

The Order 7871

Chapter: 7871

“I’m not worth it?”

Chen Ping frowned slightly, then suddenly swung his sword towards the Ten Palace Lords!

The Dragon-Slaying Sword burst out with stunning light, illuminating the entire hall as bright as day!

The reason why Chen Ping took the initiative to take action was to see what the strength of the Ten Palace Masters was!

“How dare you disrespect my father!”

The Tenth Prince, who was short and childlike, suddenly shouted angrily, rushed forward, and punched Chen Ping’s sword!

“How dare you disrespect Mr. Chen, you little brat...”

Xuan Bin shouted loudly and went towards the Tenth Prince!

Bang!

Two explosions suddenly sounded, and Hyun Bin and the Tenth Prince retreated at the same time!

The two people's strength is equal!

Under the explosive power of the two men, Chen Ping's body quickly retreated!

The Tenth Palace Master was still standing on the stone steps with a faint smile on his face, as if he didn't take Chen Ping and the others seriously at all!

Xuan Bin stood beside Chen Ping, staring at the Tenth Prince, and the Tenth Prince was also looking at Xuan Bin, both of them had murderous intent in their eyes!

The Tenth Palace Master clapped his hands together gently and said with a smile, "You are really brave. You dare to break into my Tenth Palace with just these few people. Are you here to die?"

Chen Ping sneered: "Seeking death? I am here to send you off..."

"You don't just have these few people, do you? Call everyone outside in, and I'll see if you're worth my effort!"

The Lord of the Tenth Palace sneered!

"Just us can destroy your Ten Palaces..."

Hyun Bin said loudly!

"What a big tone..."

The Tenth Palace Master's eyes focused, and his body instantly turned into a stream of light and disappeared!

Hyun Bin was shocked, his pupils shrank, and he waved his palms forward, and a barrier appeared in front of them!

Bang!

Chapter: 7872

With a loud bang, the barrier in front of Hyun Bin was instantly shattered, and Hyun Bin was blown away!

The peak of the ninth level of the Mahayana realm was defeated by just one blow!

Hyun Bin's face was pale and blood was flowing from the corners of his mouth!

"Are you okay?" Chen Ping looked at Xuan Bin and asked!

Xuan Bin shook his head: "It's okay, I won't die..."

"The strength of the Tenth Palace Lord is just so-so..." Chen Ping also saw the strength of the Tenth Palace Lord through this punch!

He is at the peak of the ninth level of the Mahayana realm, and he cannot be killed with one punch, which means that the realm of the Ten Palace Lords is not very high!

The highest will never exceed the third level of the Immortal Realm, and may even be lower!

If that's the case, Chen Ping is not afraid at all!

"Humph, this strength is more than enough to kill you..."

The Lord of the Tenth Palace snorted coldly and threw a punch towards Chen Ping. The void instantly became distorted by this blow!

Chen Ping's eyes narrowed, and he was about to strike with the Dragon Slaying Sword in his hand, but he found that Cang Yue beside him had already burst out with a fierce aura, and attacked the Ten Palace Lord with fierceness in his eyes!

boom!

With a loud bang, a horrifying aftermath spread out in all directions, and Cangyue's body flew backwards!

Chen Ping also retreated repeatedly, but he was soon stabilized by a force.

Even Cangyue, who was flying backwards, had his body suspended in the air and slowly fell down!

It turned out that Hua Yueying used the formation to stabilize Chen Ping and Cangyue!

"You are no match for the Ten Palace Masters..."

Chen Ping looked at Cangyue's broken right arm and said with gratitude!

Cang Yue smiled nonchalantly and said, "This Tenth Palace Master has some things that my body can't even withstand. I wonder if Mr. Chen can give me a little more for this attack?"

Chen Ping was stunned for a moment, then smiled and said, "Are you here just for the reward? In that case, after we leave here, I will reward you with 5,000 fairy stones!"

"Only five thousand?" Cangyue asked!

"What? You don't want it?" Chen Ping smiled!

"Yes, yes, yes. Wu Bai wants one too!" Cangyue nodded repeatedly!

Chapter: 7873

However, Xuan Bin and the others looked solemn. The strength of the Ten Palace Lords was beyond their expectations!

"You little rubbish, are you worthy enough to fight me?"

The Tenth Palace Master glanced at everyone and said with contempt!

Chen Ping looked coldly at the Ten Palace Lords, the Dragon-Slaying Sword in his hand continuously emitted bursts of dragon roars!

"Whether I am worthy of fighting you or not, I will know only after I try..."

All kinds of power in Chen Ping's body are surging!

"Brother-in-law, you didn't even inform me of this good thing. It made my search so difficult!"

At this time, Lin Kefan's voice sounded, and then Lin Kefan slowly walked over!

"Why are you here?" Chen Ping was a little surprised!

"I'm afraid you'll beat him... I'm afraid you'll beat this guy to death too quickly, so let me do it!"

Lin Kefan laughed!

"Fourth uncle, you have to be careful, this guy is above you!"

Chen Ping reminded Lin Kefan!

"I know, but if you can fight against opponents of higher levels, why can't I?"

Lin Kefan looks so pretentious!

Seeing this, Chen Ping rolled his eyes helplessly. This guy is still pretending to be cool even at this time!

The Tenth Palace Master looked at Lin Kefan and said coldly, "Fourth Prince, does your Sun Moon City want to be an enemy of my Temple?"

“Don’t keep mentioning the same thing as a temple. You are just the most worthless master of the Ten Palaces. Can you represent the Ten Palaces?”

Lin Kefan sneered!

“Don’t think I’m afraid of you, Sun Moon City. If you piss me off, I’ll kill you too!”

The Tenth Palace Master was humiliated and said angrily!

“Killing me depends on whether you have the ability!”

Chapter: 7874

After Lin Kefan finished speaking, he spread his palms!

I saw a bolt of lightning forming in Lin Kefan’s palm, and then it struck towards the air!

The hall collapsed instantly under the thunder and lightning!

Fortunately, these people were all masters and were not injured by the collapsed palace!

In just a moment, Lin Kefan’s body was filled with thunder and lightning, and terrifying aura of thunder and lightning spread all around!

Seeing this scene, everyone in the Ten Palaces became solemn!

“The origin of thunder and lightning, I didn’t expect that my fourth uncle still has something!”

Chen Ping couldn't help but be surprised when he saw the source of thunder and lightning around Lin Kefan!

No wonder Lin Kefan dared to fight with the Ten Palace Masters!

"Mr. Chen, the Fourth Prince has heavenly lightning on him. This should have been obtained from the Heavenly Ladder. It is not an ordinary source of lightning."

Hyun Bin on the side whispered!

"Heavenly thunder? Is there a thunder tribulation inside the ladder to heaven?" Chen Ping asked in surprise!

Chen Ping thought that the purpose of climbing the ladder to heaven was to be able to ascend to heaven without breaking through the realm. If one did not break through the realm, how could the thunder tribulation come?

"Mr. Chen, this heavenly thunder is more terrifying than the thunder tribulation. There will be heavenly thunder at the end of every level of the ladder!"

"Only after being baptized by heavenly thunder can one enter the next level. Looking at the heavenly thunder on the fourth prince, it should be the heavenly thunder of the fifth level."

"In all these years, I have never seen anyone take out the thunder from the ladder to heaven, and I don't know what method the fourth prince used!"

Hyun Bin said in surprise!

When Chen Ping heard this, he immediately became interested. If this heavenly thunder is more terrifying than the thunder tribulation, then if he enters the ladder to heaven, can he also transform this heavenly thunder into his own original power?

Chen Ping looked at the lightning surging around Lin Kefan, and suddenly said to the Tenth Palace Master:
“You are so scared of the thunder rolling in the sky, it will strike you to pieces...”

“I’m not afraid of shit!”

The Tenth Palace Master snorted coldly, his expression normal, as if he was not afraid of the so-called heavenly thunder on Lin Kefan at all!

Chapter: 7875

Lin Kefan suddenly took a step forward, and then a bolt of lightning shot up from his body into the sky. In an instant, the entire hall was covered by lightning.

Upon seeing this, Chen Ping and his men retreated away from the lightning area!

“A trifle...”

The Lord of the Tenth Palace snorted coldly, then waved his hand and an endless black blade appeared. The lightning in the sky was instantly cut off by the black blade!

A devastating force suddenly erupted!

The entire thunder and lightning disappeared, and Lin Kefan’s figure kept retreating, and he retreated dozens of steps before he stabilized his body!

Seeing this, Chen Ping and others all frowned slightly!

“Fourth uncle, you...”

Chen Ping wanted to persuade Lin Kefan, but he didn't finish his words!

Lin Kefan turned into a bolt of lightning and disappeared instantly!

Upon seeing this, the Tenth Palace Master swung the black blade in his hand forward suddenly!

Swish!

A black light suddenly fell from the sky and tore the void apart. The lightning that Lin Kefan turned into was actually shattered by the black light!

Lin Kefan flew backwards again, his face extremely pale!

The Lord of the Tenth Palace flipped his palm, and the black blade in his hand turned into a black mist, surrounding him!

“What a spiritual weapon...”

Lin Kefan's eyes were full of envy!

It is obvious that the black blade used by the Tenth Palace Lord can change its shape at will. It can be seen that the black blade already has a spirit and has also developed intelligence!

The Tenth Palace Master looked at Lin Kefan coldly: “The thunder of the ladder to heaven is just like this, there is nothing special about it...”

“Fourth uncle, are you okay?”

Chen Ping asked Lin Kefan!

“You won’t die. Just hold on a little longer. It’ll be fine!” Lin Kefan spat fiercely and looked at the Tenth Palace Master fiercely!

“Well, hold on for a while, and we’ll kill the rest of the Ten Palaces!”

Chen Ping said!

Chapter: 7876

Lin Kefan nodded, then turned into a bolt of lightning again and headed straight for the Tenth Palace Master!

Seeing this, Chen Ping shouted loudly: “Go, kill the other people in the Ten Palaces first...”

Upon hearing this, Xuan Bin and the others also took action and rushed straight towards the people from the Ten Palaces!

The Tenth Prince frowned and shouted, “Everyone, cheer up and kill these people. Father will ask for credit for you in the main palace!”

After the Tenth Prince finished speaking, he went straight to Chen Ping!

He still understands the principle of capturing the leader first!

These people were brought by Chen Ping. As long as Chen Ping is killed, these people will naturally collapse and disappear!

Chen Ping held the Dragon Slaying Sword in his hand and looked at the Tenth Prince running straight towards him, and he laughed in his heart!

“Little brat, I was afraid of you some time ago, so I let you act so arrogant, but today I’m going to teach you how to be a human being!”

After Chen Ping finished speaking, he swung the Dragon-Slaying Sword in his hand and slashed!

Chen Ping’s dragon-slaying sword cut through the sky, the sword light was like a dragon, and it instantly slashed towards the Tenth Prince.

Although the Tenth Prince reacted quickly, he was still a step too slow. His left arm was cut off by the sword energy of the Dragon Slaying Sword, and blood gushed out!

“ah—!”

The Tenth Prince let out a shrill scream, staggered back, and his face turned as pale as paper in an instant.

“son!”

When the Ten Palace Masters saw this, their eyes were filled with rage, and their originally calm faces instantly twisted.

The black blade in his hand shook violently and turned into a black lightning, heading straight for Chen Ping!

“Chen Ping, you are looking for death!”

The voice of the Tenth Palace Master was like thunder, shaking the entire hall.

Chen Ping felt the murderous intent of the Tenth Palace Master and felt a slight chill in his heart, but he did not retreat. Instead, he tightly grasped the Dragon Slaying Sword and rushed forward.

“clang—!”

The Dragon Slaying Sword collided with the black blade, making a deafening metallic collision sound.

Chen Ping only felt his arm go numb, and he was shocked and took several steps back, but the Ten Palace Masters did not move at all, and it was obvious that their strength was far superior to Chen Ping.

“Mr. Chen, be careful!”

Chapter: 7877

Upon seeing this, Hua Yueying immediately formed seals with her hands and muttered something.

In an instant, a formation unfolded under her feet. Countless runes flashed in the air and turned into a curtain of light, enveloping Chen Ping.

“Let the Tiangang protect you!” Hua Yueying shouted in a low voice, and the power of the formation was instantly added to Chen Ping, causing his aura to surge and his defense to increase greatly.

The Tenth Palace Master snorted coldly and swung the black blade in his hand again. The black blade light swept over like a storm.

With the help of the power of the formation, Chen Ping barely resisted the attack of the Ten Palace Lords, but with every collision, he could feel the terrifying force hitting his body.

“Ding! Ding! Ding!”

The Dragon Slaying Sword and the Black Blade kept colliding, sparks flew, Chen Ping’s knuckles were cracked, blood flowed down the hilt, but he still gritted his teeth and persisted.

“Boy, if you can’t bear it, let me play with you...” The Red Cloud Demon Lord spoke!

“Don’t worry, senior. I’m holding on!”

Chen Ping said!

The reason why Chen Ping was so confident in coming to the Ten Palaces to cause trouble was also because of the existence of the Red Cloud Demon Lord!

In the end, he had no other choice but to let the Scarlet Cloud Demon Lord take control of his body and go on a killing spree!

“Mr. Chen, hold on!”

Hua Yueying's voice came from behind, and the power of her formation was continuously injected into Chen Ping's body, helping him to resist the attack of the Ten Palace Lords.

Finally, in a fierce collision, the black blade of the Tenth Palace Lord made a crisp sound, and a crack appeared on the black blade.

The Tenth Palace Master's face changed, and before he could react, the sword energy of the Dragon Slaying Sword had already attacked again.

"Crack!"

The black blade finally couldn't withstand the fierce attack of the Dragon Slaying Sword and shattered completely!

"What?!"

The Tenth Palace Master looked at the black blade fragment in his hand in shock, his eyes full of disbelief.

This black blade is his natal spiritual weapon, possessing a spirit, yet it was shattered by Chen Ping's Dragon-Slaying Sword!

"Chen Ping, how dare you destroy my spiritual weapon!"

The Tenth Palace Master roared, his aura suddenly surged, and a hundred-foot-tall Dharma image condensed behind him! The Dharma image had a ferocious face and held a huge axe in his hand, as if he wanted to destroy everything.

"Dharma-Destroying God!"

Chapter: 7878

The Lord of the Tenth Palace let out a low roar, and swung the giant axe in the Dharmakāya's hand suddenly, with the power to destroy the world, and rushed straight towards Chen Ping!

Chen Ping felt the terrifying power and was shocked, but he did not retreat. Instead, he gripped the Dragon-Slaying Sword tightly and went forward to meet the enemy.

"The power of the dragon!"

Chen Ping let out a low shout, and a dazzling golden light suddenly burst out from the Dragon-Slaying Sword. A giant golden dragon flew out from the sword and headed straight for the Dharma image of the Ten Palace Lords!

"boom—!"

The giant dragon collided with the giant axe, making a loud noise that shook the earth. The entire hall was shaking violently, as if the whole world would collapse at any time.

The battle between Chen Ping and the Ten Palace Lords entered a white-hot stage. The forces of both sides continued to collide, and the entire space was shaking.

Hua Yueying was trying her best to maintain the formation and help Chen Ping resist the attack of the Ten Palace Lords.

"We must win!"

Hua Yueying recited silently in her heart, and the power of the formation in her hand was continuously injected into Chen Ping's body, helping him to resist the terrifying power of the Ten Palace Lords.

The battle is still going on, and the outcome is still unknown, but Chen Ping's eyes are becoming more and more determined. He knows that this battle is not only for himself, but also for all those who trust him!

Xuan Bin and others followed him regardless of the danger. Even if these people followed him for profit, as long as they could fight to the death with him in the Ten Palaces, they would be his brothers!

Chen Ping took a deep breath, and all kinds of power in his body surged wildly, and the golden light on the Dragon-Slaying Sword became more and more dazzling.

He suddenly leaped up, his body as fast as lightning, and rushed straight towards the Dharma image of the Ten Palace Lords.

Hard fight!

Chen Ping's body is now strengthened with the tempering chain, and he has the indestructible golden body to protect him. With Hua Yueying's help, even if he fights head-on, Chen Ping knows that his life will not be in danger!

Boom boom...

Suddenly, everyone felt terrible shock waves bursting out from the middle, shaking everyone back!

The Dharma images of the Ten Palace Lords exploded and turned into shock waves!

Chen Ping was also pushed back by the shock wave, and his body seemed to be pressed by a mountain!

Seeing this, Hua Yueying continued to cast spells to stop Chen Ping's body. At this time, Hua Yueying was already covered in cold sweat!

Chen Ping had just stabilized his body when he swung the Dragon-Slaying Sword in his hand again!

Bang!

The sword light shattered, and Chen Ping flew backwards again. In front of the Tenth Palace Master, Chen Ping tried his best but couldn't defeat him!

Chapter: 7879

The moment Chen Ping flew backwards, he was wrapped by a gentle force and his body stabilized instantly!

Chen Ping knew that this was Hua Yueying's masterpiece!

If Hua Yueying hadn't been helping, Chen Ping would not have been able to fight with the Ten Palace Lords until now!

The Tenth Palace Lord had a solemn expression, no longer showing the contempt he had just shown. His right hand was cracked and blood was gushing out!

The Tenth Palace Master looked at Hua Yueying coldly, his eyes filled with disgust and murderous intent!

If it weren't for Hua Yueying's help, Chen Ping might have been defeated long ago!

"What is your relationship with Chen Ping? Why are you helping him so much?"

The Tenth Palace Master asked Hua Yueying!

Hua Yueying smiled slightly: "He pays, I work hard, that's the relationship!"

"Paid to hire?"

The Tenth Palace Master was stunned for a moment, then glanced at the others and asked, "Are you all?"

The others didn't say anything, but they all nodded!

Who among them didn't take Chen Ping's fairy stone?

"How much resources did Chen Ping spend to be able to hire you to deal with my Ten Palaces?"

The Tenth Palace Master asked!

He was very curious about how much benefit these people could gain that would allow them to take the risk of going against his Ten Courts of Hell!

"Ten thousand fairy stones..." Cangyue said, stretching out a finger!

"Ten thousand immortal spirit stones?" The Tenth Palace Master was stunned, then laughed out loud:
"Hahaha, this is ridiculous, ten thousand immortal spirit stones can make you work for him!"

"I can give each of you 20,000 immortal stones. As long as you leave the Ten Palaces, the immortal stones will be deposited into your account immediately!"

Hearing the words of the Tenth Palace Master, Xuan Bin and others were all slightly shocked!

“Don’t bother to sow discord. No matter how much you give us, we will never abandon our brother-in-law.”

Lin Kefan knew that the Tenth Palace Master was using the Fairy Stone to disintegrate them, so he hurriedly spoke!

This guy, calling Chen Ping his brother-in-law, certainly wouldn’t leave just for 20,000 fairy stones!

The Tenth Palace Master ignored Lin Kefan and turned his attention to Hua Yueying: “Think about it. As long as you don’t help Chen Ping, I will give you 20,000 fairy stones immediately. If you help me, I will give you 30,000...”

Chapter: 7880

The Tenth Palace Master knew that the existence of Hua Yueying, the formation master, really affected his performance!

Chen Ping glanced at Hua Yueying. He also wanted to know what choice Hua Yueying would make!

After all, they have only known each other for a short time and they got together for the sake of profit!

“I am a principled person. Since I have accepted the fairy stone from Mr. Chen, I must help him to the end!”

Hua Yueying said coldly!

Upon hearing this, Chen Ping was instantly grateful to Hua Yueying and gave her a thumbs up, saying, "Miss Hua, you are so kind..."

The Tenth Palace Master frowned and his teeth chattered!

"Tenth Palace Master, is what you said true?" At this time, the three monks in black robes asked the Tenth Palace Master!

"Of course. I always keep my word. As long as you don't help Chen Ping and leave the Ten Palaces, I will give you 20,000 Immortal Spirit Stones!"

The Tenth Palace Master patted his chest and promised!

"Didn't you just say thirty thousand?" asked a black-robed monk!

"Sanwan needs to help me kill Chen Ping." said the Tenth Palace Master!

"Bring out the fairy stones, let's get started." A man in black robe asked for the fairy stones to be taken out in advance!

"You three took Mr. Chen's fairy stones. Are you betraying me?"

Seeing this, Xuan Bin frowned and asked the three black-robed monks!

After all, these three people were also invited by Hyun Bin, but Hyun Bin didn't know the true identities of these three people!

“Everyone has their own aspirations. I hope that Fellow Daoist Xuan Bin can understand that 30,000 Immortal Spiritual Stones are really hard to resist!”

One of the black-robed monks said!

“If you dare to be an enemy of Mr. Chen, then you are an enemy of me. If that’s the case, don’t blame me for being polite!”

Xuan Bin’s face was gloomy and he was about to attack the three people!

Zhou Tang and Hua Yueying were also ready to take action. Since they had different ideals and could not work together, they could only be enemies!

But Chen Ping reached out to stop Xuan Bin, and said calmly: “People die for money and birds die for food. They helped me because of the fairy stones, and they helped the Ten Palaces because of the fairy stones. Of course, we will help whoever gives more, and there is nothing wrong with that.”

“Mr. Chen, they took your fairy stone first.” Xuan Bin said angrily!

“I know. Since they chose to betray me, let them be. Everyone has their own choices. I won’t blame them for taking my fairy stone and not doing anything for me.”
