

## The Order 8171

Chapter: 8171

Xiu Rui hurriedly stopped Hu Mazi and said, "Master Hu, just kidding, don't worry, if you really make trouble in Tianbaoge, we won't want to leave."

Xiu Rui knew that those who could open the Heavenly Treasure Pavilion in the city definitely had super strength!

Chen Ping looked at Hu Mazi in a hurry, so he said to the guy: "Brother, can you pawn things here too, and you can redeem them later?"

"Of course you can, but the pawn has a current period. If it is not returned at the current period, then the thing is ours!"

The guy nodded and said!

Chen Ping thought for a while, so he took out the token Niu Li gave him!

Since this token was given by Niu Li, it is estimated that it can be worth some money, how to say that Niu Li is also a princess!

After the guy took the token, his eyes widened suddenly, and he looked a little surprised and said, "Where did you get this token from?"

The guy's tone was a bit stern, which immediately made Chen Ping very upset!

"How did I get here, do you take care of it? Just say if you can change the money."

Chen Ping said coldly!

“Then wait a minute!” After speaking, the guy gave Chen Ping the token, and then hurriedly walked towards the back!”

After a while, a middle-aged man in a gray robe walked out. After seeing Chen Ping and the three of them, he smiled and said, “I am the shopkeeper here, three of you, please come inside!””

Chen Ping and the three of them were polite when they saw the shopkeeper, so they followed the shopkeeper in!

But who knows, as soon as he walked into the room, Chen Ping noticed the magic array that instantly activated around the room!

Chen Ping frowned, and instantly grabbed the shopkeeper!

It’s definitely not a good thing to start the magic array suddenly!

But the figure of the shopkeeper disappeared in an instant, and then appeared behind Chen Ping and the others!

Hu Mazi and Xiu Rui also reacted, and they both turned their heads and shot at the shopkeeper!

But seeing the palm of the shopkeeper pressed, the whole room suddenly became overwhelmed!

Chen Pingping, Hu Mazi, and the others felt that ten thousand mountains were pressing on their bodies, and they couldn’t move at all!

“What are you going to do?” Chen Ping looked at the shopkeeper and asked!

“Let me ask you, where did this token come from?”

Chapter: 8172

The shopkeeper asked sharply, and he didn't have the polite appearance just now!

"Someone gave it to me!" Chen Ping said!

"Who sent it?"

The shopkeeper continued to ask!

"Niu Li, it seems to be the princess of Rhino City." Chen Ping replied.

Hearing the name Niu Li, the shopkeeper waved his palm lightly, and the coercion in the room instantly disappeared!

"How much do you plan to pawn this token?" The shopkeeper asked!

"Ten thousand cents."

Chen Ping said after a moment of contemplation!

Since the shopkeeper heard Niu Li's name, he withdrew his coercion and eased his attitude. It seems that Niu Li, the name of the princess, is very easy to use!

"Don't make trouble, if you want so much, others will give it." Hu Mazi gently pulled the corner of Chen Ping's clothes and said.

Xiu Rui also felt that Chen Ping was a bit taller, and others would definitely not give it.

You know, two women are only 500 cents. How many women can you buy for 10,000 cents?

“Not much.”The shopkeeper didn’t hesitate at all. After speaking, he threw a storage bag to Chen Ping.

Chen Ping was also taken aback, looking at the storage bag in his hand in disbelief.

He didn’t expect the other party to give it so happily. To know that this small token is so valuable, he needs more points.

“Fuck, it’s going to be less.”

Chen Ping regretted it very much at the moment, but it was useless to regret it.

“The current period is ten days. If it is not redeemed within ten days, the things will belong to our Tianbao Pavilion.”

The shopkeeper said.

“No problem!Chen Ping nodded, then followed Hu Mazi and Xiurui and left.

Seeing Chen Ping and the others’ happy expressions, the shopkeeper also raised his mouth slightly.

“Shopkeeper, these guys shouldn’t redeem this token anymore, right?”

The guy asked the shopkeeper.

Chapter: 8173

“No, they don’t know the value of this token at all, otherwise it would be impossible to pawn it.”

“The princess’s token was actually given to the guy who had just been introduced from the avenue. It’s a bit interesting.”

The shopkeeper’s eyes narrowed slightly, and there was confusion in his eyes.

Afterwards, the shopkeeper took out a wooden box that looked very exquisite and put the token inside.

Then a drop of essence and blood was forced out and dripped on the wooden box, and the entire wooden box instantly flickered with a strange red light.

When Chen Ping and the others walked out of Tianbao Pavilion, the big man was still waiting outside. Seeing Chen Ping coming out, the big man hurriedly asked, “Have you changed the cents?”

“If you change it, isn’t it just a thousand cents? If you are in a hurry, Lao Tzu has a lot of cents.”

Hu Mazi took the storage bag in Chen Ping’s hand, and then took out a thousand cents for the big man.

Looking at a thousand cents, and then looking at Hu Mazi’s storage bag, the big man looked shocked.

At the same time, there was greed in the eyes of the big man, but it was only a fleeting flash.

“Well, since the money is given, follow me to get someone.”

After the big man finished speaking, he took Chen Ping and the others back to the stage!

Opening the iron cage, the big man carried the two women out.

“You can take people away, but remember to mark them as prisoners, otherwise they are human beings and there is no way to move in the city.”

“There are also these human races, they can only be used as slaves. It’s okay if they vent, but they must not have children and defile our orc bloodline.”

The big man explained to Chen Ping and the three of them.

“Don’t worry about it, people are mine now.”

After Hu Mazi finished speaking, he couldn’t wait to leave with the two women.

Chen Ping looked at Hu Mazi’s impatient look, and could only smile helplessly.

After Chen Ping and the others left, a man with a blue light in his eyes walked up to the big man.

“Big one, did they really spend a thousand cents?”

The blue-eyed man asked.

“Correct!”The big man nodded, “But they have more than a thousand cents on them. I feel that there is at least 10,000 in that storage bag.””

Chapter: 8174

“Ten thousand?”The blue-eyed man suddenly exclaimed, “It seems that we are going to be rich.””

“Recently, the city has been heavily guarded. I’m afraid it’s not easy to start. There are soldiers patrolling every street.”

“And I heard that Feihu City has sent in a lot of spies, waiting for the opportunity to assassinate the city lord. It is not wise for us to do it now.”

Although the big man is tall, he is not stupid.

“It’s now or never. If we succeed this time, we will leave Rhino City directly. With so many cents, we can’t be at ease.”

The blue-eyed man persuaded the big man.

After hesitating for a moment, the big man nodded and said, “Well, be quick.”

After speaking, the figures of the two disappeared in an instant!

But Chen Ping and the others didn’t know yet, because Hu Mazi pretended to be coerced and exposed so many cents, which caused them trouble!

Hu Mazi took the two women to a hidden place, with lewd light in their eyes, licking their mouths constantly!

Looking at Hu Mazi like that, the two women trembled, trembling their bodies and said, “Don’t kill us, please, don’t kill us!”

“As long as you don’t kill us, let us do whatever we want, whatever we want!”

The two women knelt to the ground crying!

“Don’t be afraid, we won’t kill you.”

Chen Ping stepped forward to help the two women up and said, “We are actually human beings, don’t be afraid!”

Hearing Chen Ping’s words, the two women were obviously shocked, because they did not feel the aura of the human race in Chen Ping and the three of them.

“Where did you two come from?”

Xiu Rui asked!

After all, looking at the two women, they were just transformed into fairyland, and they must have been attracted by the avenue.

“We are monks from the Wuxu Realm, and we were teleported to this place just because of the connection of the avenue.”

“I don’t know, Elysea is so cruel, I was caught as soon as I got here.”

The two women were crying.

Originally, they were considered leaders in their own world, and they were probably still the kind of queen who covered the sky with one hand.

After all, people who can be attracted by the avenue are definitely talented.

Chapter: 8175

But they didn’t expect that in their own world, such an awesome existence would become a prisoner in the heavenly realm. This sense of gap was really unbearable.

But every monk went to the heavens, and they were all talking about the beauty of the heavens, but no one had ever mentioned the cruelty of the heavens.

“Are you also monks in the Wuxu Realm? Xiu Rui was shocked, and then said excitedly: “I am also from the Wuxu Realm.””

“Are you also a monk in the Wuxu Realm?” The two women were also shocked, and then asked, “What’s your name?””

After all, there are not many people in a world who can be connected by the avenue, just say a name to know.

“My name is Xiu Rui.” Xiu Rui said.

“Senior Xiu?” The two women were shocked again: “Didn’t you have been led by the avenue hundreds of years ago?” There has always been a legend of you in the Wuxu Realm, and our sisters all take you as an example.”

“Why are you still here after so many years?”

When Xiu Rui heard this, he was immediately embarrassed. He couldn’t say that as soon as he was led over, he would be put in jail!

Anyway, I am also an idol.

“The monks have a mission here and have been mediating the battle between the three tribes, so they haven’t left these years.”

Chen Ping looked at Xiu Rui’s embarrassed look and hurriedly relieved him.

Chen Ping didn’t expect that Xiu Rui was still a great existence in the Wuxu Realm, and it had become a legend.

“Senior Xiu is really amazing.”The two women looked at Xiurui admiringly.

“Well, don’t talk here anymore, let’s find a place to live first.”

Chen Ping said!

After all, both women were only wearing underwear, and it was indecent to stand on the street all the time!

“Not far ahead, there is an inn where you live...”

One of the women said.

“How do you know?”Hu Mazi said curiously.

The woman blushed and lowered her head and said, “We were caught and we have been living in that shop waiting for the big man. After he has had enough fun, he plans to sell ours.”

Looking at the two women, it was also a bit pitiful. They were originally a queen, but now they have become playthings.

“Let’s go, go to the hotel...” Hu Mazi urged, a little can’t wait.

Chapter: 8176

“Friends Chen Daoyou, thank you so much just now.”

On the way to the inn, Xiu Rui looked at Chen Ping gratefully and said.

“What is this? Remember, people are outside, and their identities are given by themselves. No one knows anyway.”

“Can’t you brag and force you?”

Chen Pingping smiled lightly.

When the group came to the inn, the innkeeper just glanced at it, and then arranged a room for Chen Ping and the others.

Chen Ping is rich now, so he lives in luxurious rooms.

Each room has formations to assist in cultivation.

After arranging the room, Hu Mazi was impatient to walk towards the two women’s rooms.

“Master Hu.....”

Seeing this, Xiu Rui stopped Hu Mazi.

“What’s the matter?Do you want to divide one?”Hu Mazi asked!

“No, no!Xiu Rui shook his head, “Master Hu, these two women are in the same world as me, you will see my face later, be lighter...”

“Fuck, I’m fierce, can I still blindfold that big man?”Hu Mazi was speechless for a while, then walked into the room!”

Xiu Rui was right when he thought about it. Two women can even serve the big man, so it's not easy to serve Hu Mazi!

Soon, there were bursts of shouting in the room of the two women!

Chen Ping was upset when he heard this, so he went directly into the town Magic Tower to practice.

.....

Rhino City, the city Lord's Mansion!

In an extremely tall palace, the city lord Gadfly is sitting solemnly on the tall dragon chair!

Below are two rows of senior leaders of Rhino City, one by one frowning!

"Elder, haven't the spies in Feihu City been caught yet?"

The city lord Gadfly asked!

"City lord, I have strengthened the patrols of the soldiers, and the entire city lord's mansion has been strengthened on alert. There is no token, and all idle people are not allowed to enter."

Chapter: 8177

The elder said hurriedly.

"This Flying Tiger City, who has repeatedly wanted to occupy our city, is simply too deceiving, and I will destroy them sooner or later."

The gadfly gritted its teeth and slammed a fierce punch on the table in front of it, and the table instantly turned into powder.

“Have the princess and prince found it?Where did these two children go?”

The gadfly took a deep breath, adjusted his emotions and asked.

“City lord, according to the report at the gate of the city, the princess and the prince have returned, and the two of them have gone out of the city to play.”

The elder said.

“Motherfucker, dare to go out and play at this critical juncture. If the people of Feihu City catch us, wouldn't we be very passive?”

“I'm going to teach these two guys who don't know how thick the sky is.”

After the gadfly finished speaking, he got up and left.

At this time, Niu Li and Niu Ben were in the room. Facing this disobedient brother, Niu Li scolded: “You guy, when your father comes, I will definitely teach you a good lesson.”

“If you have to run out, you must make your father angry.”

“Sister, my father wants to beat me, you have to protect me!”Niu Ben was also a little scared.

But as soon as he finished speaking, the gadfly rushed in, grabbed the horn of the gadfly's forehead, and then hit his ass.

Niu Ben was directly beaten by Niu Ben's crying father, but fortunately, Niu Li stopped him and stopped.

“Remember, before I leave the city, I will break your legs.”

The gadfly said angrily.

“Woohoo, my sister is out too, why don’t you hit my sister.”

“ohhhhhhhhh.....”

Niu Ben cried very sadly.

“Do you dare to say that you hit me?” Niu Li stepped forward and beat Niu Ben again.

Niu Ben cried even more sadly, and after two fights in a row, how could he not cry.

“You two, you can’t even go out of the mansion. Recently, many spies from Feilong City have been mixed in the city. In the future, I will see strangers hiding away.”

Chapter: 8178

Gadfly said.

“Father, we met someone outside the city, sister, she...”

Niu Ben wanted to say that Niu Li returned the token to someone when she met someone.

But before he finished speaking, Niu Li kicked Niu Ben away, interrupting Niu Ben’s words.

“Niu Li, what did your brother just say?”The gadfly asked.

“We met a few monks from the avenue outside the city, and I beat them up.”

Niu Li said hurriedly.

“It’s okay for you to beat the monks who have just been brought in, but don’t provoke other people. Your skills still need to be practiced.”

After the gadfly finished speaking, he turned and left.

Seeing her father gone, Niu Li grabbed Niu Ben and punched and kicked him again.

This guy almost snitched and harmed himself, of course Niu Li would not forgive him lightly.

After beating Niu Ben, Niu Li thought that she might not be able to leave the city lord’s mansion for a short time, so she wanted to contact Chen Ping to see where Chen Ping and the others were, so as not to be misunderstood by Chen Ping, she did not fulfill the friendship of the landlord!

But Niu Li used various methods, but she couldn’t contact Chen Ping at all, so there was no way to know Chen Ping’s location!

“How could this happen?Shouldn’t it be said?”

Niu Li’s face was full of doubts!

She didn’t know at all that Chen Ping had pawned the token a long time ago, and the token was sealed, so Niu Li couldn’t find it.

.....

Inside the inn!

Hu Mazi is still fighting, I have to say that this guy is very fierce, and I have to say that the two women are also very fierce!

It is estimated that no one is convinced of anyone, so the battle is continuing!

Chen Ping came out of the Town Demon Tower and watched the sky gradually darken. Only then did he know that he had been in the town Demon Tower for a long time, but it was only a few hours outside!

If it weren't for the lack of resources, Chen Ping wouldn't come out!

"The town Magic Tower is very good, but where do you get the resources?"

What Chen Ping is most worried about now is the cultivation resources.

Chapter: 8179

Listening to the sound from the next room, Chen Ping felt a little hot and dry, so he walked out of the room and planned to go out for a walk!

As soon as I went out, I saw Xiu Rui outside the door, looking a little anxious!

"Fellow monk, what's the matter?" Chen Ping asked!

"Oh, it's okay, I'm just afraid that the two little sisters won't be able to withstand Master Hu's attack." Xiu Rui said!

“Don’t worry, there are only exhausted cows, and there is no bad land. Come out with me for a walk.”

Chen Ping patted Xiu Rui on the shoulder, and then the two walked out!

But as soon as he walked out of the inn, he met the big man and the blue-eyed man.

When the big man saw Chen Ping, he was taken aback for a moment, and hurriedly greeted him: “Fellow Taoist, what a coincidence...”

“What a coincidence.....”

Chen Ping nodded, didn’t say much, and took Xiu Rui to the street!

The big man and the blue-eyed man looked at each other, and then quietly followed.

Just when the two guys were about to do something to Chen Pingping Xiurui, they saw a team wearing black armor coming face-to-face!

There were more than a dozen people in total, and each soldier exuded an extremely powerful aura.

Upon seeing this, Chen Pingping Xiurui hurriedly hid aside, for fear of getting in the way. These soldiers casually picked out one and threw it into the world below. They were all masters of the masters.

When the big man and the blue-eyed man saw this, they immediately dispelled the idea of doing it. These were the soldiers of Rhino City and they were powerful.

Moreover, these people all carry a breath of killing, and they can have such a breath. I don’t know how many fights they have experienced and how many people they have killed.

“Damn, it’s so scary, these soldiers are so awesome.”

Xiu Rui looked at the soldiers walking past, his face full of shock.

“It’s normal. This is Elysea. If we reach the higher plane of Elysea, it is estimated that even the guards who look at the gate are all golden immortals.”

Chen Ping smiled slightly.

“That’s true. I am also a legendary existence in the Wuxu Realm, but here, I am at the level of a gatekeeper.”

Xiu Rui smiled embarrassedly.

“Don’t be discouraged, as long as we take our time, we will definitely get better and better.”

Chapter: 8180

Chen Ping patted Xiu Rui on the shoulder.

Chen Ping himself is not. He is in the realm of heaven and man, and now he exists like an emperor, and he can do whatever he wants.

But when I got here, I was not cautious, and I had to avoid a group of soldiers when I saw them.

As night fell, huge flames rose up all around Rhino City, shining the entire Rhino City as bright as day.

The streets are full of people on both sides, and there is a kind of market atmosphere!

On a large square, a 100-meter-high platform was built. At this time, two people were adding their fists and feet on the high platform.

The surroundings were full of people, cheering constantly, and there were teams of soldiers to maintain order.

Chen Ping could see at a glance that this high platform was definitely an official production, and it could not be the kind of arena built privately.

Chen Ping followed Xiu Rui and squeezed over, but did not find the big man and the blue-eyed man who were following.

“Brother, what is this for?”

After Chen Ping squeezed in, he found a middle-aged man and asked.

The middle-aged man glanced at Chen Ping and said, “Just picked it up from the avenue?”

“Yes, yes, yes!” Chen Ping nodded again and again.

“This is a fight. If you win a fight, you can get fifty cents.”

“There are only ten games a day. If a person can play ten undefeated games, he can get a reward of 1,000 cents.”

“And there is still a chance to enter the city lord’s mansion and join the city lord’s army.”

The middle-aged man explained.

“What is this fight? Those who punch and kick are just like children fighting.”

Xiu Rui watched the fight between the two on the high platform and couldn't help laughing.

"What do you know, this kind of competition is the most manly, only the power of the body is allowed, not the use of exercises and breath."

"Our orcs respect strength, and it is who is stronger and whose body is stronger."

The middle-aged man glanced at Xiu Rui dissatisfied and said!

When Xiu Rui heard this, he smiled embarrassedly. After all, he is not an orc, and he doesn't understand this!

However, the orcs do worship power more, and each of them takes the infinite power as an example.
