Sect is still qualified to speak.”

“You have been the leader of the Liangyi Sect all these years, secretly cultivating power, forming cliques, and completely eliminating the sect leader recommendation system. Don’t think that Master doesn’t know about it.”

“Master set up this system back then to select formation geniuses and train them. However, you occupied the position of the leader of the Liangyi Sect and relied on various means to bypass the recommendation system. Now you are asked to step down. Why don’t you accept it? ? ”

Baicaï looked at Peng Wu with a cold face and asked!

Peng Wu’s face was very ugly, but he didn’t want to give up his position as the sect leader so easily!

“Mr. Bai, this person is so young, I’m afraid it’s hard for him to hold a big position. Liangyi Sect has developed over the years, and I have worked hard without any credit. If you ask me to give up my position as the sect leader in just one sentence, I’m afraid some brothers will be dissatisfied. ”

“It’s okay if you want me to give up my position as the sect leader. As long as this guy’s formation skills surpass mine, I will give up my position as the sect leader immediately.”

Peng Wu said very unconvinced.

Although the ancestor has spoken, the position of the sect leader will probably not be kept, but he still has to fight for it!

Chapter: 6774

Seeing that Chen Ping was so young and was only at the sixth level of Tribulation Realm, Peng Wu decided to compete with Chen Ping!

As long as Chen Ping loses, let’s see how he can still be embarrassed to be the leader of this sect!

When Baicao heard this, he looked at Chen Ping and said, "Junior brother, he wants to compete with you in formations. What do you mean?"

"It doesn't matter!" Chen Ping smiled lightly!

Peng Wu on the side was stunned. Baicao actually followed Chen Ping and called him Junior Brother?

Does it mean that the Patriarch of Divine Patterns is Chen Ping's apprentice?

But after so many years, he hasn't heard that the ancestor of Shenwen has accepted another apprentice?

"Since you want to compete, then let's compete. As for how to compete, you have the final say!"

Baicao said to Peng Wu!

Regarding Chen Ping's formation strength, Baicao has a hundred confidences!

He was able to quickly condense his natal divine patterns, and he also learned so many divine patterns!

How could someone who could even condense magic patterns be afraid of a little Peng Wu!

If compared to the art of formation, Baixiao would be afraid that she would not be Chen Ping's opponent!

"Okay, in order to avoid causing damage, we will just break the formation."

“We use three formations on each other and let the other side break them. Whoever breaks the other side’s formation first will win.”

Peng Wu said!

“No problem!” Chen Ping nodded!

“Then let’s go to the martial arts field to practice...”

Peng Wu took Chen Ping and the others to the martial arts arena!

Others followed suit.

Only then did Gu Tianchao have the opportunity to quietly approach Chen Ping!

“Mr. Chen, what is going on? Why did you suddenly become the sect leader? Or was it arranged by the ancestor of the divine pattern?”

Gu Tianchao asked in confusion!

You know, Chen Ping came to help him become the leader of the sect, but now Chen Ping wants to be the leader himself. This is a bit unreasonable!

Chapter: 6775

“I don’t want to be the leader of such a sect. I really have no choice. Your ancestor forced me to do it.”

“But don’t worry, after I become the sect leader, I will make you the deputy leader immediately. When the time comes, I leave the Liangyi Sect, and you, the deputy leader, will be in charge of everything.”

Chen Ping patted Gu Tianchao on the shoulder and said!

When Gu Tianchao heard this, he looked at Chen Ping in disbelief. He had never heard that the ancestor of Shenwen forced a person to become the leader of the Liangyi Sect!

But looking at Chen Ping's appearance, it doesn't look like he's lying. Moreover, Baixiao personally brought Chen Ping here, so he shouldn't be lying!

"Mr. Chen, have you really become the apprentice of the ancestor of Divine Patterns?"

Gu Tianchao asked curiously!

"He wanted to take me as his disciple and teach me how to carve divine patterns, but I didn't agree."

"I've learned all the divine patterns, why should I be a teacher?"

Chen Ping said calmly!

"Have you learned the divine patterns?" After listening to Chen Ping's words, Gu Tianchao almost died of anger!

What kind of Versailles speech is this?

You must know that people like Liangyi Sect, if they want to learn divine patterns, they must reach the status of the sect leader, and even if they have to study for decades to learn a divine pattern, they may not be able to learn it!

How many days has Chen Ping been here?

Have you learned all the divine patterns?

Even Gu Tianchao couldn't believe it, this was too outrageous!

Moreover, how many people wanted to beg the Divine Pattern Patriarch to accept a disciple, but the Divine Pattern Patriarch simply refused to agree. Even the leader of the Liangyi Sect only has a higher status and is not qualified to be the disciple of the Divine Pattern Patriarch. !

Seeing Gu Tianchao's shocked look, Chen Ping just smiled and didn't say anything!

After all, this kind of thing sounds a little outrageous to anyone!

Just like a rich person who drinks tens of thousands bottles of mineral water and throws it away after just one sip!

If you told ordinary people this, they wouldn't believe it even to death. How could you have such expensive water and throw it away after just one sip?

The position of the station is different, so the thoughts are different!

Soon everyone arrived at the martial arts arena. Since it was a formation-breaking competition, there would be no casualties, so no defensive formations were set up around the martial arts arena!

"You are young and you are still a guest, so I will come first and let you take a closer look at how I set up the magic circle."

Chapter: 6776

After Peng Wu said that, he jumped directly to the martial arts field and took out a writing brush from his waist!

I saw Peng Wu using a writing brush to continuously carve formation patterns in the void!

“I didn’t expect this guy to have a magic pen hidden in the array pattern.”

Baica said in surprise when she saw this scene!

“Senior Brother Bai, what is this formation spirit pen?” Chen Ping asked curiously!

“The formation pen is of course used to carve formation patterns. You have to know that it is the same whether it is carving formation patterns or talismans.”

“The various avenues of heaven and earth are created in the form of lines, and when carving them, the monks must inject spiritual energy or other power into the lines to make the lines powerful!”

“But the carving of array patterns often consumes a lot of spiritual power, and a lot of this spiritual power is wasted in the world between heaven and earth.”

“If there is a magic weapon like the Formation Spirit Pen that is specially used to carve formation patterns, it can greatly reduce the consumption of spiritual power and also enhance the intensity of the formation.”

“It’s just like carving talismans. If you have a magic pen and good talisman paper, the talismans carved out will be much more powerful!”

“For example, if you rely on your fingers to condense your spiritual consciousness or spiritual energy, you can draw three formations in the void in one breath. But if you use a magic weapon such as this formation pen, the same spiritual energy can be used to depict more formations, or to draw more formations. The formation is more powerful.”

“It’s just that there are too few treasures specifically for use by our formation masters. I don’t know how Peng Wu got the formation spirit pen. It seems that this guy is really well hidden.”

Baica explained to Chen Ping in detail!

Chen Ping was very nice. He immediately became interested and his eyes lit up!

If you have such a thing, carving divine patterns will definitely get twice the result with half the effort, and the power of the formation will be greatly enhanced!

“Senior Brother Bai, is this the only treasure weapon used by array masters?”

Chen Ping asked!

“That’s not true. There are also various kinds of treasures used by array masters. It’s not just magic pens. However, no matter what kind of treasures an array master uses, if you are not an array master, you can’t use them.”

“After all, those treasures can only be effective when carving formation patterns. They cannot be used as weapons in normal times...”

Baica said!

Chen Ping nodded. Anyway, he had a dragon-slaying sword and a magic whip. These weapons were enough. If he had such a magic pen to carve formation patterns, it would be perfect!

“Senior Brother Bai, if I snatch this guy’s magic pen away, wouldn’t it be too much?”

Chen Ping asked!

There are too few treasures for the formation master, and Chen Ping doesn’t know where to find them. Now that there are ready-made ones in front of him, it would be a pity if Chen Ping doesn’t get them!

Bai Jue glanced at Chen Ping, then smiled and said, “I don’t care. When you become the master of the sect, the entire Liangyi Sect will not be yours.”

When Chen Ping heard Baicai’s words, he immediately laughed!

This meaning is obvious, that is, of course Chen Ping can snatch the magic pen!

After all, in the world of gods and humans, it is a society where the weak and the strong eat the strong!

Chapter: 6777

However, Chen Ping still felt a little inappropriate when he grabbed it directly. After all, if he just became the leader of the sect, he would be disgusted by many disciples in the sect if he grabbed the items from his hands!

But Chen Ping likes this magic pen very much, and for Chen Ping, with this magic pen, he can get twice the result with half the effort when carving divine patterns!

Looking at Peng Wu who was constantly carving formation patterns and setting up a large formation, Chen Ping's eyes suddenly lit up!

"Master Peng, this kind of competition is not exciting at all. Otherwise, let's increase the stakes and make it more exciting."

Chen Ping said to Peng Wu!

"What bets are added?" Peng Wu stopped and asked when he saw Chen Ping!

"I think the magic pen in your hand is pretty good. Let's make a bet. I can break through three of your formations in one stick of incense."

"If my incense stick breaks open, give me the magic pen in your hand and I will be the master of the sect."

"If I hadn't broken it open, you would still be the sect leader, and I guarantee that the position of sect leader in the future will always be yours."

Chen Ping said!

"What are you talking about? In one stick of incense, you can break my three formations?"

Peng Wu looked very ugly and snorted coldly: "Don't talk about a stick of incense, you may not be able to break through these three formations of mine in one day."

"I can agree to your bet, but you are a soft-spoken person. You said you would keep me as the leader of the sect forever. Can you keep your promise?"

Peng Wu didn't believe that Chen Ping could break his formation with a stick of incense, but he didn't quite believe Chen Ping's words!

After all, Chen Ping's words from the Liangyi Sect don't count, only the words from the Divine Pattern Patriarch's words count!

"I said, of course forget it. Senior Brother Bai is here to testify. If I lose, I will ask the Divine Pattern Patriarch to change the rules. You will always be the leader of the sect."

After Chen Ping finished speaking, he looked at Bai Jue and said, "Senior Brother Bai, please say something..."

Baica knew what Chen Ping was going to do and wanted the spirit coins, but was too embarrassed to grab them openly, so she made this bet!

"Master Peng, I can accept Chen Ping's bet on behalf of Master."

Baica said!

Seeing Bai Yue say this, Peng Wu's face suddenly showed a proud look!

It is simply impossible to break through three of his formations in one stick of incense!

"Okay, in that case, I promise you!" Peng Wu was full of confidence!

From now on, the position of the sect leader will no longer need to be recommended. As long as he wants to do it, it will always be his!

Chapter: 6778

Seeing that Peng Wu agreed, Chen Ping secretly breathed a sigh of relief. If this guy didn't agree, he would have no choice but to steal it!

I saw the spiritual pen in Peng Wu's hand waving again, and lines of formations flashed in the void!

Soon, three formations appeared on the martial arts field!

The three formations are constantly flashing light, appearing and disappearing. They look like three independent formations, but they have a hidden connection!

"Junior brother, these three formations are not simple. They seem independent, but they are connected. You have to be careful."

Baicaï saw the beauty of the formation, and then reminded Chen Ping in a low voice!

Chen Ping just smiled, but didn't say anything!

Peng Wu said with full confidence: "Please, in one stick of incense, I will see how you can break these three formations of mine!"

"Light the incense..."

Peng Wu gave an order and a stick of incense was lit!

Chen Ping jumped to the martial arts field and looked at the three formations. If he found the formation's eye and destroyed these three formations, one stick of incense would not be enough time!

Moreover, these three formations can hide the location of the formation eye. Even if the location of the formation eye is found, because the three formations are connected, after one is destroyed, the other formations will immediately change!

“Master Peng is indeed a formation genius. These three formations seem independent, but they are closely connected. Breaking any one formation will cause the structure of the other two formations to change.”

“If you find the wrong location for the formation eye, the three formations will change at the same time, and the work done at the beginning will be in vain.”

Chen Ping praised Peng Wu!

Peng Wu smiled lightly and said: “That’s a compliment, but no one in my triple formation has been able to break it in just one stick of incense.”

“You’d better stop chatting. The time for burning incense will come soon. Break the formation quickly.”

Chen Ping shook his head: “No hurry!”

“What? Are you going to just admit defeat?”

Peng Wu asked!

“Of course not. I just said there is no rush to break the formation. Although this formation is clever, it only takes me three breaths to break it.”

“I said a stick of incense just to give Master Peng some face...”

Chen Ping said with a smile!

Chen Ping's words immediately made Peng Wu blush with anger!

Chapter: 6779

Three breaths of time?

Are you kidding me?

"Don't be so quick-tongued. The stick of incense is half burned now."

Peng Wu said coldly!

Bai Jue looked at Chen Ping's pretentious look and snickered secretly!

If this guy is really capable, he just likes to show off too much!

Gu Tianchao on the side had already become nervous at this time. If Chen Ping could not break the formation, then Peng Wu would always be the leader of the sect, and he would never have a chance!

Chen Ping was leisurely and content, not in a hurry, but he made Gu Tianchao anxious!

"Mr. Chen, don't waste time. Break the formation quickly. It's too late."

“This has wasted half the time of burning incense. Please hurry up, please...”

Gu Tianchao is going to be anxious to death!

It is the real emperor who is not anxious but the eunuch!

Seeing Gu Tianchao’s anxious look, Chen Ping laughed!

Peng Wu looked at Gu Tianchao curiously and said, “Elder Gu, do you know each other? It seems that you are very anxious. Do you really hope that I lose?”

“No, I didn’t...”

Gu Tianchao suddenly looked embarrassed and stopped talking, but his fists were clenched and his palms were sweaty!

“Okay, if I see someone in a hurry, I’ll break the formation.”

“You should be careful. In three breaths of time, these three formations will be broken!”

After Chen Ping finished speaking, he opened his right hand and grasped the Dragon Slaying Sword in his hand!

Seeing Chen Ping using his sword to break the formation, Peng Wu frowned and said, “Why, are you trying to break the formation by force?”

“Yes, it’s a waste of time to search for the formation. I’m going to forcefully break this formation.”

Chen Ping nodded!

After hearing this, Peng Wu burst out laughing and said, “Boy, don’t blame me for not reminding you. If you look for the formation eyes to break the formation, even if you can’t break the formation, there won’t be any harm.”

“But if you forcefully break the formation, you will suffer backlash from the formation. If you are injured, I will not be responsible.”

Chapter: 6780

“Don’t worry, I won’t let you take responsibility.” Chen Ping smiled slightly!

“Is this kid crazy? He is only at the sixth level of Tribulation Realm, but he wants to forcefully break the formation?”

“I think he is crazy. If he is proficient in the art of formations and can still hope to break through the formation by finding the formation’s eyes, with his strength at the sixth level of Tribulation Realm, it is simply impossible to forcibly break through the formation of the gate master!”

“We’d better stay away. If we’re careful, he’ll get hurt.”

When everyone in Liangyi Gate saw that Chen Ping was trying to forcefully break the formation, they immediately started talking!

None of them believed that Chen Ping could forcefully break the formation!

After all, Chen Ping's strength is only at the sixth level of the Tribulation Realm. How could this strength break through the triple formation?

While everyone was talking quietly, Chen Ping took action!

Chen Ping jumped up, and the Dragon-Slaying Sword in his hand suddenly appeared with golden light!

As Chen Ping slashed out with his sword, a dragon roar resounded throughout the world!

A huge golden dragon appeared and roared towards the formation!

"What is this? A golden dragon?"

"It's so awesome. A sixth-level monk in the Tribulation Realm can turn sword energy into a golden dragon."

"It seems like this guy has some tricks up his sleeve!"

Everyone was surprised when they saw Chen Ping's sword coming out, and the sword light instantly turned into a golden dragon!

Even Peng Wu's eyes widened, a little unbelievable!

But even so, he didn't believe that Chen Ping could forcefully break his formation!

The golden dragon roared and the earth trembled!

boom!

Accompanied by a flash of golden light, everyone was so blinded that they couldn't open their eyes!

The entire mountain where the Liangyi Gate is located is shaking continuously, and the void becomes distorted!

When the golden light slowly dissipated, everyone opened their eyes and were surprised to find that there were still traces of formations on the martial arts field!

Chen Ping, holding the dragon-slaying sword, stood quietly in the middle of the martial arts arena!

The three formations were destroyed by Chen Ping with just one sword strike!
