

The Order 6791

Chapter: 6791

At this time, Nie Heng said!

Nie Heng was outside the door but did not open it because he didn't know what Chen Ping and Liu Ruyan were doing in the room!

Hearing Nie Heng's arrival, Liu Ruyan stood up and opened the door!

Chen Ping also stood up!

Nie Heng glanced at it, and then smiled meaningfully at Chen Ping!

As a man, Chen Ping certainly knew what Nie Heng's smile represented!

"Let's go, I'm going to see what's going on with that formation. If we continue to delay like this, I don't know if we will be able to reach Yongle City in the Year of the Monkey and the Moon of the Horse."

Chen Ping is going to take a look. If possible, he can help repair the teleportation array!

"Chen Ping, I never asked you. Are you going to Yongle City when you suddenly come here?"

"Are you also going to the Medicine Master Conference?"

Liu Ruyan never asked Chen Ping why he appeared here!

“I didn’t go to the Medicine Master Conference to find friends in the Western Regions. I have a few friends in Yongle City.”

Chen Ping said!

“Boys or girls?” Liu Ruyan looked at Chen Ping and asked with vigilance in his eyes!

“Both men and women...” Chen Ping could only say truthfully!

Hearing Chen Ping say this, Liu Ruyan sighed softly, and then smiled bitterly!

She knew that Chen Ping was just a dragon and never belonged to a certain sky!

Therefore, it is simply unrealistic for Liu Ruyan to keep Chen Ping by her side!

But as long as Chen Ping has her in his heart, she doesn’t expect anything more!

“Let’s go, I’ll accompany you for a walk...”

Liu Ruyan said!

Chen Ping followed Liu Ruyan out of the inn, with Nie Heng following from a distance, and then came to the huge square inside the Medicine Master’s Association!

In the middle of the square, spiritual lights flickered, and there were ancient patterns on the ground, making it look like a large formation!

And around the formation, more than a dozen monks were standing guard to protect them, preventing others from approaching casually!

There are many pharmacists surrounding the formation. These pharmacists all have an obvious expression, that is, they are anxious!

Obviously these pharmacists have been stranded here for several days. If the teleportation array is not repaired well, then they may not be able to make it to the pharmacist conference!

After coming all the way here, I wanted to teleport to Yongle City, but now the teleportation array is broken!

In the middle of the teleportation formation, a middle-aged man wearing a gray robe with sweat on his forehead was constantly groping for the formation patterns on the ground!

On the west side of the teleportation array, there were several people wearing bright yellow robes, and each of them had a pharmacist's token hanging on their waist!

It proves that these people are all members of the Pharmacist Association, and their positions seem to be quite low!

Soon, as the middle-aged man in gray robe left the teleportation array, the teleportation array began to emit light, and the mysterious array patterns slowly rose into the sky and continued to circulate!

Then the wounds in the formation intertwined into space fluctuations!

Seeing this scene, the middle-aged man in gray robe breathed a heavy sigh of relief!

When the senior officials of the Pharmacist Association saw this, they finally smiled!

“Everyone, I’m really sorry for keeping you waiting for so long. Now that the teleportation array has been repaired, you can teleport below. However, because the teleportation array has just been repaired, the number of teleportations at one time needs to be limited.”

“Only fifty people can be teleported this time, so the people who were waiting in line here at the beginning can now board the teleportation array with their number plates.”

A senior member of the Pharmacist Association glanced at the people around him and said!

Once they heard that it could be transmitted, many pharmacists became happy!

Nie Heng said excitedly: “I didn’t expect it to be repaired. Miss, we are among the places in front. Now we can go to the teleportation array.”

Liu Ruyan nodded, looked at Chen Ping and said, “Let’s go, follow me, just say we are together and teleport together!”

Chen Ping looked at the radiant teleportation array, stopped Liu Ruyan and Nie Heng and said, “Don’t go, the teleportation array has not been completely repaired, and the teleportation will definitely fail this time.”

Chapter: 6792

“Mr. Chen, do you see the problem with this teleportation array?”

Nie Heng asked curiously!

Chen Ping nodded: "That's right, don't go up, just wait here..."

Seeing what Chen Ping said, Liu Ruyan and Nie Heng stopped approaching the teleportation array!

Others excitedly took their number plates and began to enter the teleportation array one by one!

When the entire teleportation array was filled with people, the middle-aged man in gray robe took out the spirit stones and placed them around the teleportation array!

Opening the teleportation array requires the consumption of a large amount of spiritual stones, so riding on the teleportation array also requires money!

As the spirit stones flickered, the teleportation array slowly opened, the entire space fluctuated continuously, and white spiritual energy surrounded the entire teleportation array!

Everyone saw waves of halo emerging from the teleportation array, and everyone in the teleportation array felt a sense of separation, as if they were about to be teleported!

Everyone is waiting quietly. As long as these people are teleported away, it will be their turn later!

However, Chen Ping felt the fluctuations of the teleportation array, and he was more convinced that this teleportation array would definitely fail!

boom!

With a flash of white light, everyone closed their eyes!

Then there was a crackling sound all around, followed by screams!

Everyone hurriedly opened their eyes and saw that everyone in the teleportation array was still there, but many of them smelled burnt, and some were injured and bleeding!

At this moment, everyone was stunned, even the middle-aged man in gray robe was stunned!

“Hurry up and save people, hurry up and save people...”

I don’t know who shouted, and many people rushed forward and carried the injured person away!

“This...what the hell is going on?”

The middle-aged man in gray robe said with a look of disbelief!

The other pharmacists were also in an uproar. This teleportation array was too terrifying. They didn’t teleport people away, but they were all injured!

“What’s going on? What’s going on? Didn’t you say it was fixed?”

Several senior officials of the Pharmacist Association saw this and rushed over in a hurry!

“Maybe there are not enough spirit stones and the formation cannot be fully activated. How about giving it a try!”

Chapter: 6793

The middle-aged man in gray robe said!

“Hurry up and try it. Now it’s like this. How can we follow the president’s instructions!”

A senior member of the Pharmacists Association said angrily!

“good!”

The middle-aged man in gray robe hurriedly placed the spirit stones again. This time, the number of spirit stones was obviously much larger!

But as the formation started, it just flashed away and stopped again!

At this moment, everyone was shocked. This formation had not been repaired at all!

The middle-aged man in gray robe also looked extremely ugly!

“Li Qi, what on earth did you do? Are you not an array master?”

“If the teleportation array has not been repaired for so many days, the pharmacist will have spent his money on you.”

“If the teleportation array cannot be repaired, the Medicine Master Conference in Yongle City will begin.”

“What are you doing? Didn’t you just say it has been repaired?”

The senior officials of the Pharmacist Association were all anxious!

Many pharmacists around were also noisy and very angry!

Let them wait here for so many days and still not fix it!

If they really can't cultivate well, they want to go to Yongle City, but they don't have enough time!

Isn't this a scam?

Li Qi's face was covered in cold sweat and he was wiping it constantly. Even if he was told this, he did not dare to refute!

After all, these are the top leaders of the Pharmacist Association, and he is eating from the Pharmacist Association!

And there are so many pharmacists waiting.

Li Qi carefully checked every pattern of the teleportation array, but couldn't find the problem at all!

He is as anxious as an ant on a hot pot now!

"Hasn't it been fixed yet?" came a majestic voice!

Seeing the person coming, everyone stood aside!

Chapter: 6794

This person is Chen Wenliang, the president of the Zhongyu Pharmacist Association. I heard that Chen Wenliang's medicine refining level has reached the level of a senior medicine master!

"President, I just said it was repaired, but something went wrong and a lot of people were injured."

A senior member of the Pharmacists Association hurriedly stepped forward and said!

When Li Qi saw the president coming to ask questions in person, he couldn't breathe for a moment and was so anxious that he was sweating profusely!

"This teleportation array has not had any problems for thousands of years. How could it suddenly happen at this Medicine Master Conference?"

Chen Wenliang asked with a slight frown!

"President, do you suspect that someone has tampered with the teleportation array?"

A senior member of the Pharmacists Association asked!

"Yes, let's check carefully. I think someone doesn't want us to attend the Medicine Master Conference."

"Maybe you are afraid of losing in my hands!"

Chen Wenliang said coldly!

“President, we are all pharmacists here. No one knows the art of formations, not to mention the advanced formations such as the teleportation array. Even if someone wants to destroy it, there is no way to do it without professional techniques!”

The top of the Pharmacy Association said in confusion!

“Li Qi...”

Chen Wenliang shouted towards the middle-aged man in gray robe!

Li Qi hurriedly ran forward and said respectfully: “President...”

“How about, can you find out what’s wrong with the teleportation array?”

“Did someone deliberately destroy this teleportation array?”

Chen Wenliang asked!

“President, I have been checking for several days, and there is nothing wrong with the teleportation array. It was activated just now, but it suddenly appeared again.”

“I also can’t figure out what the problem is.”

Li Qi said with a look of shame!

In the entire Medicine Master Association, he is the only formation master who does nothing but maintain the teleportation array, and activate the teleportation array during the Medicine Master Conference!

But he gets extremely generous rewards every year and takes countless pills. After all, in the Pharmacist Association, the most indispensable thing is pills!

Chapter: 6795

But now, there is something wrong with the teleportation array, but he can't find it out, which makes him very embarrassed!

If this continues, I wonder if the pharmacist will continue to employ him!

"Can't see the problem?"

Chen Wenliang frowned slightly and looked around the teleportation array!

He was just a pharmacist and didn't know anything about the formations, so just by looking at it, he couldn't tell whether Zichou Yinmao was coming!

Li Qi can't see anything wrong now. If he can't fix it well, all the pharmacists here will be absent from the pharmacist conference!

With so many pharmacists, it's probably hard to appease them!

By then, maybe he, the pharmacist, will become a thing of the past!

"President, why don't we ask on the spot to see if there is an array master? If anyone can repair the teleportation array, we can give a high reward."

A top executive from the Pharmacist Association came up with an idea!

Chen Wenliang pondered for a moment, then nodded: "This is the only way we can do it, but everyone here is a pharmacist. I'm afraid it will be difficult to have an array master."

"President, even if someone knows the art of formation, they may not be able to repair the teleportation formation. I can't see the problem. I believe that none of the pharmacists present can see it."

Li Qi said!

The reason why he said this is because here are all pharmacists. Even if some people like the art of formations and learn some in their spare time, it is simply impossible to repair the teleportation formation!

Moreover, Li Qi is a professional formation master. As the saying goes, there are specialties in the art, but he didn't see the problem. Can these people see it?

"Let's treat a dead horse as a living horse doctor..."

Chen Wenliang sighed, then glanced at the crowd and said, "Everyone, I don't know if you have learned the art of formation in public. If anyone can repair this teleportation formation, our Medicine Master Association can come up with five destiny pills."

As soon as these words came out, everyone was in an uproar!

"We have taken out the destiny pills. It seems that the pharmacist is really anxious."

"What a pity. It would be great if I knew how to use formations!"

"Destiny Pill, is this a life-saving medicine?"

Everyone was talking about it, and everyone regretted not learning the art of formation!

“What kind of medicine is the Destiny Pill?” Chen Ping looked at Liu Ruyan in confusion and asked!

“This is the top-secret magic medicine of the Central Region Pharmacist Association. I heard that taking the Destiny Pill can make the life soul strong. Even if the body is destroyed, the life soul can escape safely and save one’s life.”

Chapter: 6796

“So many people say that this Destiny Pill is a life-preserving magic medicine. As long as the soul of life is there, you can be reborn.”

Liu Ruyan followed Chen Ping and explained!

When Chen Ping heard this, he immediately became interested, so he raised his hand high and said: “I can repair the teleportation array...”

Chen Wenliang looked at Chen Ping, and then asked with some disbelief: “Fellow Taoist, I don’t have time to joke. If you really repair the teleportation array, five destiny pills will be given to you immediately.”

“But if you can’t repair it well, delay time, and destroy the teleportation array, then don’t blame me for being rude.”

Chen Wenliang saw that Chen Ping was too young and not very strong, so he didn’t believe it!

“If I can’t cultivate well, I can keep my life!”

Chen Ping walked up to Chen Wenliang with great confidence!

Liu Ruyan and Nie Heng were both shocked when they heard Chen Ping's words!

Why is Chen Ping still in trouble?

The other pharmacists were also very surprised. They looked at Chen Ping one after another. They felt that Chen Ping, a young man who spoke neither lightly nor seriously, actually had his life blocked!

Chen Wenliang didn't expect that Chen Ping would say this, and he didn't react for a while!

"Boy, this teleportation formation has existed for thousands of years. It is an ancient formation, not the kind of formation you imagine you can just pick up."

"You'd better think it through, lest you waste your life here..."

When Li Qi saw this, he quickly yelled at Chen Ping!

In fact, Li Qi was doing it for Chen Ping's benefit. After all, Chen Ping was a newborn calf who was not afraid of tigers and had no idea about the complexity of the teleportation array!

I really made a bet, it's not worth losing my life here!

Chen Ping smiled slightly and said: "Thank you Taoist friend for reminding me. Since I dare to bet, I must be sure..."

When Li Qi saw this, he said nothing more!

Chen Wenliang reacted at this moment and said: “Okay, if you can’t repair it well, I don’t want your life, but you must leave hands and feet as punishment, otherwise if anyone comes to repair it, won’t this teleportation array be completely destroyed?” ”

“It’s a deal...”

Chen Ping nodded and then walked towards the teleportation array!

After Chen Ping circled the teleportation array, he squatted down and began to sort out the array patterns on the ground!

Perhaps due to years of disrepair, some of the formation patterns on the ground have become blurred!

Even if someone is taking care of it, the formation patterns are still blurry.

“What are you doing? Don’t move the array pattern casually. If it moves even a little, the teleportation array will be completely useless.”

Upon seeing this, Li Qi hurried to bed to stop Chen Ping!

This is an ancient formation. I don’t know which powerful person left the formation pattern. If someone activates the formation pattern privately, the entire teleportation array will be destroyed!

After all, formations without formations all have palm rules. As long as the position is moved, it’s over!

“Boy, what are you doing? If you dare to destroy the teleportation array, I will kill you!”

Chen Wenliang was also anxious and shouted angrily at Chen Ping!

You know, every teleportation array is the destiny of the Pharmacist Association. The reason why the Central Region Pharmacist Association is built in such a desolate town is because the teleportation array is in this place!

If there is no teleportation array, then their Central Domain Pharmacist Association will decline!

Because the teleportation array of the Northern Territory Pharmacist Association cannot be used, the strength of the Northern Territory Pharmacists is getting lower and lower!

Nowadays, there are not many senior pharmacists in the entire Northern Territory, and there are even fewer people who can participate in the pharmacist conference!

Chen Wenliang doesn't want the Zhongyu Pharmacist Association to become like that!

Chapter: 6797

Chen Wenliang takes action!

He took action against Chen Ping. He couldn't just watch Chen Ping destroy the thousands of years of teleportation array!

Chen Ping didn't destroy the teleportation array, but destroyed their entire Medicine Master Association!

Whoosh!

Chen Wenliang was very fast and grabbed Chen Ping!

Chen Ping felt a strong wind coming from behind, but he didn't look back at all. Instead, he turned slightly and dodged!

Chen Wenliang is just at the peak of the Tribulation Realm, and Chen Ping is not afraid!

After escaping, Chen Ping still sorted out the formation patterns. The originally vague formation patterns gradually became clear under Chen Ping's depiction!

But no one knows whether Chen Ping's depiction of the pattern is correct!

If it is messed up and the array pattern is wrong, the teleportation array will be completely useless!

Chen Wenliang was slightly stunned. He didn't expect that Chen Ping dodged his attack without even looking, as if he had eyes in his back!

"Stop, I told you to stop..."

Chen Wenliang slapped Chen Ping again!

This time, Chen Wenliang no longer arrested Chen Ping, but killed him!

Chen Ping raised his hand casually, and there was a bang followed by Chen Wenliang's palms touching each other!

Kick, kick, kick...

Chen Wenliang's body instantly took three steps back, but Chen Ping didn't move at all!

At this time, everyone was shocked!

Even Liu Ruyan followed Nie Heng with her eyes widened and her face full of disbelief!

They don't know how abnormal Chen Ping's strength has become during this period!

All the pharmacists also looked surprised!

You must know that the formation master is about the same as the pharmacist. In terms of true realm cultivation, their strength is not too high!

But who would have thought that the president of the Medicine Master Association, who was at the peak of the Tribulation Realm, would be easily repelled by Chen Ping with one palm!

And it seems that Chen Ping is very young, and his strength is not beyond the sixth level of the Tribulation Realm!

Chapter: 6798

How did he do it?

Chen Wenliang's face became very ugly, and then he shouted angrily: "Let's all work together to catch this kid. If we watch him destroy the formation, we will never want to go to Yongle City."

Chen Wenliang roared angrily, and all the pharmacists were ready to take action!

After all, this teleportation array is related to everyone's interests, and no one wants to watch Chen Ping destroy the teleportation array!

"Who dares to move..."

When Liu Ruyan followed Nie Heng, he quickly jumped up and stood in front of Chen Ping!

No matter what the reason is, if someone dares to target Chen Ping, Liu Ruyan will certainly not sit idly by and do nothing!

She will always stand on Chen Ping's side, after all, she is already Chen Ping's!

"Liu Ruyan, you are a pharmacist from the Northern Territory, do you still want to interfere with our affairs in the Central Territory? Get out of my way right away. If this kid breaks the teleportation array, you are also the culprit."

Chen Wenliang roared angrily!

"President Chen, I believe Chen Ping. He is determined not to destroy the teleportation array. His array skills are very powerful."

Liu Ruyan quickly explained!

She wanted to buy time for Chen Ping. She knew that Chen Ping must be sure, so she would do this!

"How awesome is it, can he still set up this ancient teleportation array? No one has dared to touch this teleportation array for thousands of years, and now he has started carving and painting randomly."

“If there is a slight difference in one of the lines in this teleportation array, the entire teleportation array will be destroyed.”

“You should persuade him to stop immediately, otherwise he will really make people angry.”

Li Qi said to Liu Ruyan!

As a formation master enshrined in the Medicine Master Association, for so many years, he only dared to maintain the teleportation array and did not dare to make any changes to the teleportation array!

Even if it was in disrepair and the lines of the teleportation array were blurred, Li Qi would not dare to move them casually!

After listening to Li Qi’s words, Liu Ruyan turned to look at Chen Ping. When he was about to speak, Chen Ping had already stood up!

“Okay, this teleportation array is just that the formations are in disrepair. Some of the formations are too interconnected, so that the teleportation array can be opened, but there is no way to teleport.”

“Now I have redrawn the array pattern and made some changes. In this way, even if the teleportation array is in disrepair and cannot be teleported, there will be no injuries like the one just now.”

Chen Ping said lightly!

After hearing what Chen Ping said, everyone couldn’t believe that Chen Ping could repair the teleportation array and make modifications!

Chapter: 6799

How is this possible? This is an ancient formation. Even if Chen Ping is an formation master, there is no way he can make changes to the ancient formation!

“Did you really repair the teleportation array?”

Li Qi asked in shock!

“Of course, you can turn it on and try it!”

Chen Ping said calmly!

Li Qi glanced at Chen Wenliang. After all, Chen Wenliang is the president. Only when Chen Wenliang speaks can Li Qi activate the teleportation array!

“You go and see.....”

Chen Wenliang said to Li Qi!

Li Qi nodded, then walked over, looked at the teleportation array in front of him, and then placed the spirit stones!

Soon, the spirit stone flashed and the teleportation array was activated!

Since it can be turned on, it proves that the teleportation array was not damaged by Chen Ping!

At this time, Chen Wenliang also breathed a sigh of relief.

“President, even if the teleportation array can be opened, it does not mean that it has been repaired. It was able to be opened just now, but there was an error during the transmission!”

A top official from the Pharmacists Association said!

“Yes, the teleportation array was able to be opened just now. Being able to open it now does not mean anything!”

“We need to teleport before we know whether the teleportation array is really repaired!”

Chen Wenliang said!

“Guys, who wants to give it a try?”

Li Qi looked at the pharmacists around and asked!

But no one dares to move. After knowing that the teleportation array was damaged just now and so many people were injured, who dares to try it!

Now Chen Ping has moved the teleportation array again. If something happens, it will be fatal!

No one wants to gamble with their life!

Seeing that no one dared to give it a try, Li Qi was very embarrassed!

“I come.....”

Chapter: 6800

After Liu Ruyan finished speaking, he walked directly into the teleportation array!

Liu Ruyan believed in Chen Ping, so she was not afraid at all!

“Nie Heng, follow your eldest lady, don’t run around when you get to Yongle City, wait for me!”

Chen Ping said to Nie Heng!

Chen Ping believes in his own strength, there must be no problem with this teleportation array!

Nie Heng nodded and walked into the teleportation array!

Seeing Liu Ruyan and Nie Heng walking into the formation, the others also had some trust in Chen Ping!

After all, Liu Ruyan had just protected Chen Ping, so she was obviously with Chen Ping!

“I’ll try too...”

At this time, a pharmacist also walked into the teleportation array!

If it really succeeds, then they don't have to queue and can reach Yongle City as quickly as possible!

After seeing that some people were not afraid and walked directly into the teleportation array, many pharmacists began to waver!

Soon, the teleportation array was filled with dozens of people!

Seeing that the staff was full, Li Qi said: "Everyone, please pay attention, I am going to activate the teleportation array!"

After saying that, Li Qi activated the spirit stone!

The teleportation array opened instantly, brilliance began to flow, and the aura of space filled the entire teleportation array!

At this time, in Yongle City, which is tens of thousands of miles away from here, there are also several monks guarding the teleportation array!

"Elder Song, there are obviously a lot fewer people attending the Medicine Master Conference this year."

"The teleportation array has been silent for several days."

A monk looked at the leading old man and said!

These people are all members of the Western Regions Pharmacists Association. The Western Regions Pharmacists Association is in Yongle City, and they are responsible for reception here!

But for several days, no one came from the teleportation array!

“It’s really strange. Pharmacists from the Eastern Region and Southern Region are here. Why haven’t there been any movements from the Central Region pharmacists? There aren’t many pharmacists from the Central Region.”

“The Pharmacist Conference is about to begin, and we haven’t seen anyone from the Central Region Pharmacist Conference yet. Do they not want to participate this year?”
