

The Order 6921

Chapter: 6921

The huge ball of light also gradually faded, and finally only a figure was seen suspended in mid-air!

“Mr. Chen, Mr. Chen is still here...”

Nie Heng shouted when he saw this!

“A miracle, what a miracle...”

Chen Wenliang couldn't help but sigh!

With this kind of thunder, people would have been wiped out long ago, but Chen Ping is still here!

I just don't know what's going on with Chen Ping now. Is he seriously injured or just a body left?

Brother and sister Nie Lei and Nie Hong looked at Chen Ping in mid-air, their eyes filled with shame. Chen Ping would risk all his strength and life to protect them!

But the two of them betrayed Chen Ping for their own selfish interests and wanted to kill Chen Ping. Are they still human?

“Chen Ping...”

Liu Ruyan jumped up and headed towards Chen Ping!

“Miss...” Nie Heng wanted to stop him, but he didn’t!

Liu Ruyan rushed over regardless, but Chen Ping fell straight to the ground at this time!

boom!

His body hit the ground hard, making a deep pit in the ground!

Liu Ruyan’s face was full of nervousness and she hurried to check it out!

The expressions of the others suddenly tightened, and everyone around them stared with bated breath, their hearts beating loudly.

They didn’t know what happened to Chen Ping, and they were all worried about Chen Ping!

Liu Ruyan hugged Chen Ping, and when she saw Chen Ping’s eyes closed tightly and his body smelling burnt, he burst into tears!

“Chen Ping...”

Liu Ruyan hugged Chen Ping and came to Chen Wenliang and others!

“Fellow Daoist Chen...”

Seeing Chen Ping like this, everyone gathered around!

Chen Wenliang hurriedly checked, and then shouted loudly: "Everyone, take out all the herbs on your body and give them to Daoist Chen for treatment!"

Chapter: 6922

After hearing what Chen Wenliang said, everyone opened their storage bags without reservation and took out all the useful things inside!

Chen Wenliang started refining the elixir and threw these immortal herbs into the alchemy furnace!

He knew that Chen Ping was very weak now and needed a lot of pills to replenish his spiritual power!

This elixir has no technical content, it just requires a lot of jelly grass!

After giving Chen Ping the refined elixir, Chen Ping slowly opened his eyes!

"Chen Ping, you wake up..."

Seeing that Chen Ping was awake, Liu Ruyan said happily!

"Fellow Daoist Chen, you are finally awake. If something happens to you, we, the rest of us, will probably feel guilty for the rest of our lives."

Chen Wenliang was relieved when he saw that Chen Ping was awake!

“I said, I won’t die...” Chen Ping stood up and checked his body. The power of thunder and lightning in his body was absorbed by the original star!

“Thanks to President Chen, he collected everyone’s fairy grass and refined the elixir for you, so you woke up!

Liu Ruyan said!

“This...” Chen Ping didn’t expect that Chen Wenliang would do it!

“Our lives were all saved by Fellow Daoist Chen, so what’s the point of taking out some fairy grass!”

Chen Wenliang smiled slightly and said!

“President, those who were injured are starting to get worse now!”

At this time, a pharmacist came and followed Chen Wenliang and said!

When Chen Wenliang heard this, he hurried over to check, and Chen Ping also followed!

More than a dozen pharmacists were injured by the thunder. Although it was not fatal, if the delay continued like this, they would all be crippled!

“Heal quickly...”

Chen Wenliang said!

“President, we have taken out all the jelly grass, and there is no way to cure them now!”

A pharmacist reminded!

Chen Wenliang was stunned for a moment, and then he remembered that he had just given all the fairy grass to Chen Ping!

Chapter: 6923

Chen Ping checked the injuries of the pharmacists and said to Chen Wenliang: “President Chen, there is fairy grass on this Medicine Cauldron Mountain. You can take people to find some. It’s still too late!”

“Okay, I’ll go right away!”

Chen Wenliang nodded and immediately led people to find the fairy grass!

In about a quarter of an hour, Chen Wenliang brought people back. Although he did bring back some fairy grass, it was not enough to treat these dozen pharmacists!

“Just count the few you can save, the others can only resign themselves to their fate!”

Chen Wenliang said helplessly!

“These fairy grass are enough!” Chen Ping took a look and said!

“Is this enough?” Chen Wenliang said in surprise!

“Isn’t it difficult to refine more than a dozen elixirs from these immortal grasses? Unless each one is a perfect elixir and cannot fail at all.”

A pharmacist said!

After all, there is a certain chance of failure when a pharmacist refines elixirs, and the elixirs he refines are not perfect, as they have different grades!

Therefore, to refine an elixir, you often need to prepare several immortal grasses for the elixir, and then rely on the quantity of the immortal grass to make up for the low level of the elixir!

For the same kind of elixir, a low-grade elixir requires five pills to recover, while a high-grade or even perfect-grade elixir only requires one pill!

It’s just that not everyone can refine this perfect level of elixir.

Chen Ping didn’t say anything, but directly took out the Shennong Cauldron!

Now at this time, Chen Ping doesn’t need to guard against anyone!

And after what happened, he also believed that these people would not take advantage of his Shennong Cauldron!

When they saw Chen Ping’s Shennong Cauldron, everyone exclaimed!

Everyone stood stunned on the spot, their faces full of disbelief!

They are all pharmacists, and they are very familiar with this kind of medicinal cauldron!

The Shennong Cauldron that Chen Ping took out, they could clearly feel that it was an ancient medicinal cauldron!

Although I don't know that the medicinal cauldron is the Shennong cauldron, it is definitely not a mortal thing!

Chen Ping threw all the fairy grass picked by Chen Wenliang and others into the Shennong Cauldron!

As the orchid flames burned inside the Shennong Cauldron, waves of thick fragrance hit your nostrils!

Chapter: 6924

In about one stick of incense, the flame in the Shennong Cauldron went out!

Chen Ping took out a dozen pills from the Shennong Cauldron!

Each one is very plump and dazzling!

"A perfect level of elixir, really a perfect level..."

Everyone was excited when they saw the elixir that Chen Ping had refined!

“President Chen, give these elixirs to the injured pharmacists!”

Chen Ping gave the elixir to Chen Wenliang, and then put away the Shennong Cauldron!

“Okay!” Chen Wenliang nodded!

After taking the elixirs to the injured pharmacists, these people obviously looked much better!

It’s just that it’s impossible for these people to go up the mountain together!

If they encounter any danger, they simply won’t be able to persevere!

So these people can only stay where they are, or wait for complete recovery before going down the mountain together!

After explaining everything, Chen Ping followed Chen Wenliang and the others and continued towards the top of the mountain!

But after everyone walked a certain distance, they discovered that the Yaoding Mountain in front of them had turned translucent!

A stone step appeared in front of everyone. It seemed that if you wanted to climb to the top of the mountain, you could only take this stone step. The rest of the place was translucent, and no one dared to take a step forward!

“It seems that this should be the final test. If you can climb this stone step, you will be able to discover the inheritance of the Medicine God.”

Chen Wenliang looked at the stone steps and said!

“Yes, but this is definitely the most difficult one. Let’s try it first. If you are a weak pharmacist, you should not go up these stone steps.”

Chen Ping looked at the stone steps carefully and said!

“Let’s go up there, let’s try it first. If there’s no danger, let others go up!”

Chen Wenliang took the initiative to ask Chen Ping to walk up the stone steps together!

Now Chen Wenliang is the most powerful. Although Chen Ping is not the highest, his strength is unrivaled!

“Okay!” Chen Ping nodded!

Chapter: 6925

After two explanations, Chen Ping followed Chen Wenliang up the stone steps!

As soon as they stepped onto the stone steps, the two people suddenly felt the pressure of heaven and earth. Their originally relaxed bodies sank instantly!

Chen Ping and Chen Wenliang glanced at each other, and then the two of them walked up!

These stone steps are completely illusory, and when you step on them, it feels like you have stepped on nothing!

Moreover, he is still suffering from the pressure of heaven and earth!

In this situation where the feet are not solid and the body is under huge pressure, people will collapse very quickly!

It seems that all the strength in the body cannot be found to be released!

After walking for about ten steps, Chen Wenliang couldn't hold on any longer. His body dwarfed and he fell down the stone steps in an instant!

"President Chen..."

Seeing Chen Wenliang fall, everyone rushed forward and helped Chen Wenliang up!

Chen Wenliang gasped and said: "It's too difficult. If it were just the pressure of heaven and earth, I could still resist for a while, but there is no root under my feet, and my body can't exert force!"

Chen Wenliang's words also made many pharmacists who were eager to give it a try give up their thoughts!

After all, even Chen Wenliang can't climb up, so there's no need for others to try!

After Chen Ping glanced at Chen Wenliang, he continued to climb up!

Although the pressure of heaven and earth was very heavy, Chen Ping's physical body continued to resist. After walking thousands of stone steps, Chen Ping stopped!

At this moment, in front of Chen Ping's eyes, the stone steps had become blurred, and the entire Yaoding Mountain seemed to merge with the sky!

Chen Ping couldn't tell now whether he was standing on Yaoding Mountain or suspended in mid-air!

Soon, a ray of golden light fell, and then wrapped up Chen Ping!

Chen Ping's whole body exuded golden light, like an immortal, making everyone look up to him!

"Mr. Chen succeeded, he successfully reached the summit..."

When Nie Heng saw this, he shouted happily!

"Fellow Daoist Chen really climbed to the top of the mountain. Did he discover the inheritance of the God of Medicine?"

Looking at the golden light in the sky, Chen Wenliang was also extremely excited!

Chapter: 6926

At this moment, everyone who was still halfway up the mountain couldn't help but look up in the direction of the top of the mountain!

“Old Zhou, did someone go to the top of the mountain and discover the inheritance of the God of Medicine?”

Zhen Yuandao looked up at the top of the mountain and said in surprise!

“It’s very possible, we have to hurry up!”

Zhou Qian frowned slightly and quickened his pace!

Su Tianshuo and others also stopped at this moment and stared blankly at the sudden golden light!

“President Su, what’s going on? Has someone already gone up to the cave?”

Bao Longxing asked with a puzzled face!

“I don’t know either, but there must be a reason for the golden light on the top of this mountain. We need to go and see it quickly!”

After Su Tianshuo finished speaking, his pace instantly accelerated!

As the golden light slowly dissipated, Chen Ping’s figure also disappeared!

This time, Chen Wenliang, Liu Ruyan and others were all confused!

“Where’s Chen Ping?”

“Where has Fellow Daoist Chen gone?”

“Why are there no people left?”

Everyone was at a loss, looking for Chen Ping everywhere, but Chen Ping was nowhere to be found!

At this time, Chen Ping appeared in darkness, and nothing could be seen around him, only stone steps appeared under his feet!

However, the stone steps did not go upward, but continued downward. Chen Ping himself did not know where the stone steps extended!

“Where is this?”

Chen Ping was speechless for a while. He couldn't see where the stone steps led to, it was all dark!

It's like leading to hell!

After calming down, Chen Ping walked down the stone steps!

Chen Ping himself didn't know how long he walked until his feet felt like they were touching the ground and the stone steps in front of him disappeared!

There was some hazy light all around, and then a golden figure with its back to him slowly appeared!

Chapter: 6927

“Who are you?”

Chen Ping looked at the golden figure in front of him and asked carefully!

“Isn’t it a little strange that you come to my place and ask me who I am?”

The figure spoke slowly and turned his body slowly!

When Chen Ping heard this, he immediately understood and hurriedly cupped his hands and said: “Junior pays homage to Senior Medicine God...”

Chen Ping knew that the person in front of him should be the remnant soul left behind when the God of Medicine fell.

“You are the only one who has seen me in so many years, so my inheritance will be passed on to you.”

“However, if you want to get my inheritance, you must become my disciple.”

The figure said slowly!

“You still want to become a disciple?” Chen Ping frowned slightly!

He wanted to get the inheritance, but he didn’t want to become a master.

Although the medicine god was not bad at all, Chen Ping still felt that he was not interested in becoming his own master!

“What? You don’t want to?” The figure was slightly startled!

If it had been anyone else, the God of Medicine would have knelt down happily on the ground long ago when he opened his mouth to become a disciple and accept the inheritance!

After all, in the eyes of these monks, the God of Medicine is also an immortal, an immortal from heaven!

It is probably the dream of all monks to be able to worship an immortal as their teacher!

But Chen Ping is different!

Chen Ping has seen more and more people from the heaven, and each of them has extraordinary strength!

The Divine Pattern Patriarch and the Array Demon are probably both more powerful and more powerful in the heaven than this Medicine God!

Not to mention the Demon Lord Chiyun in the sea of consciousness!

There is also the Wuji Holy Sect, which is also a heavenly sect.

The entire heaven and human world was opened up by the Wuji Holy Sect!

These are all immortals from the heaven, and Chen Ping has not even become a disciple.

Now if he is asked to worship a little medicine god, Chen Ping will definitely hesitate!

Chapter: 6928

“Senior, you suddenly proposed to become a disciple, I haven’t thought about it for a while!”

Chen Ping said tactfully!

After hearing this, the Medicine God became a little unhappy for a moment: “Boy, I am a straightforward person, so I like to be straightforward. If I hadn’t seen you pass the test and have extraordinary qualifications, even if you kneel down and beg me, I would not accept you as my ”

“And if you worship me as your teacher, I can give you a big gift, as well as my inheritance. By then, your medical skills will be beyond the reach of anyone.”

“I can allow you to improve your medical skills and alchemy abilities in a short period of time, and even improve your realm and reach a higher realm!”

“Don’t think that pharmacists only know how to make medicine, and their level of advancement is slow. That’s all because today’s pharmacists are ignorant and incompetent!”

After the Medicine God finished speaking, he raised his hand and swept it gently.

The surrounding darkness disappeared in an instant, and rays of light fell from the sky, illuminating the place very brightly!

Only then did Chen Ping realize that the place he was at was actually inside Yaoding Mountain.

The entire Yaoding Mountain was hollow.

After climbing to the top of the mountain, you could see a bottomless abyss!

At this time, Chen Ping was in the abyss, and the light shone down from the top of the mountain.

Just as the entire bottom was illuminated, Chen Ping discovered that the entire Medicine Cauldron Mountain had become transparent!

He could even see Chen Wenliang and Liu Ruyan through the mountain!

There was also Su Tianshuo who was constantly climbing the mountain, and even everyone from the Zhou family and the Zhen family appeared in front of Chen Ping!

All the pharmacists in Yaoding Mountain appeared in front of Chen Ping!

Every move they made was clearly seen by Chen Ping!

However, none of them could have imagined that Chen Ping was actually inside Yaoding Mountain at this moment, observing them!

“Have you seen these pharmacists? They are all useless. Without any talented and intelligent people, they will not achieve any great achievements even if they practice for a lifetime.”

The Medicine God glanced at the people on Yaoding Mountain, his face full of disappointment!

“Senior, of course everyone’s talent is different, but talent doesn’t mean everything. Even people with dull talent will succeed if they work hard.”

Chen Ping obviously didn’t agree with what the God of Medicine said!

“Hahaha, chicken soup is really harmful to people. Hard work is nothing compared to talent.”

“The reason why people tell you to work hard is because they want you to be like a cow.”

Chapter: 6929

“Especially in the world of gods and humans, hard work is meaningless. These people are destined to become stepping stones for others.”

“If the strength of these people is transferred to you alone, you will quickly break through and become famous in the world of gods and humans.”

“It is also possible to break through the world of heaven and humans and ascend to the immortal world. This is a world where strength is respected. Without strength or talent, all efforts are just to make wedding clothes for others.”

“As long as you worship me as your teacher, I can teach you how to refine the Devouring Pill, and you can make all these people’s cultivation your own.”

“Everyone has his own uniqueness. As long as you absorb the advantages and strengths of these people, your strength will increase in an instant.”

The Medicine God put his hands behind his back and said with an indifferent expression!

It seems that these pharmacists on Yaoding Mountain can die at any time to improve their strength!

“Devouring the strength of others?”

Chen Ping frowned: “Isn’t this a technique only used by evil cultivators?”

Chen Ping also knows how to devour the cultivation of others, but as his strength increases, it becomes more and more difficult to devour the other person.

Like the star-absorbing method, if it devours cultivation in the world of heaven and humans, it won't work at all!

"Evil cultivation?" The Medicine God smiled slightly: "The technique of devouring other people's cultivation is indeed defined as an evil cultivation technique. However, what I teach you is to refine the devouring pill, not a technique, so it is not considered a technique. Evil cultivator."

"And I'm not an evil cultivator. I'm just telling you that if you practice hard, you may not become an immortal, and your realm may not necessarily improve. But if you seize the opportunity, you won't be able to improve even if you don't want to!"

"This is what is called if a pig stands on the wind, it will be easily blown to the sky, but the prerequisite is that the pig must know how to seize the opportunity."

"If you worship me as your teacher now, that is your opportunity. It won't take long, and I can guarantee that you will break through to the Mahayana realm!"

The Medicine God tried his best to lure Chen Ping to become his master!

Chen Ping looked at the Medicine God in front of him calmly and suddenly laughed: "Let me devour the cultivation of these people to improve myself. What's the difference between following the big devil? It's impossible for me to harm others for my own sake."

Yao Shen explained: "I didn't ask you to harm anyone. By using the swallowing pill, you only swallowed part of the opponent's cultivation level, not the other person's life. This is different from the swallowing technique of the demon cultivator."

“The people you swallowed will still be alive, but their cultivation level may be reduced, or they may never be able to improve. This is considered harmful.”

“Okay, don’t say any more, I won’t accept you as my teacher.”

Chen Ping directly interrupted the Medicine God!

“Aren’t you moved at all? Didn’t you come here just for my inheritance after passing the test?”

Seeing that Chen Ping rejected him outright, the Medicine God asked in confusion!

“I am indeed here for your inheritance, but I cannot worship you as my teacher, let alone devour other people’s cultivation.”

Chapter: 6930

Chen Ping said with firm eyes!

There was a hint of anger on the Medicine God’s face, and he asked in confusion: “Am I, the immortal in heaven, not worthy of being your master?”

“Do you think that I have fallen and only this residual soul is left. Even if I become your master, I can’t help you much?”

“Let me tell you, I didn’t fall. I just used the magic pill to return to the heaven.”

“I painstakingly refined it for thousands of years before I refined the divine elixir and returned to the heaven. I planned to leave a trace of my remnant soul behind, find a destined person, and accept him as my disciple.”

“If you worship me as your master, you can come directly to my residence when you ascend to heaven.”

“Senior, even if you haven’t died, I don’t want to be your teacher!” Chen Ping still refused!

“Why?” The Medicine God was angry and said with wide eyes: “No one has ever dared to go against my wishes. If you don’t worship me as your teacher, you won’t be able to leave Medicine Cauldron Mountain today, and I won’t let you. Those who worship others as their teachers.”

Chen Ping looked at the God of Medicine and sighed, this guy is really paranoid!

Are all people in heaven like this?

Rough temper, paranoid...

Isn’t there a gentle and elegant immortal?

“Senior, I don’t want your inheritance, and I don’t want you as my teacher. This is my respect for you.”

“If you don’t need respect, then I can only tell you, because you are not worthy of being my master. With your little strength, you can’t even get into my eyes!”

Chen Ping is no longer polite!

The God of Medicine was stunned for a moment, and then said angrily: “How dare you, a small cultivator in the Tribulation Realm, dare to be so presumptuous.

With my strength, if I want to kill you, it would be...”

Before the Medicine God finished speaking, Chen Ping's body flashed with golden light, and then a shadow slowly appeared from behind Chen Ping!

"What exactly? Tell me, what exactly?"

I saw the remnant soul of Demon Lord Chiyun appearing, looking at the Medicine God and asking!

The God of Medicine looked at Demon Lord Chiyun in front of him and was stunned for a moment.

After a long time, his eyes widened, his mouth opened, and he stuttered: "Chi... Demon Lord Chiyun?"

"Hey, you little Medicine Fairy, you didn't expect to know me. Now that you know me, it's easy. Tell yourself, are you qualified to accept my brother as your disciple?"

Demon Lord Chiyun didn't expect that this medicine god actually knew him!

"No... no qualifications. I'm just a small immortal. I'm not qualified to accept the Demon Lord's brother as my disciple."

"I overestimated my capabilities, and I hope the Demon Lord won't be angry!"

Cold sweat broke out on the Medicine God's forehead!

What a joke, Chen Ping actually has the remnant soul of the Demon Lord from the Nine Heavens in his body, no wonder Chen Ping looks down on him!

Seeing that the medicine god was honest, Demon Lord Chiyun returned to Chen Ping's sea of consciousness. His remaining soul had no way to escape from Chen Ping's sea of consciousness and had stayed outside for a long time!

Seeing Demon Lord Chiyun return to Chen Ping's body, the Medicine God swallowed his saliva. He had many things to ask in his heart, but he didn't dare to ask!

When Chen Ping saw this, he said: "Senior Chiyun Demon Lord also fought with people in the heaven and human world, causing his body to perish, leaving only a trace of his soul, so I kept it with me until I can help him find his soul." Once the bones are removed, he can be restored."

"Actually, although I don't have the strength to ascend to immortality, I do know some friends in the heaven, such as the Wuji Holy Sect. I have a good relationship with the sect leader. He also gave me a Wuji Order. As long as I fly to the heaven, I can get it. I went to find him with the Wuji Order."

Chen Ping took out the Wuji Ling and looked at it to the Medicine God!

"I was reckless just now, I will pass on the inheritance to you now!"

The God of Medicine licked his lips, his face full of embarrassment. He never imagined that a young monk in the Heaven and Human Realm could know so many big guys in the Heaven Realm!

If he knew, he wouldn't be able to threaten Chen Ping even if he was killed!

"No need, since I don't want to be a disciple, I can't take your inheritance!" Chen Ping waved his hand!

Chen Ping has principles in doing things!

"In this case, I will give you a medical book as a reward for passing the test!"

The Medicine God waved his hand, and a golden book appeared, and then turned into a ray of golden light, directly entering Chen Ping's sea of consciousness!

Then the remnant soul of the Medicine God slowly disappeared, and finally there was no trace!

The moment the remnant soul of the Medicine God disappeared, the entire Medicine Cauldron Mountain began to shake violently!
