

The Order 8191

Chapter: 8191

Chen Ping fooled the old man.

“Hahaha, I will prepare many gifts for my grandson by then.”

The old man was very happy to hear that, and then asked: “What is Bai Qian’s current strength? Is she coming to the heaven soon?”

The old man seemed a little impatient and wanted Chen Ping to have a child with Bai Qian right away.

“It will be soon. I think she will be able to come over next time the avenue guides her.”

Chen Ping said!

“That’s great...” The old man was very excited.

Seeing the old man’s excitement, Chen Ping couldn’t bear to deceive him. However, this was a white lie and shouldn’t be considered a lie.

The relationship between Chen Ping and Bai Qian is true!

“Father-in-law, I wonder how you found out that we are human?”

Chen Ping asked curiously!

“I found you in the arena. The aura of your blood is so familiar to me.”

“Although the person next to you was wearing a concealment charm, we, the fox demon clan, are very sensitive to auras, so I was able to detect it.”

The old man followed Chen Ping and explained.

“Father-in-law, you have been in Rhino City for hundreds of years. I wonder how you get the cultivation resources in Rhino City?”

“The resources I brought from the Heaven Realm have almost been used up. If I only rely on the heavenly energy from the Heaven Realm to cultivate, my speed will be very slow.”

Chen Ping wanted to ask how to get resources. As long as he had the resources and the abnormal time conversion of the Demon-Suppressing Tower, Chen Ping believed that he would be able to break through to the Immortal Realm soon.

“In fact, apart from the immortal energy of heaven and earth, there are very few resources in this heavenly realm. That’s why the three tribes are divided and often fight each other.”

“They all fought for resources. It wasn’t just a war between the three tribes. Even between the same tribes, two cities would annex each other for resources.”

“But if you want to find resources for cultivation, then find a way to enter the City Lord’s Mansion as a worshiper. That way you can get a lot of resources.”

“In the City Lord’s Mansion, people will be taken out of the city regularly to plunder resources in the Hell Jungle.”

“Or you can go to the black market to fight. In this beastman city, everyone is competitive and likes fighting. The fight you just had on the high platform was an official competition.”

“There is also a black market arena in Rhino City, which also relies on physical strength and intensity. However, you can bet on black market fights. If you win, you can win fairy coins and then buy various resources.”

The old man explained in detail to Chen Ping. After all, he was his son-in-law, so of course he had to introduce everything clearly!

Chapter: 8192

After listening to the old man's words, Chen Ping felt that it was not a good idea to serve as a priest in the City Lord's Mansion. After all, his strength was not good enough. However, he could give boxing in the black market a try.

"Father-in-law, it's getting late now. You can stay here and take me to the black market tomorrow."

Chen Ping said!

"Well, with your skills and the strength of your body, you should have no problem winning a few games!"

The old man nodded!

Chen Ping brought the old man into the Demon-Suppressing Tower. Time passed quickly here, and one night of cultivation was equivalent to ten nights outside.

Looking at Chen Ping's Demon-Suppressing Tower and listening to Chen Ping describing its abilities, the old man was also extremely surprised!

"My dear son-in-law, you are really capable..."

The old man likes Chen Ping more and more!

Early the next morning!

Chen Ping walked out of the room with his straightforward father-in-law!

At this time, there was no sound in Hu Mazi's room, and Hu Mazi walked out with two big dark circles under his eyes.

Xiu Rui also came out of the room. When he and Hu Mazi saw an old man coming out of Chen Ping's room, they were all stunned!

"Damn it, Chen Ping, you're not a pervert who likes this, are you?"

Hu Mazi looked at the old man and said.

"Master Hu, what nonsense are you talking about? This is my father-in-law, and he was once a cultivator in the Heaven Realm."

Chen Ping introduced the old man to Xiu Rui and Hu Mazi, and then introduced him to the old man: "Father-in-law, these two are my friends, Xiu Rui, Hu Mazi..."

"Hello everyone, I am Fox King Bai Yi." The old man said lightly.

After introducing and greeting each other, Chen Ping said to Bai Yi: "Father-in-law, can you take us to the black market?"

"Can....."

Bai Yi nodded!

"Black market? What black market? Selling women?"

When Hu Mazi heard this, he immediately became interested!

“Master Hu, two women are enough. You won’t be afraid of dying of exhaustion if there are more!”

Chapter: 8193

Chen Ping was speechless for a while.

Four people walked out of the inn and, led by Bai Yi, headed towards the black market.

“Chen Ping, when did you start playing the game of humans and beasts in the Heavenly Realm? You actually messed with the father-in-law of the beastman clan.”

Hu Mazi asked Chen Ping in a low voice.

“If you can speak, then speak well. If you can’t, then don’t speak. What is the difference between humans and animals?”

“Although they are all beastmen, they have already transformed into human bodies and are already human beings.”

“Now the whole Rhino City is full of beastmen. So, don’t you want to play with the women here?”

Chen Ping said!

“Think about it, of course I do. Even if the women here haven’t transformed into human bodies, I still want to have a taste of them...”

Hu Mazi said with a smile.

When Chen Ping heard this, he rolled his eyes and stopped chatting with Hu Mazi.

This guy dares to say anything sometimes.

Bai Yi took Chen Ping and the others around the city for more than an hour, and finally stopped at a courtyard that looked very dilapidated.

Outside this courtyard, soldiers patrolled from time to time.

The courtyard was in a dilapidated state, as if no one had lived there for a long time.

Bai Yi looked around and found that no one was paying attention, so he took Chen Ping and the others into the dilapidated courtyard.

After entering the yard, Bai Yi stretched out his right hand and gently pressed the air.

As a white light flashed, everyone felt a darkness before their eyes, and then they appeared in a huge passage.

Fortunately, Bai Yi was in front, otherwise Chen Ping and the others would definitely be scared by this sudden change.

After passing through the huge passage, the view in front of everyone soon became clear. In this area, many people were walking around, and there were also guards wearing black leather clothes and holding weapons.

Everything is for sale here, and it's bustling with people.

Not far away, on a high platform, two people were fighting desperately.

Around the ring, a group of people whose eyes had already turned red were roaring loudly. These were gamblers who had placed their bets.

At the top of this huge area, there are several houses suspended in the air, constantly shuttling back and forth, and you can see heads moving in the rooms.

Chapter: 8194

Chen Ping and the others were all very curious, and then followed Bai Yi and continued walking forward!

But when he walked in front of those guards in rough clothes, they all stood up straight and shouted to Bai Yi respectfully: "Master..."

Bai Yi nodded slightly, which made Chen Ping and the others stunned.

And after seeing Bai Yi, the people in the black market all shouted: "Master Bai Fang..."

Chen Ping walked to Bai Yi with some confusion, and then whispered: "Father-in-law, are these people familiar to you?"

"And those guards, why do they call you the lord?"

Bai Yi smiled slightly: "Because this black market is called Linghufang, and I am the owner of this black market, of course they call me Fangzhu."

"What?" Chen Ping's face was full of shock.

He never imagined that Bai Qian's father, his own father-in-law, had such a large black market in Rhino City.

Then, wouldn't I be able to rely on my father-in-law's power and do whatever I want in this black market?

Hu Mazi and Xiu Rui also hurried forward and asked the shocked Chen Ping: "Chen Ping, your father-in-law has such a great power, why didn't you tell me?"

Chen Ping was speechless for a while. What did he say?

He also just found out that he has such a father-in-law.

I just found out that my father-in-law has such a large black market.

"Come with me..."

Bai Yi said something, then jumped lightly and entered the floating room directly!

Seeing this, Chen Ping and the others also followed into the room.

After entering the room, I found that it was magnificent, and through the window of the room, I could clearly see the situation of the entire black market.

"My dear son-in-law, is my situation okay?" Bai Yi said with a slight smile.

"That's amazing. I never thought my father-in-law was so awesome. He has built such a powerful force in just a few hundred years."

Chen Ping praised Bai Yi.

But Bai Yi smiled and said, "It's just running a black market. How can it be that powerful? There are more than ten black markets of this scale in the whole Rhino City."

“Speaking of which, I am just working for those wealthy nobles. They have some things that are difficult to handle on the surface, so they leave them to us to handle.”

“In terms of power, who in the entire Rhino City can compare to the City Lord...”

Chapter: 8195

When Chen Ping heard this, he was deeply moved. This was mainly because Rhino City was too big. There were more than a dozen black markets of this size.

“Father-in-law, what about the Long family in Rhino City? I seem to have offended someone from the Long family last night.”

Chen Ping thought of Long Qi and asked.

“That Long Qi you defeated last night, don’t underestimate him because he’s showing off. The Long family isn’t very powerful. If the Long family dares to cause trouble for you, I can handle it.”

“You don’t even need to think about it. If you are really powerful, would you cheat in the competition and enter the City Lord’s Mansion?”

“The families that really have power in Rhino City don’t need to go through so much trouble. They would have sent their children to the City Lord’s Mansion long ago.”

Bai Yi said with a disdainful smile.

Chen Ping thought about it and it made sense. If a family was truly powerful, why would they bother cheating in the arena?

Just like the children of a big family in the secular world, who would follow a bunch of ordinary people to take the civil service exam and even try to cheat?

Just one phone call and a meal and your spot will be reserved, and it's a random position, almost without mentioning your name.

"So he's just pretending. Then I don't have to be afraid."

In fact, Chen Ping has always been worried about Long Qi's revenge.

After all, he was an unfamiliar place, and Hu Mazi and Xiu Rui were both human. If their identities were exposed, they would have no way of gaining a foothold in Rhino City.

"I'll protect you from now on. As long as you don't act too pretentiously and offend any big shots, nothing will happen."

"But you two human friends must not reveal your human identities, otherwise no one can protect them."

Bai Yi said to Chen Ping!

"Don't worry, father-in-law. I will make them be careful."

"I'll go to the ring and try and beat them a few times first!"

Chen Ping was ready to fight and couldn't hold back any longer.

Although Chen Ping might not be their opponent if he used his real strength, if he just relied on his physical strength and toughness, these people were just noobs in his eyes.

"Why are you trying? This is your own place. If you go up and beat everyone away, no one will come. Isn't this ruining your business?"

Bai Yi taught Chen Ping a lesson.

“Ah, so you brought me here for a fight, didn’t you?” Chen Ping asked doubtfully.

“It’s a competition, not a fight with my own family. I’ll let you get acquainted with the family first. From now on, this is my family’s property, so you should help me take care of it.”

Chapter: 8196

“I was alone before, and I was busy all day. Now that you are here, I should be able to relax a little.”

“The immortal coins and resources earned every day in the black market should be enough for you to practice.”

“I’ll take you to someone else’s black market to mess things up later, so don’t embarrass me!”

Bai Yi instructed Chen Ping!

“Father-in-law, don’t worry, I will never embarrass you.”

Chen Ping patted his chest and assured.

At this moment, Chen Ping suddenly found that his father-in-law had a bit of the feeling of the godfather of the underworld in the secular world.

Before I knew it, I had become a gangster’s son-in-law, and I was also responsible for ruining the place...

Damn, life in heaven is no different from life in the secular world.

For fame, for resources, for the sake of emotions, fighting and killing...

“Nuo Qing..”

At this time, Bai Yi shouted!

Soon, a middle-aged man in white robes appeared and said respectfully, “Master...”

“Go and arrange some people. We will go to Baohufang to mess things up. Last time, Baohu won a lot of immortal coins from us, and we need to get them back this time.”

“This is my son-in-law. He will be the second in command of the Spirit Fox Shop soon. Please meet him.”

Bai Yi said to Na Nuo Qing.

Nuo Qing glanced at Chen Ping, with a look of doubt and confusion in his eyes.

How could a guy who was at the first level of the Immortal Realm become Bai Yi’s son-in-law?

Want to become the second in command of Linghufang?

However, since Bai Yi was present, Nuo Qing could only say to Chen Ping: “I hope that you will support me in the future.”

“Okay, okay...” Chen Ping nodded repeatedly!

Nuo Qing left to gather people.

Bai Yi took Chen Ping, Hu Mazi and Xiu Rui on another tour of the black market so that Chen Ping could get familiar with it.

After Nuo Qing gathered the people, Bai Yi led everyone to leave the black market and head towards Baohufang.

Bai Yi brought Chen Ping and the others and soon arrived at Baohufang. Baohufang was also in a very secluded place with formations all around it.

Teleported into Baohufang through the formation, it seems that these black markets are the same, in the underground of Rhino City, and the entrances and exits are hidden by formations.

After entering Baohufang, Chen Ping found that the scale of Baohufang was slightly larger than Linghufang, but the facilities were not very sophisticated and looked a bit simple.

“Old White, you’re not convinced and you want to mess things up?”

At this time, a tall, muscular middle-aged man came over.

“Bao Hu, you smashed my place last time and won a lot of immortal coins and resources. This time, of course I have to smash your place again.”

Bai Yi said while looking at the violent tiger.

“No problem. You’re always welcome to destroy my place, as long as you have the ability to do so.”

“But you don’t seem to have any strong subordinates, right? And I heard that you went to the official arena to look for candidates.”

“Are you getting senile? The official competition ring is a joke now. It’s full of cheaters. Where can you find real warriors?”

Baohu sneered and looked at Bai Yi with mocking eyes.

“Bao Hu, don’t be too happy too soon. Today I will let my son-in-law meet you, the warrior of Bao Hu Fang.”

Bai Yi said coldly!

He had witnessed the strength of Chen Ping’s body last night, so he still had confidence in Chen Ping.

“My dear son-in-law? When did you have a daughter?” Bao Hu was puzzled: “I have known you for hundreds of years, and I have never seen you have a daughter.”

“My daughter is not in heaven, and my son-in-law was just brought here through the avenue.”

Bai Yi said proudly.

Chapter: 8197

After hearing this, Baohu began to look at Chen Ping, Xiu Rui and Hu Mazi, because only these three people were strangers to him.

Then Bai Yi’s good son-in-law must be among these three people.

“Which one of these three is it?” Baohu asked.

Bai Yi pointed at Chen Ping and said, “This is...”

Bao Hu was stunned for a moment, then burst into laughter: “Lao Bai, your son-in-law has only reached the first level of the Immortal Realm, and he looks extremely thin. What do you have to be proud of?”

“Don’t look down on me. Don’t think my son-in-law is skinny. He is full of muscles.”

“Just tell me if you dare to compete...”

Bai Yi snorted coldly.

“Dare, why not? I’ll just pick anyone and beat the shit out of your son-in-law.”

Baohu sneered. In his eyes, Chen Ping’s small body could be knocked away with just one slap.

“Okay, since you dare to compete.”

After Bai Yi finished speaking, he looked at Chen Ping and said, “My dear son-in-law, are you okay?”

“Father-in-law, I’m fine. I’ll see who can beat the shit out of me later.”

Chen Ping nodded affirmatively.

“Okay!” Bai Yi nodded.

The group then came to an arena, and Baohu said, “Old Bai, it’s still the same old rule, one hundred thousand immortal coins per match. If the immortal coins are not enough, then we need to use resources to make up for it.”

“No problem!” Bai Yi nodded.

When Chen Ping heard that one game would cost 100,000 immortal coins, he couldn’t help but feel the pressure increased dramatically.

You should know that in the official arena, there are only 100 fairy coins, and you will get 1,000 fairy coins after playing ten games.

Two women can be bought for 500 cents.

I didn't expect that in the black market, the first price I asked for was 100,000 immortal coins.

"Father-in-law, isn't this... isn't this a very high stake?"

Chen Ping asked in a low voice.

"Tall ass, this violent tiger won more than 100,000 immortal coins from me. You have to win a few more games so that I can get back what I lost before."

Chapter: 8198

"It would be best if I could be invincible and win back his black market directly, making this guy bankrupt."

Bai Yi has very high expectations for Chen Ping.

"Let me try!" Chen Ping was speechless!

"Old White, stop wasting time and get your son-in-law on stage."

"But I have to say something ugly in advance. Your son-in-law is too thin and weak. If he slaps to death, you can't blame me."

Baohu said with a mocking look on his face.

"It's not certain who will die yet!" Chen Ping said, and jumped onto the stage.

At this time, Baohu looked at a tall and strong guy beside him and said, "Xiaohu, go ahead and don't show any mercy. I'll give you some of the 100,000 immortal coins I won."

"Thank you, brother."

The little tiger's face was full of joy, and then he jumped onto the stage.

Chen Ping looked at the little tiger in front of him. He was over three meters tall and his fist was bigger than his head. How could a boy of this size be called a little tiger?

Compared with Xiaohu, Chen Ping looked so thin.

"Everyone, let's have a match with the Spirit Fox Shop. Anyone who wants to place a bet can do so now."

"No matter how much money is bet, I think Shirabunaga will pay it back in the end."

Baohu began to shout loudly.

All the monks who were originally in the black market came over!

After seeing Chen Ping and Xiaohu on the ring, everyone laughed.

"Master Bai Fang, is there no one left in your Linghu Fang? Why did you send such a skinny person to the stage?"

"It seems that Bai Fangzhu is not short of money. What's the point of such a huge competition?"

"I'm betting one thousand immortal coins on Baohufang, and my entire fortune..."

“I bet too, I bet too...”

Everyone was betting like crazy that Baohufang would win, and they were betting their entire fortunes on it.

After all, in this kind of sure-win situation, who wouldn't want to make more money?

“Master...” Nuo Qing whispered in Bai Yi's ear, “Too much has been bet. I'm afraid we can't afford the compensation.”

Chapter: 8199

“It doesn't matter. I trust my son-in-law.”

Bai Yi's face was calm, but there was a hint of pride on the corner of his mouth.

After all, he had witnessed Chen Ping's strength last night, and only this strong contrast in size could make the other party careless.

When Baohu saw that everyone was betting on him to win, he looked at Bai Yi with even more sarcasm.

“Old White, the competition has not started yet. If you are scared now, you only need to apologize to me, and you don't have to pay any money.”

Baohu said to Bai Yi.

“Stop the fucking nonsense and get started.”

Bai Yi said.

Baohu just waved his hand, and four light pillars rose up around the entire arena. Then these light pillars emitted rays of light one after another, and finally connected into one, covering the entire arena.

Chen Ping looked at the complicated magic circle and couldn't help laughing. The arena of Baohufang was far inferior to the official arena outside.

"For such a large place, the formation on the arena is so complicated and outdated, and full of loopholes."

Seeing this, Hu Mazi also sneered.

When Baohu heard this, he glared at Hu Mazi coldly. Of course he was unhappy that someone dared to say that his arena was broken.

However, there were not many formation masters he could find, and their strength was not very strong, so it was good enough for him to be able to set up this kind of formation on the arena.

"The magic circle is activated, and the competition begins..."

Baohu shouted loudly!

Xiao Hu looked at Chen Ping, grinned and said, "Sorry, little bastard. If I beat you, my big brother will give me some money, and I can go play with women."

After Xiaohu finished speaking, he punched Chen Ping!

The fist was bigger than Chen Ping's head, and it swooped down from the sky.

Just relying on the strength of this physical body, this punch actually made a sound of breaking through the air.

Chen Ping looked at Xiaohu's punch, motionless, with contempt in his eyes.

Seeing this guy punching, Chen Ping knew that even if he didn't move, he could still break his arm.

"Isn't this guy scared silly?"

"Standing still, isn't that courting death?"

Chapter: 8200

"If you can't beat them, you can dodge. What's the point of standing still?"

Everyone was very puzzled as to why Chen Ping stood still.

"Master..." Nuo Qing frowned slightly and called out to Bai Yi.

After all, Chen Ping is Bai Yi's son-in-law. It would be too embarrassing if he was really killed by a punch.

Bai Yi did not say anything, but looked at Chen Ping on the ring with a calm face.

boom!

Xiaohu's punch hit Chen Ping hard.

For a moment, the arena shook violently, and everyone thought that Chen Ping would definitely be crushed to death!

“ah.....”

A violent scream was heard, but the sound did not come from Chen Ping’s mouth.

It came from the little tiger’s mouth. The little tiger’s arm was covered in blood, and the huge fist was actually showing every bit of white bone.

It turned out that all of Xiaohu’s fingers were broken, and the bones had pierced through the skin and were exposed.

Chen Ping still stood there, motionless, with a sarcastic smile on his face.

“What?”

That’s why people were shocked when they saw this scene. You have to know that Xiaohu’s punch just now had a force of a thousand pounds. This was pure physical strength, without the use of any magic.

The force of a thousand pounds could smash a person into a pulp, but when it hit Chen Ping, Chen Ping was not hurt at all.

Baohu also widened his eyes, his face full of disbelief.

Even Na Nuo Qing was stunned and looked a little surprised.

Bai Yi smiled, a look of satisfaction on his face.

“Xiao Hu, what’s going on?” Bao Hu roared.

“Brother, this guy’s body is as hard as steel, I can’t beat him...”

Xiaohu said with his bloody arm hanging down, very frustrated.

“Fuck, you useless thing, you still have one hand, kill him for me, don’t give in.”

Baohu roared, this is 100,000 immortal coins.
