

The Order 8011

Chapter: 8011

The man turned his head to the side, not looking at Chen Ping!

I have worked hard for thousands of years, and finally climbed to the heavens, but I am not as good as a second-generation brother, and I can easily reach this height!

People die than people, goods are thrown than goods.....

Some people have worked hard all their lives to reach the heavens, and some people were born in the heavens!

This is fate, and it has been determined at the moment of birth!

Chen Ping patted Zhong Li and asked her to return to the dragon sword, then asked the man: "Senior, how can I help you break your prisoner seal? In addition, has your strength been suppressed a lot?"

The man nodded: "I only have one-third of my strength left now, otherwise none of you will want to pass the first level from me."

"As for breaking the prison seal, it depends on your ability!"

After the man finished speaking, an axe slammed into the ground fiercely!

Bursts of red light instantly appeared on the ground, and then a blood-red rune seal slowly appeared, and the entire wasteland was covered by the rune seal, and every line of the rune seal was flowing with blood-red liquid!

“This is the prison seal, and the red liquid inside is my blood. Now I have to remove this prison seal from my body!”

The man said!

“Simple, just this rune, I can break it with a wave of my hand!””

Chen Pingping smiled lightly!

“Are you not bragging?”The man asked!

Chen Ping didn’t speak, but stared at the rune, and then his fingers were drawing something in the void!

Soon, at Chen Ping’s fingertips, divine patterns appeared, and soon formed a rune seal, which was exactly the same as the prisoner seal on the ground!

The man was shocked, his face unbelievable!

At this moment, the rune seal depicted by Chen Ping burst out with a powerful suction power!

The blood in the blood-red rune on the ground began to be quickly absorbed by Chen Ping’s rune!

After a while, the prisoner seal on the ground had lost the slightest blood color, and then when Chen Ping stomped lightly, the prisoner seal shattered!

The man also noticed at the same time that the talisman in his body also disappeared instantly, but there was another talisman in the sky!

“You are free now, and the runes in your body are painted by me, so you will not be imprisoned.”

“But if you break your promise or are against me, my talisman will also be activated.”

Chapter: 8012

Chen Ping said to the man!

You can't have a heart to harm others, and you can't have a heart to prevent others.....

The man looked at Chen Ping blankly, and suddenly knelt down on one knee: “I am Nanba Tian, and I swear to follow my master to the death...”

“Nanba Tian, good name!”

Chen Ping nodded: “My name is Chen Ping, you just need to call me Mr. Chen!”

Just when Chen Ping was complacent, there was a sudden movement between heaven and earth, and then a mysterious force came towards Chen Ping!

Upon seeing this, Nanba Tian was so frightened that he ran away in an instant and shouted: “This is the power of Heaven. You broke the seal of the prison privately and caused the wrath of heaven...”

“Fuck, you really didn't say it earlier, you just said it now!”

Chen Ping stared at Nanba Tian, he was going to be so angry!

“Sorry, I forgot...”

Nanba Tian said!

Chen Ping knew that this grandson did it on purpose. How could he forget this kind of thing and deliberately didn't tell himself!

Chen Ping's face changed drastically, holding a dragon slashing sword in his hand, and instantly wielded a sword aura, blocking the power of that day!

But Chen Ping's swordsmanship was instantly defeated as soon as he touched the power of the Dao that day, and he couldn't stop it at all!

"It's over, it's over..." Chen Ping's heart was as gray as death when he saw this!

What did you say that you were doing too much, and you were damned!

"I'm afraid of a fart, this is just the power of Jinxian's heaven, what's so scary."

"If the old man regains his physical body, don't say that this little heavenly power, even if it is the golden immortal behind him, I will pull it out and beat him up!"

Seeing that Chen Ping had lost his fighting spirit, Demon Lord Chiyun said loudly!

"Senior, you are not afraid, but I am afraid. I am not even a fairy land now. Do you still want to resist the power of the Golden fairy's heaven?"

Chen Ping looked helpless.

"That's true, you are too weak..." Demon Lord Chiyun frowned slightly!

Seeing that the power of heaven was about to devour Chen Ping, Chen Ping's ring trembled for a while, and the little heaven-swallowing beast slowly appeared, then opened his mouth and yawned!

The terrifying power of Heaven was instantly inhaled into the stomach of the little heaven-swallowing beast!

Chapter: 8013

Then the little heaven-swallowing beast returned to the storage ring. These were just short breaths, and the terrifying wrath was gone!

Seeing this scene, Nanba Tianren was numb: "This...this is..."

"This is one of my little pets. To deal with this kind of heavenly power, why should I take action..."

Chen Ping looked inscrutable, and then asked, "Were you deceiving me just now and letting me be killed by the wrath of heaven..."

"I don't dare, I never dare..."

Nanba Tian was frightened and hurriedly knelt in front of Chen Pingping: "I really forgot, I have a bad memory of being tortured by this prisoner seal!"

"Okay, just spare you once, get up!" Chen Ping waved his hand!

Nanba Tian got up and followed Chen Ping with his huge body!

"Can you make it smaller? At this height of 100 meters, it takes a lot of effort to talk to you!"

Chen Ping looked up at Nanba Tian and asked!

"Of course, my body is not like this!" After Nanba Tian finished speaking, his body instantly returned to a normal person, and then he smiled and said, "I just want to scare people, give myself courage!"

"If you leave here with me, what will happen to the other challengers on this floor?"

Chen Ping asked!

“They will be teleported out, and the passage on this floor will be closed, but everyone will have customs clearance marks on their bodies.”

“In the next hundred years, this first layer will be replaced by a guardian.”

Nanba Tian said!

“That’s good, come with me!” Chen Ping heard that, in this way, Lin Keting would be sent to the ladder, and she would not encounter any danger, and she would not have to look for her!”

“Yes, sir”” Nanba Tian gave a salute!

At this moment, Nanba Tian no longer has the slightest contempt for Chen Ping. On the contrary, he is afraid of Chen Ping’s identity and origin, and can erase the power of a golden immortal at will. That strength is by no means ordinary!

Especially the spiritual swords and sacred beasts in Chen Ping’s hands are not something that ordinary Mahayana monks can possess!

“Senior, you only have one-third of your strength now. If you go to the world of Heaven and Man, you will definitely be suppressed and your cultivation base will be further reduced.”

“In addition, the resources of the celestial realm are difficult to be suitable for the cultivation of the immortals of the Celestial Realm. I have some immortal stones here. Although they are not as good as the Celestial Realm immortal stones, they can also be used for you to cultivate and keep your current state unchanged!”

Chen Ping directly took out a storage bag with 100,000 fairy spirit stones in it!

Nanba Tian took the fairy Spirit Stone and said with a shocked expression: “Mr. Chen, is this...is this appropriate?”

Chapter: 8014

“Of course it’s appropriate. You are following me now. Of course I have to provide the resources you need.”

Chen Ping threw the storage bag to Nanba Tian!

Nanba Tian was very excited. In this world, he didn’t have any resources at all, and he consumed his own spiritual power every day!

If there is no replenishment of resources, he knows that it will not take long for his body to be exhausted!

“Mr. Chen, I will follow Nanba Tian to the death...”

Nanba Tian said with a fist!

“In the celestial realm, you are not needed for the time being, but after you arrive in the celestial realm, maybe it’s time to ask you for help!”

Chen Ping now has Mr. Shi in the Tianren world, covering the sky with one hand!

But when it comes to the world of heaven and man, Chen Ping is not so awesome!

“No problem, as long as I can return to the heavens, if Mr. Chen has any questions, just look for me!” Nanba Tian patted her chest and said!

“Let me ask you something, do you know who is the guardian of the other floors of the ladder? How strong is it? What kind of world are those layers of worlds?”

Chen Ping asked!

Nanba Tian shook his head: “I don’t know about this, but I’m sure that the guardians in this ladder must be prisoners just like me.”

“As for the world on each floor, it will change. Just think about the world on this floor. It is estimated that if the ladder appears in the next hundred years, this world will no longer exist. It will be a new world.”

“Because the resources of this world, monks, are almost exhausted, there is no challenge.”

Upon seeing this, Chen Ping didn’t say anything, but he hoped that the fourth floor would never change the world, because Yunli said that there is a Xianzun Cave on the fourth floor. If the world changes, then this Xianzun Cave will definitely no longer exist!

“Mr. Chen, there are two people approaching. They are also monks from the heavenly world. It is estimated that they are here to challenge me.”

At this moment, Nanba Tian frowned slightly!

“Don’t be afraid, you are no longer a prisoner, nor are you a guardian. If they dare to do it, I will come forward.”

“In the world of heaven and man, when my name is mentioned, no one knows it, no one knows it...”

Chen Ping said very arrogantly!

However, what Chen Ping said was the truth, especially in the first battle of Daomen, almost none of these monks who entered the ladder did not know him!

“Mr. Chen is awesome!”

Nanba Tian gave a thumbs up!

Chapter: 8015

Soon, two figures came hurriedly towards Chen Ping and the others. The two of them were like burning flames, with masks on their faces!

When Chen Ping saw these two people, his brows frowned instantly!

Especially the woman in the two of them, when he saw it at first glance, he had a very familiar feeling!

“Brother Ning.....”

When the two arrived in front of Chen Ping, Chen Ping followed Ning Zhi and hugged his fists!

Ning Zhi couldn't help being taken aback when he saw Chen Ping with Nanba Tian, and then he hugged his fists and said, “Friend Chen Daoyou, have you successfully challenged?””

Chen Ping nodded, then looked at Su Yuqi next to Ning Zhi and asked, “Brother Ning, this person next to you is...”

“Oh, this is my senior sister...”

Ning Zhi said!

“Why does your senior sister feel very familiar when she looks at it?”

Chen Ping stared at Su Yuqi sternly, then stretched out his hand and said, "Hello..."

Chen Ping wanted to make contact with Su Yuqi, and then carefully feel the breath of the other party!

But Su Yuqi took a step back and looked at Chen Ping very vigilantly!

"Sorry, my senior sister is very weird and won't follow men."

Ning Zhi hurriedly explained!

After Chen Ping heard this, he could only smile helplessly. He couldn't have thought that the person under this mask was Su Yuqi, who he had longed for!

"Friends Chen Daoyou, now that you have successfully challenged, you can go to the second level. We still need to challenge!"

After Ning Zhi finished speaking, he looked at Nanfang Baotian coldly, and he was about to do it!

Nanba Tian glanced at Chen Ping and did not speak, but hid behind Chen Ping!

"Brother Ning, you don't need to challenge anymore. After you go out, you can also go directly to the second floor."

"He has been conquered by me, he is my man..."

Chen Ping said!

"what?Ning Zhi was dumbfounded, and looked at Chen Ping incredulously: "How can you conquer him?"Can this still be subdued?"

“Of course, they are all flesh-and-blood and thoughtful monks, not robots!”

Chapter: 8016

Chen Ping said!

But after speaking, Chen Ping smiled helplessly. He said that the other party didn't understand what it was!

After all, only the secular world knows what a robot is!

But Chen Ping didn't know that the person opposite was Ning Zhi, who was also from the secular world. Of course he knew what a robot was!

“Friends Chen Daoyou, don't you want to deceive us?”

Ning Zhi still doesn't believe it!

“What did you lie to you for? If you don't believe it, you'll know when you go out!”

Chen Ping grabbed Nanba Tian, his mind flashed, and they instantly appeared outside the ladder to the sky!

Seeing Chen Ping leaving innocently with Nanba, Ning Zhiren was numb!

“Fuck.....”

Ning Zhi cursed, how could he kill Chen Ping this time?

As Nanba Tian left the ladder, the world on the first floor of the ladder began to be shrouded in white light!

All the monks of the Heaven-human realm who entered the first level felt a strange surge in their bodies at this moment, and then there was a customs clearance mark!

And these days, the monks of the human world have all been teleported by a huge force!

“What’s the matter? Why did I come out?”

“I haven’t challenged it yet, why was it sent out?”

“Customs clearance brand, can you clear the customs even if you haven’t hit the first layer?””

The many monks who were spread out were all dumbfounded one by one!

Lin Keting also looked blankly, looking around blankly, then saw Chen Ping’s figure and ran over!

Lin Chong, Taoist Master Wuji and others were also puzzled!

I don’t understand why these people were teleported out after they entered the first floor for a long time!

And the light gate on the huge stone steps on the first floor of the ladder has gradually disappeared!

“Mr. Chen, what happened?”

Lin Chong followed Taoist Master Wuji and others to Chen Pingping and asked!

Chapter: 8017

“Don’t be nervous, it’s okay, it’s okay!” Chen Ping hurriedly said when he saw the nervous looks of Lin Chong and Taoist Master Wuji!”

Nan Baotian on the side, looking at the strong men like Lin Chong and Taoist Master Wuji, who also respected Chen Ping, felt lucky. It seemed that he had not followed the wrong person!

“Chen Ping, what’s going on? Why are we all sent out?”

Lin Keting asked Chen Ping!

“The guardian of the first floor was brought out by me, so of course the people inside will be sent out.”

Chen Ping said!

“Mr. Chen, could it be this person you are talking about?”

Lin Chong looked at the southern tyrant!

Taoist Master Wuji also glanced at Nanba Tian, and said with a puzzled expression: “The man of Heaven?”

Chen Ping nodded: “His name is Nanba Tian, and he is also a monk in the Heavenly Realm. Because he made a small mistake, he was imprisoned on the first floor of the ladder to the sky, acting as a guardian.”

“I have broken the prison seal in his body, so I brought him out...”

“Break the prison seal?” Taoist Master Wuji was taken aback: “If you break the prison seal at will, you will be damned by heaven. If the opponent is a strong person, the power of heaven is very terrifying!”

Taoist Master Wuji is also a monk in the Heavenly Realm, so he is very clear about these!

“Not very strong, just a little golden fairy, the power of heaven is very weak...”

Chen Ping said casually!

“What? Little golden fairy?”

Everyone looked at Chen Ping in a daze!

At what time, Jinxian was nothing in Chen Ping’s eyes?

Ning Zhi, not far away, when he heard Chen Ping’s words, he really wanted to kill him fiercely!

“Mr. Chen is really amazing. My prison seal was imprinted by a golden immortal, but Mr. Chen easily broke it and blocked that day!”

Nanba Tian’s words also confirmed that Chen Ping was not bragging!

At this moment, no one is talking anymore, because I don’t know what to say!

At this time, some people have already started to go straight to the second floor, and some people have leaned in front of Mr. Chen and groveled and said, “Mr. Chen, I don’t know if you are going to the second floor. If you go, you will also take the guardian of the second floor, so that we can follow the light!”

Chapter: 8018

Chen Ping received the guardians of the second layer, and all those who enter the second layer can also get the clearance mark!

“Of course I have to go. If you climb to the ninth floor of the ladder, there will be nine guardians. I will take them all!”

Chen Ping raised his head and looked at the ladder towering into the clouds in front of him and said!

Although everyone knows that Chen Ping is bragging, there are still many people who are excited!

If you follow Chen Ping’s ass, can you also pass the ninth floor of the ladder and reach the heavenly realm?

“I’m going to the second floor too!”

Lin Keting became excited at this moment!

Since Chen Ping is so powerful, she will not be in any danger if she follows Chen Ping!

“Ting’er, don’t mess around. Although you are not in danger on the first floor, it doesn’t mean that you can be safe on the second floor.”

Lin Chong yelled at Lin Keting!

“I don’t, I’ll go!” Lin Keting put her arms around Chen Ping’s arm!”

Upon seeing this, Chen Ping smiled helplessly: “Let her follow. With me, there shouldn’t be any danger under the fourth floor.”

“I will also protect Mr. Chen thoroughly!”

Nanba Tian also hurriedly spoke out at this moment!

Although Nanba Tian can't challenge the second-tier guardians, it's still possible to deal with the monks in the second-tier world!

Upon seeing this, Lin Chong nodded and agreed that Lin Keting would enter the second floor!

Chen Ping took Lin Keting's hand, Nanba Tian followed closely, and the three of them jumped up and went straight to the second-story stone steps!

"Brother, what shall we do? Also follow him, waiting for customs clearance?"

Su Yuqi asked Ning Zhi!

Ning Zhi's angry face turned green at this moment, and in the end he could only sigh helplessly and said, "That's the only way. I would like to see how many layers Chen Ping can reach..."

After speaking, Ning Zhi and Su Yuqi also jumped up, and the two walked towards the second stone step!

Chapter: 8019

Chen Ping and the others stepped into the second floor!

The world on the second floor seems to have changed a little bit from the first floor, but it's only a little bit!

Because this second-tier world seems to be extremely desolate, the aura of heaven and earth is thin, and there are no resources in terms of it!

Nanba Tian looked at this scene and said with a wry smile: “This first layer and the second layer don’t know how many challengers have set foot on it. No matter how many resources they have, they are not enough to compete for.”

“And the monks in this world are all slaughtered like prey, and without resources, the monks’ lives will be greatly reduced and they will slowly die...”

“I believe that in the next hundred years, this world will also be destroyed, and then a new world will be created!”

The entire galaxy of the universe has countless worlds, just a small world, in the eyes of those great immortals in the heavens, it is nothing at all!

“Let’s go, take a look and find out, where is the guardian of this second floor!”

Chen Ping looked at the boundless mountain peaks, but he was also a little confused, not knowing where to go!

“Mr. Chen, I think we should split up and look for it, so it can be faster!”

Nanba Tian said!

“Okay, I have Chuanyin Yujian here. No matter who finds out first, contact the other party directly!”

Chen Ping gave a handful of Chuanyin Yujian to Nanba Tian!

Nanba Tian nodded, and after taking Yujian, his figure disappeared instantly!

“Let’s go too...”

Chen Ping pulled Lin Keting and leaped over the peak of the mountain!

From time to time, Chen Ping and the others will meet a monk, but this monk is also a challenger from the world of heaven and man!

In this second-tier world, there seems to be no monk anymore!

“This is impossible, could it be that all the monks on this second floor have been killed?”

Chen Ping frowned slightly!

Just as Chen Ping followed Lin Keting to find the monks in the second world, two figures were quickly approaching them!

In these words, the two of them are the sisters Hongyao and Lanyao who have entered the second level!

“Master Chen, have you come to the second floor so soon?”

After seeing Chen Ping, Hong Yao asked in surprise!

Chapter: 8020

“Master Chen is really amazing, and he passed the first floor easily!”

Lan Yao also touted to Chen Ping!

When Lin Keting saw these two people, she couldn't help rolling her eyes. She always felt that the sisters were ill-intentioned and robbed them of men!

If these two women chased Chen Ping together, Lin Keting concluded that Chen Ping couldn't help it!

After all, twin sisters, this identity is a fatal temptation for men!

“You two are still on the second floor, haven’t you found the guardian on the second floor?”

Chen Ping asked!

“I found it, but the opponent is too good, and our sisters are not opponents at all.”

“You can only wander around here, find some resources to practice first, and see if you can find opportunities to challenge again!”

Hong Yao said helplessly!

“You take me there, maybe I can help you pass this level!”

Chen Ping said!

“Master Chen, you need to challenge yourself to climb the ladder. How can you help? If you could help, our two sisters would have gone up together a long time ago.”

Lan Yao said!

“You take me there first, and I will explain to you later!” Chen Ping is a little excited!

I didn’t expect it to be so easy to find the guardian!

Hongyao and Lanyao nodded, and then took Chen Ping towards a mountain peak!

When they landed on a huge clearing on the top of the mountain, the entire peak of the mountain began to tremble and shake!

Immediately afterwards, a man in a cloth robe came slowly!

When he saw Chen Ping and the others, his brows frowned slightly: "Go back and practice. Do you want to pass the test even with your strength?"

"Senior, this time it's not the two of our sisters, it's the challenge of Master Chen!"

Hong Yao said hurriedly!

The cloth-robed man glanced at Chen Ping, and said with disdain: "The three products of the Mahayana Realm? It's not as good as the two of you, I'm not interested..."

The man in the cloth robe turned to leave. At the moment the man turned around, Chen Ping suddenly waved his sword!
