

The Order 6851

Chapter: 6851

He asked Chen Ping to get the immortal bones according to the address when he had time!

“Huang Xiao is so grand. This time, Chen Ping has the support of the entire Xiao Dynasty.”

“Look at this, who would dare to have an idea for Chen Ping...”

“At such a young age, to be appreciated by Emperor Xiao and to cure Prince Xiao’s illness is such great luck!”

“This is a skill. Prince Xiao has been seeking medical treatment for so many years, but he has never been able to cure it.”

Everyone was talking about Chen Ping, nothing but envy!

“Brother Chen, I really didn’t expect you to be the one who was killed by the Demon Sealing Alliance with a hundred years of sacrifice.”

“The one who can make the Demon-Sealing Alliance make such a decision is certainly not an ordinary person. It seems that this is indeed the case.”

“I want to ask you, what is the cause of Prince Xiao’s illness? I have also researched the cause of Prince Xiao’s illness, but I have never had a clue.”

Zhong Qing asked Chen Ping!

Since Chen Ping doesn't want to say how to cure it, it's always okay to talk about the cause of Xiao Feng's illness!

"Senior Zhong, in fact, Prince Xiao is not sick. His illness is all caused by lovesickness."

"He loved a girl deeply, but he couldn't be together, and he also learned that the girl was dead."

"So this kind of longing accumulated for a long time, causing Xiao Feng's consciousness to become confused!"

"He is a kind person and never kills indiscriminately, but he cannot vent the pain of lovesickness in his heart."

"So over time, two personalities were formed, one was normal, and the other was manic and bloodthirsty, and relied on killing to vent his anger."

"It means that there is already another completely different version of himself in Xiao Feng's sea of consciousness. He has become manic and bloodthirsty. He is also himself, not caused by other demon souls."

"And what my poison pill wants to kill is Xiao Feng's other self in the sea of consciousness. It is precisely because of killing Xiao Feng's other self that the aura in his body becomes weaker."

Chen Ping followed Zhong Qing to explain in detail!

"I have never heard of the cause of the disease you mentioned. It seems that I still need to learn more."

"Originally, I didn't want to attend any Medicine Master Conference. I felt it was a waste of time. This Medicine Master Conference is nothing more than a place for those medicine masters to gain fame and reputation."

“Now that I have changed my mind, I can no longer live with my old thoughts. Thank you very much!”

Zhong Qing patted Chen Ping on the shoulder gratefully!

Originally, Zhongqing had no interest in the pharmacist conference, but now he is, because Chen Ping’s appearance made him realize that he still knew too little!

Chapter: 6852

He had never heard of the cause of illness mentioned by Chen Ping!

“Senior Zhong, there must be my teacher among the three of us. In addition to improving your medical skills, you must also work hard emotionally.”

“I believe Granny Zhen can see your efforts.”

Chen Ping laughed!

Zhong Qing was stunned for a moment, and then laughed: “I will definitely do it...”

“But you have to pay more attention. After all, the hundred-year tribute from the Demon Sealing Alliance is very tempting. Even if Emperor Xiao protects you, there must be a brave man under the heavy reward. You have to guard against it!”

Love reminds Chen Ping!

Although Xiao Huangchao is backing him, there is no 100% guarantee that no one will be interested in Chen Ping!

“Thank you, Senior Zhong, for reminding me, I will pay attention!”

Chen Ping nodded!

“Fellow Daoist Chen, you’d better leave here as soon as possible. Before going to Medicine God Island, it’s best not to walk around casually!”

Chen Wenliang stepped forward to remind Chen Ping to leave!

After all, there were so many people present, and no one could guarantee that no one would be interested in Chen Ping!

If someone suddenly attacks Chen Ping, it will be impossible to prevent him!

Chen Ping returned to Zhen’s house with Liu Ruyan and Nie Heng!

Zhen Huan and Zhou Lang also went back together!

Zhen Huan didn’t really care about Chen Ping’s identity, but she was still very curious about what Chen Ping said about lovesickness!

After all, girls all hope to have a man who treats them wholeheartedly!

“Silang, if I disappear suddenly, will you get lovesick? Just like Prince Xiao?”

After returning to Zhen Mansion, Zhen Huan asked Zhou Lang!

“Of course I will. Without you, there is no point in my life!”

Zhou Lang took Zhen Huan’s hand and said lovingly!

After hearing this, Zhen Huan raised her lips and leaned against Zhou Lang with satisfaction!

Chen Ping looked at Zhen Huan and Zhou Lang and smiled helplessly. He was not optimistic about these two people.

Chapter: 6853

Maybe Zhen Huan has feelings for Zhou Lang, but Zhou Lang definitely doesn’t have much love for Zhen Huan!

The combination of the two of them is, to put it bluntly, a combination of interests!

For the sake of the two families, they were brought together!

As long as the relationship is mixed with interests, then the relationship is not pure!

But this is everyone’s choice, and Chen Ping has no right to interfere!

During the few days at Zhen's house, Chen Ping did not go out. Instead, he listened to Chen Wenliang and stayed in seclusion!

He has been practicing the combination of divine patterns and magic patterns in the past few days. Although Chen Ping still doesn't know what the Heaven and Earth Formation is, but since the ancestor of the divine patterns has said that only he can break the Heaven and Earth Formation, then Chen Ping You just have to work hard!

"Mr. Chen, I'm notifying you to go to Yaoshen Island..."

Three days later, Nie Heng informed Chen Ping that he could go to Yaoshen Island!

Chen Ping then walked out of the room and followed Nie Heng to the square of Yongle City!

At this time, many pharmacists have already gathered here!

These pharmacists have all passed the examination, but they have to thank Zhong Zhong!

If it weren't for love, it is estimated that more than half of the pharmacists here would not be able to go to Medicine God Island!

Following Su Tianshuo's order, many pharmacists began to line up according to their own regions!

Chen Ping directly chose Chen Wenliang's Zhongyu Pharmacist Association, and Liu Ruyan and Nie Heng also joined the Zhongyu Pharmacist Association team!

Zhong Qing also came, but he stood in the Zhen family's team, and Granny Zhen also came!

It can be seen that Granny Zhen and Zhong Qing should have settled their differences!

After forming a team, there were also some casual cultivators standing together in twos and threes!

Then everyone started walking towards the port outside Yongle City!

Spirit boats are neatly placed at the port. These are all sent by Yaoshen Island!

After boarding the spirit boat, we began to slowly move towards Medicine God Island!

After driving for about seven or eight hours, the Yaoshen Island not far away was clearly visible!

Many people flocked to the bow of the ship and looked at the Medicine God Island in front of them!

After all, many people have only heard of Yaoshen Island but have never been to it!

Chapter: 6854

Chen Ping looked at the Medicine God Island. The area was not particularly large, but it was several times larger than Yongle City!

But compared with the area of the Heavenly and Human Realm, which can easily be tens of thousands of miles away, Yaoshen Island is not too big!

The green trees on Yaoshen Island are lush, and there are many birds and beasts flying in the sky!

As we get closer and closer, the buildings on Yaoshen Island can also be clearly seen!

The magnificent buildings are magnificent and much more luxurious than the buildings in Yongle City!

Even compared to the building of the Western Region Pharmacist Association, it is more solemn and solemn!

The entire Medicine God Island seems to have a fairy spirit, giving people a misty feeling, like a fairy island!

In the center of the island, there is a mountain that looks like a medicine cauldron. The peak is extremely tall, and there are several small peaks at the foot of the mountain that look like the legs of a medicine cauldron!

Seeing this strange mountain peak, everyone couldn't help but marvel!

I feel like this nature is so ingenious. Why are there mountain peaks in such a shape?

"This mountain peak is called Yaoding Peak. Legend has it that it is the medicine cauldron of the Medicine God. The Medicine God refines various elixirs in this medicine cauldron."

"Later, the God of Medicine fell, and the entire Medicine Cauldron turned into a mountain peak. There are many pills refined by the God of Medicine in this mountain peak. Whether you can find them or not depends on your abilities."

Ouyang Wufeng walked up to everyone and introduced Yaoding Peak loudly!

Everyone was amazed when they heard Ouyang Wufeng's words. Regardless of whether the Medicine Cauldron Peak was the Medicine God's medicine cauldron or not, the shape was so similar that it was so ingenious that it was really a coincidence.

As the spirit boat docked, everyone stepped off the boat. Only then did they really see that the entire Yaoshen Island was still very large. There were many medicine men traveling around on it, and the atmosphere was very lively!

There are even many other monks walking around on Medicine God Island. Medicine masters are not the only ones on Medicine God Island!

Moreover, a dividing line can be clearly seen in the buildings of Yaoshen Island, and the architectural styles on both sides of the dividing line are somewhat different!

“This is the most famous Xifang Street on Yaoshen Island. There are many people doing business here, not just pharmacists on Yaoshen Island.”

“Yaoshen Island was once a barren land, but after so many years of development, it has become very prosperous.”

“There will also be many monks who come to live on Yaoshen Island for various reasons. Our place is no worse than that of Yongle City.”

Ouyang Wufeng followed everyone with pride.

Everyone’s understanding of Yaoshen Island also completely changed at this moment. The barren land and particularly desolate scene did not appear in everyone’s eyes!

On the contrary, this Yao Shen Island actually has the meaning of a paradise. If there is really something unspeakable, you can come to Yao Shen Island and live a new life!

Ouyang Wufeng personally took everyone, arranged their accommodation, and even thoughtfully prepared fairy grass and elixirs for everyone!

You must know that there are not a few pharmacists coming to Yaoshen Island this time. Now that Yaoshen Island has prepared so many things, it can be regarded as a big investment!

However, this can also improve the status of Yaoshen Island in the hearts of everyone. It is estimated that after this time, many people will want to stay on Yaoshen Island!

Chapter: 6855

After settling in, many people walked out of their accommodation and went around the island!

This Yaoshen Island is simply a tourist attraction, with mountains, woods, beaches and the sea!

If this were in the secular world, it would definitely become a tourist hotspot!

Chen Ping followed Liu Ruyan and Nie Heng out of the place where they lived and started wandering around the entire Medicine God Island!

There are also many people doing business on the entire island, but most of them are related to pharmacists!

There are also some people who hold signs asking for medical advice and can exchange various treasures for medical treatment!

It is estimated that these people do not have the strength to get on the medical seeking list, so they use this method to ask the pharmacist to pay attention and then treat them!

“I really didn’t expect that Medicine God Island would be so lively. I always thought it was a deserted island.”

Liu Ruyan looked at the vendors on both sides and said in surprise!

“Yes, I have heard of Medicine God Island a long time ago. It was a place where medicine masters who practiced magic skills were exiled. Now it has become so prosperous. This is still a desolate island.”

Nie Heng also sighed!

Chen Ping smiled. After so many years of development, Yaoshen Island has become such a scene. It seems that Ouyang Wufeng's father is definitely an expert!

At the very least, a talent in governance and management can make Yaoshen Island what it is now!

Whether they were ordinary monks or pharmacists, everything was in order. The vendors on both sides of the road were also well-behaved, and no one was seen making trouble!

You must know that many monks on this street are in the Tribulation Realm, and they are all people who like to fight, but these people on Medicine God Island do not dare!

It can be seen that the rules of Yaoshen Island are very strict, so they can restrain the people on the island!

The vendors on both sides sell a variety of things. After all, the people who come here come from all over the world of heaven and earth. No wonder the houses built are all different in style!

But more people want to treat their injuries and then reward them with some items!

"Old guy, your granddaughter is suffering from delirium. If she is cured, I'm afraid she won't be able to buy dozens of purple gold spirit coins."

"And you only gave out some broken herbs as reward. Are you treating people like fools?"

"It seems that you are also a pharmacist, don't you understand?"

Just as Chen Ping was walking down the street with Liu Ruyan and Nie Heng, he suddenly heard someone shouting in dissatisfaction not far ahead!

“That’s right, this is treating others as fools. If there is no reward, you may use your granddaughter to pay off the debt. I think this little girl has a pretty face.”

“She looks good, but it’s a pity that she looks a little crazy and has no appetite at all!”

Chapter: 6856

People in the circle are pointing and pointing!

At this time, an old man said with an embarrassed face: “Fellow Taoists, I am also a pharmacist, but unfortunately I am not able to heal my granddaughter. I have been here for a long time, and I really have nothing to offer. ”

“There are only these worthless herbs. If anyone can cure my granddaughter, I can treat her like a cow or a horse.”

Chen Ping, who was not far away, was stunned when he heard this voice, and then frowned!

He originally didn’t want to meddle in other people’s business and planned to go around, but when he heard the old man’s voice, he stopped immediately!

“It’s useless for you to act like a cow. If your granddaughter is cured, can you let your granddaughter stay with you for a few nights?”

“Yes, if you can stay with him for a few nights, I can help him heal.”

“I can also treat, and I can also ask people from the Ouyang family on the Medicine God Island to come forward for diagnosis and treatment.”

Everyone started to boo, but in fact, there may not be many people who can really heal.

“Let’s go over and take a look...” Chen Ping took Liu Ruyan and Nie Heng and walked over!

“Mr. Chen, do you know him?” Nie Heng asked!

“The voice sounds familiar, but it’s just impossible for them to come here?”

Chen Ping frowned and quickened his pace!

“Everyone, we are all pharmacists. I hope you can keep your word. If you can cure my granddaughter, I will definitely repay you.”

“If you can’t, please leave and don’t talk nonsense here!”

The old man’s face became ugly!

How could he not be angry when someone humiliated his granddaughter like this?

“Go away, all go away...”

At this time, five guys with big muscles and round waists pushed through the crowd and got inside!

“Who is so awesome and wants us to stay away?”

“Damn it, aren’t these the Five Heroes of Nanfang? It’s better to stay away.”

“What are these five guys doing here? They are not pharmacists and they don’t know how to treat patients.”

“Who knows, don’t mess with them.”

Everyone gave way one after another!

Chapter: 6857

The old man’s face changed slightly when he saw the five strong men suddenly appearing. He put away his stall, took his granddaughter and prepared to leave!

Anyone who has spent some time on Yaoshen Island knows the Five Heroes of Nanfang!

These five guys are doing all kinds of evil and are not pharmacists at all, but they are thriving on Medicine God Island!

Because there are many monks who are not pharmacists on Yaoshen Island, these monks are all arranged to live in Nanfang!

And these Five Heroes of Nanfang rely on their strength to control the entire Nanfang!

However, these five guys sized up the situation and did not dare to offend the Ouyang family. Instead, they contributed a lot to the Ouyang family's management of Medicine God Island. Therefore, instead of being expelled from Medicine God Island, these five guys were appreciated by the island owner!

This time, the five guys became even more unscrupulous and ran rampant on Yaoshen Island!

However, they only dare to bully some casual cultivators who are new to Yaoshen Island. They don't dare to bully any of the natives of Yaoshen Island who are related to the Ouyang family!

"Old man, why did you leave just after seeing us? Aren't you treating your granddaughter? We can do that too!"

As the boss of the Five Southern Heroes, he grabbed the old man and said!

"You are not pharmacists, how can you possibly cure my granddaughter? We won't watch!"

The old man shook his head and tried to break away, but found that he could not break free from the shackles of the leader of the Five Heroes of Nanfang!

"We are not pharmacists, but we know many pharmacists. I can help you find a pharmacist to treat your granddaughter's disease."

The boss of the Five Heroes said with a wicked smile!

"What do you want?"

The old man suppressed his anger and asked!

“You old thing, you know what you are asking, of course you want your granddaughter to accompany our brothers.”

“I’ve noticed a long time ago that your granddaughter is not an original product, so don’t pretend to be innocent.”

The Five Heroes laughed loudly!

“Hahaha... If our brothers don’t dislike it, it’s pretty good.”

“A pair of broken shoes, what else can you pretend to be?”

The other Five Heroes burst into laughter!

The old man was angry, completely angry, and his eyes became extremely scarlet!

“I’ll fight you, you five beasts...”

Chapter: 6858

The old man roared and slapped the boss of the Five Heroes with one palm!

The leader of the Five Heroes looked stunned, and suddenly burst out with a burst of spiritual energy, like a huge wave rolling, directly flying the old man away!

At this moment, a figure instantly rose into the air and directly caught the old man!

“Miao Lao, are you okay?”

Chen Ping asked softly after catching the old man!

It turns out that the old man is Mr. Miao who went to Tianmo Mountain with Chen Ping, and the girl is Mr. Miao’s granddaughter Miao Miao!

After Miao Miao was violated in the battlefield of gods and demons, Mr. Miao left with his granddaughter!

But they didn’t expect that they would come to Yaoshen Island!

“Chen...Mr. Chen...”

Seeing Chen Ping, Mr. Miao burst into tears!

Seeing Mr. Miao like that, Chen Ping was deeply touched. It had only been so long, and Mr. Miao seemed to have aged a lot!

And Miao Miao, the girl who was very lively at first, now looks like a fool, with dull eyes and muttering to herself!

“Little girl, come with me, I can help you see a doctor...”

The boss of the Five Heroes stepped forward and took Miao Miao's arm, and was about to take Miao Miao away!

Snap!

But at this moment, a big hand suddenly came over!

The boss of the Five Heroes was caught off guard and was slapped!

"If you dare to touch her again, you will die..."

Chen Ping said with cold eyes!

"Damn it, you dare to hit me?"

The boss of the Five Heroes looked cold, his eyes wide open, full of anger!

Liu Ruyan and Nie Heng walked behind Chen Ping, and Chen Ping said: "You two watch out for Miss Miao, don't let anyone get close!"

Chen Ping was afraid that a fight would break out soon. With so many people eyeing Miao Miao, someone would take the opportunity to attack!

Miao Miao's current situation is obviously that she is delirious and has mental problems. Even if someone takes advantage of her, she will not resist!

Chapter: 6859

"Okay!" Liu Ruyan and Nie Heng nodded!

Although they didn't know why Chen Ping followed the old man and the young man, since Chen Ping said it, they would listen!

The leader of the Five Heroes took a look at Chen Ping and found that Chen Ping was only a sixth-level monk in the Tribulation Realm, so he said angrily: "A mere sixth-level monk in the Tribulation Realm dares to meddle in other people's business."

After saying that, the boss of the Five Heroes moved towards Chen Ping with a palm. He wanted to take revenge for the slap he just received!

The aura of the peak of the Tribulation Realm exploded in the body of the boss of the Five Heroes, but when a palm came in front of Chen Ping, Chen Ping stretched out his hand and directly grabbed the wrist of the boss of the Five Heroes!

At this moment, the leader of the Five Heroes was stunned and wanted to take his hand back, but found that he couldn't move at all!

"ah....."

The boss of the Five Heroes screamed instantly, and Chen Ping's fingers exerted slight force. The arm of the boss of the Five Heroes seemed to be broken, and he was in excruciating pain!

Seeing this, several other members of the Five Heroes shouted sternly: "Let go of my brother, let go quickly, or I will kill you!"

These people are also at the peak of the Tribulation Realm. Their auras are soaring and their eyes are fierce!

Seeing this, everyone around them fled away. They didn't dare to provoke the Five Heroes of Nanfang!

Upon seeing this, Mr. Miao hurriedly said to Chen Ping: "Mr. Chen, thank you for your intervention. You'd better go and leave it alone. You are no match for them..."

Mr. Miao knew that Chen Ping could not be a match for the Five Heroes of Nanfang. After all, they were all at the peak of the Tribulation Realm!

How could Chen Ping, who was at the sixth level of the Tribulation Realm, be able to deal with five people at the peak of the Tribulation Realm?

"Miao Lao, I will take care of this matter today, you don't have to be afraid."

After Chen Ping finished speaking, he suddenly exerted force on his hand, and the arm of the boss of the Five Heroes was instantly broken!

"Ah...kill him, kill him..."

The boss of the Five Heroes roared!

When several other people saw this, they rushed towards Chen Ping together!

Five masters at the peak of the Tribulation Realm, with such strength that even newly promoted Mahayana monks would not dare to confront them head-on!

But Chen Ping didn't have the slightest fear, the aura on his body exploded instantly, and there was a strong wind around him!

Everyone was shocked. A sixth-level monk in the Tribulation Realm was going to fight five peak cultivators in the Tribulation Realm?

Is this a joke?

But looking at Chen Ping's behavior, it doesn't look like he was joking!

Seeing that the two sides were on the verge of a fight, he suddenly shouted coldly: "Stop, let's do it on Medicine God Island. Don't you want to live anymore?"

Several figures came quickly, and then fell between Chen Ping and the Five Heroes of Nanfang!

"Don't you five know the rules? You dare to burst out and have a big fight. Are you going to destroy this entire street?"

One of the law enforcement monks in green clothes said coldly to the Five Heroes of Nanfang!

"Deacons, please be aware that this kid made the first move and broke my arm, so we were forced to take action."

The boss of the Five Heroes raised his arm that was pinched by Chen Ping and said!

Chapter: 6860

Seeing that the boss of the Five Heroes was indeed injured, the green-robed deacon looked at Chen Ping, glanced at him coldly and said, "You used fists and kicks in the neighborhood and injured people. Now come with me. I have to lock you up for a few days!"

“You will lock me up if you say you want, who do you think you are?”

“I injured that guy’s arm, but don’t you ask why?”

“These beasts beat people in the street and molested little girls. Let alone crushing their arms, it would be an exaggeration for me to kill them.”

“You are going to arrest me as soon as you come here, but I want to see if you have what it takes.”

Chen Ping is not used to this monk who is rushing to enforce the law at all!

These guys must all be members of the Ouyang family. After all, the Ouyang family is the most powerful in the entire Medicine God Island, and Ouyang Wufeng’s father is the owner of the island. This makes these servants of the Ouyang family look arrogant!

“You are so brave. You even dare to scold the law enforcement deacon of Yaoshen Island. It seems that you don’t know the rules of Yaoshen Island at all.”

The boss of the Five Heroes suddenly laughed when he saw Chen Ping following the Ouyang family and pulling him like this!

Without them taking action now, these law enforcement deacons will not let Chen Ping go!

Sure enough, several law enforcement officers frowned and surrounded Chen Ping!

No one on Yaoshen Island dared to talk to them like this!

But Chen Ping faced several law enforcement deacons without the slightest fear!

“Is this guy a new pharmacist on the island? He doesn’t even understand the rules.”

“You even dare to insult the law enforcement deacons on the island. Isn’t this looking for death?”

“He must not know yet that the surname of this Medicine God Island is Ouyang, and these people are all from the Ouyang family.”

“Just wait and see the excitement. This time there is a pharmacist conference. So many pharmacists suddenly came to the island. Some of them must be unruly.”

When everyone saw that several law enforcement deacons were about to attack Chen Ping, they all gloated and hid aside to watch the fun!

But this frightened Mr. Miao!

He has brought Miao Miao to Yaoshen Island for a while, so of course he knows the rules on the island!

I also know that these law enforcement deacons cannot be provoked, they are all members of the Ouyang family!

“Several deacons, he has just arrived on the island and does not understand the rules. I hope you will have a lot of them!”

As Mr. Miao said, he took out all the herbs and valuables he had on him!

He wanted to bribe these people not to attack Chen Ping!
