

The Order 801

Chapter: 801

“What? The third child is dead?” The great elder’s face was full of disbelief!

“This is his Gu insect. Now that the Gu insect is dead, it proves that the third elder is dead. Who killed him?”

Qian Feng said with a gloomy look!

“Could it be someone from the Kyoto Guardian Pavilion? We have killed many people from the Kyoto Guardian Pavilion recently. It is possible that someone from the Kyoto Guardian Pavilion is here!”

The great elder thought for a moment!

“It’s possible!” Qian Feng nodded: “Take people to see if they are really from the Kyoto Guardian Pavilion. Don’t conflict with them first. If Zhao Wuji personally leads the team, it will be troublesome. Our current strength is still It’s not enough to follow the Kyoto Protector Pavilion to fight, so we have to avoid its edge for the time being!”

Qian Feng ordered the great elder.

“Okay!” The great elder stood up, turned around and walked out.

“Hmph, when I master the Five Poisons, what will the Dharma Protector Pavilion in Kyoto mean to me?”

Qian Feng’s eyes flashed with coldness!

.....

The third elder took Chen Ping and the others out of the resort and arrived at the hinterland of Xuanyue Valley. Chen Ping had been here before, and there was a formation blocking them in front, which should serve as a warning!

“Mr. Chen, there is a formation in front. As long as a stranger breaks in, Qian Feng will know it. I will open the formation now!”

After the third elder finished speaking, he walked towards a stone wall!

“No need to bother!” Chen Ping said calmly, and with a flick of his finger, a red light shot out!

After touching the formation, the red light spread quickly and then disappeared!

After doing all this, Chen Ping said calmly: “Let’s go!”

The third elder’s eyes were filled with disbelief, his Adam’s apple rolled twice, and then he continued to lead the way!

Xu Shimao, who had been following him, looked at Chen Ping’s strength, and his whole face was burning. He had always regarded Chen Ping as a young man without strength, but he didn’t expect that Chen Ping’s strength was so strong!

Now he understands why Zhao Wuji asked him to pick up Chen Ping, and why he dared to send him to lead people to destroy Xuanyue Valley. Because of Chen Ping’s existence, Zhao Wuji can rest assured!

After walking forward for several hundred meters, the light became dimmer and the temperature got lower and lower, making people feel an eerie chill!

Shen Mengchen tightened his collar in the cold, and Bai Zhantang took advantage of the situation to hug Shen Mengchen up so that she could be warmer. Shen Mengchen did not struggle!

“Who dares to break into my Xuanyue Valley...”

There was a sudden roar, and then not far in front of Chen Ping and the others, three old men appeared, each with extraordinary momentum.

Chapter: 802

“Brother...”

The third elder shouted hurriedly!

“Third brother? Aren’t you already dead?” the great elder said with a surprised look on his face!

He clearly heard Qian Feng say that the third elder was dead, and the Gu insect was also dead, how could he appear in front of him now!

“Brother, I’m not dead, please listen to my explanation...”

The third elder hurriedly stepped forward!

Chen Ping was afraid that the third elder was playing tricks, so he hurriedly followed him. He was only one step away from the third elder. As long as the third elder dared to make any move, Chen Ping could kill him with one palm!

As the distance got closer, the three elders also saw clearly the appearance of Chen Ping behind the third elder!

“Chen Ping...”

The three elders felt like they were facing a formidable enemy, and they all burst into fighting spirit!

“Eldest brother, second brother, fourth brother, please don’t do anything yet and listen to me explain to you...”

The third elder hurriedly stopped the three of them, and then explained: “Brother, I am not dead at all. It was Mr. Chen who forced the voodoo worm out of my body. The voodoo worm died when it saw the sun, so the inside of Qian Feng’s clay pot The Gu insects will also die.”

“How is it possible? That Gu has been sucking our essence and blood for many years and has become one with our bodies. How could it be forced out?”

The great elder didn’t believe it at all!

“Brother, am I not living well? It’s all true. We no longer have to be controlled by Qian Feng, and Valley Master Shen’s daughter is here too...”

The third elder pointed at Shen Mengchen and said.

The three elders looked at Shen Mengchen, their faces gloomy and uncertain. They didn't know what to do for a moment!

"Brother, in order to survive, we helped Qian Feng do so many evil things. Back then, Valley Master Shen was very kind to our brother. Now that we can escape from the control of the Gu, why do we have to sacrifice our lives for Qian Feng?"

Seeing that the elder was still silent, the third elder persuaded him hurriedly!

Because he knew that if they really wanted to fight, they would never be Chen Ping's opponents. Chen Ping's strength had already exceeded their imagination!

The great elder looked hesitant. In order to survive, they had been submissive for so many years. Although they now had a chance to get rid of the control, he did not dare to bet. If he lost the bet, it would be the price of his life. Qian Feng would not let them go, even if they fled to the ends of the earth, his life is still in Qian Feng's hands!

"I'll do it!" When the first elder hesitated, the fourth elder took a step forward, looked at Chen Ping and said, "Chen Ping, if you can really force the poison out of my body and not be controlled by Qian Feng, I won't have to fight with you. Enemy, if you dare to lie to us, then don't blame our brothers for being rude to you..."

"Are you threatening me?" Chen Ping asked coldly.

"You can understand it that way!" The fourth elder nodded!

Chapter: 803

"Do you have any other choice besides listening to me? You are worthy of being my enemy..."

Chen Ping suddenly waved his hand, and the fourth elder's body moved towards Chen Ping completely disobediently, and was directly pinched by Chen Ping's neck!

The sudden change shocked everyone. The fourth elder's eyes widened and he was dumbfounded. Before he could realize what was going on, he became a prisoner!

“Mr. Chen, don’t be angry...”

The third elder was so frightened that he hurriedly stopped Chen Ping!

“Chen Ping, what are you going to do? Let my fourth brother go...”

The first elder and the second elder showed their weapons together and looked at Chen Ping with full vigilance!

The expressions on their faces were extremely ugly. When Chen Ping made a move, they had no time to react. The difference in strength was self-evident!

“In the future, I don’t want anyone to threaten me again, because I hate threats...”

As soon as Chen Ping let go, the fourth elder’s body sat down on the ground with a pop!

The pale fourth elder had walked through the gate of hell once, and now he couldn’t even stand up!

The third elder hurriedly helped the fourth elder up: “Just listen to me, I didn’t lie to you...”

Seeing Chen Ping let go, the great elder put away his weapon and looked at Chen Ping and said: “Okay, we are willing to listen to Mr. Chen, and hope that Mr. Chen can force the worms out of our bodies!”

The Great Elder finally gave in and said respectfully to Chen Ping.

“Stretch out your hand...”

Chen Ping said calmly.

The first elder was stunned, and the third elder hurriedly explained: “Brother, this is Mr. Chen trying to force out the worm for you!”

When the elder heard this, he hurriedly stretched out his hand. Chen Ping pointed a finger, and a ray of red light entered the elder's body, followed by a burst of pain and ferocity. Finally, the elder suddenly opened his mouth, and a scarlet worm came out of his mouth. !

After the bug landed, it quickly ran towards the dark place. Because the sunlight couldn't come in here, the Gu bug was not dead!

Chen Ping raised his foot and crushed the Gu insect to death!

Seeing this scene, several elders were dumbfounded. They did not expect that Chen Ping could really force out the Gu worm!

Plop, plop.....

The second elder and the fourth elder hurriedly knelt down to Chen Ping: "Please Mr. Chen, please help us drive out the poisonous insects!"

After living in fear for so many years, who wants to be like this, who wants their life to be controlled by others, if they are unhappy, they may die!

Chapter: 804

"Stretch out your hand!" Chen Ping said calmly!

The second elder and the fourth elder hurriedly stretched out their hands, and Chen Ping used the same method to force the poisonous insects out of their bodies!

At this time, the four elders were all excited and thanked Chen Ping endlessly!

In the hall of Xuanyue Valley on the other side, Qian Feng always felt uneasy and his eyelids were twitching violently, as if something had happened!

"Come here!" Qian Feng shouted!

"Valley Master!" A servant came in immediately!

“Has the Great Elder taken someone to investigate?” Qian Feng asked.

“The Great Elder took the Second Elder and the Fourth Elder to investigate...”

The servant said.

“Yeah!” Qian Feng waved his hand!

But just as the servants left, Qian Feng found that there was an uproar inside the clay pot, and there was a lot of movement. Nothing like this had ever happened before.

Qian Feng was shocked and hurriedly opened the clay pot and found that the three huge Gu worms inside were all dead. These three were the largest among the Gu worms inside!

“How is this... possible?” Qian Feng’s eyes were full of shock, followed by anger: “Who, who killed all four of my elders?”

Qian Feng suddenly raised his head and roared, and the roar resounded throughout Xuanyue Valley!

Chen Ping, who had arrived near Xuanyue Valley’s lair, also heard Qian Feng’s roar!

The great elder was slightly stunned, and then said to Chen Ping: “Mr. Chen, after passing the cold pool in front, there is the place where Qian Feng is behind. But Mr. Chen should be careful, there are many Qian Feng’s animals in the cold pool. If someone is bitten by a poisonous substance, it will cause death immediately. These poisonous substances will not bite people who have poisonous insects in their bodies. Now that the poisonous insects are forced out of our bodies, we may not be able to survive!”

“Then when you usually go in and out, do you still need to row a boat?” Chen Ping asked puzzledly.

“Yes, they all go in and out by rowing boats, but I heard that there are stone pillars in the cold pool, and you can also pass by stepping on the stone pillars, but no one knows the location of the stone pillars except Qian Feng!”

The great elder said!

“This Qian Feng is quite cautious...”

Chen Ping said with a faint smile!

After the group arrived at the cold pool, the temperature here became even lower. They saw that the cold pool divided the canyon into two. If they wanted to enter the other side, they had to cross the cold pool!

It was freezing cold in the cold pool, and the entire water was covered with mist. It was impossible to see anything clearly, except for a few small boats floating on the edge!

“Mr. Chen, look...”

Chapter: 805

The great elder said, picked up a stone and threw it into the cold pool!

The water splashed, and then several black shadows jumped out of the water, and then quickly fell back and disappeared!

“These are the poisons raised by Qian Feng. He got these poisons from the Miao Village. I heard that Qian Feng has some connection with the Miao Village!”

The great elder continued to speak to Chen Ping.

“Even if he has something to do with God, he will definitely die today!” Chen Ping said firmly, “You wait here, I will go there myself!”

After Chen Ping finished speaking, he was about to jump up into a small boat when he suddenly found a group of people appearing on the opposite side of the cold pool. Then all these people got on the small boat and headed towards the opposite side!

“Qian Feng, it’s Qian Feng...”

After the great elder saw the people on the first boat, his face was slightly shocked and he said!

After all, I have been controlled by Qian Feng for so many years, and now I still feel fear in my heart!

At this time, Qian Feng also discovered the four elders and Chen Ping, and frowned slightly: "Aren't you four already dead? What's going on?"

Qian Feng's voice was cold and indifferent, and his eyes burst out with cold gleams!

The four elders looked at each other, but no one dared to say anything, with panic in their eyes.

When Chen Ping saw this, he looked at Qian Feng and said, "Are you Qian Feng, the master of Xuanyue Valley?"

"Yes, who are you?" Qian Feng looked at Chen Ping solemnly!

"My name is Chen Ping!"

As soon as Chen Ping finished speaking, Qian Feng's body trembled slightly, and then endless anger burst out from his body!

"So you are Chen Ping who killed my protector!" Qian Feng glared at Chen Ping, and then looked at the four elders in confusion: "What's going on with the four of you? The enemies of Xuanyue Valley are right in front of you, and you are so indifferent. Don't you take him down quickly?"

None of the four elders moved, and no one dared to move. They had experienced Chen Ping's strength. Together, the four of them were no match!

Seeing that the four elders were not moving, Qian Feng's eyes narrowed slightly, and he seemed to have thought of something: "I didn't expect someone to break my Gu worm. No wonder these four guys are disobedient, but even if you can break my Gu worm... How about, come to Xuanyue Valley, this is your tomb..."

"This is your grave..."

"This is your grave..."

Qian Feng's voice was extremely loud and reverberated throughout Xuanyue Valley.

The water in the entire cold pool actually began to boil, as if it had boiled in vain. Bai Zhantang and the four elders were so frightened that they retreated one after another!

Chen Ping looked at Qian Feng indifferently, his eyes flashing coldly: "Whose grave is here? It's too early to make a conclusion now!"

Chapter: 806

After saying that, Chen Ping jumped up and landed on a small boat. With a wave of his hand, the boat quickly sailed towards Qian Feng!

"Mr. Chen, be careful, don't fight with him on the cold pool..."

Upon seeing this, the great elder hurriedly warned Chen Ping!

"You traitors, I will tear you into pieces..."

Qian Feng became angry and pushed with both palms. A huge momentum swept up the entire cold pool water, and the huge waves hit Chen Ping. The poisons in the cold pool also came out of the water one after another, towards the four big people on the shore. The elder and Bai Zhantang left!

"retreat....."

When the great elder saw this, he shouted in fright and quickly backed away!

When Chen Ping saw this, his body suddenly lifted up, and then he quickly retreated. While retreating, he waved his hands out, and his endless momentum directly suppressed the huge wave!

The cold pool returned to calm, but at this time, a wave of waves appeared on the surface of the pool, and then headed towards Qian Feng like a sharp arrow. This wave seemed to cut open the entire cold pool!

When Qian Feng saw this, he jumped up, and the boat under his feet instantly shattered under the waves.

Qian Feng dodged, but the men behind him suffered a disaster. The boat was overturned by the waves. The people on the boat were all mangled with blood and flesh, and their limbs were flying around. They fell into In the cold pool!

The poisonous creatures in the cold pool smelled the smell of blood, and rushed out one after another, eating up all the limbs that fell in the cold pool!

The remaining people in Xuanyue Valley were so frightened that they turned pale and hurriedly ran back to the shore!

“Sure enough, he is quite capable. No wonder he made four of my elders betray him!”

Qian Feng smiled coldly in mid-air, and then slowly landed on the water, standing on the water!

If the Great Elder had not told Chen Ping that there were stone pillars in the water, Chen Ping would have really thought that Qian Feng was so powerful that he could stand on water!

Chen Ping’s body also fell slowly, but he landed on a floating wooden board. He could stand on the water. Chen Ping could do it, but without the help of force, Chen Ping would have to consume a lot of spiritual power in his body to support him. There are many fragments scattered on the entire Hantan, so Chen Ping can save a lot of energy with just a little help!

Chen Ping looked at Qian Feng, green light burst out in his eyes, and he said with disdain: “Those who deceive the master and destroy the ancestors, betray the master, you are worthy of saying betrayal, it is a joke...”

Qian Feng was slightly startled, but then he grinned: “I didn’t expect you to have seen Shen Dianshan, but you can’t completely believe that old guy. He is not a good guy. Do you think he founded Xuanyue Valley? Really? Is he just a decent person? He is just relying on his fortune-telling skills to deceive and deceive others!”

“I see that you are young and have extraordinary strength. Why don’t you cooperate with me? I can ensure that your strength reaches a higher level. It is much better than helping that old Shen Dianshan guy. He is just using you!”

“So, if I kill you people from Xuanyue Valley, you won’t hold me accountable?”

Chen Ping said with a playful smile!

“Haha, those people you killed are just children in my Xuanyue Valley. In my eyes, they are just chess pieces. They are no different from the Gu worms I raised. Since you killed them, then kill them. , you can force out my poisonous insects, which proves that you also understand these poisons. As long as you cooperate with me, I can introduce you to the Poison King of Miao Village and let him teach you the art of controlling poisons?”

Qian Feng laughed and kept extending olive branches!

Chapter: 807

The strength that Chen Ping showed just now is enough for Qian Feng to value. Qian Feng really wants to take such a strange person for his own use!

“Do you know people from Miao Village?” Chen Ping asked doubtfully!

“More than just acquaintance, the Poison King of Miao Village is my adoptive father. I disfigured myself and came to Xuanyue Valley, just hoping to get the resources of Xuanyue Valley. Soon this Xuanyue Valley will become the second Miao Village. Stronghold!”

Qian Feng said with a proud look on his face.

“Hey, it seems that if I kill you, I will start a feud with the Miao village again. It’s so damn annoying...”

Chen Ping frowned slightly. There were too many things going on during this period, and he didn’t have enough time to practice. July 15th was coming soon. Although he had reached the foundation building period, but after hearing Shen Dianshan say that he was on July 15th, When disaster strikes, Chen Ping thinks that as his strength improves, he will be confident when the time comes!

“What did you say?” Qian Feng’s face turned cold: “It’s a joke that you can kill me...”

After Qian Feng finished speaking, he lightly touched the water with his toes, and rose into the air again. Then he waved his palms, and the water in the cold pool boiled again, and then condensed into a huge wave, heading towards Chen Ping!

The power and speed of this huge wave were no worse than the wave Chen Ping had just waved. This huge wave was like a large truck traveling at high speed, slamming into Chen Ping!

Chen Ping shook his head slightly, reached out and grabbed it, and countless pools of water condensed into a water sword in Chen Ping's hand.

"Break it for me..."

With a wave of the long sword in Chen Ping's hand, he directly split the huge wave into two, passed directly through Chen Ping's body, and rushed towards both sides!

Rumble.....

The huge wave that was split into two hit the shore and smashed the boulders on the shore. This shows how powerful this huge wave is!

When Bai Zhantang and the others on the shore saw this scene, they all became nervous and sweated for Chen Ping!

If Chen Ping loses now, then none of them will be able to survive!

"Not bad, keep coming..."

Qian Feng shouted angrily, his body fell directly from mid-air, and he punched the water surface hard. The huge impact caused the pool water to form ripples, which began to spread continuously, and the aroused water droplets, it also shot towards Chen Ping overwhelmingly, like a dense barrage of bullets!

Now being attacked simultaneously at his feet and in front of him, Chen Ping raised the corner of his mouth and jumped up. Then he spread his arms like wings. The pool below seemed to be attracted by some force, forming a line of water directly in front of Chen Ping. Curtain wall!

Ripples spread from Chen Ping's feet, and those bullet-like water droplets all hit the water curtain and fell back into the pool one after another!

Huge ripples spread to the shore, causing the entire canyon to tremble slightly!

“It seems you are more powerful than I thought!”

Chen Ping’s eyes narrowed slightly. He felt waves of spiritual power fluctuations from Qian Feng’s attack. Although the warlock’s body would also produce spiritual power fluctuations when he activated the formation, they were all very small and ordinary. Warlocks are very hard at cultivating inner strength, so once the spell is broken, the warlock will only be killed!

But Qian Feng not only knows the magic, but his body can also erupt with such great power. Now the spiritual power fluctuations erupted from Qian Feng’s body are almost close to those of an immortal cultivator, and are stronger than Master Ma who he met in Hengshan. Some!

Chapter: 808

“My strength, you can never imagine...”

Qian Feng smiled coldly, and his body floated onto the pool of water!

Chen Ping also used his strength to step on a small wooden board. Seeing Chen Ping like that, Qian Feng’s eyes were full of confidence!

“Really? Then let me see your true strength!”

Chen Ping grabbed his body in the pond, as if he had caught something, and swung it towards Qian Feng!

When Chen Ping waved his hand, a water column jumped up from the cold pool, as if it was caught in Chen Ping’s hand. The huge water column was like a steel whip, whipping towards Qian Feng!

The water column was several feet long and flashed with a faint cold light. When Qian Feng saw this, he quickly slapped his palms towards the pool. The pool instantly set off huge waves, and then a series of water curtain walls appeared in front of Qian Feng!

Bang.....

The huge water column in Chen Ping’s hand hit the water curtain wall in front of Qian Feng hard, making a huge sound and tearing the water curtain wall apart.

Qian Feng's face was startled, and he quickly retreated. A water column several feet long was pumped above the water surface, and the splash was more than ten meters high!

Although he dodged the blow, the energy contained in the water column caused Qian Feng's chest to feel burning pain, and there were also gaps in his clothes!

"Is this your true strength?"

Chen Ping said with an indifferent sneer on his face!

Qian Feng's face became a little ugly: "My true talents and knowledge haven't been used yet. Have you forgotten that I am the adopted son of the Poison King of Miao Village?"

As Qian Feng spoke, he clasped his hands together, gently put them to his mouth and started blowing!

Waves of harsh sounds came from Qian Feng's mouth!

Following the sound, the entire pond began to boil violently, and whirlpools soon appeared, as if there were countless giant creatures in the water!

"Mr. Chen, be careful, he is going to activate the poison!"

The great elder hurriedly reminded Chen Ping!

Looking at the pool of water at his feet, Chen Ping jumped up!

But just as Chen Ping jumped up, countless poisonous insects more than an inch long suddenly emerged from the water. The densely packed poisonous insects rushed out of the water and headed straight for Chen Ping!

Tens of thousands of poisonous insects directly turned the sky into black. Chen Ping's whole person was enveloped in it, and there was no way to avoid it!

Soon, those poisonous insects directly submerged Chen Ping. Countless poisonous insects wrapped around Chen Ping's body and fell rapidly from mid-air!

Plop.....

Chapter: 809

Chen Ping fell directly into the pond and soon disappeared!

Slowly, the water in the pool returned to calm, and you could only see some bubbles rising up occasionally!

Seeing this scene, the four elders and Bai Zhantang were all shocked, and their faces turned pale!

"Let's run quickly..."

Suddenly, the great elder shouted, turned around and ran away!

Without Chen Ping, how could these people be Qian Feng's opponents? There would be only death if they stayed!

Bai Zhantang pulled Shen Mengchen up, turned around and ran away!

"Hahaha, you are too naive, no one can escape from my grasp!"

Qian Feng laughed and did not chase after him. He seemed to have already made a plan.

Seeing that Qian Feng didn't chase after him, Bai Zhantang and the others breathed a sigh of relief!

But just after running not far away, there was only a rustling sound, and then countless venomous snakes crawled out from both sides of the canyon. They raised their heads one by one, spitting out their words, and stopped them in front of everyone!

When they saw the poisonous snake, everyone was shocked and stopped in a hurry. No one dared to take another step!

“Run, why don’t you run?”

Qian Feng slowly walked up from behind!

There were poisonous snakes in front of them and pursuers behind them. The faces of several people were extremely ugly, especially Shen Mengchen. As a little girl, she had never seen such a scene, especially the fight between Chen Ping and Qian Feng just now. In her eyes, it was simply... It’s like fighting with the gods!

“Grain Master, for the sake of how many years we have worked for you, I hope you can let us live!”

The great elder looked at Qian Feng with a begging look on his face!

“A way out?” Qian Feng smiled coldly: “You have followed me for many years, don’t you know how I deal with traitors?”

As soon as Qian Feng finished speaking, the faces of the four elders instantly became extremely ugly and ferocious. They could not imagine what they would face in a while!

“Brothers, we are all going to die anyway. We might as well fight. If we fall into his hands, we will definitely not end well...”

The great elder gritted his teeth and shouted loudly!

“Fight.....”

The other three elders all showed their weapons. Rather than sit back and wait for death, they might as well fight. If they really fall into Qian Feng’s hands, life will be worse than death!

“Captain Xu, please take care of Miss Shen!”

Chapter: 810

Bai Zhantang handed Shen Mengchen over to Xu Shimao and also stepped forward. At this time, one more person will have more strength!

Xu Shimao was injured and could only barely protect Shen Mengchen. He also wanted to step forward, but he knew that his current body simply did not allow it!

“Hahaha, you guys are the only ones who want to fight with me?”

Qian Feng laughed, his eyes full of contempt and disdain!

“kill.....”

The great elder shouted angrily, brandished his weapon and charged forward!

“kill.....”

“kill.....”

The remaining three elders and Bai Zhantang also rushed forward!

The combined power of four great masters and one grand master cannot be underestimated!

Four sword rays shrouded Qian Feng, and Bai Zhantang took out a folding fan, pressed it lightly, and several sharp rays shot out!

By this time, everyone had used their skills to keep the bottom of the box. Originally, this was Bai Zhantang’s hidden weapon to save his life, but now he took it out immediately!

“snort.....”

Qian Feng snorted, and with a casual wave, he grabbed the four sword lights and suddenly broke the swords in the hands of the four elders. Then with a casual wave, the four elders flew out!

Qian Feng also waved his other hand, and all the hidden weapons fired by Bai Zhantang were caught by Qian Feng.

“It’s just a hidden weapon, but you want to hurt me?” Qian Feng snorted disdainfully and slapped Bai Zhantang away with one palm!

The four elders and Bai Zhantang were unable to defeat even a single move and were seriously injured one after another!

After injuring the four elders and Bai Zhantang, Qian Feng did not take action again, but looked at Shen Mengchen!

“Junior sister is indeed beautiful. I wonder what Master will do when he knows you are in my hands!”

Qian Feng walked towards Shen Mengchen with a ferocious smile!

Shen Mengchen was frightened and hid tightly behind Xu Shimao!

Xu Shimao looked at Qian Feng with an ugly face and said, “I am the captain of the Kyoto Guardian Pavilion. If you kill me, do you know what the consequences will be?”

“Hahaha, are you threatening me? I’m telling you, I will be able to master the Five Poison Techniques soon. What will happen even if Zhao Wuji comes by then? I will be afraid that one of you will not succeed in the Dharma Protector Pavilion!”

Qian Feng laughed and still walked towards Shen Mengchen!
