

The Order 7251

Chapter: 7251

“These two little bastards still have some abilities, but I’m not afraid of your blind grandpa!”

Although the blind elder Zuo was at a disadvantage, he did not give up at all. He saw the long sword in his hand exuding a dense white light and slashing towards Tianluo and Tiansha!

Tianluo and Tiansha frowned when they saw that the blind elder Zuo was clearly outmatched and dared to attack!

They came to arrest Chen Ping and investigate the ruins, but unexpectedly they encountered an old lunatic and insisted on stalking him!

Tianluo and Tiansha also got angry, and then the three of them got into a melee!

The void trembled, the sword light soared, and the entire sky above Gelu Mountain was shrouded in sword light!

Although the blind elder Zuo was very strong, after all, one against two, he would not be able to survive for a long time!

“You two are bullying me, an old man, so damn shameless...”

Although the blind elder Zuo was at a disadvantage, he was not forgiving!

“You old guy, aren’t you crazy? You want to beat us two by yourself? Why are you bullying you now?”

Tian Luo mocked Elder Zuo Blind with a sneer on his face!

“I don’t want to fight you like this now!” Elder Zuo Blind said, and ordered to the sword-wielding monks:
“Stop watching, and take action. I must kill these two little bastards.” ”

After receiving the order, several sword-wielding monks jumped up instantly and surrounded Tianluo and Tiansha!

“Old man, they are just a few young monks in the Tribulation Realm. Did you ask them to die?”

Tianluo is not afraid of those sword-wielding monks at all!

Elder Zuo Blind raised the corner of his mouth: “Ignorant boy, you will know how powerful these Tribulation Realm monks are later.”

After saying that, he swung his sword directly forward, and the sword-wielding monks also rushed forward!

At this moment, Tianluo’s expression suddenly changed, because he discovered that the attacks launched by these sword-wielding monks had an incomparable tacit understanding, and the power they unleashed was no worse than that of the Mahayana realm!

The melee started again...

In the battlefield of gods and demons!

Chen Ping appeared in a desolate place with Ji Yun and Zhu Qingxiu!

Zhu Qingxiu looked at the scene in front of her and showed a very shocked expression!

After all, this was the first time she had seen such a place. She had traveled throughout the entire Eastern Territory, but this place obviously did not belong to any place in the Eastern Territory!

Chen Ping and Ji Yun were much calmer. After all, they had both entered the battlefield of gods and demons and knew about it, so there was nothing surprising!

Chapter: 7252

“The battlefield between gods and demons looks extremely desolate. It is even more desolate than the Eastern Region. Are there any treasures in such a place?”

Zhu Qingxiu asked very puzzledly!

“No one knows whether there is a treasure. It all depends on luck. Maybe the treasure was not found and my life was left here!”

Chen Ping said calmly!

“Ah?” Zhu Qingxiu was surprised: “Is there still danger here?”

“You don’t have to be too afraid. Most of the time there is no danger.”

After Chen Ping finished speaking, he walked straight forward!

Ji Yun and Zhu Qingxiu followed behind, stepping on the barren land, leaving a series of footprints!

Obviously no one has been here before. Those who started to enter the cave entrance were probably sent to other places in the battlefield of gods and demons!

After all, this kind of teleportation from the entrance to the battlefield of gods and demons is random!

Chen Ping burst out with consciousness and wanted to explore the surroundings to see if there was anyone who came in first!

But just when Chen Ping's consciousness broke out, a mysterious force suddenly defeated Chen Ping's consciousness and made Chen Ping's head dizzy!

Chen Ping's face changed drastically, and his face was full of disbelief!

He knew how powerful his consciousness was, yet he was defeated so easily!

"What a powerful forbidden power. This battlefield between gods and demons looks very simple!"

Demon Lord Chiyun spoke!

He also felt the huge power in Chen Ping's sea of consciousness!

After a while, Chen Ping gradually came to his senses. Looking at the vast desolate land, he didn't know if he was right to rush into the battlefield of gods and demons!

At this time, not far from them, there was a sound of footsteps, followed by Lin Keting and the right blind elder slowly coming!

Seeing Chen Ping like that, Lin Keting smiled slightly and said, "Did he emit spiritual consciousness and be attacked?"

Chen Ping was stunned, but did not speak!

"There are restrictions here. You can't use your spiritual sense to detect it, and you can't explode your spiritual power at all. Flying in the air is even more impossible!"

Lin Keting said to Chen Ping!

When Chen Ping heard this, he immediately used the spiritual power in his body and found that he was really suppressed!

Chapter: 7253

Seeing this, Chen Ping hurriedly activated other powers, including dragon power, origin power, and even the power of the three clans, but he was still suppressed and could not unleash even half of his power!

Chen Ping's face became extremely ugly. If he encountered danger at this time, wouldn't he become a lamb to be slaughtered?

"How could this happen? Why do you know that this battlefield of gods and demons has such a restriction?"

Chen Ping didn't understand. This was Lin Keting's first time entering the battlefield between gods and demons. Why did she understand it so well?

"I just heard about it."

Lin Keting smiled slightly, but Chen Ping didn't believe it!

It's just that Lin Keting didn't want to say it. Since she didn't want to say it, Chen Ping didn't ask any more questions!

"In this battlefield of gods and demons, everyone will become ordinary people and must use their most primitive power, so it is very cruel here."

"No matter how awesome you are outside, you are just an ordinary person here. Don't be in danger."

Lin Keting reminded with a smile!

Chen Ping took a deep breath and slowly calmed down. After all, his body is very expressive. Even with the purest physical strength, Chen Ping is not afraid of anyone!

What's more, Chen Ping also has the Holy Light Fist, which can be used without any magic power, just with physical strength!

For Chen Ping, this kind of ban may be a good thing!

swish swish...

While he was talking, there was a sudden rustling sound, and then a sand scorpion several meters long came quickly!

The sand scorpion's tail is raised high, and the poisonous needles on it are emitting a cold light!

When Ji Yun and Zhu Qingxiu saw this, they hurriedly opened their stances, especially Zhu Qingxiu, who had the long sword in his hand and was ready to thrust out!

But when she swung her sword, she remembered that she had no spiritual power at all, and it was impossible to kill the sand scorpion in front of her!

At this time, both of them were a little panicked and looked very ugly!

Chen Ping frowned slightly and clenched his fists tightly, preparing to hit the sand scorpion with the Holy Light Fist!

As for Lin Keting and the right-blind elder, they seemed not to be afraid at all when facing the sand scorpion that was approaching rapidly!

Just when the sand scorpion was in front of him, the blind elder on the right suddenly drew his sword, and then swung it hard!

brush!

With a slash of the sword, the sand scorpion was instantly cut in half, and even the ground was left with a deep ravine by the sword energy!

Chapter: 7254

Seeing this scene, Chen Ping and the others were shocked!

“Why can he use the spiritual power in his body?”

Chen Ping looked at the blind elder on the right and asked in confusion!

“He is a sword cultivator, and what he used just now was not spiritual power, but sword intention!”

“This little girl is from the Wanjian Sect. She should also be a sword cultivator and possess sword intent, right?”

Lin Keting looked at Zhu Qingxiu and said!

Zhu Qingxiu’s face became very embarrassed and she lowered her head slightly!

She is indeed a disciple of Wanjian Sect, and she is indeed a sword cultivator, but she does not have sword intention, because only a few senior members of Wanjian Sect have developed sword intention!

“Sword intent?” Chen Ping thought in a low voice!

Seeing Chen Ping like that, Lin Keting smiled and said: “In order to make up for the recklessness of my subordinates towards you, I told you some restrictions on this battlefield of gods and demons. Whether you can survive in the future and whether you can find treasures depends on your own destiny. ”

After Lin Keting finished speaking, she turned around and left with the right blind elder!

Chen Ping didn’t speak, his eyes seemed to be fixed. He kept thinking about the word “Sword Intent”!

Swish, swish, swish, swish, swish...

Suddenly, there was another rustling sound on the barren land, but this time it was obviously noisier!

Soon I saw dozens of sand scorpions rushing over quickly!

Ji Yun and Zhu Qingxiu were almost stunned when they saw this scene!

Even Lin Keting and Elder Youblind, who turned around to leave, changed their expressions instantly. The relaxed demeanor they had just now disappeared and became extremely solemn!

The right blind elder held the long sword in his right hand, and it started to shake unconsciously!

Lin Keting also picked up a jade pendant, as if it was something to save her life!

With so many sand scorpions, there is no way to deal with the people who have lost their spiritual power!

Seeing dozens of sand scorpions approaching and about to prick them with their poisonous needles, Chen Ping suddenly moved!

“Sword Intention...”

Chen Ping uttered two words, and then slashed with the dragon-slaying sword in his hand!

Countless sword lights shot out from the Dragon-Slaying Sword, and these sword lights penetrated the bodies of those sand scorpions in an instant!

All the sand scorpions that were about to attack fell down one after another!

After countless sword lights penetrated the Sand Scorpion's body, they actually moved towards the distance, and finally exploded in bursts of explosions in the distance!

Everyone looked at Chen Ping in disbelief.

Even Lin Keting, who was about to leave, opened her eyes wide with shock!

The blind elder on the right had his mouth wide open and his expression was extremely shocked!

"You...do you also have sword intention?"

The right blind elder said in shock!

"That's probably it. I just chopped it off casually..."

Chen Ping was also a little confused. He was actually not sure whether what he had just displayed was sword intention. After all, he didn't understand sword intention either!

Chapter: 7255

Chen Ping's words immediately made the right blind elder almost vomit blood!

He had practiced swordplay all his life and finally managed to develop some sword intent, but now Chen Ping unleashed so much sword intent with a casual slash!

And it seems that Chen Ping himself doesn't know that this gap is really huge for the blind elder You!

Lin Keting looked at Chen Ping again at this time, with doubts and confusion in her eyes!

She didn't understand that Chen Ping, a seventh-level monk in the Tribulation Realm, could kill so many sand scorpions with one sword when his spiritual power was suppressed!

Obviously, what Chen Ping displayed was also sword intention, otherwise it would be impossible to have such power!

But Chen Ping himself doesn't understand what sword intention is, which is so strange!

Lin Keting became very interested in Chen Ping!

She originally planned to leave, but turned around and looked at Chen Ping and said: "I didn't expect you to have such ability. Let's go together and we can take care of you!"

Lin Keting took the initiative to invite Chen Ping and the others to join her. She obviously took a fancy to Chen Ping's strength!

Chen Ping nodded. Chen Ping was unfamiliar with this battlefield of gods and demons, but Lin Keting seemed to be very familiar with this battlefield of gods and demons, so it would be good for Chen Ping to go together!

Ji Yun and Zhu Qingxiu are now equivalent to ordinary people. If they are really in danger, Chen Ping may not have the energy to take care of them!

If they go together, they can still have someone to take care of them, especially the blind elder on the right, who is also very powerful. In this way, they can be said to be invincible in the battlefield of gods and demons!

Seeing Chen Ping agree to go together, Lin Keting smiled slightly, then turned and walked forward!

Chen Ping and the others were following behind, while the right blind elder Duan was always vigilant!

Since there are so many sand scorpions here, there may be other monsters out there!

After a few people walked a certain distance, they discovered that there were more than ten huge rocks standing in front of them!

These rocks have strange shapes without any rules, as if they were made by nature!

However, Chen Ping could tell at a glance that these stones were definitely not natural, but were placed specially by someone, because the location where these huge stones were placed turned out to be a small enchantment array!

If you walk into these huge rocks rashly, you will definitely get lost in them, but Chen Ping knows the art of formations. Of course, this little formation can't stop Chen Ping!

Lin Keting just glanced at the boulders, and then walked straight over, seemingly not realizing that the boulders in front of her were placed in a formation!

Chen Ping didn't say anything, but followed behind. With him around, he wouldn't get lost in it!

When everyone came to the boulders and looked up, they saw that these boulders were dozens of meters high!

It doesn't look like much from a distance, but when you get closer you realize that these boulders are all like hills!

Chapter: 7256

Standing in front of these boulders, there is an invisible sense of oppression!

“Mr. Chen, look, there seem to be many special words on these huge rocks.”

Ji Yun said excitedly to Chen Ping!

Chen Ping looked carefully and found a lot of incomprehensible words on the boulders, like some kind of runes!

This discovery made Chen Ping a little excited. If these were fairy magic or ancient secret magic, wouldn't he be making a lot of money!

It's just that Chen Ping doesn't recognize the words above at all, so he doesn't know what they are!

Lin Keting just took a long look, and then said: “This is just a record carved by someone, not a skill...”

Chen Ping was stunned and quickly asked: “Miss Lin, do you recognize these words?”

“I don't know...” Lin Keting shook her head!

When Chen Ping heard this, he opened his mouth to curse, but he still held it back!

I don't know him, but he still said it as if he was telling the truth!

“You don’t know these words, but you say they are not exercises. Who are you lying to? Are you trying to fool us and then secretly learn the exercises yourself?”

Zhu Qingxiu looked at Lin Keting dissatisfied and said!

When Lin Keting heard this, she smiled disdainfully and said: “Don’t say these are not exercises. Even if they are exercises, I don’t think highly of them. Don’t use your own thoughts to guess other people’s minds!”

“You...” Zhu Qingxiu was speechless by Lin Keting!

Chen Ping could tell that Lin Keting didn’t seem to be lying, and the identity of the other party was not simple. It was not comparable to a disciple of Wanjian Sect like Zhu Qingxiu!

As far as the strength of the two blind elders on the left and right, Zhujiazhen showed all his strength, and they were no match for him!

The Wanjian Sect may not be as powerful as the people brought by Lin Keting!

“Ms. Lin, I wonder if you can tell me how you know what the words on this are?”

Chen Ping asked Lin Keting in a very calm tone!

Lin Keting smiled slightly and opened her right hand. There were many runes painted on her right hand. It was these runes that allowed Lin Keting to easily open the formation at the entrance to the battlefield of gods and demons!

“Because I have these runes, I can transform the words on the boulder.”

After Lin Keting finished speaking, she gently touched the boulder with her palm!

As the runes on Lin Keting's palms emitted light, the words on the boulder seemed to come alive and began to hover in the air!

Chapter: 7257

Soon, those obscure words turned into a picture and appeared in front of everyone!

I saw in those scrolls, the scenes of the battle between gods and demons were vividly visible, with soldiers fighting and iron horses spilling blood...

Everyone was shocked because it was the first time for them to see the battle between gods and demons in this way!

In the past, Chen Ping could only understand it through the bones and the narrations of some people, but he had never witnessed such a real thing!

Seeing that scene now makes Chen Ping's heart surge so much that he feels like vomiting!

The dreaming immortals in front of me, the realm they and the monks desperately want to achieve, are falling like lambs one after another at this moment, like ants, with no value at all!

Chen Ping couldn't imagine how cruel the catastrophe of the war between gods and demons was, let alone what the world had become because of this catastrophe!

You must know that the Celestial Realm is just a small battlefield in the battle between gods and demons. There are countless small worlds like the Celestial Realm in the entire universe and galaxies!

But even a small battlefield is so cruel. You can imagine the catastrophe caused by the entire war between gods and demons, and how many immortals and demons have died!

Chen Ping was in a daze for a moment. He didn't know if he had the ability to figure out the cause of the war between gods and demons, and if there was any way to know the identity of his biological father!

He felt that those things were too far away from him, as far away as a dream...

"These are records of the battle between gods and demons, so they are not techniques..."

Lin Keting took her hand back, and the words instantly returned to the boulder, and she regained her composure!

Everyone was still immersed in the scene just now. Even the blind elder on the right was shocked. Only Lin Keting didn't seem surprised!

"Ms. Lin, there should be records on other boulders. Are they all recording this battle between gods and demons?"

Chen Ping finally regained his composure and asked Lin Keting!

"That's not true. There should be some skills recorded on other boulders. Although these skills are very old, after all, they are all immortal skills or magic inherited from the heaven. For the world of heaven and humans, then It's also a top-notch technique."

"If any of you want to learn, I can help you collect them so that you can understand them!"

Lin Keting said!

After hearing what Lin Keting said, Zhu Qingxiu felt very embarrassed. Just now she said that Lin Keting deliberately lied to them in order to secretly learn the skills on the boulder. Now it seems that she really doesn't care!

Lin Keting's words made Chen Ping look at her twice, wondering what her identity was, why was she not even interested in immortality?

However, Chen Ping was not too interested. You must know that the various techniques he learned were also taught by people from the heaven!

Needless to say, the Heart Condensation Technique is the top technique in the heaven!

Holy Light Fist, various divine patterns, and Tianming Eye, any of them are very powerful skills in the heaven!

Chapter: 7258

Chen Ping doesn't need it. He just follows the records on the boulder to learn some exercises. If he really wants to learn them, Demon Lord Chiyun is much better than those immortals!

After all, Demon Lord Chiyun is also a figure from the Ninth Level of Heaven, and he is not comparable to ordinary immortals!

"It's just some ordinary immortal-level skills. I'm not interested in them. Let's look for other treasures!"

Chen Ping smiled slightly and said!

Chen Ping's words made Lin Keting slightly stunned. She couldn't help but look at Chen Ping with curiosity in her eyes. Now she was even more curious about Chen Ping's identity.

At this time, Chen Ping and Lin Keting were both very curious about the other's identity, but neither of them had fully revealed it!

The two of them have just met each other, and they haven't developed a heart-to-heart relationship yet!

Ji Yun, Zhu Qingxiu and the right blind elder almost died of anger after hearing what Chen Ping and Lin Keting said!

These two people are not interested in immortal-level skills, but that doesn't mean others are not interested either!

But now that Chen Ping has said it, Ji Yun and Zhu Qingxiu have nothing to say!

"Since you're not interested, then don't waste any more time here..."

After Lin Keting finished speaking, she started walking forward!

Chen Ping followed behind. Although the others were reluctant to leave, they could only follow!

Chen Ping stared at Lin Keting. Because there is an enchantment array here, there is a high probability that Lin Keting will not be able to get out!

But who would have thought that Lin Keting would shuttle among the boulders and finally walk out of the Stonehenge!

Chen Ping had a bit of surprise on his face. Could it be that Lin Keting was also an array master?

Did she see the formation in this boulder?

Chen Ping quickly caught up with Lin Keting and opened his mouth to ask, but for a moment he didn't know how to speak!

If Chen Ping was going to reveal that he discovered the enchantment array in the boulder as soon as he opened his mouth, then if Lin Keting asked why Chen Ping didn't tell him in advance, Chen Ping would be very embarrassed!

But without opening his mouth, Chen Ping was very curious and wanted to know whether Lin Keting was an array master!

Just when Chen Ping was in a dilemma and didn't know how to speak, Lin Keting suddenly stopped and looked at Chen Ping with a playful look on her face: "Did you discover that there is an enchantment formation in the huge stone?"

"Ah..." Chen Ping was stunned for a moment, then nodded!

"I have long seen that you have discovered the enchantment formation in the boulder. You haven't told me yet. Do you want to wait for me to fall into the formation and solve it so that you can show off in front of me?"

Lin Keting asked Chen Ping so bluntly!

This time, Chen Ping's face turned red and he didn't know what to do!

Chen Ping does have that idea. When the time comes, Lin Keting and the others will take him seriously, and he will be able to show off!

But now, I failed to show off and was slapped in the face instead...

Awkward.....

“Ms. Lin, aren’t you also an array master?”

Chen Ping asked very awkwardly!

“Of course I am not a formation master. I know nothing about formations...”

Lin Keting shook her head!

“Ah?” Chen Ping was stunned: “Then you...”

Chen Ping wanted to know, how did Lin Keting get out of the boulder enchantment formation if she didn’t understand the formation?

If you don’t understand the formation, how do you open the entrance formation to the battlefield of gods and demons?

Lin Keting smiled, then spread her right hand, just to let Chen Ping look at the runes on her palm, and then smiled and moved on!

Chen Ping also instantly understood that it was all caused by the runes on Lin Keting’s palm!

But who drew the runes on Lin Keting’s palm? Moreover, these runes seemed to be omnipotent. It was simply amazing!

Chapter: 7259

After walking for some distance, the surrounding scenery began to change. The originally barren land was now green!

Mountains began to appear on both sides, and these mountains seemed to appear suddenly!

Waves of fresh breath hit your face, instantly making you feel more relaxed physically and mentally!

In the middle of the mountains, there is a deep canyon.

At this time, there were many people standing at the entrance of the canyon. These people seemed to be looking at things in the valley, but no one came close.

When Chen Ping and the others approached, everyone made way for them.

Now in this battlefield of gods and demons, everyone has become an ordinary person, so they have become more restrained. If there is a conflict, a stone can kill them.

These monks have been practicing for many years. Without spiritual power, their real physical strength may not be as good as that of ordinary people.

After everyone made a way, Chen Ping and the others saw that there were three stone statues in the middle of the valley. The stone statues were not big, only the size of ordinary people. However, there were several people lying around the stone statues. These people He was motionless, not knowing whether he was alive or dead.

These three stone statues look very ordinary, but their faces are ferocious and their expressions are different, which makes people feel creepy.

“What’s going on?”

Lin Keting looked at the people on the side and asked.

This is what an old man said: “There is something weird about these three stone statues. When you get close to them, you will become restless, hallucinations will appear, and finally you will faint. I just tried my best to get back.”

After listening to the old man’s words, Chen Ping and the others realized that the people around the stone statue had fainted!

“Do you see anything wrong?”

Lin Keting looked at Chen Ping and asked!

Since Chen Ping knows the art of formations, maybe these three stone statues, like the huge rocks just now, also have enchantment formations and the like.

But Chen Ping shook his head: “I didn’t see it, but I am sure that there is no formation around these three stone statues. I don’t know if there are other things.”

“But now we are all ordinary people. Even if these three stone statues can make people faint, they are probably not very powerful...”

This is Chen Ping’s analysis. Chen Ping himself doesn’t know what it looks like, and he still needs to investigate.

Now there is no way to use spiritual consciousness to detect, nor can I use the Tianming Eye. The only way is to get closer and see what’s going on.

After hearing what Chen Ping said, Lin Keting walked towards the three stone statues.

“Ms. Lin, be careful, or I’ll go...”

Chen Ping saw that Lin Keting was approaching the three stone statues, so he reminded her.

Chapter: 7260

“Don’t worry, you forgot that I have a secret method of protecting myself.”

Lin Keting waved her hand towards Chen Ping and then walked over.

Everyone looked at Lin Keting, and the blind elder on the right stepped forward and stood in front of Lin Keting: “Miss, you can’t take risks. If anything goes wrong, we have no way to explain it.”

“I’m going to try to see what’s so special about those three statues...”

“Elder Youblind, although you have sword intent at your side now, you are still an ordinary person, and you have no way of resisting that kind of spiritual attack.”

“I have a secret method of protection in my hand, everything will be fine...”

Lin Keting called to the blind elder on the right and kept walking!

Soon, Lin Keting arrived in front of the three statues, but as soon as she walked in front of them, Lin Keting suddenly felt dizzy, and the space in front of her began to distort!

Immediately afterwards, countless illusions flashed through Lin Keting's mind, impacting Lin Keting's sea of consciousness!

Suddenly, Lin Keting felt a black shadow blocking her face, and then hugged her in her arms!

"Ms. Lin, are you okay?"

Chen Ping's voice sounded!

When Lin Keting saw Chen Ping, she was in a trance. Feeling the temperature of Chen Ping's chest and the affectionate eyes, Lin Keting felt that she was about to fall.

She didn't understand how Chen Ping could care so much about her after she just met Chen Ping.

"I'm fine..." Lin Keting looked at Chen Ping and smiled slightly.

Chen Ping followed Lin Keting and looked at each other, slowly approaching.

Lin Keting's heartbeat began to accelerate. She knew what Chen Ping was going to do, he was going to kiss her.

Lin Keting wanted to dodge, but found that she couldn't move at all, and her body had no strength at all.

In the end, Lin Keting could only close her eyes and wait for Chen Ping's kiss. At this time, Lin Keting was actually looking forward to it deep in her heart.

Buzz...

Suddenly, a golden light emerged from Lin Keting's palm, and along with a buzz in the sea of consciousness, Lin Keting also regained consciousness.

She found that Chen Ping didn't hug her at all, let alone kiss her.

It was just an illusion. At this time, Chen Ping was still looking at her from a distance.

Lin Keting didn't understand how she could have such an illusion. Fortunately, others didn't know about it, otherwise she would have been embarrassed to death.
