

## **The Order 6861**

Chapter: 6861

But the deacon in green just glanced at him and knocked Mr. Miao to the ground!

“Old guy, you treat us like beggars, and you want to send me some rags?”

The green-clothed deacon said very annoyed!

Chen Ping frowned, helped Mr. Miao up, looked at the law enforcement officers coldly and said, “Aside from bullying the weak, what else will you do?”

“Today I will teach you a lesson and let you know that you should restrain yourself even when you are a dog.”

“Damn it, you’re looking for death!” Deacon Tsing Yi was furious and wanted to take action against Chen Ping!

“Stop!” With an angry shout, a figure came out of the air!

“Subordinate, please see the young master!”

Seeing the person coming, several law enforcement deacons immediately knelt down!

It turns out that Ouyang Wufeng is here, the young master of the Ouyang family!

“Master Ouyang...”

When the Five Heroes of Nanfang saw Ouyang Wufeng, they approached him with flattering faces!

The son of the owner of Yao Shen Island, no one dares to offend him on this Yao Shen Island!

Ouyang Wufeng didn't even look at the Five Heroes of Nanfang and several deacons. Instead, he looked at Chen Ping and asked, “Fellow Daoist Chen, are you okay?”

“I'm fine!” Chen Ping shook his head!

“It was our lack of discipline that almost caused our subordinates to offend Daoyou Chen.”

“I wonder what happened? To make Fellow Daoist Chen so angry?”

Ouyang Wufeng was extremely polite to Chen Ping!

No matter what he said, Chen Ping cured Xiao Feng and became a guest of Xiao Dynasty. Xiao Yuanshan said personally that he would protect Chen Ping!

Moreover, Chen Ping still has Xiao Huangchao's token in his hand. As long as Ouyang Wufeng is not stupid, he will not offend Chen Ping!

After all, the Xiao Dynasty is the largest force in the Western Region, accounting for nearly one-third of the Western Region's area of influence alone!

How can the small Medicine God Island compare with Xiao Dynasty?

Everyone was confused when they saw Ouyang Wufeng being so polite to Chen Ping!

Especially those law enforcement deacons kneeling on the ground and the Five Heroes of Nanfang!

Chapter: 6862

The five people all looked dull and incredulous!

They don't understand what's going on?

Chen Ping is just a sixth-grade monk in the Tribulation Realm!

How could Ouyang Wufeng be so polite?

Could it be that Chen Ping has huge power behind him?

Thinking of this, the Five Heroes of Nanfang suddenly broke out in cold sweat on their foreheads!

Mr. Miao was also looking at Chen Ping in shock at this moment. He didn't understand, how could Chen Ping make the young master of Medicine God Island be so respectful?

You must know that Medicine God Island is located in a remote place, and Chen Ping has never been there before!

What's going on?

“These five guys bullied men and women and ran rampant. I only took a small step to stop them, but I didn't expect these law enforcement deacons to arrest me and lock me up without asking any questions.”

Chen Ping said calmly!

Of course Ouyang Wufeng knew the character of the Five Heroes of Nanfang, and he only tried to bully a few of them. Only a few of them could do things for the Ouyang family, so he turned a blind eye!

But now, the five people have offended Chen Ping, and Ouyang Wufeng can't pretend not to see it anymore!

“You bastards, you don't want to offend anyone, you dare to offend Fellow Daoist Chen, he is a distinguished guest of the Xiao Dynasty.”

“Prince Xiao's illness was cured by Fellow Daoist Chen. Prince Xiao has already spoken. Anyone who dares to offend Fellow Daoist Chen will be killed without mercy!”

Ouyang Wufeng angrily shouted at the Five Heroes of Nanfang!

When these five guys heard that Chen Ping actually cured Prince Xiao and became a distinguished guest of the Xiao Dynasty, they were so frightened that they fell to their knees!

Everyone finally understood why Ouyang Wufeng was so polite to Chen Ping, a sixth-level monk in the Tribulation Realm!

It turns out that Xiao Huangchao is behind Chen Ping, so of course he has to be polite!

“Mr. Chen, we are blind and deserve death...”

The Five Heroes of Nanfang kowtowed with all their might!

The law enforcement deacons were also trembling all over and were so frightened!

If they knew that Xiao Huangchao was behind Chen Ping, and given them a hundred courages, they wouldn't dare to attack Chen Ping!

Not to mention scolding them, even if I slap them twice, they don't dare to move!

Chapter: 6863

“Fellow Daoist Chen, if you don't vent your anger, these guys will be at your disposal!”

Ouyang Wufeng pointed at the law enforcement deacons and the Five Heroes of Nanfang kneeling on the ground and said!

In other words, Chen Ping can make these people die at any time with just one sentence!

But Chen Ping could see what Ouyang Wufeng meant. He didn't want these people to die!

The reason why I say this is just to give Chen Ping enough face in public!

Chen Ping walked down the slope and said, "Forget what happened today, I hope I can control him more in the future!"

Chen Ping was not taking action, let alone killing these people!

"Definitely, I will strictly control you after I return!"

Ouyang Wufeng nodded!

Then Ouyang Wufeng led everyone away!

Those who originally wanted to watch Chen Ping's excitement all came together!

Since Chen Ping was able to cure Prince Xiao's illness, he must have great medical skills!

Many people wanted Chen Ping to help with treatment, and they also offered a lot of rewards!

Others want to get close to Chen Ping and build relationships!

After all, Chen Ping has Xiao Huangchao behind him. Being able to be friends with Chen Ping is like relying on a big tree!

Seeing the commotion, Chen Ping felt dizzy and could only leave quickly with Liu Ruyan and Mr. Miao!

Chen Ping took Mr. Miao and Miao Miao directly to his residence!

“Miao Lao, what is going on? Why are you here on Medicine God Island?”

“And what’s wrong with Miss Miao?”

After returning to his residence, Chen Ping asked Mr. Miao in confusion!

Mr. Miao sighed softly and said: “Mr. Chen doesn’t know something. Boss Cai and the others left after we came out of the battlefield of gods and demons, but my granddaughter has always had problems with her mind.”

“I’m always nagging, and sometimes I’m crazy...”

“I also looked for many people to treat me, but there was no way I could get it right. In the end, I had no choice but to come to Medicine God Island to try my luck.”

“I have been here for more than ten days, but unfortunately I don’t have any treasures as a reward, and no one is here to treat my granddaughter.”

Chapter: 6864

“If I hadn’t met Mr. Chen today, I don’t know what the consequences would have been!”

Mr. Miao was so grateful to Chen Ping!

“Hasn’t Miss Miao already had her memory erased by Bai Qian at that time? Why is she still like this?”

Chen Ping was very puzzled!

Judging from Miao Miao's appearance, it was obvious that she was acting like this because she was mentally stimulated and couldn't bear it!

Generally, the spiritual power of monks is very strong, otherwise it would be impossible to emit spiritual consciousness to explore the surrounding situation!

Compared with ordinary people, the spiritual power of monks is hundreds or thousands of times stronger!

Logically speaking, this kind of mental power should not become insane after receiving a little stimulation!

"I don't know, maybe the memory erasure is not complete, Miao Miao still has that painful memory in her consciousness!"

Mr. Miao doesn't know why. If he knew, he might have found a cure long ago!

"Let me help Miss Miao take a look..."

After Chen Ping finished speaking, a burst of spiritual energy entered Miao Miao's body instantly!

This spiritual energy directly entered Miao Miao's sea of consciousness!

Just for a moment, Miao Miao suddenly went berserk and started yelling!

When Chen Ping saw this, he took out a palm and knocked Miao Miao unconscious!

Then the whole person frowned!

Because at this time, Chen Ping had already discovered what happened to Miao Miao from her sea of consciousness!

Although Bai Qian erased that memory of Miao Miao, this memory was too profound for Miao Miao!

Even if it is erased, the memory imprinted in the sea of consciousness still remains!

That's why Miao Miao slowly picked up that unbearable past!

If a girl is raped by dozens of people in line, anyone will go crazy!

After completing the investigation, Chen Ping looked at Mr. Miao with a heavy expression!

"Mr. Chen, how is my granddaughter? Can she be cured?"

Mr. Miao asked quickly!

"Miao Lao, the experience in the battlefield between gods and demons was a huge blow to Miss Miao. It would be too difficult to erase that memory alone."

"Now if we want Miss Miao to recover, we can only erase all her memories so that she can recover. But by then she won't recognize anyone, so you have to guide her slowly."

Chen Ping said to Mr. Miao!

Listening to what Chen Ping said, Mr. Miao looked at Miao Miao quietly, struggling in his heart!

When the time comes, my granddaughter won't recognize me, so what's the point!

But he couldn't watch Miao Miao being so crazy all the time!

After hesitating for a moment, Mr. Miao gritted his teeth and said: "Okay, this is the only way!"

"Mr. Miao, I will try my best to retain the most basic memory of Miss Miao, but I can't guarantee 100% success!"

Chen Ping has never helped anyone erase their memories, so he can't guarantee it!

"Mr. Chen, just go ahead and do it boldly. No matter what the result is, I can bear it!"

Mr. Miao said with great trust.

Chen Ping nodded, and then a golden light emitted from his palm, completely surrounding Miao Miao!

Chapter: 6865

It is easy to erase the memories of ordinary people, but it is extremely difficult and expensive to erase the memories of monks in the sea of consciousness!

After several hours, Chen Ping finally stopped, his whole body was soaked with sweat!

“Miao Lao, I have erased Miss Miao’s memory. Whether I can retain the most basic memory, I can only know when she wakes up!”

After Chen Ping finished speaking, he sat down on the chair!

He was really tired and spent a lot of time!

Seeing Chen Ping like that, Mr. Miao said with gratitude on his face: “Mr. Chen, thank you. Regardless of whether Miao Miao recognizes me or not, I will take good care of her!”

At this moment, Miao Miao slowly opened her eyes.

Seeing that Miao Miao was awake, Mr. Miao rushed over nervously. He didn’t know if his granddaughter still recognized him!

When Miao Miao saw Mr. Miao, he softly shouted: “Grandpa...”

When Mr. Miao heard this, he immediately agreed happily, and his tears couldn’t stop flowing out!

“Grandpa, why are you crying? Where are we?”

Miao Miao stood up, wiped Mr. Miao’s tears and asked!

“Grandpa is okay, I will take you home right now!”

Mr. Miao was so happy to see that his granddaughter still recognized him!

Chen Ping also breathed a sigh of relief. Miao Miao still had the most basic memories, so there was no need for Mr. Miao to guide her slowly!

“Mr. Chen, thank you so much...”

After Mr. Miao finished speaking, he knelt down directly to Chen Ping!

“Miao Miao, it’s just a little effort!”

Chen Ping quickly supported Mr. Miao and prevented him from kneeling down!

“Grandpa, who is this person? Why do you want to kneel down to him?”

Chapter: 6866

Miao Miao looked at Chen Ping in confusion. She didn’t understand why her grandfather knelt down for a young man like Chen Ping!

“Miao Miao, this is Mr. Chen, a nobleman of our family. He...”

Mr. Miao was about to follow Miao Miao to introduce Chen Ping, but was interrupted by Chen Ping: “Mr. Miao, it’s better not to tell Miss Miao too much. Whatever she can remember will be ignored, lest she fall into memories.”

When Mr. Miao heard this, he quickly shut his mouth!

“Miao Lao, I wonder where you are going next?”

“If you have nowhere to go, you can live here. The house here is spacious enough anyway.”

Chen Ping asked!

“Thank you, Mr. Chen. I plan to take Miao Miao home and won’t take her around again.”

Miao Lao said!

“No matter how dangerous the world is, a safe and stable life is the most important thing.”

Chen Ping sighed softly, the dangers in the world of heaven and humans are thousands of times more severe than those in the secular world!

There are no rules at all in the world of gods and humans, strength is everything!

The secular world at least has legal restrictions, so it won’t be so chaotic!

Mr. Miao left with Miao Miao, while Chen Ping swallowed a large amount of pills and set up a spirit gathering array. Chen Ping needed to take a good rest before he could recover again!

While Chen Ping was resting, the only three-story building in the area where they lived was brightly lit even though it was late at night.

This is the residence prepared by Yaoshen Island for Su Tianshuo, the president of the Western Regions Pharmacist Association. How can I say that Su Tianshuo did a lot for this Pharmacist Conference on Yaoshen Island!

In the hall of the room, Su Tianshuo sat quietly, and opposite Su Tianshuo, there were more than a dozen people sitting!

These people are the heads of major medical families, including two of the four major medical families in Yongle City!

Bao Longxing, the head of the Bao family, and Diao Changmin, the head of the Diao family.

But the Zhou family and Zhen family were not present!

Chapter: 6867

Everyone looked solemnly, looking at Su Tianshuo in front of them!

“Everyone, I summoned you here. You must know why.”

“This Medicine Master Conference is by no means as simple as it seems on the surface. Let me tell you the truth, half of the people we come here will die on this Medicine God Island.”

Su Tianshuo said slowly after a moment of silence!

Hearing Su Tianshuo say this, everyone’s eyes clearly flashed with surprise, but they did not speak!

Su Tianshuo continued: “Whether it is the Medicine Master Guild or the major aristocratic families, they have always been fighting openly and secretly.”

“The Patriarchs Bao and Diao of Yongle City should know this best. Now that the Zhou family and the Zhen family are married, Zhong Yaozun has also become a member of the Zhen family, and Chen Ping, who suddenly appeared, is also a member of the Zhen family. Brought by Zhen Ni who has been away for decades.”

“The current strength of the Zhen family and the Zhou family is obviously not something that other aristocratic families can compete with. The Bao family and the Diao family will definitely be annexed by them.”

“And this time the Medicine Master Conference may be the time to reshuffle the cards. Medicine God Island will not be so kind to invite everyone here. As far as I know, Medicine God Island is under threat, so they are trying their best to have the Medicine Master Conference in It was opened on Yaoshen Island.”

After Su Tianshuo said these words to everyone, everyone suddenly went crazy!

“President Su, what’s going on? Since you know, why didn’t you tell us before and let us come to Medicine God Island?”

“Who dares to threaten Medicine God Island? The strength of Medicine God Island cannot be underestimated now!”

“Yao Shen Island is threatened, do you want us to be a shield?”

Everyone asked in confusion!

“President Su, what do you mean? We all trust you very much, so you don’t need to show off to us.”

Bao Longxing, the head of the Bao family asked!

“Yes, we are now a community of interests, so don’t hide it from us.”

Diao Changmin, the head of the Diao family!

“Do you know about the Heaven-Destroying Sect?” Su Tianshuo asked!

“Of course I know. Isn’t it the sect that knows both medical skills and formation techniques?”

Chapter: 6868

“This Heaven-Destroying Sect is just a swindler. They only know the basics of medical skills, but their formation skills are really good.”

“If I remember correctly, this Heaven-Destroying Sect should be a Demonic Cultivation Sect, right?”

Everyone said it one after another!

“President Su, what does it have to do with the Heaven-Destroying Sect following Yaoshen Island? Could it be that the Heaven-Destroying Sect is threatening Yaoshen Island?”

Bao Longxing asked!

“Yes, the Zhantian Fa Sect also knows that Medicine God Island is the place where Medicine God fell, and wants to occupy Medicine God Island. And Medicine God Island has devoted a lot of resources to let all of us come to Medicine God Island to hold the Medicine God Conference. Just gather us people to help resist the Heaven-Destroying Sect!”

Su Tianshuo nodded and said!

Everyone was a little confused, and then asked in confusion: “President Su, how do you know these things? Did the people from Yaoshen Island tell you?”

“Of course not!” Su Tianshuo shook his head: “Because I have cooperated with the Tianzhan Dazong, so of course I know!”

As soon as Su Tianshuo finished speaking, everyone was in an uproar!

Someone even stood up suddenly and looked at Su Tianshuo in disbelief: “President Su, are you unable to achieve demonic cultivation?”

“Of course I am not a demon cultivator. Who said that only demon cultivators can cooperate with the Heaven-Zhancing Sect.”

“I summoned you secretly and gave special instructions on this matter. When the time comes, we will cooperate with the Zhantian Dharma Sect internally and externally, and Yaoshen Island will be ours.”

“No matter what resources there are on Yaoshen Island, they belong to us people, and no one will share them equally with us.”

“There are other pharmacists. If they know the current affairs, we will recruit them. If they don’t, we will kill them without mercy!”

“At that time, we will be the only ones in control of medical skills in the entire world of gods and humans. No matter how powerful the sect is, they will always ask for help from us.”

Su Tianshuo’s eyes were shining with greed!

A small president of the Medicine Society of the Western Regions cannot satisfy him at all. What he wants is the entire heaven and human world!

He wants to control the medical skills of the entire heaven and human world. At that time, whatever resources he wants, they will be available!

Su Tianshuo's words echoed in the air, causing everyone present to fall into deep silence.

Chapter: 6869

"This matter is no small matter. If it succeeds, we will definitely gain huge benefits!"

Su Tianshuo's gaze swept over everyone present, with a greedy light shining in his eyes, "But if we fail, those of us who collude with the demon cultivators will definitely be kicked out of the major pharmacist associations, and we will even lose our lives!"

Everyone's expressions were extremely solemn, and they knew the seriousness of this matter.

The rules of the Medicine Master Association are strict, and if they are found to be colluding with demon cultivators, the consequences will be disastrous.

But the temptation of huge interests is like the whisper of the devil, constantly teasing in their hearts.

"Everyone, in addition to the resources of Medicine God Island, don't forget that there is Chen Ping. This guy is worth hundreds of years of worship from the Demon Sealing Alliance."

Su Tianshuo's voice sounded again, full of bewitching power, "Can you imagine how huge a resource the Demon Sealing Alliance's hundred-year dedication will bring?"

"Everyone, profit, this is something that makes people crazy and obsessed! It is like a fire burning in the heart. Once it is ignited, it cannot be extinguished."

“In this world, if there is no profit motive, who will go all out? Who will take risks?”

“Look at the opportunities in front of us. They are huge and unimaginable benefits! The resources of Yaoshen Island are piles of treasures. As long as we can get them, we can soar into the sky!”

“And Chen Ping, he carries the hundred-year enshrinement of the Demon Sealing Alliance on his back.

A hundred years of worship! There are so many rare medicinal materials, so many mysterious techniques, and so many treasures that can greatly increase our strength! With these, we can walk sideways in the world of gods and humans, and no one dares to look down upon us!

Interest is the cornerstone of power and the source of glory.

With interests, we can control the life and death of others and determine their fate.

We are no longer small characters being ordered around, but overlords who can dominate everything!

For the sake of profit, we can do whatever it takes! All rules and morals are nothing in the face of huge interests! As long as we succeed, what can those so-called accusations and criticisms do to us?

If you don't succeed, you will succeed! But as long as we succeed, we can enjoy all the glory and wealth, and let everyone worship us!

Interest is the driving force for our progress and the goal of our struggle! Let us seize this opportunity tightly and do whatever it takes for the sake of profit! ”

I have to say that Su Tianshuo does have the charm of language, and his words are extremely inflammatory!

Everyone's breathing quickened slightly. The hundred-year tribute from the Demon Sealing Alliance was an unimaginably huge wealth.

For these pharmacists, resources mean higher medical achievements, stronger status and power.

"As long as we succeed, even if we kill Chen Ping, Xiao Dynasty will not dare to do anything to us. After all, all the people with excellent medical skills in the heaven and human world are here."

Su Tianshuo continued, "If anything happens to us, I'm afraid there won't be another senior pharmacist in the entire world of heaven and humans."

Su Tianshuo's words caused waves in everyone's hearts.

They weighed the pros and cons in their hearts, and desires and fears clashed fiercely in their hearts.

"President Su, I support you and I am willing to work with you!"

Bao Longxing, the head of the Bao family, was the first to break the silence.

There was a look of determination on his face, as if he had put all worries behind him.

Immediately afterwards, the head of the Diao family, Diao Changmin, also spoke: "Count me in. As the saying goes, the bold will be starved to death and the timid will be starved to death. Anyway, after this pharmacist conference, the Zhou family and the Zhen family will definitely take action against us. We still have to fight." It's better to strike first!"

As Bao Longxing and Diao Changmin spoke, others no longer hesitated and expressed their opinions one after another, following Su Tianshuo!

Seeing everyone's response, Su Tianshuo laughed, with a trace of pride flashing in his eyes.

Chapter: 6870

"Okay, we are now grasshoppers on the same rope, and we must make a blood alliance..." As he said that, Su Tianshuo directly forced out a drop of blood and dropped it into the wine bowl in front of him.

The others followed suit and forced out the blood, and then drank the bowl of wine with the oath in one gulp.

At this time, in the Ouyang family, Ouyang Xing, the owner of Medicine God Island, did not feel sleepy at all.

He stood in front of the window, looking at the full moon outside and the waves crashing on the shore, and he fell into deep thought.

Under Ouyang Xing's feet, densely packed insects with a faint golden light were constantly moving back and forth.

These are the golden beetles raised by Ouyang Xing. These insects are unique to Yaoshen Island.

The golden beetle was originally black, but because it was often wrapped in the mist of the medicine god refining elixirs on Medicine God Island, it turned into golden armor over time.

The bite force of this golden beetle is very huge, and the power of swarms is even more amazing.

"Father, it's late at night, it's time for you to rest!" Ouyang Wufeng saw that the lights were still on in his father's room, so he walked in gently.

Ouyang Wufeng ignored the golden beetle under his feet. Every time he took a step, the golden beetle under his feet seemed to be under control and automatically moved out of the way.

“Feng’er, do you think we can escape this time?” Ouyang Xing looked out the window, his voice full of worry.

“Father, hundreds of pharmacists are here this time, including major medical families and the presidents of the pharmacist associations from four of the five regions. I don’t think the Zhantian Dharma Sect dares to come and cause trouble.”

Ouyang Wufeng said, “Those guys are just scaring us. With their little medical skills, even if the Medicine God Island is given to them, they will not be able to understand the inheritance left behind by the place where the Medicine God fell.”

“You’d better not worry too much. As the saying goes, when soldiers come, the water will come and the earth will cover it...” Ouyang Wufeng tried to comfort his father.

After hearing this, Ouyang Xing turned around with a wry smile, looked at Ouyang Wufeng and said: “Feng’er, do you also think that I invited this pharmacist conference to Yaoshen Island to hold it to let these pharmacists help us resist the Heaven-Destroying Sect? ”

“Isn’t it?” Ouyang Wufeng said doubtfully.

“Of course not.” Ouyang Xing’s eyes became firm and profound, “I really want to use the resources on Medicine God Island to benefit the medicine masters in the entire heaven and human world. It would be better if someone cracked the inheritance of Medicine God. ”

Ouyang Wufeng stared at his father blankly, with complex emotions welling up in his heart.

Ouyang Xing walked slowly and continued: "There are too few pharmacists in the world of gods and humans, and there are even fewer pharmacists with superb medical skills. All the monks want to ascend to immortality, and no one is willing to devote their energy to learning medical skills. "

There was a hint of helplessness and regret in his voice.

"Father, I didn't expect you to think this way, but do we bear the risk ourselves?" Ouyang Wufeng couldn't help but say.

"So what about the risks?" Ouyang Xing interrupted him, "If I can make some contribution to the pharmacists in the world of heaven and man, my life will not be in vain."

"No matter who gets the inheritance of the God of Medicine, they must not let those demon cultivators from the Tianzhan Fa Sect get it. They have evil intentions. If they are allowed to get the inheritance, they will definitely bring huge disasters to the world of heaven and humans."

Ouyang Wufeng was silent for a moment, and then said: "Father, I understand, and I will fully support your decision."
