

The Order 6981

Chapter: 6981

Zhong Qing asked in disbelief!

“That’s not true. There is a small island hundreds of miles away from here. We all live on that small island.”

“If nothing happens, we will go to sea to catch monsters. This time there is a storm in the stormy sea. We are here to pick up treasures.”

Elder Liu said!

“There is indeed a small island near here. I wonder if you can take us to the island to rest temporarily?”

“We still have many fellow Taoists who can only float in the air with no place to stay!”

Chen Wenliang asked quickly!

At this time, Chen Wenliang had already believed in Elder Liu!

“Of course, I will order someone to drive the spirit boat over. However, the island is short of supplies, so you can’t stay long. When the time comes, I will send you a spirit boat and let you leave.”

Elder Liu continued to use the hard-to-get method!

“Of course, we won’t stay long.”

Chen Wenliang nodded quickly!

The spirit boat quickly moved towards the pharmacists. When everyone got on the spirit boat, they breathed a sigh of relief!

“You can rest in the spirit boat for the time being while we salvage some monster corpses and then take you to the island!”

Elder Liu said to Chen Wenliang!

“Boss Liu, it’s okay, as long as we have a place to rest.”

Chen Wenliang said!

“When you get close to the stormy waters, the spirit boat will shake very much, so you’d better stay in the spirit boat and don’t go out and walk around at will.”

Elder Liu said!

“Understood, we have just passed through the stormy sea, and we know how powerful the storm is!”

Chen Wenliang nodded!

Many pharmacists all entered the cabin of the spirit boat!

This spirit boat is very big, so if there are dozens of them, it won't seem crowded!

People like Chen Wenliang and Qing Qing were all given separate bedrooms!

Chapter: 6982

At this time, on the deck of the spirit boat, the young man in green shirt asked Elder Liu very puzzledly: "Elder Liu, since everyone is on the boat, why don't we go back and go to the stormy sea area?" What kind of monster carcass are you salvaging?"

"What do you know? I just said that we are here to salvage the corpses of monsters and get some resources."

"If we turn around and go back as soon as these people get on the boat, we will definitely arouse suspicion and there will be a lot of unnecessary trouble."

"So the less we pay attention to these people, the more at ease these people will feel. This is why I said that they cannot stay on the island for a long time. You should learn from it. This is playing hard to get..."

Elder Liu said with a proud face!

"High, really high..." The young man gave a thumbs up!

"When we get close to the storm sea area, you can take people to symbolically salvage some monster corpses. Don't get too close to the storm. If you get sucked in, it's over."

Elder Liu ordered!

"Got it!" The young man nodded!

Soon the spirit boat approached the stormy sea, but it didn't get too close. Then the young man brought several disciples of the Tianzhan Dharma Sect and approached the storm!

Around the storm, there were many corpses of monsters floating on the sea. Although there were not as many as in the center of the storm, these monster corpses were enough to salvage for a while!

Seeing that he was near the storm again, Chen Ping wanted to look for some treasures. After all, he had the Wind-fixing Pearl, so the storm couldn't hurt him at all!

But when Chen Ping was about to walk out of the cabin, he was suddenly stopped by two monks at the door!

"You can't go out, the spirit boat is in stormy waters now, stay in the cabin for safety!"

One of the monks said!

"Fellow Taoist, I just went out to get some air, and our spirit boat was just destroyed by a storm. I want to see what such a powerful storm is like."

Chen Ping said angrily!

"No, you have to stay in the cabin!"

The two monks were so stubborn that they refused to let Chen Ping out!

"Fellow Daoist Chen, since you are not allowed to go out, then don't go out. This is also for safety reasons!"

Chen Wenliang said to Chen Ping!

“Okay!” Chen Ping nodded, turned around and went back!

However, Chen Ping always felt that something was not right at the moment, but he did not say anything!

After finding a place to sit down, Chen Ping spread out his consciousness!

The entire spirit boat was enveloped by Chen Ping’s spiritual consciousness. This spirit boat was many times more advanced than Chen Ping’s and his others!

Moreover, there were several formations set up in the spirit boat, and one cabin in particular was actually wrapped in formations, which Chen Ping’s consciousness could not penetrate!

It looks like this is a conference room, and I don’t want others to hear or see what is being said in it!

Chapter: 6983

“It seems that there are formation masters among these people. The formation of this spirit boat is well arranged!”

Chen Ping thought secretly in his heart, and then his consciousness will expand!

At this time, the young man who led the people to salvage the monster beast corpses pinched his nose in disgust, waved his hand and said, “Okay, just salvage two monster beast corpses.”

“It’s just a show. I brought back too many and it all stunk...”

The other disciples of the Heaven-Zhancing Sect salvaged the two monster beasts and then went back to pay their dues!

However, all of this was noticed by Chen Ping’s consciousness. Looking at the corpses of the monsters on the sea, these people just salvaged a few and left. It was obvious that they were not here for the corpses of the monsters!

Withdrawing his consciousness, Chen Ping waved to Chen Wenliang and Zhongqing!

“Fellow Daoist Chen, what’s wrong?”

Chen Wenliang asked!

“President Chen, Zhong Yaozun, let’s go to the room and talk!”

Chen Ping led the two of them into a room, and then set up a shielding formation to ensure that what they said would not be heard!

“What’s wrong? It’s mysterious. Did you find something?”

Chen Wenliang asked!

“Yes, I feel that these people on the spirit boat are not simple people. They don’t seem to be here to salvage the corpses of monsters. They look more like they are here for us.”

Chen Ping said!

“How is it possible? How would they know that we are trapped here?”

Zhong Qing asked in confusion!

“I can’t explain it clearly now, but I always feel that something is not right about these people.”

“Moreover, this spirit boat has set up many formations. These formations are complex and exquisite. They are obviously made by formation masters.”

Chen Ping said!

“What’s the point? Maybe some of them know the art of formation. After all, there are many demon cultivators who know the art of formation.”

Chen Wenliang said!

“Yes, it’s not surprising that some of them know the formation.” Zhong Qing also said.

“Anyway, it’s better for us to be cautious and tell everyone to cheer up.”

Chapter: 6984

Chen Ping now has no evidence to prove that these people are here for them, so he can’t fall out based on speculation!

If the feeling is wrong, wouldn't it mean that your good intentions are being misconstrued?

"Well, I told everyone to be careful."

Chen Wenliang nodded and said!

After warning everyone, Chen Ping led Chen Wenliang and Zhong Qing towards the deck!

They had to see with their own eyes how many monster corpses these people had salvaged!

However, when the three of them walked to the cabin door, they were stopped by two monks!

"Now that we have left the stormy waters, there is no danger. Why don't you let us go on the deck?"

"You don't have any intention to stop us like this?"

Chen Wenliang asked the two monks who were blocking him!

Now that Chen Ping has reminded him, Chen Wenliang has also increased his vigilance!

"President Chen, I'm really sorry. This is Boss Liu's instruction. We must obey it."

One of the monks said!

“That’s your boss Liu, not ours. Why should we obey? It’s too stuffy here. We have to go to the deck to get some air!”

Zhongqing was very unhappy and wanted to rush forward forcefully!

The two monks tried their best to stop him and started arguing for a while!

Chen Pingping watched the changes and did not stop him. He wanted to see how the so-called Boss Liu solved it!

“Stop, how can you be disrespectful to our guests?”

Elder Liu came and reprimanded the two monks loudly!

“Boss Liu, they insisted on going to the deck, but we stopped them and a conflict broke out!”

A monk said!

“Boss Liu, although we are very grateful to you for saving us, you can’t restrict our personal freedom, right?”

“We just want to go to the deck to get some air, why are we stopping us?”

Chen Wenliang asked very dissatisfied!

Chapter: 6985

“President Chen, we were in stormy waters just now. We were afraid of danger, so we didn’t let you go to the deck.”

Elder Liu explained!

“But now that we have left the stormy sea area and there is no danger, why don’t you let us go up?”

Chen Wenliang asked!

“This... this is not the corpse of a demon beast that was just salvaged. It is being slaughtered on the deck. The smell of blood is relatively strong, so I’m afraid it will affect you.”

Elder Liu quickly made up a new reason!

“Although we are pharmacists, we are not weak chickens. How can we be afraid of slaughtering monsters?”

“Now we just want to go up and get some fresh air. Just tell us whether we will let you or not!”

Chen Wenliang looked ugly and said in a very cold tone!

“Of course I give in. How can I restrict your freedom? Just go up there!”

Elder Liu quickly forced out a smile and asked the two monks to get out of the way!

Chen Ping and the others went up to the deck and saw that the spirit boat was moving quickly, and the stormy sea area had been left far behind.

The corpses of several monster beasts were being placed on the deck, and were chopped into pieces by several monks with the spiritual blades in their hands!

However, these monks didn't seem to be paying attention and were slashing casually!

He didn't even bother to take out the beast elixir from the monster's head!

Seeing this scene, Chen Ping was even more convinced that these people were definitely not going to catch the corpses of monsters, they were probably going after them!

Chen Wenliang and Zhong Qing could also see that these people didn't seem to care about the corpses of monsters!

Probably just to show them off!

"Boss Liu, why did you salvage so many monster beast corpses? You know, there are hundreds of monster beast corpses in the storm sea area!"

Chen Wenliang asked Elder Liu!

"Oh, I didn't meet you, so I salvaged some casually and sent you to the island in a hurry. It will take some time for the storm to stop. It will be the same if we continue to salvage after a while."

Elder Liu quickly explained!

"That's true. Monster beast corpses can indeed be salvaged after a while, but shouldn't the beast elixir be taken out of the monster beast corpses that are salvaged as soon as possible?"

"This monster's beast elixir is the most valuable part. If the monster's elixir is not taken out in time, it will be contaminated and lose its value if it remains in the monster's body for too long."

Chapter: 6986

“Why do I see that the inner elixirs of these monster beasts haven’t been taken out yet? Are you salvaging monster beast corpses just for the skins and meat?”

Chen Ping asked Elder Liu!

Elder Liu was stunned. Although he saw several monks cutting up the corpses of monsters with spiritual blades, the beast elixir hadn’t been taken out yet!

“What are you guys doing? Don’t you know how to take out the beast elixir first? You are just trash!”

Elder Liu cursed loudly, and then the monks hurriedly took out the beast elixir!

“President Chen, Zhong Yaozun, I see that we are wandering around. Now that we have a spiritual boat to settle down, we can enjoy the vast sea with peace of mind.”

“Maybe you can meet monsters and get some unexpected treasures!”

Chen Ping said to Chen Wenliang and Zhong Qing!

He just wanted to take the two of them out of the spirit boat for the time being!

Chen Ping could conclude that there must be something wrong with these people, but he couldn’t take action directly, let alone the unknown identities of these people!

Those pharmacists are all in the cabin. If the formation master among these people directly sets up the formation and traps people inside, they will not be able to escape at all!

Now Chen Ping and the others can only pretend to know nothing, and then leave Lingzhou to discuss countermeasures!

Chen Wenliang and Zhong Qing both understood what Chen Ping meant, so they nodded and said, "Okay, let's try our luck..."

"Guys, there are many brutal thousand-year-old monsters in this sea, which are very scary. I advise you to stay on the spirit boat."

"When you get to the island, if you want to catch monsters, you can wander around the island!"

Elder Liu stopped Chen Ping and the others, not wanting them to leave the spirit boat!

"Boss Liu, we won't go too far, we will just wander around casually. If we encounter a powerful monster, we will be back immediately!"

Chen Wenliang winked at Chen Ping and Zhongqing, and then the three of them jumped up!

Then, the young man beside Elder Liu also chased after him with two monks!

"What are you doing here?"

When Chen Wenliang saw this, he asked dissatisfiedly!

“Oh, Boss Liu was afraid that you would be in danger, so he asked us to protect you!”

The young man said quickly!

“We don’t need protection, you go back!” Chen Wenliang asked several people to go back!

Chapter: 6987

But no one listened. Wherever they went, the young man followed them.

“President Chen, let them follow, let’s see if they can keep up!”

After Chen Ping finished speaking, he directly pulled Chen Wenliang and Zhong Qing, used the fire control step, and disappeared in an instant!

At this moment, the young man was dumbfounded. He had never seen such a fast speed before!

Without Chen Ping and the others, young people can only bring people back!

“Why are you back? Where are they?”

Elder Liu asked with some confusion when he saw the young man coming back!

“Elder Liu, these guys are so fast that they disappear in the blink of an eye. We can’t catch up at all.”

“It seems to me that these guys are suspicious of us. It seems that we have to strike first.”

The young man said!

“What? You can’t even catch them?”

Elder Liu frowned slightly, “It seems that they also have experts here. If the three of them ran away, it would be fine if the others didn’t run away.”

“Come down with me. We can’t let these people escape anymore. We need to control them first!”

Elder Liu led the people towards the cabin!

With Chen Wenliang’s advice, the people in the cabin were actually on guard against people like Elder Liu!

Seeing Elder Liu and his people walking in, everyone stood up and looked defensive!

Elder Liu felt the atmosphere in the cabin and knew he had to take action!

“Everyone, now that we have left the stormy waters, there is no danger. If anyone wants to go to the deck, they can go up for air at any time.”

Elder Liu said to everyone!

He did this to make everyone relax their vigilance and then take action suddenly!

What he needs is not to kill these people, but to control these people. This is the most difficult, so he must do it when everyone is relaxed!

Seeing that Elder Liu asked them to go to the deck, he didn't seem to have any intention of controlling them. As expected, everyone's tense nerves relaxed a lot!

But just when someone was about to get on the deck, Elder Liu suddenly had a magic talisman in his hand!

"The divine formation opens..."

Elder Liu shouted loudly, and the magic talisman instantly ignited into flames!

Before anyone could react, there was a bang, and formation runes lit up underneath the entire cabin, eventually forming a large array of glittering light!

Within the formation, strands of spiritual energy were like vines, moving crazily towards the many pharmacists!

Then start controlling every pharmacist present!

"Everyone, be careful..."

Granny Zhen yelled and wanted to rush towards Elder Liu, but she was instantly entangled by a spiritual energy, her power was directly restrained, and she fell to the ground!

The other medicine masters were also controlled one after another, and they were unable to exert any power at all!

“Hmph, it’s just a formation, but it still wants to trap us...”

Gu Tianchao snorted coldly, and then took action with the people from Liangyi Sect!

A formation formed in the hands of Gu Tianchao and the others, and then the spiritual swords in the formation shot out, cutting off the spiritual energy vines!

Elder Liu was suddenly shocked and frowned tightly: “You are not a pharmacist? There are actually formation masters here?”

He didn’t expect that there were so many formation mages hidden among these pharmacists!

At that time, Feng Xing didn’t tell him that there were formation masters, he just said that there were a group of pharmacists behind him!

Chapter: 6988

Elder Liu hurriedly led the disciples of Zhantian Fa Sect to strengthen the formation, and countless spiritual energy vines were growing out!

“Hurry up and report to the sect master. Things have changed. There are actually some formation masters among these pharmacists. Let him bring people to reinforce immediately.”

Elder Liu shouted loudly!

The young people next to Elder Liu hurriedly crushed the jade slips of the message transmission and passed on the news!

Gu Tianchao and the people from the Liangyi Sect were also desperately manipulating the formations, generating spiritual blades one after another to harvest the spiritual energy vines that trapped people!

But the aura vines were growing faster and faster, and Gu Tianchao and the others were about to be unable to hold on!

“We can’t sit still and wait, rush out...”

Grandma Zhen shouted and rushed towards the hatch of the ship first!

Now that the people from the Liangyi Sect are holding them back, they will not be restrained by the spiritual energy vines. When Gu Tianchao and the others can no longer hold it, everyone will be restrained and become prisoners by then!

“Fight...”

The many pharmacists who were not restrained all unleashed their strongest fighting power and planned to rush out in one go!

Granny Zhen slapped Elder Liu with her palm. As long as they rushed out, they would have hope!

If you are trapped in the cabin, you will easily be restrained by the formation!

When Elder Liu saw this, he snorted coldly and said: “A dying old woman still wants to break out of my formation...”

Elder Liu instantly waved a spiritual light and went straight to Granny Zhen!

Grandma Zhen’s strength is no match for Elder Liu, but Grandma Zhen is not afraid. Even if it means death, she will withstand this blow and then rush out!

Otherwise, everyone will be trapped and die in this cabin!

Just when Grandma Zhen was determined to die, a white light suddenly struck, shattering Elder Liu's aura!

Granny Zhen was blown away by the aftermath!

"Jenny..."

Zhongqing suddenly appeared and stepped forward to help Granny Zhen!

Chen Ping and Chen Wenliang also appeared in the cabin, and then said coldly: "I have seen you have bad intentions for a long time, and you really have an agenda!"

Seeing that Chen Ping and the others were back, all the pharmacists were extremely excited!

Gu Tianchao was also delighted and said: "Sect Master, they are trapping us in the formation..."

Chapter: 6989

Chen Ping took a look at the formations around him and the spiritual vines that kept popping up. He raised the corner of his mouth with disdain and waved his palm lightly. Countless divine patterns filled the cabin. The formations set up by Elder Liu and the others instantly disappeared. Collapse!

"This...is this a divine pattern?"

Elder Liu was shocked and looked at Chen Ping in disbelief, “You...who are you? How do you know the divine patterns?”

“My name is Chen Ping...”

Chen Ping said calmly!

“Chen Ping? The Chen Ping who was hunted down by the Demon Sealed Alliance with a hundred-year tribute?”

Elder Liu was stunned!

“Yes, it’s me!” Chen Ping admitted directly!

“It’s not like you died in the storm, how come you’re still alive?”

Elder Liu was very puzzled. Feng Xing and the others had said that Chen Ping had died in the storm and they wanted to find his body!

But as soon as the words came out of his mouth, he shut up immediately, knowing that he said the wrong thing.

“How did you know that I died in the storm? Did Su Tianshuo and others tell you?”

“Who are you? What is your relationship with Su Tianshuo?”

Chen Ping asked.

“You don’t need to worry about our identities. Since you are not dead, we can just kill you together.”

Elder Liu said coldly.

“If you don’t tell me, I can guess that you should be from the Tianzhan Fa Sect, right? The formation you used just now is similar to that of Wang Qingshi and others.”

In fact, Chen Ping had just noticed when he broke the formation that the formations set up by these people had many similarities with the formations set up by the Tianzhan Fa Sect!

What’s more, these people are obviously formation masters, not casual cultivators gathered together.

“Hmph, you know our status. Let me tell you, don’t think that you will be fine if you break the formation in the cabin. We have already set up formations on the entire spirit boat.”

“None of you can escape from this spiritual boat. When our sect master comes, we will arrest you all!”

After Elder Liu finished speaking, he immediately rushed out of the cabin with his men and reached the deck!

Chen Ping and the others also rushed out, but as soon as they landed on the deck, a huge restraining force made everyone unable to move!

But Elder Liu and others were able to move freely and were not affected at all.

Chapter: 6990

“Hahaha, you can’t escape my grasp!”

Elder Liu laughed!

“Yeah?”

Chen Ping smiled coldly and walked directly towards Elder Liu!

Seeing that Chen Ping could still move, Elder Liu’s pupils shrank suddenly. He was very surprised. The entire formation on the spirit boat was set up by their sect leader himself!

Moreover, the untransmitted secret method of Zhantian Fa Sect was used. How come Chen Ping was not affected at all?

Elder Liu activated his spiritual power again, making the formation stronger!

But Chen Ping still walked slowly towards Elder Liu, not affected at all!

“That’s not right. Even if you know the divine patterns, it’s important to break the formation. You haven’t broken the formation yet, how can you not be suppressed?”

Elder Liu was stunned!

Also confused were the other members of the Heaven-Zhancing Sect, who had never seen such a situation before!

“Are you trying to say that this is the secret method of your Heaven-Destroying Sect? Why can’t you control me?”

“Let me tell you, that Wang Qingshi also used the so-called secret method of your Heaven-Destroying Sect, and he was still beaten to the point of being called daddy by me.”

“Your so-called secret method is a joke in my eyes!”

Chen Ping smiled coldly and suddenly raised his hand!

boom!

At this moment, the scene suddenly changed, and the suppressive power over everyone disappeared instantly.

But for people like Zhan Tian Fa Zong, waves of terrifying repressive force are constantly coming!

Elder Liu and others were shocked, and instinctively wanted to leave the spirit boat, but the huge suppressive force prevented them from flying at all. There were even disciples of Tianzhan Fa Sect who were directly pressed to the ground by this suppressive force!

Chen Wenliang and others were all shocked when they saw this scene. Although they knew that Chen Ping was awesome, they were still shocked by the shock again and again!

“Elder Liu, what...what’s going on?”

The young man asked Elder Liu with a confused face!

“This Chen Ping is obviously only at the sixth level of Tribulation Realm. How come he is so accomplished in formations? It’s really strange!”

Elder Liu didn't understand how Chen Ping did it!
