

## **The Order 7541**

Chapter: 7541

Looking at the city in front of him, Chen Ping was a little shocked!

He has seen many cities in the heaven and human world. Even the imperial city of Xiao Dynasty, Chen Ping has entered it many times!

But the city in front of him was many times larger than any city he had ever seen!

And around the city, there are countless villages and towns, large and small!

This place is like a small kingdom. This huge city is estimated to be able to accommodate hundreds of thousands of monks. It is simply unimaginable!

“This is the beast city, you can take care of yourself!”

Zang Lao looked at Chen Ping and said!

Chen Ping nodded, then waved and returned the souls of the three people to each other!

After getting the soul, the three people disappeared instantly, unwilling to stay with Chen Ping for even a minute!

The three of them walked back, and Chen Ping stared at the beast city in front of him. The huge beast city was like a bloody mouth, lying on the vast land!

Chen Ping approached the Beast City, but when he was still some distance away from the Beast City, there was a sudden wave of spiritual energy, and then Chen Ping's body fell rapidly!

Chen Ping suddenly panicked. He didn't understand the reason. The spiritual energy in his body seemed to be blocked by something, causing his body to start to fall!

Although there is no spiritual protection, there will be no problem if Chen Ping's physical body falls to the ground. After all, Chen Ping's physical body is now so strong that it is invulnerable!

But if it falls like this and a dog eats shit, it will be too embarrassing!

"Flying is not allowed within a hundred miles of Beast City, and you don't know the distance to the observation point. If you forcefully break into and fly within a hundred miles, the law enforcement team will come!"

When Chen Ping was falling, a girl wearing red clothes and holding a sword said to Chen Ping!

Chen Ping saw that the girl was not far away from him and was falling from the sky!

And there were other monks falling towards the ground at the same distance!

Apparently, only Chen Ping himself was forced to fall!

"I was preoccupied just now and didn't pay attention!"

Chen Ping quickly explained!

He was really afraid that these people would doubt his identity and know that he was not from Beast City at all!

After all, it's impossible for people in Beast City not to even know the rules of Beast City!

After falling to the ground, many monks walked towards the Beast City!

Chapter: 7542

Chen Ping saw that most of these people were cultivators in the Tribulation Realm. The one with the lowest level was the girl who just talked to him, a third-level cultivator in the Tribulation Realm!

"Seeing as your level is not low, you should pay more attention in the future. If you are caught by the law enforcement team, you will be skinned even if you die."

The girl reminded Chen Ping!

"Thank you for your reminder, I will pay more attention." Chen Ping said with a slight smile!

"What are you going to the Beast City for? To visit relatives and friends, or to sell something?"

The girl asked Chen Ping!

Chen Ping thought for a moment, then said: "I'm going to sell something, what about you..."

"I also went to sell things, and I stopped by to see my brother. My brother was arrested by the law enforcement team and put in jail. It will take a hundred years for him to be released."

The girl said!

Perhaps thinking of her brother, the girl's expression became a little depressed!

Chen Ping just glanced at the girl and walked straight towards the Beast City without saying anything!

Chen Ping is not a monk in Beast City, so he doesn't want to talk too much. After all, talking too much will lead to mistakes. If someone knows his identity, it will be in trouble!

When the girl saw that Chen Ping had stopped talking, she quickly chased after him: "What are you going to sell in the Beast City? Now the fairy grass in the Beast City can't even be sold at a high price."

"I was lucky this time and got some spiritual ore. I heard it's very valuable in the Beast City..."

The girl said, taking out a fist-sized spiritual ore from her storage bag!

Chen Ping took one look and stopped instantly!

Chen Ping carefully looked at the spiritual ore in the girl's hand, and then asked: "Can your spiritual ore be traded in the Beast City?"

"Of course, this is the Fairy Spirit Stone. It is very valuable in the Beast City. Many people buy it. I heard that it was ordered by the city lord to buy it." The girl said!

Chen Ping had already seen that it was a fairy stone. At this time, Chen Ping still had many such fairy stones on his body, all of which he got from Narota's storage bag!

But Chen Ping didn't expect that this beast city also had this kind of fairy spirit stone!

“Did you find this fairy stone?” Chen Ping continued to ask!

“This area is very good. Now people are looking for fairy stones all over the mountains and plains. Have you seen these people coming into the city? Most of them are selling fairy stones.”

“I was able to find such a large fairy stone, and I took a lot of risks, but it was worth it. After selling the fairy stone, I can help my brother take care of it so that he doesn’t have to suffer too much in prison. ”

After the girl finished speaking, she looked at Chen Ping and asked, “What are you going to sell?”

Chapter: 7543

“Oh, I’ll sell fairy stones too, but they’re not as big as yours!”

Chen Ping also took out a fairy spirit stone, but it was much smaller than the girl’s!

“Yours is not too small anymore. I know a place that offers the highest price for fairy stones. Follow me.”

“By the way, I don’t know your name yet, my name is Yaomei.”

The girl followed Chen Ping enthusiastically!

“My name is Chen Ping!” Chen Ping said with a slight smile!

The two of them were traveling together, because it was still a hundred miles away from the Beast City, so it would take some time to get there!

But the two of them had just walked not far, and Chen Ping frowned slightly and his expression became wary!

Because not far behind them, several auras were locking onto them!

The girl didn't seem to notice anything, she still walked forward with a smile on her face, chatting with Chen Ping as she walked!

"Yao Mei, you stole the Eldest Master's Fairy Spirit Stone and you dared to go to the Beast City to sell it blatantly. You are really going against the grain."

At this time, several figures rushed out from behind Chen Ping and the others, and then blocked the path of Chen Ping and Na Yaomei!

When Yaomei saw these people, she was not afraid. She moved towards Chen Ping and said, "Who stole the eldest son's fairy spirit stone? I just went to the Beast City to see my brother. Don't try to frame me." "

"Brother Chen and I will go to the Beast City together. If you annoy Brother Chen, you will have to walk around without food!"

These people all looked at Chen Ping, and their faces showed a bit of trouble!

These people are all at the fifth or sixth level of the Tribulation Realm. They don't dare to be disrespectful to Chen Ping, a ninth-level monk of the Tribulation Realm!

But they are here to get back the Fairy Spirit Stone, and they can't let that girl go!

“Fellow Taoist, we are from Geshibao. This girl has stolen our eldest son’s fairy spirit stone, so we must take it back. We also hope that fellow Taoist will not interfere!”

A bearded monk raised his hands towards Chen Ping and said!

“You’re talking nonsense. I picked that fairy spirit stone myself, not your eldest son.”

“Brother Chen, don’t listen to their nonsense. They just see me as weak and want to bully me...”

Then the girl grabbed Chen Ping’s sleeve and said with aggrieved face!

“Whether you stole the fairy spirit stone or picked it, it has nothing to do with me.”

After Chen Ping said that, he directly pushed away the girl’s hand!

Chapter: 7544

The girl was stunned for a moment, and several people from Castle Castle surrounded her!

“Young sister, take out the fairy spirit stone and I can spare your life!” said the bearded monk!

“You are really not a man, and you don’t know how to cherish the beauty of women. It’s a shame that I have been with you for so long!”

Yaomei glared at Chen Ping fiercely, and finally took out the Fairy Spirit Stone helplessly!

After the bearded man took the Fairy Spirit Stone, he waved his hand and had Yaomei controlled!

“Let me go, let me go, and I will return the Fairy Stone to you.”

“I want to go to Beast City to see my brother, I want to see my brother!”

Yaomei struggled, but it was no use!

Chen Ping looked at the struggling Yaomei, and then stepped forward to block the way of the monks!

“Fellow Taoist, since the Fairy Spirit Stone has been returned to you, then give me some face and let her go.”

Chen Ping said to the bearded monk!

The bearded monk looked at Chen Ping, and finally waved helplessly and let Yaomei go!

Because in the face of absolute strength, they have to do this!

After several monks left, the girl started to cry, and she cried so hard that it made the pear blossoms rain like rain!

“Why didn’t you help me just now? The fairy spirit stone was taken away by them. Without the fairy spirit stone, I can’t see my brother.”

Yaomei cried loudly and even complained about Chen Ping!

Chen Ping looked at the crying Yaomei and couldn't help but smile and said, "Did you steal the immortal spirit stone from someone else's?"

"I....."

Yaomei suddenly didn't know how to answer. It was obvious that she had stolen it!

"Since you stole it, is there anything wrong with people wanting to go back?"

"Are you going to steal things just to see your brother? Then to make myself comfortable, is it okay for me to play now?"

Chen Ping stared at such a girl!

Yaomei was stunned for a moment, then grabbed her collar tightly: "You...what do you want to do? If you dare to touch me, I will die with you!"

"Why are you nervous? I'm just making an analogy. What's more, I can't stand a figure like yours."

Chapter: 7545

Chen Ping said!

"I...what's wrong with my figure?"

Yaomei deliberately stood up straight and puffed out her chest, but no matter how she puffed up her chest, it still didn't make sense!

"Let's do this. You can be my guide. After all, you are familiar with the beast city. I can use this fairy spirit stone as a reward."

"Although it's not as big as the fairy stone just now, it should still be worth some money."

Chen Ping threw the fairy spirit stone in his hand to Yaomei!

Yaomei took the Fairy Spirit Stone and looked at Chen Ping in disbelief!

You must know that fairy spirit stones are extremely valuable in Beast City. How could Chen Ping give them to others casually?

"I can tell you, although I want your fairy spirit stone, I will only lead you, I will not sleep with you."

Yaomei looked at Chen Ping warily and said!

As the saying goes, showing courtesy for nothing is either cheating or stealing...

Chen Ping is so kind, Yaomei feels that Chen Ping must have an agenda!

I don't have anything valuable on me, so I can only care about my body!

“I’ve already told you that I’m not interested in your body. If you want to sleep with me, I won’t do it. It’s not like I don’t have a woman.”

Chen Ping said speechlessly!

“I don’t believe it...”

Then Yaomei didn’t believe it at all. She seemed quite confident in herself, so she thought Chen Ping was interested in her body.

Chen Ping was also helpless. The way he used the analogy just now was wrong, and this girl misunderstood him!

“Zhongli, come out and meet me...”

Chen Ping directly called out Sword Spirit Zhongli!

Zhongli flashed out in an instant and stood next to Chen Ping!

Zhongli’s body was concave and convex, and the lines were simply perfect. Moreover, after being nourished by Chen Ping, his whole body exuded a noble temperament!

At this moment, compared with Zhongli, that girl looks like a girl from a mountain village!

“Master, are you lonely?” Zhongli asked, leaning on Chen Ping’s shoulder!

Chapter: 7546

“I want to kiss you...”

After Chen Ping finished speaking, he kissed Zhongli directly in front of such a girl!

Then Chen Ping asked Zhongli to return to the Dragon-Slaying Sword!

From the beginning to the end, the girl looked on with shock and embarrassment!

“Are you relieved now? I’m not interested in you at all!”

Chen Ping said!

Yaomei bit her lip, nodded silently, and said nothing!

Chen Ping followed Yaomei towards the Beast City!

Along the way, no one spoke, so the girl seemed to be quite shocked!

Arriving at the gate of Beast City, Chen Ping looked up and saw that the gate was hundreds of meters high and there were three huge gates in total.

The middle city gate is the largest, but the city gate is closed!

The city gates on both sides were open, and many monks were coming in and out of the city gates on both sides, and guards were checking in from time to time!

“The middle city gate is specifically for the city lord to enter and exit. If the city lord does not enter or exit, the city gate will remain closed.”

Yaomei followed Chen Ping and said!

“Why do we need to conduct an interrogation when entering the city?” Chen Ping asked!

“Of course it is to prevent other ethnic groups from entering the Beast City. In the past, when humans or demons entered the Beast City, they were all imprisoned.”

“Also, even those with cruel temperaments cannot enter the Beast City to prevent unrest!”

“There are a lot of rules in the Beast City. You don’t come to the Beast City very often, so you have to pay more attention.”

Yaomei reminded Chen Ping!

Chen Ping nodded after hearing this. Now he understands a little bit!

All the monks in this beast city are beasts, and most of the large areas outside the beast city are beasts!

But there will also be some human and demon monks mixed in!

It should be that when this area was painted, some human and demon monks were also painted here!

The entire area is blocked by phantom formations. No matter whether they are human monks or demon monks, they cannot leave this place!

Chapter: 7547

“You are mistaken. I am not a human race. How could I be a human race?”

“Look at my figure and the beastly aura, how could I be a human?”

At this time, there was a quarrel at the city gate!

A huge, strong man was having a dispute with the guards of the Beast City!

The guards hurriedly surrounded the strong man, but the strong man was still arguing!

“Although your body is filled with the aura of the beast race, it cannot conceal the aura of the human race deep within your body.”

“Don’t expect to be able to sneak in, just be obedient and capture it!”

A guard leader said coldly!

Chen Ping took a look at the strong man. He was at the eighth level of the Tribulation Realm and was considered a master!

“Since you slander me as a human being, then it’s okay for me not to enter the city, right?”

The strong man said that he was about to turn around and leave, not going into the city anymore!

“Sorry, you have to come with us!”

The guard leader said!

“Why should I follow you? I won’t follow you, what can you do to me?”

“You watchdogs are only at the fifth level of Tribulation Realm. Do you still want to stop me?”

The strong man laughed, and the aura in his body exploded instantly!

boom!

With the burst of aura, the surrounding guards were instantly blown away!

And the human aura was directly exposed by this strong man’s explosion!

He is a human monk!

After knocking the guard away, the strong man left quickly, trying to escape from this place!

When the guard saw this, he did not chase him, but quietly looked at the strong man who escaped!

“This strong man is finished. Since he is directly from the human race, why bother trying to sneak into the city?”

Yaomei looked at the strong man who escaped and said!

Chapter: 7548

Just as Yaomei finished speaking, a white light suddenly flashed, and this white light went straight to the strong man!

puff!

This strong man at the eighth level of the Tribulation Realm had no time to react. The white light penetrated his body directly. His huge body fell to the ground, his spirit and form were destroyed, and he died immediately!

Even until his death, this strong man still had his eyes wide open and his mouth open with an incredible expression.

After all, it is not easy to kill an eighth-level monk in the Tribulation Realm instantly!

After the strong man died, a monk in white clothes slowly fell from the tower. Then he pulled out a storage bag from the strong man’s body. Then with a gentle wave of his hand, the strong man’s body was instantly wiped out!

“Why bother...”

The monk in white shook his head slightly, and then jumped back to the tower!

Flying is not allowed within a hundred miles of this beast city, but this scholar in white can come and go freely!

“Who is this? How can he fly?”

Chen Ping asked in confusion!

“This is the city gate general of the Beast City. Of course he can fly. The rules of the Beast City are for ordinary monks, not for the sergeants of the city lord’s palace.”

Yaomei followed Chen Ping and said!

“Only the state officials are allowed to set fires and the people are not allowed to light lamps?”

Chen Ping was speechless for a while!

“Shh, keep your voice down, I’ll be careful about putting you in jail.” Yaomei quickly signaled Chen Ping to keep his voice down!

“Why do they prevent human and demon monks from entering the city?” Chen Ping asked!

“The human and demon monks are dissatisfied and often conspire to overthrow the city lord, so they are prevented from entering the city.”

Yaomei said!

When Chen Ping heard this, he understood that most of this area was owned by the orcs, so all kinds of resources would definitely be tilted towards the orcs!

Humans and demons are in the minority, and they will definitely not have enough food or clothing to keep them warm in this place!

Over time, resistance will form, and the orcs will suppress it!

This situation will happen regardless of whether it is the secular world, the heavenly world, or the future heavenly world. After all, this is the law!

“Let’s go, we are waiting in line...”

Chapter: 7549

Yaomei pulled Chen Ping and then walked towards the Beast City!

Chen Ping blocked all the auras and exposed only the aura of the beast race. Even so, Chen Ping still felt a little uneasy in his heart!

Obviously the same thing happened to the strong man just now, but he was discovered by the other party and lost his life!

Chen Ping also needs to be careful, after all, this beast city is different from other places!

If you are in danger then, there won't even be anyone to help you!

Even if Mr. Shi couldn't find it, that would be troublesome. Wouldn't he be dead?

So Chen Ping was very careful at the moment, his heart was in his throat!

But when Yaomei took Chen Ping into the Beast City, Chen Ping felt relieved!

It seems that the other party still hasn't found him out, otherwise he wouldn't be able to enter the city so easily!

Not long after Yaomei followed Chen Ping into the city, several monks wearing white gowns came quickly!

Several monks had smiles on their faces and looked very close!

But as soon as a few monks approached, the young girl showed some impatience and said, "Go, go, let's go, we have a place to live, and we understand the rules of the beast city, and we don't need to lead the way!"

Seeing Yaomei's expression, several monks were stunned for a moment, then the smiles on their faces disappeared, they gave Yaomei a blank look and left!

Chen Ping was very surprised and asked Yaomei: "What do these monks do?"

"These people are soliciting customers, and they will explain the rules of Beast City. However, these guys are all liars and cannot be trusted!"

“They are all masters of the White Wolf. If they catch a monk who is unfamiliar with the Beast City, they can squeeze him clean.”

“Don’t look at them all with smiles on their faces and looking very close to each other. Each one is darker than the other. Fortunately, you met me and asked me to bring you here. Otherwise, they would have defrauded you of all the resources and treasures on your body.”

Yaomei followed Chen Ping and introduced!

“Don’t Beast City care about these liars? Doesn’t Beast City have a law enforcement team and the rules are strict?”

Chen Ping asked with some confusion!

“The rules are for people like us. Like those guys just now, they all made offerings to the city lord’s house. How can we control them?”

Yaomei was obviously angry when she said this!

Chen Ping couldn’t help but smile. It seemed that the celestial world was no different from the secular world!

It’s nothing more than monks in the world of gods and humans living longer!

In terms of human relations and sophistication, they are the same as those in the secular world!

“According to your statement, is it possible to rescue your brother from prison with enough money?”

Chen Ping asked!

“Of course, as long as I have enough purple gold spirit coins, my brother can be rescued from prison and can be granted medical parole.”

“It’s just that I don’t have any money, so I can only spend some money to give to the prison boss to save my brother from suffering.”

Yaomei was depressed and said with tears in her eyes!

“How many purple gold spirit coins are needed to save your brother?” Chen Ping asked!

“Five hundred purple gold spiritual coins is simply an astronomical number. I will never be able to get enough in this life.”

Yaomei said!

Chapter: 7550

“Five hundred?” Chen Ping almost laughed!

To Chen Ping, five hundred purple gold spirit coins are simply child’s play, a drop in the bucket!

But for Yaomei, that is an astronomical sum of money!

Regardless of whether it is the secular world or the world of gods and humans, there are differences between people after all!

Some people are willing to sell their goods to pay for 100,000 yuan in medical expenses, but they can't get enough and can only wait to die!

Some people eat 100,000 yuan just for a mouthful of caviar, and still say it doesn't matter!

This is the gap, and it has been true in all dynasties!

"Five hundred purple gold spirit coins is indeed a lot, but this is the rule of the beast city, there is nothing we can do about it."

"Wait until I sell this fairy spirit stone, and then go to the prison to take care of it, so that my brother will suffer less."

Yaomei thought Chen Ping was frightened by the five hundred purple gold spirit coins!

"Let's go, don't you know there is a place where the purchase price of immortal spirit stones is high? Take me to see it."

Chen Ping said!

Yaomei nodded, and then took Chen Ping around the beast city!

Yaomei knew that Chen Ping had never been to Beast City, so she introduced some buildings in Beast City to Chen Ping!

There are also places for selling elixirs, refining weapons, trading workshops, etc., as well as some better inns, where are there arena competitions...

Listening to Yaomei's introduction, Chen Ping probably knows a lot about this beast city!

"Yao Mei, how do you know so much about Beast City? And why was your brother arrested?"

Chen Ping discovered that this girl did not live in Beast City, but she was very familiar with everything in Beast City!

In addition, Chen Ping still doesn't know why her brother was arrested!

"My brother and I often come to Beast City to sell some fairy grass spiritual stones, so we are very familiar with Beast City."

"My brother was arrested because...because..."

Yaomei was hesitant and didn't seem to want to say anything!

"Okay, if you don't want to say it, there's no need to say it. Let's go!"

Chen Ping didn't force it. As for why Yaomei and her brother were arrested, Chen Ping didn't really want to know!
