

## **The Order 8101**

Chapter: 8101

“You killed your wife?” Chen Ping was taken aback!

How could such an infatuated man kill his wife?

The man in the black robe nodded, and then slowly took off his black robe!

The man’s body is as skinny as wood, and his face is very pale, just like a vampire!

“My wife and I were childhood friends, practicing together, climbing mountains together, and even taking a bath together...”

“My wife’s talent is higher than mine, and her realm is always pressing me!”

“Later, we got married and became double cultivation partners. Although my wife often helped me, there was never a way to surpass my wife in my realm!”

“Slowly, my masculinity was revealed, and I was unwilling to see that my wife was stronger than myself!”

“Later, I secretly practiced magic skills, hoping to use magic skills to surpass my wife...”

“Mr. Chen, what is this?” Musha asked curiously!

“The jade jane of the Heaven and Earth Array, as long as you open this jade jane, the heaven and Earth Array will appear!”

“When the time comes, I will break the earth formation, and you can return to the heavens!”

Chen Ping looked at Yujian in his hand and said!

Li Chunfeng and Shen Zhiyan’s eyes were fiery. If the great array of heaven and earth was broken, they would really be free!

“Brother Chen, you are busy, let’s go to the fifth floor first...”

Ning Zhi said to Chen Ping!

“Brother Ning, be careful!”Chen Ping nodded!

Ning Zhi took Su Yuqi to the fifth floor, while Chen Ping started to open the fourth jade jane!

Chen Ping held Yujian, the light became stronger and stronger, as if a majestic force was about to break out of the cocoon.

He took a deep breath and continuously injected his spiritual power into Yujian.

With the influx of spiritual power, the ancient runes on Yujian began to flicker and jump, making bursts of buzzing.

In an instant, a dazzling beam of light rose into the sky, spreading around with Chen Ping as the center.

The sky seemed to be torn apart by an invisible giant hand, and a huge, mysterious array slowly emerged.

Above the magic array, runes flow, the lines are intertwined, exuding a palpitating aura.

Chapter: 8102

No matter what the monks of the heavenly world were doing, they couldn't help but stop what they were doing at this moment, and looked up at the sky that was shrouded in the great array of heaven and earth.

Some people were shocked from ear to ear, and the magic weapon in their hands fell without knowing it; some people were full of awe in their eyes, knelt on one knee, and saluted in the direction of the formation; others showed greed, as if they were calculating the hidden opportunities in the formation.

"This... what is this? There is such a power!" A gray-haired elder trembled. He has practiced for hundreds of years, but he has never seen such a scene.

"Is it the legendary Heaven and Earth Array?" A young monk clenched his fists excitedly, with a blazing light in his eyes.

"It has appeared, the great array of heaven and earth has appeared, brother, we will be able to return to the heavens soon!"

In the land of no delusion, Chen Ping is still in the realm of ecstasy!

Chen Ping himself is not sure when the great array of heaven and earth will be broken!

Lin Chong, Taoist Master Wuji, the Five Great Domain Masters, Nan Baotian, Li Chunfeng, Shen Zhiyan, Musha and others are all defending Chen Ping!

At this time, in the sky of the land of no illusion, a breath of horror was coming quickly!

Feeling the terrifying breath, everyone's faces became solemn!

It was just between breaths, asking the people traveling south with the burning sect on fire had already arrived in front of Lin Chong and the others!

After asking Nanxing to look up at the selfless Chen Ping in the great array of heaven and earth, his eyes were cold and murderous!

“Ask southbound?What are you doing here?”

Lin Chong looked a little flustered when he saw that it was the person from the Burning Sect!

One of the four Hades made them all suffer. Now that the Fire Burning Sect, the number one force in the heavenly world, is here, Lin Chong is even more panicked!

“The great array of heaven and earth cannot be broken yet, so those who break the array must die!”

Asked Southbound and said coldly!

Lin Chong was not talking, but glanced at Taoist Master Wuji!

Taoist Master Wuji waved his hand and nodded!

“Kill.....”

Lin Chong shouted angrily and rushed out first!

In an instant, all the people below Chen Ping swarmed up!

There is no extra nonsense, the world has changed color for a while, and various techniques are flying!

Asking Nanxing didn't do anything, but stared at Chen Ping!

Chapter: 8103

As Wen Nanxing's fingers moved towards Chen Ping lightly, a breath instantly moved towards Chen Ping!

“Protect Mr. Chen...”

Upon seeing this, Lin Chong shouted angrily!

But at this time everyone was entangled by the people of the burning sect, and they couldn't make a move at all!

Besides, not everyone can block the blow of asking southbound!

To be able to become the largest force in the heaven-human world, the strength of the southbound journey is very terrifying. It has reached the peak of the transformation of the fairyland, and it may soar to the heavens at any time!

Just when that breath reached Chen Ping's front, Chen Ping seemed to be unaware of it, still closing his eyes slightly, immersed in the great array of heaven and earth!

At this moment, suddenly a big hand suddenly grabbed, directly grabbed the breath, and then slightly exerted force!

Boom!

When he got the breath, it exploded instantly, and a terrible shock wave of power burst out. All the combatants were repelled by this shock wave and stopped fighting!

A shock wave repelled everyone, and this terrifying power made everyone incredible!

In front of Chen Pingping, Musha, who was as skinny as a wood, appeared with a pale face!

Qannan Xing looked at Musha with a very solemn expression. The man in front of him made him feel the crisis, and at the same time he was shocked. He didn't understand how such a master could appear in the land of innocence in the human world?

In the world of heaven and man, he can be described as an invincible existence in his body. Who is this person who suddenly appeared?

“Who are you?” Ask Southbound and ask!

“You don’t deserve to know!” Musha said lightly!

“Huh, even if you are a monk in the heavenly realm, you have to be honest with me in the heavenly realm. It’s the dragon that you have to cross, and the tiger that you have to lie down. I am the invincible of the heavenly realm.”

Wen Nanxing snorted coldly, and casually painted in the void, a huge cage appeared in front of everyone!

“Do you dare to fight?”

Ask southbound and ask!

“Why don’t you dare!” Musha entered the huge cage without hesitation!

Because only in this way, the battle between the two of them will not affect others, otherwise the battle between the two of them will be to destroy the entire land of no illusion, and even the people around them will die!

Asking Nanxing to sneer, he also stepped into the cage, then slowly opened his right hand, exuding a bright light in his palm, and the entire land of innocence was trembling violently!

“Little trick!” Musha snorted coldly, and then blasted out with a punch!”

Chapter: 8104

Rumble!

For a while, countless great powers rushed from Musha's body. As a celestial immortal, Musha's combat experience and techniques were unmatched by the southbound journey!

It's just that Musha's strength was consumed in the ladder, and now there is less than one-third left!

"Sure enough, it's the Heavenly Monk, but it's a pity that your strength is not one in ten now, and you are not my opponent at all!"

Asking southbound was not afraid at all, and he smashed out with a punch!

When the power of the two collided, everyone felt a terrible coercion!

You must know that the area where the two are fighting is isolated, but even so, the aftermath of those bursts is still terrifying!

Even if Nanba Tian, Li Chunfeng and the heavenly monks looked at the battle in front of them, they couldn't help but look solemn!

In this place of the heaven-human world, they, the monks of the heaven-human world, have no advantage at all!

If Nanxing can sit on the throne of the number one power in the world of heaven and man, his strength must be strong enough!

Moreover, the realm of the pinnacle of the fairy land is not much worse than the immortal!

With that punch just now, it is estimated that they can't resist it!

Lin Chong's expression was more solemn. He was also a monk in the heavenly world. Although Lin Chong was in third place, he felt that he was too far behind compared to the southbound journey!

If he followed that question southward to fight, and went down with that punch just now, I'm afraid he would have been wiped out long ago!

It's too terrifying to ask about the strength of Southbound.

Asking for love, they, the people of the burning sect, were all very excited when they saw Wen Nanxing's terrifying punch!

In the world of heaven and man, asking southbound is an invincible existence!

After a punch, Wen Nanxing did not stop, but continued to bombard with a punch!

The seemingly mediocre punch actually contained a great power. It seemed that this southbound person had already comprehended the way of heaven and could ascend to the heavens at any time!

Upon seeing this, Musha suddenly clenched his right hand and smashed it with a punch!

The real master duel is all this kind of unpretentious moves!

Boom!

Chapter: 8105

He is going to consume Musha alive!

Musha is a monk in the heavenly realm, and there is no recovery in the heavenly realm at all!

Countless boxing shadows headed towards Musha, and Musha coldly looked at the terrifying boxing shadows in front of him.,

The palms suddenly spread out, and then suddenly clenched together!

Boom!

In the palm of Musha's hand, strange runes appeared!

The moment the runes in Musha's palm flowed, thousands of voices suddenly sounded in the sky and the sky without illusion.

The rune entangled his fist like a living thing, shaking the distorted time and space around him to a standstill for a moment.

Asking Nanxing's pupils shrank suddenly, he smelled the breath of heavenly punishment in this fist wind- this is the coercion of heaven that only a true immortal can trigger!

“Heavenly Fist!”

Musha's thin body suddenly skyrocketed three feet, and where the fist front passed, the void cracked like a spider web.

Wen Nanxing crossed his arms on his chest, and a red gold flame rose all over his body, but the moment the fist wind touched it, there was a crisp sound of metal mingling.

Where the fists of the two collided, the aura within a radius of a hundred feet instantly condensed into substance, turning into dust and falling.

“Kacha!”

The sound of bone cracking in the right arm of Wen Nanxing was clearly audible, and he staggered back seven steps, each step showing scorched black footprints in the void.

Musha took advantage of the victory and chased after him, pinching his left hand, and nine thunderbolts suddenly descended from the sky above his head, turning into chains and entangling all his limbs in the southbound direction.

“Thunder Prison Robbery!” Musha’s white beard was flying, and tears suddenly flowed from his left eye, “Today I will use these 30% of my cultivation base to kill you, a false fairy!”

Asking Nanxing to look up to the sky and howl, the totem of the burning sect behind him actually emerged from the void—it was the phantom of the black bird reborn in the fire.

The black finch’s wings spread out to cover the sky and the sun, and every feather was burning with a blue fire, fusing all the thunder chains.

Musha snorted muffledly, the corners of his mouth overflowed with blood foam, and the runes all over his body flickered and dimmed.

“Huh, the heavenly way of the heavenly world does not recognize your immortal law!”

Chapter: 8106

The great array of heaven and earth collapsed, and in all corners of the heaven-human realm, golden rays of light rushed straight into the sky. These are the monks of the heaven-human realm who are trapped in the heaven-human realm!

This golden light filled the entire heavenly realm, just like fireworks. Chen Ping looked at the golden light, but he didn’t expect that there were so many heavenly monks trapped in the heavenly realm!

In a cave, the ancestor Shenwen and the demon Array were still playing chess. The two of them felt the disappearance of the great array of heaven and earth, with a long-lost smile on their faces!

“Brother, this game of chess has been played for so many years, and now it’s time to win or lose, and then go home!”

Jinmo said with a smile!

“Go home, I have been trapped for so many years, I thought I would never be able to go back for the rest of my life!””

After the ancestor Shenwen finished speaking, a chess piece in his hand slowly fell!

Jinmo was taken aback for a moment, and then looked at the ancestor Shenwen in surprise: “Brother, you...why did you beat me so quickly?”Then why has this game of chess been played for so many years?”

“If I hadn’t played chess with you for so many years, and you had been feisty with me for so many years, it is estimated that you would have ended in depression a long time ago!”

Ancestor Shenwen smiled!

After hearing this, Jinmo couldn’t help but smile: “Brother, thank you...”

After speaking, two golden lights flashed, and there was no one in the cave, only a chessboard was left there!

Perhaps many years later, this cave will become the fairy cave explored by future generations of monks!

The monks of Elysea are racing against time to return to Elysea, and they can’t stay for one more second!

Taoist Master Wuji, Nan Baotian, Li Chunfeng, Shen Zhiyan.....

They looked at the collapsed array of heaven and earth, with longing in their eyes!

It's just that they know that they can't leave yet. If they leave, Chen Ping will undoubtedly die!

Ask about the strength of Nanxing, none of them can carry it together. If only Chen Ping is left, I am afraid that he will be crushed into slag in an instant!

"Mr. Chen, hurry up and escape, we are afraid we won't be able to support it for long!"

Lin Chong said to Chen Ping!

The terrifying aura had long suppressed them from moving. Now that the world is broken, if Chen Ping does not escape quickly, he will definitely suffer the suppression of the southbound journey in the end!

"Don't worry, none of you can escape..."

Chapter: 8107

Ask Nanxing with a hideous face!

The ancestor asked him to stop Chen Ping from breaking the great array of heaven and earth. Now he has failed. He knows that if he doesn't kill these people, he won't have the face to meet the ancestor!

And the ancestor blamed him, let alone him, even the fire Burning Sect was afraid that they would disappear together!

With the breath of Wen Nanxing's body erupting again, Chen Ping's body seemed to be suppressed by ten thousand mountains!

"Mr. Chen, I can only help you get here!"

Lin Chong saw that Chen Ping was also suppressed, with determination in his eyes!

After speaking, his hands suddenly shook, and his body began to swell!

Lin Chong is going to explode!

Upon seeing this, Chen Ping hurriedly shouted: "Emperor Lin, don't..."

"Mr. Shi....."

Chen Ping roared, calling Mr. Shi!

He didn't know if Mr. Shi could hear it, but he knew that when he was most dangerous, Mr. Shi would definitely show up!

"Mr. Shi?" Ask Nanxing with a cold smile: "Now it's useless for you to call your father!"

Chen Ping ignored him and yelled again: "Mr. Shi..."

Boom!

Just as Chen Ping finished shouting, suddenly a void in the sky seemed to crack from the middle, and a middle-aged man in a green shirt came slowly!

"Mr. Shi..." Seeing the visitor, Chen Ping was suddenly surprised!

At the moment Mr. Shi arrived, the terrifying coercion of heaven and earth disappeared in an instant!

Everyone sighed for a long time!

When the Lord of the Western Regions saw Mr. Shi, his body shook slightly: "It's him, it's him..."

The pants of the Lord of the Western Regions are wet, and he peed again!

Asking Nanxing, he glanced at Mr. Shi and said coldly, "Who are you? Dare to stop me from burning the sect to do things?"

Chapter: 8108

Mr. Shi didn't pay attention to him, but looked at Chen Ping with love and pity in his eyes: "You broke the formation of heaven and earth?"

"Yeah!" Chen Ping nodded!

"Not bad!" Mr. Shi stroked Chen Ping's head!

Asked Nanxing frowned: "Damn, I hate a guy like you who pretends to be coercive the most. Dare to ignore me?"

After speaking, Wen Nanxing suddenly took a step forward, and then slammed a punch at Mr. Shi!

The power of the avenue is rolling in!

With this punch, ask Nanxing to use all his strength, he wants to kill Mr. Shi who pretends to be coerced with one punch!

But facing Wen Nanxing's punch, Mr. Shi didn't even look at him, still stroking Chen Ping's head.

Seeing the power of that punch rolling in, Mr. Shi waved lightly without even looking at it!

Boom!

Accompanied by a soft wind blowing, the terrifying power of the avenue, but under Mr. Shi's wave, instantly disappeared without a trace, as if it had never appeared before!

At the same time, a blood hole appeared in Nanxing's chest more than once, and his internal organs could be clearly seen!

instantly!

There is a dead silence between heaven and earth!

Everyone looked blankly, their faces unbelievable!

In addition to being shocked, the lord of the Northern Territory looked at the lord of the Western Territory who had peed his pants. He finally understood why the lord of the Western Territory peed his pants!

Shen Zhiyan and others were shocked when they saw this scene in front of them. As monks in the Heavenly Realm, they naturally had a wide range of knowledge, but the Mr. Shi in front of them made him unable to see through or guess!

A person who looks polite and polite does not have a trace of breath on his body, but with a wave of his hand, as if he dared to fly, he could make a monk who turned into a fairy land die out!

And at this moment, he asked Nanxing, his eyes were wide open, his face was unbelievable, and he lost his soul and said, "How could it be?" "How could it be like this?"

He can't believe it now, there are still such people in the world of heaven and man!

He is the highest combat power in the world of heaven and man, and he is invincible!

Why was it killed in seconds with a single wave?

Chapter: 8109

“This is impossible? Absolutely impossible!”

Ask Nanxing if you don't understand!

Only at this time did Mr. Shi look at Wen Nanxing and said lightly, “What's the matter? Looking at you, you seem to be dissatisfied?”

After speaking, Mr. Shi shook his palm lightly, and asked Nanxing to only feel a force in his body disappear instantly, and then the blood hole in his chest also recovered as before!

“You have recovered, then let's fight again!” Mr. Shi said!

Seeing this scene, everyone looked stunned.

And when Musha saw this scene, his expression became extremely excited. He knew that this person was the one Chen Ping said!

Someone who can save his wife!

Although Musha was already dying at this time, it was worth it to save his wife!

Asking Nanxing to look at Mr. Shi, his expression suddenly became extremely hideous!

He felt that Mr. Shi was deliberately humiliating himself!

“No one has ever humiliated me so much...”

Wen Nanxing roared, his whole body twisted like a beast, accompanied by a roar, his entire body was wrapped in black flames!

Terrifying breathes continued to sweep, his body and soul were burning at the same time!

The aura of terror is constantly spreading around, as if it is going to destroy the entire heavenly and human world!

When Taoist Master Wuji and the others saw this, they all frowned!

Wen Nanxing glared at Mr. Shi and punched him out!

This punch contains his lifelong cultivation base!

If he had used this punch just now, Musha would have been defeated a long time ago, and Lin Chong and others would have perished a long time ago!

Everyone stepped back one after another, watching the terrifying scene!

Many disciples of the Fire Burning Sect died here one after another because they didn't have time to retreat!

Even the two brothers and sisters who asked for love were blackmailed by this terrifying aura!

"Father....."

No matter how they shouted, it was as if they hadn't heard it when they asked Southbound!

Chapter: 8110

Wen Nanxing was crazy, even his own children were ignored, and he watched Wen Qing's brothers and sisters die under his soul-burning horror!

Mr. Shi smiled faintly, his eyes full of contempt!

With a gentle wave of Mr. Shi's palm, the terrifying aura disappeared again, and Wen Nanxing's chest seemed to be hit by some kind of force, and a blood hole appeared!

Wen Nanxing stood still, looking down at the blood hole in his chest, without saying a word!

Between the heavens and the earth, once again fell into a deathly silence!

Ask if the southbound trip has been stopped again!

"Why, why on earth?"

I cried when I asked Nanxing!

His face was full of disbelief, and he didn't understand why this was!

All along, Huoyinzong has been the number one in the Tianren world, and his strength is also recognized as invincible in the Tianren world, but why did a Mr. Shi suddenly appear?

He had been able to ascend a long time ago, but in order to enjoy the worship of the heavenly world and the invincible reputation of the heavenly world, he has not ascended to the heavenly world for a long time!

But in the end, how could this be the result?

Where did this Mr. Shi come from?

In front of him, he didn't even have the ability to fight back!

I asked if Nanxing was desperate, that despair was more uncomfortable than death!

What is more desperate than asking southbound is the remaining strong men of the Huoyinzong who are not yet dead!

They looked at each other blankly, these people were all transformed into fairyland, and they could fight with Lin Chong and others!

“Escape.....”

In the minds of these masters of Fire Burning Sect, there is only one thought at this time!

More than a dozen masters of the fire Burning Sect suddenly fled in all directions, using their fastest strength to escape!

“They must not be allowed to escape...”

When Chen Ping saw it, he was about to chase after the situation!

Lin Chong and the others are going to chase after them too!

But I saw Mr. Shi casually raise his hand!

Puff!

More than a dozen masters of the fire burning Sect from all sides exploded to their deaths at the same moment!
