

The Order 7471

Chapter: 7471

“Tian Ming Eye...”

Chen Ping opened the Tianming Eye. There were the same scenery all around here, and it was easy to get lost. Chen Ping planned to open the Tianming Eye and see if he could see through everything here!

When the Dark Eye opened that day, Chen Ping’s eyes slowly changed. Chen Ping found that he was deep in a secret room!

The secret room is not large, only a few hundred meters away!

But Chen Ping just walked here for a long time, obviously he kept drawing circles!

With the opening of Tianming Eye, Chen Ping also saw that the seven talisman marks indeed formed a circle!

“Dry, hump, shock...”

Chen Ping looked carefully and found that although these talisman marks were round, they were not randomly formed!

Instead, it was placed exactly in the secret room according to the position of the Five Elements and Eight Trigrams!

“Five Elements and Bagua Array? If you want to form a Five Elements and Bagua Array, you must have eight marks. Why are there only seven?”

Chen Ping was a little surprised, frowned slightly, and looked carefully!

He discovered that even though the Tianming Eye was turned on, there was an area in the middle of the secret room that he couldn't see through at all!

Chen Ping walked toward the middle, and soon a wave of light appeared in front of him!

Reach out and touch it, the light waves spread like water ripples!

“Is there a formation within a formation?”

Chen Ping frowned, because the light wave just now was obviously formed by the formation. It was impossible for this kind of light wave to appear in this secret room!

Chen Ping gently touched the light wave with his hands, and a divine mark lit up in Chen Ping's palm!

It only took a moment for the light waves to slowly begin to fade, and the center position became clear!

When the light wave completely disappeared, Chen Ping was surprised to find that in the center, Elder Jian and several elders from the Weapon Refining Sect were trapped inside!

Seeing Chen Ping's sudden appearance, these people were very excited!

“Jian Lao...”

When Chen Ping saw this, he rushed towards Jian Lao!

No wonder I haven't seen Jian Lao appear for such a long time. The people who took the photo were looking for him, but they also entered the Sword Washing Pond and disappeared!

It turns out that we are all trapped here. If Chen Ping doesn't come, we don't know how long we will be trapped!

Chapter: 7472

"Mr. Chen, don't come close..."

When Jian Lao saw this, he quickly shouted!

But it's too late!

From the feet of Jian Lao and the others, a talisman mark suddenly burst out with light. This light was extremely dazzling!

Chen Ping felt his body light up and was directly knocked away by a force!

While being knocked away, the other seven talisman marks burst out with light at the same time!

At this moment, a Five Elements and Bagua array was slowly formed!

Eight rays of light gathered and enveloped Chen Ping!

When Jian Lao and the others saw this, they all looked shocked!

Just as eight rays of light converged on Chen Ping, the entire secret room shook violently!

The sand and pools of water that seemed to be suspended in mid-air fell down like waves!

The secret room was filled instantly, and what was even more terrible was that countless sword puppets were alerted and seemed to be stimulated, swarming towards everyone!

Chen Ping's body was wrapped in that light and he couldn't move at all!

As for Jian Lao and the others, they have regained their freedom, but facing the black sword puppet, several of them had bitter expressions on their faces!

"Follow me and kill these sword puppets, don't let them get close to Mr. Chen!"

After Jian Lao finished speaking, he took the sword directly and took the lead!

Several other weapon refining sect elders also shouted loudly and rushed into the crowd of sword puppets!

In an instant, the air waves rolled, and the spiritual energy shone dazzlingly!

Countless sword puppets turned into sword intent after this attack, scurrying around in the sword-washing pool!

Jian Lao and the others don't have time to absorb these sword intentions and refine them, so they can only kill them with all their strength!

And Chen Ping was wrapped in the light of the Bagua array, and his whole person seemed to have fallen into a deep sleep and remained motionless!

Fortunately, none of those sword puppets dared to get close to Chen Ping, they all stayed away from the light!

“Ten Thousand Swords Cut...”

Jian Lao's eyes were filled with strong fighting spirit, and then thousands of swords were fired from his body!

Chapter: 7473

Behind him, the void shook for a while, and then white sword lights appeared, all of which were very sharp!

Following Jian Lao's finger, thousands of sword lights trembled, and then swarmed towards those sword puppets!

Jian Lao was angry. After being trapped here for so long, everyone in the Weapon Refining Sect thought that Jian Lao was finished!

Countless sword lights collided with those sword puppets!

For a moment, the aura surged in the Sword Washing Pond.

Outside the Sword Washing Pond, Master Hammer and the others looked at the turbulent Sword Washing Pond, their faces all pale!

None of them knew what happened in the Sword Washing Pond!

The movement was so great that even the entire Weapon Refining Sect seemed to be shaking!

Chen Ping was quietly wrapped in the light, as if his body was in a hot spring!

“So comfortable...”

Chen Ping closed his eyes slightly and felt very relaxed!

Just when Chen Ping was relaxing, the black threads visible to the naked eye in the light were slowly penetrating into Chen Ping’s body!

Chen Ping’s body was still motionless, with a bit of a smile on his face!

But just when those black threads were about to enter Chen Ping’s body, Chen Ping suddenly opened his eyes!

Then a flash of disdain flashed in his eyes, and he looked straight at the talisman mark at the center of the Bagua array!

“You’re too young to play with the magic of talismans with me!”

Chen Ping raised the corners of his mouth, and after swiping his palm across it, the mark of the talisman in the center instantly turned into ashes!

As that talisman mark turned into fly ash, the light on the other talisman marks also disappeared instantly!

The entire Sword Washing Pond fell into darkness, and each sword puppet seemed to have lost its mania!

Although he is still attacking, he is obviously much weaker!

There are also some sword puppets that don't take the initiative to attack!

At this moment, everyone breathed a sigh of relief, and then looked at Chen Ping!

"Mr. Chen, are you okay?"

Jian Lao walked over with his sword in hand and asked!

Chapter: 7474

"I'm fine!" Chen Ping shook his head: "Mr. Jian, what's going on in this secret room? And what's going on with the formation in this secret room?"

But who knows, Jian Lao shook his head and said: "I don't know either. I only know that there is a formation at the bottom of the Sword Washing Pool. As for the secret room at the bottom of the pool, I never knew!"

"It seems that this secret room, as well as the formation, must have been created by the ancestors of the Weapon Refining Sect."

Chen Ping said!

“Why would Mr. Chen say this? If it was done by the ancestors of the Weapon Refining Sect, what effect would it have?”

An elder from the Weapon Refining Sect asked in confusion!

“This secret room and the Five Elements and Bagua array in the secret room should have been left behind by the ancestors of the Weapon Refining Sect to prevent the Sword Washing Pond from being destroyed.”

“If the formation at the bottom of the Sword Washing Pond is destroyed, the Sword Washing Pond will lose its function. In this case, the formation in the secret room at the bottom of the Sword Washing Pond will be activated.”

Chen Ping explained!

“If that’s the case, then why did this secret room trap us all? Moreover, there is evil spirit emerging from this formation!”

“It is impossible for us, the ancestors of the Weapon Refining Sect, to set up a formation with evil energy!”

Another weapon-refining sect elder said!

“The talisman mark in the Five Elements Bagua Array has been tampered with, so there is an evil spirit in this array.”

“This is why the talisman mark in the formation is specially protected by the formation. I just destroyed the talisman mark, the evil spirit disappeared, and these sword puppets became much quieter!”

Chen Ping explained!

“Mr. Chen, if this happens, won’t our sword-washing pool lose its function?”

Jian Lao asked sadly!

Chen Ping nodded: “Yes, without this formation, the Sword Washing Pond will become just an ordinary pool of water.”

“Why!”

Seeing what Chen Ping said, Jian Lao could only lament!

The reason why the Weapon Refining Sect is able to create magical weapons is that in addition to possessing forging skills, it also relies on the Sword Washing Pond to refine them!

Now that the Sword Washing Pond has become an ordinary pond, the Weapon Refining Sect may no longer be able to create peerless swords!

“Jian Lao, you don’t have to be too sad. I’m trying to restore the talisman mark to restore the Five Elements and Bagua array.”

“Maybe it can’t be restored to its original state, but the effect of this sword-washing pool can still be preserved.”

Chen Ping said quickly!

“Really? Thank you so much, Mr. Chen!”

When Jian Lao heard this, he immediately became excited!

“Thank you, Mr. Chen...” The other elders of the Weapon Refining Sect hurriedly gave Chen Pingping a gift!

Chen Ping not only saved their lives, but also helped the Weapon Refining Sect restore the Sword Washing Pond!

Such a great kindness cannot be repaid in return!

“Mr. Jian, I hope no sword puppets will disturb us when setting up the formation.”

Chen Ping said!

“Don’t worry, Mr. Chen. Even if we risk our lives, we will never let a sword puppet get close!”

Jian Lao quickly promised!

Chen Ping nodded, and then his body slowly rose, then he closed his eyes and let everything go!

All the spiritual energy in the whole body is gathered at the fingertips!

As Chen Ping’s fingers slid, golden lines appeared one after another, and then formed characters one by one.

Chapter: 7475

Chen Ping relied on his own memory to carve these words, and then combined these words into talisman marks!

As Chen Ping carved the mark on the talisman, the originally quiet sword puppets suddenly began to become manic again, and they pounced on each other like evil tigers!

Jian Lao and several elders from the Weapon Refining Sect all fought with all their strength!

At the same time, the long sword in Jian Lao's hand created barriers, blocking the sword puppet from approaching Chen Ping!

Jian Lao's face turned red, and he was already waving the long sword desperately!

The other elders of the Weapon Refining Sect also tried their best to kill the sword puppet!

As more and more sword puppets died, the sword intent in the Sword Washing Pond became stronger and stronger!

puff!

Suddenly, Jian Lao spat out a mouthful of blood, and the barrier formed by the sword light was directly broken through by countless sword puppets!

Jian Lao's eyes were scarlet, and he shouted loudly. The long sword in his hand suddenly grew in size, and his body burned like a flame!

As Jian Lao slashed down with his sword, countless sword puppets disappeared into thin air!

But it seems that the sword puppets can't be killed at all, there are more and more!

Seeing Elder Jian and the elders of the Weapon Refining Sect being surrounded by sword puppets, they were about to die miserably at the hands of these sword puppets!

As Chen Ping carved the last stroke, the talisman mark took shape!

Buzz!

The mark of the talisman slowly fell to the center, and then a golden light burst out!

The ground trembled, and eight rays of golden light shot out from the talisman mark, and then gathered together!

Golden rays of light shone in all directions, illuminating the entire Sword Washing Pond!

Under the illumination of this light, those sword puppets all screamed, and instantly turned into ashes and turned into sword intent!

In the blink of an eye, all the sword puppets in the sword washing pool disappeared!

Elder Jian and several elders of the Weapon Refining Sect looked at the scene in front of them with shocked expressions!

"There are so many sword puppets, and they are all dead?"

Jian Lao said in shock!

You must know that there were sword puppets in the Sword Washing Pond in the past. Although there was a formation at the bottom of the Sword Washing Pond, the sword puppets also existed.

Chapter: 7476

But now, this Five Elements Bagua Formation has wiped out all the sword puppets!

This formation looks really domineering!

Chen Ping felt the power of the formation and the countless sword intentions in the Sword Washing Pool, and he was ecstatic!

I saw Chen Ping sitting upright in the gathering light, and then desperately absorbing the sword intent in the sword-washing pool!

At the same time, the Dragon-Slaying Sword also absorbed the sword's intention, and whirlpools appeared one after another around Chen Ping!

Sword intent from all directions poured into Chen Ping's body, as well as the Dragon-Slaying Sword!

Jian Lao and the others were all shocked when they saw Chen Ping absorbing the sword intent crazily.

"Mr. Jian, will Mr. Chen suffer backlash if he absorbs the sword's power like this?"

An elder from the Weapon Refining Sect asked!

“Probably not. The sword energy accumulated in the Sword Washing Pond for thousands of years was also absorbed by him. Mr. Chen is fine too.”

Jian Lao shook his head and said!

Several people stared at Chen Ping, watching Chen Ping absorb the sword intent crazily!

“Owner.....”

At this time, a voice suddenly sounded in Chen Ping’s sea of consciousness!

Chen Ping quickly looked around and found that it was the Sword Spirit Zhongli!

Looking around, there is no sign of Jian Lao and others!

“Master, you are in the dragon-slaying sword at the moment.”

Zhongli said!

“Zhongli, you...have you fully recovered?”

Chen Ping walked up to Zhongli excitedly and asked softly!

Zhongli nodded: "Yes!"

After saying that, Zhong Li gently touched Chen Ping's face and said, "Master, have you missed me during this time?"

"Of course I did. In order to help you recover, I came to the Weapon Refining Sect specially."

Chen Ping grabbed Zhongli's hand and said!

Chapter: 7477

Zhongli gently poured into Chen Ping's arms!

With the beauty in my arms, Chen Ping has not practiced dual cultivation for a while!

then.....

Jian Lao and others looked at Chen Ping quietly. They didn't know that Chen Ping was already practicing dual cultivation at this moment!

"Master, you are so great..."

Zhongli's face turned red and he said with satisfaction!

And Chen Ping also let out a long breath, and then stretched!

Rumble.....

Chen Ping just stretched his waist!

Over the Sword Washing Pond, countless thunder clouds suddenly appeared, bursting out with thunder and lightning!

“Who is going through the tribulation?”

Master Iron Hammer and other members of the Weapon Refining Sect looked up at the thunder cloud that suddenly appeared, and were a little confused for a moment!

They don't understand, who will suddenly escape the tribulation at this time?

Rumble.....

There was another loud noise, and a bolt of lightning struck straight towards the Sword Washing Pond!

Jian Lao and the others were all startled. When they saw the lightning strike hitting Chen Ping hard, they were all stunned!

None of them expected that Chen Ping would break through the realm at this time and begin to overcome the tribulation!

Thunder calamities struck Chen Ping one after another, and Chen Ping's strength was growing rapidly!

“Master, can you resist?”

Zhongli asked worriedly!

“No problem, this thunder tribulation won’t do any harm to me.”

Chen Ping smiled indifferently!

Having experienced so many thunder tribulations, Chen Ping has already mastered this one.

Rumble.....

Chapter: 7478

As soon as Chen Ping finished speaking, another thunderstorm crashed down!

However, this thunder disaster turned out to be golden, and its power was doubled!

“What kind of realm are we in to overcome the tribulation? This thunder tribulation is too terrifying. I don’t think any of us fourth-level monks in the Mahayana realm have ever experienced such a powerful thunder tribulation.”

An elder from the Weapon Refining Sect said!

Master Iron Hammer frowned slightly, his face full of doubts. He didn’t know who was going through the tribulation in the Sword Washing Pond, and there would be such a powerful thunder tribulation.

In the Sword Washing Pool, Elder Jian and the elders of the Weapon Refining Sect were stunned when they saw the powerful thunder calamity hitting Chen Ping!

“Mr. Jian, Mr. Chen is only a seventh-level monk in the Tribulation Realm. Why is the Tribulation Thunder so terrifying?”

An elder from the Weapon Refining Sect asked in confusion!

“Mr. Chen’s level has improved this time and he has survived the thunder tribulation. It is very likely that he will be promoted to two levels in a row.”

“Only when it reaches two levels in a row, the thunder tribulation will become extremely powerful. If it can be withstood, the level will be directly improved by two levels.”

Jian Lao explained!

“Is there such a thing? I have never seen a person rise to two levels in one thunder tribulation.”

An elder from the Weapon Refining Sect said in shock!

“Not to mention the world of gods and humans, even in the entire universe and galaxy, there are very few people who can rise to two realms in one thunder tribulation.”

“In addition to chance, strength and luck, this requires real ability, otherwise your life will be lost in this thunder disaster.”

Jian Lao said!

Everyone stared at Chen Ping and silently prayed to Chen Ping, hoping that Chen Ping could survive the thunder disaster!

And when this thunderstorm hit, Chen Ping's body dwarfed and he knelt on one knee on the ground!

The whole person's face became ugly, and his brows couldn't help but frown!

"Master, what's wrong?"

Zhongli asked!

"Strange, why did this lightning disaster suddenly become so powerful?"

Chen Ping didn't know why this thunderstorm suddenly became so powerful that he couldn't adapt for a while and was almost knocked to the ground!

"Master, let me help you. This is in the Dragon Slaying Sword. I can help you withstand the thunder disaster."

Chapter: 7479

Zhongli saw this and said!

"No, you don't have to worry about me, I'll take care of it myself!"

Chen Ping quickly waved his hand!

Zhong Li finally recovered. If he was injured by the thunder tribulation, or his spirit body was scattered by the thunder tribulation, Chen Ping would regret it for the rest of his life!

But Zhongli didn't listen to Chen Ping. Instead, he rushed forward and kissed Chen Ping!

Chen Ping only felt wet and slippery for a while, followed by that strong body fragrance!

Boom!

Another thunderstorm came down and hit Chen Ping hard!

But Chen Ping didn't react this time, and instead held Zhong Li in his arms and resisted.

Zhongli also suffered from thunder, but his eyes were firm!

The two kissed deeply and forgot everything...

Thunder calamity hit Chen Ping one after another, and Chen Ping had no feeling!

He was completely caught up in Zhongli's expression!

I don't know how long it took, but the thunder tribulation finally stopped and slowly dissipated!

But Chen Ping and Zhong Li were still kissing each other!

After a long time, Chen Ping separated from Zhong Li. At this moment, the auras in the two people's bodies had all changed!

Not only did Chen Ping survive the thunder tribulation and improve his level, but Zhongli also improved a lot in strength!

“Zhongli, thank you. If it weren't for you, I'm afraid it would be difficult to survive this thunderstorm.”

Chen Ping gently caressed Zhongli's face and said!

“Master, if it weren't for you, I wouldn't be able to improve to such a high level of strength.”

“From now on, I will be satisfied if I can stay by my master's side forever and serve him every night.”

Zhongli smiled slightly and said!

“Don't worry, I will never let you get hurt again!”

Chen Ping assured with firm eyes!

Chapter: 7480

Zhong Li nodded, and then Chen Ping left the Dragon Slayer Sword!

When Chen Ping fell in front of Jian Lao and others, Jian Lao and others were shocked!

Because the aura exuding from Chen Ping's body has undergone earth-shaking changes!

He was directly promoted from the seventh level of the Tribulation Realm to the ninth level of the Tribulation Realm!

According to Chen Ping's behavior, promotion to the Mahayana realm is just around the corner!

"Mr. Chen, I didn't expect you to be able to advance to two realms in a row. You were able to withstand such overlapping lightning tribulations without being injured."

Jian Lao said in shock!

"Overlapping thunder tribulations? Have I ascended to two realms?"

Chen Ping was stunned for a moment, and then the aura in his body exploded. With a wave of his hand, the entire Sword Washing Pond erupted with a horrifying aura!

The water in the Sword Washing Pond bursts out to a height of 10,000 meters!

The Hammer Masters outside were all startled, and they all hid far away!

They don't know what's terrifying in this Sword Washing Pond!

Chen Ping's eyes were full of surprises. He didn't expect that he would be directly promoted to the ninth level of the Tribulation Realm!

"It seems that the sword intent in the sword washing pool has really helped a lot..."

Chen Ping thought to himself!

In addition to the sword intent of the Sword Cleansing Pond, the seven-color elixir given by Taoist Wuji was of great help to Chen Ping in improving his two realms this time!

Chen Ping came to the Weapon Refining Sect for the first time and absorbed all the sword energy in the Sword Cleansing Pond!

This time, the sword intent in the sword-washing pool was completely absorbed again, but luckily I helped repair the formation!

The power of the Sword Cleansing Pond is still there, and the Weapon Refining Sect will not let its weapon refining reputation plummet due to the Sword Cleansing Pond!

Chen Ping followed Jian Lao and others and rushed out of the Sword Washing Pond!

Master Hammer and others were very happy to see Chen Ping coming out of the Sword Washing Pool!

Especially when they saw that Elder Jian and the elders of the Weapon Refining Sect who were looking for Elder Jian's disappearance were still alive, everyone in the Weapon Refining Sect was very excited.

"Jian Lao, who was going through the tribulation in the Sword Washing Pond just now? The thunder and tribulation cloud that came was too terrifying."

Iron Hammer asked Jian Lao!

Jian Lao looked at Chen Ping, smiled slightly and said nothing!

Iron Hammer looked at Chen Ping. The aura in Chen Ping's body shocked Master Iron Hammer!

It was Chen Ping who was overcoming the terrifying thunder tribulation just now. This was something none of them expected!

“Mr. Chen, thank you for helping to find Mr. Jian and for rescuing the elders of our Weapon Refining Sect. I hope you can stay in the Weapon Refining Sect for a longer time.”

“It’s better to ask Mr. Jian to help you repair the dragon-slaying sword so that the sword spirit can be restored!”

Iron Hammer said to Chen Ping!

But Chen Ping shook his head and said: “I appreciate Master Hammer’s kindness. The Dragon-Slaying Sword has absorbed a large amount of sword intent and has fully recovered.”

“I still have things to deal with, so I can’t stay too long. However, if something happens to the Weapon Refining Sect, I will definitely be obliged to do so.”

After Chen Ping finished speaking, he immediately ordered Ji Yun to prepare the airship and left the Weapon Refining Sect.

Chen Ping has always been worried about the Xiao Dynasty. If the Demon Sealing Alliance brings people to destroy the Xiao Dynasty again, it will be difficult for the Xiao Dynasty to resist.
