

## **The Order 8151**

Chapter: 8151

“You... how come you have the aura of a demon race, are you a human race or a demon race?”

The masked man’s face was shocked!

“What do you say?”

Chen Ping smiled coldly, and then the dragon crystal on his chest began to flicker. Behind Chen Ping, a huge golden dragon slowly appeared!

But in an instant, Chen Ping took back this dragon aura, as if nothing had happened!

“Orcs?”The mask man is in a daze at the moment!

“How can you have the aura of three races on your body alone?Which ethnic group do you belong to?”

The masked man questioned Chen Ping!

“Which one do you say I am, which one am I, so if you only detain the human race here, then you will lock up the wrong person!”

Chen Ping smiled!

The masked man really realized Chen Ping’s awesome at this moment!

Not to mention the strength, as far as the aura of the three races in Chen Ping's body is concerned, that is not something that ordinary people can possess!

"You are the only person I have ever seen who possesses the breath of all three races. In your case, you are very fragrant here."

"You can wander around the first heaven of the entire celestial realm at will..."

"You know, this is an area with a large clan boundary, an area where the human race lives, an area where the demon race has the demon race, and an area where the orc race has the orc race!"

"They generally don't leave their own territory. If they accidentally run to other ethnic areas, it is very dangerous."

"After all, resources are limited, and every ethnic group protects the resources of its own realm!"

"And you have the aura of the three races, then you can walk around, and no one will stop you!"

The masked man followed Chen Ping and said!

"Then in that case, it's okay if I want to leave from you?"

Chen Ping asked!

"Of course, you can be a member of our Demon clan, and I have no reason to detain you!" The masked man nodded!

"Then I ask you, why do you want to detain the human monks, and the demons and orcs want to let them go?"

Chen Ping asked curiously!

“My place is in the realm of the Demon race, and the access to the avenue is random. If you pass you to me, of course I will leave the human monk behind.”

“The same kind of Asmodians, of course I have to let it go. As for the orcs, because the orcs have already handed in resources, the orcs can also be let go!”

The masked man explained!

“In this way, in the realm of other races, there will also be your Demon monks who will be led by the avenue and then locked up?”

Chen Ping asked!

The masked man nodded: “Yes, that’s it. Every few hundred years, we will exchange trapped people with each other!””

“Then let me ask you, before we entered, did you meet a man and a woman who were also attracted by the avenue?”

Chen Ping wanted to ask if Ning Zhi and Su Yuqi were also locked up here!

“Then I don’t know, after all, the place where the avenue leads to is different every time!”The masked man said truthfully!

Chapter: 8152

After listening to the masked man’s words, Chen Ping couldn’t help sighing. It seemed that it was not so easy to find Su Yuqi and Ning Zhi!

“Now we leave this shithole, can we?”

Chen Ping asked the masked man!

“Of course you can, of course you can, please take care...”

The masked man is very polite!

You’re welcome, although Chen Ping’s realm is not high, he has the aura of three races, and there is obviously someone behind him!

I still know so many big demons, as for the truth or falsehood, the mask man doesn’t want to tell the difference!

There is also that Hu Mazi, who is covered in fairy bones and speaks rudely. If he is really in a hurry, he will have no good fruit to eat!

“When we leave this place, are we in your Demon realm?” In that case, will someone target us?”

Hu Mazi asked!

“Leaving here is not necessarily the realm of the Demon race. I will send you back to the avenue to receive you. As for where you can teleport to, I don’t know!”

The masked man said truthfully!

“That’s okay, send us away!”

Hu Mazi nodded!

The masked man raised his right hand and then waved forward!

Whoosh!

A white light suddenly appeared in front of Chen Ping and the others, just like the white light in the ladder!

Looking at the white light, Chen Ping and the others realized that it turned out that they were in the middle of the avenue, they were intercepted by someone, and they were directly put into the cage!

It seems that those monks in the low-plane world, one by one, dream of being led to the heavens through the avenue, which is not a good thing!

For a journey of cultivation, it is better not to take shortcuts!

After Chen Ping and the three of them walked into the white light, they instantly felt a blur in front of them, and then countless stars passed before their eyes!

This time, Chen Ping did not faint, so he could clearly see the stars passing by!

At this moment, he seemed to be in the galaxy of the universe!

“It’s so spectacular, is this the feeling of being the master of the universe?”

Chapter: 8153

Chen Ping said in shock!

When you become the master of the universe, you can pinch a world at will, or even erase a universe at will. It must feel very cool!

Just when Chen Ping was still immersed in the cosmic galaxy, his eyes suddenly turned black!

Then a white light flashed, and a large grassland appeared in front of Chen Ping and the others!

The blue sky and the green grassland are just that there are no cattle and sheep. If there are cattle and sheep, Chen Ping might mistakenly think that he has returned to the grassland of the secular world!

There is no aura in the world here, and it is replaced by fairy aura!

Although Chen Ping is only a product of the fairy land, his meditation technique can also refine the immortal spirit, so it has no effect!

“Master Hu, when we teleported over just now, did you see the cosmic galaxy?”

Chen Ping asked!

“Cosmic Galaxy?” Hu Mazi and Xiurui were both taken aback!

Then the two shook their heads and said, “I didn’t see anything. It’s all black in front of me. Have you seen the universe?””

When Chen Ping heard this, he felt a little strange. It’s impossible for him to see the cosmic galaxy only by himself, right?

“I didn’t see it either, just ask!”

Chen Ping couldn’t explain either, simply saying that he hadn’t seen it either!

“Where is this place? I don’t know if it’s a human realm, if it’s a place of other races, we’re afraid we’ll be in trouble!”

Xiu Rui said worriedly!

“This place is so beautiful, it must be a human place, look at this grass, look at this day...”

“And the air here is fresh, with bursts of floral fragrance, it’s really a wonderland on earth!”

Chen Ping likes this place very much!

“If you like it, then stay here and see if you can meet a few human beauties.”

Hu Mazi smiled!

“Pull it down, let’s go, let’s find someone to ask where it is.”

Chen Ping jumped up and flew in the air!

Flying in this world is really much more comfortable, and the consumption is extremely low!

Chapter: 8154

“The boundaries of these races are not divided according to the environment, so you’d better be careful!”

Hu Mazi flew to Chen Ping’s side and said!

“Master Hu, are you wrong? It should be the two of you who are more careful. You forgot that I have the aura of three races. Regardless of his clan boundary, I am the master!”

Chen Ping said with a smile!

When Hu Mazi heard this, he rolled his eyes suddenly: “I’m not afraid, I’m hiding the talisman again. If you want to change the aura of any clan, you can change the aura of any clan.”

When Na Xiurui heard this, his face was embarrassed, because he had nothing, and there was no way to hide his breath!

“Master Hu, if this is not the human realm, I hope that in danger, Master Hu can give me a hidden talisman!”

Xiu Rui followed Hu Mazi with a flattering face and said!

“Of course it’s okay, but I can’t give it to you for nothing, you want that thing in exchange!”

Hu Mazi said!

“What do you want? I have been locked up for hundreds of years, and I don’t have anything good on me. Take whatever you like!”

Xiu Rui took out his storage bag and said!

Hu Mazi didn’t even look at it and said, “Who wants your rags, you want a hidden talisman, and you can exchange it for a woman.””

“Woman?” Xiu Rui was taken aback!

“Yes, woman!” Hu Mazi nodded!

Xiu Rui looked bitter, smiled embarrassedly and said, “Master Hu, stop kidding, how can I have a woman!”

“But if Master Hu doesn’t dislike it, do you think I can do it?”

Xiu Rui suddenly looked at Hu Mazi with hot eyes, and he didn’t forget to stroke his hair!

“Fuck, you disgust me...”

Hu Mazi threw a hidden talisman to Xiurui and said, “Stay the fuck away from me, my heart can’t stand it!”

Hu Mazi accelerated and stayed away from Xiurui!

Xiu Rui took the hidden talisman and put it away with a smile!

“Fortunately, Master Hu didn’t agree. If he agrees, I will suffer...”

Xiu Rui smiled!

Chapter: 8155

“What kind of person are you?” Chen Ping also looked at Xiu Rui with disgust and asked!

If Xiu Rui is really that kind of person, he must leave immediately, and he must not let this guy follow him!

Maybe one day when I go to bed, my ass will be gone!

“Don’t get me wrong, Daoyou Chen, I’m joking with Master Hu!”

“Look at my masculinity, how could I be that kind of person!”

“I am a person with a wife and children in the Wuxu Realm, don’t get me wrong!”

Xiu Rui hurriedly explained, he was really afraid that Chen Ping would leave him behind!

In a place where you don’t know what realm, if you leave him alone, it makes no difference to let him die!

“That’s good, your words really make Lao Tzu’s chrysanthemum tight...”

Chen Ping said!

Xiu Rui could only giggle!

While talking, the three of them had been flying for more than an hour, but they found that for more than an hour, they hadn’t seen anyone, not even an animal!

“Master Hu, we are afraid that we have flown thousands of miles, so why can’t we see anything?”

“It won’t fly to the end, and there is nothing, right?”

Chen Ping asked!

“Damn it, where is this? This world is vast, so you think it’s the same as the worldly world!”

“The hell of hundreds of worldly worlds is not enough for a corner of this world.”

Hu Mazi explained!

“Fuck, it’s too big!” Chen Ping was speechless for a while: “Then will we fly to the second heaven?” “Where is the second heaven?”

“With your strength, you can’t reach the second heaven. In fact, the thirty-six heavens of the heavens are all in one space, but the dimensions of the space are different. It’s not like the ladder to the sky, layer by layer.”

“If you want to enter the second heaven, you must be able to cross the spatial dimension. Now you don’t even have any perception of the space of the first heaven. How do you get to the second heaven?”

Hu Mazi smiled!

“Can the people of the second heaven reach this second heaven?”

Chen Ping asked!

Chapter: 8156

“Of course you can, not to mention the second heaven, even the supreme saint of the thirty-sixth heaven can come to the first heaven, but it’s impossible for others to come!”

“In the eyes of others, you are not even an ant. What are you doing here?”

“Think about yourself, would you go to the world of ants to pretend to be coerced? Step on dozens of ants with one foot, do you have a good time?”

“And you are in the world of ants, what can you get?”

“Except for wasting time, you can’t get anything!”

Hu Mazi said!

“That’s true, but if people from the second heaven can also come to the first heaven, there are no restrictions, wouldn’t people from the first heaven be very dangerous?”

Chen Ping was a little puzzled, if there is no limit, how dangerous it is!

“This is the heavenly realm, and you may lose your life at any time. Now a heavenly immortal from the Nine Heavens has come to the first heaven, and he can directly destroy everyone in the first heaven!”

“I remember that many years ago, the Triple Heaven was completely erased by a golden immortal once, but with the passage of time, the Triple Heaven will reappear as a cultivator, and the Triple Heaven is still the Triple Heaven!”

“After that time, the golden immortal was punished by Heaven, as if all the gods had been destroyed. The heavens have the rules of the heavens. Even if you can destroy a world at will, you can’t do that!”

Hu Mazi explained to Chen Ping!

After all, Chen Ping knows too little about Elysea!

Xiu Rui was listening to the side, and also supplemented the knowledge of the heavens!

“Whoosh.....”

Just when Chen Ping and the others were chatting vigorously!

Suddenly a sharp arrow came quickly, and there were traces of cutting through the void behind the sharp arrow!

“Fuck.....”

Chen Ping and the three of them. I was taken aback, one of them didn't pay attention, and was attacked by someone!

But fortunately, although this arrow is extremely sharp, it is not particularly fast!

After Chen Ping and the three of them escaped, they instantly looked in the direction of the sharp arrow!

At the same time, Chen Ping was holding a dragon slashing sword, and he had already cut it out with one sword!

But when Chen Ping slashed out with a sword, he found that a child's head was sticking out of the place where the sharp arrow had just been shot!

The child still has a horn on his head, and a pair of big black eyes are secretly looking at Chen Ping and the others!

Chapter: 8157

Chen Ping was taken aback, then turned his wrist, and the sword aura directly changed direction, passed by the child's side, and then bombarded a deep pit on the ground!

The child was also taken aback, and then shouted: “Sister, there are people here who have broken into our territory...”

Upon seeing this, Chen Ping instantly understood that this is not the realm of the human race, but the realm of the orc race!

So Chen Ping exuded the aura of the orcs in his body!

Hu Mazi and Xiurui also hurriedly put the hidden talisman on their bodies!

Accompanied by the child's shouting, a girl who looked like she was only eighteen or nineteen years old ran quickly!

When she saw the three of Chen Ping, she directly slapped the child just now and said, "Who told you to run around? Obviously, all three of them are of our tribe. You actually said they are human?"

"I....."

The child looked aggrieved, but looking at Chen Ping and the three of them, he really didn't notice the human aura!

"Three Taoist friends, I'm really sorry. My younger brother is still young and I'm not familiar with distinguishing breath. I'm really sorry."

The girl stepped forward and apologized to the three of Chen Ping!

"It's okay, but this kind of thing can't happen in the future. Your brother attacked us just now. If we hadn't dodged in time, we would have been injured."

Chen Ping followed the girl and said!

When the girl heard this, she directly pulled the child with a cold face and said, "Don't apologize, you reckless guy, if you hurt someone of the same family and are sued to the city lord, we won't want to enter the city!"

"Sorry, I didn't mean to..."

The child hurriedly apologized to Chen Ping and the others!

"It's okay, it's okay, it's still a child!"

Chen Ping hurriedly stroked the child's head!

Chen Ping didn't know that this child's realm was higher than that of him. As soon as he made a move, he was in the heavenly realm, covered in immortal bones!

This is why some people were born in Rome, while others have struggled all their lives and can't get to Rome!

Hu Mazi looked at the child with long horns on his forehead, and also curiously stepped forward and touched the corner of the child's forehead, smiled and said, "It's so fun, follow the chick....."

Chen Ping glared at Hu Mazi, and Hu Mazi shut up instantly. Fortunately, he didn't say the next word!

The girl looked at Chen Ping and the three of them, and was slightly surprised: "The three of you are all from the world below, were you attracted by the avenue?"

Chen Ping nodded: "Yes, how can you tell?"

Chapter: 8158

"You are still in the realm of Fairyland. Of course, the world below was led by the avenue. The children born in our heavenly realm are all immortal bones, and they are all immortals!"

Chen Ping was speechless for a while, and could only smile embarrassedly!

"Don't be angry, I'm not hitting you. Many monks here who were attracted by the avenue from the world below have become immortals in the future, and some have reached a higher plane."

"Speaking of which, the three of you are lucky to be teleported directly to the realm of our orcs. If you teleport to the realm of other races, you will be in danger."

"It's still possible to be locked up and go to jail. It looks calm here, which is much more dangerous than the world below!"

The girl comforted Chen Ping!

Chen Ping smiled, and then asked, "We just came all the way and ran for nearly an hour. Why didn't anyone see it?" I haven't seen the city either, there are too few people in this orc realm, right?"

Listening to Chen Ping's words, the woman suddenly covered her mouth and smiled: "This radius of hundreds of thousands of miles is the realm of the orcs, and this radius of tens of thousands of miles is the territory of our Rhino City. You can run for an hour to get as far as you want, you just want to see people!"

"Hundreds of thousands of miles?" Chen Ping was shocked. There are hundreds of thousands of miles in one realm. How big would it be if the three realms were added together?"

If you fly to death by yourself, you probably won't be able to fly to the border!

"In such a big place, you are afraid that you will never be able to reach other places in your life, right?"

Chen Ping asked in shock!

The girl continued to smile and said, "Why can't you? It's more than 10,000 miles from Rhino City. I haven't come to play with my brother yet."

"Then how long did you come here?" Chen Ping said curiously!

"Well... a few breaths, right?"

The girl pondered for a moment and said!

"How many breaths?" Chen Ping said in shock!

“We can all jump in space, but we don’t need to fly everywhere at all, don’t you?”

After the girl finished speaking, her palm gently spun a circle in the air, and the whole person disappeared instantly when she entered the ring, and then reappeared in an instant!

Chen Ping looked at this scene and took a deep breath. Everyone was numb!

In the world of heaven and man, that kind of space jump that is almost divine, in a place like the world of Heaven, it has become something that everyone knows!

And people are thousands of miles in one step, but they have to fly for an hour!

“I don’t know the names of your sisters yet!”

Chen Ping wants to follow the girl to set up a condom, to see if he can learn something from it!

Chapter: 8159

There is absolutely nothing wrong with following these celestial aborigines as friends!

“My name is Niu Li, and my brother’s name is Niu Ben.”

After the girl finished speaking, she looked at Chen Ping and said, “I don’t know your names yet!”

“My name is Chen Ping, this one is Hu Mazi, and this one is Xiurui!”

“Can you take us to Rhino City? If we fly over by ourselves, it will probably take a long time!””

Chen Ping hopes that the girl can bring them over!

At such a long distance, if they fly, they won't be exhausted to death!

"Of course you can, you can come with me!"

Niu Li nodded!

"Sister, I still want to play for a while. I finally got out. If I go back, my parents will definitely not let us out again."

Niu Ben said reluctantly!

"Dare you say that if these three Taoist friends are not orcs just now, you will be in danger. Just show you the outside world. After you go back, your parents will definitely say me!"

After Niu Li finished speaking, her fingers instantly formed a circle, pulled up Niu Ben and walked in!

Upon seeing this, Chen Ping and the others hurriedly followed suit!

Chen Ping and the others only felt lighter, and then they appeared thousands of miles away!

The girl kept drawing circles with her fingers in the void, and Chen Ping and their bodies jumped in space again and again!

In just a few breaths, Chen Ping and the others came to the foot of a high mountain!

There is no longer the green grassland here, and large areas of stones are exposed on the ground!

Then I looked into the distance and saw a huge city standing there at the foot of the tall mountain for thousands of miles!

The city is extremely huge, and the city gate alone is probably a hundred feet high!

Compared to the Sun and Moon City in the heavenly world, this rhino City is more than a hundred times larger!

And in front of this huge city, there is also a moat up to a hundred miles wide, and the river is full of black water flowing!

At the top of the city gate, there is also a huge rhino statue!

The rhino's horns are hundreds of meters long!

Chapter: 8160

Just looking at the city in front of you can scare people to death, let alone go in!

Even if it was so far away, the terrifying aura in the city could still be sensed!

Hu Mazi and Na Xiurui's faces became very ugly at this time!

Because the two of them are hiding their breath and then pretending to be orcs, if there is a strong man in the city who sees through the two of them, it will be troublesome!

Niu Li looked at Hu Mazi and Xiurui's scared look, so she said, "Don't be afraid, we are all very friendly as orcs."

“In this city, there are many monks like you, all of whom are attracted from various sources.”

“In the three heavens of the human world, there are very few aborigines. My parents once failed to ascend and were attracted by the avenue.”

“Later, we cultivated to the realm of Sanxian. With our siblings, we can inherit the immortal bones of our parents.”

Niu Li dispelled Chen Ping and the others’ concerns. After all, Chen Ping and the others had just been led to a strange place by the avenue, and the realm was not strong, so they would definitely be nervous and scared!

“Thank you, if it weren’t for you, we would probably be sleeping in the wild!”

Chen Ping said with a smile!

“You’re welcome, follow me into the city!”

After Niu Li finished speaking, she waved her palm towards the city!

Soon, a white light shot out of the city and shone on Niu Li’s body!

As the white light flickered three times, Chen Ping and the others slowly moved away from a huge barrier in the void in front of them that was visible to the naked eye!

If it weren’t for this barrier change, Chen Ping and the others would still not be able to find out!

If the three of them flew straight over, they would definitely hit it!

“Well, this is the defensive formation of the city. We can only enter if it is opened!”

After Niu Li finished speaking, she rose directly into the air!

Chen Ping and the others also flew into the city!

Hu Mazi and Xiu Rui were extremely nervous at the moment, only Chen Ping seemed to be okay!

After all, the orc aura on Chen Ping's body is real!

On both sides of the city gate, two teams of armored guards stood!

After seeing Chen Ping and the others coming, the guards all stood solemnly, raising their weapons high in their hands!
