

The Order 8031

Chapter: 8031

Li Chunfeng said to Chen Ping very seriously!

Chen Ping glanced at Li Chunfeng gratefully, and then nodded!

“Me too.....”

Upon seeing this, Nanba Tian also hurriedly spoke!

“Don’t worry, follow me, your lives will not be in danger. If the person who threatens me is too strong, someone will naturally clean him up.”

“It’s not just the two of you behind me!”

Chen Ping smiled slightly!

“Chen Ping, let’s get out of here, I always feel terrible!”

Lin Keting was horrified when she saw that night for the first time!

Chen Ping nodded, and then the figures of all the people flashed, leaving the second floor of the ladder to the sky, and returning to the world of heaven and man!

Lin Chong and Taoist Master Wuji couldn’t help being surprised when they saw Chen Ping and the others coming out again!

This second layer is too fast, and Chen Ping is still followed by a sword repair of the immortal wind Dao Bone!

At the same time, there were many monks in the second heaven-human realm who appeared together, Ning Zhi and Su Yuqi were also teleported out together!

The light gate on the second floor of the ladder slowly disappeared, which proves that the guardian of the second floor is gone!

Ning Zhi looked at Chen Ping in disbelief, especially the extra swordsman beside Chen Ping!

“Senior sister, let’s go to the third floor...” Ning Zhi didn’t say much, but took Su Yuqi to the third floor!

After thanking Chen Ping, the other monks also jumped to the third floor one after another!

“Li Jianxian?”

After seeing Li Chunfeng, Taoist Master Wuji couldn’t help but be taken aback!

Obviously, Taoist Master Wuji actually knew this Li Chunfeng!

“Taoist Master Wuji?Unexpectedly, you were trapped in the world of heaven and man, no wonder you haven’t seen you for many years.”

Li Chunfeng was also shocked when he saw Taoist Master Wuji!

“Why are you in the ladder?”

Taoist Master Wuji said in doubt!

Chapter: 8032

“I made a little mistake, and I was taken off the road and imprisoned in the ladder!””

Li Chunfeng said slightly embarrassedly!

“What mistake did you make?”

Taoist Master Wuji asked curiously.

“This.....” Why did Li Chunfeng mean to say that he peeked at the woman taking a bath!

“Taoist master, don’t ask, let’s go back to the station first, and wait for a break. I’m challenging the third floor!”

Chen Ping helped Li Chunfeng make a circle!

“Mr. Chen, the guardian of the third layer must be very strong. Although you are not bad, I am afraid it will be difficult to pass the third layer!”

“I think you should recover first, and then practice a bit. It just so happens that I can also help Mr. Chen sharpen his sword skills.”

Li Chunfeng said to Chen Ping!

“I can help Mr. Chen quench his body!”Nanba Tian also said!

“Well, this ladder can exist for three months, so it won’t be for a while!””

Chen Ping nodded!

After two wars in a row, Chen Ping also consumed a lot of energy, and he needed to recover slowly!

The group returned to the Dao Gate. At this time, there were a lot fewer monks in the Dao Gate, and most of them ran to the ladder!

While Chen Ping recovered, he followed Li Chunfeng to fight and sharpen his sword skills!

He will also go head-to-head with Nanba Tian and harden his body!

Behind the Daomen Mountain, the sea of clouds is surging like boiling water.

Li Chunfeng also pointed to it as a sword. The sword intent had not been issued, and the century-old pine trees on the edge of the cliff had rustled down the green needles.

Chen Ping closed his eyes and stood still, the Qingfeng buzzing in his sleeves, and he saw the galaxy hanging upside down on the sword ridge in a daze.

“Look at it!” Li Chunfeng suddenly cut out his fingers, and a sharp sword light tore through the mist, but it turned into a thousand light butterflies when it touched three inches of Chen Ping’s eyebrows.

Chen Pingfu went to his heart, drawing a circle with a horizontal sword, and actually incorporated all the scattered sword intentions into the orbit. Where the sword front pointed, the sea of clouds condensed into nine white dragons and rose into the air.

The blue veins of Nanba Tian’s arms burst out, and his iron-cast fists slammed down: “Mr. Chen takes the punch!”

The wind rolled the gravel and hit Chen Ping’s chest, but he took advantage of the opportunity to turn around, his body glowing with a faint golden light.

Chapter: 8033

The two fists came and went, and the whole mountain was trembling, causing a flock of birds to cover the sky and the sun.

“The flesh is like a tripod, and God’s will is fire.”

Nanba Tian suddenly lost his strength in a wild laugh, but Chen Ping felt that his internal organs were tempered by flames, and he opened his mouth to spit out a cloud of turbid air, which condensed into a substantial whirlpool of wind in the air.

Chen Ping was alone, directly following Li Chunfeng and Nan Batian to practice, which made both Lin Chong and Taoist Wuji frightened!

Due to Chen Ping’s madness, under the training of Li Chunfeng and Nan Baotian, Chen Ping’s strength can be described as advancing by leaps and bounds!

In fact, for Chen Ping, Nan Batian and Li Chunfeng still like it very much. Although they promised Chen Ping to work for three hundred years, they only discovered Chen Ping’s talent and understanding after this period of training. That is a rare encounter in ten thousand years!

Moreover, Chen Ping didn’t want the kind of second-generation brother they imagined. He relied entirely on the strength of his own hard work. Sometimes Chen Ping was beaten all over his body, but he didn’t retreat at all!

Om.....

All day long, while Li Chunfeng and Nanba Tian were still quenching Chen Ping, suddenly the world changed and black clouds rolled in!

The two people who saw this scene were directly stunned!

“Is this Lei Jiayun?”

Li Chunfeng said with a shocked face!

“Who is going to break through? Isn’t it Mr. Chen?”

Nanba Tian looked at Chen Ping standing with a sword, a little unbelievable!

“This thunderstorm cloud is so terrifying, shouldn’t it be Mr. Chen? He is just the third product of the Mahayana Realm. How could it be possible to cause such a terrifying thunderstorm cloud?”

Li Chunfeng also said in disbelief!

“You two should stay away, so as not to be caught by the thunderstorm, that is the thunderstorm cloud caused by Chen Pingdu’s catastrophe!”

Taoist Master Wuji said to Li Chunfeng and Nan Baotian!

“Is it really Mr. Chen’s? Can he resist such a terrifying thunderstorm?”

Li Chunfeng was taken aback!

“You forgot, Mr. Chen has even resisted the power of Jinxian’s heavenly Dao. This thunderstorm is definitely no problem. Let’s hide away!”

After Nanba Tian finished speaking, he pulled Li Chunfeng away!

As the thunderstorm clouds rolled, thunder and lightning rolled in the clouds.

Boom!

Chapter: 8034

Suddenly, a thunderstorm slammed down!

Chen Ping stood motionless, without any resistance!

In this way, the thunderstorm was over, and Chen Ping's body exuded a faint smell of burnt flesh, but he was not greatly harmed!

Chen Ping was able to resist the thunderstorm with his physical body, and he also had a great relationship with Nanba Tian!

You must know that Nanba Tian and Li Chunfeng are both immortals in the heavens!

Chen Ping has now reached the realm of the four products of the Mahayana Realm. No one can say what his specific strength is yet!

After the breakthrough, Chen Ping didn't move for a long time, only to see his eyes closed slightly, as if he was sensing something!

"What is Mr. Chen doing?"

Nanba Tian is puzzled!

"Mr. Chen seems to have realized something this time he broke through!" Li Chunfeng said, "Don't bother him!"

Under the breathless gaze of everyone, Chen Ping's aura became more and more ethereal, as if quietly fitting with some mysterious rhythm between heaven and earth.

For a moment, he slowly opened his eyes, and a touch of wisdom with insight into the secrets of heaven flashed in his eyes, and he said in a deep voice: "I have caught a glimpse of some of the laws of heaven and earth. The mystery is far beyond imagination."

Having said that, Chen Ping raised his hand and took out the third of the four jade slips.

Yu Jian started, warm and slightly cool, and the runes on it flickered slightly like spirituality, as if echoing the power of the law that Chen Ping had comprehended.

Chen Ping took a deep breath and slowly plunged his divine consciousness into Yujian.

In an instant, Yujian bloomed with dazzling brilliance, and a majestic and ancient aura overflowed like a raging tide.

At the same time, the entire world of heaven and man has undergone a sudden change.

The originally clear sky suddenly darkened, and the ink clouds surged and converged, as if to swallow the world.

The mountains and rivers trembled, the earth cracked, and cracks spread in all directions like the fangs of a hideous behemoth.

The wind howled past, enveloping the sand, rocks and vegetation, making a miserable howling sound.

The birds and beasts in the forest panicked and ran around, as if avoiding some kind of catastrophe.

“This... what’s going on?” Nanba Tian’s eyes widened in shock, and his voice trembled unconsciously as he looked at the earth-shaking change.

Li Chunfeng frowned tightly, staring solemnly at the jade jane in Chen Ping’s hand, and said solemnly: “It must be this jade jane that caused the world to change. It seems that there is a secret hidden in it.”

Taoist Master Wuji stroked his beard, a trace of worry flashed in his eyes, and murmured: “Such a drastic change in the heavens and the earth, I am afraid it is a sign that the great array of heaven and earth is about to appear. Chen Ping is making the Great array of heaven and earth appear.”

Chapter: 8035

“As long as the great array of heaven and earth appears, we can find a way to break the array. Then we can return to the heavens and never have to be trapped here again.”

Hearing what Taoist Master Wuji said, Nan Baotian and Li Chunfeng both looked very excited!

They all dream of returning to the heavens!

At this time, Chen Ping was completely immersed in Yujian's world.

In the vast and boundless space of divine consciousness, ancient and mysterious pictures flashed like lanterns. He saw the birth and changes of mountains, rivers and rivers, the trajectory of the stars, the sun and the moon, and the reincarnation of the rise and fall of all creatures.

In these pictures, there are faintly intertwined silk threads, which are the figurative manifestations of the laws of heaven and earth.

As the exploration of Yujian deepened, Chen Ping felt that his consciousness seemed to be integrated with the entire heavenly and human world.

He can clearly perceive the breath of every inch of land, the flow of every breeze, and the joys and sorrows of every creature.

And in the depths of this world, there is a powerful and ancient force that is slowly awakening, and that is the power of the great array of heaven and earth.

"Soon, the great array of heaven and earth will soon appear."

Chen Ping read silently in his heart, his forehead was full of sweat, but he didn't know it.

He fully operated his divine consciousness, trying to establish a deeper connection with the great array of heaven and earth that was about to appear.

Only in this way, when the great array of heaven and earth appears, can the great array of heaven and earth be broken faster and easier!

.....

Fire Burning Sect!

In a secret room, Wen Haotian felt the changes in the world of heaven and man, and his expression became more solemn!

“I’m afraid the great array of heaven and earth is about to appear...”

“Haotian murmured!

“Ancestor, the great array of heaven and earth has appeared, and I don’t know if it is good or bad. Someone must be trying to break the great array of heaven and earth.”

In front of Haotian, an old man with a gray beard said!

This person is the patriarch of the Huozhan Sect who asked for the southbound journey, and he is also the father who came out and asked for love!

Asking for the southbound retreat was not because of injury, he was just asking Haotian to heal his injuries!

“There is good and there is bad. Everything in the world is the poles of yin and yang, but if the great array of heaven and earth is broken, it may not be a bad thing for us!”

After asking Haotian, he looked at the bronze coffin not far away!

“Ancestor, who is in that bronze coffin? Why do you still inject aura into that bronze coffin every day?”

I was very puzzled when I asked Southbound!

As soon as these words came out, Wen Haotian's face instantly became cold, and he looked at Nanxing coldly: "How many times have I said to you, don't ask if you shouldn't ask about some things, and don't know if you shouldn't know. It's not good for you at all!"

Feeling the chill on Wen Haotian's body, he shivered with fright when he asked Nanxing: "Ancestor, I was wrong, I won't ask anymore!"

"On the day when the great array of heaven and earth is broken, I wonder if he can wake up?"

Ask Haotian to look at the bronze coffin blankly!

Chapter: 8036

A cave somewhere in the world of heaven and man!

"Brother, you look at people so accurately. The great array of heaven and earth is about to appear. When the time comes to break this great array, we will be free!"

The array demon looked at the vision of heaven and earth that suddenly appeared in the heaven-human world, and said with excitement on his face!

"Of course, my vision has always been better than yours!"

The ancestor Shenwen said with a proud expression on his face!

"Pull it down, this is delivered to the door by someone else. What does it have to do with you? Hurry up and play chess!"

"As far as the three-legged cat formation you taught, when the great formation of heaven and earth really appears, he may not be able to break the formation. I still need to teach him."

Array Demon rolled his eyes!

“You are not as good as me in those two times, do you still have the face to say?”

Ancestor Shenwen said with disdain!

“You talk nonsense, don’t think you are a brother, you can belittle me, just try if you don’t agree...”

The array of demons is angry!

“Just try it, I can still be afraid of you...” The ancestor Shenwen lost his chess piece!

“Come on.....”

The two of them fought again, and I don’t know how many times they have experienced this kind of fight!

Only when they are tired, the two will be separated!

.....

A land of no delusion, Dao Men!

Chen Ping has been practicing with Li Chunfeng and Nanba Tian for a month!

Although in this month, Chen Ping’s realm has been upgraded to the fourth level of the Mahayana Realm, Chen Ping has not relaxed!

From the beginning, I followed Li Chunfeng and Nanba Tian to practice against each other, and I was often beaten, and now I can do it with ease under the hands of the two!

In this month's time, many monks who entered the ladder also came out of the ladder one after another!

Xuan Bin and others, as well as Lin Kefan, also came out of the ladder, only Yunli should still be staying on the fourth floor!

Many of them entered the ladder, not thinking about clearing the ninth floor and entering the heavenly realm!

Chapter: 8037

More people are thinking about entering the world of climbing the ladder, mixing some resources, or getting some exercise!

It's not easy to figure out how to pass the ninth floor!

Ming Shao also came out of the ladder, and his whole person seemed a little excited. It seemed that he had gained a lot of resources from the world inside the ladder!

"Hey, this kid has improved to a level in just one month?"

When Young Master Ming came to the Dao Gate, he found that Chen Ping had actually been upgraded from the third level of the Mahayana Realm to the fourth level of the Mahayana Realm!

And it seems that Chen Ping didn't seem to be staying in the world of climbing the ladder!

"Young Master Ming, the Fire Burning Sect sisters are not in the Dao Gate now, it seems that they are still in the ladder. This time is a good opportunity to deal with Chen Ping!"

The red-haired old man whispered!

“Young Master Ming, now is indeed a good time...” Qian Xiaohan also came to Young Master Ming and said!

Now Qian Xiaohan wants to kill Chen Ping anyway!

“Young Master Ming, wouldn’t it be more than enough for a few of us to join forces to deal with Chen Ping!”

Huo Zhenfeng, the patriarch of the Huo family, also hurriedly said!

Chen Ping and they both have a deep hatred, so they can’t wait to kill Chen Ping right away!

Ming Shao nodded, then looked at the black-robed monks who followed behind him: “Fusheng, the eight of you go to meet Chen Ping, it just so happens that you are all sword cultivators too!”

The leader of the eight black-robed monks nodded: “Yes, sir...”

The eight of them took off their black robes. Everyone was dressed in tight-fitting commoners, and they were carrying a sword case behind them. The identities of the eight sword cultivators could be seen at a glance!

“The Eight Musketeers of Magic Mountain?”

Seeing this dress, Huo Zhenfeng and Qian Xiaohan were both very shocked. They did not expect that the long-lost Eight musketeers of the Magic Mountain were actually in the Four Hades at this time!

I saw the figure of eight people disappear in a flash, and then eight fierce sword aura appeared in the sky!

Unity of man and sword.....

Chen Ping, who was practicing against him, frowned for an instant, then raised his head and glanced at him, his expression quite solemn!

These eight sword Qi are extraordinary monks. Feeling this breath, the opponent can definitely reach the fourth level of transformation, or even higher!

When these eight sword Qi fell in front of Chen Ping and turned into eight monks carrying sword boxes, Chen Ping's brows frowned deeper!

"The Eight Musketeers of Magic Mountain?"

Chapter: 8038

Seeing these eight people, Lin Kefan looked a little ugly when he saw these eight people!

"Fourth uncle, do you know them?" Chen Ping asked!

"Of course, these eight musketeers of Demon Mountain were also prominent figures many years ago, but it's a pity that they were demon cultivators. Later, they heard that they were hunted down and finally died in the hands of a master!"

"Unexpectedly, these eight musketeers are still alive, and they seem to have improved a lot!"

Lin Kefan said in shock!

"Fellow Taoists, I have no grievances or grievances with you. I don't know why you are here?"

Chen Ping asked the Eight Musketeers!

He didn't know that these people were all under the Four Hades!

"We are from the Four Hades, and we have been ordered by Young Master Ming to kill you..."

Said the leader of the floating life!

"How did the eight swordsmen with iron bones get to the bottom of the Four Hades, not to mention that the swordsmen are all men with iron bones?"

Lin Kefan asked in shock!

Chen Ping was also shocked. He didn't expect that the eight black-robed monks who followed Young Master Ming would be these eight sword cultivators!

I have to say that the strength of these four Hades is really strong, especially this little Hades, which can make so many powerful people surrender!

"Fourth uncle, can you handle these eight people?"

Chen Ping asked!

Lin Kefan was taken aback and looked at Chen Ping: "If you dislike my uncle and brother for being superfluous, you can make it clear that you don't have to be like this..."

"I didn't mean that..."

Chen Ping smiled!

"What do you mean? I think you just dislike me for being superfluous. Do you want me to die? When the time comes, the property in Sun Moon City can be divided into more points for the little sister?"

Lin Kefan gave Chen Ping a blank look!

Chen Ping was speechless, even if Lin Kefan didn't die, the entire Sun Moon City would be his own.....

"Mr. Chen, what about us..."

Xuan Bin and others spoke!

Chapter: 8039

Chen Ping knew that although Xuan Bin and others had also broken through to the Fairy Land of Transformation, they were still some distance away from the sword repairs in front of them!

Then he looked at Li Chunfeng and Nan Baotian!

"Mr. Chen, we have a dozen or eight, which is probably enough..."

Li Chunfeng said truthfully!

After all, their strength has not recovered. In this land of no illusion, they can only rely on the fairy spirit stone given by Chen Ping to keep their strength from declining!

It also consumes a lot of resources to accompany Chen Ping to practice every day!

"How about you two?"

Chen Ping asked!

“You can give it a try...” Nanba Tian nodded!

Chen Ping was about to speak, and asked Li Chunfeng and Nanba Tian to meet the eight swordsmen first. At this time, the head of the eight swordsmen said, “Chen Ping, as a swordsman, I never deceive less with more. How about you and I fight alone?”

“You and me?”

Chen Ping looked at the floating life!

“Yes, I will fight you with swordsmanship...”

Floating nodded!

“Yes, but you are not allowed to cry...”

Chen Ping smiled!

“It will be you who will cry...”

After speaking, Fusheng’s figure jumped up in an instant!

The corner of Chen Ping’s mouth raised, and his body floated into the air!

“Mr. Chen, just use this guy to practice his swordsmanship during this period of time...”

Li Chunfeng said!

“Yeah!” Chen Ping nodded!

Not far away, Ming Shao looked at the two people slowly floating in the air, and smiled faintly: “This Chen Ping is a bit interesting. Suddenly there are two more powerful people around him...”

He didn't know yet that the extra Nanba Tian and Li Chunfeng beside Chen Ping were both guardians in the world of climbing the ladder!

Chapter: 8040

“Young Master Ming, I'm afraid you are not an opponent, do you need me to make a move?”

Said the red-haired old man!

“Don't worry, take a look and talk about it...” Ming Shao said!

The red-haired old man nodded!

At this moment, in mid-air, Fusheng had slowly drawn out his sword from the sword case!

As soon as the sword was unsheathed, the cold light suddenly flourished, and the surrounding air seemed to be frozen by the chill, making a “snort” sound.

The runes flowed on the sword body, and the sound of dragon chanting faintly came out, obviously a peerless magic weapon.

On the other hand, Chen Ping, he did not sacrifice his famous dragon slashing sword as Fusheng had expected.

Instead, he closed his eyes, and the breath of his whole body began to slowly condense, and in his palm, a touch of white light gradually appeared.

In the light, there is endless sharpness, which is the sword intent he has condensed.

Upon seeing this, Fusheng's face instantly became extremely gloomy. He only felt that Chen Ping's move was a great humiliation to himself.

"Chen Ping, what do you mean? Could it be that sacrificing your dragon slashing sword will stain your hands?"

"Actually using this illusory sword intent to fight against me, do you look down on my floating life?"

Floating asked angrily, his voice echoing between heaven and earth, with a trace of unwillingness and anger.

He had seen Chen Ping use the Dragon Slashing Sword, and he knew that the Dragon Slashing Sword was also a peerless magic weapon, but against himself, Chen Ping didn't even use it!

Chen Ping slowly opened his eyes, a smile flashed in his eyes, and said slowly: "You guessed it, I just look down on you."

"In a battle with you, it is enough to use this sword. If you sacrifice the dragon slashing sword, it will be overkill and you will not be able to win."

Chen Ping's tone was flat, but it was like a boulder thrown into a calm lake, provoking thousands of waves in the hearts of all people.

"What an arrogant boy!"

Fusheng was completely angered by Chen Ping's words, and with a wave of the sword in his hand, a sharp sword aura instantly slashed towards Chen Ping.

Wherever the sword qi passed, a black crack was torn out of the space, like a hideous giant python, rushing straight towards Chen Ping.

Chen Ping looked calm, raised his right hand unhurriedly, and gently waved the palm of his sword.

I saw the sword intent between his palms instantly turned into a white horse practice, facing the sword aura of floating life.

The two met in the air, and instead of making the imagined loud noise, they fell into a brief stalemate.
