

The Order 6871

Chapter: 6871

Ouyang Xing patted Ouyang Wufeng on the shoulder and said, "Feng'er, in this Medicine Master Conference, all parties have evil intentions. We must deal with it carefully, but no matter what, our original intention cannot be changed."

Ouyang Wufeng nodded and said, "Don't worry, father, I will definitely protect Medicine God Island and this conference."

The moonlight shines on the father and son, reflecting their firm figures. And on this seemingly peaceful Yaoshen Island, a huge storm is quietly brewing.

At this time, Su Tianshuo and others were plotting a more detailed plan.

"We must find a way to control the various arteries of Yaoshen Island and not let the news leak out." Su Tianshuo said.

"There are many people around Chen Ping. It's not easy to catch him." Someone raised concerns.

"Hmph, we can take advantage of them and take action at the Medicine Master Conference." A flash of fierceness flashed in Su Tianshuo's eyes, "The situation will be chaotic and no one will be able to care about anyone else."

Everyone nodded and agreed with Su Tianshuo's plan.

On the other side, the Zhou family and the Zhen family were also secretly observing the development of the situation. They were not ignorant of the little actions of Su Tianshuo and others.

Having been together in Yongle City for so many years, Su Tianshuo, the Bao family, and the Diao family can all guess what they are thinking!

Tonight Bao Longxing and Diao Changmin secretly went to Su Tianshuo's residence. There must be some ulterior secret!

The Zhou family and the Zhen family want to annex the Bao family and the Diao family!

Similarly, it is impossible that the Bao family and the Diao family have no intention of annexing their two families!

Although they usually laugh and laugh when they meet, secretly they want each other to die!

"It seems that the Medicine Master Conference will not be peaceful this time." Zhou Qian, the head of the Zhou family, said.

"We can't be careless, we must be prepared to deal with it." Zhen Yuandao, the head of the Zhen family, said.

Although the two of them knew what Su Tianshuo was doing at this time, they were thinking of targeting their two families. They never expected that Su Tianshuo wanted to target the pharmacists in the entire heaven and human world!

The entire Medicine God Island was shrouded in a tense atmosphere, and all forces were secretly competing, waiting for the opportunity to come.

On the eve of the Medicine Master Conference, the atmosphere on Medicine God Island became increasingly tense.

The pharmacists are making final preparations for the upcoming conference, while those with evil intentions are secretly planning how to realize their ambitions.

Ouyang Xing busily shuttled between various venues, checking whether all preparations were ready.

Ouyang Wufeng led his family's disciples to strengthen the island's defense.

Su Tianshuo and others were also busy arranging the final details. Their eyes were full of anticipation and nervousness, as if they were about to start a life-or-death gamble.

Time flies, and it's soon time for the Pharmacist Conference to begin!

Chapter: 6872

The entire Medicine God Island is a lively scene, and everyone is filled with excitement!

But no one knows what kind of conspiracy is hidden under this excitement!

It was just dawning, and all the pharmacists gathered under Yaoding Mountain. At the foot of Yaoding Mountain, a high platform was set up!

A simple opening ceremony for the pharmacist conference is still necessary!

The surroundings of Yaoding Mountain are surrounded by thick white mist. This white mist seems to be spreading out from the process of refining medicine in Yaoding!

But this white mist is not a spiritual mist, but a kind of poison!

Rumor has it that it is to protect the elixirs in Yaoding Mountain!

Since this Medicine Cauldron Mountain was used by the God of Medicine to refine medicine, there must be a lot of leftover elixirs in it!

However, this white mist does not exist for a long time. When the sun rises, the white mist will slowly dissipate!

At this moment, there was a crowd of people on the high platform. The president of the Four Regions Pharmacist Association and some heads of medical families were all sitting on it.

“Everyone, welcome to Medicine God Island. This time the Medicine Master Conference is held on our Medicine God Island. It is my master’s pleasure.”

“Our Ouyang family will be responsible for all expenses incurred by everyone here, and the Medicine Master Conference has also set up multiple awards, which can also add a bit of fun when fellow Taoists communicate with each other!”

“The mountain behind me that looks like a medicine cauldron is called Medicine Cauldron Mountain. Rumor has it that it was the medicine cauldron used by the God of Medicine to refine medicine, and it eventually turned into a big mountain!”

“The Medicine God fell in this Medicine Cauldron Mountain, and there are still many pills refined by the Medicine God left in the Medicine Cauldron Mountain!”

“If you want to get these things, it depends on everyone’s luck. There is even the inheritance of the God of Medicine. If someone can understand it, it will be a blessing for us in the world of gods and humans.”

“Now I announce that the Medicine Master Conference will now begin...”

Following Ouyang Xing's loud announcement, bursts of gunfire roared and the applause was deafening!

Many pharmacists are still very touched by Yaoshen Island's generosity!

As the conference started, the white mist on Yaoding Mountain began to boil, and then gradually dissipated!

The entire Yaoding Mountain was revealed in front of everyone. Looking at the majestic Yaoding Mountain, everyone was filled with shock!

"Everyone, although the Medicine Master Conference is open, anyone can go explore the Medicine Cauldron Mountain. However, I would like to advise you that if you are not strong enough, entering the Medicine Cauldron Mountain will lead to no return!"

"You all have to think clearly. Don't find the magic elixir and lose your life when the time comes!"

Ouyang Xing reminded everyone!

When Ouyang Wufeng needed to take exams to select people to participate in the Pharmacist Conference, he was also afraid that some pharmacists with low abilities would die in the Pharmacist Conference!

Chapter: 6873

But who knew that the appearance of Zhongqing would cause many pharmacists to pass the exam and all come to participate in the pharmacist conference!

"Fellow Taoists, Island Master Ouyang has made it very clear. If you feel that your strength is low, it is best to wander around at the foot of the mountain."

"With so many pharmacists, they can also learn and communicate with each other, and Medicine God Island has also set up a lot of rewards."

“Although there will definitely be many treasures in this place where the God of Medicine fell, everyone must act within their capabilities.”

“When the time comes, your life will be lost in vain, but no one will be responsible.”

Su Tianshuo stood up and said to many pharmacists!

“Life and death are determined by fate, and wealth and honor are in the sky. Now that I’m here, I’m coming to the place where the God of Medicine fell.”

“Yes, we are not afraid of starving the brave to death and starving the timid!”

“We can be united, and as long as we are united, there will be no danger.”

Everyone shouted, they were not afraid of death at all!

“Okay, a Taoist friend just said it is right. As long as we unite as one, there will be no danger.”

“If any Taoist friends are willing to follow our Western Region Pharmacists Association, I can guarantee everyone’s safety.”

Su Tianshuo took advantage of the situation and said.

As soon as they heard that Su Tianshuo could guarantee safety, many people immediately wanted to follow the Western Regions Pharmacist Association. After all, there was strength in numbers and safety!

Seeing so many people wanting to follow him, Su Tianshuo raised the corners of his mouth slightly!

This is the result he wants. The more people follow him, the easier it will be to follow up!

These pharmacists did not even think about it. Although it was safe to follow Su Tianshuo and others, if they really encountered the magical elixir or the inheritance of the God of Medicine, how could they have a share?

However, these pharmacists did not think of this, and they all chose to stand with Su Tianshuo!

Zhou Qian and Zhen Yuandao looked at each other and frowned slightly!

They knew that the Bao family and the Diao family were wearing a pair of trousers with Su Tianshuo. If there were so many pharmacists following Su Tianshuo now, then the two families would be in danger!

After entering Yaoding Mountain, if these people suddenly attack the two of them, it will be difficult for the two of them to resist!

Now the two of them must contact helpers!

The two of them didn't know that Su Tianshuo was not targeting their family, but all the pharmacists at the scene!

"Old Zhou, now Su Tianshuo has started to form a gang. It is obvious that after entering the mountain, he will attack our two families."

Zhen Yuandao said!

“Definitely, now we also have to recruit some talents.”

“Needless to say, that Zhong Yaozun will definitely be with us, as well as the Chen Ping your sister brought. He is very close to Chen Wenliang of the Central Region Pharmacist Association.”

“If possible, we can bring the Zhongyu Pharmacist Association to our side. This way, we don’t have to be afraid of Su Tianshuo and the others.”

“The most important thing is that Chen Ping has Xiao Huangchao’s support behind him. I don’t think Su Tianshuo dares to take action easily.”

Zhou Qian said!

“When I enter the mountain later, I’ll ask Chen Ping to see what he means!”

Zhen Yuandao nodded and planned to talk to Chen Ping in person later!

Chapter: 6874

At this moment, there was a buzz!

Yaoding Mountain was filled with light, and everyone instantly felt relaxed and happy!

“Okay, everyone can enter Yaoding Mountain, but please remember that in three days, Yaoding Mountain will be covered by white mist again.”

“If you fail to come out within three days, you will be swallowed up by the white mist and buried in Yaoding Mountain.”

Ouyang Xing reminded everyone!

However, many people have not listened to Ouyang Xing’s reminder, and have jumped into the air one after another, rushing into Yaoding Mountain without looking back!

They always think that whoever enters first will get something good!

Seeing many monks rushing into Yaoding Mountain regardless of their own safety, Ouyang Xing sighed softly and shook his head!

He gave good advice, but no one listened!

Su Tianshuo didn’t dare to delay, so he immediately led people into Yaoding Mountain!

As for dealing with Chen Ping, Yaoding Mountain is the best opportunity!

When Chen Ping is killed, no one will know who did it, after all, so many people rushed into Yaoding Mountain!

They can take advantage of the chaos and attack Chen Ping!

Zhou Qian and Zhen Yuandao looked at each other and led their respective tribesmen into Yaoding Mountain!

“Fellow Daoist Chen, I’m taking the first step. If you are in danger, you can contact me at any time!”

Chen Wenliang also led the people from the Zhongyu Pharmacist Association and rushed into Medicine Cauldron Mountain!

These pharmacists are rushing to be the first, for fear of falling behind others!

In the eyes of these people, Yaoding Mountain is a huge treasure!

“Mr. Chen, let’s go in quickly!”

Nie Heng saw that Chen Ping was still not moving and was not in a hurry, so he urged!

“No hurry!” Chen Ping looked at the high platform!

He found that this time, no one from the Ouyang family seemed to have entered Yaoding Mountain!

Not only did he not enter, the way Ouyang Xing sighed and shook his head just now was also captured by Chen Ping!

Chen Ping felt that this pharmacist conference was anything but simple!

Chapter: 6875

And this Medicine God Island probably doesn’t have such good intentions. Maybe this so-called place where the Medicine God fell is a scam and a conspiracy!

Chen Ping jumped onto the high platform. He wanted to question Ouyang Xing face to face!

If this is a conspiracy, Chen Ping will uncover the conspiracy!

But Chen Ping didn't know that there was indeed a big conspiracy in this pharmacist conference, but it was not planned by Ouyang Xing!

Ouyang Xing seemed surprised when he saw that Chen Ping was not in a hurry to enter Yaoding Mountain, but climbed onto the high platform and came towards him!

It is indeed not simple that Chen Ping has not lost his ability to think under the temptation of huge benefits like Yaoding Mountain!

"Father, this is Chen Ping, the man who cured Prince Xiao and was praised by Emperor Xiao!"

Seeing Chen Ping coming this way, Ouyang Wufeng said quickly!

"Oh, it turns out it's this young man. It seems he has a bright future!"

Ouyang Xing suddenly became interested in Chen Ping!

Chen Ping walked straight up to Ouyang Xing, followed closely by Liu Ruyan and Nie Heng!

"Fellow Daoist Chen, aren't you in a hurry to enter Yaoding Mountain?"

Ouyang Wufeng asked Chen Ping curiously!

After all, with Chen Ping's strength and medical skills, there is no problem in entering Yaoding Mountain!

"I want to enter, but before entering, I need to ask a few questions to Taoist Ouyang!"

Chen Ping said!

"What are you asking me for? If I know anything, I will definitely tell you everything!"

Ouyang Xing said to Chen Ping with great appreciation!

"Ouyang Island Master, you have tried so hard to invite the Medicine Master Conference to Yaoshen Island, but your Ouyang family did not send anyone to Yaoding Mountain. Why is this?"

Chen Ping asked!

"Because we have explored this Medicine Cauldron Mountain many times and lost many people. Although we have gained something, we have not received the inheritance of the Medicine God, so we will not send anyone in this time."

Ouyang Xing explained!

"Is it because of this?" Chen Ping's eyes narrowed slightly, obviously he didn't believe it!

"Of course, otherwise what's the point?" Ouyang Xing said with slightly condensed eyes.

Chapter: 6876

The sun shone on the land of Yaoshen Island, and the breeze blew gently, but it failed to calm the tense atmosphere at the moment.

“Can I not see it? You let everyone enter Yaoding Mountain, but you don’t go in. I suspect there is a conspiracy.”

Chen Ping’s eyes were firm and he looked directly at Ouyang Xing without flinching. “You don’t want to take advantage of the pharmacist conference to suppress the entire pharmacists in the heaven and human world. Do you want one family to dominate?”

Ouyang Xing frowned slightly when he heard Chen Ping’s question, and the smile on his face disappeared instantly.

Ouyang Wufeng on the side was extremely angry and said loudly: “Fellow Daoist Chen, what evidence do you have that my father wants to suppress the pharmacists in the entire heaven and human world?”

His face turned red and he was very excited, “Not only did my father not want to suppress them, he also took the initiative to donate the place where the Medicine God fell on Medicine God Island, hoping to make greater development in the field of medicine in the world of gods and humans.”

“Now our Medicine God Island is facing the threat of being destroyed. My father still insists on holding a Medicine Master Conference so that everyone can go to Yaoding Mountain to benefit. You actually doubt him.”

“Wufeng...” Ouyang Xing quickly glared at Ouyang Wufeng, “Shut your mouth and stop talking!” There was a hint of majesty in his voice, trying to stop his son from continuing to argue impulsively.

Chen Ping asked with a puzzled look on his face: “Threatened by destruction? What does this mean? Could it be that if Yaoshen Island is going to overturn, then all of us will die here.”

His eyes were full of confusion and suspicion, and he stared at Ouyang Xing closely, hoping to get a reasonable explanation from him.

Seeing that Chen Ping was still doubtful, Ouyang Xing sighed softly and said, "Since you want to know, I won't hide it from you!"

His eyes became heavy and serious, "To be honest, the Zhantian Fa Sect has also set its sights on Yao Shen Island, the place where the Medicine God fell. They have always wanted to capture Yao Shen Island!"

Ouyang Xing's voice trembled slightly, as if he recalled the terrible threat.

"This time the Tianzhan Dharma Sect has gathered thousands of disciples to carry out a devastating blow to our Medicine God Island!"

"It is estimated that they will arrive in three days, so I told everyone to leave Yaoding Mountain within three days!"

"No matter how many secrets are discovered in Yaoding Mountain during this Medicine Master Conference, they will still be the treasures of the entire Medicine Master world."

"After you leave, I will destroy Yaoding Mountain. Even if it is destroyed, I will not let Zhantian Dazong occupy it." Ouyang Xing's eyes were full of determination, as if he had already prepared to fight with the Medicine God. The island is prepared to survive or die together.

"The Heaven-Destroying Sect? That demon cultivating sect with strong magic skills?" At this time, Liu Ruyan on the side said in surprise.

Her face turned slightly pale, obviously she had heard about the reputation of this sect.

“Ruyan, do you know this sect?” Chen Ping turned his head and asked eagerly.

Liu Ruyan nodded and said nervously: “This Zhantian Fa Sect is a sect that specializes in magic, and they are all demon cultivators. All the disciples of Zhantian Fa Sect do all kinds of evil, but because of their The spells are too powerful, and many people can’t do anything with them.”

“This Heaven-Destroying Sect not only specializes in magic, but also knows some medical skills, so they should want to occupy Medicine God Island.”

Liu Ruyan’s voice trembled slightly, revealing the fear in her heart.

Ouyang Xing added: “They have been coveting the resources of Medicine God Island for a long time, especially the mysterious power and precious herbs contained in the place where Medicine God fell, which will be of great help to them in improving their magic and medical skills.”

Chapter: 6877

His eyes were full of worry, “And our Medicine God Island has always been famous for its medical skills, and it is indeed relatively weak in terms of magic defense.”

“You, Yaoshen Island, are all demonic cultivators. How come you are both demonic cultivators, and this Tianzhan Dazong doesn’t let you go?” Chen Ping asked curiously, frowning, trying to clarify the complicated relationship between them.

After hearing this, Ouyang Xing’s face suddenly became a little ugly. He glared angrily and said loudly: “You said we are demon cultivators. Can you detect a trace of demonic energy from us?”

His voice echoed in the air with deep anger and dissatisfaction.

Chen Ping was stunned for a moment, and then his consciousness came out and he carefully probed Ouyang Xing and Ouyang Wufeng beside him.

However, what surprised him was that there was no trace of devilish energy in either of them! This made Chen Ping feel very strange, and he couldn't help but fell into deep thought.

Chen Ping had heard that the pharmacists on Yao Shen Island were all driven to Yao Shen Island because they practiced magic skills and became demon cultivators, leaving them to fend for themselves!

But now, there is no trace of demonic energy in Ouyang Xing and his son, which proves that they do not practice demonic skills at all!

"Why don't you have demonic energy on your body?" Chen Ping asked in surprise, his eyes full of doubts and confusion.

"We are not demonic cultivators at all, so how did we get the demonic energy? The reason why you heard that the pharmacists on Medicine God Island are all demonic cultivators is just a rumor from a long time ago."

Ouyang Xing's face was livid, and his voice was full of helplessness and grief, "Many of us were pushed to Yaoshen Island, not to practice magic! They pushed us to Yaoshen Island and left us to fend for ourselves. And fabricated lies and slander!"

Only then did Chen Ping realize that the rumors about Yaoshen Island were all false, and they were all slanderous words passed down from the past!

He felt a pang of guilt, blaming himself for his previous misunderstanding.

"Ouyang Island Master, then why don't you tell everyone clearly that we can help Yaoshen Island defend the enemy together."

“And your Medicine God Island is not bad at strength. It may not be that easy for Zhantian Fa Sect to occupy Medicine God Island,” Chen Ping said.

Hearing what Chen Ping said, Ouyang Xing sighed softly and said: “Hey, you have no idea that Yaoshen Island seems to be quite powerful, but in fact many people come to Yaoshen Island to take refuge or seek medical advice. of.”

“Once Yao Shen Island encounters danger, these people will leave without hesitation. They will not fight for Yao Shen Island.”

“Many monks in the heaven and human world are selfish. This is also caused by the background of the entire heaven and human world. There is no way!”

His eyes revealed deep helplessness and disappointment.

“If the Heaven-Destroying Sect really attacks, the only ones who can resist are the many children of our Ouyang family. Therefore, I did not let the Ouyang family’s children enter Yaoding Mountain in order to prepare a good defense and welcome the attack of the Heaven-Slaying Sect at any time!”

“Besides, the Heaven-Destroying Sect is all people who know the magic. They are not something that us pharmacists can deal with. We don’t know much about the magic, so we can only resist passively.”

“I don’t know how long you can resist, so you only have three days. What you can get depends on everyone’s luck. Hurry up and enter Yaoding Mountain. Time is precious!” Ouyang Xing said sincerely. It can also be seen that he is very dissatisfied with the selfishness of the world of gods and humans.

Seeing that Ouyang Xing didn’t look like he was lying, Chen Ping said, “Island Master Ouyang, I can help you. I also know some monks who practice magic, and I can ask them to help!”

Chen Ping’s eyes were firm, and he decided to step forward to help Yaoshen Island survive this crisis.

“Really?” When Ouyang Xing saw that Chen Ping said that there were magic monks to help, he suddenly became excited, as if he saw a glimmer of light in the darkness, “That’s great. If we have your help, maybe our Medicine God Island can have a chance of survival!”

Chapter: 6878

“Of course, I just don’t know if they can arrive in three days. I’ll ask them to come as soon as possible!” After Chen Ping finished speaking, he contacted Gu Tianchao directly without further delay.

Chen Ping used the sound transmission jade slip to contact Gu Tianchao: “Gu Tianchao, Yaoshen Island is facing an attack from the Zhantian Fa Sect. Quickly bring people from the Liangyi Sect to support you. You can use the teleportation array of the Medicine Master Association. You must arrive as soon as possible!”

After Gu Tianchao received Chen Ping’s order, he immediately led the people from Liangyi Sect to Yaoshen Island!

After Chen Ping said a few words to Ouyang Xing, he led Liu Ruyan and Nie Heng into Yaoding Mountain!

In three days, Chen Ping must make good use of every minute and every second!

Yaoding Mountain is mysterious and ancient. The mountain is filled with rich spiritual energy and mysterious atmosphere.

After entering Yaoding Mountain, Chen Ping discovered that there were a lot of fairy grass around Yaoding Mountain, and they were of very high grade! These fairy grasses sparkle with strange light under the sunlight, as if telling their preciousness and mystery.

“Wow, so many fairy grasses!” Nie Heng exclaimed excitedly, his eyes full of greed and surprise.

Liu Ruyan was also attracted by the scene in front of her and couldn't help but admired: "This is really a treasure land of fairy grass!"

When Nie Heng and Liu Ruyan saw these fairy grass, they were so happy that they started picking them!

There are also many monks who were confused by the fairy grass in front of them and stopped to pick the fairy grass!

In this case, it will be delayed for a long time!

Some monks glanced at it and headed towards Medicine Cauldron Mountain without stopping! They knew that there might be more precious treasures and inheritance hidden in the depths of Yaoding Mountain.

"Okay, stop picking, we have to hurry up!" Chen Ping said to Liu Ruyan and Nie Heng.

He knew in his heart that the purpose of entering Yaoding Mountain was for the inheritance of the Medicine God, not for this little fairy grass.

"Okay!" Although Liu Ruyan and Nie Heng were a little reluctant, they still listened to Chen Ping's words and stopped picking.

Just after Nie Heng saw a fairy grass and planned to pick it, the ground suddenly trembled!

Accompanied by the roar of a monster, a huge black monster snake rushed out from the ground and headed towards Nie Heng with its mouth open and bloody!

The monster snake had a huge body, its black scales flashed with cold light, and its eyes were filled with ferocity and cruelty.

Chen Ping, with quick eyesight and quick hands, suddenly grabbed Nie Heng and Liu Ruyan, and used the fire control step to dodge the attack of the demon snake!

However, there were still several monks happily picking fairy grass. The sudden appearance of the demonic snake caught them off guard!

A monk was quickly swallowed up by the demonic snake! He didn't even have time to let out a scream before he disappeared into the mouth of the demon snake.

"Monsters, how can there be monsters here?" There were also hurried monks who were so frightened that they kept retreating. Their faces were pale and their legs were weak.

"When we entered Yaoding Mountain, Taoist Master Ouyang warned pharmacists with low strength not to enter Yaoding Mountain. It would be dangerous, but no one listened." An experienced monk said, His face was full of helplessness and regret.

Chapter: 6879

"It seems that there are many monsters on Yaoding Mountain. Without strength, they are really dangerous!" Another monk said, his voice full of fear and regret.

The remaining monks all had embarrassment on their faces. Most of those who were attracted by the fairy grass and stopped were low-level pharmacists!

Originally, they didn't believe Ouyang Xing's words at all, but now the sudden appearance of the demonic snake directly frightened these people, and some even backed down!

"What can we do? Are we going to die here?" A timid monk said tremblingly.

"Don't panic, everyone, let's deal with this monster snake together!"

Chen Ping shouted loudly, trying to calm everyone's emotions.

However, the demon snake did not give them a chance to breathe and launched another attack. Its tail swept across, bringing up a gust of wind.

Chen Ping dodged and avoided the demonic snake's attack. At the same time, he condensed a ball of flame in his hand and threw it towards the demonic snake.

The demon snake was hit by the flames and let out a roar of pain, but it did not flinch, but instead attacked everyone more crazily.

Finally, Chen Ping saw the right opportunity and stabbed the demon snake in the vital part with a sword. The demon snake fell to the ground and disappeared into a ball of black smoke.

"Finally solved!"

Everyone breathed a sigh of relief.

But this time, everyone also knew that the treasures in Yaoding Mountain were not so easy to get, and they might lose their lives!

"This Medicine Cauldron Mountain is full of dangers. If you feel that you are not strong enough, you should withdraw to avoid risking your life!"

Chen Ping kindly persuaded several pharmacists.

After this psychological struggle, several pharmacists began to retreat. After thanking Chen Ping, they turned around and walked out of Medicine Cauldron Mountain!

Chen Ping took Liu Ruyan and Nie Heng and continued towards the depths of Yaoding Mountain!

At this time, a man and a woman among the monks just now ran towards Chen Ping quickly!

“Fellow Daoist Chen, wait a moment...”

A male cultivator shouted towards Chen Ping!

Chen Ping turned to look at the man and woman, and asked with some confusion: “Are you okay?”

“Fellow Daoist Chen, we are also pharmacists in the Central Region and members of the Pharmacist Association. I see that you have a good relationship with our President Chen. I wonder if we can go with you?”

The male cultivator asked Chen Ping!

Chapter: 6880

“Come with me?” Chen Ping frowned slightly!

Seeing this, the female cultivator hurriedly said: “We follow Fellow Daoist Chen, and we are definitely not dividing things with Fellow Daoist Chen. Everything we get in Yaoding Mountain belongs to Fellow Daoist Chen!”

“We just hope that by following Fellow Daoist Chen, we can get some pointers from Fellow Daoist Chen, which will be of great benefit.”

“Yes, yes, Daoyou Chen is young and promising. He even cured Prince Xiao’s strange disease. We just want to learn some useful medical skills from Daoyou Chen!” The male cultivator also said quickly!

Chen Ping didn’t speak, his brows were still tightly knitted together!

Chen Ping knew that the more people he brought, the greater the pressure he would face. After all, these two pharmacists were not strong and they had to protect them themselves!

“If Fellow Daoist Chen is in trouble, then we won’t bother you.”

When the male cultivator saw this, he said a little disappointed!

“President Chen also told us that he wants us to learn more from Daoist Fellow Chen. After all, we are all members of the Central Region Pharmacists Association. As our strength increases, it means that the strength of the Pharmacists Association increases!”

The female cultivator spoke!

Chen Ping was speechless, his feelings were a bit morally kidnapped!

Chen Ping indeed promised that he would join the Zhongyu Pharmacists Association, not to mention Liu Ruyan and Nie Heng also joined the Zhongyu Pharmacists Association, so Chen Wenliang agreed without hesitation!

Now that these two people suddenly appeared, Chen Ping didn’t know what to do for a while!

After pondering for a moment, Chen Ping said: “Okay, you two follow me, but you also know the dangers of Yaoding Mountain. If there is any accident, I will not be responsible.”

“No problem!” Both of them nodded happily!

Chen Ping reluctantly took the two of them on the road!

Liu Ruyan and Nie Heng had no objection. After all, they were both members of the Zhongyu Pharmacist Association!

Along the way, Liu Ruyan and Nie Heng chatted with two pharmacists. From the conversation, they learned that the two pharmacists were named Nie Lei and Nie Hong, and they were two brothers and sisters!

All of them have the strength of the seventh level of the Tribulation Realm. Being able to practice among the pharmacists to the seventh level of the Tribulation Realm is considered very powerful!

“Fellow Daoist Chen...”

Just as Chen Ping and the others continued to head towards the depths of Yaoding Mountain, they were suddenly stopped by someone shouting!

Chen Ping looked and found that it was Zhou Lang and Zhen Huan!

The two people seemed to be waiting for him!
