

The Order 8181

Chapter: 8181

On the high platform at this time, the two people had already beaten their heads and blood, their noses were bruised and their faces were swollen, but no one used their exercises and breath!

In this arena, if other methods are used, they will be spurned.

Even if it is a broken head and bleeding, you can't heal the injury by any means, let alone attack the opponent.

What you fight for is strength, what you fight for is endurance, and what you fight for is the strength of the body.

"This is a good way to make money..."

Chen Ping looked at the two people fighting on the high platform and suddenly had an idea.

Chen Ping's strength may not be as good as these people, and his realm is not as high as these people, but if he is stronger than his physical body, then none of these people can do it.

"Are you kidding me? It's a good way to make money. It's terrible."

"Just this 100-meter-high platform, falling from above, if you don't use any exercises, can you resist it?"

The middle-aged man saw that Chen Ping still wanted to make money by fighting, so he said.

"What? Is it not allowed to use any magical aura when coming down from the stage?"

Chen Ping was a little speechless. If he jumped off a 100-meter platform simply with flesh and blood, wouldn't he be sick?

Even if the body is strong, jumping off this 100-meter-high platform is estimated to have fallen into meat mud.

"There is a restricted formation on the high platform, and there is no way to use the aura of the technique. Only after the winner is determined, the formation is closed, and it can be relaxed."

"But there are many people who were knocked off the high platform before the game was over and fell directly into meat mud."

"With this little cent coin, you will lose your life. Do you still think it's good to make money?"

The middle-aged man asked.

"Such rules are okay and acceptable." Chen Ping nodded!

"Friends Chen Daoyou, do you want to go up and try it too?"

Xiu Rui asked.

"Of course, if there is such a fun thing, of course I have to try it."

Chen Ping nodded and said.

"Young man, I advise you not to try. Depending on your size, it is estimated that you will not be able to withstand two punches."

“Now is the first game, and there are nine more games in the future. After you go up, even if you win, you need to continue to accept the challenge of the next person.”

Chapter: 8182

“In this way, you can’t eat it at all. If you want to try, you can find the right time and take advantage of the people on stage who have played two games and are exhausted.”

“These are all based on the use of brains, and there is no way to win with brute force.”

The middle-aged man gave Chen Ping an idea.

“Isn’t there no one who can stand on the stage all the time to the end?”

Chen Ping asked curiously.

“Of course there is, but many times now it is secretly arranged. Through this form, after playing ten games, you can enter the city lord’s mansion.”

“Now people know it, so they just come to see the excitement.”

“As far as I know, for thousands of years, there have been only three people who have stood on the high platform to the end without cheating.”

“You know, you don’t need the aura of magic, but with the power of the body, it has nothing to do with the realm.”

Said the middle-aged man.

When Chen Ping heard this, he couldn't help feeling very funny. It turned out that this world also pays attention to these things, just like those in the secular world, and then find a bunch of people to accompany the target!

The winner in the end is determined internally, what else is the meaning of this kind of game.

"If so, this kind of game is still useful." Xiu Rui couldn't help but snorted coldly.

"What do you know, this is human nature. Did you see the two people on the high platform? Although they were beaten with bruised noses and swollen faces, they were all fake fights."

"The man in the dragon suit is Ryuzaki, the son of the dragon family in Rhino City, so he must win this time."

"In the middle of this, they have arranged for people to come on stage a long time ago. Everyone else knows it, and no one will come on stage."

"The face of the Long family still has to be given, otherwise you won't want to mix in Rhino City in the future."

The middle-aged people took the trouble to tell Chen Ping and the others, probably to show that they knew a lot.

Boom!

At this moment, there was a sudden muffled snort, and a man on the high platform fell on the stage, while the guy named Ryuzaki was standing!

"Master Long is awesome..."

"Master Dragon will win..."

“Master Long is great...”

For a while, everyone in the audience was boiling and yelling, even the middle-aged man just now was pulling his throat and touting the Ryuzaki.

Chapter: 8183

“Knowing it’s fake, why are you still cheering?”

Chen Ping saw the middle-aged man pulling his throat and shouting, so he asked puzzledly.

Now that I know it, this is cheating, what else is it touting, what else is it awesome.

“What do you know, just call me, you’ll know in a while.

The middle-aged man asked Chen Ping and the others to shout along.

And Ryuzaki on the high platform, facing the shouts of everyone, was also full of pride, his eyes full of arrogance.

“Reward.....”

Accompanied by Ryuzaki’s reward, at this time on the side of the crowd, someone took out a storage bag and began to throw fairy coins.

At this moment, everyone was even more boiling and fighting frantically.

When Chen Ping saw this scene, everyone was numb.

What the hell is this?

If you are desperate to ascend to the heavens, are you here to flatter people?

No ordinary person has the backbone yet.

Everyone bent over to pick up the fairy coins, Chen Ping didn't pay attention, even Xiu Rui squatted down, rushing frantically with others.

The big man and the blue-eyed man also bent down. At this moment, except for Chen Ping himself, they all desperately picked up fairy coins on the ground.

Chen Ping seemed to stand out from the crowd, and he didn't have the slightest interest in the fairy coins thrown around.

Ryuzaki on the high platform found Chen Ping, and Chen Ping was also looking up at him at this time!

The two of them were facing each other, and Ryuzaki had a bad feeling in his heart.

With the closing of the high platform formation, the person who had just lost leaped down from the high platform.

"Who else is coming?" Ryuzaki shouted. Pinshu Network

Immediately someone jumped up and jumped onto the high platform.

There was no nonsense, there were punches and kicks again, and in the end Ryuzaki won, and then everyone started touting again, and there were those who called Ryuzaki Grandpa.

After all, the Ryuzaki family has a great cause and is very happy. This can give alms.

And that Ryuzaki also enjoys this feeling very much, and every victory will make his subordinates throw fairy coins.

Chapter: 8184

It's just that every time, Chen Ping stood up straight and never bent over once.

Ryuzaki became more and more curious about Chen Ping, but his eyes became sharper and sharper.

Chen Ping turned out to be indifferent to his reward, which was to not give himself face and look down on himself.

So Ryuzaki had already thought about it for a long time. When the competition was over, he wanted to see who Chen Ping was and what his identity background was.

In this way, Ryuzaki defeated eight opponents in a row, and saw that he could challenge ten games without stepping down.

But in the ninth game, Ryuzaki glanced at everyone in the audience and said, "Who else?"

A guy was about to speak, but Chen Ping took the lead.

"Let me try....."

After Chen Ping finished speaking, he jumped onto the high platform.

Ryuzaki frowned slightly and stared at Chen Ping.

And the others were all dumbfounded, looking at Chen Ping on the stage and saying, "Who is this kid? Don't you understand the rules?"

"Dare to make trouble during the Dragon Master game, is he tired of living?"

"This guy, do you want to pick up the leak and see that Master Long has played eight games?"

"With this small physique, it is estimated that Master Long knocked him down with two punches."

Everyone was talking about Chen Ping's sudden appearance.

And the middle-aged man looked at Xiurui and said, "Are you two together?"

"Yes! Xiu Rui nodded.

"Then you are still looking for a partner. This kid can't live anymore. If he offends the Long family, he has only one dead end."

The middle-aged man persuaded Xiu Rui.

"Maybe not necessarily, maybe Chen Daoyou's identity background is bigger than that of Master Long."

Xiu Rui smiled slightly.

Although he has known Chen Ping for a long time, Xiu Rui knows that Chen Ping must have a background behind him, and the background is very strong.

"If you don't listen to the old man's words and suffer in front of you, then you can wait to die."

After the middle-aged man finished speaking, he stayed away from Xiurui, for fear of implicating himself.

Chapter: 8185

And Chen Ping on the high platform, looking at Ryuzaki with scars all over, smiled slightly and said, "I'll compare with you."

Ryuzaki looked at Chen Ping, his eyes narrowed slightly, "Do you know who I am?"

"I don't know, and I don't need to know." Chen Ping smiled lightly.

"I will give you a chance now, you take the initiative to admit defeat, and then roll down, otherwise your life is in danger."

Ryuzaki said coldly.

Although looking at Chen Ping's size, he definitely didn't have much strength, Ryuzaki didn't want to bet either.

He asked Chen Ping to take the initiative to admit defeat, so that he only needed to defeat one person to be complete.

"I can admit defeat, but you have to give me money..."

Chen Ping said casually.

"How much do you want?" At this time, Ryuzaki began to despise Chen Ping a little.

At first, I saw that Chen Ping never bent over to pick up fairy coins. I thought this guy was a bit spineless and had a background.

Now that he is on stage, it is not a good thing to blackmail himself with cents.

Chen Pingyuan pointed a finger in the depths of his heart.

“One hundred cents is not much!”

Ryuzaki said.

“Not a hundred!Chen Ping shook his head.

“A thousand?Ryuzaki frowned: “You are blackmailing me, but I don’t want to talk to you today, I can give you a thousand cents.””

“It’s not a thousand, but ten thousand cents.”

Chen Ping said.

“Fuck, I’ll kill you...”

Ryuzaki was furious, his muscles were tight, and blue veins were raised on his forehead.

It seemed that Chen Ping was very angry.

“I see you have played several games, I can make you three moves, I won’t hide!”

Chen Ping smiled slightly.

Chapter: 8186

“Go to hell...” Ryuzaki roared, and then hit Chen Ping with a punch.

Boom!

Chen Pingguo didn't hide, just stood straight like that, letting Ryuzaki punch him on the body.

Chen Ping didn't move, nor did Ryuzaki, but at this time Ryuzaki widened his eyes and looked at Chen Ping in disbelief.

Because he felt that the punch hit Chen Ping's body, but it seemed to hit a steel plate.

Not only did he not knock down Chen Ping, but he felt his arms numb, and his whole fist seemed to be shattered.

Soon, severe pain hit Ryuzaki's whole body.

“Looking at you like this, the next two tricks are estimated to be saved.”

Chen Ping said calmly.

Ryuzaki gritted his teeth and suddenly took two steps back, followed by a flying kick, which slammed on Chen Ping's body.

Boom!

Chen Ping still didn't move, but Ryuzaki only felt that his entire leg was broken.

“You...who the hell are you?”

Ryuzaki looked at Chen Ping in shock and asked.

Because Chen Ping's physical strength is so perverted, how can his physical body be as hard as a steel plate without relying on any breath?

"I just came to Elysea, so you don't know who I am if I tell you who I am."

Chen Ping said.

Ryuzaki looked at Chen Ping angrily, gritted his teeth and said, "Boy, you have completely offended me. Even if you have a bronze head and iron arm, you can leave this high platform and I can let you die at any time.""

"There is another trick, are you still fighting? Get out if you don't fight, I'm most annoying to be threatened."

A cold light began to appear in Chen Ping's eyes.

"Boy, you wait..."

Ryuzaki gritted his teeth, then said loudly: "I lost..."

As Ryuzaki said that I had lost three words, the formation on the high platform was closed, and Ryuzaki jumped directly off the high platform.

When everyone saw this scene, they were all stunned. They couldn't believe that Ryuzaki only punched and kicked, so they took the initiative to admit defeat.

This is not like Ryuzaki's character. Everyone doesn't know that Ryuzaki's hands and feet are now broken and he can't use the breath of the technique. He can't fight Chen Ping at all.

Chapter: 8187

Long Qi stepped down and just glanced at Chen Ping coldly, his eyes full of anger and hatred.

“Boy, just wait...”

Ryuzaki left with his servants!

Chen Ping was not afraid of Long Qi’s threat, but looked at the people below and asked, “Who else wants to try?”

Everyone looked at each other, and for a moment no one dared to go on stage.

The big man looked at the blue-eyed man, then he jumped onto the platform.

“Let me try...”

The big guy looked at Chen Ping and said!

The big guy knew that there were soldiers patrolling in the city, and it would not be easy to attack Chen Ping and his men. But if he was beaten to death by Chen Ping on the stage, it would just be Chen Ping’s bad luck. At that time, he could take the storage bag on Chen Ping’s body on the stage for himself.

Chen Ping glanced at the big man, then shook his head and said, “You are no match for me, so don’t try.”

“You won’t know unless you try.”

After saying that, the big guy punched Chen Ping in the face. This was a killing move. This guy wanted to kill Chen Ping with one punch.

Chen Ping frowned slightly: "You want to kill me?"

He realized that the big guy wanted to kill him.

"Yes, if you hand over all the immortal coins you have, I can spare you."

The big guy stopped pretending and spoke directly.

"So you are here for the immortal coins on me. But if you want the immortal coins on me, you must show your real ability."

After saying that, Chen Ping also threw a punch!

Bang!

The two fists collided, and the big man retreated continuously, and his whole arm came down in an instant.

"You..." The big guy was surprised: "How can you have such great physical strength with your size?"

"It's none of your business..."

Chapter: 8188

This kick landed directly on the big guy's body, and he flew off the platform in an instant like a kite with a broken string!

You have to know that the formation has not been closed yet, and the big guy can't use the magic aura.

Just like that, he watched himself falling towards the platform.

Everyone exclaimed in surprise. No one expected that this big guy would be defeated in just one move.

The big man's body hit the ground heavily, creating a deep hole in the ground, and he was smashed into a pulp, deader than dead.

In an instant, the surroundings became silent!

Everyone was in disbelief, as if they were in a dream.

This big guy is more than twice as big as Chen Ping. You have to know that pure physical strength is calculated according to body size.

Who could have thought that Chen Ping's frail body could burst out with such terrifying power!

The blue-eyed man just glanced at the dead big man and walked away without looking back.

Chen Ping also jumped down from the platform. Now that the ten games were over, there was no point for Chen Ping not to step down.

Everyone looked at Chen Ping. Looking at Chen Ping's realm which was only at the first level of the Immortal Transformation Realm, no one dared to believe that the body of a person at this level could be so strong.

"Let's go..." Chen Ping took the money and said to Xiu Rui who was stunned.

Chen Ping followed Xiu Rui back to the inn. Hu Mazi had not finished yet. This guy did not know how to get tired.

But just after Chen Ping returned to his room, someone knocked on the door.

Chen Ping was a little surprised. He didn't know who was looking for him. After all, he had just arrived in Rhino City and didn't know anyone.

When Chen Ping opened the door, he found that it was an old man. The old man was not tall, wearing a gray cloth robe, and was extremely thin, which formed a sharp contrast with the tall and strong people in Rhino City.

"Who are you looking for?" Chen Ping asked.

"Looking for you..."

The old man smiled faintly and walked directly into Chen Ping's room without waiting for Chen Ping's invitation.

Chen Ping felt a little dissatisfied when he saw the old man's strange behavior. After all, this was his room, and the old man came in without his invitation. It was very rude.

"It seems like we don't know each other?" Chen Ping asked the old man.

"I didn't know him, but now I know him, don't I?" the old man said with a smile.

Chen Ping was speechless. He didn't even know the old man's name, and the other party didn't know his name either. How could he say they knew each other?

Chapter: 8189

“Excuse me, I need to practice and don’t want to be disturbed.”

Chen Ping was unhappy and ordered them to leave.

But the old man didn’t leave. He sat down on Chen Ping’s bed.

Chen Ping frowned and became alert, ready to use the Dragon-Slaying Sword at any time.

“Don’t be nervous, I won’t hurt you, and I know that you are all human monks!”

The old man smiled slightly.

When Chen Ping heard this, he stared at the old man and secretly set up a formation to seal the entire room.

Since the old man knew their human identity, he couldn’t let him go.

The old man also noticed it, but he didn’t say anything. Instead, he continued to smile and said, “I’ve already told you that you don’t need to be nervous. Since I know you are human, I didn’t report you, which proves that I won’t hurt you.”

“And I also know that you were led here from the Heaven Realm by the Great Dao...”

The old man’s words made Chen Ping even more confused. He didn’t understand how the old man knew that. You have to know that Chen Ping already had the aura of the beast clan, so it was impossible for him to detect it.

And he came from the heavenly realm, how did you know this?

Just when Chen Ping was in doubt, the smile on the old man's face suddenly disappeared, and then he reached out and grabbed Chen Ping's neck!

The old man attacked so quickly that Chen Ping had no time to dodge.

"You...what are you going to do?" Chen Ping didn't understand why the old man suddenly attacked him.

"Tell me, why do you have the blood of my family?"

The old man asked Chen Ping.

"The bloodline of your family? What family are you from?" Chen Ping asked puzzled.

"To tell you the truth, I am also a cultivator who came to find the Heavenly Realm. I have been guided by the Great Dao for hundreds of years."

"I sensed the blood in your body and knew that you must have come from the Celestial Realm. However, I never remembered that there was someone like you in our family!"

The old man said coldly!

"Senior, are you from the beast tribe who was led here from the heavenly world?" Chen Ping was held in someone's hand and began to call him senior.

"Nonsense, if it weren't for the beastmen, how could I live in Rhino City?" said the old man!

"Then, Senior, may I ask you which kind of beastman you are? I can also recall it."

Chapter: 8190

Chen Ping didn't know why he had the family bloodline that the old man mentioned, so he could only ask clearly.

"When I was in the world of heaven and man, I was the Fox King." said the old man!

When Chen Ping heard the word "Fox King", he instantly thought of the Fox King's daughter Bai Qian.

The two of them have practiced dual cultivation many times, and have also undergone blood fusion. Bai Qian also has Chen Ping's blood in her body!

"Senior, I wonder who Bai Qian is to you?" Chen Ping asked!

"That's my little girl..." said the old man!

When Chen Ping heard this, he was extremely surprised. He didn't expect that after being led to the heaven by the Great Dao, he would actually meet his father-in-law.

I have never heard Bai Qian talk about it, but it's nice to have someone I know in this unfamiliar place.

It's good to have more women, there are fathers-in-law everywhere...

Chen Ping knelt down in front of the old man with a thud, which scared the old man.

"What are you doing?"

the old man asked in shock.

"My dear father-in-law, please accept my greetings..." Chen Ping kowtowed several times to the old man.

The old man looked at Chen Ping in shock: "What do you mean? Have you followed my daughter and..."

Chen Ping nodded: "Bai Qian and I have practiced dual cultivation, so we both have each other's blood in our bodies..."

"Are you telling the truth?" The old man was a little unconvinced.

"Father-in-law, I dare not lie."

After Chen Ping finished speaking, he told the old man about Bai Qian in detail.

He even told the old man about the birthmark on Bai Qian's private parts, which made the old man believe it. After all, anyone who knew this must have slept with Bai Qian.

"So you are really my son-in-law, get up quickly..."

The old man acknowledged Chen Ping's identity.

The old man looked Chen Ping up and down, and liked him more and more. Then he patted Chen Ping on the shoulder and said, "Not bad. Although your realm is not high, you are quite capable and you look good. Are you two going to have a baby?"

"Not yet. We plan to wait until Bai Qian arrives in heaven and has immortal bones before having a child. That way, the child will be born with immortal bones and can win at the starting line."

"Then you can be here too, to help look after your grandchildren and enjoy the happiness of family life..."
