

The Order 7591

Chapter: 7591

At this time, a monk suddenly discovered that the dragon horn on Baicheng's head was gone!

At this moment, all the monks looked at Baicheng, and they were all shocked!

Baicheng was also confused by the discussions of the monks. He quickly reached out and touched his head, and sure enough he found that the dragon horn was no longer there!

"Your fake dragon horns are not very firmly glued together!"

Chen Ping stretched out his hand, and what he held in his hand was the dragon horn from Baicheng!

Looking at the dragon horn in Chen Ping's hand, Baicheng's face turned extremely ugly!

"Hahaha, I'm so fucking laughing, it turns out to be a fake dragon!"

"Damn, after being bullied for so long, I really thought he was a dragon."

"Get a fake dragon horn and stick it on your head. This is because you want to become a dragon."

Many monks who had been bullied by Baicheng and others in the past all burst out laughing and smiled mockingly at Baicheng!

Even Captain Zhou, who had been behind the scenes, was slightly stunned: “Damn it, this guy Baicheng is actually a fake dragon?”

Captain Zhou was deceived and mistakenly thought that Baicheng was really a dragon!

After all, the Dragon Clan is the most noble existence among the entire Beast Clan!

Feeling the ridicule of the people around him, Baicheng’s face turned red and he shouted: “Boy, I will let you die...”

Baicheng’s roar carries the sound of dragon roars!

And in his body, the blood began to surge and boil, and a terrifying aura permeated everywhere!

There is a trace of dragon power in the aura of the White City, and the bursts of dragon roars are also real!

“It seems that you have reached the snake stage. You are indeed going to transform into a dragon and become a noble dragon. However, you are not considered a dragon yet, so you can’t show off as a dragon and bully others!”

Chen Ping looked at Baicheng and said!

Baicheng couldn’t listen at all, so he punched out directly, causing smoke and dust to fly everywhere, and his spiritual energy surged!

boom!

A large amount of flying sand and rocks covered everything, and at the same time Baicheng transformed into his true form, a hundred-meter-long white snake, opened its bloody mouth, and headed towards Chen Ping!

Seeing this scene, all the monks were sweating for Chen Ping!

Chapter: 7592

Baicheng's figure was flying in the flying sand and rocks, but in just a moment, Baicheng's figure disappeared!

When the smoke slowly dispersed, everyone was surprised to find that Baicheng was kneeling in front of Chen Ping!

But Chen Ping still had a smile on his face!

Baicheng's eyes were full of horror and respect, and the fighting spirit he had just lost was already gone from his body. He knelt down in front of Chen Ping respectfully!

This scene made all the monks stunned. They all looked confused and didn't know what happened!

"You...are you a real dragon or a golden dragon..."

Baicheng looked at Chen Ping and asked in a voice that only he could hear!

At this moment, Baicheng's heart was filled with countless doubts and shocks!

The reason why he knelt down in front of Chen Ping was not because he had any intention, but because he was directly shocked by the power of the dragon that Chen Ping had just emitted!

The pressure made him kneel down instantly and unconsciously!

He had just transformed into his true form, intending to use the trace of dragon energy condensed from his body to shock Chen Ping!

But who would have expected that dragon crystals suddenly flashed in Chen Ping's chest, and a dragon energy a thousand times more powerful than his condensed dragon energy burst out!

At that moment, Baicheng even saw a golden dragon circling behind Chen Ping, which instantly scared away the trace of dragon energy that he had finally condensed in his body!

Baicheng also knelt down directly in front of Chen Ping, his eyes full of shock!

"Practice is not easy. Now that you have condensed dragon energy, you must be close to transforming into a dragon. Cherish it!"

At this moment, Chen Ping said to Baicheng in the tone of an elder!

Baicheng prostrated on the ground and said sincerely: "Disciple, please obey the teachings."

Baicheng's heart turned from shock to excitement, because Chen Ping's words meant that he would not kill him.

And if you please Chen Ping and get the help of a real dragon, it will be of great help to you to transform into a dragon!

Captain Zhou frowned slightly as he looked at the scene in front of him.

He wasn't very clear about what just happened, and he didn't know why Baicheng suddenly became so respectful and even knelt in front of Chen Ping!

"The time has come, everyone go back to your cells!"

At this time, a guard shouted loudly!

Chapter: 7593

After hearing this, Chen Ping turned around and walked towards the cell to explore the secrets of the ancient tree. He was not in a hurry!

Other monks also followed behind Chen Ping. Many monks came and followed Chen Ping one after another!

When Yaomei's brother saw this, he followed Chen Ping every step of the way, looking arrogant!

After all, in the entire prison, he was the only one who could get close to Chen Ping, and other monks would envy him!

Baicheng was lying on the ground, waiting for Chen Ping's figure to completely disappear before Baicheng dared to slowly get up from the ground!

"Brother-in-law, what happened just now? Then why did Baicheng kneel down to you all of a sudden?"

Back in the cell, Yaomei's brother followed Chen Ping curiously and asked about it!

And he directly called Chen Ping brother-in-law. Not at the beginning, this guy suspected that Chen Ping was playing with his sister!

"You can't scream, who is your brother-in-law?"

Chen Ping quickly reminded!

"I didn't scream. You are my brother-in-law. Don't worry. If my sister doesn't follow you after we get out, I won't recognize her."

"Let me tell you, my sister is actually quite good. She is beautiful, dignified and generous. The most important thing is that my sister is still a young girl!"

"If you want my sister, it won't stop you from finding other women. What grown man doesn't have a few dual cultivation partners!"

Brother Yaomei just wants to establish a relationship with Chen Ping at this moment!

After all, Chen Ping's performance is enough to prove that Chen Ping is no ordinary monk, and there must be forces behind him!

Chen Ping couldn't help but smile bitterly after listening to Yaomei's brother's words. It seemed that Yaomei's brother was not unjustly imprisoned. This guy really might have raped the female monk!

"If you want to get out, keep your mouth shut."

Chen Ping said helplessly to Brother Yaomei!

When Yaomei's brother heard this, he immediately shut up and didn't dare to say anything. He was really afraid that Chen Ping wouldn't save him by then!

Chen Ping was staying quietly in the cell. At this moment, there was a trace of suction in the cell, which was unconsciously absorbing spiritual power from Chen Ping's body!

Chen Ping pretended not to know and sat quietly. Anyway, there is no spiritual energy here, so there is no way to practice!

Although he has supplies on his body, Chen Ping doesn't want his supplies to be absorbed by others!

He planned to figure out the ancient tree first!

Chapter: 7594

The next day, it's time to have some fun!

When Chen Ping and Brother Yaomei walked out, they found hundreds of monks waiting at the door of their cell to greet them!

Chen Ping walked out of the cell and walked straight towards the ancient tree!

The other monks all followed behind. These people also wanted to practice under the ancient tree, because the spiritual energy under the ancient tree was much richer than other places!

Baicheng also led people at this time to guard under the ancient tree and welcome Chen Ping!

After yesterday's battle, Baicheng was completely convinced!

He, a dragon snake who had not yet transformed into a dragon, met a real dragon clan, and it was also the most noble golden dragon clan. Baicheng felt that this was his destiny!

"Disciples welcome the Holy Ancestor..." Baicheng said respectfully when he saw Chen Ping coming!

He is just a snake, calling him Holy Ancestor Chen Ping, he has taken advantage of him!

In the eyes of the Dragon Clan, they simply look down on those dragons who turn from snakes into dragons.

Some people are born into the noble dragon clan, while others have to transform from snakes into dragons through their own continuous efforts!

"My name is Chen Ping, you can just call me by my name!"

Chen Ping looked at Baicheng and said!

"This..." Baicheng was stunned. He didn't expect Chen Ping to be so low-key!

You know, in his eyes, the Dragon Clan is aloof and arrogant!

But Chen Ping has no arrogance at all!

“I don’t want anyone to know my identity!”

Chen Ping walked to Baicheng and whispered!

Chen Ping didn’t want people to know his identity as a dragon, so he always exposed the aura of the beast clan and did not explode the power of the dragon!

When fighting with Baicheng, Chen Ping also showed a little bit of the power of the dragon!

Even the slightest hint of divine dragon power shocked Baicheng beyond measure!

“I understand, Mr. Chen!”

Baicheng nodded!

Chapter: 7595

“Stop others, no one is allowed to get close to the ancient tree!”

Chen Ping ordered to Baicheng!

“Yes!” After Baicheng said, he directly called his men and stopped the hundreds of monks!

“Everyone, stop, no one is allowed to take even one step closer to the ancient tree, otherwise we will not let you go leniently!”

Baicheng said majestically!

Although he knew everything that he was not a dragon, in this prison, Baicheng’s strength was still very few!

What’s more, there are many younger brothers in Baicheng, and the other prisoner monks, although they are numerous and powerful, are not of the same mind at all. They were all captured and do not know each other at all!

Seeing Baicheng blocking the way, many monks looked at each other, no one dared to step forward, and then returned to their original place!

“I can go over, but if you dare to stop me, my brother-in-law will not spare you.”

Brother Yaomei looked at Baicheng and said!

“Brother-in-law?” Baicheng was stunned!

“Then Chen Ping is my brother-in-law. We are together. Get out of my way!”

Brother Yaomei said!

Baicheng looked at Chen Ping in confusion, and Chen Ping said: “You are not allowed to come near here, just find a place to stay by yourself!”

“What?”

Yaomei’s brother was confused. He didn’t understand what was going on with Chen Ping. Why couldn’t he even get close to the ancient tree?

“Stay away, didn’t you hear what Mr. Chen said?”

Baicheng said coldly to Brother Yaomei!

Brother Yaomei was very speechless, but he had no choice but to find a place to stay by himself!

Chen Ping walked under the ancient tree and looked at the towering ancient tree. He was very shocked!

Because Chen Ping is too small under this ancient tree!

Chen Ping gently stroked the tree trunk and was not in a hurry to explore, because Chen Ping was not sure whether there was any formation in this ancient tree!

If you rashly use your spiritual sense to explore and really alert the people in the City Lord’s Mansion, then you will be in trouble!

Chapter: 7596

It is estimated that not many people know the secret of this ancient tree!

If Chen Ping knew it now, those people would definitely not let him leave the prison!

After carefully looking at the ancient tree, Chen Ping waved towards the Baicheng!

When Baicheng saw this, he hurried over!

“For what reason were you arrested?”

Chen Ping asked.

“I...I wasn't caught here!”

Baicheng said!

“Weren't you arrested?” Chen Ping was stunned: “Then why did you come in?”

“I'm here specifically to guard this ancient tree to prevent anyone from approaching it wantonly!”

Baicheng said truthfully!

“Aren't there guards in this prison? Don't those guards want to guard the ancient trees, so why would they send you to guard them?”

Chen Ping was very puzzled. He didn't understand why Baicheng was asked to bring people to guard the ancient tree when there were obviously guards in Dalao!

Listening to Chen Ping's question, Baicheng looked around, and then whispered beside Chen Ping: “Mr. Chen doesn't know something. The guards of this prison are under the jurisdiction of General Yan. The ancient

trees in this prison belong to the entire city lord's mansion." It's the center of gravity, so General Xing sent me to bring people to guard the ancient tree."

"In this case, we will follow the prison guards to supervise each other, and no one can do anything detrimental to the ancient tree!"

"General Yan? General Xing? What are these? Aren't these generals all in harmony?"

Chen Ping didn't understand what Baicheng said!

Bai Cheng looked at Chen Ping's expression and knew that Chen Ping really didn't understand, so he asked, "Is this your first time in Beast City, Mr. Chen?"

"Yes, I used to practice hard in the mountains and forests around the Beast City, and this is my first time entering the Beast City!"

Chen Ping nodded and said!

"That's no wonder. Mr. Chen doesn't know that the Beast City is now governed by three major beast generals. The city owner has not shown his face for a long time."

"These three beast generals are General Yan, General Xing and General Qiu. Although the three of them have a division of labor, they restrict each other. No one trusts the other!"

"I am General Xing's guest. Guarding the ancient tree in this prison is also General Xing's order."

Chapter: 7597

“The guards in this prison are not of the same mind as us. On the contrary, Captain Zhou has always disliked me and wanted to compete with me.”

Baicheng followed Chen Ping and talked in detail about the situation in Beast City at this time!

After Chen Ping heard this, he immediately understood that the reason why the prison changed the rules yesterday was to add ten minutes of free time!

Moreover, when he was fighting with Baicheng, none of the guards showed up. It seemed that Captain Zhou was not afraid of him, but it was probably done deliberately so that he could fight with Baicheng!

“Where has the lord of this beast city gone?” Chen Ping asked!

“I don’t know either. I only know that the Lord of Beast City has not been seen for a long time.”

Baicheng shook his head and said!

After all, Baicheng is just a guest of one of the beast generals, and he probably doesn’t know many secrets in the city lord’s palace!

“Then what’s the secret of this ancient tree? Why does it need to be guarded alone? Do you know?”

Chen Ping continued to ask Baicheng!

Since Baicheng is guarding the ancient tree, he probably should know some secrets!

Baicheng was stunned for a moment, and then his expression became a little strange, as if he was struggling!

After pondering for a moment, Baicheng slowly said: "Mr. Chen, this ancient tree is very weird and can absorb the spiritual power of monks. I estimate that the city lord's palace will collect all the spiritual power absorbed by the ancient tree and use it as a resource for their own enjoyment."

"I have been secretly observing for a long time. Almost every day, monks die in the cell, and they still look like they have been sucked into mummies."

"This is just my own analysis, I don't know if it's right..."

Baicheng also slowly realized after a period of observation on his own that it was not that he knew anything!

"Your analysis is correct. This should be the case, so these people see the ancient trees as so important."

Chen Ping nodded and said!

"Mr. Chen, for what reason were you arrested? I can use my connections to get General Xing to give you an amnesty order and let you out."

Baicheng asked Chen Ping!

"I beat a guy named Qiu Yu. He seems to be General Qiu's son."

Chen Ping said calmly!

“Did you beat Qiu Yu?” Baicheng was shocked: “That guy is a playboy, and he is a vengeful master. I guess he won’t let it go.”

“But don’t worry, Mr. Chen. I’m asking General Xing for help to see if I can get you out!”

Chapter: 7598

“If you stay here, even if the ancient tree doesn’t drain all your spiritual power, I’m afraid that guy Qiu Yu will find someone to trip you up in the prison.”

“It’s okay, this prison can’t hold me in!” Chen Ping said nonchalantly!

The prison was surrounded by formations to imprison these prisoners, but Chen Ping was not afraid of the formations in the prison at all!

In Chen Ping’s eyes, these formations are too childish. He can leave whenever he wants!

“Mr. Chen still knows the art of formation?” Baicheng said in surprise!

“If you know a little bit, just use the formation here and break it with just a wave of your hand...”

Chen Ping said very casually!

However, these words sounded very arrogant to Baicheng’s ears. If it weren’t for knowing the identity of Chen Ping’s dragon clan, Baicheng would definitely think that Chen Ping was bragging!

But now Chen Ping is a dragon, and he is also a noble golden dragon, so Chen Ping's words are very credible!

"Watch it for me and don't let anyone disturb me. I want to see what's so special about this ancient tree!"

Chen Ping said to Baicheng!

"Mr. Chen, you can investigate, but don't touch the ancient tree. If there is any damage to the ancient tree, I really can't afford it."

Baicheng followed Chen Ping and said!

"Don't worry, I won't damage the ancient tree."

Chen Ping smiled lightly!

Baicheng walked aside and helped Chen Ping watch so that no one could get close to the ancient tree!

Chen Ping gently pressed his palm on the trunk of the ancient tree, and then the power of divine consciousness entered the ancient tree!

Because only in this way can Chen Ping know what secrets this ancient tree holds!

Just after Chen Ping's consciousness entered the ancient tree, Chen Ping felt his body light up, and his soul instantly entered a world of nothingness!

It was all white and nothing could be seen!

Chen Ping can be sure that this time it is definitely not an illusion. He really feels that his soul has entered another space!

And in this space, the spiritual power like the vast sea bathed Chen Ping's soul, making Chen Ping very comfortable!

"Is this the space of the ancient tree? The rich spiritual power here should be absorbed by the monks in the cell."

Chen Ping felt the spiritual power around him and was very excited.

Chapter: 7599

Chen Ping really wants to practice well here, and his strength will definitely grow much faster by then!

However, he knew that the time for release was only half an hour. No matter how much Chen Ping practiced in this half hour, he would not be able to absorb much spiritual power!

Chen Ping must find a way to stay under the ancient tree for a long time!

In order not to arouse the suspicion of others, Chen Ping withdrew the power of his consciousness and at the same time returned his soul to its original position. He looked at the ancient tree in front of him in surprise!

There is no formation in the ancient tree, so the suction force that absorbs the spiritual power of many monks is not the work of the formation, but the ancient tree's own ability!

Ancient trees that can absorb other people's spiritual power are really rare in this world of heaven and earth. Chen Ping has only seen this tree!

But just when Chen Ping's soul returned to his true form, in the space of the ancient tree, a white light slowly condensed into the appearance of an old man. The old man slowly opened his eyes from the practice!

The space inside this ancient tree seems to have a sense of emptiness, but the old man sitting cross-legged in it has an unparalleled harmony with the surrounding environment.

It was as if he was the master of this ancient tree space, and the entire space was created by him!

“It’s interesting. This little Tribulation Realm monk can actually enter my space?”

The old man raised his white eyebrows, his eyes full of surprise!

The old man’s eyes seemed to be able to penetrate everything in the entire Beast City, and the entire Beast City appeared in his eyes!

“This kid actually has the aura of a human and a demon in his body. He has the auras of all three races. What a genius!”

The old man’s eyes narrowed slightly and he became a little curious!

I saw the old man pinching his fingers together, and the aura above his head flashed continuously, and began to outline a picture!

And this scene actually started when Chen Ping entered the Beast City!

From Chen Ping entering the Beast City, to following Liu Zhongnan and their separation, everything is shown on the screen!

However, Chen Ping’s affairs outside the Beast City were not shown in the picture!

Then he met Yaomei, found Liu Zhongnan, and plotted to acquire the fairy spirit stone. It was all in the picture!

Even when Chen Ping and Liu Zhongnan were negotiating the acquisition in the room, shielding formations were arranged around the room, but they still appeared clearly in front of the old man!

Later, when he went to the restaurant, even when he hit Qiu Yu, he couldn't escape the old man's eyes!

If Chen Ping saw this scene, he would definitely be shocked, because everything he did in Beast City was completely exposed in front of the old man!

Even the scene of Chen Ping making out with Sword Spirit Zhongli in the inn could not escape him!

Later, Chen Ping entered the prison and followed Baicheng to fight!

Chapter: 7600

When the golden dragon appeared behind Chen Ping and the power of the dragon exploded, the old man's eyes obviously changed!

"It turns out he is the son of a dragon. No wonder..."

The old man waved his palm lightly, and the scene suddenly disappeared!

The old man closed his eyes again and fell into cultivation, as if he had never woken up!

While Chen Ping was under the ancient tree, his brows couldn't help but wrinkled, and his body felt very uncomfortable!

“It’s so strange. Why do I feel like you’re spying on me?”

Chen Ping said in confusion!

But this was in a prison, and he was surrounded by prisoners and monks, and they were not allowed to casually send out their spiritual senses to explore!

I believe that no one would dare to emit their spiritual consciousness to detect themselves. Even if they did, with the power of Chen Ping’s divine consciousness, I believe that those people would be counterattacked by the power of Chen Ping’s divine consciousness before they could detect anything about Chen Ping!

What’s more, there is Demon Lord Chiyun in Chen Ping’s sea of consciousness, a demon from the eighth level of heaven. Whose power of consciousness can explore Chen Ping’s sea of consciousness without being noticed?

“Boy, you were spied on...”

At this time, Demon Lord Chiyun said to Chen Ping!

“Who is it? Why didn’t I notice it in my consciousness? And you didn’t help me to block it!”

Chen Ping said in surprise!

“Damn, I’m not using the power of divine consciousness to explore your sea of consciousness, how can I help you block it?”

Demon Lord Chiyun said very speechlessly!

Generally, if you want to know something about the other party, you will use the power of divine consciousness to explore the other party's sea of consciousness. You can find out some of the other party's situation from the other party's sea of consciousness!

This is all done by people with strong spiritual consciousness to detect people with weak spiritual consciousness. If the difference is huge, many monks will not even notice that they have been investigated!

If you don't explore your spiritual consciousness, how can you know the other party's details?

"If he's not exploring the Sea of Knowledge, then where is he exploring?"

Chen Ping asked in surprise!

"How did I know? Don't forget that I am just a remnant soul residing in your sea of consciousness, not the all-powerful Demon Lord."

"If you want to know more, then help me collect all the bones and let me be reborn. Then I can make you the master of this world."

Demon Lord Chiyun said!
