

## **The Order 7181**

Chapter: 7181

“In the Dead Sea?” The monk in green was stunned, then shook his head: “Master Ning, you still don’t understand the Dead Sea. There is no living thing in the Dead Sea. If anyone enters the Dead Sea, they will immediately turn into bones.”

“How could the two of them enter the Dead Sea, unless they wanted to die?”

“Ordinary monks may not dare to enter the Dead Sea, but Chen Ping dares. He must be with Zhu Qingxiu in the Dead Sea. The location I am looking for is not wrong.”

“Since there’s nothing around here, he must be at the bottom of the sea.”

Ning Zhi said with great certainty!

“Mr. Ning, I don’t want to deny your guess, but you really don’t understand the power of the Dead Sea. We have lived here for many years and have never seen a monk able to reach the bottom of the Dead Sea.”

“Let alone entering the bottom of the sea, even if it is contaminated with sea water, it will directly cause skin ulcers.”

“We’d better go out and look for him. We’re wasting time here. I’m afraid Chen Ping will escape and we won’t be able to follow the alliance leader to explain.”

The monk in green persuaded Ning Zhi to look elsewhere!

Ning Zhi gave the monk in green a cold look and said, “Don’t use your alliance leader to pressure me. He is your alliance leader, not mine. Don’t forget that we are just a cooperative relationship.”

“Since you said that no monk can enter the Dead Sea, then I will let you see how I entered.”

After Ning Zhi finished speaking, flames began to rise from his body, and then he rushed towards the Dead Sea!

Ning Zhi’s body plunged directly into the Dead Sea and disappeared instantly!

Many demon cultivators all looked at it in shock, wanting to see what the result would be!

But after waiting for a long time, Ning Zhi was not seen coming up, nor was Ning Zhi turned into bones and floating up!

Another quarter of an hour passed before Ning Zhi’s figure emerged from the sea!

Seeing that Ning Zhi was completely fine, all the demon cultivators were shocked!

“Master Ning, this...”

The monk in green looked at Ning Zhi in disbelief!

“This Dead Sea is just too hot due to the fire in the center of the earth. As long as it is contaminated with this sea water, it will instantly turn into bones.”

“But people who have the origin of fire or have practiced fire skills will not be afraid of the temperature of the Dead Sea.”

“Don’t forget, I am now a member of the Flame Demon lineage, and what I am best at is the ultimate fire!”

Ning Zhi raised the corner of his mouth slightly and said very proudly!

All the demonic cultivators bowed their heads and remained silent at this moment. They had seen Ning Zhi’s true ability!

Chapter: 7182

They can only be regarded as lackeys of the Demon-Sealing Alliance, but Ning Zhi is different. Ning Zhi represents the Flame Demon lineage and cooperates with the Demon-Sealing Alliance!

That’s why Ning Zhi behaves so strongly, and why these demon cultivators treat Ning Zhi with utmost respect!

“It’s broken, these demon cultivators have come...”

Chen Ping raised his head and looked up. Through the layers of sea water mist, he could detect Ning Zhi’s aura.

Although Chen Ping used the formation to hide his aura, it was really difficult for Ning Zhi and the others to find it, but he knew that it would not be a coincidence that the other party found this place!

Especially Ning Zhi also entered the Dead Sea just now, which proves that the Dead Sea has no obstacle to Ning Zhi!

“These demon cultivators shouldn’t be able to find us, right? After all, we are under the sea, and none of them would have thought of it.”

When Zhu Qingxiu heard that those demon cultivators were coming, she whispered!

“Someone can figure that we have to leave now.”

Chen Ping knew that Ning Zhi must have thought that he would hide under the sea!

Otherwise Ning Zhi would not have gone deep into the Dead Sea, but in this way, Chen Ping understood that Ning Zhi also possessed the Demon Clan’s ultimate fire, so he was not afraid of the Dead Sea!

“Those demon cultivators are still up there, how can we leave?”

“If you move even a little bit, your aura will probably be exposed.”

Zhu Qingxiu said!

Although the Dead Sea can isolate these people so that they dare not go into the sea, it cannot isolate their breath. If they move, their breath will definitely be detected by the other party!

When the time comes that they are locked by the other party’s consciousness, they still won’t be able to escape. They can’t stay at the bottom of the sea for the rest of their lives!

“It’s okay, we just want to be exposed. As long as Ning Zhi enters the Dead Sea, we will have a chance to rush out!”

Chen Ping wanted to trick Ning Zhi into entering the Dead Sea, so that he could take Zhu Qingxiu out of the Dead Sea and escape!

The remaining demon cultivators are unable to stop Chen Ping!

Only Ning Zhi is very difficult to deal with, and they are too familiar with each other!

Just when Chen Ping and Zhu Qingxiu left the formation and swam forward on the seabed, they were instantly detected by Ning Zhi and other demon cultivators!

“In the sea, they are really in the sea, I can detect their aura.”

After the monk in Tsing Yi noticed the auras of Chen Ping and Zhu Qingxiu, he shouted excitedly!

Ning Zhi also immediately locked the position of Chen Ping and the others, and then plunged into the Dead Sea!

Chapter: 7183

The remaining demon cultivators spread out and guarded the hundreds of kilometers of the Dead Sea!

Chen Ping had also been keeping an eye on Ning Zhi for a long time. The moment Ning Zhi entered the water, Chen Ping pulled Zhu Qingxiu and swam quickly towards the sea!

The moment Chen Ping and Zhu Qingxiu rushed out of the sea, they were immediately discovered by a demon cultivator!

“Still want to run...”

The demon cultivator shouted and came straight to Chen Ping and the others!

But Chen Ping didn't care, he took Zhu Qingxiu and escaped as fast as possible!

While escaping, Chen Ping raised his hand and shot out a golden light, and the golden source wrapped around his and Zhu Qingxiu's bodies!

At the same time, Chen Ping's indestructible golden body was activated. He was planning to resist the opponent's attack without fighting back!

Chen Ping knew that once he started to entangle him, the remaining demon cultivators would soon arrive!

Along with the fist shadows hitting Chen Ping one after another, Chen Ping did not stop at all!

"You can't run away..."

Another demon cultivator blocked Chen Ping's way!

Chen Ping didn't waste any time, he directly used the dragon-slaying sword and slashed out with one strike!

The sword light in the sky directly cut down the demon cultivator, and even the soul had no chance to escape!

When he died, the demon cultivator's eyes widened with disbelief on his face. He didn't expect that he would be instantly killed by a seventh-level cultivator in the Tribulation Realm!

If it were the monk in green and others, they would definitely not face Chen Ping like this. After all, they had fought against Chen Ping and knew his true strength!

None of the demon cultivators brought by Ning Zhi had seen Chen Ping's true strength, so they were careless and were instantly killed by Chen Ping with one sword!

But even this sword also weakened Chen Ping's speed!

Suddenly, more than a dozen demon cultivators from all directions gathered around him!

Ning Zhi also flew into the sky from the sea and came straight here!

Chen Ping frowned, knowing it was hard to escape, so he took Zhu Qingxiu back to the Dead Sea again!

In this way, these demonic cultivators will no longer be able to pursue them!

"Master Ning, after Chen Ping rushed out of the sea and killed one of us, he ran back into the sea again. We can't pursue him!"

The monk in Tsing Yi said after seeing Ning Zhi!

Chapter: 7184

"Don't worry, they can't escape..."

Ning Zhi looked at the sea with a fierce look in his eyes!

I saw him slowly raising his palms, the sky and the earth changed color instantly, and the black mist moved from far to near, and finally covered the sea surface with a radius of hundreds of miles!

Rumble.....

As soon as Chen Ping and Zhu Qingxiu reached the bottom of the sea, they felt the whole sea shaking!

The calm sea water began to surge, and the entire sea area became chaotic!

Waves of black energy poured into the sea, making the surrounding area instantly dark as ink!

The deafening roar resounded throughout the world!

Zhu Qingxiu's face turned livid with fright, and she unconsciously grabbed Chen Ping's arm, her body trembling slightly!

The surrounding black air slowly condensed into thick columns, and then plunged directly into the seabed!

The columns were inserted into the seabed one after another, like a cage, and then lines continued to light up on the black columns!

Auras filled the air, lines flickered, and black mist surrounded these columns, forming a large net!

This time, Chen Ping and Zhu Qingxiu were directly surrounded in the middle, as if they were in prison!

"This... what is this? It's so scary..."

Zhu Qingxiu frowned and said tremblingly!

“This Ning Zhi seems to have learned a lot, but he’s still a bit immature if he wants to play with me.”

“You help me protect the law, and I have to redraw the formation. I want to see whose formation is more powerful.”

After Chen Ping finished speaking, he began to continuously carve formations on the seabed, but this time the formations were a bit special, with extremely complex shapes, and each formation exuded golden light!

If Zhu Qingxiu knew about formations, he would definitely be able to see that what Chen Ping painted was not just formation patterns, these were divine patterns!

I learned this from the ancestor of Divine Patterns!

Zhu Qingxiu looked around nervously. He wanted to protect Chen Ping and let Chen Ping set up the formation with peace of mind!

But she didn’t have a sword, but with her bare hands, Zhu Qingxiu had no confidence at all!

I saw the strange sound of water all around getting louder and getting closer!

It’s like there are countless figures swimming in the sea!

If it were before, Zhu Qingxiu would not be afraid because she did not believe that anyone could enter the Dead Sea!

But now, she has to be afraid, because some monks don't care about the temperature in the Dead Sea!

Chapter: 7185

As the strange sound of water got closer and closer, Zhu Qingxiu saw countless dense wind blades dividing the sea into the chamber. These wind blades were all emanating from the black cylinder!

This is to use the wind blade to chop the two people trapped inside into pulp!

Looking at the wind blade getting closer and closer, cold sweat broke out on Zhu Qingxiu's forehead, and she looked at Chen Ping unconsciously!

She doesn't have Chen Ping's indestructible golden body. With her current strength, she may not be able to block these wind blades!

But Zhu Qingxiu has no place to escape, because this sea area is covered and there are such wind blades everywhere!

Zhu Qingxiu's only hope is that Chen Ping quickly sets up a formation to block these wind blades!

Otherwise, they might really be turned into a pulp by these wind blades!

However, seeing that Chen Ping was still concentrating on sculpting the formation, Zhu Qingxiu could only grit his teeth and plan to fight against these wind blades by himself and help Chen Ping resist them every second!

After all, both of them are grasshoppers on the same rope now, and no one can get rid of the other!

"Master, I'm sorry..."

After Zhu Qingxiu said something, he then took out a jade slip with nine swords carved on it!

This is the secret book of Wanjian Sect that the demon cultivator has been looking for!

The nine swords above are of different shapes and sizes!

Zhu Qingxiu took the jade slip in her hand, and then a burst of spiritual power penetrated it, and the jade slip shone with spiritual light!

At the same time, behind Zhu Qingxiu, a looming giant sword slowly took shape!

The nine swords on the jade slip shone with light, and then began to tremble slightly. Then the nine swords separated from the jade slip and floated in front of Zhu Qingxiu!

These nine swords echoed the giant sword behind Zhu Qingxiu, confirming each other!

As the nine swords flew out, Zhu Qingxiu's face became ugly and she was sweating profusely!

Soon the nine swords kept changing, and finally thousands of sword shadows appeared. It was no longer possible to tell which was illusion and which was reality!

Zhu Qingxiu swung her sword vigorously, and countless sword shadows flew away against the wind blades. The giant sword that appeared behind her was shaking crazily, and it seemed that it could no longer hold back and soared into the sky!

The roar continued, and those wind blades continued to explode!

Countless sword shadows temporarily blocked Zhu Qingxiu's area, and all the wind blades were destroyed!

"The Secret Manual of Wanjian Sect has been used!"

Above the sea, Ning Zhi looked down at the Dead Sea with a sneer on his lips!

Chapter: 7186

Beside him, more than a dozen demon cultivators looked at the rolling surface of the Dead Sea with shocked faces, and their admiration for Ning Zhi deepened!

"You follow me down, kill Zhu Qingxiu, and seize the secret book of Wanjian Sect."

"As for Chen Ping, leave it to me. I must let him die without a burial place!"

Ning Zhi's eyes narrowed slightly and he said with murderous intent!

"Master Ning, I'm afraid we won't be able to enter the Dead Sea..."

The monk in Tsing Yi said with some embarrassment!

"Don't worry, as long as I'm here, you can enter!"

After Ning Zhi finished speaking, he waved his palm lightly, and a ball of red flames swam around everyone, quickly forming a barrier around everyone!

Looking from a distance, these people look like burning people!

“Mr. Ning, can you not kill Chen Ping or keep his body intact? After all, he is worth hundreds of years.”

Another demon cultivator asked cautiously!

Ning Zhi’s eyes widened slightly, and he was so frightened that the man never dared to speak again!

“Let me tell you, no one is allowed to make any decisions about Chen Ping. I have to kill him myself.”

“It’s been so long, it’s time to settle the grudge between me and him!”

Ning Zhi must kill Chen Ping with his own hands in order to avenge his father’s murder!

From the secular world to the world of gods and humans, Ning Zhi followed step by step. Only he knew how much suffering he suffered!

Now that I have become a demon cultivator, it is entirely because of Chen Ping!

“Understood!” Upon seeing this, the monk in green nodded quickly and flatteringly!

If they really offend Ning Zhi, none of them will be able to survive. After all, Ning Zhi is not under the control of their Demon Sealing Alliance. Even if they kill them, the Demon Sealing Alliance will not make the decision for them!

After saying that, the monk in green took the lead and rushed towards the Dead Sea, followed by the other demon cultivators, each one like a sharp arrow, shooting directly down from the air!

More than a dozen demon cultivators, with their auras intertwined together, rushed into the Dead Sea like Mount Tai, heading straight for Zhu Qingxiu!

Zhu Qingxiu also felt the auras of more than a dozen demon cultivators, her eyes filled with disbelief!

She didn't understand how these demon cultivators could enter the Dead Sea, but now was not the time to think!

I saw the giant sword behind Zhu Qingxiu suddenly unsheathed, and thousands of golden lights illuminated the surrounding area instantly!

Chapter: 7187

Ning Zhi did not rush into the Dead Sea in a hurry, but looked down at everything in the sea in mid-air!

And he continued to condense the black demonic energy, and then penetrated into the columns!

More than a dozen demon cultivators, led by the monk in green, launched an attack on Zhu Qingxiu!

However, under the obstruction of the complete sword shadow and the giant sword, it was difficult for them to get close for a while!

"This secret technique of the Ten Thousand Swords Sect is really powerful. More than a dozen of us can't even get close."

The monk in green frowned slightly and kept dodging the attacks of those sword shadows!

“Brother, the secrets of Wanjian Sect are all in the bull, and they also need spiritual support. I want to see how long that woman Zhu Qingxiu can sustain it!”

A demon cultivator smashed a sword shadow with one palm, and then said proudly!

“That’s right, he won’t be able to support a woman for too long!”

The monk in green nodded!

More than a dozen demon cultivators kept chasing Zhu Qingxiu, and Zhu Qingxiu was sweating profusely. He activated the jade slip secret book in his hand, and the sword shadows were destroyed one after another, and then appeared quickly!

Zhu Qingxiu’s face was already extremely pale. Suddenly, Zhu Qingxiu spurted out a mouthful of blood, and the blood sprayed directly on the jade slip secret book!

With a flash of red light, nine blood-red long swords flew out from the jade slip again!

Whoosh whoosh whoosh...

These blood-red swords are all heading towards those demon cultivators!

However, it can be clearly seen that Zhu Qingxiu’s body is trembling and has reached its limit!

“Hurry up, hurry up, I can’t hold on anymore...”

Zhu Qingxiu glanced at Chen Ping who was concentrating on carving the formation patterns and said!

Chen Ping also knew the danger at this moment, but they had to complete the divine pattern this time before they could escape!

Otherwise, Ning Zhi plus these dozen demon cultivators would be enough for them to drink a pot!

Now Chen Ping knows that it is not the time to follow Ning Zhi to death. Ning Zhi has too many tricks. Chen Ping doesn’t know Ning Zhi’s strength yet, so he doesn’t dare to fight head-on!

If he really suffered a loss, with Ning Zhi’s temperament, it would be 100% impossible for him to give himself a chance to escape!

“This Zhu Qingxiu actually used her own essence and blood to consume it. She is planning to die!”

The monk in green couldn’t help but be surprised when he faced the blood-red swords that suddenly appeared!

Chapter: 7188

But even if the nine blood-red swords appeared again, they couldn’t stop the dozen demon cultivators from approaching!

Every time a blood-red sword was destroyed, Zhu Qingxiu’s body would tremble, and then she would spurt out a mouthful of blood!

Zhu Qingxiu spurted out more and more blood, and her breath was extremely weak!

The jade slip secret book in his hand no longer flickered with light, and no shadow of the sword appeared!

The blood dyed Zhu Qingxiu's clothes red, and Zhu Qingxiu had become a bloody man at this moment!

She couldn't hold on anymore and slowly fell to the ground, her face as white as paper!

Even so, she was still burning her essence and blood, struggling to resist those demonic cultivators!

No matter what, it is death, Zhu Qingxiu no longer cares about her own life!

If Chen Ping had a chance to escape, she hoped that Chen Ping could take away the secret book of Wenjian Sect!

She will die sooner or later anyway!

"Brother, is this Zhu Qingxiu going crazy? He is preparing to commit suicide!"

A demon cultivator looked at Zhu Qingxiu so close and said in shock!

"She knows that she will die sooner or later. This way she can avoid being ruined by all of us."

"Watch the secret in her hand. No matter who grabs it, they must give it to me!"

After the monk in green robe finished speaking, he walked straight towards Zhu Qingxiu while waving the long knife in his arm!

Zhu Qingxiu watched helplessly, but she no longer had the strength to resist. She could only watch the demon cultivator getting closer and closer to her!

At this time, Chen Ping had finished carving the last divine pattern. With the completion of the last divine pattern, a huge magic circle was activated instantly!

Buzz!

Accompanied by a buzzing sound, thousands of golden lights flashed out, and the large formation formed by the pillars instantly became wildly aura, roaring in all directions. The demon cultivators that rushed over were repelled one after another, like a small boat, and were swept away. Huge power rushed out of the Dead Sea!

The surrounding pillars also turned into black mist and disappeared under the thousands of golden lights. For a moment, the waves of the Dead Sea were turbulent, and the water columns surged ten thousand feet high!

More than a dozen demon cultivators were knocked into the sky by this power, and no one could even be seen!

“What kind of formation is this? How can it be so powerful?”

Ning Zhi was in mid-air. After seeing this scene, his expression suddenly changed!

He never expected that Chen Ping would actually set up such a powerful formation on the bottom of the sea in such a short period of time!

Chapter: 7189

“Let’s see how powerful you are!”

Ning Zhi's eyes were slightly condensed, and his face was even colder. All the black energy in the Dead Sea was absorbed into his palms by Ning Zhi, and then the black energy condensed into a spear!

Then Ning Zhi threw the spear into the Dead Sea with great force. Like thunder, the spear plunged straight into the position where Chen Ping and the others were!

Ning Zhi wanted to see if it was Chen Ping's formation that was more powerful, or his spear!

Whoosh!

The spear was as fast as lightning and reached the bottom of the sea in an instant!

At this time, Chen Ping had already picked up Zhu Qingxiu. Zhu Qingxiu was dying and covered in blood. He looked at Chen Ping and said in a weak voice: "Don't worry about me. You can find a way to escape and get the secret manual of our Wanjian Sect." Take it with you, don't let those demon cultivators take it away."

"I can't leave anymore, please put me down..."

Zhu Qingxiu knew that if Chen Ping took him with him, it would be impossible to escape!

"Don't worry, I will definitely be able to help you escape!"

Chen Ping looked at Zhu Qingxiu with firm eyes!

At this moment, Chen Ping frowned slightly, then looked up and saw a spear, directly piercing the sea water, heading straight for him with blazing flames!

The speed was so fast that when Chen Ping raised his head, the spear was already in front of him!

The sharp spear head seemed to be able to penetrate everything. The surrounding seawater was squeezed by the rapidly approaching spear, forming a vacuum channel!

“Go quickly, go quickly...”

Seeing this, Zhu Qingxiu quickly urged Chen Ping to escape and leave her alone!

But Chen Ping was holding Zhu Qingxiu, but he was motionless. He knew that this was Ning Zhi’s powerful attack, and he wanted to see if the formation under his divine pattern could withstand Ning Zhi’s attack!

Seeing that Chen Ping refused to leave, Zhu Qingxiu suddenly burst out with her last bit of strength, broke away from Chen Ping’s arms, and pushed Chen Ping aside with all her strength!

At the same time, a cloud of blood mist erupted from her body, and she wanted to block this blow for Chen Ping!

boom!

The spear exploded just ten feet away from Zhu Qingxiu’s body.

Chapter: 7190

The terrifying aura spread around, and the sea water poured in to form a huge whirlpool!

Only then did Zhu Qingxiu remember that Chen Ping had already set up a magic circle, and the spear he just fired was blocked by the magic circle!

Zhu Qingxiu smiled, and then slowly closed her eyes. The breath in her body was quickly dissipating, and her body fell weakly to the ground!

Although the spear did not hurt her, her final explosion consumed her remaining spiritual power!

Chen Ping subconsciously stepped forward and hugged Zhu Qingxiu. He did not expect that Zhu Qingxiu would make such a choice at a critical moment!

You must know that he and Zhu Qingxiu are neither relatives nor friends, and the two of them cannot be said to have any friendship!

But Zhu Qingxiu subconsciously chose to sacrifice herself to save Chen Ping!

Holding Zhu Qingxiu's body and looking at the fallen mask, Zhu Qingxiu's burned face was no longer so ugly in Chen Ping's eyes!

"Don't worry, even if I go to the underworld, I will save you!"

Chen Ping's eyes were full of anger, and he suddenly raised his head. The magic circle he had just set up was like a nuclear bomb, bursting out with countless rays of light!

These rays of light shot straight into the sky. Ning Zhi frowned in mid-air, and his whole person was wrapped in this light!

When the light dissipated, the demon cultivators who were knocked away also flew back, but the Dead Sea was already calm!

Ning Zhi stared into the Dead Sea and clenched his fists tightly: "Damn it, let them run away..."

He didn't expect that the formation deployed by Chen Ping would be so powerful. Not only did his blow fail to break it, but the moment the formation exploded, he couldn't even observe it!

Chen Ping took advantage of this opportunity to escape with Zhu Qingxiu!

There were so many of them, but they still let Chen Ping escape. Ning Zhi could only grit his teeth!

This is the closest I have been to killing Chen Ping since coming to the Heavenly Realm!

"It's all Zhu Qingxiu's fault. If she hadn't resisted desperately, I don't think Chen Ping would have had time to set up the formation!"

The monk in green cursed!

But what he said was right. If it weren't for Zhu Qingxiu desperately trying to delay time, Chen Ping really wouldn't be able to set up the magic circle.

I didn't get the secret book of Wanjian Sect, and Chen Ping, who had been worshiped by the Demon Sealing Alliance for a hundred years, also ran away...

Not only did they get nothing this time, but they also lost several people. It was really a steal but a loss of rice!

“Then Zhu Qingxiu won’t live long, and even if Chen Ping escapes, he won’t be able to escape very far. Follow me to find him!”

After Ning Zhi finished speaking, his body instantly appeared several miles away!
