

The Order 7141

Chapter: 7141

“I thought that guy was practicing with death energy and wasn’t afraid of the harm of death energy to his body. It turned out that he was using life energy to offset the damage of death energy.”

Demon Lord Chiyun said!

“Vitality? Can this thing still be refined?”

Chen Ping was a little confused!

Vitality is the so-called Yang Yuan, life span.

Absorbing Vitality can increase your Yang Yuan life span!

But there are probably not many people who can truly absorb the vitality of others, and Chen Ping has never seen one!

However, some demonic cultivators do have skills that can absorb other people’s Yang Yuan to increase their own Yang Yuan lifespan.

Some demonic cultivators whose Yang Yuan is approaching but cannot break through will find ways to absorb other people’s Yang Yuan!

But this is the first time Chen Ping has heard of directly refining and storing this vitality!

In this case, if the vitality is stored, wouldn't it be possible to sell it as a resource? I believe many people will rush to get it!

"I have only heard that some people can extract vitality, but this method is extremely cruel. The vitality in the body must be extracted while the person is alive and awake."

"Furthermore, the extracted vitality will be greatly reduced due to the laws of heaven and earth. Ten thousand years of Yang Yuan may only be able to extract a ray of vitality. Such a huge vitality in this secret chamber will require many monks' lives."

Demon Lord Chiyun said!

When Chen Ping heard this, his heart became extremely heavy. I don't know how many monks' lives were spent on these vitality. If he really sold it, wouldn't he be too beastly? These are all earned by fresh lives!

Just when Chen Ping's thoughts came together, the vitality seemed to have spiritual consciousness, all pouring into Chen Ping's body!

Chen Ping was stunned. Before he could react, all the life in the cauldron poured into Chen Ping's body!

"You boy, is this good reward for good people? I'm afraid these vitality has hundreds of thousands of years of Yang Yuan. You, a young monk in the Tribulation Realm, have hundreds of thousands of years of Yang Yuan. I'm afraid those who have just ascended will have Yang Yuan of hundreds of thousands of years." Immortals are not as good as you!"

Demon Lord Chiyun said with envy!

"I don't know why, all these vitalities have entered my body, but I don't want to live for hundreds of thousands of years. If I don't have friends and lovers around me, and live alone, it would be better to die!"

Chen Ping said!

After all, Chen Ping has come from a mortal to the present step by step. He pays more attention to family and love. As for becoming an immortal, becoming a Buddha, and gaining eternal life, Chen Ping has no obsession!

It would be meaningless to live alone!

“Chen Ping, look, there are immortal bones in this cauldron...”

Just when Chen Ping was communicating with Demon Lord Chiyun, the Palace Master of Guanghan Palace suddenly shouted!

Chen Ping quickly looked over and saw two immortal bones placed at the bottom of the cauldron. It seemed that these two immortal bones were ribs!

The moment he saw the immortal bones, Chen Ping knew that they belonged to Demon Lord Chiyun!

Because of the aura in the immortal bone, Chen Ping could clearly sense it, and he could also sense the change in the remaining soul of Demon Lord Chiyun when the immortal bone appeared!

Chapter: 7142

“Damn it, my bones have been boiled by these guys. When I recover my body, I will kill all these demon cultivators!”

When Demon Lord Chiyun saw this scene, he became furious!

When Chen Ping heard this, he immediately laughed: “Senior, you are a demon cultivator yourself, and you kill all these demon cultivators!”

“Although I am a demon cultivator, I also have justice in my heart. Whether they are humans, demons, or beasts, as long as they lose their conscience, I will kill them all.”

Demon Lord Chiyun said angrily!

Listening to Demon Lord Chiyun’s words, Chen Ping just smiled. If the Blood Bone Sect hadn’t used his bones, would Demon Lord Chiyun still say such things?

If he really ascended to immortality, how would he care about other people’s lives? Everyone in the world of heaven and humanity would probably be like ants in their eyes!

A battle between two mighty powers would destroy many worlds and kill many people, but who cared?

Chen Ping put away the bones of the Red Cloud Demon Lord, and then rushed into the secret room with a burst of fire!

Even the entire bone mountain was reduced to ashes, because only in this way can the entire place of Blood Bone Sect be rejuvenated after many years.

Otherwise, there are so many bones and the evil spirit is too strong, it would be difficult for any vegetation and animals to survive!

Chen Ping got the bones and planned to follow Sect Leader Jiang and the others back to the Soul Demon Sect to help the dozen monks refine some elixirs and let them recover!

The Palace Master of Guanghan Palace plans to take the saints back to Guanghan Palace, so there is no need for them to follow back to the Soul Demon Sect!

“Palace Master, if I kill Mu Qing this time, I am afraid it will be very detrimental to your Guanghan Palace. When the head of the Mu family comes out of seclusion and cannot find me, he will definitely attack you.”

Chen Ping is worried that the Mu family will cause trouble to Guanghan Palace!

“Don’t worry, Mr. Chen. The head of the Mu family won’t be out of seclusion for a short time. Last time, a ray of his soul was shaken away by the Domain Lord. It will be difficult to recover for a long time.”

“If the Mu family is really in trouble, I can inform Mr. Chen, don’t we have jade slips for sound transmission!”

The Palace Master of Guanghan Palace said nonchalantly!

“Okay, if anything happens to the Mu family, please notify me immediately and I will rush over as soon as possible!”

When Chen Ping heard this, he nodded and said!

He couldn’t just stay in Guanghan Palace and wait for the Mu family to cause trouble. After all, he still had things to do. He also had to go to the Weapon Refining Sect at Qingniu Peak to repair the Dragon-Slaying Sword so that the Sword Spirit Zhongli could be completely free. Not having seen Zhongli for a while, Chen Ping had some thoughts.

Moreover, Chen Ping can’t go to the Mu family and destroy the Mu family directly. After all, he doesn’t understand the strength of the head of the Mu family yet!

If the head of the Mu family is too strong and goes to find it on his own, wouldn’t he be asking for death?

After saying goodbye to everyone in Guanghan Palace, Chen Ping took Sect Master Jiang and the others back to the Soul Demon Sect!

Chapter: 7143

Sect Master Jiang took out all the fairy grass from the Soul Demon Sect, and also ordered people to go to the depths of Tianmo Mountain to pick the fairy grass, in order to treat these dozen monks!

Although it was not Sect Leader Jiang who caused these monks to become like this, it was all his senior brothers who did it after all. Sect Master Jiang also felt guilty in his heart!

Chen Ping stayed in the Soul Demon Sect refining elixirs for everyone, and was slowly recovering at the same time. After all, a fierce battle in the Blood and Bone Sect cost Chen Ping a huge amount!

Fortunately, Chen Ping was able to recover somewhat after absorbing some of the death energy. Otherwise, Chen Ping would have spent a lot of resources if he wanted to recover as before!

Chen Ping stayed in the Soul Demon Sect for three full days. In addition to refining elixirs to treat these dozen monks, he also had to calm their hearts to avoid leaving an indelible impact on these people because of the Blood and Bone Sect incident. !

It is precisely because of these three days that Chen Ping became familiar with more than a dozen monks. Many of these people were casual cultivators, so they were captured by the Blood and Bone Sect and used as resources for cultivation!

However, in the past three days, the old man who had spoken to Chen Ping had always been lukewarm, and seemed to be somewhat wary of Chen Ping!

Especially if the girl with the sachet gets closer to Chen Ping, the old man will stop her.

Although Chen Ping didn't know what it meant, he didn't care too much!

After all, he didn't have any thoughts about that girl, it was just a misunderstanding!

Chen Ping planned to spend today, then leave with Ji Yun, then pick up Huo Feng through the Central Territory, and then go to the Weapon Refining Sect at Qingniu Peak!

When the time comes to restore the Dragon-Slaying Sword and free the sword spirit Zhongli, he can go back to the Jade Cauldron Sect to see Gao Qilan, Yu Jiameng and the others, and also meet Yihe.

After all, I have been away for such a long time. When I was in the Western Region, I met Liu Ruyan, but I haven't met the other girls yet!

Especially Gao Qilan, who had been with Chen Ping for a short time before they separated, and we haven't seen each other again until now!

Chen Ping plans to meet a few girls after returning to the Northern Territory this time, and by the way, Gao Qilan will also go back to the Gao family to meet his relatives!

Chen Ping can also inquire about Su Yuqi's news. Su Yuqi disappeared in the far north and has not been heard from since. Chen Ping is worried all the time!

However, the Northern Territory is the headquarters of the Demon Feng Alliance. If Chen Ping wants to operate in the Northern Territory, he must be extremely careful and hide his whereabouts!

Just when Chen Ping was thinking about what he was going to do next, the door was suddenly pushed open.

Who would be here this late at night?

Chen Ping stood up and grabbed the person who came!

“Mr. Chen, it’s me...”

Just when Chen Ping was about to catch the other party, the other party spoke!

Chen Ping heard that it was the girl with the sachet!

“Why did you come to my room in the middle of the night? Aren’t you afraid of being misunderstood?”

Chapter: 7144

Chen Ping asked in surprise!

“Mr. Chen, can I ask you, why are you looking for Miss A’Zhu from the Western Region?”

the girl asked!

Chen Ping was stunned, then looked at the girl and said, “Are you Miss A’Zhu from the Western Regions?”

The girl nodded: “Yes, I am that girl A’Zhu. My name is Zhu Qingyue. People in the Western Region call me A’Zhu.”

“I don’t know why Mr. Chen is looking for me?”

When Chen Ping heard this, he said truthfully: “It was Xiao Feng, the prince of the Xiao Dynasty, who asked me to look for you. He couldn’t find you in the Western Region, so he asked me.”

“A Feng?” When Zhu Qingyue heard this, her eyes were filled with surprise: “How is he? I heard that he is sick, very seriously...”

“Don’t worry, Miss Zhu. Prince Xiao is fine. He just suffered from lovesickness. He is fine now.”

“And Emperor Xiao also agreed to your matter, promised not to care about it anymore, and allowed you to be together...”

Chen Ping said!

“Really?” Zhu Qingyue’s face was full of excitement. She stepped forward and grabbed Chen Ping’s arm excitedly: “Mr. Chen, can you take me to the Western Regions? Take me to Xiaohuang Dynasty to find A Feng...”

“Of course. Since I promised Prince Xiao, I will definitely take you there.”

Chen Ping nodded and said!

“No!” Just when Chen Ping agreed, someone suddenly burst in outside the door. It was the old man who had been protecting Zhu Qingyue.

“Miss, we were ordered to take you back. So many people died along the way. You and I almost became the souls of the Blood and Bone Sect. Are you so cruel and want to return to the Western Region?”

The old man looked sad and angry, with tears in his eyes!

“Uncle Liu, I...”

Seeing the old man like that, Zhu Qingyue instantly became sad!

“Miss, if you insist on returning to the Western Region, then kill me. As long as I don’t die, I will never let you return to the Western Region.”

“I promised the master that I will find you no matter what and take you back...”

The old man’s eyes were firm and unquestionable!

When Zhu Qingyue saw this, she could only cry but didn’t say a word!

“What the hell is going on?”

Chapter: 7145

Chen Ping’s face was full of surprise, and he didn’t understand what was going on here.

“Mr. Chen, thank you for your rescue and your care these days. But if you take the young lady back to the Western Regions, don’t blame me for being rude.”

“Now the young lady is related to the survival of our entire family. She must go back with me...”

The old man followed Chen Ping helplessly and said!

“Please tell me clearly what happened, and maybe I can help you!”

Chen Ping couldn’t figure out what happened that caused the family’s survival?

Zhu Qingyue is just a female cultivator at the peak of the Fusion Realm. She has not even reached the Tribulation Realm. Can she influence the survival of the family?

The old man looked at Zhu Qingyue, sighed helplessly and said: "Miss, you should follow Mr. Chen personally..."

After saying that, the old man turned and left. He could see that as long as Zhu Qingyue dared to return to the Western Region, the old man would never live alone!

Chen Ping looked at Zhu Qingyue. At this time, Zhu Qingyue's face was already full of tears. After calming down his emotions, he said to Chen Ping: "Mr. Chen, actually I am not from the Western Region. I am from the Eastern Region. The Eastern Region People from Zhujia Town."

"My father is the governor of Zhujia Town, but my father betrothed me to Qi Heng from Qijia Town next door. I didn't like him at all, so I ran away secretly and fled to the Western Regions."

"I met A Feng in the Western Regions, but I didn't know that he was the prince of the Xiao Dynasty at the time. He didn't know my identity or name. He only knew that my name was A'Zhu."

"The two of us fell in love and got together, but Emperor Xiao discovered us and forcibly separated us. Only then did I know the identity of Prince Afeng Xiao."

"I was helpless in the Western Region, and after many years, I felt that Qi Heng should have found a partner for dual cultivation, so I contacted my family."

"Uncle Liu brought dozens of people to pick me up, but we met people from the Blood and Bone Sect, and we became prisoners. Many of the children from Zhujia Town died tragically, and I was the only one left to follow Uncle Liu."

“After following Uncle Liu during this period, I learned that Qi Heng did not find a new dual cultivation partner, but used this matter to blackmail my father and send them a large amount of resources to Qijia Town every year.”

“And he also said that if he can’t take me back, he will annex our Qijia Town and drive away all the children of Qijia Town...”

“Although the Eastern Region is vast, a large area is covered by the vast sea, and the resources are pitiful. Moreover, monsters are rampant and the environment is extremely harsh.”

“If they are really driven away, it will be difficult for the many children in Qijia Town to survive...”

Zhu Qingyue said and cried bitterly again!

When Chen Ping heard this, he immediately remembered that the Chuanyunmen in the Eastern Region actually went to the border of the Northern Region and followed Ji Yun’s family to snatch business. This shows that it is really not easy to survive in the Eastern Region!

There is also the Pharmacist Association of the Western Region. Although the Pharmacist Association of the Eastern Region also has people coming, their strength is generally low and they can also represent the local resource situation!

It seems that the entire Celestial Realm, the Western Region, the Southern Region, including the Central Region, is a place with good resources!

Especially in the Southern Territory, Tianmo Mountain is a place rich in products, which has indeed allowed many sects in the Southern Territory to develop rapidly. In addition, there are many demon cultivating sects in the Southern Territory, and the Demon Sealing Alliance’s power in the Southern Territory is relatively low. There are more battles in the southern region!

This is also the reason why sects like the Blood and Bone Sect choose to be in the Southern Territory. After all, the Southern Territory is rich in resources, but its personnel composition is very complicated!

The Northern Territory is not bad, but the large areas of extremely cold Northern Territory are also places where survival is difficult and there are few resources!

As for the Eastern Region, Chen Ping knew very little about it, but it seemed that the Eastern Region was even more barren!

Chapter: 7146

“Then you can ask Prince Xiao for help. I guess that Qijia Town can’t be more powerful than Xiao Dynasty, right?”

Chen Ping said!

“Of course not, but I don’t want Feng to know my identity, and I don’t want him to think I’m lying to him.”

“Mr. Chen, I hope you can help me. As long as you can follow Qi Heng to break off the engagement and resolve the crisis in Zhujia Town, my father will stop asking me!”

As Zhu Qingyue said that, she knelt down to Chen Ping!

Seeing this, Chen Ping quickly stretched out his hand to prevent Zhu Qingyue from kneeling down. Then he frowned slightly and said, “I have no friendship with that Qijia town. It’s not easy to get them to break off the engagement.”

“But I can help you try, but I don’t know what Qi Heng’s strength is?”

Chen Ping knew that if Qi Heng was too strong, it would be useless if he went there. After all, in this world of heaven and earth, strength is respected!

“Then Qi Heng is not at the second level of the Tribulation Realm. His father is probably at the eighth level of the Tribulation Realm. In our Eastern Region, the general strength is not very high.”

“The existence of Mahayana monks is rare. I only heard that there are Mahayana monks on the small island in the Dead Sea, but that area is a forbidden area in the Eastern Region, and basically few people go there.”

Zhu Qingyue said!

When Chen Ping heard that the strength of the monks in the Eastern Region was so low, wouldn't he be able to dominate the entire Eastern Region if he went there?

“Since that's the case, then I'll go with you and deal with your affairs. Then I'll send you to the Xiao Dynasty, which can be regarded as a favor to the Xiao Dynasty.”

Chen Ping promised Zhu Qingyue and decided to accompany her on the trip!

Xiao Huang sent people to help retake the Fox Emperor City, and also destroyed the Feng family in the Demon Sealing Alliance, and even spread the word that he would support him behind his back, so Chen Ping also had to do something to repay Xiao Huang!

“Thank you so much, Mr. Chen, thank you so much...”

When Zhu Qingyue heard this, she bowed happily to Chen Ping!

“It's just a piece of cake. You should go back and rest quickly. If someone sees you coming to my room in the middle of the night, there will be a misunderstanding and it will be hard to explain!”

Chen Ping waved his hand and told Zhu Qingyue to leave quickly!

Early the next morning, Chen Ping followed Sect Master Jiang and the others to say goodbye!

Especially Zhe Yan, after all, this guy has been following me loyally for a while!

After saying goodbye, Zhu Qingyue and Uncle Liu all boarded Chen Ping's airship!

As for the other monks, some left, while others chose to stay in the Soul Demon Sect.

The airship headed all the way east, heading straight for the Eastern Territory, passing through the Demonic Mountain, flying over acres of woods, and soon the endless sea appeared in front of us!

Chapter: 7147

There was not a single bird flying over the sea, and not even a ripple could be seen on the entire sea surface. It was truly deathly silent!

"Mr. Chen, in front of you is the Dead Sea. This Dead Sea is the boundary between the Southern Territory and the Eastern Territory. The junction between the Eastern Territory and the Northern Territory is the Black Sea."

"If you go further, you must fly according to the route, otherwise you will encounter danger. You cannot take a spiritual ship in the Dead Sea, and monks are not allowed to enter the sea."

"The monks who accidentally fell into the Dead Sea all turned into bones and came up..."

Zhu Qingyue said to Chen Ping!

“Route? Isn’t there a map?”

Chen Ping asked curiously!

“With a map...”

After Uncle Liu finished speaking, he directly took out a map with the entire Dead Sea drawn on it. There are many islands scattered in the Dead Sea!

“Mr. Chen, the islands connected by red lines are the route map. The airship can fly along this route.”

“Originally, there was a Chuanyunmen operator operating airships in our Eastern Region, but for some reason it ended.”

“When there were no airships, we always flew in the air, and then rested for a while when we arrived at an island. This was a waste of spiritual energy and time. We traveled for more than a month to find the eldest lady!”

“Of course you can also use the teleportation array, but the teleportation array is extremely expensive. There are dozens of us, and we simply cannot afford such a high cost!”

Uncle Liu pointed at the map and then followed Chen Ping in detail!

Chen Ping was speechless when he heard Uncle Liu’s words. He was the one who destroyed Chuanyunmen. Ji Yun also laughed secretly when he heard Uncle Liu’s words.

Chen Ping took a careful look at the map. The route on it was winding and winding, and the distance was obviously much farther. If he flew straight, he would be able to reach the Eastern Continent in a short distance.

“This is too much. Even if it is an airship flight, it will probably take three days...”

Chen Ping frowned and said!

“It doesn’t matter. There are people living and building on the islands along the way. Some of us can park the airship on an island to rest.”

Uncle Liu said quickly!

“No need, just fly straight. That’s enough time for the day. Going around in circles is a waste of time!”

Chen Ping waved his hand directly and said!

“Absolutely not. If we go straight, there may be Mahayana monks retreating on some island. Then they will attack us, which will be troublesome.”

Uncle Liu was shocked when he saw Chen Ping flying straight!

Chapter: 7148

Although Chen Ping is at the seventh level of the Tribulation Realm and is no longer weak, he is no longer an ant when faced with a master of the Mahayana Realm!

After all, Uncle Liu, Zhu Qingyue and others have never seen Chen Ping’s true strength. They thought that the Blood and Bone Sect was destroyed because of Sect Master Jiang and the Master of Guanghan Palace!

After all, who would have thought that a seventh-level monk in the Tribulation Realm could kill a second-level monk in the Mahayana Realm!

“Don’t worry, our airship is fast and won’t be easily discovered. If you were caught by the Blood and Bone Gate and delayed for so long, aren’t you afraid that the people in Qijia Town will start to make things difficult for you?”

Chen Ping said!

When Uncle Liu heard this, he immediately fell silent. They had indeed been arrested for a long time and could not contact their families. Maybe the people in Qijia Town had already fallen out with them in Zhujia Town!

After pondering for a moment, Uncle Liu nodded and said: “Okay, let’s go straight, but if you encounter danger, don’t worry about anything. Just escape as soon as possible. I will buy you time. You just need to keep the eldest lady safe.” Just send it back!”

“Uncle Liu...” Zhu Qingyue looked at Uncle Liu with shame!

She ran away selfishly, but she didn’t want to put the entire Zhujia Town into danger!

And in order to find her, so many people from Zhujia Town died, and now Uncle Liu is still defending himself like this!

Zhu Qingyue felt very ashamed!

“Don’t worry, nothing will happen...”

Chen Ping smiled slightly, and then asked Ji Li to speed up and rush straight into the sky above the Dead Sea!

The airship was traveling rapidly, and Chen Ping closed his eyes slightly to rest, but Uncle Liu and Zhu Qingyue were particularly nervous, staring outside the airship!

Unknowingly, the airship flew for more than half a day, everything was very smooth, and nothing happened!

If you continue like this, you can reach the Eastern Continent in just a few hours. As long as you cross the Dead Sea, it will be much safer!

Uncle Liu and Zhu Qingyue also breathed a sigh of relief and were no longer so nervous!

But at this moment, the steady airship suddenly started to shake, and Chen Ping suddenly opened his eyes!

“Mr. Chen, what’s going on?”

Ji Yun quickly asked Chen Ping!

Before Chen Ping could answer, he discovered that the fire unicorn actually ran out of the storage ring on its own!

Fire Qilin looked a little excited, and kept attacking the airship to get out.

Uncle Liu and Zhu Qingyue were startled when they saw the fire unicorn suddenly appearing.

“You little guy, are you crazy?”

Chapter: 7149

Chen Ping wanted to put the fire unicorn back into the storage ring, but the little fire unicorn was very resistant!

“Mr. Chen, this little guy seems to be going out. Did you find anything?”

Ji Yun reminded!

Hearing Ji Yun’s reminder, Chen Ping opened the door of the airship. The fire unicorn rushed out of the airship and rushed towards a small island below!

Upon seeing this, Chen Ping followed closely behind, and then loudly said to Ji Yun: “You go first, and then I will go find you...”

Chen Ping asked Ji Yun and the others to leave first. After all, Ji Yun and the others were not very strong. If he left and encountered danger, the three of them would not be able to deal with it!

Ji Yun nodded, and then the airship quickly headed towards the Eastern Continent!

This shocked Uncle Liu and Zhu Qingyue, and they hurriedly said: “Stop quickly, call people back, don’t go to the island, it’s very dangerous.”

“Without an airship, even if you don’t meet bad guys, it would be difficult to reach the mainland by flying on your own.”

Both of them asked Ji Yun to stop, and then called Chen Ping back, but Ji Yun didn’t listen and drove the airship away!

Ji Yun believes in Chen Ping. If there is any danger, Chen Ping will definitely be able to handle it. If they stay, not only will they not be able to help, but they will also become a burden. Ji Yun has been with Chen Ping for so long, and he knows this. There are still some!

Uncle Liu and Zhu Qingyue didn't understand. Ji Yun was obviously with Chen Ping, so why could he watch Chen Ping die and remain indifferent?

The airship gradually moved away, and Chen Ping chased the fire unicorn and landed on a desert island!

There were actually buildings on the deserted island, but by this time the buildings had already turned into ruins, proving that someone had lived here!

Moreover, there are large and small deep pits on the island, which are obviously traces of battles!

Chen Ping knew that there must have been people living on this deserted island. There had been a battle later, and it should be a deserted island now!

But he didn't understand why the fire unicorn suddenly became so excited and came to this desert island?

Chen Ping watched the fire unicorn fall on the desert island, and then quickly moved his claws, and a black hole went straight to the underground of the desert island!

"How come you, a mythical beast called Qilin, have now become a rat robber?"

When Chen Ping saw this, he felt very strange!

However, he still followed closely, following the black hole opened by Huo Qilin, and slowly headed underground on the desert island!

Soon, Chen Ping noticed some purple colors appearing around the cave wall. After careful observation, he discovered that these were actually purple jade stones. This purple jade stone can also be regarded as a kind of spiritual stone, and the quality is not low!

“Could it be that this fire unicorn knows that there is a purple jade stone under the desert island, so that’s why he is so excited?”

Chen Ping picked up a piece of purple jade and held it in his hand, looking at the fire unicorn in confusion!

But the fire unicorn seemed to have no interest in the purple jade, and was still heading deep into the depths with all its strength!

“Deep under the desert island, is there any spiritual ore of higher quality?”

Looking at the fire unicorn that was still digging deeper into the ground, Chen Ping was very puzzled!

However, he still followed, and at the same time, he turned far away with the Condensing Heart Technique, creating a huge suction force, sucking all the aura of the surrounding purple jade into his body!

He didn’t know how long he followed Huo Qilin to dig in, but Chen Ping felt that the air around him was getting hotter and hotter, and then his eyes turned red!

Chen Ping thought that the fire unicorn had dug into the magma from the core of the earth, but when he looked over, he discovered that it was actually some flaming red stones, and there seemed to be flames beating on the surface of the stones!

The fire unicorn opened its mouth and kept devouring the fiery red stones in front of it!

It looked like he was enjoying the food, and he would shout at Chen Ping from time to time, as if he was showing off after Chen Ping!

“There is actually this kind of spirit stone under this desert island, and the spirit stone is full of flame breath...”

Chen Ping was very surprised!

“These stones should have been roasted by the fire in the center of the earth for many years, which can just supplement the flame breath of the fire unicorn.”

“The fire unicorn is different from the sky-swallowing beast. It is very picky about food and does not eat everything.”

“It probably felt that there was this kind of flint under this desert island, so it became restless.”

Demon Lord Chiyun said to Chen Ping!

Chapter: 7150

“Then it seems that I need to collect more of these flints, otherwise the fire unicorn will be hungry and I won’t have anything to feed it!”

After Chen Ping finished speaking, he began to collect those flints quickly!

Fire Qilin was also digging while eating, and unknowingly had left the bottom of the desert island. At this moment, Chen Ping and the others had actually arrived at the bottom of the Dead Sea!

Chen Ping discovered that a vacuum channel formed around the flint, and there was a heat wave, making it impossible for seawater to come into contact with the flint!

But as Chen Ping and Huo Qilin took away the flint, the sea water continued to fall!

But the sea water is actually boiling. Although the surface of the Dead Sea is calm and there are no waves, the bottom of the sea is boiling!

This is also the reason why there is no living thing in the Dead Sea. If a monk fell into the Dead Sea, it would be difficult to resist the heat wave!

After all, not everyone can master the origin of fire and is not afraid of the fire in the core of the earth!

Fire Qilin eats all the way, Chen Ping takes all the way!

I don't know how long it took before the fire unicorn was full, and Chen Ping had already collected a lot of flint. But looking at it, there were scattered flint everywhere on the bottom of the Dead Sea. If Chen Ping wanted to collect them all, I estimate that I will stay here for a year and a half!

Chen Ping didn't have time to stay here forever, so after putting the Fire Qilin into the storage ring, Chen Ping began to rush out of the bottom of the sea!

But when Chen Ping went up, he was surrounded by rocks and mud, and there was no sea water. It seemed that they were at the bottom of another small island!

Without the Fire Qilin digging holes for Chen Ping, Chen Ping could only take out the Dragon-Slaying Sword and keep spinning it in front of him. The sharp Dragon-Slaying Sword was like a drill, constantly rushing upwards!

It was already dark outside at this time, and there was no movement or sound in the silent Dead Sea!

On this small island, there is a stone house in the center. The stone house is shining with light. It is obvious that there are people living on this island!

In the stone house, a woman with fair skin and long hair was soaking in a pool of spring water!

The spring water is still steaming, it is obviously a hot spring, and it should be affected by the fire from the center of the earth!

The stone house built the hot spring directly inside, and the woman didn't have the slightest scruple, she was completely naked!

The moonlight shines on the woman's body, and her white skin reflects the light.

But when the woman turned her head slightly, the moonlight shone on the woman's face, and she found that half of her face was severely burned and full of scars!

Such a graceful figure and skin are paired with a somewhat terrifying face. This sharp contrast makes people very uncomfortable!

The woman closed her eyes slightly and felt the temperature of the spring water!

There is only this one small island within a hundred miles, only this one woman, and not a single living thing!
