

## The Order 6821

Chapter: 6821

“The green ones indicate successful diagnosis and treatment and recovery. This green will disappear soon.”

“It seems that many of the cases on the medical seeking list have been cured. It is likely that someone has taken action.”

Thursday Lang said!

As soon as Zhou Lang finished speaking, someone said dissatisfiedly: “Master Ouyang, if you don’t want us to go to Medicine God Island, just say that those who can be listed on the medical seeking list are those with difficult and complicated diseases, even if it is a sixth-grade pharmacist of the heaven level , I guess it’s difficult.”

“You still want us all to become Medicine Masters. In that case, we will go to the Medicine God Island and attend the Medicine Master Conference!”

When one person is dissatisfied, he immediately brings others together!

“Yes, if you don’t want to let me go, just say so. They even showed us the medical list for us to review.”

“When we evaluate the list of medical seekers, do you mean that all the rewards on the list of medical seekers will be taken by you, the God of Medicine Island?”

“It’s really a calculation...”

Everyone showed great dissatisfaction!

If the diseases on the medical-seeking list were so easy to treat, they would not be on the medical-seeking list!

Seeing that everyone was very dissatisfied, Ouyang Wufeng was still smiling!

“Everyone, I know that everyone has different medical skills and different levels of strength. Moreover, there are difficult and complicated diseases on the medical list. Many people only spend a lot of money on the medical list to find pharmacists with good medical skills.”

“It seems a bit difficult for you to treat those difficult and complicated diseases. Now, nearly half of the diseases on the list of people seeking medical treatment have been successfully treated by our Medicine God Island.”

“You now need to study the cases that have been successfully treated before dark, and the methods used. If the method you mentioned is almost the same as our Medicine God Island, it will be considered a success.”

“Of course, I can’t give you any reward. After all, it was our Medicine God Island that successfully treated you first.”

Ouyang Wufeng followed everyone and said!

When everyone heard this, they were immediately surprised, and at the same time they also had an intuitive understanding of the strength of Yaoshen Island!

A Medicine God Island has cured nearly half of the intractable diseases on the list of people seeking medical treatment. The reward is very generous!

It can also be seen that the medical skills of Medicine God Island have definitely surpassed those of these Medicine Masters Association!

After all, this medical list is public, and everyone has the ability to choose cases for treatment on it!

Of course, we don't rule out the possibility that there are master pharmacists who simply don't care about the reward and don't want to take action!

But most pharmacists are still incompetent, otherwise they would have cured and gotten paid!

Now half of the people on the list of people seeking medical treatment have been cured by Medicine God Island. This stimulation and blow directly made those pharmacists who were clamoring just now lower their heads one by one!

Chapter: 6822

Many people began to sigh. They knew that even if the cases were cured by Medicine God Island, they could not find a solution!

From this point of view, I have no choice but to quit, and I am not even qualified to go to Medicine God Island!

But there are also many people who start to look at the medical list and think hard!

Since the treatment on Yaoshen Island has been successful, it proves that the disease is not incurable and there is a method!

So if you think hard, you may be able to find a solution!

But many of these monks who were thinking hard shook their heads helplessly. After all, these diseases require real strength!

“Shiro, do you have any ideas that you can think of?”

Zhen Huan asked Zhou Lang!

“I haven’t looked carefully yet. With so many cases, I think I can find a way.”

“Huan Huan, what should you do? Can you come up with a solution?”

Thursday Lang asked worriedly!

“I don’t want to. In fact, people like our four major families can go to Medicine God Island without taking the exam.”

“I just need to ask my dad to tell Yaoshen Island that it’s OK, and there will be an internal quota designated.”

“This kind of assessment is definitely aimed at those pharmacists at the lowest level.”

Zhen Huan said without being anxious at all!

“Are there any internal quotas? Why haven’t I heard of them?”

Thursday Lang was stunned!

“You are so stupid. Not only our four major families, but also those Medicine Masters Guilds may have quotas, but there can’t be too many. It is estimated that one Pharmacists Guild can only have four or five quotas, which is good.”

Zhen Huan said!

As soon as Zhen Huan finished speaking, Chen Wenliang walked up to Chen Ping and said, “Fellow Daoist Chen, how do you feel about this assessment?”

“I haven’t looked at it yet. I guess many people won’t be able to pass.”

Chen Ping said it truthfully!

“You don’t have to worry, Fellow Daoist Chen. I have five places in my hand. Even if you fail the test, you can still go to Medicine God Island.”

“Even if I, the president of the Pharmacy Association, go through the back door, I will definitely give Fellow Daoist Chen a spot.”

Chapter: 6823

Chen Wenliang said!

He just came here to give Chen Ping a quota. If this happens, Chen Ping will join the Zhongyu Pharmacists Association even if he doesn’t want to. If he wants a quota, he must join!

Chen Ping couldn’t help but laugh when he heard the words “inside, quota, and back door”!

It seems that these monks in the world of heaven and humans can’t get rid of the sophistication of the secular world!

No matter what world it is, strength is often the most important!

In the eyes of these aristocratic families, the Medicine Master Guild can get places that others can't get through the back door just by going through the back door!

They even took the initiative to give places, this is the difference!

Some people have been working hard to reach Rome!

Some people are already in Rome as soon as they are born!

"President Chen, I don't want this quota if I don't have one. I wonder if I can get quotas for my two friends?"

"They want to join the Zhongyu Pharmacists Association. President Chen, do you think it's okay?"

Chen Ping pointed at Liu Ruyan and Nie Heng and said!

"Of course, it's all a matter of my words!"

Chen Wenliang nodded!

"Then thank you, President Chen. If you need anything, just tell me. As long as I can do it, I will definitely do it!"

Chen Ping said gratefully!

He knew that the reason why Chen Wenliang gave Liu Ruyan and Nie Heng opportunities and quotas was because of his face!

In the world of gods and humans, everyone uses each other. If Chen Ping had not shown absolute talent in formations, Chen Wenliang would not have been able to do the same!

So Chen Ping has to make Chen Wen feel comfortable!

“You’re welcome, Fellow Daoist Chen, I’ll go and ask for a spot!”

After Chen Wenliang finished speaking, he turned around and left!

He only gave one quota to Chen Ping. Now between Liu Ruyan and Nie Heng, Chen Wenliang must go and get another one. If he can’t get one, then one of the insiders of their Central Region Pharmacist Association must give the quota to him. Let it out!

After Chen Wenliang left, Zhen Huan grinned and said: “Silang, did you see that there are quotas in the Medicine Master Association? It is impossible for our four great families to be without them!”

“Huan Huan is so smart, you are right!”

Chapter: 6824

Thursday Lang said dotingly!

“The cases on this medical list may seem difficult, but after seeing through them, they are not difficult at all!”

At this time, someone suddenly jumped up and floated in mid-air!

When many pharmacists in the Western Region saw this person, they immediately shouted with excitement: “Zhong Yaozun, if Zhong Yaozun takes action, there will be no disease that cannot be cured.”

“Although the medical search list is rich in rewards, Zhong Yaozun doesn’t look down on those rewards, so he didn’t take action.”

“Hahaha, Zhong Yaozun has come forward. I wonder how proud Yaoshen Island is now.”

“Zhong Yaozun, that good man who has incredible medical skills and is also willing to give charity?”

Some people know Zhongqing, and some don’t, but many people have heard of Zhongqing!

When Ouyang Wufeng saw Zhong Qing come forward, he put away the frivolous expression on his face and quickly said solemnly: “Junior Ouyang Wufeng paid homage to Senior Zhong.”

“How is your father Ouyang Xing?”

Zhong Qing asked!

“My father is very good, and he always talks about Senior Zhong. He often talks to us about the friendship between you two.”

Ouyang Wufeng said!

“Hahaha, friendship is nothing. Your father is petty and very petty. Every time he loses in a sparring match, he pretends to be fine on the surface, but is furious behind the scenes.”

“So much so that he ended up practicing evil skills and tried to defeat me with this method, and was eventually driven to Medicine God Island.”

“Speaking of which, I am also responsible for causing your father to be like this!”

Zhongqing sighed!

“Senior Zhong, there is no need to blame yourself. If it weren’t for you, my father wouldn’t be able to go to Yaoshen Island, and he wouldn’t be able to achieve what he is today.”

“This may be destiny. As the saying goes, destiny cannot be violated...”

Ouyang Wufeng was actually comforting Zhong Qing!

“Destiny?” Zhong Qing smiled bitterly: “Yes, this is destiny. It is destined. Everything is destined.”

“Senior Zhong, you don’t need to take the test. I will send a special spirit boat to escort Senior Zhong to Yaoshen Island.”

Ouyang Wufeng knew that with Zhongqing’s strength, it would be easy to solve the difficult and complicated diseases on the medical list!

After all, Zhongqing is the Medicine Master, a being who is more powerful than his father!

Chapter: 6825

But Zhong Qing shook her head and said: "I won't go to Medicine God Island, and I have no interest in the place where Medicine God fell. I just want to help everyone pass the exam!"

The words Zhongqing made Ouyang Wufeng very embarrassed!

But he didn't say he couldn't accept help at the beginning!

Zhongqing can completely find solutions to various difficult and complicated diseases on the medical list, and use his spiritual consciousness to pass them on to everyone present!

In this way, everyone can pass the assessment!

Hearing Zhong Qing's words, everyone aroused a glimmer of hope. If this was possible, they could all go to Medicine God Island!

"Senior Zhong, this method is unfair, but since it was Senior Zhong who said it, I can't say anything."

Ouyang Wufeng did not stop Zhong Qing. After all, Zhong Qing had a relationship with his father, and he wanted to address him as an elder!

Seeing that Ouyang Wufeng didn't stop him, everyone was so excited!

Chen Ping's expression also moved slightly. He also wanted to see what the strength of this love was!

Being able to be admired by so many people, and having a good relationship with Yaoshen Island, it seems that this love is not a heinous person!

Grandma Zhen had a grudge against her, and she ran away for decades.

But Zhong Qing must have realized his mistake, and now he has no interest in going to the place where the God of Medicine fell!

Cultivation to him is no longer as important as the relationship between men and women!

For most monks in the world of heaven and earth, cultivation is the first priority. Even if they find two monks together, it is just to speed up their cultivation!

Zhong Qing was now facing the medical list, and all the green information on it was swept away by him!

Immediately afterwards, there was a brief moment of Chen Mo, and then he suddenly opened his eyes!

A divine message appeared in Chen Ping's mind!

"The seventh disease is caused by taking too many pills during cultivation, which has damaged the meridians and requires the use of Tongmai Pills for treatment."

"The thirteenth disease is caused by being poisoned by someone. The poison is a cold-proof pill. Although it is to resist the severe cold, this person is practicing fire-based exercises, which causes the Qi channels to be blocked. If the spiritual energy is chaotic, you can use Xuanjie's Fire Rhythm Pill to cure it..."

"Article 22....."

"....."

Zhongqing explained most of the above symptoms in detail, even the causes, as well as what elixirs and ambrosia should be used to treat them!

This is equivalent to telling everyone the answer, and everyone can copy it.

Chapter: 6826

If this is the case, and there is still no way to refine the corresponding elixir, then it is really too bad, and there is no point in going to the Medicine Master Conference!

Chen Ping listened to Zhongqing's voice transmission and looked at the many symptoms on it, and found that Zhongqing was indeed very powerful!

Chen Ping was able to analyze and figure out treatments for some diseases, but he didn't know where the disease came from!

But Zhong Qing was able to tell everything in detail, which shows how advanced this person's medical skills are!

Chen Ping couldn't help but admire this!

Chen Ping looked at Zhong Qing with admiration in his eyes. With such superb medical skills, Zhong Qing could start a sect in this human world!

But he was in Yongle City and never participated in these family fights, and there were some pharmacist conferences!

Now all my loving thoughts are on Granny Zhen.

What an infatuated man!

Many people began to use their own alchemy furnaces to refine the elixirs needed on the list of medical seekers!

Some high-grade pills cannot be refined. You can find some pills that are easy to refine!

Although difficult and complicated diseases seem very difficult, when you really understand them at first, maybe the simplest pill can cure them!

The premise is to see through these symptoms!

Now that Zhongqing has seen through it all, the rest is left to the pharmacists to refine it themselves!

For a time, many pharmacists were refining elixirs one after another, and the entire Yongle City was filled with the fragrance of medicine!

“Huan Huan, this Zhong Yaozun is really powerful, and he is very fond of your aunt. This time your aunt comes back, you can't let her go. Bringing the two people together will have a great impact on your Zhen family. Helpful.”

Zhou Lang said with envy!

“If it helps our Zhen family, won't it also help your Zhou family? Soon we will all become a family.”

Zhen Huan said with a smile!

“Yes, a family. We will be a family soon. When the time comes to annex the Bao family and the Diao family, our two families will have the final say in the entire Yongle City.”

“By that time, the Western Region Pharmacists Association will also have to shun our two families...”

Thursday Lang put his arm around Zhen Huan’s shoulders and said!

Chen Ping listened to the conversation between Zhou Lang and Zhen Huan, and sighed softly. He didn’t know whether Zhen Huan and Zhou Lang truly loved each other, or whether they were married for profit!

But it looks like it’s more like a marriage, so that if the two families become stronger, they can slowly cannibalize the other two families!

Chapter: 6827

It doesn’t take Chen Ping to know that if there were only two big medical families left in Yongle City, the Zhen family and the Zhou family, there would definitely be open and covert fighting between the two families!

By that time, the marriage between Zhen Huan and Zhou Lang will seem so insignificant!

In the secular world, ancient emperors would marry their daughters to remote tribal leaders in order to buy time for development!

But in the end, it’s not a sword-fight. In the eyes of these people, only family love is the least valuable!

One after another, monks have refined the elixirs and started to show them to Ouyang Wufeng for confirmation. As long as the elixirs cured by Yaoshen Island match the ones, it will be considered as passing the examination!

Many pharmacists have passed the examination, and after registering, they are waiting to go to Medicine God Island!

However, there are also some stupid people who cannot copy even if they are asked to take an open-book exam!

There were constant explosions, someone failed to refine the elixir!

If this kind of person cannot pass, then no one will feel pity for it, it is simply deserved!

This is no longer a pharmacist, so there is no need to attend the pharmacist conference!

Liu Ruyan and Nie Heng have also refined the elixir. Since they can pass the assessment, they don't have to use their quota in the Central Domain Pharmacist Association!

Chen Ping also casually refined an elixir for assessment without using the Shennong Cauldron!

These people are all pharmacists. If I take out the Shennong Cauldron, it will definitely cause a sensation!

When someone comes up with their own Shennong Cauldron, it will be in trouble!

After Chen Ping refined the elixir, he did not hand it over for assessment immediately, but quietly looked at the medical list!

Those diseases with red fonts are for which even Medicine God Island has not yet found a cure!

Chen Ping looked at the first one. He could be ranked first. The disease must be difficult to cure, and the most important thing is that the reward for the first one is also the most unique!

“Immortal bones? The reward for this first one is immortal bones? What is this?”

Chen Ping stared at the reward for the first disease on the medical list, very curious!

“Fellow Daoist Chen, the immortal bones are the remains of immortals. They are priceless treasures.”

“Although many immortals have fallen in the world of gods, there are very few corpses left. Most of them were simply wiped out.”

“Even if some bodies are not destroyed, the corpses are rotting and have no value at all.”

“However, some immortal corpses will become crystal clear after thousands of years, comparable to immortal weapons.”

“This kind is the most valuable, and this kind will also become immortal bone, but this kind of thing is very rare and hard to come by.”

Chapter: 6828

“And the first symptom, let’s just take a look at it. It’s been hundreds of years, and no one has successfully cured it.”

Zhou Lang saw that Chen Ping didn’t understand anything, so he explained in detail!

“Immortal bone? Crystal clear?”

Chen Ping’s eyes widened with disbelief in his eyes!

“Boy, this immortal bone is not a part of my body, right?”

“I never expected that my body, thousands of years later, would become the treasure of these guys in the world of gods and humans.”

Demon Lord Chiyun hurriedly asked Chen Ping!

Because Demon Lord Chiyun’s body was cut into pieces, and various body parts were thrown everywhere!

If all these body parts can be found, Demon Lord Chiyun can be resurrected!

There is no need to stay in Chen Ping’s sea of consciousness all day long!

“It’s possible, but I’m not sure. After all, there are not a few immortals who have fallen in the human world.”

Chen Ping didn’t see this immortal bone, so how could he know if it was part of Demon Lord Chiyun’s body?

“Ask quickly, ask quickly!” Demon Lord Chiyun said anxiously!

Chen Ping had no choice but to face Zhou Lang and said: “Fellow Daoist Zhou, I wonder who the person with the first symptom is? How did he get the immortal bones in his hand?”

Zhou Lang looked at Chen Ping and then said with some doubts: "Are you a pharmacist? The information on the medical list is all hidden. How can you casually tell who is sick? Only after you reveal the list, you Only then can we get the other party's information."

"I'm a pharmacist, but I'm just not familiar with the medical list, and I've never paid attention to it before!" Chen Ping said with an embarrassed smile!

Now if you want to know who the other party is, and whether this so-called immortal bone is part of Demon Lord Chiyun's body, you can only find out by revealing the list!

"Boy, are you sure you can cure the first person with the disease?" Demon Lord Chiyun asked!

"I don't know, because there is too little information available now, but it seems that this person is suffering from mania. Could it be that he was bitten by a mad dog?"

Chen Ping smiled slightly and said!

"Don't be ridiculous. It can't be that simple. If it were simple, it would be impossible for no one to successfully treat it in the past hundred years."

"Hurry up and reveal the list. Once the list is revealed, you will know what is going on."

Demon Lord Chiyun urged Chen Ping to reveal the list!

"Let me ask first, what will be the punishment if you fail to diagnose the disease after the list is revealed?"

Chen Ping doesn't dare to reveal the list casually!

Chapter: 6829

“Fellow Daoist Zhou, what will happen if someone exposes the disease but cannot cure it?”

Chen Ping asked Zhou Lang!

“It’s very simple, just abolish your cultivation.”

Thursday Lang said lightly!

“Abandoning one’s cultivation?” Chen Ping was stunned: “In this world of heaven and earth, if one’s cultivation is abolished, what difference does it make if he is killed afterwards?”

“There is still a difference. After you lose your cultivation, you will most likely die slowly in fear. This is much crueler than killing directly.”

Thursday Lang said!

After hearing this, Chen Ping frowned and whispered: “This is too cruel...”

“Can you be more ruthless? Those who can be on the medical seeking list are all capable people, and the rewards are very generous.”

“If you weren’t ruthless, anyone could expose it. I guess people with the disease would not see it well and would be cured to death by some quack doctors!”

Thursday Lang explains!

Chen Ping was right when he heard it. Anyone who sees such a generous reward will be excited!

If the punishment is not severe and everyone can reveal the list at will, then the entire medical seeking list will be useless!

“Chen Ping, why are you asking these questions? Do you want to reveal the list? You can’t mess around!”

Liu Ruyan listened to Chen Ping’s inquiry about the medical search list and quickly reminded him!

“Mr. Chen, this medical search list is no joke. Although it seems to be rich in rewards, it also faces huge risks. If you are not 100% sure, you should not try it.”

Nie Heng also reminded Chen Ping!

“Don’t worry, I’m just asking out of curiosity. You two have refined the elixir, please hand it in quickly for registration!”

Chen Ping smiled slightly and said to Liu Ruyan and Nie Heng!

The two nodded, then took the refined elixir and went to take the exam and register!

Just after Liu Ruyan and Nie Heng left, Chen Ping jumped up and went straight to the medical list!

Chen Ping was suspended in front of the medical list, quietly looking at the disease at the top of the list!

“Who are you? You are not allowed to go near the medical seeking list...”

When the people from Yaoshen Island saw Chen Ping running in front of the medical list, they immediately scolded him loudly!

Chapter: 6830

With this shout, many people looked up and looked at Chen Ping!

“What are you shouting about? This medical list is for people to reveal the list and seek medical treatment. If you don’t come close, how can I reveal the list?”

Chen Ping glared at the yelling guy.

“You want to reveal the list?” Ouyang Wufeng also looked up at Chen Ping at this moment. He saw that Chen Ping was young and did not look like an expert!

And he didn’t know Chen Ping either. The rest of the diseases on the medical list were all very difficult. Even if you didn’t have the level of a medicine master, you wouldn’t dare to try them!

Chen Ping is so young, he dares to reveal the list?

“What? You can only reveal the list on Yaoshen Island, but you are not allowed to reveal the list?”

Chen Ping asked!

“That’s not true, it’s just that the rest of the diseases on the medical list are ones that even our Medicine God Island dare not take action easily. Are you sure you can cure them?”

“You have to know that if you reveal the results casually and the treatment fails, your cultivation will be abolished.”

Ouyang Wufeng said to Chen Ping!

“Of course I know. I see that the diseases on the medical list are not difficult, so I will reveal the first one on the list. The reward for this is quite special.”

When Chen Ping saw the first symptom, he reached out to touch it!

“Fellow Daoist Chen, don’t be reckless!”

At this time, Chen Wenliang shouted!

Chen Ping’s formation skills are pretty good. Being able to repair the ancient teleportation formation is indeed very powerful!

But the art of formation and medical skills are two completely different things. Even if you are a master of formation, it does not mean that your medical skills are great!

Chen Ping is very powerful, and he is also a master of formations. Even if he is also a medicine master, at such a young age, can he still reach the level of Medicine Master?

After all, human energy is limited, and it is impossible for one person to practice everything to the extreme!

Chen Wenliang only thinks that although Chen Ping is a pharmacist, his level is certainly not too high, and he cannot reach the level of strength to reveal himself!

And if you still want to reveal the first disease on the list, that is simply asking for death!

Chen Wenliang didn't want Chen Ping to seek death, so he spoke out to stop it!

"President Chen, I'm not being reckless. I've seen the symptoms above and I'm sure of them."

Chen Ping said to Chen Wenliang!
