

The Order 6801

Chapter: 6801

Elder Song frowned slightly, wondering what was going on!

The teleportation array of the Pharmacists Association in the Northern Territory has been broken for many years, which has made the pharmacists in the Northern Territory low in strength, and many are no longer qualified to participate in the Pharmacist Convention!

But the Central Territory is different. The strength of the Central Territory Pharmacist Association is not low, but now we don't even see many people coming!

"Could it be that the teleportation array of the Central Domain Pharmacist Association is also broken? It's been so many days!"

A monk said!

"Shut your crow mouth. If no one from the Central Region Pharmacist Association comes, then what's the point of this Pharmacist Association?"

Elder Song glared and said!

But just after he finished speaking, the teleportation array began to shake slightly and emit a faint brilliance!

"Here we come, someone is about to teleport here..."

Seeing this scene, several monks were very excited!

In the Central Area Pharmacist Association, everyone was nervously staring at the brilliance blooming from the teleportation array!

The surrounding spiritual stones were absorbed by the teleportation array crazily, and the brilliance became more and more intense!

Soon, a dazzling white light flashed and everyone closed their eyes!

When everyone opened their eyes impatiently, they found that all the pharmacists in the teleportation array were gone!

“Successful, successful...”

Li Qi was the first to shout excitedly!

If the transmission fails, Li Qi may be the first to be held accountable. After all, he is the only formation master here!

Now that the teleportation array is repaired, Li Qi will no longer be punished!

A big stone in Li Qi’s heart finally fell to the ground!

Seeing this, other pharmacists also cheered happily. If the teleportation array is not repaired, they may not be able to participate in the pharmacist conference!

Chen Wenliang also looked at Chen Ping with admiration at this moment!

At such a young age, Chen Ping was not only very powerful and could easily defeat him, he was also an advanced formation master who could even repair ancient teleportation formations!

“Fellow Taoist, I have offended you so much just now. I hope you won’t be offended.”

“I will order someone to get the Heavenly Mandate Pill for my fellow Taoist right now!”

Chapter: 6802

After Chen Wenliang finished speaking, he immediately ordered someone to get the Destiny Pill!

Since he made his promise in public, there is no way he can go back on it!

“Fellow Taoist, I wonder who you learned this formation technique from?”

Li Qi was very curious. Chen Ping was so young but so skilled in formations!

“I’m really sorry, I can’t say...”

Chen Ping shook his head apologetically!

Chen Ping doesn't have a master, so he can't be said to be self-taught. Li Qi will probably be even more shocked!

"It's okay, it's okay. It's normal to not want to reveal your master's background."

Li Qi said quickly!

"Fellow Taoist, are you planning to go to Yongle City? Are you going to visit relatives and friends, or are you going home?"

Chen Wenliang asked Chen Ping!

"I have a friend in Yongle City who wants to attend this Medicine Master Conference. I have never attended one before."

Chen Ping said truthfully!

"Fellow Taoist, you don't know something. Not everyone can participate in the Medicine Master Conference. Only qualified pharmacists can participate."

"Array masters like you and me are not qualified to participate in the Medicine Master Conference."

"If there is an array master conference, you and I might still be qualified."

Li Qi followed Chen Ping and said!

He thought Chen Ping didn't know that the Pharmacist Conference did not allow people other than pharmacists to add ginseng!

"I know, I am also a pharmacist, so I should be qualified to participate in this pharmacist conference."

Chen Ping said!

"What? Are you still a pharmacist?"

Li Qi was confused!

Chen Wenliang and everyone looked at Chen Ping with incredible expressions on their faces!

Chen Ping's formation skills are superb, and his level of strength is not inferior to that of Chen Wenliang, and he is still a pharmacist now!

Is there anything Chen Ping doesn't know?

Chapter: 6803

"What? Don't I look like a pharmacist?"

Chen Ping smiled slightly and said!

"That's not true, I'm just a little weird!"

Li Qi's eyes were full of envy!

If he was not only good at formation techniques, but also a pharmacist, he wouldn't have such a low status in the Medicine Master Association!

Soon, the Destiny Pills were brought, and Chen Wenliang kept his promise and handed the five Destiny Pills to Chen Ping!

After all, in front of so many people, even if Chen Wenliang didn't want to give it, he couldn't!

The Pharmacists Association must be credible, otherwise no pharmacists will join the association in the future, no one will seek cooperation from the Pharmacists Association, and the operation of the Pharmacists Association will be a problem!

Medicine masters are generally not very strong. In this world of the weak and the strong, medicine masters are actually considered weak!

But fortunately, pharmacists are small and respected. This allows pharmacists in the world of gods and humans to have a place!

If no one cooperates with the Pharmacists Association, the various resources of the Pharmacists Association will be exhausted!

After getting the Destiny Pill, Chen Ping went up to the teleportation array, preparing to teleport to Yongle City to find Nie Heng and Liu Ruyan!

When Chen Wenliang saw this, he also went up to the teleportation array!

Then many pharmacists lined up one after another to go up to the teleportation array and start teleportation!

As the white light flashed, everyone's eyes darkened, and then brightened up.

After opening his eyes again, he had arrived at Yongle City, which was tens of thousands of miles away!

"Hahaha, I almost missed the Medicine Master Conference!"

"It's really not easy!"

"Thank you, fellow Taoist. Without you, we might have missed this Medicine Master Conference."

Many pharmacists were very happy and thanked Chen Ping one after another!

"Fellow Taoist, it's really thanks to you this time, otherwise our reputation as pharmacists in the Central Region would be tarnished and we would suffer heavy losses."

Chen Wenliang once again followed Chen Ping to say thank you!

"President Chen, you're welcome. I also took your destiny pill. This is a deal."

Chen Ping smiled slightly and said!

Chapter: 6804

“Fellow Taoist, I don’t know your name yet.” Chen Wenliang asked!

“Chen Ping!” Chen Ping said calmly!

Here, Chen Ping has no intention of concealing his identity!

First, because pharmacists are generally not very strong and do not pose much of a threat to Chen Ping!

Second, Chen Ping showed his true face to others. Even if he gave a false name at this time, someone would definitely recognize him. He might as well just not hide it!

“Chen Ping?”

Chen Wenliang was stunned!

But soon, Chen Wenliang smiled and said: “It turns out that you and I have the same surname. Maybe we were the same family thousands of years ago.”

“maybe!”

Chen Ping smiled!

Chen Ping knows that Chen Wenliang must know about him, and he should also know about the Demon Sealing Alliance’s killing order!

But since Chen Wenliang pretends not to know, Chen Ping will not reveal it!

As long as they don't make any decisions about themselves, Chen Ping won't embarrass others!

"Fellow Daoist Chen, I don't know if you are attending the Pharmacist Conference, in the name of which Pharmacist Association are you participating?"

Chen Wenliang asked!

"Participating in the name of the Pharmacist Association?" Chen Ping was slightly startled!

How does he know which pharmacist association it is in the name of!

After all, he has not joined any pharmacist association!

Chen Ping's main purpose was to find Huofeng and the others, but he only participated in it when he heard that there was a pharmacist association!

If you ask Chen Ping in the name of which pharmacist association he participated in, he would not know!

Seeing that Chen Ping didn't understand at all, Chen Wenliang said again: "Participating in the Pharmacists' Conference, in the name of the Pharmacists' Association, you can get more opportunities and resources."

"Of course, casual practitioners are also allowed, or individual medical families can also participate, but it would be more suitable if there is an organization."

"If Fellow Daoist Chen has not joined the Pharmacists Association, I would like to recommend Fellow Daoist Chen to join in the name of our Central Region Pharmacists Association!"

Chen Wenliang's intention is very obvious. He is trying to get Chen Ping to join the Pharmacist Association in Zhongyu!

Chapter: 6805

For a monk like Chen Ping, who is powerful, a high-level formation master, and an apothecary, every apothecary association would be eager to get it!

But this proves that Chen Wenliang has no ill intentions towards Chen Ping. Since he already knows that Chen Ping is being hunted by the Demon Sealing Alliance with a hundred years of sacrifice, and he dares to win over Chen Ping, it proves that Chen Wenliang is not afraid!

"Thank you President Chen for your kindness. I will go find my friends first. If I need any help before the conference, I will definitely ask President Chen for help."

Chen Ping said politely!

"Okay, your friend is a pharmacist from the Northern Region. The Northern Region Pharmacists Association did not participate in this pharmacist conference, so if your friend needs it, he can also participate in the name of our Central Region Pharmacists Association."

Chen Wenliang knew that Liu Ruyan and Nie Heng were both pharmacists from the Northern Territory!

Since the two were friends of Chen Ping, Chen Wenliang also attracted them together!

In this way, Chen Ping can feel grateful!

Without Chen Ping, Chen Wenliang would not have been able to let Nie Heng and Liu Ruyan participate in the name of the Central Region Pharmacists Association!

Chen Ping and Chen Wenliang walked out of the formation. At this time, many pharmacists who had been teleported had been arranged to rest by people from the Western Regions Pharmacist Association!

“President Chen, you are finally here. There has been no news from your Central Region Pharmacist Association for several days. Our president is getting anxious and keeps asking questions every day!”

When Elder Song of the Western Region Pharmacists Association saw Chen Wenliang, he hurriedly stepped forward and said!

“There was a small problem with our teleportation array over there, but it has been resolved.”

“Your president has never thought of me like this. Every time he attends the Medicine Master Conference, he always targets me and envies me for being better than him.”

“Why do you miss me so much at this Pharmacist Conference?”

Chen Wenliang said jokingly!

It can be seen that Chen Wenliang has a good relationship with the president of the Western Regions Pharmacists Association. Every time the pharmacists conference is held, the president of the Western Regions Pharmacists Association has always been defeated and cannot compete with Chen Wenliang!

“President Chen, you came late and don’t know something. I’m afraid there may be some changes in this year’s Pharmacist Conference.”

Elder Song said!

“An accident? What accident?” Chen Wenliang asked curiously!

“A few days ago, people came from Medicine God Island and said that this time the Medicine Master Conference will be held on Medicine God Island, otherwise they will make all Medicine Master Conferences restless!”

After Elder Song looked around, he whispered to Chen Wenliang!

“What?” Chen Wenliang frowned and his face turned livid: “These beasts on Yaoshen Island have not dared to show up for hundreds of years. Why did they suddenly show up this year?”

“They dare to threaten our Pharmacist Association. Do they want to die?”

Chapter: 6806

“President Chen, please keep your voice down. Many pharmacists don’t know about this yet.”

“The people from Yaoshen Island are all very powerful. Even our president is no match for them, so we agreed to them temporarily.”

“Now the president is waiting for you all to arrive to discuss countermeasures!”

Elder Song said!

“Hmph, with your president’s strength, I can defeat him with just one move. Does that mean anything?”

Chen Wenliang snorted coldly!

As a person at the peak of the Tribulation Realm, Chen Wenliang is considered a master among pharmacists!

“President Chen, the people who come to Yaoshen Island are all in the Mahayana realm, so don’t look down upon them too much!”

Elder Song said!

This sentence about the Mahayana realm immediately stunned Chen Wenliang!

The whole person was stunned for a long time before he said: “The Yaoshen Island is barren and barren. It is a single island. What do those people use to cultivate to the Mahayana realm?”

“How is this possible? They are all pharmacists, not immortals descended from heaven. How can they practice without resources?”

“Hey!” Elder Song sighed and said: “President Chen, if you don’t say that people are life, these guys were driven to Yaoshen Island back then and were left to fend for themselves. But after hundreds of years, they are getting worse and worse. The better.”

“It turns out that Medicine God Island is actually the place where an ancient ninth-grade medicine god fell, and this place of death was discovered by these people.”

“The Island of the Medicine God has always been called that. I thought it was just a random name, but who would have known that there really is a Medicine God on that island.”

“Ninth-grade Medicine God?” Chen Wenliang was immediately confused when he heard this!

You must know that pharmacists also have levels. Pharmacists are divided into heaven, earth, xuanhuang, and each realm is also divided into nine levels!

But above the heaven-level pharmacists are the Medicine Lords, and there are many Medicine Lords in the world of gods and humans!

And above the Medicine Lord is the Medicine God, whose name has only been heard before!

After the war between gods and demons, no medicine god appeared in the world of heaven and humans!

And now, that Medicine God Island is actually the place where the ninth-grade Medicine God fell!

This is simply too scary!

The death of a ninth-grade medicine god, who knows how many good things will be left behind!

As the saying goes, everything comes into being when a whale falls...

Chapter: 6807

Now Chen Wenliang regrets it to death. If only he had known that he would also go to the Medicine God Island!

However, Yaoshen Island is far away from the mainland, has inconvenient transportation, and is extremely desolate. No one will definitely go there!

“Hey, people are really destined...”

Chen Wenliang sighed helplessly!

“President Chen, we’d better come up with a foolproof plan. Otherwise, if the people from Medicine God Island return, it will be a disaster for our Medicine Master Association.”

Elder Song said with a heavy heart!

“Elder Song, go back and tell your president first, I will be there soon.”

Chen Wenliang asked Elder Song to leave first!

After Elder Song left, Chen Ping said very curiously: “President Chen, what’s going on with this Medicine God Island? And the people on the island, are they also medicine masters?”

“The Medicine God Island is actually a desolate island, in the vast sea to the west of Yongle City. Hundreds of years ago, there were many medicine masters who secretly learned magic skills due to lack of resources and no way to practice.”

“You also know that magic skills are very tempting to monks who lack resources.”

“Yes, I know!” Chen Ping nodded!

The cultivation of ordinary human monks relies on the spiritual energy of heaven and earth, various spiritual stones, various fairy grasses, and various elixirs.

But the magic skills practiced by demon cultivators, in addition to these things can provide cultivation resources, there are also blood, evil spirits, and even the breath of death, which can provide cultivation, and even absorb the cultivation of others!

As a result, monks who are short of resources secretly practice magic skills, and then rely on sucking human blood and absorbing other people's cultivation to increase their strength!

These people slowly become demonic cultivators!

Of course, not all demon monks are heinous and practice by sucking human blood and eating human flesh!

"It was revealed that these pharmacists were practicing magic skills, and then all the major pharmacist associations collectively drove them to Medicine God Island, leaving them to fend for themselves."

"But who would have thought that hundreds of years later, these people discovered the place where the God of Medicine fell, which directly made their strength grow by leaps and bounds."

"The medical skills of these people are probably better than ours now."

"These people suddenly showed up and asked the Medicine Masters Conference to be held on Medicine God Island. They probably want to use this to humiliate us, the Medicine Masters Conference!"

Chen Wenliang said helplessly!

"Maybe this is God's will..."

Chen Ping said calmly!

At this time, Chen Ping couldn't say who was right and who was wrong. Some people practicing magic skills were not necessarily wrong!

In the world of gods and humans, Chen Ping came into contact with so many demon cultivators, and there were good and bad aspects!

In the world of gods and humans, the distinction between good and bad has become a little blurred, and Chen Ping himself can't tell the difference!

"Yes, this should be God's will!"

Chen Wenliang smiled helplessly, nodded, and then continued: "Fellow Daoist Chen, if you want to find me, you can go to the Western Region Pharmacists Association at any time. I should be there all the time these days."

"That's it. I'll say goodbye. See you later..."

"See you later..."

Chen Ping bowed his hand towards Chen Wenliang!

After separated from Chen Wenliang, Chen Ping went to find Nie Heng and Liu Ruyan. The two of them must be waiting for him near the teleportation array!

Chapter: 6808

Chen Ping left the teleportation array and soon saw Nie Heng and Liu Ruyan!

Seeing that Chen Ping had also teleported over, Liu Ruyan excitedly went over and hugged Chen Ping!

She was afraid that Chen Ping would cause trouble at the Zhongyu Pharmacist Association!

“Mr. Chen, where should we go next? Should we report to the Western Region Pharmacists Conference and prepare to attend the Pharmacists Conference?”

Nie Heng asked Chen Ping!

“No need, the Medicine Master Conference will not be held here in Yongle City.”

Chen Ping said!

“What?”

“why?”

Nie Heng and Liu Ruyan were both stunned and asked in disbelief!

“I don’t understand the specific reason even if I tell you. This time the Medicine Master Conference is probably interesting and will be held somewhere else.”

“Just follow me. As long as I can go, I will take you two with me.”

Chen Ping did not follow the two of them in detail. After all, Liu Ruyan and Nie Heng might not know many things!

“Okay!” Liu Ruyan nodded!

“By the way, President Chen asked me. He wants you to join the Zhongyu Pharmacists Association and then participate in the Pharmacists Conference in the name of the Zhongyu Pharmacists Association.”

“Would you two do that?”

Chen Ping remembered Chen Wenliang’s words and asked!

“Of course I am willing. If I can join the Zhongyu Pharmacist Association, our Jade Cauldron Sect will also have a backer.”

“The Northern Territory Pharmacist Association exists in name only and is simply unreliable.”

When Liu Ruyan heard this, he immediately nodded happily and said!

If a small medicine refining sect like the Jade Cauldron Sect could join the Medicine Master Guild, it would definitely be beneficial!

Not only can they obtain a lot of resources, but they can also consult each other to improve the medical level of the sect.

“Okay, I’ll tell President Chen when I meet him.”

“Now you come with me, I will take you to meet a few people!”

Chapter: 6809

After Chen Ping finished speaking, he contacted Ji Yun with the sound transmission jade slip!

Then after Ji Yun told Chen Ping the exact location, Chen Ping took Nie Heng and Liu Ruyan to Zhen's house!

When Bai Qian and Huo Feng saw Chen Ping, they were all very excited!

They have not known what happened to Chen Ping for such a long time, and they are very worried!

Although Chen Ping contacted Ji Yun once with Ji Yun's jade slip, he was still worried because he couldn't see him in person!

Bai Qian and Huofeng hugged Chen Ping together, very excited!

When Liu Ruyan saw this scene, she was already relieved.

She knew that Chen Ping had many women, and she also knew Huo Feng, but she didn't know Bai Qian and Liu Ruyan. She should be a new girl Chen Ping met!

"Sister Ruyan, why are you here too?"

After hugging Chen Ping, Huofeng saw Liu Ruyan, immediately let go of Chen Ping, ran to Liu Ruyan and asked!

"I came here to attend the pharmacist conference. I didn't expect to meet Chen Ping, so I came here together."

Liu Ruyan said with a smile!

“Sister Ruyan, let me introduce you to a sister. This is the Fox Emperor’s daughter Bai Qian, who is also the master’s Taoist companion.”

“Bai Qian, this is Liu Ruyan from the Jade Cauldron Sect...”

The fire phoenix threaded a thread between them to introduce the two to each other. It would be a bit embarrassing for Chen Ping to introduce himself!

By doing this, Huofeng and Chen Ping helped a lot!

Liu Ruyan looked at Bai Qian, feeling very calm in her heart. She stretched out her hand very generously and said, “Hello...”

“Hello, you and Chen Ping met earlier than me. I should call you sister, right?”

Bai Qian is also generous!

After all, in the world of gods and humans, it is normal for one man to have multiple women!

As long as a man has the ability and strength, you can find him anywhere!

“Bai Qian, regarding Hu Huangcheng’s matter, I will find a way to get it back from the Feng family to you.”

“But after the Medicine God Conference is over, if you dare to touch my woman, I will make the Feng family pay the price.”

Chen Ping was afraid that Bai Qian would feel uncomfortable because Hu Huangcheng was occupied, so he said!

Chapter: 6810

“Well, I believe you...”

Bai Qian nodded vigorously!

At first, Bai Qian just relied on Chen Ping’s bloodline, but who knew that after the two of them had been together for a long time, she would actually fall in love with Chen Ping!

In fact, Hu Huangcheng is no longer that important to Bai Qian. As long as she can always be with Chen Ping, she will be content!

“Okay, Master and Sister Ruyan just came over, so let’s take a rest.”

“Ji Yun has tidied up the room, but it’s a bit shabby.”

Huofeng asked Chen Ping and the others to rest!

“By the way, Ji Yun told me that Granny Zhen is from the Zhen family in Yongle City, so you guys came with her!”

“I saw that the Zhen family compound is very majestic. Why are you placed in such a humble place?”

Chen Ping asked with some dissatisfaction!

“We only found out after we arrived that Granny Zhen had escaped from the Zhen family, so the Zhen family was very unfriendly to Granny Zhen.”

“If it weren’t for the fact that Huhuang City was occupied by the Feng family, Granny Zhen would not have come back!”

Bai Qian sighed softly!

“Fleeing the Zhen family?” Chen Ping looked confused!

Huofeng whispered into Chen Ping’s ear and told Chen Ping about Granny Zhen!

When Chen Ping heard that it was because of this kind of thing, he could only smile awkwardly!

Even these monks in the world of heaven and humans cannot escape the word love!

Even the celestial beings cannot get rid of it.

It is easy to become an immortal, but love is hard to break...

Chen Ping took Liu Ruyan and Nie Heng to rest.

In the hall of the Western Region Pharmacist Association, the four presidents of the five major pharmacist associations were sitting in it with solemn expressions!

Only the president of the Northern Territory Pharmacist Association did not come!

The heads of the four major families in Yongle City are also in this hall, including Zhen Yuandao, the head of the Zhen family.

And Zhong Qing is also among them. As Yongle City's famous medicine master, of course he is indispensable for such meetings!
