

## **The Order 7461**

Chapter: 7461

Chen Ping followed Ji Yun and left Xiao Dynasty!

The two people took an airship and headed straight to the Weapon Refining Sect at Qingniu Peak!

Now Chen Ping must completely repair the Dragon Slayer Sword so that the sword spirit Zhongli can break away from the sword body!

As long as the Dragon-Slaying Sword is fully restored and the sword spirit Zhongli can escape from the sword body, Chen Ping's strength will also increase a lot!

After all, he won't be fighting alone by then!

Sword Spirit Zhongli can also be used as a killer!

Chen Ping sat in the airship and fell into a state of cultivation. He knew that it would take several days for the airship to reach the Weapon Refining Sect!

When Chen Ping went to the Weapon Refining Sect, he was in the Demon Sealing Alliance headquarters!

Zuo Tianzheng was sitting on the main seat in a very embarrassed manner. Below him were some middle-level leaders of the Demon Sealing Alliance!

Sect Master Zhou, who had escaped early, was also there, and the demon cultivators of the Demon-Sealing Alliance suffered heavy casualties!

Almost everyone was injured. Only Sect Leader Zhou and his two disciples, Tian Luo and Tian Sha, came back without any injuries!

This guy's ability to escape is indeed not something that ordinary people can learn!

But now Zuo Tianzheng is too lazy to worry about this!

"Everyone, although we did not devour the Xiao Dynasty in this battle, the Xiao Dynasty's vitality was greatly damaged."

"We must all be prepared to continue attacking Xiao Dynasty. We will never give up."

After Zuo Tianzheng finished speaking, he waved his hand casually and dismissed everyone!

And he walked into a secret room behind the main hall!

There is a huge black hole in the secret room, and His Royal Highness is eating a lollipop in the secret room right now!

Although His Highness the Tenth Prince abandoned the people of the Demon-Sealing Alliance and fled, what he did was a bit unethical!

But Zuo Tianzheng did not dare to have the slightest dissatisfaction, and he was still respectful in front of His Highness the Tenth Prince!

“Zuo Tianzheng, I will take you to the temple, have you thought about what to say?”

His Royal Highness looked at Zuo Tianzheng and asked!

“Your Highness, I have thought about it. Although I did not win the Xiao Dynasty this time, the contribution of Your Highness cannot be ignored.”

Zuo Tianzheng said respectfully!

Chapter: 7462

“That’s good, come with me!”

After saying that, His Royal Highness entered the black hole first!

Zuo Tianzheng followed closely behind, and when they entered, the black hole slowly disappeared!

When Zuo Tianzheng’s eyesight went dark, and when he opened his eyes, he saw a black hall standing in front of him in the void!

The surroundings looked like nothingness, and the entire hall seemed to be suspended in the starry sky!

This was the first time that Zuo Tianzheng saw the temple in front of him so intuitively!

Although he has been summoned several times, he always appears in the main hall and has no idea what the temple looks like!

“Your Highness, is this the temple?”

Zuo Tianzheng asked in shock!

“Yes, this is the temple, but it is only the tenth temple in the temple. As for where the other nine temples are, I don’t know.”

“I didn’t bring you directly into the main hall, just to show you the power of our temple. If you be a good dog in our temple, I will never treat you badly.”

His Highness the Tenth Prince directly compared Zuo Tianzheng to a dog, and he was not afraid of Zuo Tianzheng being angry!

Zuo Tianzheng is indeed not angry. At this moment, he only feels his blood boiling!

Being able to get involved with the forces of the Gods, what else is there to be angry about?

Seeing Zuo Tianzheng like that, His Royal Highness was very satisfied, and then he brought Zuo Tianzheng into the main hall!

Although Zuo Tianzheng has been here before, he is always frightened every time he comes!

I saw that the guards at the entrance of the main hall were all Mahayana monks!

On both sides of the main hall, monks of the sixth and seventh levels of the Mahayana realm stood on both sides, not even qualified to sit!

This is still the tenth palace in the temple. Zuo Tianzheng has heard that among the ten palaces in the temple, the tenth palace is the worst in terms of strength!

The worst temple has such strength. You can imagine how powerful the temple is!

“Father.....”

Entering the main hall, His Royal Highness hurriedly shouted to a middle-aged man sitting at the head of the main hall!

The middle-aged man was wearing a yellow robe and a crown on his head, with a very cold expression!

This person is the Lord of the Tenth Palace, the father of His Highness!

Chapter: 7463

In the entire hall, the ten masters are the supreme beings!

Zuo Tianzheng did not dare to look directly at the Tenth Hall Master, not even the monks sitting on both sides!

The monks standing on both sides are all at the sixth or seventh level of the Mahayana realm!

You can imagine the sitting monks!

Zuo Tianzheng was kneeling in the middle with his head lowered. He still had the demeanor of an alliance leader!

“Failed?”

The Master of the Tenth Hall slowly opened his mouth and said!

His Royal Highness did not speak, but glanced at Zuo Tianzheng.

“Reporting to the Palace Master, we are only temporarily retreating. The Xiao Dynasty has ceased to exist in name only.”

“But at the last moment, an old man appeared and blocked the way of His Highness the Tenth Prince.”

Zuo Tianzheng reported with a trembling body!

“Are you talking about that old bastard Wuji?” the Tenth Hall Master said!

“Yes, that’s the Wuji Taoist...”

Zuo Tianzheng nodded!

“Father, that old bastard...”

His Highness Tenth still wanted to explain, but as soon as he opened his mouth, the Tenth Palace Master reprimanded him: “Shut up, go away and think about your fault, you are embarrassing me to the God Clan.”

His Highness the Tenth Prince was so frightened that he shrank his head, then gave Zuo Tianzheng a slightly meaningful look, then turned and left!

He was afraid that Zuo Tian was talking nonsense after he left, so he gave him a warning look!

“I remember you promised me that you would unify the heaven and human world. Now you can’t even deal with the Xiao Dynasty, how can you unify the heaven and human world?”

The Tenth Hall Master asked calmly!

Zuo Tianzheng trembled and said: “Palace Master, our Demon Sealing Alliance does have the ability to dominate the world of heaven and humans, it just takes some time.”

Chapter: 7464

“It’s just that a guy named Chen Ping appeared behind him, disrupting the whole plan.”

“There is also Wuji Lao Dao, who has secretly saved many demon cultivators and has a great influence on our Demon Sealing Alliance.”

Zuo Tianzheng had to find a good reason for himself, otherwise the leader of the Demon-Sealing Alliance would probably have to be replaced!

“Are you looking for an excuse?” His Highness the Tenth Prince said coldly!

“My subordinates don’t dare. They are indeed greatly influenced by the old Taoist Wuji. This time, His Highness the Tenth Highness was also hurt by the Taoist Wuji. The Old Taoist Wuji even insulted His Highness and asked His Highness to come back to feed...”

Zuo Tianzheng lowered his head and whispered!

Zuo Tianzheng knew that people like the God Clan were the most concerned about face. If they were insulted by others, they would definitely get angry!

Sure enough, as soon as Zuo Tianzheng finished speaking, the Tenth Hall Master’s anger rose up!

“Hmph, someone dares to insult our God Clan. They are simply seeking death.”

“I don’t care what kind of Taoist he is, I’ll punch him to death!”

On the left side of the Tenth Hall Master, a sturdy man suddenly stood up and roared!

“Luota, can you kill that old bastard Wuji?” asked the Master of the Tenth Palace!

“Palace Master, I can do it. I will avenge His Highness on his behalf.”

“I don’t care what strength that old bastard is, I can smash him to pieces with just one punch.”

Lotta waved his huge fist and said!

“Okay, you go and deal with it, but try not to provoke people from Sun Moon City. That old bastard Wuji is now a distinguished guest of Sun Moon City!”

The Master of the Tenth Hall ordered!

Zuo Tianzheng was stunned for a moment after hearing this. He didn't know what the Sun Moon City the Tenth Hall Master was talking about.

He has been in the Heaven and Human Realm for so many years, and the forces of the Demon Sealing Alliance have spread throughout the Heaven and Human Realm. It seems that he has never heard of the Sun and Moon City!

There is no such Sun and Moon City in the five major regions of the Heaven and Human Realm.

"Take orders!" Luo Ta cupped his fists, then picked up Zuo Tianzheng with one hand and disappeared quickly!

Chapter: 7465

The Weapon Refining Sect!

In the sky above the Weapon Refining Sect, an airship is suspended!

Master Iron Hammer ran out with many disciples of the Weapon Refining Sect and looked at the airship in mid-air with doubts on their faces!

Several elders of the Weapon Refining Sect jumped up and surrounded the airship!

“Who is here? You broke into my weapon refining sect’s territory privately. Leave quickly, otherwise don’t blame me for being rude.”

An elder of the Weapon Refining Sect shouted angrily!

Chen Ping looked at the elder of the Weapon Refining Sect in front of him and showed a smile!

These people were all rescued by Chen Ping from Wen Haotian!

“Elders, long time no see. How are you?”

Chen Ping slowly walked out of the airship!

When they saw that it was Chen Ping, several elders of the Weapon Refining Sect were immediately overjoyed and they all gathered around him: “It turns out to be Mr. Chen. I didn’t expect you to come. Let’s talk to the sect quickly!”

Several elders surrounded Chen Ping and came to the main hall of the Weapon Refining Sect!

At this time, the Weapon Refining Sect has undergone great changes due to the construction of everyone. Buildings have risen from the ground. They are much stronger than when Chen Ping first came!

Master Hammer was also very excited when he saw Chen Ping!

“Mr. Chen, I really didn’t expect you to come back. I’m sorry that I missed you so much!”

Master Hammer was also very polite to Chen Ping!

After all, the Weapon Refining Sect is what it is now, thanks to Chen Ping!

Everyone surrounded Chen Ping and entered the hall, and everyone was very enthusiastic about Chen Ping!

Ji Yun looked at this scene and admired Chen Ping even more!

The monks in this Weapon Refining Sect are not weak in strength, and Ji Yun has also heard of the famous Weapon Refining Sect!

But now when he came to the Weapon Refining Sect, Chen Ping was treated so well!

This shocked Ji Yun's heart!

Ji Yun doesn't know Chen Ping's origins in following the Weapon Refining Sect, so he doesn't understand why Chen Ping is so popular in the Weapon Refining Sect!

"Mr. Chen, you must have something to ask for when you come to our Weapon Refining Sect. If you have anything to ask, just say it. As long as we can do it, we will definitely do it!"

Chapter: 7466

Master Hammer asked Chen Ping!

"Master Hammer, to be honest, I came to the Weapon Refining Sect to repair the Dragon-Slaying Sword in my hand."

"My dragon-slaying sword is damaged, and the sword spirit is also injured. I can't break away from the sword body. I want to ask the sword master to help repair it!"

Chen Ping took out his dragon-slaying sword and said!

When Chen Ping mentioned Jian Lao, Master Hammer was slightly startled, and then his expression became a little helpless!

Everyone else also bowed their heads slightly and said nothing!

Seeing this scene, Chen Ping frowned and said, "Master Hammer, is there something wrong with Jian Lao?"

"Hey, Mr. Chen doesn't know something. Since you absorbed the sword energy from the Sword Cleansing Pond and left the last time, sword puppets have overflowed in the Sword Cleansing Pond, almost destroying the entire Sword Cleansing Pond."

"Jian Lao is in the Sword Washing Pond and has not been seen for a long time. We have also sent people into the Sword Washing Pond to look for him, but we can't find Jian Lao at all, and the person who took the photo has not come up."

"Now that Sword Washing Pond has been sealed by us, no one dares to approach it anymore!"

Master Hammer said with a sigh!

When Chen Ping heard this, he seemed a little embarrassed. At that time, he absorbed all the sword energy and gave it to the Dragon Slayer Sword in the Sword Washing Pool. The sword master also helped transform the sword spirit Zhongli into a human form!

But who would have thought that it would become like this now. If Jian Lao was in any danger, Chen Ping would probably blame himself for the rest of his life!

After all, this is all caused by helping yourself!

“Master Hammer, can I go to the sword-washing pool?”

Chen Ping asked!

“Mr. Chen, the Sword Cleansing Pond has been sealed. We paid a lot of money to hire the formation master.”

“If the seal is opened, the sword puppets in the sword washing pool may rush out, which will cause great trouble.”

“And if you want to wash the sword in the Sealed Sword Pond, you have to pay a lot of money to hire a formation master. Our Weapon Refining Sect has just recovered, so we really can’t hire a formation master.”

Master Hammer told Chen Ping the difficulty!

“Master Hammer, seal the sword cleaning pool. You don’t need to pay for any formation master. I am the formation master myself, and my formation skills are more powerful than the average formation masters in the world of gods and humans.”

Chen Ping said quickly!

“Do you know the art of formation?” Iron Hammer looked at Chen Ping, looking a little incredible!

“Of course...”

Chapter: 7467

After Chen Ping finished speaking, he immediately made a seal with his fingers, and then drew several formation patterns in the void!

Buzz!

Along with a buzzing sound, a flame formation formed around the entire hall!

“Master Hammer, I have set up a magic circle around this hall. If someone wants to attack this hall, the magic circle will be activated!”

Chen Ping said to the Hammer Master!

Everyone was shocked and excited when they saw that Chen Ping actually knew how to use formations!

“Well, Mr. Chen, come with me!”

Tie Chui led Chen Ping towards the Sword Washing Pond!

When everyone was getting closer and closer to the Sword Washing Pond, the surroundings were filled with evil spirits!

“Is this Sword Washing Pond infused with evil spirits?”

Chen Ping frowned slightly and thought to himself!

When he entered the Sword Washing Pond, although there were sword puppets in the Sword Washing Pond, there was no evil spirit.

But now, when you are close to the Sword Washing Pond, you can feel the evil spirit. It is very likely that there are evil spirits in the Sword Washing Pond, so the sword puppets in the Sword Washing Pond are rampant and crazy, and then attack everyone!

When everyone got closer, Chen Ping discovered that the surface of the Sword Washing Pond was shrouded in a faint layer of white light. Through the white light, he saw that the water in the pond turned out to be black!

And from the Sword Washing Pool, the water in the pool kept boiling, and auras kept hitting the white light!

Chen Ping just glanced at it and immediately saw that the seal formation of the Sword Washing Pond was almost unbearable!

If he didn't come to the Weapon Refining Sect, the sealing formation of the Sword Washing Pond would be broken in a few days!

Chen Ping didn't dare to hesitate at all, he made a secret gesture with his hands, and then put his hands directly into the pool of water!

Arrays of formations spread from Chen Ping's palm to the surroundings!

It only took a moment for the water in the Sword Washing Pond to calm down, and countless golden lights around the Sword Washing Pond enveloped the entire Sword Washing Pond!

Seeing Chen Ping setting up such a large formation as soon as he took action, everyone in the Weapon Refining Sect looked at Chen Ping with admiration even more!

“Master Hammer, I’m going to go to the Sword Washing Pond to see what’s going on, and I’ll also look for traces of the old swordsman.”

“If I haven’t walked out of the Sword Washing Pond in three days, you will seal this place and don’t let anyone get close to me!”

Chen Ping said to the Hammer Master!

Chapter: 7468

“Mr. Chen, is this...is this too dangerous?”

Master Hammer frowned slightly and said!

“It’s okay. I’ve been to the Sword Washing Pond once, so I’m pretty familiar with it!”

Chen Ping smiled slightly and said!

“Mr. Chen...” Ji Yun shouted with worry on his face!

“Don’t worry, I’ll be fine.”

Chen Ping patted Ji Yun’s shoulder, and then plunged into the sword-washing pool!

Most of the sword energy in the Sword Washing Pond was absorbed by Chen Ping last time, so when he entered the Sword Washing Pond, Chen Ping was not attacked by the sword energy!

Chen Ping swam all the way towards the depths of the Sword-Xining Pond, but the inside of the Sword-Xining Pond was dim and the water was black. This blocked Chen Ping's sight and he couldn't see the situation in the distance at all!

Chen Ping could only open the Tianming Eye. In this case, his vision would no longer be affected by light and pool water!

Just when Chen Ping opened his Tianming Eye, he was suddenly shocked and saw a dense group of sword puppets swimming in front of him!

The number of these sword puppets is astonishing, and they also exude a violent aura. They are obviously affected by the evil spirit!

Fortunately, Chen Ping opened the Tianming Eye, otherwise he would have plunged into those sword puppets!

Chen Ping used his Tianming Eye to avoid this large group of sword puppets. He needed to find the whereabouts of Jian Lao first!

Only by finding Mr. Jian can we understand what happened to Xijiantan and why it became like this?

Where did so many sword puppets come from?

Although there were sword puppets in the Sword Washing Pond in the past, the number of sword puppets was not so large. Why could sword puppets spread so much, and where did the evil spirit come from?

Chen Ping avoided the groups of sword puppets and began to swim towards the depths of the Sword Washing Pond little by little!

But Chen Ping was careful and was discovered by a sword puppet!

After discovering Chen Ping, the sword puppet burst out with a ray of light and rushed towards Chen Ping full of sword intent!

Chen Ping was slightly stunned. He didn't expect that this sword puppet could possess sword intent. It was simply incredible!

Chen Ping held the dragon-slaying sword and headed directly towards the sword puppet!

A sharp sword light flashed through, and sword intent also surged out of Chen Ping's body!

puff!

Chapter: 7469

Chen Ping killed the sword puppet with one sword stroke, and at the same time, the sword intention in the sword puppet was instantly absorbed by the Dragon-Slaying Sword!

Seeing this scene, Chen Ping was a little surprised. He didn't expect that the Dragon-Slaying Sword could actively absorb the sword's intention in this sword-washing pool!

If this continues, if you kill enough sword puppets, the Dragon Slayer Sword can be restored!

Can the Sword Spirit Zhongli break away from the Dragon-Slaying Sword again?

But looking at the densely packed sword puppets, although Chen Ping wanted to rush over and kill them indiscriminately!

But he still held back in the end, not to mention whether he had the ability or not. Killing so many sword puppets at once would take a lot of time even if he had the ability!

And this time he entered the Sword Washing Pond not only to kill the sword puppet, but also to find the sword master and ask what happened in the Sword Washing Pond!

Chen Ping continued towards the depths of the Sword Washing Pond, while dodging a large number of sword puppets!

When encountering one or two or three sword puppets, Chen Ping would kill them without hesitation!

Unknowingly, Chen Ping had gone deep into the Sword Washing Pond, and the evil spirit around him became more and more intense!

However, the deeper you go, the number of sword puppets decreases a lot, but the strength of the sword puppets is increasing at a geometric speed!

When Chen Ping started, he was able to kill three or four sword puppets in an instant!

But as he goes deeper, it will take some effort to kill a sword puppet!

Fortunately, the sword intent in the sword puppet has obviously increased!

Soon, Chen Ping felt the breath of the formation talisman, which made Chen Ping frown slightly!

The last time he was at the bottom of the Sword Washing Pond, he did discover the formation, and also got the forging fragments from the formation!

In this way, the formation at the bottom of the pool is logically broken. Why is there still the smell of the formation talisman?

Chen Ping was very puzzled, so he speeded up the downstream!

When Chen Ping discovered the bottom of the pool, he stepped on the sand at the bottom of the pool, and the aura of the formation talisman became more and more intense!

“Is there any other formation at the bottom of this pool?”

Chen Ping looked around in confusion!

Just when Chen Ping was confused, a huge suction force suddenly appeared under his feet, as if someone had pulled his feet instantly!

Chen Ping was startled, and he stood up from the ground, trying to get rid of the suction force!

But the suction force was very huge, and it created a huge vortex in the entire Sword Washing Pond!

Chen Ping’s body was being sucked in quickly!

“Holy crap, what’s going on? Why is there such a strong suction at the bottom of the Sword Washing Pond and a huge whirlpool?”

Chen Ping looked a little flustered, wondering what was going on in the Sword Washing Pond!

Chen Ping’s whole body began to fall downwards, as if the place he was at was not at the bottom of the pool.

No matter how hard Chen Ping struggled, he couldn’t get rid of this huge suction force!

In the end, Chen Ping could only accept his fate, close his eyes, and let the suction pull him into the sand at the bottom of the pool!

Chapter: 7470

I don’t know how long it took, but Chen Ping felt his body loosen up, without the pressure of the pool and the aura of the sword puppet around him!

After opening his eyes, Chen Ping realized that he was no longer in the water, but in a strange space!

Looking up, Chen Ping could clearly see the sand above his head and the flowing water!

However, there seems to be something blocking the sand and pool water, and they don’t fall at all, as if they are floating in the air!

“What kind of place is this? Is there any other space at the bottom of the Sword Washing Pond?”

Chen Ping looked around and saw that everything was so white. Chen Ping couldn't tell the difference between space and time here!

Even if he radiates his spiritual consciousness, Chen Ping still can't tell the direction!

Chen Ping could only swim away cautiously, but soon, a dark red light lit up not far in front of Chen Ping!

When Chen Ping saw this, he hurried towards the glory!

When Chen Ping arrived at the place where the light was shining, he couldn't help but be stunned!

"Is this a talisman?"

Chen Ping was a little surprised, because in front of him, what was shining brightly was the talisman mark. It looked like the talisman mark was not like a formation pattern, but more like it was made of words!

Chen Ping looked at it for a long time and couldn't understand it at all, so he could only move forward!

Soon, the talisman mark also appeared in front, but the words engraved on the talisman mark were different!

Chen Ping found seven such talisman marks in a row, but Chen Ping had no idea what they meant!

"What the hell is this place? What are these talisman marks?"

Chen Ping cursed!

“Boy, didn’t you notice that these seven marks form a circle?”

At this time, Demon Lord Chiyun said!

“Circular?” Chen Ping was stunned: “I didn’t seem to be spinning in a circle just now, it was just walking forward.”

Chen Ping didn’t feel like he was spinning in circles, he just kept walking forward. How could these talisman marks he discovered be circular?

“You are here and have lost your way a long time ago. How do you know that you are moving forward?”

Demon Lord Chiyun said with a faint smile!

When Chen Ping heard this, he instantly understood that he had lost his way in this space, so even if he walked in a circle, he would not be able to notice it at all!
