

## **The Order 7521**

Chapter: 7521

But just after taking a few steps, many monks discovered them and launched an attack on Manager Liu!

Under the siege of many monks, Manager Liu lost his life in an instant!

Chen Ping slowly fell from mid-air, and Pavilion Master Qian immediately greeted him!

“Mr. Chen, congratulations. That mythical beast just now was really amazing.”

Pavilion Master Qian said excitedly!

“Pavilion Master Qian, do you know where the Mu family is?” Chen Ping asked!

“I know, it’s not far from Nanjing City! I wonder what Mr. Chen does for the Mu family’s residence?”

“Then Mu Kunrong is dead, and the Mu family will decline and disband without taking care of it.”

Pavilion Master Qian asked in confusion!

“Please, Pavilion Master Qian, please take me to the Mu family.”

Chen Ping didn't say his purpose of going to Mu's house!

Upon seeing this, Pavilion Master Qian nodded, and then took Chen Ping to the Mu family's residence!

The Mu family is not far from Nanjing City, so it only took them two hours to arrive at the Mu family!

"Mr. Chen, that manor is where the Mu family is."

Pavilion Master Qian pointed to a manor and said!

Chen Ping took a look at the Mu family, which consisted of dozens of magnificent buildings. At first glance, it looked like a wealthy home!

"Pavilion Master Qian, wait a minute, I'll be back as soon as I go..."

After Chen Ping finished speaking, his body instantly rushed into the Mu family!

Soon, bursts of screams rang out over the Mu family!

Pavilion Master Qian stared blankly as the Mu family was undergoing a massacre, and each of the Mu family members was wiped out in ashes under Chen Ping's Dragon-Slaying Sword!

A quarter of an hour later, Chen Ping came back, and the Mu family was now a sea of fire!

In Chen Ping's hand, he also held several storage bags, which contained all the resources of the Mu family!

“Then Mu Kunrong is dead. All the resources of the Mu family will not be in vain...”

Chapter: 7522

Chen Ping smiled slightly and put away those storage bags!

Pavilion Master Qian looked at Chen Ping and felt his scalp numb. He didn't know when Chen Ping became so murderous!

Chen Ping just listened to Mr. Shi's advice!

Chen Ping had nothing wrong with robbing his enemies of their resources!

There is no psychological pressure, the enemy is there to kill and rob!

“What Mr. Chen said is absolutely true...”

Pavilion Master Qian could only squeeze out a smile and said!

The two returned to Nanjing City, and Pavilion Master Qian warmly entertained Chen Ping. After seeing the tragic scene of Chen Ping massacring the Mu family, he was really afraid that Chen Ping would be unhappy and give up his Wantong Pavilion branch to the massacre. Got it!

“Master Qian Pavilion, you have been in the Southern Region all year round, and you must be very familiar with the terrain in this area of Tianmo Mountain.”

“I have a map here with a place in the Southern Territory marked on it. I wonder if Pavilion Master Qian knows where this is?”

Chen Ping took out the map he got from Lota’s storage bag!

Pavilion Master Qian looked at the map in Chen Ping’s hand, and then noticed the place marked with a red circle on the map!

When he saw this place, Pavilion Master Qian frowned visibly!

“Mr. Chen, where did you get this map?”

Pavilion Master Qian asked!

Chen Ping hesitated for a moment, not knowing how to explain to Pavilion Master Qian. After all, Chen Ping was not very clear about Naluota’s identity!

Seeing Chen Ping’s hesitation, Pavilion Master Qian knew he was asking something he shouldn’t, so he said: “The circled place is a forbidden area in the Southern Territory. There has been no such place for monks for many years!

There used to be an ancient city in that place, but after the war between gods and demons, the ancient city was completely destroyed and everyone died! ”

“Pavilion Master Qian, why has this area become a forbidden area?” Chen Ping was very puzzled!

After all, during the war between gods and demons in the world of gods and humans, many cities were destroyed, and tens of thousands of monks died. Why did this place become a forbidden area?

“That place is very strange. There have been monks who have gone there before, but they have never returned. No one can even be found.”

“Over time, it became a forbidden area and no one went there. After all, that place is located on the border of the Southern Territory and has no resources.”

Pavilion Master Qian said!

Chapter: 7523

Chen Ping listened to Pavilion Master Qian’s words and looked at the marks on the map, his expression couldn’t be calm for a long time!

The map on Narota’s body couldn’t possibly mark this place for no reason!

And now this place is still a forbidden area, so there must be some secret!

Originally, Chen Ping wanted to use his own resources to practice for a while, but now that he heard how mysterious this place was, Chen Ping’s heart palpitated!

Seeing Chen Ping like that, Pavilion Master Qian hurriedly said: “Mr. Chen, you don’t want to go to that place, do you? I advise you not to go. Besides, that place is very barren and has no resources at all. It’s not worth it.” Be adventurous.”

But the more Pavilion Master Qian said this, the more Chen Ping wanted to go!

“Pavilion Master Qian, thank you for reminding me, I just wanted to go over and take a look.”

After Chen Ping finished speaking, he took out a storage bag, which contained resources snatched from the Mu family!

“Please, Pavilion Master Qian, please help me hand over these resources to Guanghan Palace.”

Chen Ping has obtained a lot of resources from the people of the Demon Sealing Alliance, so the purpose of robbing the Mu family’s resources is for Guanghan Palace!

Seeing what Chen Ping said, Master Qian Pavilion no longer tried to dissuade him. After taking the storage bag, he nodded: “Don’t worry, Mr. Chen, I will hand over the things to Guanghan Palace.”

Chen Ping left the branch of Wantong Pavilion and asked Ji Yun to wait for him in Nanjing City, while he went to the place circled on the map alone!

This place is not particularly far from Nanjing City, so there is no need to take an airship!

Another point is that Chen Ping doesn’t want to be too ostentatious. After all, taking an airship to that place is too conspicuous!

If this so-called forbidden area really hides any resources or relics, and Chen Ping goes there quietly, he can take it for himself!

Having too many people know is not a good thing!

After saying goodbye to Ji Yun, Chen Ping started to set off!

Although there are many demon cultivators and monsters in Tianmo Mountain, Chen Ping has been to this place many times and is very familiar with some places, so he is not afraid!

Coupled with Chen Ping's current strength, those blind demon cultivators or monsters looking for trouble are just asking for their own death!

The fifth level of Mahayana realm is no longer Chen Ping's opponent, so what is Chen Ping afraid of!

In the entire heaven and human world, there are not many monks above the fifth level of the Mahayana realm. At the peak of the Mahayana realm, they are almost invincible!

Like those monks in the Immortal Realm who have long since stopped caring about worldly affairs and are concentrating on cultivation, waiting to ascend to immortality, how can they still show their faces everywhere!

Chapter: 7524

After two days and two nights of flying, Chen Ping felt a little tired!

The body fell back to the ground and began to replenish the spiritual power in the body!

Fortunately, Chen Ping now has a lot of resources, so he is not afraid of consuming them at all.

After finishing the supplement, Chen Ping took the map and looked at it carefully!

"Supposedly, we have reached the circled area, but it seems that nothing has changed around us?"

Chen Ping looked around and saw the dense jungle and the constant roars of monsters!

Everything else in Tianmo Mountain is the same, nothing special!

Chen Ping jumped up and flew forward again!

But at this time, Chen Ping didn't notice that in the void, there was a seemingly non-existent barrier, which merged with the surroundings and couldn't be seen at all!

Chen Ping's body passed through the barrier, and there was nothing strange at all!

But when Chen Ping passed through the barrier, his body suddenly fell, and then the surrounding area turned into a dark space!

Chen Ping frowned and backed away quickly. He didn't know where he had inadvertently entered, so he had to exit immediately!

But Chen Ping retreated for a long time and found that the surroundings were still dark and there was no change at all!

Chen Ping stopped, stabilized his body, and adjusted his breathing to prevent himself from being nervous!

Then Chen Ping looked around, the world was covered in a dark atmosphere, and there was no reference at all!

Chen Ping could no longer tell his direction at this moment, nor did he know where he was!

"Is this an alien space? Fortunately, I have Tianming Eyes, otherwise I really wouldn't be able to see anything."

As Chen Ping spoke, his forehead flashed with light, and he had an extra eye!

The Tian Ming Eye opened, and Chen Ping looked around!

At this time, Chen Ping was a little panicked, because after opening the Tianming Eye, he still couldn't see anything, and the surroundings were still dark!

“What...what is this place? Why can't I see anything?”

Chen Ping looked around with his Tianming eyes, and at the same time, his consciousness continued to spread to the surroundings!

He hopes to be able to sense something with his spiritual consciousness!

Even if you can sense a monster!

Chapter: 7525

But Chen Ping's consciousness has spread to the limit, and he still can't sense anything. It's as if Chen Ping is the only one in this world!

This is like an era when chaos first emerged and heaven and earth merged into one!

Chen Ping calmed down for a while, and then he found a correct direction and walked forward!

In this dark space, there was silence all around. All Chen Ping could hear was his own footsteps and the sound of his heartbeat.

Chen Ping kept walking like this, as if this space would never end!

After walking for nearly an hour, Chen Ping stopped!

Because he knew that if he continued like this, there would be no end at all!

Chen Ping looked around, then squatted down to find a way out from the underground!

Since the surrounding area is dark, he can try to look from the ground!

When Chen Ping squatted down and checked the ground, he was surprised to find that there was not a single footprint left under his feet!

Logically speaking, Chen Ping should leave a series of deep footprints along the way, but at this time, Chen Ping discovered that there were no footprints on the ground!

Chen Ping was slightly shocked by this discovery, and then he stepped on it hard, and a footprint half a meter deep appeared!

But something strange happened. The footprints, which were half a meter deep, slowly disappeared in front of Chen Ping's eyes!

Seeing this scene, Chen Ping took a deep breath and sneered: "It turns out that someone set up the phantom formation, which can make me fall into the phantom formation without knowing it. It seems that the person who set up the formation is quite good."

Chen Ping already possesses the origin of illusion. With his formation skills and the origin of illusion, someone who can make him fall into the illusion array without knowing it must be very powerful!

Chen Ping took out the Dragon-Slaying Sword and then stabbed the ground suddenly!

Since someone wants to trap him with a phantom formation, Chen Ping must use his strength to break the formation and let the person setting up the formation take a good look. No phantom formation can trap him!

The dragon-slaying sword instantly sank into the soil, and then Chen Ping lifted it hard, directly drawing a deep ravine on the ground!

He wanted to see if this phantom formation could continue to restore this ravine!

But just when Chen Ping was using his Dragon-Slaying Sword hard, a stream of liquid suddenly spurted out from the ground!

Chen Ping hurriedly stepped back to avoid being splashed!

But when the liquid fell, Chen Ping was surprised to find that the liquid was actually blood. The scarlet blood was very conspicuous in this gray space, and it also exuded the smell of blood!

At this time, Chen Ping was a little confused. He didn't understand that he just stabbed the ground with a sword. How could the ground spurt out blood?

Chapter: 7526

Could it be?

Chen Ping's eyes suddenly widened. At this moment, Chen Ping actually had a strange idea. He was not on land now, but on the body of a monster, and this monster was huge.

Chen Ping's sword thrust just now must have pierced the skin of the monster, so blood spurted out!

Thinking of this, Chen Ping hurriedly jumped up, not daring to stand with his feet on the ground!

If there really was a huge monster under his feet, Chen Ping couldn't believe how huge it was!

But when Chen Ping was suspended in mid-air, he suddenly felt that his body was very weak, as if he was somewhat powerless!

"What's going on? You obviously just added it?"

Chen Ping was a little surprised and didn't understand how the spiritual energy in his body could be consumed so quickly!

Chen Ping hurriedly ran the Heart Condensation Technique, hoping to replenish some spiritual power. After all, he now has a lot of resources!

But while the Heart Condensation Technique was operating, Chen Ping found strangely that he couldn't replenish even a single bit of spiritual power!

Whether it's spirit stones, fairy grass or other beast elixirs, these things cannot be absorbed!

Chen Ping was shocked. If he couldn't replenish it, the spiritual power in his body would be exhausted sooner or later. Not to mention flying, he would be exhausted even if he was walking!

Chen Ping did not dare to fly, but fell directly to the ground. Regardless of whether there was a monster under his feet, he could only walk, because flying consumes too much spiritual power!

“It seems that we still need to find the eye of the formation to break it...”

Chen Ping now doesn't dare to use his spiritual power at will, let alone break the formation with brute force!

Chen Ping held the dragon-slaying sword in his hand, and then walked forward step by step. As long as there was no danger, Chen Ping would try not to use the spiritual power in his body!

I don't know how long I've been walking, but Chen Ping has no concept of time and space anymore!

At this time, Chen Ping did not dare to spread his consciousness at will, and walked slowly like an ordinary person!

Chen Ping took every step he took very carefully, for fear of disturbing the monsters under his feet!

If the monster beneath his feet wakes up, wouldn't he be dead?

“Boy, don't be careful, there is no monster under your feet.”

At this time, Demon Lord Chiyun's words rang out!

Chen Ping ignored Demon Lord Chiyun, as if Demon Lord Chiyun did not exist and did not talk to him!

Chapter: 7527

“Fuck, you kid, you actually ignored me. Then I won't ignore you anymore!”

Demon Lord Chiyun suddenly became angry when he saw Chen Ping ignoring him!

However, Chen Ping still walked forward step by step, with a very tired expression on his face.

After walking some distance, the surroundings were still extremely dark, but in front of Chen Ping, there was a bright light. This bright light was like a candlelight in the dark night, bringing hope to people!

Chen Ping laughed and walked quickly towards the light!

Soon a palace appeared in front of Chen Ping. The palace was very majestic and looked very majestic!

And that light came from the palace!

Chen Ping walked into the palace, and after looking around, continued walking deeper into the palace!

The light was in the central hall of the palace. Although the doors and windows all around were tightly closed, the light seemed to be able to penetrate everything!

Chen Ping directly opened the door of the hall and walked in. In the middle of the hall, there was a candlestick with a candle lit on the candlestick!

The light emitted by such a candle can be seen by Chen Ping from a long distance, and can penetrate houses one after another. It's really strange!

However, Chen Ping didn't seem to notice anything strange at this time and walked towards the candlelight!

"Is anyone there? Is anyone here?"

Chen Ping shouted as he walked!

Since there is candlelight, someone must be here!

“There is no one here but yourself...”

At this time, an old voice came from all directions in the hall!

Chen Ping stopped, looked around, and then asked: “Aren’t you a human? If you are not a human, how can you speak human words?”

The other party was obviously stunned for a moment, and then laughed: “I am not a human, I am a god, the god who controls your life and death. After you get here, I will control your life and death.”

After the words fell, a breath suddenly appeared around the hall, and then stepped forward to wrap Chen Ping, causing Chen Ping to struggle desperately, and the spiritual power in his body continued to be consumed!

The opponent didn’t seem to want to kill Chen Ping, but wanted to consume Chen Ping’s spiritual power so that Chen Ping would eventually lose the ability to resist!

“Let me go, let me go, who are you?”

Chen Ping struggled, with fear in his eyes!

Chapter: 7528

“I said, I am the god here. Now that you are here, you must listen to me!”

The old voice was a little proud!

Chen Ping kept begging for mercy and struggled desperately. The spiritual power in his body was rapidly draining. In the end, Chen Ping had no strength to even move!

Chen Ping fell to the ground weakly, panting heavily, and his forehead was covered with cold sweat!

At this time, the aura had disappeared, and the candlelight in the hall became brighter!

Three figures slowly appeared in the hall. Among them, an old man in a robe was looking at Chen Ping proudly!

“What number is this?”

The old man asked a middle-aged man wearing a green robe next to him!

“Zang Lao, you are already 9847 years old, and you are only one step away from being able to reach ten thousand people.”

The middle-aged man in green robe said!

“These humans are really stupid. The more mysterious the place, the more they like to come. The more forbidden the place, the more curious they are.”

“If we continue at this rate, we will be able to gather ten thousand people within three years. By then, we can refine the Ten Thousand Heart Pills, which will be a really good thing.”

Nazang Lao said with a smile!

Chen Ping was lying on the ground, observing the three people in front of him. The three people did not have the aura of human monks on them, they were all full of demonic aura!

Moreover, these three people are not the real bodies, but just shadows!

From this point of view, the place where Chen Ping is now must be the phantom array, so these three guys are just shadows projected and have not entered the phantom array!

“Brother Lu, go dig out that kid’s heart. Be careful. If the kid dies, the heart you dug out will be useless.”

The middle-aged man in green robe said to the people around him!

Brother Lu nodded, holding a bright knife in his hand. It looked like he was familiar with the art!

When Chen Ping saw Brother Lu coming over, he stood up from the ground with a smile on his face!

“Do you still have the strength to stand up?”

Zang Lao asked Chen Ping in surprise!

Chapter: 7529

After two days and two nights of flying, Chen Ping felt a little tired!

The body fell back to the ground and began to replenish the spiritual power in the body!
