

The Order 7531

Chapter: 7531

Chen Ping's eyes suddenly widened. At this moment, Chen Ping actually had a strange idea. He was not on land now, but on the body of a monster beast, and this monster beast was extremely huge.

Chen Ping's sword thrust just now should have pierced the skin of the monster, so blood spurted out!

Thinking of this, Chen Ping hurriedly jumped up, not daring to stand with his feet on the ground!

If there really was a huge monster under his feet, Chen Ping couldn't believe how huge it was!

But when Chen Ping was suspended in mid-air, he suddenly felt that his body was very weak, as if he was somewhat powerless!

"What's going on? You obviously just added it?"

Chen Ping was a little surprised and didn't understand how the spiritual energy in his body could be consumed so quickly!

Chen Ping hurriedly ran the Heart Condensation Technique, hoping to replenish some spiritual power. After all, he now has a lot of resources!

But while the Heart Condensation Technique was operating, Chen Ping found strangely that he couldn't even replenish any spiritual power!

Whether it's spirit stones, fairy grass or other beast elixirs, these things cannot be absorbed!

Chen Ping was shocked. If he couldn't replenish it, the spiritual power in his body would be exhausted sooner or later. Not to mention flying, he would be exhausted even if he was walking!

Chen Ping did not dare to fly, but fell directly to the ground. Regardless of whether there was a monster under his feet, he could only walk, because flying consumes too much spiritual power!

"It seems that we still need to find the eye of the formation to break it..."

Chen Ping now doesn't dare to use his spiritual power at will, let alone break the formation with brute force!

Chen Ping held the dragon-slaying sword in his hand, and then walked forward step by step. As long as there was no danger, Chen Ping would try not to use the spiritual power in his body!

I don't know how long I've been walking, but Chen Ping has no concept of time and space anymore!

At this time, Chen Ping did not dare to spread his consciousness at will, and walked slowly like an ordinary person!

Chen Ping took every step he took very carefully, for fear of disturbing the monsters under his feet!

If the monster beneath his feet wakes up, wouldn't he be dead?

"Boy, don't be careful, you are not a monster under your feet."

At this time, Demon Lord Chiyun's words rang out!

Chen Ping ignored Demon Lord Chiyun, as if Demon Lord Chiyun did not exist and did not talk to him!

"Fuck, you kid, you actually ignored me. Then I won't ignore you anymore!"

Demon Lord Chiyun suddenly became angry when he saw Chen Ping ignoring him!

Chapter: 7532

However, Chen Ping still walked forward step by step, with a very tired expression on his face.

After walking some distance, the surroundings were still extremely dark, but in front of Chen Ping, there was a bright light. This bright light was like a candlelight in the dark night, bringing hope to people!

Chen Ping laughed and walked quickly towards the light!

Soon a palace appeared in front of Chen Ping. The palace was very majestic and looked very majestic!

And that light came from the palace!

Chen Ping walked into the palace, and after looking around, continued walking deeper into the palace!

The light was in the central hall of the palace. Although the doors and windows all around were tightly closed, the light seemed to be able to penetrate everything!

Chen Ping directly opened the door of the hall and walked in. In the middle of the hall, there was a candlestick with a candle lit on the candlestick!

The light emitted by such a candle can be seen by Chen Ping from a long distance, and can penetrate houses one after another. It's really strange!

But at this time, Chen Ping didn't seem to notice anything strange and walked towards the candlelight!

"Is anyone there? Is anyone here?"

Chen Ping shouted as he walked!

Since there is candlelight, someone must be here!

"There is no one here but yourself..."

At this time, an old voice came from all directions in the hall!

Chen Ping stopped, looked around, and then asked: "Aren't you a human? If you are not a human, how can you speak human words?"

The other party was obviously stunned for a moment, and then laughed: "I am not a human, I am a god, the god who controls your life and death. After you get here, I will control your life and death."

After the words fell, a breath suddenly appeared around the hall, and then stepped forward to wrap Chen Ping, causing Chen Ping to struggle desperately, and the spiritual power in his body continued to be consumed!

It seems that the opponent does not want to kill Chen Ping, but wants to consume Chen Ping's spiritual power so that Chen Ping will eventually lose the ability to resist!

“Let me go, let me go, who are you?”

Chen Ping struggled, with fear in his eyes!

“I said, I am the god here. Now that you are here, you must listen to me!”

The old voice was a little proud!

Chen Ping kept begging for mercy and struggled desperately. The spiritual power in his body was rapidly draining. In the end, Chen Ping had no strength to even move!

Chapter: 7533

Chen Ping fell to the ground weakly, panting heavily, and his forehead was covered with cold sweat!

At this time, the aura had disappeared, and the candlelight in the hall became brighter!

Three figures slowly appeared in the hall. Among them, an old man in a robe was looking at Chen Ping proudly!

“What number is this?”

The old man asked a middle-aged man wearing a green robe next to him!

“Zang Lao, you are already 9847 years old, and you are only one step away from being able to reach 10,000 people.”

The middle-aged man in green robe said!

“These humans are really stupid. The more mysterious the place, the more they like to come. The more forbidden the place, the more curious they are.”

“If we continue at this rate, within three years, we will be able to gather ten thousand people. By then, we can refine the Ten Thousand Heart Pills, which will be a really good thing.”

Nazang Lao said with a smile!

Chen Ping was lying on the ground, observing the three people in front of him. The three people did not have the aura of human monks on them, but they were all full of demonic aura!

Moreover, these three people are not the real bodies, but just shadows!

From this point of view, the place where Chen Ping is now must be the phantom array, so these three guys are just shadows projected and have not entered the phantom array!

“Brother Lu, go dig out that kid’s heart. Be careful. If the kid dies, the heart you dug out will be useless.”

The middle-aged man in green robe said to the people around him!

The deer brother nodded, holding a bright knife in his hand, it seemed that he was familiar with it!

When Chen Ping saw Brother Lu coming over, he stood up from the ground with a smile on his face!

“Do you still have the strength to stand up?”

Zang Lao asked Chen Ping in surprise!

“What’s the point of standing up? I can still take action...”

Chen Ping waved his palm gently, and thousands of lights suddenly lit up from all directions!

These brilliance instantly broke the surrounding darkness!

At the same time, the three people were also wrapped in brilliance and couldn’t move!

“This...how is this possible? Haven’t you exhausted all your spiritual power?”

Chapter: 7534

Zang Lao’s eyes were full of shock!

Chen Ping had clearly exhausted his spiritual power just now and had no strength to even stand. How could he suddenly erupt with such a terrifying aura?

Chen Ping held the Dragon-Slaying Sword in his hand at the moment, with a bit of a sneer on his face: “Who said that when my spiritual power is used up, I will be slaughtered by others?”

“Okay, okay, I want to see how much spiritual power you still have to explode.”

After Nazang Lao finished speaking, gray fog suddenly billowed in the hall, and then a huge ghostly face appeared!

This grimace was swallowing towards Chen Ping with bursts of roars!

Chen Ping looked at the ferocious roaring face with disdain in his eyes!

Until now, the other party still thinks that he still has spiritual power left in his body!

But they didn't know at all that besides spiritual power, Chen Ping also had other powers in his body!

The power of the divine dragon, all kinds of original power!

The power of the three clans, as well as the immortal power within the body!

All these powers are in one person, and no one can imagine them.

Chen Ping just deliberately consumed his spiritual energy to make the other party appear!

This illusion formation is indeed quite good, so Chen Ping thought of this method to make the opponent appear.

Demon Lord Chiyun was talking to Chen Ping just now, but Chen Ping ignored him, and it was also for this reason!

When Chen Ping saw that his spiritual energy was exhausted, the person behind him actually showed up!

But what Chen Ping didn't expect was that the other party didn't seem to have much strength!

"It's useless. As long as you show up, everything here is meaningless to me!"

After Chen Ping finished speaking, he slashed with the dragon-slaying sword in his hand!

A golden dragon appeared, roared, flames rose, and swords glowed like meteors!

"this....."

When Nazang Lao and others saw this, they were immediately shocked!

They underestimated Chen Ping and never thought that Chen Ping still had such terrifying power in his body!

Several people wanted to run, but it was too late!

Chapter: 7535

The gray grimace was penetrated by the sword light and disappeared in an instant!

And those three people were also under the terrifying sword light, and their shadows were instantly engulfed in flames!

Along with the screams, the three people also disappeared in the flames!

The surrounding scene was distorted, and then the palace in front of him disappeared!

Chen Ping saw himself standing on the ground, surrounded by green mountains and green waters, and still in the Demon Mountain, and all the darkness was gone!

The illusion formation was broken, and Chen Ping returned to reality.

In front of Chen Ping, the three people just fell to the ground, their faces pale, and they were obviously seriously injured!

Chen Ping had just destroyed their shadows, causing their bodies to be harmed too!

The three people looked at Chen Ping with fear in their eyes. They didn't know what Chen Ping would do to them!

"You three monsters have actually harmed so many people here."

"Which of you set up this phantom formation?"

Chen Ping looked at the three people and asked in a cold voice!

The three people looked at each other, but they all chose to shut up. No one spoke!

Although the three of them were very scared, no one spoke.

Seeing that none of the three people spoke, Chen Ping was very surprised. After all, the three guys looked very scared!

“If you don’t tell me, I have plenty of ideas...”

After Chen Ping finished speaking, the power of the divine dragon surged within his body, and then he lightly brushed it with his palm!

That terrifying aura made all three guys stunned!

“You...you are not human?”

Nazang Lao looked at Chen Ping in shock and asked!

“Who said I’m not a human being anymore?” Chen Ping asked back!

“But, the aura in your body is the terrifying orc aura...”

Nazang Lao asked in confusion!

“Then what are you looking at?”

Chapter: 7536

After Chen Ping finished speaking, a demonic fire was shot out, burning around the three people!

“Demon aura, are you a demon cultivator?”

The middle-aged man in green robe said in shock!

At this time, the three guys were all confused. They had never felt the breath of the three major ethnic groups in one person!

This is incredible. Now they don't even know whether Chen Ping is human or not!

“Can you guys answer what I just said?”

Chen Ping asked coldly!

“This...this illusion formation is...”

The middle-aged man in green robe opened his mouth and wanted to say!

But just when he opened his mouth, Nazang Lao glared at him and said: “Shut up, do you want to be exterminated?”

This sentence instantly made the middle-aged man in green robe shut his mouth.

When Chen Ping saw this, he struck Nazang Lao with a burst of fire!

The fire burned until the old man howled!

That kind of pain makes me panic when I hear the sound!

When the middle-aged man in green robe saw this, he was so frightened that he broke out in cold sweat and his body kept shaking.

“Say, if you don’t, you will be just like him!”

Chen Ping said coldly!

“We won’t tell, kill us!”

Brother Lu gritted his teeth and shook his head and said!

boom!

A ray of extreme fire also burned on Brother Lu, burning him to the point of howling like a ghost!

The middle-aged man in green robe in the middle was shaking even more seriously!

Chen Ping knew that this guy was the breakthrough!

“If you don’t tell me, I will burn you with extreme fire for three days and three nights, and make you taste the pain of the flames.”

Chapter: 7537

Chen Ping walked over, then looked directly at the middle-aged man in green robe and said!

The middle-aged man in green robe did not dare to look into Chen Ping's eyes. His body was trembling and he cried: "Please, let me go. I am also following orders."

"I didn't set up that illusion array, nor did I trick you into coming here. It has nothing to do with me at all."

"Then let me ask you, who are you?" Chen Ping asked softly!

He knew that at this time, he needed to take steps slowly to find out the news!

"I...I..." The middle-aged man in green robe looked at the burning companions on both sides, swallowed and said, "We are from Beast City."

"Beast City?" Chen Ping frowned slightly, and then asked: "Why didn't I know there was a Beast City? Where is this Beast City?"

"This... this... I can't say..." The middle-aged man in green robe quickly shook his head: "We came out secretly. If the city lord finds out, we will all be exterminated."

"Please let me go. I have an 8,000-year-old mother and a 300-year-old child. Please..."

The middle-aged man in green robe kept kowtowing to Chen Ping!

And Chen Ping almost laughed out loud when he listened to the middle-aged man in green robe!

Forget about being an 8,000-year-old mother. After all, it is normal for monks in this world to live to be 8,000 years old!

But who is that three hundred year old child?

“Okay, I won’t ask you where the Beast City is, but you should always tell me what is going on in this Beast City, right? I’m very curious, because I have traveled to Tianmo Mountain dozens of times, and I haven’t found anything. What a city there is in this area!”

Chen Ping didn’t dare to ask too closely, so he said!

“After the war between gods and demons, our Beast City was hidden. All the subjects of the Beast City are not allowed to leave casually.”

“This illusion formation was also set up by our city lord to prevent anyone from entering the Beast City by mistake.”

“The three of us secretly use the phantom formation to hunt humans in order to refine the Ten Thousand Heart Pills.”

The middle-aged man in green robe saw that Chen Ping was also very talkative, so he relaxed his guard a little!

“Is it possible that all the beasts in this beast city are beasts and there are no other races?” Chen Ping continued to ask!

The middle-aged man in green robe shook his head: “No...”

Chen Ping waved his hand, and the fire on Zang Lao and Brother Lu was extinguished, and the two of them were breathing heavily!

These three people are all in the Mahayana realm. The green-robed middle-aged man and the deer brother are both in the first level of the Mahayana realm!

And that Zanglao's realm is higher, he looks like the third level of Mahayana realm!

Chapter: 7538

"What are the realms of the three of you? How strong are you in the Beast City?" Chen Ping asked!

The old man Zang and Brother Lu said nothing, but the middle-aged man in green robe said: "It is considered average. There are many people in the beast city who are higher than us."

When Chen Ping heard this, he took a deep breath. Now he finally knew why the beasts in the heaven and human world were so weak that they were all hiding!

The Three Sovereigns and Four Kings like Yihe and others sound awesome, but in fact they are just the strength to overcome the calamity realm!

With such strength, he can also be the king of the beast clan!

The orcs with really strong feelings are all hiding!

"Then where is your beast city?" Chen Ping asked while the iron was hot!

When the middle-aged man in green robe heard this, he quickly shook his head and said, "I absolutely can't say this, even if you kill me, I can't say it!"

"You kill us!"

Nazang Lao finally breathed and said to Chen Ping!

Chen Ping ignored the old man and took out the map, placed it in front of the middle-aged man in green robe and said, "Did you see the place marked with a red circle? This should be your beast city, right?"

The middle-aged man in green robe was stunned, and then looked at Chen Ping in shock: "You...how do you have a map?"

Seeing the reaction of the middle-aged man in green robe, Chen Ping knew that he had guessed correctly!

The middle-aged man in green robe also reacted and said quickly: "No, the place circled in red is not our Beast City, you don't have to guess."

However, the reaction of the middle-aged man in green robe at this time was that there was no more than three hundred taels of silver in this place!

"Boy, let me tell you, even if you know where our Beast City is, it's useless. You can't find Beast City at all."

Zang Lao said to Chen Ping!

"Really?" Chen Ping smiled slightly: "Then let me guess, why I know the place but can't find it?"

“Is your beast city in another dimension, so you can’t find it even if you know where it is?”

After Chen Ping finished speaking, he looked at the reaction of the middle-aged man in green robe!

As a result, the middle-aged man in green robe had no reaction, and Chen Ping knew that he had guessed wrong!

This beast city should not be in some other spatial dimension.

Since it is not in other spatial dimensions, but cannot be found, there is only one possibility left, blindness!

Use the illusion array to confuse those who are looking for the Beast City, so that even if they find the place, they cannot find the location of the Beast City!

Chapter: 7539

“Since it is not in another dimension, your Beast City should be blocked by the phantom formation, causing people to get lost in the phantom formation, so they cannot find the location of the Beast City. It is like a ghost beating a wall!”

“Your city lord is an expert in using magic formations, so it’s not difficult to do this!”

Chen Ping continued!

But as soon as Chen Ping said these words, the expression of the middle-aged man in green robe obviously changed!

Chen Ping knew that he had guessed correctly!

“Boy, you don’t have to guess. Even if you guess right, you can’t get out of the illusion array.”

“If it weren’t for the three of us today, you would never have come out of the illusion formation!”

Zang Lao said very angry!

Chen Ping also admitted that if he hadn’t used a trick to trick these three guys into showing up, Chen Ping wouldn’t have easily broken through the illusory formation and got out of it!

“You are right, but now you must do whatever I ask you to do.”

After Chen Ping finished speaking, he pinched his fingers, and a golden light sank into the bodies of the three of them!

Then a phantom appeared above the heads of the three of them. Chen Ping grabbed the phantom with his palm!

The souls of the three people were held in the palm of Chen Ping’s hand!

This time, the three guys were shocked!

They can die, and they have died a hundred times, but if their souls are held by Chen Ping, it will be troublesome, and it is not a question of whether to die or not!

Chen Ping can keep torturing them and make them worse than death!

“What on earth are you going to do?”

Zang Lao shouted at Chen Ping very angrily!

“I just want you to take me to see the beast city, and I have no other intention.”

Chen Ping said!

“It’s impossible. If I take you to Beast City and the city lord finds out, our family won’t have to live anymore, they will be wiped out.”

Zang Lao said very firmly!

“How could it be known? I also have the aura of the beast race in my body, and I can completely blend in with you.”

“If you don’t agree, then I can only use the ultimate fire to burn your souls every day, making you live in pain every day.”

Chapter: 7540

Chen Ping said helplessly!

“No, don’t...” The middle-aged man in green robe panicked and hurriedly begged Chen Ping. Then he said to the old man Zang: “Lao Zang, just promise him. Our beast city is so big and there are many casual cultivators around. , will not be found.”

“Lao Zang, I think we should just agree to it. If that doesn’t work, we can just leave him outside the city and let him enter the city on his own.”

Brother Lu was also a little panicked and said to Mr. Zang!

Zang Lao looked at the two of them, and finally hesitated for a moment and said, “Okay, we can take you into the city, but we can only leave you outside the city. Then we will go our separate ways and no one will know each other.”

“Besides, Beast City has strict rules. Don’t expect to use force in Beast City. Beast City’s law enforcement team will arrest you then.”

“No problem!” Chen Ping nodded!

Chen Ping just wants to know how to get to the Beast City now. As for getting to the Beast City, that’s a story for another day!

Seeing that Chen Ping agreed, Mr. Zang reluctantly jumped up, and then several people flew forward!

I don’t know how long it took, but Chen Ping always felt that the scenery around him had not changed much. They seemed to have stayed in the same place!

“Are you kidding me? We didn’t move at all?”

Chen Ping said angrily!

“Don’t be angry, we are already approaching the Beast City, you just didn’t notice it.”

The middle-aged man in green robe quickly explained!

Then he winked and signaled Chen Ping to look at Nazang Lao!

Chen Ping followed the gaze of the middle-aged man in green robe and looked at the old Zang, and found something similar to a compass appearing in the old Zang’s hand!

There was also a pointer inside that was constantly trembling, but Nazang Lao kept moving in the direction of the pointer!

“We have been in an illusion all this time. Only the things in Zang Lao’s hands can take us out.”

“Without this thing, even us people from Beast City would not be able to leave the confines of Beast City.”

“Lao Zang spent a lot of money to get that thing from the City Lord’s Mansion, otherwise the three of us would not have been able to get it out.”

The middle-aged man in green robe whispered after Chen Ping!

He was deliberately trying to please Chen Ping, and it was obvious that he was afraid of death!

Chen Ping nodded and followed the three of them for a while longer!

Soon, a white light suddenly flashed in front of Chen Ping's eyes, and then a huge city appeared in front of him!
