

## **The Order 7271**

Chapter: 7271

When other people heard this, they were also extremely disappointed.

“That’s not necessarily true. Didn’t we just get three magic weapons from the stone statue? Even if someone comes in, it’s impossible to find all the treasures.”

Lin Keting quickly comforted her.

“Miss Lin is right. Even if someone enters, it is impossible to find all the treasures. Don’t be discouraged.”

Chen Ping also encouraged everyone!

“Yes, let’s not be discouraged. We are all here, so we must keep searching!”

Someone echoed Chen Ping and Lin Keting!

Soon everyone’s fighting spirit was restored, and the group stepped on the snow and stepped into the vast snowfield!

Because they had no spiritual power, everyone walked very slowly in the snow, and it was very difficult!

But for Chen Ping, it had no impact at all.

The biting cold wind made many people shiver. The monks who were in the Tribulation Realm were unable to withstand the severe cold. No one would believe it if they told it, but that was the case here.

We have become ordinary people. It is really difficult to resist the cold wind just relying on our body heat and clothes.

Even Zhu Qingxiu, a Mahayana monk, had his arms folded in front of his chest and his body was trembling slightly.

“Put it on...”

Chen Ping took off his coat and handed it to Zhu Qingxiu.

Even if he took off his clothes, Chen Ping’s body could withstand the severe cold.

Zhu Qingxiu glanced at Chen Ping and did not refuse. Instead, she took the clothes and put them on.

“I can’t tell, you’re quite sympathetic. I’m a girl too. Why don’t you wear it for me?”

Lin Keting walked to Chen Ping and asked jokingly.

Chen Ping glanced at Lin Keting, smiled slightly and said, “You’re not cold. If you are cold, I can put on your pants.”

As Chen Ping spoke, he actually wanted to take off his pants.

“Stop it, who is wearing your pants? It’s shameless to take off your pants in front of girls!”

Lin Keting rolled her eyes at Chen Ping, turned around and speeded up!

Chen Ping smiled lightly. Of course he couldn’t really take off his pants, he was just teasing Lin Keting.

Chapter: 7272

Lin Keting is very powerful, and the forces behind her are also terrifying, but she is like a blank slate and has obviously had little experience in society.

After walking some distance, several harsh sounds sounded from above.

Chen Ping looked up and found two big birds circling in the sky. Both birds had white feathers and the tops of their heads were indeed blood red.

The cry sounded a little scary, a little harsh, and unpleasant to hear.

Many people became nervous when they saw the two birds.

If these two birds attack them, it will be dangerous. Now that they are ordinary people, who can deal with these two big birds?

“Everyone, don’t be too nervous. This is Baiyuwu. If we don’t provoke them, they won’t attack.”

“And these white feather crows are very friendly to people. All you need to do is give them some food.”

Lin Keting said.

Chen Ping looked at Lin Keting with confusion on his face. He didn't understand how Lin Keting knew so many things about the battlefield between gods and demons.

Thinking of the footprints just now, someone has entered before. Could it be that Lin Keting has been here before?

But if you've been here once, why do you want to do it again?

Chen Ping was a little confused, but at this moment Lin Keting took out a spirit stone and threw it hard. The two white feather crows screamed and started fighting for it, and then one white feather crow swallowed the spirit stone in one gulp.

"This kind of bird actually eats spiritual stones?"

Chen Ping was very surprised!

Lin Keting ignored Chen Ping and continued to throw spiritual stones in the air.

Two white-feathered crows were hovering above Lin Keting's head, shouting excitedly.

Soon, Lin Keting no longer threw the spirit stone into the air, but threw it directly on the snow.

Two white-feathered crows also fluttered their wings and landed, then pecked on the ground.

Lin Keting stepped forward slowly, and then gently stroked Bai Yuwu's feathers. Bai Yuwu didn't even dodge, and was indeed very close to humans.

When Chen Ping saw this, he also wanted to touch the white feather crow.

"Don't touch it. You have to feed them spiritual stones before touching it, otherwise they will regard you as an attacker."

Lin Keting reminded Chen Ping.

Chen Ping paused for a moment, but he did not feed Bai Yuwu the spirit stone, but continued to approach Bai Yuwu.

Chapter: 7273

Seeing that Chen Ping didn't listen to her, Lin Keting said angrily: "You guy, if you still don't listen after I remind you, Bai Yuwu will attack you later, don't cry..."

Chen Ping just smiled, and then kept approaching the white feather crow.

When they were only a few meters away from the white feathered crow, the two white feathered crows became vigilant and stared at Chen Ping. As Chen Ping approached, they were about to attack.

Lin Keting was watching from the side. She wanted to see Chen Ping being attacked by Bai Yuwu. Who made this guy disobedient!

But just as Chen Ping was getting closer and closer to the white feather crow, the aura of the dragon bloodline on his body began to slowly come out.

Although the various powers in Chen Ping's body have been suppressed, there is no way to suppress his own blood aura!

As soon as the dragon bloodline aura was released, the two white feather crows suddenly became frightened from alertness, and their bodies were trembling slightly!

Chen Ping approached Bai Yuwu, then stretched out his hand and began to caress him. The White Feather King was as docile as a little sheep, not daring to move!

Two white-feathered crows, no matter which one Chen Ping touches, he doesn't dare to move!

At this time, Lin Keting was confused. She didn't understand how Chen Ping did it!

Others saw that Chen Ping didn't feed the spirit stone, and Bai Yuwu also let him pet it, so they wanted to try it too!

But as soon as he got close, Bai Yuwu screamed and launched an attack, scaring the monk so much that he ran away!

"return....."

Chen Ping shouted, and Bai Yuwu, who launched the attack, turned out to be very obedient. He stopped attacking, turned around and walked back.

At this time, everyone else was also confused. They didn't understand how these two white feather crows could listen to Chen Ping's words.

I saw Chen Ping, in the confusion of everyone, directly riding on a white feather crow, and then with a gentle call, the white feather crow instantly rose into the sky!

Sitting on the white feather crow, Chen Ping could see higher and further.

Lin Keting watched in shock as Bai Yuwu carried Chen Ping flying, and her desire to win was aroused in her heart, so she headed towards the other Baiyuwu.

She also wanted to ride on Bai Yuwu and let Bai Yuwu take her to the sky.

But Lin Keting tried several times, but was thrown off by Bai Yuwu.

“You big bird, I fed you so many spiritual stones, why did you only let me pet it and not let me ride it?”

Lin Keting stared at Bai Yuwu angrily and shouted.

“Let her ride...”

Chen Ping shouted to Bai Yuwu in mid-air.

Hearing Chen Ping’s cry, Bai Yuwu slowly lay down and let Lin Keting ride on him!

Two white feathered crows, carrying Chen Ping and Lin Keting, soared in mid-air!

Everyone looked down with envy.

If their strength is not suppressed, they can all fly in the air, which is nothing to envy.

However, in this battlefield between gods and demons, everyone's strength was suppressed. Not to mention flying, even walking for a long time made them tired.

Lin Keting sat on Bai Yuwu, looked at Chen Ping and asked: "What's the matter with you? Why does Bai Yuwu listen to you?"

"How would I know? Maybe it's because he sees me getting closer."

Chen Ping then replied!

It was impossible for him to tell Lin Keting about his dragon bloodline.

"Nonsense." Lin Keting rolled her eyes at Chen Ping.

"Then tell me, why do you seem to know everything in the battlefield between gods and demons? You even know the personalities of these Bai Yuwu."

"Have you already entered this battlefield of gods and demons together? Who are you?"

Chen Ping looked at Lin Keting and asked.

He was really curious about Lin Keting's identity.

"I won't tell you..."

Lin Keting smiled, then sat on Bai Yuwu and rushed forward!

Chapter: 7274

Chen Ping smiled helplessly and chased after him!

The two of them keep a bit of a secret about each other, which is not a bad thing. After all, they have just met, so it is impossible for them to leak out the details!

Moreover, it seems that Lin Keting's identity is not simple, and she will not reveal her identity easily.

Chen Ping and Lin Keting rode Bai Yuwu, their speed was obviously much faster, leaving everyone far behind!

"Look, what is that?"

Lin Keting suddenly pointed forward and said.

Chen Ping hurriedly looked in the direction of Lin Keting's finger, and found that not far away, a huge black vortex descended from the sky, and above the black vortex, there were dense clouds, and streaks of thunder and lightning continued to strike downwards, and then disappeared in that black whirlpool!

"There must be some kind of creature in the black whirlpool, and the thunder and lightning look like tribulation thunder."

Although Chen Ping couldn't sense it with his spiritual sense, looking at it from a distance, the thunder and lightning didn't look like ordinary thunder and lightning, but more like a tribulation thunder!

After all, the tribulation thunder does not distinguish between regions. Even in the private secret realm, if someone or a monster overcomes the tribulation, it will still trigger the thunder tribulation!

Therefore, in this battlefield between gods and demons, it is normal for thunder disasters to occur!

“Thunder Tribulation? Is there anyone who can’t survive the calamity?”

Lin Keting’s face was full of shock!

“It’s probably not the human race that is going through the tribulation. It’s a bit strange to see the tribulation thunder crashing down and then disappearing!”

Chen Ping frowned slightly and his expression became very solemn!

“Is it some kind of monster?” Lin Keting also frowned: “Master never told me that there is...”

Suddenly, Lin Keting realized that she had let something slip, so she quickly closed her mouth.

Chen Ping looked at Lin Keting and said, “What did you just say? What master?”

“No, I said it would be great if my master were here. I wouldn’t be afraid of powerful monsters.”

Lin Keting quickly changed her words!

Chen Ping took a look at Lin Keting. He knew that this little girl must be hiding something, but he didn’t want to ask further!

The current thing is to know what is in that black vortex.

Chen Ping planned to take Bai Yuwu closer to see what was in the black whirlpool, but Bai Yuwu was trembling all over and did not dare to step forward at all, and finally fell directly to the ground!

“We’d better go around here. The strength in the body is suppressed now. If it is really a monster, there is no way to deal with it.”

Chapter: 7275

Lin Keting saw that Chen Ping still wanted to get closer, so she whispered.

“Are you scared?”

Chen Ping glanced at Lin Keting and asked.

“I’m not afraid...” Seeing that Chen Ping looked down on her, Lin Keting immediately pretended not to be afraid.

“Since you’re not afraid, let’s take a closer look. Maybe we can get some treasures in this black vortex.”

After Chen Ping finished speaking, he walked directly towards the black vortex.

Lin Keting looked at the runes in her palm, pinched her life-saving jade pendant, then gritted her teeth and followed!

But just as Chen Ping and the others were approaching, a huge force suddenly struck, knocking Chen Ping and Lin Keting backwards!

Then, from the black vortex, a figure slowly appeared, with terrifying thunder and lightning power emanating from all around the figure!

At this time, Chen Ping and the others saw clearly that what came out turned out to be a monster!

This monster jumped out of the black whirlpool with only one foot, and held two thunder hammers in both hands. When the two hammers collided, thunder and lightning burst out!

“Thunder Beast? This is actually the legendary Thunder Beast?”

When Lin Keting saw this weird monster, she immediately shouted out in shock.

“Damn human race, disturbing my practice...”

This thunder beast uttered human words and kept approaching Chen Ping and Lin Keting.

Moreover, the terrifying thunder and lightning on their bodies had already locked Chen Ping and Lin Keting.

If it were outside, Chen Ping would not be afraid. After all, he already possessed the origin of thunder and lightning. He could completely absorb and refine this little bit of lightning!

But now, except for the physical power of his body, he can't use any martial arts power.

Seeing the thunder beast approaching, Lin Keting stretched out her palm and kept waving towards the thunder beast!

She wanted to rely on the runes on her palm to drive away the thunder beast, but after trying several times, the runes on Lin Keting's palm didn't move at all.

Seeing the thunder beast getting closer and closer, Lin Keting burst into tears.

“Master, you are cheating me. How could you be like this...”

Lin Keting cried.

Chen Ping looked at Lin Keting who was crying. At this moment, he finally understood. After Lin Keting entered the battlefield of gods and demons, she had been acting calmly, as if she was confident.

Chapter: 7276

It turns out that she had people pave the way a long time ago. It seems that Lin Keting’s master must have entered this battlefield of gods and demons and told Lin Keting everything, so Lin Keting could look so calm.

The current appearance of the thunder beast was obviously unexpected by Lin Keting!

Chen Ping tried to exude his dragon aura, hoping that this aura would scare the thunder beast and make it stop!

But just when Chen Ping was about to release his dragon aura, two white lights suddenly flashed from his storage ring!

Then the little fire unicorn and the little swallowing beast appeared in front of Chen Ping and Lin Keting!

The two little guys were so small that they looked like two little pugs in front of the huge thunder beast!

But these two guys didn't have the slightest fear, they opened their mouths and roared!

The roars of the little fire unicorn and the little sky-swallowing beast frightened the thunder beast into retreating!

In the end, because of panic, he fell to the ground!

The thunder and lightning spreading around the body also disappeared in an instant. The thunder beast lay on the ground, looking at the fire unicorn and the sky-swallowing beast in horror, motionless!

The little fire unicorn and the little swallowing sky beast walked up to the thunder beast with steps that they would not recognize.

Bang bang bang.....

The two little guys, Little Fire Qilin and Little Sky-Swallowing Beast, jumped directly on the head of the Thunder Beast, and then they slapped them a few times!

The thunder beast that was hit didn't dare to move at all!

Lin Keting was on the sidelines and was stunned!

She didn't know where these two little guys who suddenly appeared came from, and how could they be so awesome?

Chen Ping looked at the two little guys and was speechless for a while.

It seems that these two guys are quite familiar with each other in their storage rings.

Especially the little sky-swallowing beast, this guy who sleeps all day long, didn't expect that he would also run out today!

After slapping the thunder beast a few times, the two little guys walked back with steps that they didn't even recognize as relatives!

And he even twitched his butt in front of Chen Ping, as if he was showing off!

Then the two little guys returned to the storage ring!

“grass.....”

Chen Ping was speechless for a while. He seemed to be despised by these two little guys who didn't even have full hair!

Chapter: 7277

Lin Keting watched the two little guys enter Chen Ping's storage ring, and finally understood why Bai Yuwu was afraid of Chen Ping.

It turns out that Chen Ping also has two awesome little pets!

Lin Keting didn't know what the little fire unicorn and the little swallowing beast were, so she directly regarded them as Chen Ping's pets!

“Fellow Taoist, I was reckless just now. Forgive me, forgive me...”

The thunder beast stood up and kept bowing towards Chen Ping.

Lin Keting didn't know the fire unicorn and the sky-swallowing beast, but she knew the thunder beast!

If someone can raise these two spiritual beasts, he won't dare to offend him even if he has ten thousand courages.

“It doesn't matter!” Chen Ping waved his hand casually, looking indifferent. He was scared to death just now.

“Are you overcoming the tribulation? Did you trigger the tribulation thunder to come down?”

Chen Ping asked the Thunder Beast.

“I'm just using the tribulation thunder to practice, not overcoming the tribulation.”

Thunder Beast answered truthfully!

At this time, everyone who had been left behind rushed up. When they saw the thunder beast in front of Chen Ping and the others, their expressions changed drastically!

“Thunder Beast? Thunder Beast at this time?”

The old man in the crowd recognized the Thunder Beast and was so frightened that his legs became weak and he fell down.

In the world of gods and humans, thunder beasts are just legends. Very few people have seen thunder beasts. Moreover, they are said to be extremely ferocious. When two sledgehammers touch each other, they can emit thousands of thunder and lightning, which can burn people directly!

Thunder Beast glanced at everyone and then at Chen Ping!

“These are all ours together...” Chen Ping said!

Seeing this, the Thunder Beast quickly put away his hammers, cupped his fists and said, “Fellow Taoists, don’t be afraid, I won’t hurt you...”

When everyone heard what Thunder Beast said, they felt relieved!

“There are rumors that this thunder beast is ferocious. Once we see it this time, the rumors are all false.”

“It seems that this thunder beast is a bit fierce in appearance but has a good personality.”

“When I go out this time, I will argue with anyone who says the thunder beast is vicious.”

Seeing that the thunder beast was not dangerous at all, the monks began to discuss it!

Chapter: 7278

Chen Ping smiled slightly. If the thunder beast hadn’t been frightened by the little fire unicorn and the little sky-swallowing beast, they would have died under the thunder and lightning.

“Going forward from here, will we reach Broken Bone Cliff?”

Lin Keting asked the Thunder Beast!

The thunder beast was stunned for a moment, then nodded: "Yes, I don't know how this girl knows that the Broken Bone Cliff is ahead? Have you been here before?"

Lin Keting curled her lips and shook her head quickly: "I've never been here, I just heard about it..."

Chen Ping glanced at Lin Keting and knew that Lin Keting had definitely been here before, or had heard someone say it in detail!

"What is the Broken Bone Cliff?" Chen Ping asked!

"Broken Bone Cliff is just an ordinary cliff." Thunder Beast said.

"Cliff? This is a snowfield. Are there any mountains? Where do the cliffs come from?"

Chen Ping was a little confused!

"Although this is a snowfield, if you go forward, there will be a big fault. Originally, there was no such bone-breaking cliff here, just because many years ago, a strong man came here and followed a demon cultivator to fight. , and finally split the snowy continent into two."

"There is a fault between the two continents, forming a huge cliff. At the same time, there are countless bones under the cliff, so it is called the Broken Bone Cliff."

Thunder Beast explained in detail!

“Demon cultivator? Are there any demon cultivators here?” Chen Ping frowned slightly!

This is a battlefield between gods and demons. After so many years, is there anyone still alive?

And who is that strong man?

“That demonic cultivator was a survivor of this battlefield between gods and demons. However, he was killed in the end, but a trace of the demonic cultivator’s remnant soul is hidden among the dense bones of the Broken Bone Cliff.”

“The suppression of heaven and earth here was also done by the strong man, who directly suppressed the strength of the monks who entered here.”

Thunder Beast said!

“Holy shit, that strong man is so awesome?” Chen Ping was shocked. He thought that this suppression of heaven and earth was caused by a certain powerful person after the battlefield of gods and demons was formed.

Unexpectedly, it turned out to be a strong person behind him who did it. Is there such an awesome person in the human world?

Everyone else was also surprised when they heard that this was a battlefield between gods and demons!

They thought it was some ruins and came in to find some treasures. If they had known it was a battlefield between gods and demons, many people would not have come in!

After all, the battlefield between gods and demons is very dangerous, unlike the ruins!

Lin Keting's eyes became a little dodgy as she listened to the thunder beast's words!

"Then how do you know so much? Didn't that strong man kill you?"

Lin Keting asked!

"I was just a snow rat back then. Later, I was unintentionally hit by lightning caused by the battle between strong men. Fortunately, I survived and turned into a thunder beast."

"That strong man back then couldn't even look at me, so how could he kill me..."

Thunder Beast explained!

After Lin Keting heard this, she stopped talking and just looked ahead with some solemnity!

Chapter: 7279

At this time, Lin Keting was a little confused, because the development of the battlefield between gods and demons was no longer as planned in advance.

The thunder beast that suddenly appeared, and the demon cultivator who left a trace of his soul behind.

She didn't know how many unknowns would come next!

If you go on, there will definitely be danger!

But if she didn't leave and turned back like this, Lin Keting didn't know how to speak. After all, these people behind her were following her.

“Master, I am really going to be killed by you. Didn’t you tell me that you would have paved the way for me a long time ago?”

Lin Keting cursed her master in her heart.

However, at this time, she could not show too much panic and could only pretend to be calm and said:  
“Fellow Taoists, if we continue walking ahead, it will definitely be very dangerous. If you are not willing to continue taking risks, then we can return the same way.”

Lin Keting wanted everyone to make up their mind and say that if they didn’t take risks, she could go back with them.

Everyone was silent.

I originally thought it was a ruins, but I didn’t expect it to be a battlefield between gods and demons!

No one knows what kind of danger lies ahead!

Moreover, there is a demon cultivator with a ray of remnant soul in front. It is obvious that the demon cultivator is a strong one. Even if it is a wisp of remnant soul, they don’t know if they can deal with it!

But if they don’t go, there may be many treasures waiting for them ahead!

After all, there is the Broken Bone Cliff in front of you, and there are skeletons all over the ground. These skeletons are basically the immortals and demons who died during the war between gods and demons!

Who among these immortals and demons doesn’t have a few magic weapons in their hands?

Everyone is dead, and those magic weapons and magic weapons must have been left behind in this battlefield between gods and demons.

Everyone was confused at this time, whether to leave or return...

“Ji Yun, Miss Zhu, let’s go...”

Chen Ping saw through Lin Keting’s thoughts, so he called Ji Yun and Zhu Qingxiu, and they walked forward alone!

“With such a battlefield between gods and demons, there must be countless magic weapons and weapons in front of it. I don’t know if the storage bag I brought is enough.”

“As the saying goes, the bold will be starved to death and the timid will starve to death. I would rather be starved to death than starve to death...”

Chen Ping said loudly as he walked!

“Fellow Taoist, please take me with you. At least I still have some strength, and my strength has not been suppressed.”

Chapter: 7280

Seeing Chen Ping continue to move forward, Thunder Beast immediately caught up and said!

The thunder beast has been here for many years, but he doesn't dare to go forward, for fear of encountering any danger!

Now that Chen Ping is accompanying him, I feel more at ease. After all, Chen Ping still has the Fire Qilin and the Sky-Swallowing Beast!

Although these two little guys may look small, they are not weak in strength!

Seeing that the thunder beast was also going to follow Chen Ping, everyone who was still hesitating immediately chased after him!

"Fellow Taoist, wait a moment, we will join you..."

"Yes, together we can't give up this opportunity even if we die."

"Let's work hard, we're already here anyway."

All the monks caught up with Chen Ping and wanted to follow him!

At this time, only Lin Keting was left standing alone, looking at Chen Ping's back in confusion!

She wanted to scold Chen Ping at this moment. What was she showing off at this time?

If it weren't for Chen Ping, maybe everyone would have returned the same way.

In fact, Chen Ping was also secretly looking at Lin Keting at this time!

What Chen Ping wants most is to let Lin Keting follow. After all, Lin Keting has the all-powerful rune in her hand.

And Lin Keting is also familiar with this place and can help to a certain extent!

As for the monks, they have suppressed their strength and become ordinary people. There is no point in following him!

It can be seen that Lin Keting didn't move for a long time, and Chen Ping was also a little anxious!

"Wait for me. Since everyone is willing to move forward, then I will follow suit!"

Lin Keting finally gritted her teeth and chased Chen Ping and the others!

When Chen Ping saw this, he raised the corners of his mouth slightly and laughed!

Broken Bone Cliff!

Everyone stood on the edge of the cliff, looking at the bottomless cliff, and they wanted to die!

Isn't it said that this is a cliff formed by the joining of two continents?

How could there be such a big gap?
