

The Order 6811

Chapter: 6811

There are also some heads of major medical families from other regions, a total of dozens of people sitting in the hall!

Everyone's face is solemn!

"Everyone, I believe you all know about the Medicine God Island. Now let's get together to discuss some countermeasures. What should we do about this matter? Should we go to the Medicine God Island to hold a pharmacist conference?"

Su Tianshuo, president of the Western Region Pharmacists Association, asked everyone!

There was silence below, no one spoke, because everyone knew that the first person to speak would be the most questioned!

After a while, Chen Wenliang asked: "President Su, you know the situation on Yaoshen Island better than we do. You said that if we don't listen to Yaoshen Island, Yaoshen Island will really target our major... Will the pharmacist take action?"

"Yes!" Su Tianshuo nodded without hesitation!

Seeing Su Tianshuo so determined, Chen Wenliang didn't know what to say for a while!

"Everyone, the strength of Medicine God Island is beyond our ability to compete with now. Even if we put together, we still can't compete with Medicine God Island."

"When the people from Yaoshen Island came to notify me, although there were only three of them, all three of them were Mahayana monks."

“And I heard from them that there are countless Mahayana monks on their island!”

“With this kind of strength, how can we compete?”

Su Tianshuo said!

This time, everyone became even more silent. Some people were worried and sweating nervously on their faces!

“President Su, if we go to Yaoshen Island, I’m afraid those people on Yaoshen Island won’t let us come back.”

“Instead of arriving at Yaoshen Island and fighting with them, we should give it a try. As long as the people from Yaoshen Island dare to go ashore, we will fight.”

Zhen Yuandao said!

“Yes, once we go to the island, we will become lambs to be slaughtered.”

“If they dare to come ashore, we will fight with them!”

“You must not go...”

Many people began to echo Zhen Yuandao’s words!

After all, no one can guarantee that after going to Yaoshen Island, the people from Yaoshen Island will not attack everyone!

“Everyone, the people from Yao Shen Island have also spoken about this. I am afraid that everyone will be worried, so the people from Yao Shen Island promise to go to Yao Shen Island to hold a pharmacist conference. Yao Shen Island will never take action against any medicine master.”

“And in this Medicine Master Conference, Medicine God Island will also provide various resources to reward everyone who participates in the conference.”

Chapter: 6812

Su Tianshuo said!

“Is there such a good thing? Do those people on Yaoshen Island have such good intentions? What is their intention?”

“It’s impossible for Yaoshen Island to do something that is unprofitable and can’t be done early, right?”

Someone questioned!

“Yes, what are they doing on Medicine God Island? They are getting resources and holding a pharmacist conference. Are they just trying to exchange medicine refining techniques with us?”

Chen Wenliang asked in confusion!

“Of course Yaoshen Island also has some intentions. They have said that if you want to go to Yaoshen Island to participate in the Medicine Master Conference, you must pass their assessment.”

“Only those who pass the assessment are eligible to go to Yaoshen Island.”

“And Yao Shen Island will also open the place where Yao Shen fell for everyone to explore.”

“The place where the Medicine God fell is very mysterious. The entire Medicine God Island’s pharmacists have only understood a small part of it.”

“The purpose of inviting everyone to Medicine God Island this time is to fully unravel the secrets of the place where Medicine God fell.”

Su Tianshuo followed everyone and explained!

“Of course, these are also people from Yaoshen Island. What they told me this way, I’m just explaining it to everyone.”

“It’s up to you whether you believe it or not!”

Su Tianshuo was afraid of getting himself involved, so he added a few words later!

“What? Yao Shen Island is going to open the fairyland where Yao Shen fell?”

“I’m going, I’m going to participate, no matter if it’s a conspiracy or not.”

“I’m going too. I want to see what the place where the Medicine God died looks like!”

Upon hearing this, many people agreed!

As the saying goes, people die for money and birds die for food. In the face of absolute interests, no one can withstand the temptation!

At this time, many people agreed. It seems that there is no obstacle to going to Yaoshen Island to hold the Medicine Master Conference!

“Okay, since everyone agrees, then I will contact Yaoshen Island.”

“The assessment on Medicine God Island may be stricter this time. Many pharmacists may not be qualified to participate, so I hope you will do a good job in appeasing them!”

Su Tianshuo said!

After all, we have come all the way here, and now here we are, unable to attend the Medicine Master Conference. I believe no one will be happy!

After the meeting, everyone left one after another!

Zhen Yuandao walked up to Zhong Qing and said with a smile: “Zhong Yaozun, have you seen my sister?”

Zhong Qing shook her head: “No, Zhen Ni doesn’t see me, so he probably hasn’t forgiven me yet...”

“Don’t be discouraged, Zhong Yaozun. After I go back, I will give you some persuasion. I believe my sister will forgive you.”

Zhen Yuandao patted Zhong Qing on the shoulder!

“Thank you very much, Master Zhen...”

Zhong Qing nodded!

Zhen Yuandao left the Pharmacist Association and went directly home to Granny Zhen's residence!

It was Zhen Yuandao's idea to let Granny Zhen live in this dilapidated courtyard!

He just used this to hope that Granny Zhen could realize her mistake and accept her love!

Back then, the Zhen family was able to become one of the four major families in Yongcheng City because of love!

As the medicine master, Zhong Qing followed Granny Zhen in love, so the Zhen family grew rapidly through the alchemy skills, and soon became one of the four major families in Yongle City!

It's a pity that Zhongqing was having fun with another woman, but Granny Zhen found out about it, and she was so sad that she decided to cut off all contact with Zhongqing!

But the Zhen family disagrees. After all, the Zhen family relies on love. With love behind it, no one can shake the strength of the Zhen family in Yongle City!

Chapter: 6813

It is absolutely impossible for Granny Zhen to cut off contact with her now!

Grandma Zhen was so heartbroken that she left the Zhen family in anger and went to Huhuang City in the Central Region, where she stayed for decades!

If Huhuangcheng hadn't been captured by the Feng family, Granny Zhen would probably never come back in her lifetime!

Crunch.....

Grandma Zhen's door was pushed open!

Grandma Zhen was holding the white handkerchief at this time. When she saw someone coming, she hurriedly hid the handkerchief!

When she saw that it was her eldest brother Zhen Yuandao, Grandma Zhen's face became very ugly!

She knew that her eldest brother only had interests in his eyes and no brother-sister affection at all!

"Sister, I arranged you here, you didn't blame me, did you?"

Zhen Yuandao glanced at the dilapidated house and said with some embarrassment!

"No, I am very grateful to my brother for accepting me and giving me a place to stay."

Granny Zhen said expressionlessly!

Zhen Yuandao smiled awkwardly. He knew what Granny Zhen meant, and he could tell by looking at her expression!

"Actually, I just want you to know that if our Zhen family does not have the support of Zhong Yaozun, it will not take long before it becomes so dilapidated."

“I know you are scolding me in your heart, scolding me for not caring about brother and sister, scolding me for only seeking profit.”

“But who understands me? There are hundreds of our Zhen family. In this small Yongle City, if no one supports us, how can we become one of the four major families?”

“Our ancestors didn’t leave behind any superb medical skills or exquisite alchemy skills. If I work hard on my own, can I feed these hundreds of people?”

“The world of heaven and humans is a society where the weak can prey on the strong. Without Zhong Yaozun, our Zhen family might have been trampled and eaten by others in Yongle City.”

“I’m not doing it for myself, I’m doing it for the hundreds of people in the Zhen family.”

“Besides, Zhong Yaozun is not a bad person and his character is not bad. If you ask around in Yongle City, who wouldn’t say good things about him?”

“As a man, if you make a little mistake, you can be forgiven. It’s a man’s impulse and instinct. It doesn’t mean he doesn’t love you anymore.”

“After all these years, Zhong Yaozun is still helping our Zhen family. Why is he doing it?”

“Brother, I beg you, forgive Zhong Yaozun, and you two should stay well in Yongle City.”

“If you think I’m ruthless, I can give you the position of head of the Zhen family and you can manage hundreds of people in the Zhen family!”

Chapter: 6814

Zhen Yuandao looked at his sister, his eyes filled with tears!

After decades, how could Zhen Yuandao not be worried about his sister!

But the world of heaven and humans is so vast, finding someone is harder than finding a needle in a haystack!

Grandma Zhen looked at her brother and was a little distracted for a moment!

When she ran away from home in anger, she didn't even think about other people. She just thought that everyone in the Zhen family didn't understand her!

Decades have passed in the blink of an eye, and now Granny Zhen feels a trace of guilt in her heart after listening to her brother's words!

She never considered other people in the Zhen family, she only considered herself!

If you say you are selfish, maybe you are the selfish person!

“Brother, I...”

Grandma Zhen doesn't know what to say!

“Don’t say anything anymore. When Zhong Yaozun is looking for you, you can have a good talk and open up your heart.”

“Actually, I know that you can’t let go of him, otherwise you wouldn’t be alone with your handkerchief in a daze.”

Zhen Yuandao said with a faint smile!

Grandma Zhen blushed instantly!

“Okay, I’ll ask Huan’er to rearrange your accommodation for you, and take the friends you brought with you.”

Zhen Yuandao left after saying that!

Soon, a beautiful girl wearing grosgrain came to Grandma Zhen’s room!

“aunt.....”

When the girl saw Grandma Zhen, she immediately cried in her arms!

Grandma Zhen also hugged the girl and said, “Huan’er, are you okay?”

“Auntie, I’m fine. If my father hadn’t told me, I wouldn’t have known you were back home?”

“It’s true that my father put you in a place like this. I will have to settle accounts with him in the future!”

Zhen Huan took one look at the environment in the room and said angrily!

“Your dad has also worked hard. Didn’t he already ask you to arrange another place for me?”

Chapter: 6815

Grandma Zhen said!

“Yes, I still have my aunt’s old courtyard and I have been sending people to clean it. Now I will take my aunt there!”

Zhen Huan nodded!

“Wait a minute, I have a few more friends, bring them over with me!”

After Granny Zhen finished speaking, she called Bai Qian, Huofeng and the others over!

Then Chen Ping and Liu Ruyan also walked out of the room!

Seeing so many people, Zhen Huan seemed a little shy!

“Miss, this is my niece Zhen Huan...”

Grandma Zhen followed Bai Qian and introduced!

“Huan’er, my aunt has been living in Huhuangcheng these years, thanks to the young lady taking her in.”

Granny Zhen looked at Zhen Huan and said!

“My name is Zhen Huan, thank you for taking in my aunt.”

Zhen Huan politely followed Bai Qian and said!

“My name is Bai Qian. Actually, Grandma Zhen has taken care of me for so many years.”

Bai Qian said very embarrassed!

It was clear that Granny Zhen had been taking care of her all these years!

“Okay, come with me. Anyone who comes here is a guest. We, the Zhen family, are being rude by allowing you to live in a place like this.”

Zhen Huan felt very guilty!

Looking at Zhen Huan’s polite appearance, she is indeed the eldest lady of a big family!

Zhen Huan took Chen Ping and the others to a luxurious courtyard, which was magnificently decorated!

This is the style of a big family!

“Auntie, you should rest first. My father will hold a family dinner tonight for auntie to catch the wind.”

Zhen Huan said slowly after taking Granny Zhen and the others to the place!

“Huan’er, go and do your work. There will be a pharmacist conference in two days. You have to work hard!”

Chapter: 6816

Grandma Zhen looked at Zhen Huan lovingly and said!

Zhen Huan nodded and was about to leave when suddenly someone outside shouted loudly: “Huan Huan, Huan Huan...”

Hearing the shouting, Zhen Huan hurried out!

Grandma Zhen and the others also followed her out!

“Silang, what’s wrong?” Zhen Huan saw the person coming and asked!

“Huan Huan, there’s a notice posted outside. This year’s pharmacist conference will be held on Medicine God Island, and not all pharmacists can participate and need to be assessed.”

Na Shiro said anxiously!

“Is there such a thing?” Zhen Huan was a little surprised!

When Na Shilang saw Granny Zhen and others, he was slightly startled and said, "Huan Huan, who is this?"

"Oh, Shiro, let me introduce to you, this is my aunt."

"The others are all my aunt's friends, and they are also here to attend the Medicine Master Conference."

Zhen Huan quickly introduced!

When Shiro heard this, he hurriedly saluted and said: "Zhu Lang, meet my aunt..."

"Huan'er, who is this young man?"

Grandma Zhen looked at Zhou Lang and asked!

"Auntie, this is the fourth son of the Zhou family in Yongle City. His name is Zhou Lang."

"The two of us got engaged some time ago."

Zhen Huan followed Granny Zhen and said!

"Oh, it turns out to be Yiwei Yi's son. I didn't expect him to name his son so casually."

After hearing this, Granny Zhen quickly smiled and said!

Seeing this, Zhou Lang could only giggle. After all, Granny Zhen was an elder and looked familiar to her father. Even if he said this, a junior like him would not dare to say anything!

“Do you have brothers above, named Zhou Dalang, Tuesday Lang, and Wednesday Lang?”

Huofeng asked jokingly!

“Huo Feng, don’t be rude!” Chen Ping saw this and quickly scolded Huo Feng!

Chapter: 6817

After all, I’m not familiar with the person, so it’s rude to say this!

Granny Zhen can say that she is an elder and she knows her well!

Fire Phoenix can’t say that!

“It’s okay, I didn’t expect this girl to be quite lively and cute.”

“But I only have three sisters above me, so there is no such thing as Da Lang or Er Lang!”

Thursday Lang said with a smile!

“Xiao Zhou, you just said that the Medicine Master Conference will be held on Medicine God Island. What’s going on?”

Grandma Zhen asked!

“I don’t know either. The notice was just posted. Now the entire Yongle City is in chaos. Many pharmacists don’t know what’s going on.”

“There are many people blocking the door of the Western Region Pharmacist Association. If you want an explanation, you can’t come thousands of miles away. In the end, the Pharmacist Association will go to Medicine God Island, and there will be assessments.”

When Zhou Lang spoke, he was obviously very angry and very dissatisfied with this sudden decision!

Nie Heng and Liu Ruyan looked at Chen Ping. It seemed that Chen Ping had received inside information. He knew from the beginning that he was going to Yaoshen Island to hold a pharmacist conference!

Now that it has just been announced, many people will definitely have opinions!

“Come on, let’s go out and take a look. If this is really the case, it would be too much.”

Zhen Huan said and hurried out!

Thursday Long follows!

Grandma Zhen shook her head and returned to the room. No matter what it was, she was not attending any pharmacist conference anyway!

“Huo Feng, Bai Qian, please stay at home and don’t go out if you have nothing to do.”

“Let’s go out and see what’s going on!”

Chen Ping said to Huofeng Baiqian!

Huofeng, Bai Qian and Ji Yun don't understand the art of alchemy, and they are not pharmacists, so there is no point in joining in the fun!

"Master, please be careful and remember that it's none of your business!"

Huofeng reminded Chen Ping!

"Don't worry, I'm fine."

Chapter: 6818

Chen Ping smiled slightly, then left with Nie Heng and Liu Ruyan!

When Chen Ping and the others came to the streets of Yongle City, all the pharmacists on the streets shouted with indignation!

And some held demonstrations with slogans!

After all, this matter was only discussed by the various high-level officials, and the pharmacists below did not know about it!

So when it is suddenly announced, many pharmacists will definitely become upset!

But soon, the top leaders of the major families and major pharmacist associations came forward and began to call their respective people back!

In the end, there are some casual pharmacists left, and they can't cause any trouble!

In fact, what these pharmacists care about is not where to hold the pharmacist conference, what they care about most is the assessment!

In the beginning, there was no assessment for the Pharmacist Conference. As long as you are a pharmacist, you can participate!

Now everyone is here, and you suddenly ask for an assessment!

For many people, this is unfair!

After all, many pharmacists are not very strong, so they just participate in the pharmacist conference to improve their strength!

However, this year's Pharmacist Conference has changed. Yaoshen Island needs senior pharmacists, that is, powerful pharmacists!

Because only a powerful pharmacist can unlock the secret of the place where the God of Medicine fell!

Finding a group of low-powered pharmacists to go to Medicine God Island is of no use except consuming resources!

That's why Yaoshen Island does this!

All the pharmacists gathered at the door of the Western Region Pharmacists Association!

After all, this matter requires an explanation from a pharmacist from the Western Regions!

But while everyone was waiting for the president of the Western Region Pharmacist Association to explain, the door of the Pharmacist Association slowly opened, and a young man wearing a white robe with golden leopard prints embroidered on his body came out!

As soon as the young man appeared, he carried a coercive force!

Chen Ping just glanced at it and saw that this person was actually in the Mahayana realm!

Although I have just been promoted to the Mahayana realm, I am indeed the true Mahayana realm!

Chapter: 6819

“Everyone, let me introduce myself. I am the son of the owner of Medicine God Island. My name is Ouyang Wufeng.”

“I came to Yongle City today to select people who will go to Medicine God Island to participate in the Medicine Master Conference.”

“We have so many resources on Medicine God Island, so of course we don’t want to cheapen those wastes.”

“Only those who pass the test can go to Medicine God Island and participate in the Medicine Master Conference.”

Ouyang Wufeng said with a cold expression!

“What do you mean? Who are you calling a waste?”

“Why should the Medicine Masters Conference go to Medicine God Island? We are boycotting it. None of us will go. Let’s see how you hold the Medicine Masters Conference.”

“Yes, let’s not go. Let’s see what you do at the Medicine Master Conference!”

When many pharmacists heard Ouyang Wufeng’s awesome words, they were immediately filled with indignation!

Listening to the angry shouts of the crowd, Ouyang Wufeng didn’t show any anger at all, and still had a faint smile on his face!

“If you don’t want to go, you can leave now. We won’t force anyone.”

“It’s just that if you don’t go to Medicine God Island, you won’t have the opportunity to explore the place where the Medicine God fell, and you won’t have the chance to get the Medicine God’s inheritance.”

“It’s up to you whether you want to go or not!”

Ouyang Wufeng said slowly!

“What? The place where the Medicine God fell?”

“I have heard a long time ago that the Medicine God Island is called Medicine God Island because the Medicine God once lived there.”

“The guys on Medicine God Island suddenly became so powerful. It must be related to Medicine God.”

“Will there be many treasures left in the place where the God of Medicine fell?”

At this moment, everyone was excited, that was the God of Medicine!

For them, the God of Medicine is just a legend, but they have never seen it before!

Now that they know that Medicine God Island actually has the place where Medicine God fell, how could they not go and take a look!

Even if you don't get any treasures, it's worth it to feel the atmosphere where the God of Medicine once lived!

It's like traveling to a place where famous people and ancient people live. Although you won't get much, it's still great to experience it!

“Is this true? Is Medicine God Valley really the place where the Medicine God fell?”

Chapter: 6820

Someone asked in disbelief!

“Of course it’s true. You don’t have to believe me. Don’t you still believe in President Su?”

After Ouyang Wufeng finished speaking, Su Tianshuo immediately stood up!

“Everyone, what Mr. Ouyang said is true. The purpose of holding the Pharmacist Conference on Medicine God Island this time is to select powerful pharmacists who can solve the mystery of the Medicine God’s death.”

Su Tianshuo said loudly!

At this moment, everyone’s attitude changed instantly, and everyone scrambled to raise their hands!

“I’m going, I want to sign up to go to Medicine God Island.”

“I’ll go too. If you don’t let me go, I’ll swim over by myself...”

“Master Ouyang, hurry up and come up with the test questions. I can’t wait!”

Everyone asked Ouyang Wufeng to quickly come up with the conditions for the assessment!

Faced with absolutely tempting benefits, few people can withstand it!

Ouyang Wufeng smiled slightly, then threw a scroll, and then the scroll slowly opened on it!

It is filled with various assessment conditions!

Everyone frowned slightly when they looked at the conditions for the assessment!

Chen Ping was also confused and didn't understand what this thing was!

"Fellow Daoist Chen, this is the medical list in the world of heaven and man. It records various diseases that need treatment."

"You should know that pharmacists are very scarce in the world of gods and humans, and truly capable pharmacists are even more scarce."

"This has resulted in some monks with illnesses being unable to find a pharmacist to treat them, or the pharmacist's medical skills are limited and unable to cure them."

"So the medical seeking list appeared, so that more people can see it. After some powerful pharmacists see it, they may be able to find a way to treat it."

"Of course, there will be a reward behind every doctor-seeking list. Without reward, no one will take action. There are few people like Zhong Yaozun who treat diseases and save lives without mentioning reward."

Zhou Lang on the side told Chen Ping in detail about the medical list!

"Fellow Daoist Zhou, why are there red and green fonts on this medical list? Is there any difference?"

Chen Ping looked at the medical list that appeared in mid-air and asked in confusion!

"The red one means no one has diagnosed and treated it yet, or the diagnosis and treatment failed!"
