

The Order 7741

Chapter: 7741

Although he had reached that realm, Chen Ping's training speed was too fast, so he lacked experience in some combat aspects!

Often at the same level, monks with many years of combat experience are stronger than those without experience!

While practicing, Chen Ping also took out the jade slip of the great formation of heaven and earth!

There are four jade slips, and Chen Ping can only open one. The other formation jade slips cannot be opened, and his spiritual consciousness cannot enter!

He knew that when all four jade slips of the Great Array of Heaven and Earth were opened, the Great Array of Heaven and Earth would appear, and then he would be able to find an opportunity to break the formation!

Now Chen Ping doesn't even know where the great formation of heaven and earth is, let alone breaking it!

Chen Ping tried to penetrate his spiritual consciousness into the second formation jade slip little by little!

Chen Ping's spiritual consciousness was like a thin thread, carefully exploring into the gap of the second formation jade slip. The process was extremely difficult, as if he was racing against time and fighting against the invisible power of the seal.

Fine beads of sweat gradually seeped out of his forehead, but there was an unyielding light flashing in his eyes.

With every attempt, Chen Ping could feel the rebound of the sealing force. It was an ancient and powerful force that seemed to contain the rules and order of the beginning of the world.

However, Chen Ping did not retreat. He mobilized all the spiritual power in his body, concentrated his mind to the extreme, and attacked the seemingly indestructible seal over and over again.

Just when Chen Ping was almost exhausted, he suddenly caught a glimpse of a subtle opportunity.

That opportunity was like the brightest star in the night sky, guiding him to find the weak point of the seal.

Chen Ping was delighted and immediately concentrated all his strength to launch a final attack towards that point.

“boom!”

A soft sound echoed in Chen Ping’s sea of consciousness, as if the seal could no longer withstand the pressure and collapsed.

Immediately afterwards, a vast torrent of information poured into Chen Ping’s sea of consciousness, which contained all the secrets of the second jade slip of the Great Array of Heaven and Earth.

As Chen Ping’s consciousness slowly penetrated into the second jade slip of the great formation of heaven and earth, an ancient and vicissitudes of life breath came to his face, as if it had traveled through time and space and brought him into a mysterious and unpredictable realm.

Inside the jade slip, light flowed and runes intertwined, forming a series of complex and magnificent formation diagrams. These formation diagrams slowly rotated, releasing heart-pounding energy fluctuations.

Chen Ping was immersed in this world constructed by formations. His mind followed the flowing light and shadows, trying to capture every subtle change and understand the meaning behind each rune.

Time seemed to have lost its meaning here. Chen Ping only felt as if he was resonating with this world, and every breath he took had a subtle connection with the surrounding formations.

Gradually, he began to comprehend the essence of the Great Array of Heaven and Earth—this was not just a formation used for sealing, but also a profound understanding and application of the natural laws between heaven and earth.

Each rune is an accurate simulation of the rules of heaven and earth, and the entire formation is a collection of these simulations, able to mobilize the power of heaven and earth to achieve almost miraculous effects.

Through this realization, Chen Ping discovered that in order to truly master and break the great formation of heaven and earth, strength or skill alone is far from enough. The key lies in the perception and adaptation to the invisible force between heaven and earth.

Chapter: 7742

What he needs to do is not only to learn how to arrange or activate such a formation, but more importantly, to learn how to coexist harmoniously with nature and draw strength from it to fight against those existences that violate the laws of nature.

Just as Chen Ping was immersed in this profound understanding, time in the outside world passed quietly.

Suddenly, a strong vibration interrupted his meditation. Chen Ping regained his composure and found that he had not only successfully opened the second formation jade slip, but also his state of mind and understanding of the formation had a qualitative leap.

Chen Ping didn't know that just when he broke the second formation jade slip, a strange phenomenon descended from the sky above the world of heaven and man. Colorful rays of light appeared, and there seemed to be human figures gathering in the rays of light, as if it was another world!

However, this strange phenomenon disappeared in just a moment, and not many people saw it!

But this was enough to shock many cultivators in the celestial world, just like a huge rock being thrown into a calm lake!

Many hidden forces in the world of heaven and man have revealed themselves at this moment!

However, Chen Ping didn't know all this. After stretching his muscles, he walked out of the room!

After walking out of the room, Chen Ping saw Ji Yun and Yaomei standing on the deck of the airship, looking at the distant skyline. Ji Yun seemed to be telling something to Yaomei.

Chen Ping just smiled and didn't disturb the two of them. Ji Yun had been following him all the time, and now with his youngest sister's company, perhaps he wouldn't be too lonely!

And the youngest sister is no longer alone, she now has a home!

The airship came from the sky above the Xiao Dynasty and slowly descended towards the imperial city!

Xiao Yuanshan, Xiao Feng, and all the ministers of the Xiao Dynasty had already lined up to welcome them!

To the Xiao Dynasty, Chen Ping is just a benefactor. If there was no Chen Ping, how could the Xiao Dynasty have obtained Mr. Shi's fortune for thousands of years!

At this time, Yun Li, who was outside the imperial city, slowly opened his eyes, smiled and said, "Here it comes..."

"How do you know?"

Shi Lan asked in confusion!

“Feel it!” Yun Li slowly stood up from the boulder, and his body disappeared in an instant!

Shi Lan also led his men to follow closely and entered the imperial city!

Chen Ping brought Ji Yun and Yaomei down from the airship, and Xiao Yuanshan and everyone else immediately went up to greet them!

That scene stunned the youngest sister!

She didn't expect that Chen Ping was so respected in this world of heaven and man!

“Mr. Chen, the Ten Palaces...”

Xiao Yuanshan walked up quickly and was about to tell Chen Ping about the situation of the people from the Ten Palaces!

Chapter: 7743

But Chen Ping waved his hand, then turned his head and looked into the void, saying lightly: “No need to say, they are here...”

The void trembled, and then Yun Li's figure slowly appeared, and next to Yun Li was Shi Lan!

Behind them followed twelve black-robed monks of the fifth level or above in the Mahayana realm, each holding a sword and full of murderous intent!

Zuo Tianzheng followed these black-robed monks. Although he could not leave, he stayed far away!

Chen Ping and Yun Li looked at each other, and both of them frowned slightly at the same time!

“The second level of Mahayana realm?”

Yun Li said with a frown!

Because he got the news that Chen Ping was only a ninth-grade cultivator in the Tribulation Realm, so how could he have become a second-grade cultivator in the Mahayana Realm?

He thought he had recognized the wrong person!

After all, Yun Li had never met Chen Ping.

Seeing this, Xiao Yuanshan was also stunned. He had not noticed it just now, but now he realized that in just a few days, Chen Ping had actually reached the second level of the Mahayana realm. This speed of improvement was simply unbelievable!

Zuo Tianzheng, who was following at the back, was so shocked that his mouth opened wide and his jaw almost dropped!

“Chen Ping, you...how did you become the second level of the Mahayana realm?”

Zuo Tianzheng pointed at Chen Ping and spoke haltingly!

Chen Ping ignored Zuo Tianzheng and looked at Yun Li and asked, "Are you looking for me?"

At this time, Zuo Tianzheng was no longer in Chen Ping's eyes!

Yun Li nodded: "Tenth Palace, Yun Li..."

Yun Li bowed towards Chen Ping very politely!

Everyone who saw this scene was a little surprised. Could it be that Yun Li really wasn't seeking revenge on Chen Ping?

He looks polite, without any murderous intent!

Chen Ping returned the greeting by bowing his hands: "Chen Ping..."

"Brother Chen, can we talk alone?"

Yunli said!

Brother Chen? Want to chat alone?

Chapter: 7744

What is going on?

Xiao Yuanshan and the others were all a little confused.

In fact, even Chen Ping himself was a little confused. He had no idea what Yun Li was up to!

Aren't these guys from the Ten Palaces looking for trouble?

"Okay!" Chen Ping nodded!

"Mr. Chen..."

Xiao Yuanshan hurriedly wanted to speak out to stop it!

After all, the other party is also at the peak of the ninth level of the Mahayana realm, even if Chen Ping has now reached the second level of the Mahayana realm!

But dealing with a cultivator at the peak of the ninth level of the Mahayana realm might not be that easy!

Moreover, no one knows what the other party is up to. If it is a trap, then Chen Ping would be in danger!

However, Chen Ping waved his hand, telling Xiao Yuanshan not to worry about it, and then made a gesture of invitation to Yun Li!

The two figures disappeared very quickly!

At this moment, the remaining people of the Xiao Dynasty and the Ten Palaces looked at each other in bewilderment!

Now that the two protagonists are gone, they can only wait, no one dares to take action!

At this moment, Chen Ping was walking side by side with Yun Li. There was no hostility at all between the two of them. Instead, they seemed like old friends!

“You won’t kill me?” Chen Ping spoke first!

“Why should I kill you?”

Yun Li smiled slightly and said!

“I killed Lota...”

Chen Ping did not hide anything, he knew that Luo Ta was from the Ten Palaces and was very important!

“So what?” Yun Li still had a smile on his face!

“I killed all of you Ten Palaces people. If you are not here to seek revenge, then why are you looking for me?”

Chen Ping couldn’t bear it anymore!

What on earth is this guy trying to do?

Chapter: 7745

Just say it directly, why are you dithering?

“I’m looking for you because I’m curious about you.” Yun Li looked straight at Chen Ping: “You have the energy of three tribes in you, do you also possess the ultimate fire of the demon tribe?”

“You mean this?”

Chen Ping spread out his palm, and a demonic fire began to beat in his palm!

After seeing this demon, Yun Li’s calm expression finally showed a hint of shock. At the same time, the knife in his hand seemed to sense the demonic energy and began to tremble!

“You are not a demon cultivator, and your demonic fire is not pure.”

Yun Li gently pressed his long sword, and then said to Chen Ping!

“Oh, how did you know?”

Chen Ping was a little surprised!

The supreme fire he has now is not the pure supreme fire of the demon clan, but a fusion of many kinds of supreme fire!

Unexpectedly, Yun Li saw through it at a glance!

“I have seen pure demonic fire before, and it doesn’t look like this!”

Yunli said!

Chen Ping frowned slightly. He didn’t expect that the people from this temple had dealt with the Flame Demon before?

“Is the Mr. Shi behind you a member of the demon clan?”

Yun Li asked!

Now that Chen Ping knows the ultimate fire of the demon clan, it is very likely that the person behind him is a demon cultivator!

Chen Ping shook his head: “No!”

“Who is he then?”

Yun Li really wanted to know who was the person who could kill Rota and then resurrect him!

Killing Lota is not scary. If he really starts fighting, he is also capable of killing Lota!

Even though both of them are at the peak of the ninth level of the Mahayana realm, Yun Li is the son of the Tenth Palace Master after all!

The precious sword in his hand is not something that a mere worshipper like Rota can possess!

When the realms are the same, what is being competed for is experience and magic weapons!

Chapter: 7746

But killing Rota and then resurrecting him was a bit outrageous. Even his father, the Lord of the Ten Palaces, couldn't do it!

"I don't know!" Chen Ping still shook his head!

Yun Li frowned and stared at Chen Ping: "Don't you know who your backer is?"

Yun Li was a little unconvinced. After all, Mr. Shi was the one who protected Chen Ping!

How could Chen Ping not know the other party's identity!

But Chen Ping didn't say anything. He really didn't know who Mr. Chen was!

In the past, Chen Ping was very curious and always wanted to find out Mr. Shi's identity!

But now, Chen Ping didn't think about it at all. He just knew that Mr. Shi was one of the best people to him!

Nothing else matters!

"I don't know!" Chen Ping shook his head again!

Yun Li looked at Chen Ping and didn't ask any more questions. No matter whether Chen Ping really didn't know or didn't want to tell him, Yun Li knew that if he continued asking, it would be useless!

"You are not a cultivator from the celestial world, are you?" Yun Li suddenly asked!

Chen Ping was stunned, then nodded!

He didn't understand how Yun Li saw that, it seemed like he was no different from the cultivators from the celestial realm!

No one has ever doubted that he is not a cultivator from the celestial realm!

But Yun Li could tell the difference the first time he saw him!

I have to say this guy has a really sharp eye!

"Do you want to know how I figured that out?"

Yun Li asked!

Chen Ping said nothing and had no expression. He didn't want to follow Yun Li's thoughts and control himself!

Seeing that Chen Ping did not respond, Yun Li continued, "Because in the Heavenly Realm, there will not be a genius like you, and there will not be a cultivator like you who can fight above his level."

“You are a second-grade Mahayana realm master. Even if you are a genius, it is against the will of heaven to be able to defeat a third- or fourth-grade Mahayana realm master!”

“But you were able to kill a cultivator at the peak of the ninth level of the Mahayana realm. There is no such a pervert as you in the heavenly world.”

Yun Li spoke very confidently, and looking at Yun Li’s confident look, Chen Ping just smiled!

Chapter: 7747

As a member of the God Clan, Yun Li’s self-confidence is the most restrained!

After all, the cultivators of the God Clan are all arrogant and proud. It is estimated that if other people come, they will not talk to Chen Ping about these things and will just start fighting directly!

“You can ask me now, that’s only fair!”

Yun Li said to Chen Ping!

“What kind of organization is your temple? What is its goal?”

Chen Ping asked!

Chen Ping was also very curious about this temple composed of gods, and wanted to know what kind of organization this temple was!

What is the purpose of forming this temple? Will it be related to the war between gods and demons?

"I don't know!" Yun Li shook his head!

Chen Ping was stunned for a moment, then continued to ask: "Who is the master of your temple? Apart from your ten temples, where are the other nine temples?"

"have no idea....."

Yun Li still shook his head!

Chen Ping looked at Yun Li, his eyes full of confusion!

Could it be that this guy is deliberately imitating me and saying he knows nothing?

I really don't know Mr. Shi's identity!

I'm not lying...

"Then you should know what your Palace Master's strength is, right?"

Chen Ping continued to ask!

Yun Li continued to shake his head: "I don't know. I don't think my father would know. It's not that I don't want to answer your questions, but I can't answer them!"

“I understand!” Chen Ping looked at Yun Li’s expression and knew that this guy was not lying!

This temple should have a strict hierarchy, so it is impossible for people below to understand the people above, and they have no idea where to start!

After all, in the temple, the Ten Palaces are the lowest existence!

“Now that we two have understood each other and your goal has been achieved, can we go now?”

Chen Ping asked!

Chapter: 7748

Yun Li said that he just wanted to meet me, who is he?

Now that I have seen it and understood it, I can leave now!

“I suddenly feel a little itchy, and I want to have a sparring match with you, just to the point!”

Yun Li really wanted to try and see if Chen Ping could really kill someone at the peak of the ninth level of the Mahayana realm!

But if he took action, Yun Li was afraid that it was true, and then he would lose his life!

That’s why he proposed to compete with Chen Ping!

A just-right sparring session would be able to test Chen Ping's strength without putting himself in danger!

Chen Ping looked at Yun Li and laughed. He had already seen through Yun Li's little thoughts!

But Chen Ping was not afraid, so he nodded and said, "Okay! But I have one condition."

There is no way Chen Ping would let Yun Li take advantage of him for nothing. This guy is playing tricks, but Chen Ping is not a fool!

"What conditions?" Yun Li asked!

"Let's bet some resources. If we just compete, it will be meaningless!"

Chen Ping said!

"Sure, but I came out in a hurry and didn't bring many resources with me."

"I only have 10,000 immortal spirit stones in my storage bag. Is this possible?"

Yun Li took out a storage bag and said!

"Fuck!" Chen Ping cursed Yun Li in his heart when he heard it, then looked at Yun Li and said, "Although ten thousand immortal spirit stones are not much, it's barely enough!"

Although Chen Ping was shocked by the ten thousand immortal spirit stones, he could not show it!

“If that’s ok, then let’s get started. But remember, stop when you’re done. If you hurt me, I won’t give you a single fairy stone!”

Yun Li reminded again!

Chen Ping had no doubt for a moment. The opponent was at the peak of the ninth level of the Mahayana realm, but he repeatedly reminded him to stop at the right time and not to hurt him!

What is going on?

“Don’t worry, I’ll stop there!”

Chen Ping nodded!

Chapter: 7749

As Chen Ping finished speaking, the two men moved and instantly distanced themselves from each other.

The atmosphere suddenly became tense. The air around them seemed to freeze, even the breeze stopped. It was about to start a fantastic fight.

Chen Ping took a deep breath, his eyes became sharp as an eagle, and the spiritual power in his body surged like a river bursting its banks, unstoppable.

He slowly raised his right hand, palm facing up, and with a soft hum, an ancient and majestic sword slowly condensed out of the void. It was Chen Ping’s Dragon-Slaying Sword.

A faint green light flowed through the sword, and the sound of a dragon’s roar could be heard faintly, revealing an all-conquering and all-conquering domineering aura.

Seeing this, Yun Li's pupils suddenly shrank and a look of disbelief appeared on his face.

As the son of the Tenth Lord of the Temple, he was knowledgeable and naturally recognized the extraordinary nature of the Dragon Slaying Sword.

"This... is this your sword?" There was a slight tremor in Yun Li's voice, and he was obviously shocked that Chen Ping took out the Dragon Slaying Sword.

"Yes, this is my Dragon Slaying Sword."

Chen Ping smiled calmly, standing with the sword in his hand, spiritual energy surrounding him, like a peerless sword about to be unsheathed.

"No wonder you were able to kill Narota. It seems to be related to your sword. But the knife in my hand is not an ordinary thing either!"

The spiritual power in Yun Li's body also began to boil, and the long sword in his hand shone brightly, as if a raging flame was jumping on the sword.

The battle was about to break out. Yun Li's body was as fast as lightning, turning into a stream of light and rushing straight towards Chen Ping. The long sword, with the sound of whistling wind and blazing flames, slashed at Chen Ping fiercely.

Chen Ping turned his body lightly and swung the Dragon-Slaying Sword gently. The sword light was like a dragon, skillfully dissolving Yun Li's attack into nothingness. At the same time, the tip of the sword lightly tapped the ground, using the force to rebound and directly attack Yun Li's vital point.

The two men fought back and forth, sword shadows and knife lights intertwined, and every collision was accompanied by a roar, stirring up layers of air waves, and the surrounding space seemed to be torn apart by this force.

Yun Li's sword was extremely powerful, while Chen Ping's dragon-slaying sword was extremely agile. Sometimes it turned into a green dragon soaring into the sky, and sometimes it turned into a dense rain of swords, which was a feast for the eyes.

As time went on, the battle became more intense. The speed and strength of both men were increased to the extreme, and every confrontation was terrifying.

Although Yun Li's realm was higher than Chen Ping's, he gradually fell into a disadvantage in front of the sharpness of the Dragon-Slaying Sword and Chen Ping's superb swordsmanship.

Finally, after a fierce collision, Yun Li was caught off guard and was caught by Chen Ping.

The Dragon Slaying Sword was like a spirit snake emerging from a cave, piercing through Yun Li's defense at an incredible angle. The tip of the sword lightly touched Yun Li's shoulder, leaving a shallow sword mark. Then Chen Ping quickly put away the sword, and everything returned to calm. .

"I lost."

Yun Li put away his sword and stood up, looking at the sword scar on his shoulder. There was no resentment in his eyes, but instead a hint of relief and admiration.

Chen Ping smiled slightly, sheathed his sword and said, "Thank you for letting me win. Your strength is also extraordinary. If we don't stop at the right time, the outcome is still uncertain."

Hearing this, Yun Li smiled heartily, took out 10,000 fairy stones from his storage bag, and threw them to Chen Ping: "I am willing to accept the loss. Today, if you beat me by half a move, these fairy stones are yours."

Chapter: 7750

Chen Ping took the fairy stone, feeling the tremendous spiritual power contained in it, and couldn't help but feel secretly happy.

I'm rich, really rich!

Ten thousand fairy stones. Now I have the resources to continue practicing!

Chen Ping deliberately defeated Yun Li by only half a move because he didn't want Yun Li to guess his true strength!

Ding!

At this moment, a crisp breaking sound suddenly resounded between heaven and earth, and then the knife in Yun Li's hand broke into several pieces and fell to the ground!

There was only a knife handle left in Yun Li's hand, which looked very funny!

Looking at the handle of the knife in his hand, Yun Li was silent for a long time!

"grass....."

Suddenly, a swear word came out of Yun Li's mouth!

Chen Ping smiled slightly: "I'm really sorry, your knife is too fragile."

At this moment, Yun Li felt as disgusted as if he had eaten a fly!

He thought Chen Ping was only half a move better than him, but he didn't expect that the gap between them was so big!

Even the weapons in their hands are no longer on the same level!

If it was really a life-and-death fight, I'm afraid he would have been beheaded by now!

"Are you kidding me?"

Yun Li looked at Chen Ping with some anger!

"Where did you get that from? How did I trick you?"

Chen Ping shrugged helplessly!

"Didn't we agree to stop at this point? If you hurt me even a little bit, I won't be able to give you the fairy stone!"

Yunli said!

“I didn’t hurt you, it’s just that your knife is not strong enough. I didn’t say that I can’t hurt your knife!”

Chen Ping explained!

Looking at Chen Ping’s expression, Yun Li could only grit his teeth and swallow his anger!
