

The Order 8161

Chapter: 8161

This shocked Chen Ping and the three of them, thinking they were going to attack them!

But I heard the guards shout loudly: "Welcome to the princess, prince..."

"Princess? prince?"

Chen Ping and the three of them were all in a daze, and then they looked at Niu Li and Niu Ben!

They didn't expect that these two people turned out to be the princess and prince of Rhino City!

That is, their parents are the lord of this Rhino City?

Niu Li stroked her palm lightly, and a soft white light enveloped the guards!

"Thank you Princess!"

The guards obviously became excited and happy, and then quickly opened the city gate!

Just after Niu Li and Niu Ben entered the city, Chen Ping and the others followed, but were stopped by a guard!

"Stop, what do you three do? Where did it come from?"

The guard looked at Chen Ping and the three of them cautiously and asked!

“We are also orcs, go to the city to play...” Chen Ping replied!

“I know you are orcs, but you can’t go in without a pass!”

The guard stopped Chen Ping and the others and said!

Before Chen Ping could speak, Niu Li, who had entered the city in front of her, turned her head and said, “They are my friends, let them in!”

When the guard heard this, he immediately stepped aside, and then apologized: “I’m really sorry, I didn’t know you were friends of the princess!”

“Fuck, the dog’s eyes are low!”

Hu Mazi curled his eyes and scolded the guard!

The guards could only listen, still smiling, they did not dare to offend the princess’s friends!

After following Niu Li’s siblings into the city, Niu Li gave Chen Ping a small token, and then said, “You guys go shopping in the city first. I want to take my brother home and tell my parents, otherwise my parents will be anxious!”

“This token can communicate and locate. I know your location, and I will find you again when the time comes!”

Chen Ping nodded, took the token, took a closer look, and found that there was nothing peculiar about this token!

The only difference is that this token contains immortality!

Chapter: 8162

After Niu Li's siblings left, Chen Ping took Hu Mazi and Xiu Rui around the city!

Looking at the bustling street, Chen Ping found that the city of this world is not much different from the world of heaven and man, and there are various shops on both sides of the street!

Sure enough, in this city, Chen Ping found many monks who had transformed into fairyland, and these were obviously attracted by the avenue!

However, it is really rare for a monk like Chen Ping to transform into a fairy land!

The worst monks encountered are all eight products of the Fairy Land. After all, they can be connected through the avenue, and they can't do it without some strength!

"This world doesn't seem to be as good as I thought..."

Chen Ping said with some emotion!

How many people have devoted their lives to cultivating in order to ascend to the heavens, and even abandoned their wives and children to compete for resources!

Just to be able to fly to the heavens!

But now Chen Ping and the others came to Elysea and found that Elysea was not as good as they thought!

Just as Chen Ping was wandering around with Hu Mazi and Xiu Rui, he suddenly found a huge stage in front of him, surrounded by many people, and there were bursts of shouting!

“What is the front for? Isn’t it a circus?”

Hu Mazi asked curiously!

When Chen Ping heard this, he couldn’t help but give Hu Mazi a blank look and said, “Master Hu, can you use your brain? This is the animal world. They are all orcs. Will they make any circus?”

The people here are all orcs, and they are all kinds of animals in themselves, but because of cultivation, they have become human beings!

Now they become human beings, and then they are doing some animal performances?

Is this possible?

“Let’s go, go over and have a look, maybe there is a striptease!”

Xiu Rui looked at the crowd in front of him and said!

“Fellow monks, do you also have strippers in the Wuxu Realm?” Chen Ping asked curiously!

“Of course, those strippers are very good, after all, their conditions for earning resources are very simple.”

“Striptease, twist your ass, and you will earn resources. I want to be a woman if I envy it!”

Xiu Rui said!

When Chen Ping heard this, he couldn’t help smiling, but in some ways, women do have an advantage over men!

Chapter: 8163

“Let’s go, go over and see, what’s the good thing!”

Chen Ping took Hu Mazi and Xiu Rui towards the stage!

Chen Ping and the others walked towards the high platform built not far away!

Because there were too many people, Chen Ping and the others finally squeezed in!

“Do the immortals of this world love to join in the fun so much?”

After Chen Ping squeezed in, he said helplessly!

One by one, they all arrived in the heavenly realm, and they didn’t practice well, so they huddled together on the street to watch the excitement!

Shouldn’t this be what mortals do?

“Immortals are also human beings, and they also have seven emotions and six desires. Don’t listen to what they used to say in the secular world all day long that if you want to become an immortal, you must cut off the seven emotions and six desires!”

“Pure nonsense, that’s all lying to mortals, there are too many people who give birth to children among the immortals!””

“Immortals are no different from mortals, and even sometimes, they like to pretend to be coerced and join in the fun than mortals!”

Hu Mazi followed Chen Ping and said!

Chen Ping was right when he thought about it, otherwise, Nanba Tian, Li Chunfeng and the immortals would not secretly watch the eldest girl take a bath!

To put it bluntly, there is lust. If there is no more seven emotions and six desires, it is useless for people to live!

There is a fart use for cultivating!

The reason why I practice to make myself more powerful is also to make myself more satisfied.

“Don’t squeeze, don’t squeeze, these two are high-end goods today. You can only take them if the price is satisfactory!”

At this moment, on the high platform, a big man who was more than three meters tall said loudly!

Next to him, there is a big iron cage, but the iron cage is wrapped in black cloth, so you can’t see what’s inside!

“There are people in the iron cage, and they are women!”

Chen Ping glanced at the iron cage!

“Friends Chen Daoyou, how do you know? This black cloth obviously has the effect of isolating the divine consciousness, and I have detected it with the divine consciousness!”

Xiu Rui asked very suspiciously!

“Listening to the voice, I heard the sound of the girl crying in the iron cage.”

Chapter: 8164

Chen Ping said!

Upon seeing this, Xiu Rui pricked up his ears and listened carefully, but the scene was so noisy that he couldn't hear anything at all!

"It's indeed the voice of a woman crying!"

Hu Mazi also spoke!

It seems that Hu Mazi also heard it, and Xiu Rui was embarrassed. He heard it all, but he didn't hear it. Obviously, his strength is too bad!

"Big one, what kind of high-end goods are you today, so mysterious?"

"That's it, what kind of treasure is it? Let's take a look."

"Don't look like the last time, he died in less than two days."

Everyone in the audience yelled one after another!

It seems that this is not the first time this big man has set up a stall here!

"Don't worry, this time it must be high-end goods, but I risked my life to get it."

The big man said confidently!

“Tell me the price!” Someone shouted!

“From Wu Baixian coins...”

The big man stretched out his palm and said!

“Wu Baixianbin, are you poor and crazy? Are you kidding me?”

“You don’t want Wu Baixian coins, what a high-end product.”

“Lao Tzu has been working on resources for a month, and only exchanged dozens of cents in Tianbao Pavilion. Are you just Wu Bai with your mouth open?”

Everyone was dissatisfied, and many people even turned around and left!

This price is out of their range, and they don’t even look at what it is!

The big man was not in a hurry, but deliberately sold Guanzi and said, “This high-end product, Wu Baixian Coin is definitely excellent value for money...”

“Fuck, don’t sell it, hurry up and see what it is?”

“You are pretending to be so coercive, let’s all go, and we won’t care about it anymore.”

“Go for a walk, let him pretend to be here by himself!”

Chapter: 8165

Everyone is very dissatisfied, after all, this kind of appetite is very annoying!

“Don’t go, don’t go, I’ll show you!”

The big man panicked a little, so he uncovered the black cloth!

When the black cloth was uncovered, it was found that there were two girls in the iron cage. The two girls were very beautiful and their skin was snow-white!

At this moment, the two girls are wearing only underwear and are watched by everyone in the iron cage!

The two girls trembled in fear, their eyes full of horror!

Seeing these two girls, the scene was suddenly chaotic!

“Damn, it’s so beautiful...”

“Big one, such a beautiful human girl, where did you get it?”

“If you get a house, it’s good to be a slave girl!”

Everyone looked at the girl intently, talking about the two girls in slanderous words unabashedly!

Hu Mazi’s eyes were shining at the moment, his Adam’s apple rolled, and he bit his mouth tightly. It is estimated that he would not help it, and he would go directly to the stage to grab it!

“How’s it going, I said high-end goods, Wu Baixian coins are not expensive at all!”

“Whoever of you wants it, you can bid. Wu Baixian has the lowest price, and the one with the highest price will get it!”

The big man shouted!

“Wu Baiwu.....”

“Five hundred and six...”

“Five hundred and seven.....”

Soon people were clamoring for prices, but the increase was not large!

It seems that the people here are very poor, ten dollars and ten dollars plus!

The two girls were curled up, and they became a commodity at this moment. They had no rights, let alone resistance!

Just like in the secular world, those vendors who sell animals are the same!

It’s just that in the heavens, the human race, the orcs, and the demons are already standing on the same starting line, so the human race is also used as a commodity!

“I’ll pay a thousand...”

Chapter: 8166

At this moment, Hu Mazi beside Chen Ping suddenly shouted!

This sound was like thunder on the flat ground, making the scene instantly quiet!

People add ten dollars and ten dollars, and they are still gritting their teeth!

But someone suddenly shouted out the high price of a thousand cents!

Everyone looked at Hu Mazi, and the big man on the stage also looked excited, staring at Hu Mazi!

Hu Mazi didn't even have the slightest fear in the eyes of everyone!

After all, Hu Mazi is a human immortal in the sixth heaven, and he has never seen any scenes, and it's only a thousand cents. To him, it's drizzle!

But Hu Mazi ignored one thing. They had just been picked up by the avenue. Who had fairy coins on them?

Chen Ping has a lot of spirit coins on his body, as well as fairy spirit stones, including some magic weapons and spirit weapons that have been searched from others!

It's a pity that these things still work in the celestial realm, but now that they are in the celestial realm, they don't recognize them!

Fairy spirit stone is the best resource in the celestial realm, but after it reaches the celestial realm, this kind of thing is useless!

"Master Hu, do you have any cents?"

Chen Ping asked in a low voice!

"I..." Hu Mazi remembered at this time that he didn't have a cent coin at all!

He is no longer the immortal of the six heavens, and now he is not even a scattered immortal!

“This fellow Taoist, I see you are attracted by the avenue, but I didn’t expect you to be so generous!”

“One thousand cents, these two ethnic girls are yours!”

The big man said enthusiastically to Hu Mazi!

Hu Mazi smiled embarrassedly, and then asked, “Fellow Taoist, I wonder if you can take credit here?”

The big man was taken aback, and then said angrily: “Fellow Taoist, are you playing with me? Don’t you have any cents?”

“How could it not be, I just have my hands tight recently!”

Hu Mazi doesn’t admit that he doesn’t have a cent coin!

“Fuck, you just play with me!”

The big man was furious and grabbed Hu Mazi!

Chapter: 8167

As soon as this big man made a move, Chen Ping and the others were taken aback in an instant!

Obviously, this big man has reached the realm of Sanxian!

When the others saw the big man doing it, they hid aside one after another!

“Fuck, a small retreat, dare to take action against me!”

Hu Mazi was also angry, and after snorting coldly, he also slapped it with a palm!

Boom!

Under this palm, Hu Mazi’s body instantly fell to the ground, and blood spurted out of his mouth!

“Master Hu...” Chen Ping hurriedly stepped forward and helped Hu Mazi up: “What are you pretending to be? You are not a fairy anymore.”

“Damn, I forgot...”

Hu Mazi looked helpless!

When the big man saw this, he was about to make another move, but Chen Ping directly stopped him: “Brother, don’t do it yet, it’s just a thousand cents, it’s nothing!”

The big man stopped and glanced at Chen Ping: “Xiaoxiao turned into a fairyland and came to this great heaven. It seems that your kid is either highly talented or someone behind him has gone through the back door!”

Chen Ping smiled and said, “I just came through the back door, and I just wandered around here!”

“You can enter Yizhongtian through the back door, but how did you enter this Rhino City?”

Someone asked inexplicably!

After all, Chen Ping's strength, it is impossible to have a pass order, how can he enter Rhino City?

"I am friends with the princess of Rhino City and I often play together. She called me to be a guest."

At this moment, Chen Ping can only keep bragging, hoping that by bragging on his own, he can resolve this crisis!

"Are you friends with the princess?"

So people looked at Chen Ping in disbelief!

How could a little monk who turned into a fairyland be friends with the princess?

You must know that the princess of the family is an aboriginal of the heavenly realm, and she was born with a fairy bone!

How could it be possible to be friends with a little monk who turned into a fairy land?

"Don't brag, how could the princess be your friend? It's hard for us to even meet the princess. Would you be a friend of the princess?"

Chapter: 8168

The big man doesn't believe it at all, he's just a big man, not a big fool!

"Don't believe it, don't believe it, what do you think this is?"

Chen Ping remembered the little token Niu Li gave him, so he took it out!

When the big man looked at the token, he couldn't help being shocked: "This is really the token of the city Lord's mansion. It seems that you are not lying!"

"But the princess is your friend, but you also need to pay for this cent coin today!"

"We didn't say we won't give it, but we don't have enough. We will go to Tianbao Pavilion now to exchange for cents for you!" Chen Ping just heard someone talking about Tianbao Pavilion, so he hurriedly said!

"Well, I'll go with you!"

The big man jumped directly from the high platform!

"Brother, you still need someone to watch, so you don't have to follow. If we change the cents, we will definitely come over!"

Chen Ping didn't want the big man to follow, so they could turn around and run away!

"Don't worry, if this thing is placed here, no one will move. No one has ever lost anything in Rhino City!"

The big man waved his hand and said!

Seeing this, Chen Ping could only nod helplessly!

It seems that they can only wait for the opportunity to escape, otherwise what will they exchange for cents!

"Brother, show us the way, after all, I just came here, and I'm not familiar with where Tianbao Pavilion is!"

Chen Ping said!

The big man nodded, then took Chen Ping and the others towards Tianbao Pavilion!

“Master Hu, can you knock this big man out, and then the three of us escape?”

Chen Ping asked Hu Mazi in a low voice!

“I can’t, this guy is scattered in wonderland!” Hu Mazi hurriedly shook his head!

“No, you just pretended to be so coercive and paid a thousand cents?”

Chen Ping glared at Hu Mazi very angrily!

“Am I not pitiful and pitiful? Those two little girls are so nice, I’m afraid they will be ruined by others!”

Hu Mazi said embarrassedly!

After all, he caused this trouble!

“Pull it down, these two little girls are in your hands, which is more serious than what others have ruined!”

Chen Pingbai glanced at him and said!

Hu Mazi didn’t speak, because Chen Ping was right!

“Friends Chen Daoyou, don’t be pessimistic yet. Let’s talk about Tianbao Pavilion when we get there. When the time comes, we will put together everything on our bodies, maybe it will be worth a thousand cents!”

Xiu Rui comforted Chen Ping, making Chen Ping feel anxious!

“That’s the only way!”

Chen Ping sighed.

Soon, the three of them were taken to Tianbao Pavilion by the big man.

Tian Tianbao Pavilion is managed by the city Lord’s Mansion, and private individuals are not allowed to operate it!

Chapter: 8169

“You go in and change the cents, and I won’t follow.”

The big man said to Chen Ping and the others!

Chen Ping was helpless, so he could only walk in with Hu Mazi and Xiu Rui!

The big man is guarding outside, it is impossible for them to run!

Seeing someone coming in, a guy immediately came over: “Three, is it a pawn or a sale?””

“You Tian Tianbao Pavilion, how do you exchange the fairy coins?”

Chen Ping asked!

The guy glanced at Chen Ping and the others, then smiled slightly and said, “The three of you just came from the avenue, right?”

Chen Ping nodded, but he didn’t hide it, after all, he couldn’t hide it!

As far as his strength, which turns into a product of wonderland, everyone knows that it is the avenue that leads to it!

“We are here to give the price according to the goods. You need to take out the things and let us estimate them.”

Said the guy!

“You estimate, if you deliberately undervalue, we can’t make a comparison, right?”

Hu Mazi said!

“Then you can’t sell it, have you forced you!”

After speaking, the guy turned around and was about to leave!

“Brother, I don’t have anything good on me, so you can help me estimate the price!”

Chen Ping stopped the guy, and could only take out some items that he couldn’t use in his storage bag.

Those fairy spirit stones were consumed a lot by Chen Ping’s cultivation, and there was not much left, and there were still some messy things!

“You two also take out everything!”

Chen Ping said to Hu Mazi and Xiurui!

“I have always been in the secular world, and I don’t have anything of value on me!”

Hu Mazi also took out all the rags on his body!

Chapter: 8170

Xiu Rui poured everything out with all his brains, but there was nothing of value!

The guy looked at the things of a few people and couldn’t help rolling his eyes!

“You things, add up to fifty cents together!”

Said the guy!

“Fifty cents?”

Upon hearing this, Chen Ping and the others were all dumbfounded!

When the three people’s things are added together, they are only fifty cents, but it is too far from a thousand cents!

“Little brother, are you mistaken? We are all treasures!”

Hu Mazi said!

“In your lower bound, it’s a treasure, and when it comes to us, it’s rubbish!”

The guy said very disdainfully!

This sentence is really shocking!

“Master Hu, what should I do now? Let you pretend to be coerced, where are we going to get cents?”

Chen Ping said helplessly!

Hu Mazi also looked sad, and then said, “Chen Ping, don’t you still have some magic weapons on you, otherwise you can take it out and try it, maybe it’s worth some money!””

Chen Ping looked at Hu Mazi vigilantly, shook his head and said, “You don’t want to hit me with the idea of weapons, it’s impossible for me to sell it!””

“If I sell you, I won’t sell these weapons either!”

Chen Ping knew that whether it was a dragon sword, a god King bow, or a dragon clock, this was the guy who saved his life!

There is also the magic whip, which is a weapon against the demons, how can it be sold!

“Brother, do you accept people here? How about we sell him?”

Chen Ping pointed to Hu Mazi and asked the guy!

The guy glanced at Hu Mazi and said, “Don’t give it away for nothing, waste food!”

“Fuck, who the hell are you talking about wasting food!”

Hu Mazi was anxious when he heard it!
